

Dont mess 1501

Chapter: 1501

“Master, I really bother these days, but I really want to go home, something happened to my house.” Jia Ming said to Yu Sheng with a heavy face.

Jia Ming, who was laughing and joking on weekdays, showed this appearance today. Something must have happened.

For the rest of his life, he didn't correct Jia Ming and call him a master, but nodded: “Go back! The Jia family is still waiting for you to preside over the overall situation, you don't belong here.”

Jia Ming originally wanted to go back and face that incident, but his heart was completely shaken when Yu Sheng said this.

With so many things happening recently, Yu Sheng is in a bad mood, so Jia Ming doesn't want to trouble him, but this matter is really important. If he doesn't do a good job, Jia Ming doesn't dare to think about the result.

But even if he goes back, what can he do? Even the father and sister have no way of doing it. He, a dude who eats and waits to die, doesn't want to find a good way to solve this problem?

Thinking about this, Jia Ming could only put all hope on Yu Sheng's body. He sighed and grabbed Yu Sheng's hand: “Master, I can't do it! If you don't help me with this matter, I will Sister is over, her life is over!”

Hearing Jia Ming said his sister, Jia Rou's figure appeared in Yu Sheng's mind immediately. The name sounded soft and weak, but it was able to stand alone, full of Jia Rou, a strong woman.

“Can she do anything?”

Yu Sheng wondered, such a very clever woman, it seems that there are any problems that can hardly make him difficult!

“More than ten years ago, my family's business had some problems and faced bankruptcy. One of them got through the crisis by pulling a hand. You also know my father's personality. My father treated the person who helped Jia through the crisis. I was grateful, but he asked him to sign a letter of guarantee. The content was to give him what he wanted. At that time, my father didn't want to think about it, so he agreed.

One thing can save a company that is on the verge of bankruptcy. This is definitely a steady profit for my father. Looking at the day by day, it has been more than ten years when my father was about to forget this matter. , The man of the year suddenly appeared and asked my father to fulfill his promise at the time.

My father also regarded that person as a benefactor from the bottom of his heart, and he was kind to him. Whether it was asking for money or something, my father certainly did not hesitate.

In the end, the man said that he wanted my sister to marry his vegetative son. My sister is so beautiful and smart. How could she marry such a person? ”

“But your father agreed to him.” Yu Sheng said lightly.

Jia Ming was stunned for a while at the thought that Yu Sheng would say this, staring at Yu Sheng in front of him blankly as if he didn't know him at this moment: “Master, what are you talking about? That's my sister! Let my sister be destroyed in the hands of a vegetable for the rest of her life!”

As a bystander for the rest of my life, my personal opinion is that this matter is indeed unfair to Jia Rou, but there is no way that Jia Xing agreed to someone else, and this shouldn't be the case.

But Jia Ming is Jia Rou's own younger brother, and if the two are a family, he will naturally turn to Jia

Rou, and he is not used to others saying that.

“What does your sister think?” Yu Sheng asked.

He thought that Jia Rou would agree to this matter. With a woman like her for the rest of her life, she can be sure that she will use her love to repay her father’s promise. She is a woman who is willing to be cruel to herself, and she can see it for the rest of her life.

“This matter is the most difficult for my father. He must be unwilling in his heart, but he signed the contract at the beginning. If he disagrees, then my Jia family will no longer exist. As for my sister, she is also considering, I can see that she has you in her heart, why would she be willing to marry someone else?” Jia Ming said helplessly.

This incident went beyond Yu Sheng’s expectations. Would a woman like Jia Rou fall in love with someone so easily? I didn’t believe it for the rest of my life.

“You are not the key to this matter, the key lies in how your sister chooses.”

When Jia Ming heard that Yu Sheng said this, he went straight away: “Master, what you said is wrong. Is it possible that I want to watch my sister marry a vegetative? No way, no way, absolutely no way.”

Just at this moment, Jia Ming’s cell phone rang, and the call was made by Jia Xing. Just after the call was connected, Jia Xing’s anxious voice came.

“Jia Ming, when are you coming back? Come back and persuade your sister! She promised to marry that vegetable!”

Chapter: 1502

Jia’s house in Yuncheng.

“Sister, you can think about it again! I won’t help you handle this matter, I don’t have to make such a compromise!” Jia Ming persuaded.

Jia Rou seemed to be a little tired of hearing such words, she frowned, she sighed slightly, and then she said: “Father had promised people back then. Jia Rou has never been an unbelieving person. Amin, you will understand my sister’s decision.

My father has been exhausted in the past two days, and his health is a bit bad. If you have time, go and see him. You don’t have to intervene in this matter, and I will solve it.”

Jia Ming wanted to continue to say something, Jia Rou directly blocked it, and looked at the rest of his life behind Jia Ming subconsciously, with a touch of complexity in his eyes, and then closed the door of the room.

She is a very strong woman, sometimes she is more determined than a man, and even takes her life to pay the debt owed by her father.

Jia Ming was unwilling to pat the door a few times, but no one responded and could only give up. He looked back at Yu Sheng and complained: “Master, my sister can’t listen to what I said, but he can definitely listen to what you say. You have to go in, why don’t you help me persuade her?”

“You can’t figure out the essential reason for the matter at all right now. It’s useless for you to tell your sister about this matter, unless the person who helped your father back then.” Yu Sheng said lightly.

Jia Ming is not too stupid, it’s just that this matter is about his family.

“That person had premeditated a long time ago, he was just an old fox with deep intentions, thinking about marrying my sister, and taking the Jia family as his own by the way, this kind of person should not die!”

When Jia Ming thought that his sister was going to marry a vegetative, he was so angry that he vomited all the frustrated words in his heart.

Who would have thought that as soon as her words fell, Yu Sheng had a hit on her head, and Jia Ming grinned and rubbed the place where she had been hit by Yu Sheng just now.

“Master, you really turned your elbow out of the way, why did I say that that person would beat me? It really broke the heart of the apprentice!” Jia Ming was so angry that he wanted to cry, so he took the master. I asked him to come here to help Jia’s family. I didn’t think I could help, so I would help the enemy beat myself first.

“No matter how you say Jia Ming, he is also the benefactor of your Jia family. People made it clear at the beginning. I know you are protecting your sister, but you shouldn’t say that.” Yu Sheng looked very serious, he knowing that Jia Ming’s temperament is deeply ingrained, it’s hard to change.

“Master knows that he was wrong, so I dare not do it next time.”

When Jia Ming saw that Yu Sheng was so serious, he could only be obedient. Two people were about the same age. Although Jia Ming was a little clever in some cases, he was not calm enough when things happened. With a steel heart.

Now that he came to Yuncheng, Yu Sheng had no plans to sit back and ignore it. No matter how much he spent with Jia Ming for a while, he felt a little affection for this second generation ancestor.

Yu Sheng inquired about it, and there was no need to bring Jia Ming to the place of the man, and he passed by alone, and he was going to see what kind of person he was.

When he came to a Chinese-style courtyard, Yu Sheng walked in, and the journey was unimpeded. The servant of this house only looked up when Yu Sheng came in, and did not stop or ask questions, as if directly ignoring Yu Sheng. The same.

Without the guidance of others, Yu Sheng can use his mind to perceive that he is waiting for him at the back mountain. The man looks more than 50 years old and looks meticulous and serious.

The man seemed to have guessed that the rest of his life could come. There were two teacups on the stone table, both of which were exposed to hot white mist. It was obvious that they had just fallen.

The man pointed to the position next to him and said, “Sit down! Rest of your life.”

“Are you from the national defense team?” Yu Sheng asked.

Chapter: 1503

From the beginning of the rest of his life, he carefully observed this strange man, and what he could see was the level of this man’s strength in the middle stage of the Grandmaster Realm.

But when he raised his hand to let Yu Sheng do it, Yu Sheng clearly saw that the clothes on his neck showed a mark similar to the point of a five-pointed star. This image of the three people’s necks that Yu Sheng had suddenly appeared on that day. I’ve seen it everywhere.

When the man heard what Yu Sheng said, he was visibly stunned. The cup he was holding was also tilted slightly, and the tea in the cup poured out a little.

His eyes looked at Yu Sheng incredulously, and then he asked with a deep meaning on his face: “You know the national defense team, which is the temple, for Yu Sheng? How can you be sure that I am a member of the national defense team?”

The people of the temples once saved Yu Sheng’s life. If the person in front of him is really the temple of the gods, Yu Sheng still really wants to personally thank the three people who saved him, by the way, there is no cure for Xiaoshui.

“The people from the temples once saved my life. I remember saving me. They have a pattern similar to yours on their necks, so I boldly guess that you are from the temples.

How else would you know my name is Yu Sheng? And I can guess in advance that I will come to you! Yu

Sheng took a sip of the tea on the stone table and exclaimed, "Senior, good tea!" "

The person in front of him knew his identity, and the rest of his life knew nothing about the identity of the coming person, but felt that it was very likely to belong to the temples, and it would be okay to be so much younger than him.

After listening to what Yu Sheng said, the man subconsciously covered his neck, then lifted the collar to completely cover the exposed corner.

For the rest of his life, this man's behavior was all in his eyes, and there was a slight emotion in his heart. At that time, he saw the three people, but he didn't hide the pattern on the neck at all, but regarded them as his own glory. , So his behavior seems a little strange.

"I thought that outsiders in our temples rarely knew about it. I didn't expect Yu Sheng to know us a little bit. It's also destined. I know that you are here for the Jia family." The man said with a smile.

Yu Sheng nodded: "It's for the Jia family's business. I didn't expect to be able to meet Senior here. I don't know what Senior is called?"

"Xi Ma." The man said lightly.

Yu Sheng filtered the name in his mind. He had no impression of the temples, and he didn't know if Xi Ma was a member of the temples. He still held a wait-and-see attitude.

"Senior Xi, you also know that I am here for the Jia family's business. It is understandable that Jia Rou should marry your son at the request. I still want to ask seniors about this matter. I have no other discussion. Room? Can you change your request?" Yu Sheng said in a negotiating tone.

Xi Ma raised the corner of his mouth lightly and did not have the culture to directly answer the rest of his life. Instead, he picked up the tea cup and took a sip: "As the people of the temples, I don't like money and things, Jia The only person in my family that interests me a little is Jia Rou. She is the candidate for my daughter-in-law."

Listening to Xi Ma's calm tone, Yu Sheng also knew that this matter was not easy to discuss, so he had an idea as soon as he turned his mind.

Xi Ma's son is a vegetable. If he cures her son himself, maybe he will not embarrass the Jia family so much in this matter.

"Senior Xi, Yu still has a little research on medical skills. Can you show me your son, maybe I can cure it?"

Who ever thought that as soon as Yu Sheng's words fell, Xi Ma had a playful expression on his face. Yu Sheng was a little surprised by this. Even if the old man in front of him didn't believe in his skills, he wouldn't show such an expression, right?

Yu Sheng didn't even ask, so Xi Ma spoke again, and what he said completely shocked Yu Sheng.

"Your own son's illness has not yet been resolved, and it sounds ridiculous to want to cure my son's illness." As Xi Ma's voice turned, he looked at Yu Sheng with a serious look: "I can make your son Wake up, but you have to promise me something!"

Chapter: 1504

Hearing that Xi Ma said that he could cure Xiaoshui Yusheng, he was overjoyed. The temples were originally the most mysterious place in China. It is normal to have a cure for Xiaoshui. This Yusheng believes.

But Xi Ma put forward a condition, saying that he wants something from him. If there is no Jia family thing happened before, maybe the rest of his life will agree without hesitation. After all, he wants to treat Xiaoshui too urgently.

Jia Xing begged the people in front of him to support the Jia family who was on the verge of bankruptcy. After more than ten years, he would marry his biological daughter to a vegetative. The price was too high.

For the rest of my life, I don't know what the old man will want, but what I can think of is that it's definitely not too simple. Money and things are given for the rest of his life, in case this person wants his own daughter or son, friend, lover, etc. for the rest of his life. There is a way to accept it, and there is no ability to be an enemy of the temples.

"Senior, this is probably impossible. If you can cure my son's disease, you will definitely be grateful to Senior for the rest of your life. What you can do will definitely help Senior, but I cannot agree to this request."

Xi Ma didn't have any expressions on his face when he heard what Yu Sheng said.

He got up from the stone bench, with his hands behind him, and the brocade-clothes and robes he wore were a bit of a fairy and fluttering demeanor. There are not many retro people like Xi Ma in this era, right?

"follow me."

Yu Sheng didn't neglect to get up and followed. Although the person in front of him was only at the mid-level of the Grandmaster Realm, he gave Yu Sheng a feeling that he couldn't penetrate his mind. He always felt that this person should not have martial arts skills.

Soon the two of them came to a very quiet other courtyard, and when they had a door to enter and opened a room, they could see a young man lying on the bed of the room.

He looks like a twenty-five or sixteen-year-old, his eyes are tight, his lips are a little pale, and his face is gray with a trace of lifelessness. If he doesn't have that weak breath, then he is really annoying. What is different.

The man has delicate features and looks closely at the similarities between Xi Ma's eyebrows and Xi Ma's eyebrows. When he thinks of his vegetative son, it is not difficult to guess that the vegetative son lying on the bed may be his.

"This is my son Xi Jin, he used to be my pride! He reached the mid-level of the Grandmaster Realm at the age of twenty-five, and his future is boundless, but unexpectedly, he became what he is now.

I am not embarrassing the Jia family, but the female doll of the Jia family is very compatible with my son's horoscope. When we get along day and night, I think my son still has hope of waking up, so this matter Jia family will marry if he doesn't marry!"

Xi Ma looked at his son with a look of grief that could not be concealed. He was very tough for the hope that his son would wake up.

Seeing him like this for the rest of his life, he felt a sense of empathy, and I also thought of Xiao Shui in my heart.

"Senior, don't feel uncomfortable, everything will be fine, but Jia Rou really can't change much." Yu Sheng didn't forget to help Jia family intercede.

Just the rest of my life took a closer look at Xi Jin's situation. His situation was too special. I didn't see anything in the rest of my life, and Xiao Ningyu, who was more professional in this area, felt the rest of my life.

The main reason for Xi Jin's unconsciousness is that his soul is missing. Logically speaking, such a person should have died, but I don't know what method Xi Ma used to keep the sex alive.

Xi Ma couldn't bear to continue seeing his son, so Yu Sheng took the rest of his life and ordered the next

person to take care of the young master.

"Aren't you trying to save your son? I just want him!" Xi Ma said, pointing to Yu Sheng's chest.

Chapter: 1505

"Senior, what does this mean?"

Yu Sheng pretended not to understand Xi Ma, and he pointed to his chest, which was where Xiao Ningyu blended into.

Ordinary people can never see that he has Xiao Ningyu on him. Even the ancestors of the Leng Family have the ring left by the ancient killing god. Only then did they know the existence of Xiao Ningyu, and the person in front of him pointed to his chest. I really knew if there was Xiao Ningyu, or had another purpose, I couldn't see it for the rest of my life.

"As long as you give him to me, I won't be embarrassed by the female doll of the Jia family, and will give you a way to treat your son.

Think about your son. Although he looks like a normal person now, his organs are failing and won't last long. You know this!" Xi Ma looked at Yu Sheng with his arms folded behind him.

His words undoubtedly poke the pain in Yu Sheng's heart. He also knows the current situation of Xiao Shui. If this continues, it will not be a solution at all. It is necessary to find a medicine that can wake him up.

"Senior, don't tell me, what do you want for my chest? I will give it if I can, but the heart is not good!" Yu Sheng said with a smile.

The man in front of him can guess his name, his origin, and even Xiao Shui's current situation is obvious. The person in front of him is definitely not an ordinary person, even if he is not from the temples, his background is very big.

"Ningyu, I can feel the presence of Ningyu in your body, I want him!" Xi Ma said word by word, staring directly at Yu Sheng's eyes, and that venomous look seemed to be able to save the rest of his life. My heart can be seen through.

Yu Sheng was shocked. He didn't think that the person in front of him could actually see that he was carrying Ningyu. If this kind of thing were to be spread out, if those powerful people knew about it, he would definitely besiege him.

When he looked at Xi Ma again, Yu Sheng's eyes had a hint of killing intent. The person in front of him was only in the middle stage of the grandmaster, and it would not be difficult if he wanted to kill him. When Yu Sheng hesitated whether to do it, Xi Ma suddenly laughed: "Hahahaha, are you going to kill me? Don't forget the people in the temples, but you have saved your life, you actually want to avenge your gratitude!"

Yu Sheng was shocked again. At the beginning, he thought the man in front of him was mysterious, but he didn't even think that Xi Ma could even see through people's inner thoughts. This was simply terrifying.

"Master, this person's mental power is very huge, I don't feel that he should have this strength, it should be a person who has experienced homelessness!" Xiao Ningyu suddenly reminded.

"You can see through, Ningyu is indeed a good baby." Xi Ma said with a smile.

Usually Xiao Ningyu talks to Yu Sheng through mental communication, and it is impossible for outsiders to hear it. It is really amazing that this Xi Ma can hear it.

"Senior, I can't give you Xiao Ningyu. Since you know the existence of Ningyu, you should also understand that once you know that you want to take it out, you must kill Ningyu's current master." Yu

Sheng unknowingly told me. Xi Ma has kept a certain distance and is ready to make a move at any time. “Since I mentioned it, naturally there is a way to take out Xiao Ningyu without hurting you. For the rest of your life, there is no need for you to fight like this. I’m talking about business instead of fighting with you. A friend is better than an enemy, right?”

Xi Ma walked up to Yu Sheng fearlessly and patted him on the shoulder: “You think about it again! Is one thing important, or your son’s life is important!”

I think you are a father who loves your child very much, and you will definitely make a right choice! ”

Chapter: 1506

Handing over Xiao Ningyu will be able to wake up Xiao Shui and help Jia’s family solve this crisis by the way. It sounds like a very cost-effective deal.

If Xiao Ningyu only speeded up the growth of his internal strength, as well as his spiritual strength, Yu Sheng might give this treasure to Xi Ma, after all, there is nothing more important than Xiao Shui.

But after getting along for so long, Xiao Ningyu also has his own thoughts and his own life. How many times in times of crisis, Xiao Ningyu has come forward to help, and he has survived the crisis.

Unconsciously, the rest of his life has regarded him as How can one’s brother let his brother give to others, just to save his own son?

Even if Xi Ma used words like his father to suppress Yu Sheng, Yu Sheng still refused without hesitation: “I can promise you other requests, but I will never give you Ningyu.”

I thought that I refused, so decisively Xi Ma would be hard with him. Needless to say, Ningyu is so precious. I have taken a defensive posture for the rest of my life, and I just smiled at the thought of Xi Ma.

“Think about it! Is your son’s life important or a piece of jade important? A smart person like you will definitely make the most correct choice.”

When Xi Ma finished speaking, he raised his hand, and the butler on the side walked over, and he could see that posture for the rest of his life. It was about to see off the guests.

After leaving the Xi family, Yu Sheng walked on the road repeatedly thinking about this question, whether people like Xi Ma could deal with it by themselves, and whether the people who killed his temples would pursue it.

Recalling that day, a black-robed man of Tier 4 immortal had no idea of daring to fight in front of the three people in the temples. He didn’t dare to say anything about it. These things are still vivid for the rest of his life.

To say that he is useless for the rest of his life, or to say that he is timid and fearful for the rest of his life, the power of the temples is not imaginable by ordinary people, and it is normal not to dare to provoke them.

Thinking of what Yusheng’s eyes brightened, he had an idea in his heart, and the turbulent heart calmed down, and an excited smile appeared at the corner of his mouth.

.....

America.

All the posts on a certain social platform were swiped by a piece of information, even if someone from the U.S. royal family intervened in this post, it would still not be suppressed.

Looking at the comments on the post that abused the incompetence of the American royal family, the king was furious no matter how stable he was in his heart. He grabbed the computer and fell to the ground severely.

“Are these people clueless? With such a great skill in the mouth, you have the ability to kill the rest of your life by yourself!”

The king was venting his anger when he suddenly realized that his great protector had returned. The anger on his face immediately subsided, and he walked quickly to meet him.

“What’s going on, has the rest of his life been killed? Have you brought his head back?” At this time, the king has been stimulated by Internet public opinion and there is no way to calm down. He asked urgently when he saw Dahuguo. road.

If something big happened before, he could deal with it without changing his face, but this time it was so special that the face of the American royal family was about to be lost.

In the eyes of the common people, the members of the royal family are like gods above all. Not only are the members of the royal family not respected by others, but also when many royal family members go shopping, those people deliberately do not sell them, saying They lost the face of Americans. Not only did civilians insult and insult the American royal family, but even the people inside the American royal family began to riot. Day and night trying to figure out a way to deal with this matter, the king’s head was about to explode.

“There is no such thing. The group of people in the Chinese Temples have taken action. If it is not the group of people, the rest of my life may be easily dealt with. Don’t worry, I killed a person who seems to be very important to him. He will definitely come in the morning. of.

Although I can’t go to the place in Huaxia, Yu Sheng will definitely come here for revenge. As long as he dares to come, without the protection of the people from the temples, he will die for the rest of his life!

“The black robe old man said firmly.

Chapter: 1507

“Sister Fairy, why are you here? Are you worried about my family’s affairs? Don’t worry, my master has promised to help me solve it, so you don’t have to worry! Sister Fairy, I take your mind.”

When Jia Ming saw that Magnolia dared to come, his dull mood disappeared in an instant, and he walked up quickly and started a chat by Magnolia’s side.

Magnolia silently looked at Jia Ming who was so chattering. She smiled helplessly and could only wait for him to finish before she said: “The rest of my life? Is he not there?”

Magnolia looked around Jia’s house, but there was no trace of Yu Sheng. The reason why she came this time was to be by Yu Sheng’s side.

How long did it take for the two people to reunite after a long absence, when Magnolia was letting Yu Sheng leave, she was a little lonely and then took the plane to find her.

“My master hasn’t come back yet. This is the first time you have come to Yuncheng? Then I must do my best to take you out for a walk.” Jia Ming suggested.

For a moment he left his sister and family matters behind him, and his eyes were filled with magnolias. Let the master handle any problems, and as for the master, let him handle it!

Magnolia thought for a moment and then agreed. After all, idleness is equivalent to waiting for life. It’s better to go out for shopping. Shopping is a woman’s nature, even Magnolia is no exception.

“Sister Fairy, let me tell you that we have a restaurant in Yuncheng that is delicious, one by one. By the way, I still remember that the clothes in a clothing store are really super nice. Sister Fairy will definitely like it. There is a fun place. The haunted house props in that place are really exciting!”

Jia Ming murmured a lot more, and Magnolia’s ears were about to become calluses. She was beginning to worry that this guy would not do so much when she said so much.

"I know that, don't call me Fairy Sister, call me Magnolia!" Magnolia helped her forehead helplessly, even thinking that it was a wrong choice to come out with him.

"If you even have a first name and a surname, it's too much for you. Or I call you Sister Bai, right? You are younger than me, or I will teach you Magnolia! It's kinder, and my master calls you like that!" Jia Ming blinked at the stars, looking expectantly at Magnolia, waiting for her answer.

At this time, Magnolia was dizzy by his quarrel, no longer entangled with what his name is, as long as she is not called Fairy Sister, she can do anything.

Regardless of Jia Ming's words, Yuncheng is still very beautiful. The food in the restaurant that Jia Ming introduced is also unique. The white magnolia, which has always paid attention to the figure, is also greedy.

After leaving the restaurant, Jia Ming was joking with Magnolia and ran into two people head-on. Jia Ming hit the man and fell to the ground.

"You have nothing to do!" Bai Yulan stretched out her hand to help Jia Ming.

Originally falling to the ground, his butt was about to fall in half, and his nose was still aching, Jia Ming wanted to play the dude's temperament and lose his temper. When he saw the Qianqianyu hand extended to her, his heart became angry. Time is gone.

He rubbed his hand casually on the brand-name suit and then raised his hand to grab Magnolia's hand. Just as he could immediately feel the touch of the goddess in his heart, a huge leather shoe kicked head-on. Come here.

The 45-size leather shoe was kicked on Jia Ming's face in an instant, and he was about to smooth his handsome facial features, and the goddess's hand was also not touching.

"You kid doesn't have eyes on walking! I didn't know how to apologize after hitting Laozi. Do you know how much the watch I was wearing? 2 million!" The man swore at Jia Ming.

Hearing this familiar and rugged voice, Jia Ming came back to his senses all at once. Recently, he looked up and saw that the person coming was unexpectedly, it was Wang Mang! The fairy jumped into the man who cheated him of money.

Yuanjia has a narrow road!

Chapter: 1508

Jia Ming saw Wang Mang clearly, and Wang Mang also saw Jia Ming clearly. Although there was still a big gray mark on his face, it didn't affect his facial features.

"Oh yo yo, it turned out to be you kid! I didn't expect to meet you in Yuncheng, and see if your kid who looks like a dog now has money again? If you know, you can quickly hand over the money, or else I'll kill you!" Wang Mang lifted Jia Ming from the ground as he said, the scene at this time was exactly the same as when he was in the hotel!

"You liar, the situation that day was all set by you, right? I told you that I didn't finish this matter with you!" Although Jia Ming was caught and his neck was strangled so much, his tone was very serious. tough.

As soon as Jia Ming's voice fell, he slapped his face, slapped his head, and his face became stiff, as if he was not his own.

"What liar? How did those who are not liar talk to me? You are unlucky when you meet me today. Give me the money quickly, or I will kill you!" Wang Mang threatened Jia Ming with a bandit gesture. write. Passers-by were also surprised by the situation here, but Wang Mang's tyrannical aura was like no one would dare to step forward to stop him, and no one wanted to be nosy.

Magnolia, who came out with Jia Ming, shouldn't be able to watch Jia Ming being bullied and beaten like this, looking at Wang Mang with cold eyes, and said angrily: "This is the 21st century. Please have a bit of quality, not force. It will result in things!"

Listening to the sweet voice coming from her ear, although Magnolia was angry, her voice was very pleasant. Wang Mang turned her head and saw that there was a peerless beauty standing beside him, and the beauty bubbled him for a while. Nothing has recovered.

Unlocking Jia Ming's hand, Wang Mang walked in the direction of Bai Yulan, his eyes were walking around him unscrupulously, and the Harazi was about to fall to the ground.

Jia Ming was released for the first time and did not rush directly to fight Wang Mang. There is a big difference in the size of the two people. Looking at his lumps, it is impossible for him to be his opponent, so Jia Ming is very Smart send a message to shake people away.

The reason why he was snatched by Wang Mang before was that everything on his body was that he was in Qiancheng and he had no connections. Now he is in Yuncheng's turf. If he still suffers from this kind of anger, he will simply find a pit and bury himself. Forget it.

"Take your wretched eyes, my goddess is not something a liar like you can see!" Jia Ming was very brave and stopped in front of Magnolia.

"Yo-yo-yo, don't forget that you were beaten by me like a dog not long ago. Believe it or not, I shook out all the affair between you and my wife? Make you faceless?" Wang Mang caught Jia again. Ming's collar threatened.

This kind of thing was heard by his goddess. The expression on Jia Ming's face was a bit unnatural, but he said it all. If he denied it, it proved the truthfulness of his sentence. It is better to be threatened by him. Hard against him head-on.

Just got a message on the mobile phone, those friends said that he would be there in a while, and Jia Ming was also fearless, and he happened to be able to be a hero in front of Magnolia.

As soon as Jia Ming turned his eyes, he immediately left with an idea, and then shouted loudly: "Come on, everyone! This long gorilla-like man was given a green hat by me, and he is still running. Come and show off, do you think this man has a brain disease! I have never seen a green-headed ghost who likes to be cuckold so much!"

Originally, I was thinking of threatening Jia Ming with this incident. Who would have thought that this kid would do a better job and just shake this thing out. Wang Mang only felt that his head was green, and his heart was hairy when he looked at him with strange eyes. .

Wang Mang burned his fist in anger and slammed it in the face of Jia Ming: "What nonsense is your kid, believe it or not, I will kill you!"

The fist kept hitting Jia Ming's face. The attack was not something that could be expressed in a cruel word. It could be seen that he was a face-loving person and wanted to kill Jia Ming very much.

Jia Mingzhen, who wanted to be quick to speak for a while, thought that his taunt was so useful, Wang Mang went straight away, punching him with punches!

Jia Ming prayed in his heart, but those friends on the phone said they were coming soon, why there is still no human figure now, wouldn't it be a lie to him?

If that's the case, he would be beaten to death here today because of a word of his own...

Chapter: 1509

"Shao Jia is there, hurry up!"

Someone yelled in the distance, and the person with a stick rushed over, and the onlookers dispersed as

soon as they saw this.

Wang Mang was taken aback for a moment. He didn't expect that so many people would suddenly appear. Even if he was stronger, he could hit two and one and three, but wouldn't it be easy for a dozen or so people to deal with her?

In a panic, he could only release Jia Ming who was beaten so badly by her, trying to run away when those people didn't come, but Jia Ming grabbed his foot at this moment.

"Let go! Let me go!"

Wang Mang was anxious and looked at the menacing people, as if he had come here, Jia Ming was still holding him at this moment, without any hesitation, Wang Mang directly kicked and squeezed his foot on his face.

In a flash of nosebleeds, Jia Ming's face was beaten blue and purple, and he looked very miserable. The white magnolia on the side was a little unreadable. He quickly came up to stop him, and Wang Mang raised his hand and pushed the white magnolia. Arrived on the ground.

Just when Jia Ming didn't say anything, when the group of people had arrived at this moment, more than a dozen people carried the guy in their hands and fought towards Wang Mang, and the situation reversed in an instant.

Magnolia, who sat up on the ground, took out a tissue to help Jia Ming wipe the blood off her face, her face felt a little distressed.

Anyway, it's a friend. If she didn't come out and take her shopping, how could she encounter such a thing? It was beaten like this.

After being wiped by the fairy sister herself, Jia Ming felt a little airy. He closed his eyes as if he was in a fairyland, and the pain on his face disappeared.

"Shao Jia, what to do with this person!" The dozen or so people who had just arrived here later had already confined Wang Mang.

Only then did Jia Ming come back to his senses. There is another enemy here who has not been solved properly. He stood up from the ground swayingly, and suffered a lot of pain from Wang Mang's fists and feet everywhere. He endured the pain and walked away. Arrived in front of Wang Mang.

"Do you really think that Xiaoye is a good bully? Once you bullied me in Qiancheng, you really thought I was afraid of you. Fuck, you dare to look for me in Yuncheng, do you know this is my site? Even if I killed you, no one would dare to say a word. If you don't believe me, you can go and find out who I am, Jia Ming!"

Although Jia Ming's face was bruised and swollen by Wang Mang, his arrogance and domineering arrogance were all shown thanks to the advantage of the crowd.

Barbaric like Wang Mang, surrounded by so many people, he can only become a counselor. The eyes of people around him are full of fear, like a mouse meeting a cat, bullying and fearing hardship just like Jia Ming.

"Jia... I didn't know your identity before, Young Master Jia, you have the most, so I bullied you, and you all came out to gang up, so that we can meet each other in the future!" Wang Mang's rough face, but showed a pleased expression at this time.

Don't say how proud the fake Jia Ming is at this time. It's really cool to let the enemy say such soft words, but he is absolutely impossible to let it go. Really, his identity as the young master of the Jia family is. Virtual! Not to mention being robbed of money, he was beaten twice in a row!

Jia Ming's gaze fell on Wang Mang's dark arm, and he saw the famous brand watch he was wearing on his wrist. This watch is not unfamiliar, but it was a limited edition that he had previously bought at a high

price.

Seeing this watch, Jia Ming thought of the scene of being jumped by the fairy in front of him, and the light of his being stripped walked past the gazes of everyone, and he was very angry when he thought of it. This is simply a shame.

When Jia Ming raised his hand, he slapped Wang Mang's rough face with a slap, a loud slap, and his hands hurt.

"What kind of thing are you, do you still have the face to meet with me?" Jia Ming said hello to the dozen or so people: "Hit me hard. It's best to beat him half-deadly. It's best to take off your clothes clean and leave them in the square. Anyway, it's okay to be embarrassed."

For this kind of thing, more than a dozen people began to fist and kick Jia Ming, and when they were almost fighting, they began to pick up clothes.

This kind of revenge scene Jia Ming is very happy to appreciate, but Magnolia is still here, the fairy sister is a godlike figure in the sky, how can she see such a filthy scene dirty her eyes, so Jia Ming also had to take Magnolia and left.

Chapter: 1510

After Jia Ming and Magnolia left, they were provoked and thrown into an exhibitionist who was beaten to death in the food street where they did not go through.

The girls passing by were shocked when they saw Wang Mang who was naked on the ground, and they screamed and avoided. On the contrary, those men pointed and pointed and discussed Wang Mang, whether he was asleep when someone else's wife was caught and raped in the bed before he was beaten. Threw it out.

Many people took out their mobile phones to take pictures, and the laughter and mockery reached Wang Mang's ears without concealment.

If Wang Mang was in his heyday at this time, someone would say that he would just grab the man and give him a fight, but now he was seriously injured, his arms and legs were discounted, and it was difficult to move.

At this moment, he is even more miserable than Jia Ming who was embarrassed in the hotel that day. It is like an exhibition, being visited and photographed mercilessly, and he also appreciates the abuse and ridicule of others. .

Perhaps Wang Mang, who is arrogant and domineering, never thought that he would end up where he is now. He thought he would do Jia Ming's business and he would immediately develop in the future.

So he directly gave his infamous wife to a trafficker. No matter how tender Xiaoyue said, he was sold for 20,000 yuan.

A selfish person like Wang Mang, who has so much money, could not share it with others. If he has money, it is natural to find a more beautiful woman.

He came to Yuncheng in an unrestrained and comfortable manner. He didn't expect to meet Jia Ming just like this. He thought he would be able to blackmail his last fortune and make a fortune, but he didn't expect to hit the gun directly like this. It was unlucky!

Wang Mang just lay helplessly on the ground. She didn't know how long she had been watching ginseng. During the whole process, she closed her eyes tightly, enduring the humiliation, and it was dark before she knew it.

Suddenly, Wang Mang felt that a piece of clothing was put on his body. It felt like he was hanging on a cliff of ten thousand feet. Suddenly someone passed a rope and wanted to pull him up.

Opening his eyes, Wang Mang realized that standing in front of him turned out to be a young man holding a broken bowl, leaning on a wooden stick, wearing a tattered dress and a dirty face. He was only twenty-five and sixteen years old.

The coat he was covering was also dirty, so don't think about it, you know that it was a beggar who took it off.

"It's also a poor man! I saw you being thrown here by a few people at the beginning. I didn't expect it to be dark, and you were still here." The beggar sighed and went to help Wang Mang up.

A violent pain came from the arm held by the beggar. Wang Mang screamed and quickly said: "Don't, don't touch me, it hurts!"

When the beggar saw Wang Mang's appearance, he knew that he was seriously injured. Since he has done good deeds, he must do the good deeds to the end. You can't let people lie down here and let others watch ginseng, right?

The beggar turned around and opened, Wang Mang didn't know what he was going to do, watching his savior left like this, he was a little anxious not to let the man leave.

"Don't, don't leave me here!"

The beggar squatted down and patted him lightly. Then he explained, "You stay here for a while. I'll find a car to take you to the hospital. I can't let you lie down here, right?" boom!

Wang Mang's heart seemed to have been hit hard because of this sentence. He was such an arrogant and domineering person. He had never done anything like drinking, playing cards and fighting, and even robbed him when he had no money.

He likes to ravage others and look at others begging for mercy. He never thought that he would fall into the way he is now, at a moment when she was so desperate. Someone even reached out and handed him a hand, and he was a one-meter-long man who started crying.
