

Dont mess 1631

Chapter: 1631

“What’s going on? Am I still trying to be more Wang Ji? Why am I lying here?”

Yu Sheng opened his eyes and looked at the people standing around him, Bai Magnolia, Jia Rou, Song Houhou, Jia Ming Wanghu, and even Nie Qing.

As soon as Yu Sheng opened her eyes, Magnolia rushed into Yu Sheng’s arms, tears like pearls fell on Yu Sheng’s body and wet his clothes.

Magnolia’s distressed cry came from her ears, and the sound seemed to be about to penetrate Yu Sheng’s soul. Yu Sheng hugged Magnolia’s delicate body in her arms with distress, and even wanted to rub it into her body.

“You finally woke up and you don’t know how much I worried about you. Don’t leave me again this time, okay? Don’t worry about me anymore!” Magnolia sobbed.

Yu Sheng gently patted Magnolia’s back and comforted her: “Isn’t this something wrong with me? It’s just why I can’t remember what happened?

I don’t remember when I was still competing with Wang Ji. Why did I pass out inexplicably? Could it be that Wang Ji won?”

Thinking of the existence of this possibility for the rest of his life, his heart sank to the bottom. If he hadn’t won the champion of the Heavenly Tournament, he would have no way to wake up Xiao Shui and get Magnolia back from the hands of the movie fighter.

its not right!

When I thought of this, Yu Sheng realized that Magnolia was in her body since she woke up. What happened? Could it be that you are an adult who kindly put the white magnolia back.

Even if that’s the case, he loses. There is no chance that Wang Ji will save his life in this competition?

Jia Ming, who has always been quite talkative, answered all the doubts in Yu Sheng’s heart at this time: “Master, you suddenly shot out two golden lights in your eyes, and you immediately killed Wang Ji! It’s so handsome!

After Wang Ji died, you also fainted somehow, but you woke up after fainting for two minutes, which surprised us!”

Was Wang Ji killed by himself like this?

For the rest of my life, I never thought that Wang Ji would die so easily?

Jia Ming seemed to see the doubt in Yu Sheng’s eyes. So he pointed to Wang Ji’s body not far away:

“Master, if you don’t believe it, that guy’s body is still lying there, you can go and take a look!”

Yu Sheng stood up dubiously and walked to Wang Ji’s corpse. A hole of blood was shot from the center of Wang Ji’s eyebrows on the ground, which directly penetrated his head. The bleeding from seven holes was very ugly, and his body was completely unhealthy. Life is indeed dead.

It was clear that all of this was in front of Yu Sheng’s eyes, but Yu Sheng still felt that things were weird. He always felt that it was not very real and came to the spiritual realm subconsciously, wanting to ask what happened to Xiao Ningyu.

“Xiao Ningyu, your mental attack this time is even more powerful than the last time! Since you directly killed your opponent in seconds.”

Xiao Ningyu touched her nose very proudly, and said in a milky voice, “That’s natural, you don’t understand what practice makes perfect, Master, you must give me some rewards!”

After getting Xiao Ningyu’s exact answer, Yu Sheng’s holding heart was also let go, and his expression

also stretched, and he came to Xiao Ning's side and touched her head with a smile and said, "I want some candied haws this time. , I promise you all."

Xiao Ningyu stretched out five fingers excitedly, but said in his mouth: "I want ten candied haws."

After leaving the spiritual realm for the rest of my life, I only felt that my whole body was very refreshed, and it seemed that I had never felt as happy as I am today.

In fact, he can understand that after defeating the most powerful opponent, he will not be able to face more powerfully than Wang Ji. The champion of this tournament is none other than him.

Now that Magnolia is back, I will go to see the masters of the temples after the Hundred Days Convention is over, and ask about the cure for Xiaoshui's coma, and their family can live together in a reunion.

Thinking of this for the rest of his life, he once again brought Magnolia into his arms and kissed him hard on his face.

The good news came one after another. Yu Sheng won the game against Wang Ji. Wang Hu also won in his match. The final final was when Yu Sheng played against Wang Hu.

When I went back, Wang Hu directly announced to everyone that he would surrender in the finals, which in turn caused everyone to cheer for the business, as if all this has become very beautiful. Since the end of the good rest of his life with Wang Ji, his mouth has been Nothing has been closed.

Chapter: 1632

Successfully won the champion of this celestial conference, Yu Sheng followed the instructions of the shadow fighters to the palace where the hall masters of the temples were. After meeting the hall masters, he asked him how to heal Xiaoshui.

On the way back, the group of people laughed and laughed. Yulan's hand holding Magnolia had never been released for the rest of his life. It seemed that the hands of the two people were glued together in this way.

"The two of you are true. On the way, you either kiss or hug, or hug or talk about love. The dog food is full, and my stomach is full. I really want to be separated from you as soon as possible!"

Jia Rou, who has never been very talkative, also started to complain. She really couldn't stand it anymore, and she felt that there would be needles in her eyes again.

Jia Ming raised his middle finger without contempt, and squeezed out a few words viciously: "Show your love, die quickly!"

As a result, his voice just fell off, and Yu Sheng gave him a slap on the head again. The painful Jia Ming cried to his father and called the wife to complain to his sister Jia Rou.

Song Huiyu and Bai Yulan both covered their mouths and gave out bursts of laughter, which were very pleasant.

"For the rest of my life, I seem to have drunk too much water. I want to go to the toilet, so let me go for a while!" Bai Yulan said with a slightly red face and a little shy.

Yu Sheng reluctantly kissed Magnolia's hand, and then reluctantly let go of her hand and let Magnolia go to the bathroom.

"Hurry up and go back!"

The lingering meal of their little couple evoked contempt from the surrounding people. Yu Sheng didn't put others' words in his eyes at all. He only had white magnolia in his eyes, regardless of what others said!

I don't know how long it has passed, but Magnolia still hasn't come back, and she's a little anxious for

the rest of her life. There is a vague sense of uneasiness in my heart, in fact, you have to check whether the white magnolia is better.

Song Huiyu seemed to see Yu Sheng's thoughts, and said with a chuckle: "Master, you don't have to worry about it. Girls usually go to the toilet for a long time. Wait a while, Magnolia will definitely come back!"

In the end, Yu Sheng still did not follow Song Hun Hun's suggestion, and he still insisted on walking towards the bush.

The scene that appeared in front of Yu Sheng by breaking the bushes completely shocked his heart. At this moment, Yu Sheng seemed to have no way to think, just staring at the scene in front of him blankly. Outside the bushes, Magnolia was lying on the ground, her eyes tightly closed. There was a red scar on her slender neck. Almost all the white bones in her neck could be seen. She was about to have her neck cut off.

The blood was still flowing out, dyeing the grass under her body and her white dress.

For the rest of his life at this moment, it seemed that he had forgotten how to breathe, and he walked hard towards the body of Magnolia with trembling hands.

Before he squatted down, a line of clear tears slipped from his cheeks onto the white Magnolia dress, soaking a small spot of water.

It seemed that he had just woke up from a nightmare, usually with scarlet eyes and blue veins on his head for the rest of his life. With trembling hands, he wrapped Magnolia's body into his arms, and he could still vaguely feel the temperature on Baiyunlan's body that had not yet cooled down.

The rest of his life at this moment seemed to be like a wild beast in anger. He looked up to the sky with a long roar, and the surrounding mountains and rivers seemed to be shaken by his miserable roar that was about to collapse.

Yu Sheng pressed Magnolia tightly to his chest, and the blood on Magnolia's body stained Yu Sheng's clothes red.

"Yulan, don't scare me, wake up! Don't scare me, okay? Let's go home together and see Xiao Shui together, he is still waiting for us to save him!"

For the rest of her life, she tried hard to wake her unconscious lover, but she was helpless. Ten minutes ago, Magnolia thought she was in her arms and her face was full of shyness and happiness.

After ten minutes, she turned into a corpse, never smiling at him again and never hugging him like a baby.

I didn't even marry this beloved woman home, so that she can live a happy and stable life, and have time to have a child with her, so why did she leave like this?

At this moment, Yu Sheng's heart seemed to be broken into dregs, and all fell to the ground, and there was no way to heal it. Magnolia died, and Yu Sheng's heart also died!

Chapter: 1633

"Why did something happen for the rest of my life?"

The group of people heard Yu Sheng's long roar and hurried over. When they saw the scene in front of them, they were shocked.

"What is going on? Yu Sheng? Wasn't Magnolia good before? How could she be like this when she went to the bathroom?"

During this period of time, Jia Rou had regarded Magnolia as her best friend, and the two of them were both born and dying, and they were unwilling to accept the fact that Magnolia was already dead.

Jia Ming couldn't help but burst into tears and burst into tears: "Why did you die like this, Sister Shenxian? How can you bear to leave me and your master? Who killed you? I must avenge you!" Song Hou Hou also looked at the scene in front of her with a sad expression. She was not familiar with Magnolia, but she felt sorry for the sadness of her master.

The face of Wang Hu, who has always been silly and silly, who only knows to eat or is smirking, is also very heavy. He seems to be able to feel the sad emotions of the rest of his life.

The surrounding voices seemed to be inaudible for the rest of his life. There was only Magnolia in his eyes. He was really not reconciled. Magnolia died like this.

Even if Yu Sheng knew in his mind that the white magnolia had no vitality, even the heartbeat stopped and the temperature gradually became cold, but he was still unwilling to accept this fact, and poured out a few life-saving pills from the bottle. The pill, stuffed into Bai Yulan's mouth, trying to use the pill will kill Bai Yulan.

It was not useful. The dead had no way of swallowing things. When Magnolia's head dropped weakly to the side, the medicine pill fell out of her mouth again.

The rest of his life at this moment was really fragile, and it would shatter at the touch of it. Seeing such a white magnolia, he was about to collapse with such an uncomfortable feeling. He buried his head on the shoulder of the white magnolia and burst into tears.

It doesn't matter if a man doesn't flick lightly when he has tears, this sentence is completely bullshit in Yu Sheng's eyes. If Magnolia can survive now, it doesn't matter if he cries to death or makes him cry into tears.

The rest of his life was completely trapped in the fact that Magnolia died, and I even forgot to find the murderer who killed Magnolia to avenge Magnolia.

When Yu Sheng was completely isolated from the outside world, the phone rang at this time. Yu Sheng, originally didn't want to pick it up, but he took the phone out of his pocket with a ghostly hand.

The person calling was an unfamiliar number. After answering the call, Yu Sheng heard the voice of a familiar woman from the phone. It was Li Yun who was not someone else.

"For the rest of my life, you have received the gift I gave you? Even if I am not by your side now, I can still imagine what your face looks like now?"

Li Yun's crazy laughter came out of the phone, and it was extremely harsh. Yu Sheng's hand holding the phone was a bit harder, almost squeezing the phone into pieces, but he restrained himself and did not do so.

"Li Yun, I want to smash your corpse into thousands of pieces, dig out your grandfather's corpse by your father, your aunt, and whip the corpse, but I will not understand my hatred!" Yu Sheng had scarlet eyes and squeezed a few from his teeth. Character.

If possible, he really wanted to appear in front of Li Yun and kill this cruel woman!

"Oh, are you angry? But I like to see you angry. What can I do if I win the Heavenly Conference? Even my own woman can't be protected, after all, it's a waste.

I know that my current strength can't kill you, but I can kill your lover and make the child you care about the most!

Hurry up and go home. There are still two corpses in the house, waiting for you to sign for it! "After saying this, Li Yun laughed wildly again.

Yu Sheng could no longer suppress the anger in his heart. He almost turned into a sane devil. Angrily, he squeezed the phone to pieces, and the glass of the screen plunged into Yu Sheng's flesh, and the blood followed him. Fingers kept flowing down, but at this moment he didn't seem to feel the pain anymore.

Perhaps someone now stabbed a long knife into his body severely, and the rest of her life would not make any response. The death of Magnolia broke Yu's heart.

Recalling what Li Yun had said, Yu Sheng picked up the body of Magnolia, and now he has only one idea to go home!

Chapter: 1634

It was already three days after Yu Sheng returned to Qiancheng. After all, Qiancheng was too far away from the Xuantian Conference, and even if Yu Sheng was anxious, there was no way to change the distance.

Aunt Huang was standing outside the door of the Yu's villa, as if waiting for Yu Sheng to return. Seeing Yu Sheng, she got a weird smile on her face when she got out of the car.

Since Xu Jingjing's accident, for the rest of her life, Aunt Huang was no longer allowed to work as a nanny in the Yu's house. Instead, she bought a villa for the mother and son, and arranged for a nanny to take care of her there. Now he appears again in Xu. The door of the house looked a little weird.

But now the rest of my life is completely immersed in the sorrow of the dead Magnolia, and worried about the safety of Xiaoshui and Yueyue. Where can I take care of Aunt Huang?

For the rest of her life, she wanted to enter the villa, but Aunt Huang stopped in front of him, without any intention of giving way.

"For the rest of your life, you also have today for the rest of your life!" Aunt Huang seemed to be crazy, completely different from the honest and honest her in her daily life.

On weekdays, when I see Yu Sheng's face, I will always call Mr. Yu respectfully. Even though Xu Jingjing's mood is abnormal for a few days after her death, she will treat the rest of her life respectfully and dare not complain. But today is very different.

"Aunt Huang let go!" Yu Sheng tried hard to suppress the anger in his heart. He is very impatient now. If the person in front of him is not Aunt Huang, he will even slap the person blocking his way to death.

"What if I refuse? For the rest of my life, you also have today for the rest of your life. You killed my daughter. Now Miss Bai is also killed by you. Even Xiaoshui and Yueyue are also dead. Sure enough People close to you won't have a good end!"

Speaking of this, Aunt Huang's eyes were full of anger. She looked at the ringtone as if she was looking at the murderer of her own daughter. She could no longer control her and rushed directly up, grabbing Yu Sheng's neck.

"You are a mourning star, I will choke you to death, choke you to my daughter's funeral!"

Aunt Huang's hysterical screaming is also very powerful in her hands, which is not as strong as his weak body can use. She has a sense of suffocation for the rest of her life.

Yu Sheng pushed Aunt Huang away, always considering her age and not daring to hurt her, but ordered that Aunt Huang be imprisoned first, and he ran into the villa alone.

Yu Sheng came to Xiaoshui's room for the first time. When he saw the person lying on the children's bed, the legs under his feet seemed to be out of control. Yu Sheng fell to the ground, mentally as strong as she could not accept what happened before her. matter.

Compared with the death of Magnolia's death, Xiaoshui's death made Yu Sheng no way to accept it. At the very least, Magnolia made people wipe his neck with a knife.

And Xiao Shui was naked, his fingers were cut off one by one, and his toes were the same. They were placed side by side on the bedside table and were very conspicuous. The limbs of the corpse were also chopped off, and the head was placed in random directions. It's also separated from the body. If you use

one word to describe it, it's a big deal.

For the rest of his life, he lay on the ground feebly, tears running down the corner of his eyes, dripping on the floor of the room, and there was almost no way to breathe in his throat as if it was stuffed with cotton.

In just a few days, from great joy to great sadness, the three most important people in his life all died, and the death of his favorite son was so tragic. No matter how strong the rest of his life is, he feels that he will also be about to die. Can't hold on anymore, the tight string is really about to break.

What if he won the championship of this honour meeting? What can I do if I learn about the cure for small water? It's a pity that people are no longer there.

That little figure once stood in front of him and said that he would protect his father when he grew up, but now he is no longer there, no longer...

Chapter: 1635

For the rest of his life, he got up weakly from the ground, but at this moment he was extremely weak and timid, he didn't even dare to go up and look at Xiaoshui's horrible corpse.

Suddenly, there was a smell of sweetness in his throat, and he vomited, and the floor tiles instantly turned bright red.

For the rest of his life, he breathed the air in large mouthfuls, as if he would suffocate to death if he slowed down. His standing figure swayed as if he might fall down anytime and anywhere, trembling with his hands closed.

"Yueyue, Father Yueyue is back, where are you? Yueyue!" Yu Sheng was slightly hoarse, and a crying voice spread from Yu's villa.

He called his daughter's name over and over again, every time he came back from the rest of his life, he just called Yueyue's name gently, little guy, no matter where he was? He seemed to be able to hear Yu Sheng's voice, and he usually walked out with his short legs, but Yu Sheng called so many times this time, and there was still no one responding to him.

Yu Sheng knew in his heart that Yueyue might have been killed too, but in his heart he was unwilling to believe it. If his only daughter, Yueyue, had died, then there really was nothing in this world. She can be nostalgic.

Shaking his legs, he came to the bathroom for the rest of his life. He lifted his trembling hands into the air, but he didn't have the strength to open the door.

He was afraid that there would be a horrible picture in his eyes, and for the rest of his life he was afraid that he would really not accept this fact, but he had to face it.

After staying in front of the door for a long time, Yu Sheng finally closed his eyes and made up his mind to open the door. As soon as the door opened, the water poured out of the bathroom.

The bathtub is full, and I keep overflowing outside, but there is a small corpse floating on the surface of the bathtub. She is wearing a pink princess dress and holding a Barbie doll in her hand. , But her face was gray, and her eyes were round and staring at the direction where Yu Sheng was.

thump!

Yu Sheng's body seemed to be wiped out of all the strength in an instant, and he fell directly to the ground like this, tears gushing out like a flood, Yu Sheng couldn't help crying anymore.

He didn't even have his only hope, Yu Sheng's fists were tightly clenched, and his whole body was trembling constantly, and his heart was covered with pain, anger and hatred.

He couldn't hold on anymore and stood up from the ground and rushed out of the villa. At this moment,

he didn't care about anything, he just wanted to kill Li Yun himself.

Regardless of Li Yun's current status, what about the disciples of the second-ranked Solanum of the Four Lords of the Temples? Even if Li Yun was the lord of the temples, he would kill the woman with his own hands.

When he rushed out of the villa, the sky was already dark, and a round of blood moon hung high in the sky. For the rest of his life he lost his mind because of anger, he didn't even notice the difference between the blood moon in the sky, and his heart was full of eyes. Find Li Yun for revenge.

But as soon as he left the door of the villa, a cold light flashed out of his figure, and a dagger was directly inserted into Yu Sheng's body.

When Yu Sheng followed the Qianqianyu hand and looked up, he discovered that the person who stabbed him was no stranger, and it was Yang Zi's biological mother who returned his ex-wife Xiaoshui.

"For the rest of your life, you killed my son. Don't let you go down to the funeral with him. Let's go to death with the bitch of Magnolia!"

Yang Zihuan roared hysterically and pulled out the dagger inserted into Yu Sheng's body, and inserted it again, time after time, time after time...

Yang Zihuan seemed to be tireless, holding a dagger and thrusting it into Yu Sheng with all his might, as if he would never give up for the rest of his life.

The pain in his stomach made Yu Sheng's mind a little awake. I don't know how many knives and forks he had suffered before pushing Yang Zihuan away.

If an ordinary person had suffered so many knives, he would have died long ago, but the rest of his life would be the mid-term strength of the great master, how could he be killed by an ordinary person.

"Why don't you die for the rest of your life? Magnolia's death, Xiaoshui's death, Yueyue's death, and Xu Jingjing's death are all because of you. How many people do you want to kill while you are alive?"

Yang Zihuan staggered up from the ground and walked in the direction of Yu Sheng step by step. She kept shouting in her mouth, and then threw the bloody dagger in her hand in front of Yu Sheng.

"Li Yun knew that you would go to him for revenge, so she directly arrested Jia Ming, Jia Rou, Song Hou Hou, and Wang Hu. If you kill yourself now, maybe he will let those people die, but you If you insist on going, all those people will die because of you!"

Yu Sheng looked at Yang Zihuan with bigger eyes and incredible. At this moment, he seemed to have forgotten to think about why Yang Zihuan knew Li Yun and Jia Ming.

Picking up the phone for the rest of his life and calling Jia Mingbo, he doesn't believe what Yang Zihuan said, he wants to verify it himself!

There were no one answering two calls in the past. For the rest of his life, he tried one by one, but no one answered them. At this moment, he also had to believe this fact.

Chapter: 1636

"For the rest of your life, is it not enough for you to kill the closest people around you? Do you want more people to die for you?"

Think about how innocent those people are. They just know you and will be killed by you. Everyone is so young. You shouldn't have the heart that they just die because of you!"

Yang Zihuan's voice penetrated Yu Sheng's heart like magic, and those people involuntarily flashed through Yu Sheng's mind. Why should the sins he made bother those innocent people?

He doesn't have any souvenirs in this world. His favorite woman and his favorite son and daughter are all dead. What's the point of being alive?

If you really want to talk about right or wrong, Yu Sheng only regrets that he didn't kill Li Yun to death, which caused the current tragic scene, everything is all because of himself.

Unknowingly the rest of his life was surrounded by a mellow internal force, he slowly raised his hand to the Tianling cover, as long as he made up his mind, it was all over with the palm of his hand.

What I didn't notice for the rest of my life was that the blood moon in the sky became more dazzling and bright red, as if even the moon in the sky was looking forward to the rest of my life.

"What are you waiting for! Hurry up and die! Don't hurt those innocent people anymore."

Yang Zihuan's voice came over again, and the impatient emotion was suppressed in his tone.

Originally, he was about to stop for the rest of his life, but suddenly stopped when he heard Yang Zihuan's voice.

After defeating Wang Ji before, there was an overwhelming joy, which made the rest of his life completely fall into joy.

Then there was the sudden murder of Magnolia, and the incident of Xiaoshui and Yueyue. Almost one thing, another thing after another, every thing made the girl have no way to accept, challenging his bottom line.

At this moment, it is very rare to have a delusion in the rest of his life. This kind of strong stimulation, in other words, no one can hold on to it.

For the rest of his life at this moment, his head was very clear for some reason. The person who felt like drunk was dizzy and suddenly a basin of cold water poured down from his head, which made him sober. It was this short moment that made Yu Sheng realize that this matter was abnormal. The eyes of the person whose face was gray for the rest of his life suddenly flashed with cold light, like a person on the verge of death, suddenly came back to life.

Yu Sheng's gaze subconsciously looked at the blood moon hanging in the sky, the bright red dazzling white magnolia, the scene of Yu Hai, the terrible body of Xiaoshui, and the scene of Yueyue drowning in the bathtub. At this moment, all it kept showing in Yu Sheng's mind.

At this moment, Yu Sheng suddenly realized that perhaps all of this happened was not the truth, and that these tragedies did not happen in reality, but were deliberately produced by others through external forces.

When Yu Sheng discovered this problem, the people who created this illusion were still trying their best to continue to die for the rest of their lives.

"Yu Sheng, what are you doing in a daze? If you don't die anymore, Li Yun is going to deal with your friends. Do you really bear the heart for them to die like this?"

At this moment, Yang Zihuan came to Yu Sheng with a twisted face and grabbed Yu Sheng by the neck as if he wanted to strangle him with his own hands.

Knowing that everything that happened in front of him was not true, Yu Sheng would not be merciful to the illusion of Yang Zihuan in front of him, and hit her directly in the forehead.

Sure enough, when the rest of his life fell, Yang Zihuan's figure was like a bubble, suddenly turned into stars and disappeared in front of him.

This scene has better understood Yu Sheng, the guess in his heart, that all this is really not a real occurrence, but an illusion, and sincerely created an illusion for him to kill him.

Yu Sheng's gaze once again looked at the blood moon in the sky, and now he really didn't want to stay in this illusion anymore!

Chapter: 1637

The scenery in the illusion is exactly the same as in the reality, and even the character of the characters is not much different, but it is more extreme, but there are corresponding reasons.

If it hadn't been for a moment of light in Yu Sheng's mind, he wouldn't have discovered that all this was abnormal but an illusion.

Yu Sheng didn't know who helped him in the situation at that moment. It was probably Xiao Ningyu, who besides him would intervene in the affairs of the Olympic Games.

I don't think about these things anymore. The most important thing now is to find a way to get out of this illusion. After all, everything here is unknown. I have been in this place for three or four days. I am trapped in this place forever, and what is illusory will become a reality if I can't get out?

In this created illusion, everything is incomparably true and normal, and for the rest of his life he can feel the pain of Yang Zihuan stabs the dagger into his body.

If you want to go out, where will it be a breakthrough? Yu Sheng subconsciously raised his head and looked at the blood moon. He was the only exception in this illusion. How could there be a red moon under normal circumstances?

Without any hesitation, Yu Sheng directly ran the thunder palm and struck towards the blood moon. boom!

The things in front of him burst instantly like shards of glass, and what appeared in Yu Sheng's vision again was the scene on the test field of the Grand Tournament.

When escaping from the illusion, Yu Sheng's spirit was in a trance for a moment. Suddenly for a moment, he couldn't tell whether it was reality or illusion, whether he had escaped from the original illusion and jumped to an unknown illusion.

Yu Sheng raised his head again and looked at the sun high in the sky. The beam of the sun was dazzling and dazzling. Yu Sheng just took a look, and quickly turned his gaze aside.

Suddenly Yu Sheng thought of something, his eyes turned to the place where Magnolia was sitting on the spectator stand. Just seeing Magnolia's delicate face, Yu Sheng's heart melted, and a smile appeared involuntarily at the corner of his mouth.

Whether the current scene is an illusion? As long as what happened before is not true, that Magnolia is dead, and Xiaoshui and Yueyue are not killed, it is enough to know this.

Bai Yulan didn't know why Qiang Qiang was still standing there, and the rest of her life who was motionless suddenly opened her eyes and smiled at her, but she also subconsciously responded with a sweet smile.

The test was not over yet, Yu Sheng walked out of the illusion, and Wang Ji, who was not harmed by Xiao Ningyu's mental attack, also slowly recovered.

"Why did your kid get out of the illusion? It's impossible. It's impossible! My stupid brother is already an exception. You turned out to be the second person to come out. It's just like my neck is the blood bead with a vase!" Wang Ji was shocked at first, and then said angrily.

This is the baby he is proud of! Unexpectedly, it failed for the second time. This gave Wang Ji a way to accept the fact that the doctor in front of him was still alive.

Wang Ji was ten years older than Wang Hu. When Wang Hu was seven or eight years old, Wang Ji was already an adult. At that time, he was very jealous of his genius brother Wang Hu. Everywhere he felt crushed by his brother. It was uncomfortable, which made him feel crooked.

They all took the treasures placed in the ancestral hall of the Wang family, that is, the string of red Buddha beads that she is wearing now on her neck. This is the most precious treasure of the Wang family. It is now in the ancestral hall. Who gave him this treasure, who made him so brilliant.

Since there was no way to surpass his younger brother, Wang Ji simply had a murderous intention. He had heard his father Wang Hong say that this string of blood beads could destroy a person spiritually without leaving any evidence.

That day, Wang Ji experimented on Wang Hu. I thought that Wang Hu would come out of the illusion. But I had a problem with Wang Hu, and he loves to eat, so I don't want to eat for a while. His life is even more uncomfortable.

Chapter: 1638

"Using this method to deal with me, you should predict that you will die miserably next!" Yu Sheng stared at Wang Ji with cold eyes, as if these words were squeezed out of his teeth.

All that he experienced in the illusion really made Yu Sheng almost collapsed. He couldn't beat the opponent in the competition field, and he didn't want to see the scene in the illusion because he was afraid of being beaten to death.

If it were not for personal experience, others would have no way to imagine how desperate and painful he was at that time. Even if he returns to real life now, everything that happened in the illusion is still deeply engraved on him. The heart is lingering.

From Wang Ji's words, Yu Sheng also learned that the reason why Wang Hu became mentally unsound was related to Wang Ji, and it was probably caused by him alone.

Nine thunder whip!

A three-meter-long whip suddenly appeared in Yu Sheng's hand, and he swept the whip towards Wang Ji like a poisonous snake with a big hand.

Wang Ji, who had just escaped from the mental attack brought by Xiao Ningyu, still didn't have a complete recovery of his thoughts, and was messy for a moment. When he wanted to dodge, the whip had already wrapped his body.

The overwhelming power of thunder and lightning swept Wang Ji's whole body, seeing that his whole body was trembling non-stop, and his eyes began to have a tendency to roll his eyes.

After the paralysis effect had passed, Wang Ji's whole body was still burnt by the power of thunder and lightning carried on the Nine Thunder Whip as dark as he had been fished out of charcoal.

Yu Sheng hated Wang Ji so much that he gritted his teeth with hatred. Why did Wang Ji have no hatred for Yu Sheng again? This guy has consumed his magical weapons time and time again without the slightest incident. This is a great provocation.

Wang Ji stared at Yu Sheng steadily, using that powerful black internal force to directly hit the dozens of red beads in the direction where Yu Sheng was.

Can it still be used like this?

For the rest of his life there was a moment of loss of consciousness. He never thought that the use of this bead was really strange. The previous absolute defensive ability was already shocking, and then it was an illusion that tortured the mind and wisdom enough to force people to break on their own. Now there is even a physical attack.

Dozens of red beads shot past the place where Yu Sheng was as if he had eyes. This time Yu Sheng is really hard to hide. Even if he waved the whip in his hand, he wanted to try to beat those red beads. But it didn't have any effect.

The red beads seemed to come out of illusion. They passed directly through the whip of nine thunders, and the forceful ones shot towards Yu Sheng, there really was nowhere to hide.

Yu Sheng wanted to dodge, but those beads made a 360-degree turn, and once again launched an

offensive against him, so that Yu Sheng could only escape passively, and there was no room to stop and counterattack.

This situation is not a solution at all, and if it continues like this, sooner or later, the internal strength will be exhausted, and Yu Sheng is so cruel that he wants to change it.

Just as he stopped and was about to face the dozens of red blood beads that were flying towards him, suddenly it seemed like a drop of water fell on his forehead and directly penetrated into his skin.

What's happening here?

He remembered that it was a sunny day when he took the sun high cover. How could it rain? But what happened to the drop of water just now?

Yu Sheng subconsciously touched his forehead and when he put it in front of his eyes, he realized that there was a touch of red on the fingertips, and even some stickiness.

This feeling is not brought about by rain, but blood. Whose blood is this inexplicably flying to the center of his eyebrows? What kind of purpose does it have?

But now I don't even bother to think about these problems for the rest of my life. Those blood beads are overwhelming, just like shooting from the direction of Yu Sheng, that powerful aura can even directly penetrate Yu Sheng's body.

Chapter: 1639

The dozens of red blood beads that originally galloped towards Yu Sheng seemed to have stopped in an instant, since they had slowly fallen into Yu Sheng's hands.

This kind of magical picture completely shocked Yu Sheng, and the shock to Yu Sheng is nothing more than a muscular man over two meters tall walking towards you angrily, looking like he wants to clean you up, not really. When I came to your side, I felt your head flutteringly.

Not to mention that Yu Sheng didn't know what happened, even Wang Ji, who owns this treasure himself, was completely shocked by the scene in front of him. His eyes were so big that he seemed to be about to pop out of his eye sockets.

The appearance of Yu Sheng reorganized the cognition in his mind again and again, which made Wang Ji almost crazy. He is now very curious whether the Yu Sheng standing in front of him is a human being? How powerful is his treasure, Wang Ji knew better than anyone in his heart, and those dozens of blood beads would normally be shot into a nest of ants for the rest of his life.

Regardless of speed or strength, people like Yu Sheng, who only have a mid-term level, have no way to stop them. They can only wait for the result of death.

But why did the blood drop fall into Yu Sheng's hands like this? The blood bead is handed down from generation to generation by the ancestors of the Wang family. Only the Wang family can truly use it.

What is the basis for the rest of his life? He is just an ordinary boy from the secular world.

"Yu Sheng, who on earth are you? What is the connection with my Wang family?" Wang Ji directly shouted out all the words in her heart, she really wanted an answer urgently.

Listening to Wang Ji's yelling words in his ear, Yu Sheng didn't have much thoughts to pay attention to, but instead focused on the few blood beads in his hands.

Being able to stop suddenly under such a powerful offensive, Yu Sheng saved his life, so that he was already very content, Yu Sheng still had a wishful thinking that he wanted to use this blood bead against Wang Ji, it was simply impossible.

But in the final analysis, it's an advantage for a lifetime. I just put the blood bead into my pocket. For the rest of my life, his eyes fell on Wang Ji's body. Now there is only one task left, and that is to solve the

damned person in front of him. .

Wang Ji watched Yu Sheng just put his own treasure into his pocket, which made him unable to accept it.

He didn't intend to talk any more nonsense to Yu Sheng, now the most important thing is to kill Yu Sheng quickly and snatch his treasure back from him.

Both of them came towards each other with a strong killing intent. The two internal forces collided, and Yu Sheng, who was full of fighting spirit, gained the advantage under this offensive, and Wang Ji was shocked by Yu Sheng's retreat. Ten steps to kill, spit out a mouthful of blood.

Wang Ji wiped the corners of his mouth unwillingly. When he collided with Yusheng before, it was obvious that he was the one who had the advantage, so why did he fail now? Wang Ji couldn't understand.

After stabilizing his figure, Wang Ji was unwilling to attack Yu Sheng again. He didn't believe that he would be younger than him, and he was still a kid from the secular world.

He is the number one genius, and no matter who is the champion who deserves to be the champion of the Grand Tournament, no one is qualified to be his stumbling block. If anyone dares to stand in the front, kill him!

Wang Ji had scarlet eyes in a desperate posture, and he rushed towards the place where Yu Sheng was with a long roar.

Mo Xuanjian has been destroyed, and now the blood beads he made for his life are still in his pocket for the rest of his life. Wang Ji does not have all the two magical weapons on his body, and he can only fight with Yu Sheng hard and hard, he doesn't believe it. I will lose to this young man!

Wang Ji's behavior is to follow Yu Sheng's heart anyway, and he is confident that he can win the battle with Wang Ji for the rest of his life.

The eyes of Magnolia on the spectator stand never moved away from Yu Sheng's body, and his hands were folded on his chest, which was tense.

In the past, I was worried when I saw the game with my own eyes. I hope I can be with him by his side.

Now I really came to the venue of her game. Watching him compare with others, I felt even more worried and scared. NS,

"You must win the rest of your life!"
