

Chapter 15: Don't Mess with this Son-in-Law, Don't Mess with this Son-in-Law novel, Dont, Mess,

"Xia Jun, the richest man in Qiancheng, did what he did, including getting across the king's family." Yu Sheng said half-truth.

"Ah? Why would he help you?" Yang Zihuan didn't believe it.

"Because I saved his life, he had to pay me back." Yu Sheng's voice was still so indifferent.

Thinking of life-saving?

Return your favor?

Yang Zihuan believed.

This is completely explained.

Because she really couldn't believe that all this would be a means for the rest of her life.

Only a big man like the richest man in Xia could instantly collapse the Wang family.

"Huh, I thought you were really a hidden figure!"

Yang Zihuan snorted coldly, but he was a little disappointed in his heart.

If all this were really a means for the rest of my life, that would be great!

Unfortunately, the richest man in Xia can only pay you back this time.

After the favor is over, it will be impossible to help you in the future.

Yu Sheng walked out of the auditorium, Xia Jun stood there respectfully.

"Yu Shao." Xia Jun hurriedly said hello.

"Well, good job." Yu Sheng nodded, patted Xia Jun on the shoulder, and rode on his battery car and left.

Xia Jun was a little excited, and didn't dare to raise his head until Yu Sheng left.

Seeing that Yu Sheng had left without waiting for himself, Yang Zihuan, who had just come out, stomped his feet angrily.

“Hmph, what are you proud of? You just took the s**t luck and saved the richest man Xia’s life. See if the richest man Xia will help you next time!” Yang Zihuan stomped and snorted coldly.

“Madam, in the next Xia Army.” Seeing Yang Zihuan coming out, Xia Jun hurried forward to say hello, respectful.

“Ah? The richest man in Xia!” Yang Zihuan was startled, wondering what Xia Jun asked her for.

“Madam, I heard that you are in urgent need of 30 million yuan. Our new chairman is willing to help you.”

As he said, he took out a check from the Four Seas Group and handed it to Yang Zihuan.

“Madam, our new chairman said that the 30 million yuan is not free to give you to the Yang family. After your Yang family company resumes normal operation for one year, you must pay him back, otherwise he will charge interest.” Xia Jun said.

“This, this...” Yang Zihuan took the check, a little at a loss.

She had many questions to ask Xia Jun, but Xia Jun turned into the car and left.

Yang Zihuan stood alone outside the clubhouse, a little messy in the wind.

She checked the cheque several times and found that there was no problem, she believed what Xia Jun said.

But more questions puzzled her again.

Isn’t Xia Jun the boss of Sihai Group? Why did he have a new chairman?

And why does this new chairman help himself?

Yang Zihuan kept fantasizing about the new director.

After thinking about it, I think it’s probably a middle-aged man with a big belly.

He borrowed thirty million from himself so generously.

Does he want to make his own mind?

Yang Zihuan was thinking about it, when a taxi happened to pass by, he beckoned, and he took a taxi back.

Anyway, now that the money is in hand, let's go back to the business and talk about it.

...

When the old lady Yang and others heard that Yang Zihuan had come back early, they rushed over in a hurry.

As soon as Yang Zihuan entered the house, she saw Mrs. Yang and others sitting in her living room.

"Zi Huan, didn't you promise that grandma would go with Shao Wang for three days? Grandma's money was also called to you, and the shares were also fixed to you, but you broke your promise!" As soon as Yang Zihuan entered the house, the old lady solemnly accused stand up.

Uncle Yang Xianbing also stood up, feeling a little excited: "Zi Huan, as a child of the Yang family, the Yang family raised you, don't you have any family honor or disgrace?"

Everyone was very excited. Yang Zihuan agreed to accompany Wang Wenxue for three days, and then borrowed 30 million yuan from Wang Wenxue to rescue the Yang family.

But Yang Zihuan came back after a while. Isn't this releasing their pigeons?

The most important thing is that the Yang family really can't hold it anymore, and if they don't have working capital, they really have to ask for bankruptcy settlement.

At this moment, even the old lady was very angry.

But she bet the fate of the entire family on Yang Zihuan.

Not only that, but also called Yang Zihuan his only one million deposit.

Yang Zihuan broke her promise, why not make her angry.

"Zi Huan, we have repeatedly told you before that no matter what happens, you must borrow 30 million.

When you are good, you promised well at the time, but now you regret it. I doubt you did it to lie to grandma's one million that you promised us! "Cousin Yang Jian also got up and accused.

"I didn't lie to grandma!"

Yang Zihuan originally thought that he had borrowed 30 million and completed the task ahead of schedule. Everyone would definitely praise her.

But as soon as she walked in, she was once accused by everyone, and even suspected that she deliberately deceived the old lady by one million. It was as if a basin of cold water was poured over her head, and her heart was cold.

“Zi Huan, what the hell is going on with you?” Gao Qing also looked at Yang Zihuan with an unhappy expression.

If Yang Zihuan successfully borrowed 30 million, her son Yang Ling would have 10% of the shares, and the annual dividend would be several million.

Not only are there no shares now, it is very likely that there are no even year-end benefits.

Seeing his mother also came out to accuse him, Yang Zihuan’s nose sore, tears flowed out as he couldn’t keep up.

For the sake of the family, she suffered all the humiliation today, and even more so because of this incident, they coaxed their husband and wife to never go back to the beginning.

But what did she say?

She still chooses to bear it silently by herself?

At this time, the family, including Gao Qing, did not regard her as a human being.

Let her be disappointed in this family.

“enough!”

At this moment, Yu Sheng came out of the bedroom and looked at everyone in the Yang family coldly.

“The Yang family has fallen to the point where it is today. It is entirely your responsibility. You have a wool relationship with Yang Zihuan?”

You blame Yang Zihuan one by one, why don’t you think about it, why is the family business going to this day?

Everyone usually only knows to fill his own pockets, but does not know how to plan for the future. In addition, the management is also mediocre. Such a vicious circle has caused the chain of funds to break.

If someone really wants to sacrifice for the family, it should be your trash, and it will never be Yang Zihuan’s turn! “

Yu Sheng looked at the Yang family coldly and spoke mercilessly.

Yang Zihuan next to him stared at Yu Sheng blankly, feeling inexplicably moved.

She had to believe that at the critical moment, the only person who was willing to come out to help her was the only husband she also looked down upon.

Suddenly she felt regretful in her heart. She shouldn't choose to give up the rest of her life for the sake of the family.

boom!

The old lady smashed on the coffee table with crutches, and two teacups were immediately smashed.

She stared at Yu Sheng furiously, and yelled, "Presumptuous! Come on, give me your hand!"

A small door-to-door son-in-law dared to openly accuse her family of being rubbish, isn't this looking for death?

Yang Jian and other young people heard the words and arrested Yu Sheng at once.

They have endured the rest of their lives for a long time!
