

Dont mess 1491

Chapter: 1491

Although she was out of the villa, Xu Jingjing's mind still looked like the rest of her life. She didn't realize that someone was following her behind her. Suddenly someone said something like this, which really shocked her.

Turning around in a panic, he found out that it was the annoying guy: "What are you talking nonsense? Why are you following me? Do you know that this kind of trailing like you is so annoying! Why do you want to retaliate against me?"

Jia Ming pretended to dig out his ears with his fingers, and looked at Xu Jingjing randomly, "What's the matter? I was so embarrassed and angry that I was poking at the center of the matter. You can tell that my master's eyes are a fool, okay!"

Xu Jingjing's face was blushing, her teeth were bitten tightly and angrily replied: "Then what you mean by saying this is to prove that you are a fool?"

"You!" The smile on Jia Ming's face disappeared and he straightened up and pointed at Xu Jingjing. How could the woman in front of him look more and more eager!

"Little girl, you are stubborn with me here, but it doesn't make any sense. Just take your little thoughts and accept it. If your mother sees it, you will be ashamed of you!"

The daughter of a nanny is so embarrassed to like my master. As the two of you, one in the sky and one on the ground, is it possible that you still want a pheasant to fly on a branch and become a phoenix? "Can't hit people, Jia Ming doesn't want this to be the case. His mouth is touting people, and it is not vague to harm people in a set.

After hearing what Jia Ming said, Xu Jingjing's expression turned into a pig liver color, her small fists were also tightly clenched together, and her nails were almost sinking in.

She hid in her heart, her deepest secret is now being taken out and trampled on the ground severely. She also said that she was a pheasant idiot who talked about dreams, and Xu Jingjing, who had clearly wanted to open it, was heartbroken for a while.

Jia Mingguang looked at Xu Jingjing's expression and knew that this stinky girl must be uncomfortable. Then he achieved his goal, and Jia Ming pursued it by victory and said: "Clarify your position. Not everyone can be worthy of my master, you Not even a single strand of hair from Fairy Sister." Sprinkle salt on the wound, is that it?

Xu Jingjing's blood flowed down from her palm. It was caused by the nail piercing the skin. She took a deep breath and said angrily:

"Yes, what's wrong with me as the nanny's daughter? My birth is not something I can choose. Besides, is it wrong for me to like someone? I didn't hinder his life, and I didn't undermine his relationship with others. What's wrong with you?"

Not everyone is a rich second generation, not everyone is born superior, but those who are not superior have the right to like others?

I really don't have a beautiful Magnolia, but God gave her everything, don't blame it, you can only blame God for being unfair, but I also want to say that you are not worthy of being put together for the rest of your life. compared to! "

After saying these words, Xu Jingjing directly turned and left, but Jia Ming was left in a daze, and Xu Jingjing's last words did hit him.

"The dead girl's mouth is very poisonous! When you find a chance, I will definitely clean up and clean up

you.”

The reason why Jia Ming dared to treat Xu Jingjing like this was because he knew that she was just the daughter of a nanny, and she had nothing to do with Yu Sheng. If there was no money, she dared to throw him away, and said nothing could be done.

Xu Jingjing is gone, and Jia Ming has nothing else to do. When planning to turn around and return to the villa, he found that there were a few drops of blood in the place where Xu Jingjing had stayed before. Reminiscent of her previous appearance, Jia Ming’s heart turned out for a while. A little moved, and inexplicably began to pity the girl.

Maybe it is a painful thing to fall in love with a very good man!

Chapter: 1492

America.

“I shouldn’t have bothered you to practice in retreat, Dahu Country, but this matter is related to the face of my American royal family. Let a 20-year-old boy from China kill the American royal family. Wouldn’t it be embarrassing if things spread to other countries!

I also ask you to leave the customs and rush to China, this matter is my responsibility to protect the country! “A man wearing a golden garb and gray hair with a crown warned. His attitude is not a lofty posture, and he is like talking to his brother, obviously respecting that person.

Sitting next to the king of the United States is an old man in a black robe. He is holding a scepter made of skulls in his hand. The slightly bent waist allows the black robe to cover his face, making it difficult to see what he looks like.

But when he sits there, he gives people a different kind of temperament, just like the god of death in the movie, people dare not get close.

The old man did not directly agree to the king’s request, but slowly said: “This matter is not as simple as you think. I was bewildered by a spiritual phantom he had made.

At the age of more than 20 years old, there are definitely more powerful people behind it. China is a mysterious ancient country. The masters hidden in it are unknown and powerful. The price of going rashly is likely to be death!”

When the king heard what Da Huguo said, no matter how stable he was, he was still annoyed and anxious, saying that it was someone else who was dead, and the secret killing of this matter can also be covered, but that Chinese kid There is no way to conceal this scandal if you have to kill people at the banquet and make many people feel like it.

As soon as the incident ended, it spread in the United States the next day. In a society where the Internet is developed, each person has a mobile computer with high-tech equipment. The American royal family is a figure that others value. This happened. , Fry the pan directly, and the American royal family followed them to shame.

“I still believe in your strength, Da Huguo. You will surely bring the young man back. I really don’t understand what is terrible about the Huaxia people!” The king was still unwilling to continue his request. Therefore, I hope that Dahuguo can make a move.

The black-robed old man sighed helplessly. He also understood that this matter was indeed a big mess, and he couldn’t suppress it by trying his best. After all, the two royal members who died were too terrifying to die.

A small Chinese man ran to the U.S., killed the royal family members, and then went back casually, which really made the U.S. royal family’s face uncontrollable.

“Well then! I will do my best. If I just deal with that young man, it will definitely be no problem, but if I meet other Chinese mysterious masters, it will be hard to say!”

Hearing Da Huguo’s promise, the king’s frowning eyebrows unfolded, and he automatically ignored the words behind him. He still believes very much in his ability to protect the country. Who can’t deal with the fourth-order immortal? Isn’t it easy to kill a young man?

.....

“Looking at this photo, the things you did in the U.S. have spread. You don’t know that you are now a public enemy of the U.S. people!” Bai Yulan held the phone and showed it to Yu Sheng. The photo of is exactly the picture of him shooting Lisa and Belém at the dinner party.

“No, this kind of photo can be spread. Isn’t the American royal family eating plain rice? Isn’t this shameful?” Yu Shengfeng looked at the photo calmly, hurting Magnolia’s person. He should pay the price he deserves, and he doesn’t care what those people say about him or how they evaluate him.

“There is no way. This social network is too developed. This post was deleted when it was posted, but it was also seen by many people. Some people stored it and reposted it, even if the U.S. royal family wanted to delete it. But come!

The reason why I showed you this picture is that I am afraid that those people will come to retaliate against you, so it’s better to be careful!” Magnolia said worriedly.

Yu Sheng nodded, his eyes still staying on the photo, recalling what happened that day and the strong man who later dared to come up with it, which made his heart follow.

Chapter: 1493

Life was so plain. Since Magnolia came back, Yu Sheng’s face has smiled a lot, and occasionally thought of Xiao Shui’s face with a little helplessness.

Of course, in addition to the white magnolia, there is also Jia Ming, which is a lively pistachio. After getting familiar with it, I discovered that this guy is not only a good monkey, but also a special atmosphere.

For the rest of her life, she didn’t like spending time with this guy. The main reason was that she didn’t like him calling her master. Magnolia didn’t like Jia Ming at first, but she was amused by this guy’s humor.

Du Fei also regarded Jia Ming as his younger brother. The two called him brothers, and he also had a face in front of Du Fei’s helper.

As for the relationship between Xu Jingjing and Jia Ming, they can’t see their heads down, but they are very stiff. Magnolia has tried to mediate from it, but they are of no use.

After getting along for a period of time, this Jia Ming has many shortcomings and faults, but he is pretty good. The rest of his life has watched him for so long, and he wanted to teach him himself, so he wrote a book of his own views on martial arts. The book on the methods of practicing internal power was given to Jia Ming.

Of course, this book was not written specifically for Jia Ming, but Du Fei said at the time that he wanted to practice martial arts, and it took a little time for the rest of his life to do it. Now Du Fei doesn’t mention it, so this book is cheap to Jia. It’s clear.

Xu Jingjing also slowly began to integrate into her life for the rest of her life, and in the image of a lively sister, she mainly got along with Magnolia. The two became good friends with a fairly good relationship. They went shopping together to buy clothes and cosmetics. Inseparable.

Unknowingly, Yueyue was about to celebrate his two-year-old birthday. Although Xiaoyueyue’s face was

childish, and she looked meaty and cute, she could still see that she was a little beauty embryo. Celebrating his daughter's birthday is naturally willing to work hard for the rest of his life. Even if Yueyue's mother Xu Qianqian has done many bad things, it has nothing to do with the child. Xiao Yueyue wore a little princess dress that Yu Sheng specially customized for her. It looked so cute, like an exquisite doll.

The little guy walks very neatly, can run and jump, but he likes to rely on Jia Ming. For the rest of his life, I don't know what kind of drugs this Jia Ming has given her daughter. He actually compares him as a dad. Now, although I feel a little jealous, but seeing my daughter happy, then everything is worth it!

At the birthday party, there were not many people invited for the rest of my life, but people who were familiar with each other in the past. Everyone celebrated Yueyue's birthday together, and the purpose was naturally to make Yueyue happy.

Early the next morning.

After Yu Sheng finished breakfast, she took Yueyue into the car, which made Magnolia a little curious.

After asking about the reasons, she struggled for a while and got into the car.

The car had been driving for a long time, about an hour, and there were no people talking on the road. Yueyue was watching cartoons with her tablet computer, and the car was full of the sound of her cartoons.

It didn't stop until the car reached the cemetery. For the rest of her life, the three people who bought the flowers and papers, Bai Yulan took Yueyue's hand and walked towards the cemetery on the mountain.

"Dad, are you going to take Yueyue?" Yueyue was a little tired from walking, and asked Magnolia to hold her. It was obvious that she was still a little unhappy, probably thinking that there were no finished cartoons.

"Take you to see your mother!" Yu Sheng said in a light tone.

In fact, Yu Sheng could not tell Yueyue about her mother Xu Qianqian's death, but this kind of thing cannot be concealed. If you choose to conceal it, the child will be older and rebellious. He will investigate and find out at that time. Her mother was killed by her father, which was a serious blow to her growth and soul.

Magnolia's eyes faded when she heard Yu Sheng's words. Even though Xu Qianqian was dead, she was still stuck in her heart like a thorn, and she felt a little uncomfortable when she thought of it.

A short mountain trail quickly came to Xu Qianqian's tombstone!

Chapter: 1494

The scenery of the cemetery is good, and those who can buy a tombstone here for the deceased relatives are also rich people. The burial of Xu Qianqian here can be regarded as a last touch of face for her.

Because it is not Ching Ming Festival, there are not many people who come to worship. There will be twos and threes and they will leave after a while. How good the scenery is. This place is also a little gloomy in the cemetery. Yueyue hid in Bai Yulan's arms in fear. Shrank into a ball.

"Yueyue is still so young, isn't it okay to bring her to this place?" Bai Magnolia touched Yueyue's head as if she was soothing. Although she didn't like Yueyue in her arms very much, she didn't really hate it. She couldn't figure out the child's act of taking the cemetery.

It's true that bringing a two-year-old child here is a bit wrong, it will be entangled in dirty things, but who is the rest of his life, how can he let those dirty things scare his daughter, his aura is full, and those

wandering souls are instantly To be honest, all the gloomy feelings before have disappeared, and Xiao Yueyue also realized afterwards that his head was not as scared as before.

“No matter how much Xu Qianqian is also Yueyue’s biological mother, her only thought in the world is to show her her daughter’s second birthday, which is a relief to her.”

The reason for coming is also because Xu Qianqian dreamed of her daughter at night. Yueyue was still young and didn’t know what was going on. She woke up in the middle of the night and told Yu Sheng to tell Yu Sheng that she knew.

Xu Qianqian’s tombstone is very clean. It says that Xu’s father and daughter Xu Qianqian, but she was never the wife of the rest of her life, and she was unwilling to give such a scheming and vicious woman a name for the rest of her life.

The black and white photo above is the photo on Xu Qianqian’s student ID when she was in college. She smiled very brightly and looked so fresh and refined, and she looked like a pretty lady.

The reason for choosing this photo is that Yu Sheng thinks that she is the best she is in this period.

“Mom, don’t worry, Yueyue is having a good time. Everyone loves me a lot. I am the little princess in this family. Dad said that he would take me to see you every Chinese New Year, so don’t miss me. I...I will be scared.”

Yueyue’s fleshy face on her knees in front of the tombstone was indeed serious when she said this, because she was a little vague when she was young, but she could still hear the meaning.

What can’t be said is Yueyue and cleverness, which is very similar to Xu Qianqian, who taught her correct values since childhood and used her cleverness where it should be used.

After the worship, it was already afternoon, and I sent Yueyue home. For the rest of my life, I went to the Four Seas Group with Magnolia.

.....

“Do you know someone called Yu Sheng?”

Seeing the old man in the weird black robe in front of him, Xu Jingjing stepped back two steps subconsciously with some fear. What he didn’t know was he was acting like this!

With the lesson of Jia Ming last time, Xu Jingjing didn’t tell lies anymore, and nodded.

“I can feel his breath in you, you and him must know each other, take me to find him!”

The tone of the old man’s speech cannot distinguish between men and women, but it gives people a gloomy feeling and makes people want to get away. Without knowing the purpose of this person looking for Brother Yu, she Duan Ran can’t take him there. See Brother Yu’s.

After work, Xu Jingjing just came out to buy a cup of coffee. Although there is a coffee machine in the company, she came out for the purpose of relaxing. She did not meet this weird person when she thought of it.

“Do you have anything to do with him? If there is anything, I can bring it for you!” Xu Jingjing looked at the old man with alert.

The old man seemed to be impatient. With a wave of his sleeves, Xu Jingjing’s vigilant eyes instantly became dull, and a few words came out mechanically in her mouth: “I will take you to find the rest of my life.”

Chapter: 1495

Xu Jingjing, the sister of the chairman of the Four Seas Group, is known to everyone who has been passed on to the company. Many people suddenly saw her watching a strangely dressed person enter the company, and the security guards were too embarrassed to stop saying anything.

Along the way, many people attracted a lot of onlookers. Xu Jingjing, as if she hadn't seen it, took the black-robed old man directly to the chairman's office on the top floor.

"That's it."

Xu Jingjing was very respectful to the black-robed old man. After the old man nodded, her loose eyes regained their light, and she glanced at where she was, her face full of incredible.

"What's going on, why did you join the Four Seas Group?"

The old man didn't care about Xu Jingjing, but directly opened the door of the office. During this period, he had been concealing his breath, and it was impossible for the rest of his life to find out and escape in advance.

The door of the office opened, and Yu Sheng looked up and realized that he was an old man in a black robe. This was not the first time he had seen this kind of dress. The old man Qi who raised Gu worms was also in a black robe.

There is an essential difference between the two. Both the temperament and the pressure on Yu Sheng are different, and the light aura of the old man in front of him can't breathe for the rest of his life.

"You are the rest of your life!"

The old man's voice was sonorous and powerful, and a powerful and shadowless internal force fluctuation stunned Yu Sheng. Yu Sheng subconsciously awakened Xiao Ningyu, and Xiao Ningyu was better at defending against attacks of this kind of spiritual level.

boom!

Even though Xiao Ningyu's powerful deterrent force still caused a lot of damage to the rest of his life, it felt like the soul was about to be shaken out.

Looking at Xu Qianqian behind him, although he was not the target of the old man's attack, he was immediately stunned by the sound.

"Cough cough cough!" Yu Sheng clutched his chest and coughed a few times. At this moment, he looked at the old man in front of him in shock for a long time and could not speak.

This has exceeded Yu Sheng's cognition. The person here is too powerful, so powerful that Yu Sheng feels like an ant in front of him, and he can be crushed to death directly by raising his hand.

He has reached the middle stage of the great master, and for the rest of his life, he has practiced the techniques on the Nine Profound Heaven Scriptures. Later, Xiao Ningyu's purification of his internal strength, even if he is now allowed to deal with a great master of the later stage. The power of World War I.

But facing the old man in front of him, for the rest of his life, he could do nothing but wait for death, and he didn't even have the possibility of escape.

Yu Sheng didn't know when he provoked such a powerful person, but Yu Sheng didn't shrink from the words of the old man.

"I'm the rest of my life, don't you know what the seniors are looking for me?"

The old man didn't expect Yu Sheng to admit it so easily. Although he was a little surprised, he didn't feel too much.

"You dare to kill people from the royal family of the United States. You really think you can be invincible if you have a little ability! You have to pay for your arrogance!"

The old man said word by word, and then he lifted the hat on his head, revealing an Asian face. His short stature and lean face were covered with dense wrinkles.

"See clearly, I killed you. Don't go underground and don't know how to complain."

For the rest of his life, he didn't speak, and he watched quietly. He now understands that this old

predecessor was sent by the U.S. royal family to solve him.

Listening to his standard Chinese language, Yu Sheng could be sure that the old man in front of him was a Chinese, and he didn't know what would serve the American royal family for the rest of his life.

Anyway, it was a death.

Yu Sheng clearly remembered that the people who were about to rush over at the banquet that day were only the strength of the great master, and it was absolutely impossible to be so powerful. He didn't think that he thought things too simple.

"Senior, I know that my actions really disgraced the American royal family, but those two people are indeed the ones to be killed. They almost killed my fiancée. I did it. I hope Senior Because we are both Chinese, give me a chance!"

Yu Sheng also knew that his current posture of begging for someone was very low, and he looked very spineless, but all of this was not so important before being alive.

Xiao Shui is still waiting for him to find a way to wake up. Yueyue Bai Magnolia are all people he can't let go, so he wants to live for the rest of his life.

"Only your head can quell this incident. There is no use begging for mercy, I will kill you!" The old man's momentum rose after saying this, it was obvious that he was going to make a move.

Yu Sheng was shocked, he didn't have the ability to connect the next palm to such a strong man, even if he didn't want to die, his heart sank for the most part!

Chapter: 1496

I don't know when Xu Jingjing had already woke up from a coma. She immediately became anxious when she saw that the old man was about to attack Yu Sheng. She quickly got up from the ground and rushed towards the old man.

At this moment, she didn't care how powerful the old man was. She just wanted to prevent the rest of her life from being harmed. That was the only light of her elder brother in her mind.

The old man seemed to have noticed it a long time ago, and he avoided Xu Jingjing on one side of his body. His muddy eyes narrowed and looked at Xu Jingjing as if looking at a dead person.

Even Yu Sheng had no idea that Xu Jingjing would rush over at this time. She was just an ordinary person with a mortal fetus, and she was still so close to the old man. What's the difference between seeking death?

Yu Sheng was anxious and yelled at Xu Jingjing: "Xu Jingjing, you go quickly, this person is very strong, you will die here again!"

He wanted to step forward, but his legs seemed to be out of control. He looked down and saw that there was a layer of black air entwining her feet from under the ground so that he could not move. You don't have to think about it and know that it was the powerful old man. of.

"I won't leave. I brought this person here to Brother Yu. I killed you. I'm sorry. As long as I'm here, I will never allow him to hurt you!" Xu Jingjing was afraid to look. The old man, but the tone of her words was extremely firm.

"You're just an ordinary person, hurry and leave!" Blue veins burst on Yu Sheng's anxious forehead, how much he hopes Xu Jingjing is still unconscious, and does not want her to be helped by a weak little girl. The old man looked at the scene in front of him with a joking expression, and then a sneer appeared at the corner of his mouth.

boom!

Yu Sheng just watched Xu Jingjing pass through her eyes, broke the window, and fell from the top floor

of the Four Seas Group.

“Do not!”

Yu Sheng shouted that he wanted to pick up Xu Jingjing, but his body couldn't move and his legs seemed to be on the ground. Watching Xu Jingjing fall like this, Yu Sheng's heart also sank.

This is a fifty-story commercial building, what would it look like if you fell to the ground, I didn't dare to continue thinking about it for the rest of my life. Life is absolutely impossible.

“If you have any ability to attack me, why do you want to attack those innocent people? What did they do wrong?” Yu Sheng's eyes were scarlet, and his voice was filled with suppressed anger.

“She died because of you!” Facing Yu Sheng's anger, the old man's face was flat, and he slapped Yu Sheng again without further delay.

The overwhelming aura even the walls want to burst open, and for the rest of his life there is no way to hide, but he can only take a palm abruptly.

Even though his internal organs were beaten to hemorrhage, his body turned into a perfect arc and he was knocked out. The weightlessness hit Yu Sheng's head and his head became dizzy. The internal organs seemed to be squeezed by something, his consciousness also slowly blurred.

“Master, wake up soon! Master!”

Xiao Ningyu screamed desperately in Yu Sheng's mind. He was pulled back for a while in Yu Sheng, and suddenly opened his eyes. He didn't dare to let his body lighten up and maintain balance. When he was about to land. Although it is also falling, but with the previous preparation, it is equivalent to the three-story falling will not be fatal.

His head slowly turned to the side, Yu Sheng's heart ached, and he closed his eyes uncomfortably, and a line of tears fell from the corner of his eye.

Lying not far from him was Xu Jingjing's corpse, her body was red, and her appearance at this time was even more terrifying. A lively and innocent girl who became like this would be a little unbearable for the rest of her life.

The people onlookers who called the police called 120 to 120. At the gate of the Sihai Group building, there were also employees of the Sihai Group. They were naturally able to recognize their own chairman, and they were shocked.

At this moment, a black shadow descended from the sky just as everyone thought that three people were jumping off the building together, the black shadow was about to fall to the ground with its toes slowly falling to the ground.

“Still dead? The old man will see you off again!”

Chapter: 1497

“You...Who are you? I have already called the police, and you won't be able to run away when the people in the patrol room come!” Li Jing watched this strange old man still have to deal with Yu Xian, even though he was scared but still threatened.

The old man didn't care about everyone and he continued his strength in his palms. He planned to use the last palm to directly settle the rest of his life and end the drama.

At this time, the rest of his life was already weak. Seeing the old man about to attack him again, this one pulled out a bitter smile and then closed his eyes with his fate. The opponent was so powerful, this time he was really in a disaster.

After so many lives and deaths, so many dangers, this time I really did not give the rest of my life any hope of living. Even though the resentment in my heart, no matter how you read it, you can only tell the

king of grievances. !

He is not decadent, and he really feels helpless when he meets someone who is too much stronger than him.

The palm of the old man struck Yu Sheng, and he was able to take the life of Yu Sheng in the blink of an eye. At this very moment, three people appeared in the sky, one of them also raised his hand and stopped directly. The fatal blow that the old man hit for the rest of his life.

The people present were all ordinary people who were shocked and speechless when they saw this mayor, like watching a 3d version of a science fiction blockbuster. The most important thing is that they still know each other. The scattered away.

“Outsiders also dare to do something to my Huaxia people. We really think that our Huaxia National Protector Team has no one?” An old man dressed in coarse linen took the lead and fell down. His tone was cold but he was not angry.

Behind him stood a man and a woman, who looked younger than the old man. They stood a little behind the old man and stared at the black-robed old man.

“I didn’t intend to break into the territory of China, but I really need to solve it. This young man, he killed the American royal family and wants to give the American people an explanation!” The black-robed man was like a mouse seeing a cat, seeing three Everyone appeared and wilted immediately.

“What does this have to do with us? What he did in the United States, why did you not solve it in the United States? Jing, this is my China’s territory, and no outsiders are allowed to be presumptuous!”

The head of the old man looked like a torch, and the old man in the black robe of the Great Protectorate of the United States did not dare to look directly at him and kept his head down.

“I’m also a Chinese, please give me a face. Since I’m here this time, I must take away the head of this kid for the rest of my life. Please be accommodating, and there will be no next time!” The black robe old man requested road.

“The same Chinese? You deserve it too? Get out!”

In the last word, the sonorous and powerful black robe old man was directly frightened and stepped back dozens of steps. He didn’t dare to say a word, and his figure disappeared in the distance.

As one of the four ancient countries, Huaxia naturally has a history of origin. Naturally, there is also a mysterious organization that silently protects this country from the invasion of foreign powers, that is, the Huaxia National Guard Team.

Only the people of national defense know about this kind of thing, even for the rest of my life, I have never heard of it. It is really out of luck to be able to survive.

Even the black-robed elders are extremely afraid of people. They are definitely stronger than ever. They want to stay for the rest of their lives. Perhaps these people can know the way to heal Xiaoshui, but they don’t have the opportunity to give the rest of their lives. They will drive away the black. The old man in the robe also disappeared.

For the rest of my life after escaping from the dead, I habitually put some medicinal pills that can treat trauma in my pocket, took out one in his mouth, and put another in his mouth. After he recovered some of his life, he slowly came to Xu Jingjing. ‘S side.

Chapter: 1498

Looking at the all-nonsense person in front of her, she fell from such a high place, almost almost shattered into flesh, and the bones of her whole body were shattered, and it was difficult to hold her in her arms.

The guilt full of guilt only filled the heart of the rest of my life. The girl in front of me was only in her early 20s. She should have had her beautiful years, but the youth that belonged to her was just like that. My chest seemed to be blocked by a big rock, and I was almost out of breath for the rest of my uncomfortable life. I tightly closed my eyes and tears fell again.

The sound of the patrol car kept ringing in my ears, and 120 ambulances also came, but these had no effect for the rest of my life.

“You have trouble for the rest of your life, right? What is going on here? For the rest of your life, you promised me a good word for the rest of your life?”

There was a familiar female voice in his ears, but Yu Sheng had already heard it unrealistically. He just sat on the ground with his eyes closed and raised his head. Perhaps only this posture could make him feel more comfortable.

My chest was blocked and my mouth spit out a mouthful of blood.

“Don’t scare me, Yu Sheng, what the hell is going on? Is that quiet? How could it be like this? How could it be like this!”

This bit of blood completely pulled Yu Sheng back from his own world. He hugged Magnolia, held her tightly, smelling his unique body fragrance, and Yu Sheng’s depressed heart felt better.

For the rest of his life, he didn’t call Aunt Huang directly. Instead, someone sent Xu Jingjing’s body directly to him for cremation. If Aunt Huang saw this appearance, he couldn’t imagine how uncomfortable Aunt Huang would be.

As for what happened downstairs in the Sihai Group Building Company, although many people present saw it, and some took out their mobile phones to shoot, the video that was taken was miraculously ruined by a mysterious force. There is a way to store it.

The Huaxia National Defense Team was originally a secret, and it definitely wouldn’t confuse everyone who knew it. Even those who knew it could not remember how many storms and waves it was, and time would kill everything.

When they returned home, Yu Sheng and Bai Yulan were both extremely heavy. Facing Jia Ming who came forward to say hello, Yu Sheng responded with only a cold look in his eyes.

Jia Ming was originally a smart person. He knew what happened when he saw Yu Sheng. He wanted to ask Fairy Sister, but Fairy Sister’s face was also extremely heavy, which made him unable to speak.

Entering the villa with Yu Sheng, Jia Ming silently observes, waiting for what makes the master like this. Yu Sheng and Magnolia came to the kitchen. At this time, Aunt Huang in the kitchen was still tidying up the vegetables she bought, planning to make a good dinner in the evening.

Aunt Huang saw Yu Sheng and Miss Bai coming, her face immediately showed a decent smile: “Mr. Yu, Miss Bai, you are back, today I bought a very fresh yellow croaker for you to make soup.”

Yu Sheng did not speak but knelt down directly to Aunt Huang, and Bai Yulan knelt down as well.

Not to mention that Aunt Huang was taken aback by this action, even Jia Ming behind him was shocked and stunned.

No matter how you say it, Aunt Huang is just a babysitter hired for the rest of her life. She has been able to take care of his daughter so much. She has been very charitable to their family. Now she is kneeling in front of her.

Jia Ming couldn’t figure out what his master meant. I remembered that when I was in Jia’s house, the nanny and servants in the family were all casual. They listened to him and beat them whenever they wanted, or scolded them for more money. No matter how good-hearted they are, they can’t do this for the rest of their lives.

“Mr. Yu, Miss Bai, what do you mean? Get up quickly, I can’t bear your kneeling!” Aunt Huang wiped her body when she was a little wet, and she was going to help Yu Sheng and Bai Yu. Orchid.

“Sorry Aunt Huang, I am guilty and I should kneel!” Yu Sheng lowered his head and his face was full of guilt. He took a deep breath and said the sentence: “Xu Jingjing is dead...”

Chapter: 1499

Xu Jingjing died. She was beaten from the top floor by the black-robed old man and fell unrecognizable. Although she did not do it by Yu Sheng, she died because of him.

Regardless of his identity, he caused the other’s daughter to death. This is because the rest of his life owes her to her knees.

“What?” Aunt Huang shook her head, stepped back a few steps with a face full of disbelief: “Mr. Yu, your joke is a bit big, my daughter is doing well in the morning, and I even cooked her eggs. Let her take it, he is fine in the morning! How could he be dead?”

Mr. Yu, Miss Bai, I’m old, don’t make fun of me as an old man, my daughter is fine, she can’t die...”

Although Aunt Huang’s tone was full of disbelief, her tears kept falling, which proved how fragile she was in her heart.

Her daughter, her little cotton-padded jacket, the daughter who she has supported for more than 20 years and has worked so hard to provide for her to go to college!

She said that she would make money when she grew up, buy her a big house, let her live in the big house and enjoy the blessings, and no longer have to work for others.

Seeing that my daughter graduated from college and was able to work in Mr. Yu’s company, I thought that life would be getting better, so why did this happen?

Aunt Huang shook her body and turned her eyes, and fell straight back. Jia Ming, who was on the side, quickly supported the old man with anxious hands.

“Aunt Huang, don’t be sad, you are old, take care of your body!” Jia Ming persuaded.

Although he and Xu Jingjing had been unhappy before, the little girl suffered for a few days, and the two of them are tit-for-tat. Now that she is dead, Jia Ming’s heart is not only happy, but also annoying. Of panic.

“Sorry Aunt Huang, it was my enemy who came here to seek revenge. Xu Jingjing stood in front of me in an emergency. She died to save me. It was me who caused her all kinds of mistakes. All of her mistakes are all my fault.” Said guiltily.

If Xu Jingjing hadn’t even stood up at the time, perhaps the black-robed old man would take action for the rest of his life. It would be impossible to wait for the people in the national defense team. It was Xu Jingjing who saved his life and exchanged his life with the chance of his life.

I only helped her twice to make her life a little easier. The little girl he had always favored as his sister, but took care of him at the moment of his life and death.

Xu Jingjing does not owe him, but the rest of her life owes her her life, and she can’t pay it back...

“Master, you can’t be blamed for this kind of thing! If you want to say that you can only say that the girl is out of luck, you should get up?”

Jia Ming watched her master kneel down for a babysitter. Even if the babysitter’s daughter died, she felt that the master had made a little fuss.

The master knelt down. If his apprentice stood still, it would be unsightly. Jia Ming couldn’t do the same as Yu Sheng did, and kneel down for a nanny, so he could only persuade Yu Sheng to get up quickly.

Who ever thought that for the rest of his life, he was not grateful at all, and he threw him a cold look,

scared that Jia Ming was covering his mouth and dared not to speak any more.

"Where is my daughter? Take me to see my daughter. I want to see my daughter. I don't believe she is dead!" Aunt Huang burst into tears, grabbing her clothes for the rest of her life and questioning.

"Sorry Aunt Huang, I have already cremated Xu Jingjing..." Yu Sheng lowered his head and his face was full of guilt.

Xu Jingjing died because of him. Aunt Huang will take care of her care for the rest of her life. Of course, it is impossible for her to be a nanny like she does now.

If possible, Yu Sheng also wanted to save Xu Jingjing to life. Obviously, he couldn't do it in this situation. He could only bury her and support her parents.

Chapter: 1500

The funeral was depressing, and the expressions on everyone's faces were very heavy. Looking at the black and white photos on the spiritual position, the girl was still so young and beautiful, and she joined the Four Seas Group by her own ability. Such a large enterprise will come in the future. His achievements must be limitless, but she is now dead.

Aunt Huang blamed Yu Sheng for not allowing him to see her daughter's body. She beat and scolded Yu Sheng, and she chose to tolerate it silently.

Aunt Huang was holding Xu Jingjing's urn and was crying. She was about to faint after crying several times, her face was heartbroken, and she looked helpless for the rest of her life.

If it weren't for Aunt Huang and a 19-year-old son, then Aunt Huang, who loves Xu Jingjing, might have followed Xu Jingjing.

Xu Hai is a thin, tall, white, and innocent young man. He is not very delicate but he is a little handsome. Seeing him crying so sad, it is enough to see that the relationship between sisters and brothers is very good.

At the end of the funeral, Yu Sheng was prepared to leave with a complicated mood, suddenly someone rushed over and grabbed Yu Sheng's clothes directly.

"You killed my elder sister, didn't you? Why did she offend you for someone such a good elder sister? How can you do it?" Xu Hai raised his fist and slapped Yu Sheng in the face.

For the rest of his life, he didn't hide but took the fist. If someone hurts Magnolia, perhaps his actions will be more impulsive. This feeling can be understood for the rest of his life.

"Asshole, I want to kill you to avenge my sister!" Xu Hai's eyes were red and swollen, and the veins on his head burst, and his fists were still smashing into the rest of his life.

Aunt Huang rushed over when she saw this and pulled Xu Haidao: "Xiaohai, don't be impulsive, your sister was not deleted by her, not killed by him, he...he is a good person!"

Aunt Huang said that tears flowed from the corner of her eyes. Her mood was extremely complicated. She also blamed Yu Sheng for her daughter's death, but carefully Yu Sheng once helped her family and helped her. Can't hate it.

Xu Hai, who didn't understand the truth, let go of the hand that grabbed Yu Sheng's clothes, immediately thumped, and knelt in front of Aunt Huang: "Mom, my sister is dead, my sister is dead, I feel uncomfortable!"

My sister loved me so much since I was a child, and I didn't have time to do anything for her, she just didn't..."

These words undoubtedly touched the pain in Aunt Huang's heart, and directly squatted down and hugged Xu Hai, mother and son, and wept.

He really couldn't stand this kind of scene for the rest of his life, and his heart was also uncomfortable, and he could only order people to look after Aunt Huang and Xu Hai before turning and leaving. Xu Jingjing's Qiu Yusheng will report everything to her, and he will visit again in the United States. Because Xu Jingjing left, this period of time was very depressing. If it weren't for Magnolia to stay with Yu Sheng, it might take a long time for Yu Sheng to get out of the depressed atmosphere. Three more babysitters were invited to take care of the family's diet and daily life and Yueyue. As for Aunt Huang, who was too sad to go to the hospital, she would go there from time to time for the rest of her life.

.....

All the temples where the Chinese mysterious organization gathers, this place has another title that is the national defense team rumored to be outside.

Here gathers the mysterious power of China, the existence of this organization is to prevent those strong from other countries from attacking.

On the seat in the center of the hall, an old man with white hair and white beard wearing ancient costumes is holding a one-inch photo in his hand. If he stays here for the rest of his life, he will be able to recognize the photo in his hand at a glance. himself.

"Is it he who came all the way to protect the country and protect the country?"

There were three people kneeling in the main hall, who had survived before suddenly appearing at the gate of the Sihai Group Building.

"The lord of the palace is him. He was almost killed by the protector of the United States when I was there. If we can hold on until we rush over, that kid is considered dead." The Maid man in the middle said, he could be heard in his tone. Praise for the rest of my life.

The white-haired old man nodded, a gratified smile appeared at the corner of his mouth, and then he said: "When I reach such a level of cultivation at the age of more than 20, I am even better than I was in the past, and the future is limitless!"

"How can the lord compare with you? You are the veritable first person in China!" said the Maid man.

He said this sentence not to blow the old man's cowhide, but to really be surrendered by the old man's powerful strength. Duan Ran was not comparable to the seemingly half-dead for the rest of his life.

The old man still had a faint smile on his face, and then shook his head: "This kid is indeed extraordinary. His potential is not what you can imagine. If possible, I really want to see him."

Speaking of this, the old man's expression was a little sad, and he looked back at the mural hanging on the wall of the main hall, and his eyes dimmed. There was no way he could leave this place!
