

Dont mess 1461

Chapter: 1461

“The rest of my life!”

Sister Dao didn't have to say anything urgently, her pupils contracted violently, and she immediately lay on the ground stiffly without any reaction.

Her visit to China this time was to find a young man named Yu Sheng, who would have died like this without a place, but by chance, he died at the hands of Yu Sheng.

The black hand organization's rampant dominance in the United States has already been blindly believed by Sister Dao that she is the most powerful existence, but she has forgotten that there are some people in this world.

The top celebrity in the United States is just to help his men get ahead, saying a cruel thing that offends people, I want to kill your whole family and die. It's really dramatic to say it.

There were still Americans watching the heat, but seeing that Yu Sheng even dared to kill even the leader of the black hand organization, and killed so completely, they were surprised that there was one person who would continue to watch. Even the personnel in the patrol room passing by the United States did not dare to stand up and arrest the rest of their lives.

When a person is strong enough, he can really solve a lot of unnecessary troubles, and who is afraid of them.

Yu Sheng cast a cold glance at several corpses on the ground, then turned around and left. These people just arrived in the U.S. had to force themselves to kill...

There was a black Bentley parked at a place not far away for the rest of his life at the agreed place. The door opened. A man with short hair and a straight suit was about 1.76 meters tall. , Not too high, but not short.

American girls passing by will always stop and take a look. Perhaps in their minds, they think that this Asian man is so beautiful, and his face is full of collagen and wants to pinch it.

The quyi in front of me looks very male, similar to the little handsome guy in the Korean drama, but Yu Sheng still recognizes that this person is a woman at a glance, very sure.

“You are Mr. Yu that Mr. Xia said! He is younger and handsome than I thought.” Qu Yi had a decent smile on his face, and two small dimples appeared when he smiled, and his voice was a little more cute. Her voice is generally neutral and cannot distinguish between male and female.

“Well, get in the car! Take me directly to the place where Magnolia is located!” Yu Sheng didn't have the intention to stay too much on a strange woman. The reason why he came to the United States was for Magnolia, so he planned to do it right away. Go directly to Bai Yulan.

“Mr. Yu, if you have been working for so long, I'll take you to the hotel to rest first! Don't worry about finding someone.” Qu Yi said with a trace of worry.

If the person in front of her is not her big boss, she doesn't bother to care so much, but she is starting to be a little curious about what a woman is like that can make the big boss so impatient to see her.

“Go find her!”

Yu Sheng's voice was a little impatient, Quyi didn't dare to say anything more, for fear that she would upset the big boss like this on the first day.

The Bentley was speechless all the way, and quickly stopped at a nice-looking single-family villa. For the rest of his life, he looked at the villa outside the window of the car and was shocked by the waves in his heart.

The villa in front of me is exactly the same as the Yu's in Qiancheng in terms of appearance and interior decoration.

The owner of the rest of his life who has reached the middle stage of the great master realm has no way of mental perception. Although the door of the villa is tightly closed, he can still clearly know that at this time, Magnolia is at home, and she has a delicate I took a small bag and put on high heels and planned to go out.

Qu Yi opened the door of the car, Yu Sheng's eyes were already staring at the villa, and he got off the car and stood there. His eyes didn't move away from the villa for a moment.

Chapter: 1462

When the door was opened, Magnolia noticed the Bentley outside without leaving the villa, wondering who had parked the car in front of his house, and then his eyes fell on Yu Sheng.

There was a moment of surprise in Magnolia's eyes, and she even thought that she had recognized the wrong person. She once dreamed of the man in front of her at midnight, but when he wanted to hug her, it would turn into stars and dots. Disappear.

It's been a long time. If he wants to find himself, maybe he won't let himself go abroad. What's more, there are so many women around him. There are countless people like Xu Qianqian, and they have had other women. My child, why would you come to find yourself in your busy schedule?

Magnolia didn't want to believe that the man in front of her was the rest of her life, but she saw it so real, not as vague as in her dream.

The two people looked at each other in this way, as if it hadn't been a long time that the old man had forgotten how to speak, but the love in their eyes proved that they loved each other deeply and were irreplaceable.

Quyi felt that she was a bit redundant for a while. Looking at Yu Sheng and Bai Yulan, who were looking at each other affectionately, she just hugged her shoulders like that, thinking in her mind what these two people were still doing, that was the name of Bai Yulan. The beauty ran over and hugged the rest of her life!

"Magnolia, long time no see!" Yu Sheng also seemed to find it strange to look at it this way, so he said something casually.

The quyi on the side wants to pat his forehead with his hands, and his boss is very anxious for EQ! Even if you don't say I miss you anymore, at least you should say something touching after seeing you again after a long time. You can't be so sloppy, right?

Magnolia gave an "um", then she retracted her gaze and brushed against Yu Sheng's shoulder, just like this, Gu Zi walked away, and she didn't want to say a word of nonsense to Yu Sheng.

There was a sneer in Qu Yi's heart. Look at the big boss, your words have provoke you. You don't say how people know that you will come to her as soon as you get off the plane. You don't say you love her. How would she know what you want!

For the rest of her life, she stood there blankly. When Magnolia came to him just now, he thought she would hug herself, and then cried bitterly in his arms, blaming him why he came to him now.

For the rest of his life, I had fantasies about how to coax her, and explained to Bai Yulan clearly the misunderstanding between him and Xu Qianqian, but he was wrong, and Bai Yulan left like this.

My heart stings inexplicably like this, Yu Sheng feels that my heart is empty, I always feel a lot less, the white magnolia has changed, and I don't care about myself as passionately as before.

Yup! She broke her heart. It's normal for her to be angry with herself now. She blames herself for only

coming to him until now. It's all her fault!

"Mr. Yu, if you don't chase, people will go far!" Quyi couldn't stand it anymore, and quickly reminded Yu Sheng in a low voice.

Only then did Yu Sheng react, and when he looked back, he saw that everyone had walked a hundred meters away, and he was about to chase after him without the ink marks.

"Yulan, I know you must still be angry with me now, but I am very Xu Qianqian. The matter is just a misunderstanding. I have never loved her. The person I have always cared about is you." Yu Sheng grabbed Bai Yu Lan explained to her with weak boneless hands.

White Magnolia freed her Yu Sheng's hand expressionlessly, and then she pulled a smile on her face, smiling coldly and distantly: "This gentleman, although I have liked you before, I even lay down my worth and pursue you. But that's just before. Now I have a life of my own, so please don't disturb me. One more thing, I already have a boyfriend. If he sees another man grab my hand, he will definitely be unhappy. I hope you will respect yourself!"

Chapter: 1463

Magnolia said that she had a boyfriend, and she also let herself be self-respect. After Yu Sheng heard these words for a long time, she could not walk out of her thoughts, but she still stubbornly took her hand and didn't want to let it go.

She has the right to pursue happiness and the freedom to be with others. This is something that the rest of her life has no way to interfere. After all, she has been away for so long.

But now it's different. I've already come. For the rest of my life, Magnolia will never be allowed to be with other men. It doesn't matter whether she is overbearing or unreasonable. It doesn't matter that Magnolia is a woman who can only belong to him. If someone moves a finger, then he can chop off his entire arm!

"I never said that I would break up with you. If you have a boyfriend, you can only have me!" Yu Sheng looked at Magnolia's beautiful eyes with no trace of impurities, and said in a strong tone.

Magnolia's heart trembled. She admitted that she loved the rest of her life enough to tolerate everything about him, but she accepted that he had children with other women, whether Xiao Shui was Yueyue, but her love was selfish.

She has no way to imagine that the wedding that she has been looking forward to for so long and has been so much-anticipated has been destroyed like this. She has no way to imagine that she will do everything possible without letting the man touch her for the rest of her life, and that the marriage with other women will not end. Circumstances have children.

All of this was like a big rock, stuck in her heart all the time, she was almost out of breath because of the blockage, and she couldn't breathe.

"If I remember that there is nothing wrong, you and Xu Qianqian are already married. You two are legal couples. How could I still be your girlfriend? Don't say it!" Bai Yulan said indifferently without a trace of emotion.

Suddenly a red Ferrari coaxed out of the intersection, and a handsome man with blond hair and blue eyes got out of the car and looked at Magnolia with fascination.

He really wanted to say something, Bai Yulan walked over and took his arm, smiled and looked at Yu Sheng and said, "Mr. Yu, this is my boyfriend. He has come to take it now. If there is anything else, let's go first."

When the handsome foreign man next to Bai Yulan heard Bai Yulan say this, he breathed in excitement,

his head nodded differently like garlic.

When the gentleman opened the car door back to the driving position, he looked back at Yu Sheng and said with a bright smile: "Brother, you are my lucky star today!"

Yu Sheng stood in the distance, watching the car disappear on the road, he was still standing there.

"Mr. Yu, or I will take you to the hotel to rest and rest!" Qu Yi said nervously. She saw everything just now, and understood that her big boss had offended that beautiful beauty. What misunderstanding exists between.

The rest of his life was still standing there without talking.

"Mr. Yu, don't blame me for talking too much. From the perspective of a bystander, I think that Miss Bai still cares about you very much. The love in her eyes when she looks at you, how could she fall in love with other men? Huh?"

I think that the man just now was Ms. Bai deliberately looking for you to piss off, Mr. Yu, you must not take it in your heart, you still have to work hard and bravely to pursue Ms. Bai, you two are very like a husband and wife. "Quyi said all the opinions in her heart.

Yu Sheng turned to look at Quyi, and said coldly: "Looking at your style, I thought you were a rigorous and steady person. I never thought of you so much."

With some grievances in Qu Yi's heart, he quickly covered his mouth with his hands. Couldn't this big boss tell that he was helping him? It's too heart-wrenching to even say this to myself.

Why didn't you understand what Quyi just said for the rest of your life? Even if she knew that Magnolia was angry with herself and said that deliberately, she still felt uncomfortable in her heart. Seeing her holding another man's arm, Yu Sheng just wanted to kill that man directly.

Magnolia, I will definitely chase you back, you can only be the woman for the rest of my life!

Chapter: 1464

"Stop, I want to go down!" The voice of Magnolia sitting in the co-pilot was cold.

"What's wrong with Magnolia, why do you want to get off at this place? Where do you want to go? I'll take you there, OK, if this place doesn't lead to the village in front, what should you do if you go down there?" Lun said.

Now she was still immersed in the joy of Magnolia's acceptance of him, and she didn't see Magnolia's face in the passenger seat very ugly, and her lips were a little pale.

"I'm sorry, I used you just now, I hope you don't get me wrong." Bai Yulan explained lightly.

Alan's face changed drastically, he stepped on the brakes abruptly, and then looked at Magnolia, his face was filled with incredulity: "You're kidding me, aren't you?"

How could you take advantage of me? I believe you must have been moved by me, and then you accepted me. Magnolia, please try it, stay with me! You will never be disappointed. "

Magnolia still shook her head, without a trace of emotion on her delicate little face: "I'm sorry, I promised you just now. I just showed it to that person. I don't like you, and I can't like you!"

During the time in the United States, there are countless people who like Magnolia, and they were even secretly photographed and posted on social platforms in the United States, saying that she is the most beautiful Chinese.

A simple photo without any processing, but it attracted countless fans in a short period of time. Many American men promoted her as a goddess, and even the director who came to the house personally invited Magnolia to star in his movie.

If an ordinary person encounters such an opportunity, it must be a great thing, but Magnolia still refuses

one by one.

Allen fell in love with Magnolia at first sight through the secretly photographed photo. He is a member of the American royal family. He is so impeccable in terms of his status and appearance.

Such a man pursued Magnolia in such a way, but Magnolia was unmoved at all, shut him away for a thousand miles, and didn't even take a second look at him.

Magnolia got off the car and turned around and left. He was really sorry for Alan this time, but he used him, but she apologized for everything she should apologize for, and hoped that he could get out of it. As soon as Magnolia got out of the car, she noticed an enchanting figure on the car behind her, with exquisite European and American makeup painted on her face. She was walking towards Magnolia in a leopard-print short skirt. Aggressive appearance.

Snapped!

Magnolia still didn't have a reaction. Who is this woman in front of her? He was slapped on the face, and the face on the side that was beaten was hot and painful.

This slap came too quickly, and Magnolia didn't even think that this strange woman would hit herself when she came up, so she didn't have time to hide.

"You stinky watch, you seduce my fiance so blatantly, you Chinese women are so shameless, do you like to post upside down? I'm going to kill you today to let you know how good I am!"

While the woman made nasty swear words, her hands unambiguously grabbed Magnolia's hair and pulled forcefully, in a posture of officially grabbing Xiaosan.

Magnolia had just received a slap, and now she was being pulled by her hair again. She frowned because of pain, and she was about to push the crazy woman away when she raised her hand.

I don't know when the coquettish woman took out a blade from behind and slashed it towards Magnolia's face.

The sharp blade passed over the delicate little face of Magnolia, and a red blood stain appeared in an instant that looked so bright and shocking.

After pulling out a trace, the w

Chapter: 1465

Magnolia desperately tried to stop it, but the strength of this woman was amazing. She restrained Magnolia's two hands with just one hand, and her other hand had the blades on Magnolia's face. The expression on his face was almost crazy.

Alan, who was in the car of the two women's war, did not know. He was still in the sadness of being rejected by Magnolia. He got out of the car until he heard Magnolia's heart-piercing cry.

"Lisa what are you doing! Stop it!"

Allen yelled loudly, looking at the blood-stained face of Magnolia lying on the ground, his heart was broken into dregs with distress.

Lisa just glanced in Alan's direction, and then there was a crazy laugh on her face, her hand was still holding the blade tightly, and she kept scratching Magnolia's face.

Allen ran over quickly, not caring that Lisa was a woman and kicked her aside with a straight face. When he wanted to lift the magnolia on the ground, his action still paused.

At this time, Magnolia fainted because of excessive stimulation, but his beautiful and impeccable face, her exquisite little face was full of red bloodstains, almost covering the entire face. , The whole face is covered with blood, like a face washed with blood.

Even though Ellen, who usually touts Magnolia as a goddess, was frightened to see her like this. Knowing

that she is in a critical condition, he still dare not reach out to help her.

“You freak woman, what did you do to it? How can you scratch her face with a blade?” Allen vented all his anger on the American woman on the ground.

This woman is not someone else, but his fiancée who has never had a family. The marriage contract between the two people is made by two families. She is the niece of Princess Elisabeth of the U.S., two people. It can be regarded as a good match.

Because of her noble figure, there are people who dared to disobey her. She has been spoiled as a princess since she was a child. She is still very satisfied with marrying a handsome and high-ranking person like Alan.

But after Ellen saw the picture of Magnolia, she was fascinated by her, and she tried every means to pursue Magnolia. It was her fiancée and Wuwu.

This made Lisa, who has always been arrogant and arrogant, unable to bear this grievance. Since Alan liked the face of that slut Magnolia, she personally ruined it. See if he likes her or not?

The experiment now has the results, and the disfigured Magnolia is attractive to Allen. Seeing how Alan was scared just now, Lisa wanted to laugh for a while.

“It’s this person who knows nothing about life and death who dares to miss my fiancé, then I will let him receive the price he deserves! I just ruined her face and killed her enough to give you face.

If you still like him, then after we get married, I can ask you to take her back as a concubine, mainly because you still want her?” Lisa questioned Allen with a smug smile on her face.

Allen glanced at the magnolia on the ground, just took a look, and quickly moved his gaze away. It was really hideous and scary. Even if the wound on his face healed in the future, it would leave dense scars.

There is no sense of beauty at all.

Such a woman, even if he liked it before, is now disfigured and staying beside him is only scared.

“You are really a poisonous woman with a snake-hearted heart. He has no grudges against you. Why are you cruel to him? Is there no guilt in your heart?” Allen asked Lisa, but his This behavior is so pale and feeble, and the reason for saying this is to prevent my conscience from being condemned.

Lisa smiled, and then reached out and held Allen’s hand pointing to his nose, and said softly: “Okay, I won’t do this again in the future, don’t I care about you too much!”

Besides, I am your real fiancée. The wife you will marry in the future, are you really going to turn your heads against me for such an ugly woman?”

Lisa deliberately bit the ugly woman’s words very hard. The reason she dared to do this was because of her identity, and she was sure that Alan would never do anything to her.

Sure enough, Allen glanced at the magnolia on the ground with some regret, then shook his head, letting Lisa take his arm.

Chapter: 1466

At this moment, Yu Sheng, who was sitting in the car back to the hotel, felt a tingling pain in his chest, frowned sword eyebrows, and felt a strong sense of uneasiness in his heart.

Qu Yi hurriedly helped Yu Sheng and asked with concern: “Mr. Yu, what’s wrong with you? Is it uncomfortable? Or I will ask the driver to take you to the hospital directly!”

Yu Sheng clapped his hands, but the pain in his chest continued. This feeling came too strong and suddenly, not because of illness but something bad.

Just like when Du Fei had an accident before, he had such an uneasy feeling for the rest of his life, but he didn’t feel so uncomfortable now, as if he was really going to lose some important person.

Who will it be? Yu Sheng couldn't make up his mind, but he still took out his mobile phone and called Aunt Huang.

The phone rang just a few times, and soon it was connected by someone over there, and Aunt Huang's voice came from the phone.

"Mr. Yu, what's the matter? I heard that you are in the United States now. Is there anything you want to explain to me?"

"How about Xiaoshui and Yueyue?" Yu Sheng asked.

When this happened, for the rest of my life, the first person to think of was Magnolia, but Magnolia left with her boyfriend, and nothing would happen to him. On the contrary, Xiaoshui and Yueyue at home are easy to come across. That's why he called Aunt Huang back and asked about it.

"I wiped Xiao Shui's body just now, and I don't think anything is right. What's wrong with Mr. Yu!"

Hearing what Aunt Huang said, the heart that Yu Sheng was holding was let go, and then hung up the phone after a couple of warnings.

Since Xiao Shui and Yue Yue at home have nothing to do, who brought that uneasy feeling in his heart? While the doctor was still struggling with this issue, the driver in front of him let out a bewilderment: "I don't know who, but he killed someone on the street. It was really scary."

Quyí doesn't care how much. It is normal for people to conflict in this place in the United States. In addition, the country allows ordinary people to be equipped with guns. When people are excited, they can kill people.

Yu Sheng's heart twitched violently when he heard this sentence, and a strong sense of anxiety flashed in his heart, and then he looked out of the car window.

A woman in a white dress was lying on the road not far away. Her face was full of blood, and there was a long and thin blood stain on her wrist. The blood was still flowing continuously, and it was so red. A ground.

"Stop! Stop!"

Yu Sheng's roaring sound shocked the driver in front of him. He didn't dare to hesitate and pulled over and stepped on the brake.

Seeing Yu Sheng's madness, Qu Yi had a bold guess in her heart. Wouldn't the woman lying on the ground be the beautiful white magnolia before?

If this is really Magnolia, Quyí thinks that she will go crazy for the rest of her life, and she will really go crazy. From her eyes, she can tell that the big boss loves Magnolia deeply, and this time she came to the United States for her.

If people die like this, then her big boss will really go mad, but if she doesn't die, the dense scars on her face must not be able to recover. I don't know who is so cruel, right. Such a cruel hand under a beautiful woman.

This kind of thing is definitely done by women, and only jealous women can do such things.

At this moment Yu Sheng had already come to Bai Yulan's side, he was not afraid because of the blood-filled face of Bai Yulan, and directly picked her up from the ground and sealed the meridian on her wrist with internal force, which played a role in forcibly stopping the bleeding. Effect.

Holding her in the car, Yu Sheng yelled at the driver in front of him: "Why are you still stunned? Drive quickly! Go back to the hotel, hurry back to the hotel!"

Quyí wisely sat down in the position of the co-pilot, and she turned her head to see Bai Yulan's somewhat hideous face, because she was afraid that she turned her head to the side.

I can't describe how serious Magnolia's situation is now. It is obvious that she is only a tiny bit away

from death.

“Mr. Yu, Miss Bai has suffered such a serious injury, so let’s take him to the hospital first. If we take him to the hotel...”

Qu Yi didn’t dare to continue speaking, she couldn’t say it directly, if she went to the hotel, it was very likely that Miss Bai would die.

Yu Sheng glanced at Qu Yi coldly, and then said firmly to the driver: “Go to the hotel!”

Chapter: 1467

“Sorry, you can’t go in!”

The security guard outside the hotel directly stopped Yu Sheng and said that he would not let them in. The reason was naturally because of the white Magnolia in Yu Sheng’s arms, she was like a bloody person, and she looked like she was about to die.

Naturally, big hotels will not let people die in their hotels, so that the reputation of the hotel will be affected, and if the message goes out, others will not dare to come.

“Mr. Yu or else let’s take Miss Bai to the hospital first! If you drag it down like this, it won’t be a good thing for Miss Bai.” Qu Yi tried to persuade her to change Yu Sheng’s behavior.

She didn’t understand this big boss who suddenly arrived. She only knew that the reason why the big boss came to the United States this time was to find Magnolia, but isn’t his current behavior driving the woman in his arms to death? ?

Yu Sheng didn’t care about him, but spread the aura of his great master, the invisible pressure, so that two ordinary security guards did not dare to take a step forward, Yu Sheng just walked in unimpededly holding the white magnolia.

When he arrived in the hotel room, Yu Sheng put the white magnolia on the big bed and began to try his best to save the white magnolia.

The cancer can be cured with the skill of the rest of his life. How can he be embarrassed by this situation now? It’s just that the person who happened this kind of thing was Magnolia, which gave him no way to calm down.

Who on earth had put such a heavy hand on Magnolia and left her there like this and let her fend for herself? The rest of her life didn’t know, but she could only wait for Magnolia to wake up.

.....

“You are awake, there is something uncomfortable, do you want me to see it for you?” Yu Sheng saw that Magnolia was awake, a touch of excitement passed across her face.

Magnolia didn’t care for the rest of her life, and she touched her face with her hands. Her face was wrapped in gauze, but she could still feel a slight pain. This pain told her that those things had happened before. It’s not a nightmare.

Her face was really scratched by someone with a razor blade. She is now disfigured. Every woman cares about her face, and the same goes for Magnolia.

“Mirror? There is a mirror there, I want a mirror!” Bai Yulan’s gaze searched around until it fell to the bathroom not far away.

Magnolia was struggling to get up, but she was pulled by Yu Sheng and pushed her back on the bed, hugging her.

“Don’t worry! There will be nothing wrong with me. Who on earth hurt you like this, the man before? Was it him?” Yu Sheng held Magnolia in his heart and felt distressed. He really wanted to know who caused her to be like this.

After so long, she was inexplicably at ease again, and she didn't lose her mind as before. Thinking back to her own experience, Magnolia could also guess that after she was disfigured, the Allen who had been pursuing herself abandoned herself like this. She pursued herself so frantically, and was completely abandoned just because of her disfigurement. Even if Magnolia didn't like Ellen, she was still extremely sad for his cold-blooded and ruthless approach. The reason why she disfigured was because of Ellen. Fiancee Lisa. "For the rest of my life, if my face is ruined, would you still like me? Would you still want such an ugly monster to marry you?" Magnolia looked at Yu Sheng, desperately wanting to see something in his eyes, but was afraid that he would say something heartbreaking, she struggled in her heart... "Whether you are beautiful or ugly, the eldest lady of the Bai family or an ordinary person, the only thing I love is yours, and I don't care about anything else!" Yu Sheng's words are generous and powerful, these words are all it is the most true thought in his heart!

Chapter: 1468

Seeing Yu Sheng being so serious, Bai Yulan had no reason to believe that the man in front of her was the man she had loved so much now. Because he is a unique and irreplaceable man, who can pull her out of such a big family and give her happiness, thinking that he is a dedicated and affectionate man. These are all Magnolia's positioning in her heart for Yu Sheng, but since the incident of Xu Qianqian, her previous cognitions have all been broken and shattered. I thought I would never meet Yu Sheng again in my entire life, because I could walk out of his shadow and live a new life, but I still miss him, read him, and secretly inquire about his messages. But now that he really waited for him to come, Magnolia was so worried about what happened on their wedding day, and there was no way to accept him. Until her face was ruined, she was no longer the glamorous and inconceivable white magnolia, and an ugly woman who was ruined and scared to be scared to approach at the first glance, even though she was willing to stay for the rest of her life. By his side, his sincerity can be seen. Magnolia was really moved, and her memories of her before had slowly disappeared. After all of this was put aside, he carefully measured the man in front of her. Looking at his bloodshot eyes, his face was already slightly haggard, he must have had no rest all night, and no food, so he became like this. He was worried about himself and worried about his safety. Thinking of these Magnolia's noses being sore, she couldn't help covering her mouth with her hands, but what she touched was the touch of gauze. Holding the rest of her life in her arms, Magnolia cried bitterly, as if she was releasing the grievances of misfortune, but it was more like being happy with her long-lost lover. These two complex emotions were constantly mingled in her heart. . "Do you know? Do you know how much I care about you? I am in the U.S. but every day I dream about you being able to come to me in person, but I can't wait and wait. I almost feel that you almost forgot about me. There are so many women around you, and each one is so beautiful. Why would you care about a little me? I'm so scared but I miss you so much, and I hate you for Xu Qianqian's affairs. I'm sorry, I'm sorry, I left you out of the cold, and for the rest of my life I just want to be by your side, and never want to leave you again, can you not abandon me? "

Magnolia lay on Yu Sheng's shoulders, crying and telling her grievances, tears soaked the gauze on her face, there was so much pain from the wound, but she didn't care at all, she was so tight. Hold the rest of his life tightly.

Yu Sheng's eyes were also a little sore, and his heart seemed to be held tightly by an invisible big hand. It was uncomfortable and uncomfortable. What a bastard he was that made Magnolia suffer so much grievance.

How shouldn't he, let her come to this place alone, and didn't protect her well, almost let her die.

Yu Sheng had also thought about looking for Magnolia for the first time, but there were so many things that happened at that time, one after another, one after another, he was like a spinning top, no one.

There is a break of time.

Now that Xiao Shui was unconscious by Xu Qianqian's use of sorcery, he really didn't have a clue to solve it, and Yu Sheng had to slow down this piece beforehand before thinking about finding Magnolia.

"No matter what you look like in the future, I will never abandon it. You will be the only woman for the rest of my life. When I resolve your matter, shall we return to China?"

Xu Qianqian's sorcery is in a coma in the water, maybe he will be better when he hears your voice!

"After speaking, Yu Sheng sighed slightly.

Magnolia stopped crying immediately when she heard what happened to Xiao Shui. She looked at Yu Sheng and asked in disbelief, "Why is Xiao Shui unconscious? You will be able to cure him if you are so powerful, right?"

Yu Sheng shook his head slightly, once a decisive person, but now so lonely, he was so helpless about one thing for the first time.

Chapter: 1469

"Why is that Chinese woman still dead? I remember slashing her wrist when I left?"

Lisa depressed the cigarette she was smoking in her hand, pressed it in the ashtray, and then sighed and said, "Forget it! It doesn't matter if she doesn't care about me now, anyway, the woman's face is marked by me. In that way, even if there is no death, she will be an ugly woman who has no way to go out in the future. Such a woman Alan will never take a second look.

For the dance party three days later, you must prepare it for me. Don't make any mistakes. I will use the ball to force Alan to put his wedding and me on the day."

After explaining everything, Lisa hung up the phone and sat at the computer desk, looking at the slightly blurred photo on the computer screen, but the woman in the photo was shocked, and any woman who saw her beauty would be self-conscious. Ashamed, even different kinds of people have the same perception of beauty.

The comments and reposting of the following posts have reached an astonishing number, and the popularity is still standing at the top of the list after such a long time.

The comments below are all compliments to the heroine in the photo, as well as saying that she is her own goddess.

Lisa still remembered reading this post a few days ago, and when he commented, he was so angry that he was about to explode. He couldn't wait to tear the photo into dregs, and now she has done it!

.....

At the dance party like a fairy tale and wonderland, everyone is dressed up in costumes, extremely gorgeous and beautiful.

Lisa wore a specially tailored dress and walked noble steps, and her ears were full of praise for her, her

mouth still had a faint smile, and she seemed to be very satisfied with the effect.

Alan looked at such a beautiful and noble Lisa and was slightly moved, but then he thought of Magnolia, thinking that if his goddess is not disfigured, she would be a million times better than Lisa in a beautiful costume. Times.

Unknowingly, the dance party began, and everyone was looking for their dance partner. Alan was very suitable to come to Lisa and invite her to dance together.

It seems that all the progress of this is in Lisa's control. As soon as the prom is over, she will officially mention the wedding of the two to Alan. In front of so many people, it must be difficult for him to refuse.

Dim lights flashed in the castle, and the sound of the elegant piano was endless. Everyone was immersed in their own dance. At this moment, the door of the castle was suddenly opened.

A man and a woman came in. The man's dress was extremely simple, which was very different from those who attended the prom, but the appearance of the woman next to her quickly summarized the man's limelight, although the woman was wearing a face. Ju, but her appearance has undoubtedly become the focus of the audience.

Suddenly by so many people, the woman unnaturally squeezed the man's hand and leaned against her. The visitor is not someone else, it is Magnolia and Yu Sheng. Of course, the purpose of this visit is naturally to seek revenge!

"Magnolia? She came back to me?" A frightened face flashed across Allen's face and his mouth murmured. If he really sent Magnolia to the hospital that day, maybe she wouldn't be so scared now, just put it. Left there, with a guilty conscience, now there will be an expression of horror on his face. Although Alan was a little guilty, he still couldn't control his lap and wanted to apologize to Magnolia, hoping to get her forgiveness.

His behavior was clearly seen by Lisa and directly caught him, and he reminded him in a low voice, "Have you seen the man with him? That's the one he likes!"

Besides, I am your fiancée. I ruined his face. There is nothing different from your ruined face. Now it is obvious that the two of them are here to seek revenge. You used to be different from hunting for death. Don't you?"

Said that finally Lisa raised her eyelids, glanced at the masked Magnolia, and continued to question Allen: "Don't forget, she is an ugly monster now, her face is covered with ugly centipedes. In case you get close, she suddenly removes the mask and you will be stunned!"

Hearing these words, Allen remembered what happened that day. Magnolia had blood on her face and the depth of the incision was very deep. Even if she was admitted to the hospital, she would definitely leave scars on her face, not to mention that it was only now. In three days, the scars with red scabs on the wounds must have been more shocking.

Allen honestly returned to Lisa's side and clenched her hand.

Chapter: 1470

"How did you get into this place? Are you civilians from Huaxia worthy to come in? Come, come, kick me out of these two people!" Lisa shouted loudly.

But after waiting for a while, no one came in. Lisa was completely blinded this time and didn't know why she didn't know why she suddenly didn't follow her orders and didn't come.

"Stop screaming, everyone outside is asleep, and you won't be able to take care of you if your throat breaks." Yu Sheng reminded him that he was a little annoyed by Lisa's screams over and over again.

“Who are you? Why do you want to stand up for this ugly woman? Besides, do you know who the American royal family is? I can kill you with my fingers!”

Can't call the guards, Lisa is still in the top look, not even aware of the danger coming.

“Did you scratch her face? And her wrist injury, how did she offend you? You want to kill her?” Yu Sheng shook Magnolia's hand and stared at Lisa without any emotion. road.

Lisa snorted disdainfully, thinking that the appearance of these two people was here to make trouble. To dare to find a ugly candidate for the royal family of the United States is simply reckless.

“Yes, I cut it out with a single knife. I could find someone else to do it, but I just wanted to destroy that woman's face with my own hands and experience the feeling of ruining a person with my own hands.”

Lisa smiled like a bad guy who succeeded in a conspiracy, and the people around saw him like that and they couldn't help stepping back a few steps.

Lisa also noticed their reaction, and then cleared her throat and explained: “This woman seduced my fiance with an alluring face and asked my fiance to buy her a car and a house, and also played with his feelings. Everyone, judge, do you think such a woman should die?”

The image of Magnolia was described by Lisa's jealousy. It was Allen's desperate pursuit of Magnolia to her mouth and became Magnolia's very scheming to seduce married women.

Suddenly, Magnolia was criticized by so many people, and even Allen acquiesced to Lisa's approach and did not have any explanation.

All this was seen in Yu Sheng's eyes, and he said like Magnolia next to him: “You didn't let me do it when you came, have you seen it now? These people's hateful faces, they deserve to be punished. ”

Magnolia also nodded and agreed with what Yu Sheng said. After all, it was his idea. It was too simple and delusional that the people who harmed her should not be punished so severely. Now she is wrong, and the psychology of those people is better than she thought. Also dark.

In this case, everything obeyed Yu Sheng's arrangements. She only had to be a little woman and snuggle next to him.

Soon those nobles were on the same line, pointing to Yu Sheng and Magnolia clamoring for them to get out.

Upon seeing this, Lisa showed a satisfied smile on her face, and she couldn't help but slander. This Chinese woman didn't know where to find a man to dare to think about seeking revenge. It was just too ridiculous.

This scene now reminds Yu Sheng of the time he helped Li Xingyun, and he went directly to the door to seek revenge as he does now. The method is simple and rude, but it is also the most useful.

After all, Li Xingyun was just an outsider in Yu Sheng's heart, and Magnolia was a woman he truly loved and wanted to protect for a lifetime. How could she be the slightest wronged?

“Shut up!”

Yu Sheng yelled angrily, and the nobles who were present under his aura like a rainbow also closed their mouths. They didn't understand why they were so obedient, but instinctively didn't dare to speak any more.

Really when they are still wondering, why are they so obedient? This scene appeared before his eyes, completely surprised and shocked their three views.

Yu Sheng just raised his hand, Lisa and Allen seemed to have an invisible towing rope around their necks, generally pulling them in the direction of Yu Sheng, pulling them to Yu Sheng, letting him pinch their neck.
