

Dont mess 1641

Chapter: 1641

“Come on for the rest of your life!”

When the people who despise all the food and beverage families in Xishang looked very heavy, suddenly a female voice yelled. Under the circumstances where the needle drop was audible, the cheering sound was extremely clear and loud.

The person who yelled this voice was Magnolia. The woman Li Yun was gone, and there was no danger between her and Jia Rou, so that she could cheer for the rest of her life regardless.

I’ve been holding back in Magnolia’s heart this life for a long time. She wanted to shout out loud like this a long time ago. Although now Yulan’s victory is set, Magnolia is still shouting in her throat. As long as she can hear his voice for the rest of her life, it’s enough. .

The cheering voice of Magnolia made Jia Rou also stand up and shout together as she did. Jia Ming, Song Houhou and Wanghu also stood up, cheering for Yu Sheng together.

There are hundreds of people in the competition field. Although only five of them are cheering for Yu Sheng, this invisible power makes Yu Sheng feel refreshed, which is more useful than taking stimulants. Yu Sheng’s fists on Wang Ji’s body were happier. From the beginning of resistance to confusion, Wang Ji allowed Yu Sheng’s fists to hit him constantly. The ribs in front of his chest were all broken by Yu Sheng, and his internal organs were also broken. Beaten up and cracked.

Blood kept pouring from Wang Ji’s mouth, and the scene was as if the faucet that had been opened could not be closed again.

At this moment, the image of Yu Sheng changed again in the eyes of everyone. If Xing Heng was said to be a great demon before, how about the rest of life now is not Shura who crawled out of hell?

Cruel means and powerful, in this kiss meeting, he wanted to kill no one can not kill, so in comparison, Yu Sheng seemed to be the biggest demon.

Under the crit of this fist, Wang Ji wouldn’t be able to resist it, no matter how strong he was. Slowly, Wang Ji’s body stopped moving, and his head was weakened to one side, and there was no vitality.

“The rest of my life wins!”

I won the game for the rest of my life. The victory is worthy of the name. What if Wang Ji’s magical weapon is no matter how powerful it is? The ultimate winner is the rest of his life after all.

The movie star on the spectator stand looked at Yu Sheng with a serious expression. At this moment, he was really puzzled. He didn’t know if he should cheer or be angry like the Magnolia beside her and the second daughter.

He couldn’t figure it out before, why would the lord favor this young man from the secular world?

Although he has some talents, but after all he can’t let go of his children’s love, and has a heart of stone, how can he sit still? Where is the head of the temples?

But now the movie fighter suddenly understood that if a person really has no feelings, then it is really a walking dead, and there are people who can’t let go, only then can a person be truly powerful and truly fleshed and blood.

At this moment, all the prejudice against Yu Sheng in the hearts of the filmmakers disappeared. This was from the competition and finally he saw that Yu Sheng had proved himself, and that he had defeated Wang Ji in this day-to-day competition.

Originally, he thought that what the owner said was too exaggerated. How could a kid in the world win the Qingtian Championship? And the rest of my life really did it!

An uncharacteristically faint smile appeared on the face of the film warrior, and that faint smile did not match his cold face.

Now that Yu Sheng had won this game, he also had no reason to bring the two girls back to the dungeon. It was time to fulfill the original promise.

The movie warrior took another look at Yusheng last, and then turned around and disappeared from the blue sky conference, as if he had never been here before.

“Can’t let him win any more, summon all the people from the Sejong Sect, we need to get rid of this hidden danger!”

Someone in the crowd said, everyone around him nodded by default, and then left the competition venue.

Chapter: 1642

“I miss you for the rest of my life, I really miss you, and seeing you again is like dreaming!”

Magnolia held her arms tightly for the rest of her life, smelling the familiar aura on her body, the feeling as if she had passed away.

In these short days, Bai Yulan and Yu Sheng almost experienced life and death. The reluctance to leave from the beginning, was suddenly caught and walked through the ghost gate, and finally met her at this moment. The people who think about night are together.

Looking at the person holding him tightly for the rest of his life, he was in a daze. The scenes that happened before him were the same as some in the illusion, which made him feel a sense of fear inexplicably.

Even so for the rest of his life, he still hugged Bai Rulan greedily and smelled the fragrance in her hair, which seemed to rub the little man in front of him into his body, so that he would no longer be afraid of him disappearing and leaving.

“You hurt me...”

Magnolia was held tightly in his arms by Yu Sheng, and she was almost out of breath when she was oppressed. He knew that Yu Sheng’s mood at the moment should be the same as him, but if it continues like this, she will really be suffocated to death. .

Yu Sheng quickly let go of the Magnolia, and said very reproachfully: “I’m sorry I was so excited, where does it hurt? I’ll rub it for you!”

Jia Rou, who was standing by the side, looked at the two people standing in front of her with very complicated expressions, her heart was sour, she even felt very congested, she was about to suffocate from the uncomfortable.

When Yu Sheng was away, maybe Jia Rou could really get along with Magnolia and be a good bestie, but now Yu Sheng, the only man she has ever moved, is actually holding another woman in front of her. It was uncomfortable at all. At this moment, she was really jealous of Magnolia.

If possible, how much Jia Rou hopes Yu Sheng will look at her so distressedly. It must be a very happy thing to be able to enjoy the love of such a man.

Jia Rou smiled bitterly and turned around to leave. When she turned, there was a figure suddenly running towards her, and then she hugged her.

Who would be if it wasn’t Jia Ming who dared to do this?

“Sister, I really miss you! You don’t know how much I have suffered in this place, you must make up for me when you look back!” Jia Ming rubbed his sister’s arms like a child. , There is no sense of the difference between men and women.

Jia Ming, who had never had a mother since he was a child, and a serious father in the family, Jia Ming is still very dependent on Jia Rou.

“Okay, okay, can’t I make it back to you? How about it? Is there any eye-opener for you during today’s meeting? I learned something from it,” Jia Rou calmly patted Jia Ming on the back and comforted.

“Don’t say it, I would not come if I knew it was like this. You said that I am an ordinary person, how can I fight their martial arts practitioners! Those are all not good, the lowest level is still in the realm of masters!

I went up with my three-legged cat and I was almost beaten to death, but fortunately, I have my master. He gave me his medicine and I got better so quickly, otherwise I might still be on the ground. Lying down!”

These days, he also suffocated Jia Ming. He always ridiculed himself when talking to Yu Sheng. He always ignored himself when talking to Song Wanwan. He couldn’t understand him at all when talking to Wang Hu. Now he met his own elder sister. , Of course, I want to vent all the grievances in my heart.

“You have a master who is as good as the rest of your life, and sooner or later you will become very good. I will wait for you to protect me in the future!” Jia Rou smiled and encouraged.

“Sister, that’s natural! You don’t know that I have cultivated my internal strength these days!” Jia Ming said excitedly, and would show Jia Rou at random.

In order not to discourage Jia Ming’s ambition, Jia Rou pretended to be shocked and asked Jia Ming to show her quickly.

Jia Ming clapped his hands and glanced around and saw a mineral water bottle, besides a tree or a tree, he didn’t have the ability to count a number, so he could only put his mind on those leaves.

“Sister, you are optimistic, I’m going to make gong!”

Chapter: 1643

“See Sister Wu?”

Jia Ming looked at Jia Rou with excitement, and Jia Rou looked at the unmoving tree, not knowing how to speak.

Just now, Jia Ming’s majestic and mighty one didn’t have any trouble at all. Jia Rou, who had always been very smart, didn’t know how to deal with the current scene.

Even so, Jia Rou couldn’t bear to hit his younger brother’s heart. As long as he was willing to study hard, it was a good thing. It was better than going to some entertainment venues all day to be a dude.

“Yeah, I see, I still have to keep working hard!”

The two have been together for more than 20 years. Whether Jia Rou is acting or not, Jia Ming can tell at a glance, pushing away the old sister’s hand and said angrily: “I know you deliberately comforted me. Did you notice that my internal force made the leaves move?”

Speechless.

In Jia Rou’s heart, apart from being speechless, she didn’t know what to say. If it weren’t for what his brother didn’t say, she thought it was just a blow of leaves.

“By the way, old sister, how come you and Sister Shenxian are here? Not everyone can come to the conference today?” Jia Ming suddenly thought of this question and asked directly.

Naturally, Jia Rou would not tell Jia Ming to worry about the things that he had experienced. Jia Rou chuckled and said, “Master Cinematography sent us here. Okay, let’s not talk about it. They are all gone, let’s hurry up and catch up!”

Jia Ming snorted, if Jia Rou didn’t say it, even if he wanted to break his head, he wouldn’t think of what

happened.

The only thing he could understand was his old sister's thoughts on Yusheng. He understood but he could only sigh for the old sister.

Sure enough, Wang Hu successfully defeated his opponent and won one of their matches. In the final final, it was really a match between Wang Hu and Yu Sheng.

Wang Hu finally surrendered unsurprisingly, and Yu Shengli won today's conference as expected.

This one thing is consistent with the illusion. If Yu Sheng's psychology says that he is not afraid at all, it is true. After all, what happened in the illusion is really too scary for him.

.....

Standing outside the gates of the temples, Yu Sheng looked at the towering and domineering buildings that made him feel shocked. The power of the temples is not only reflected in their strength, even his palace is also exceptionally magnificent and domineering.

As long as you open the gates of the temples, you will be able to see Pei Tianqing, the master of the temples. When it comes to this step, Yu Sheng's heart is still a little nervous.

What happened in the illusion, the movie warrior directly told Yu Sheng about the treatment of Xiaoshui, he hadn't seen the palace master, and now it was a little different.

Taking a deep breath, Yu Sheng finally made up his mind and pushed open the door of the temples with his hands.

What catches the eye is the gorgeous decoration inside the temples. If you hold the palace, it is even more gorgeous than that.

Suddenly a white figure appeared on the main seat that was still empty, with a faint smile on his face, those cloudy eyes looking at Yu Sheng, with a look of gaze in his eyes.

"I've seen Master Palace for the rest of my life!"

Yu Sheng knelt down on one knee and bowed to Pei Tianqing, the lord of the temples. The person in front of him is a person who can really make Yu Sheng respect from the heart, although his breath seems very stable, and there is nothing like an ordinary person. It's different, but the doctor wouldn't foolishly think that the temples of the gods are so powerful, and how could their masters be ordinary people?

"Hahahaha, let's get up! You don't disappoint me, the kid is not interested in joining the temples!" Pei Tianqing laughed heartily, and then initiated an invitation to the doctor.

There are really not many people who can personally invite the Lords of the Temples. It is a great blessing to be able to obtain such a privilege for the rest of his life.

If it were anyone now, he would agree without hesitation, but the rest of his life would hesitate at this moment.

Everything that happened in the illusion flashed in his mind again. If he really joined the temples, there would be many things he could do, but the girls now really only want to be with their wives and children. , Live a good life, don't want to find any more excitement for life.

Only when people who have really experienced so many life and death can they understand all this, and sometimes the ordinary life is the real happiness.

"I'm sorry, the lord, how can I dare to enter such a sacred place as the temples for the rest of my life.

The most important reason for participating in today's conference is my son. He is unconscious now.

This is the only person in the world who knows to heal my son. I'm afraid it's only you."

Chapter: 1645

“If this is the case, then naturally I won’t force it. If you give your son to him, he will wake up!”

The hall master waved a small white jade bottle so it fell on Yu Sheng’s hand out of thin air. Seeing the bottle in his hand, Yu Sheng naturally would not suspect that the hall masters of the temples would lie to him.

The small bottle in this hand, although it contains a pill, it is more valuable than the aloof, powerful shopkeeper of the temples and the powerful internal power technique Gongtian Shenlu for the rest of your life. high.

“Thank you, Lord, your kindness will be kept in mind for the rest of your life!” After thanking you for a thousand graces, Yu Sheng withdrew from the temples.

What he wants to do most in his heart now is to quickly go back to Yu’s house to give Xiaoshui the pill. He wants to hear Xiaoshui call him his father, and he will be extremely contented.

Of course, the most important thing is to make sure that Xiaoshui is safe. Song Houhou used to take care of his family very actively when he went out. Now Song Houhou has also come to participate in this Hangtian meeting.

The children in the family are not protected. If the enemy finds the door, it will be a tragedy. Compared with what happened in the fantasy world, it will not be any better.

Yu Sheng went back in a hurry. During the free time when Yu Sheng left, a few people even discussed taking a trip to relax in this beautiful place.

“Huangtian Conference is over, and all the people visiting the mountains and water are pretty good. The main reason is that I still have children at home, so I don’t worry about being taken care of by others.”

Yu Sheng expressed his worries.

In this beautiful place, the only downside is that there is no signal, and the rest of my life has no way to call the nanny at home to ask about safety and so on. Without knowing the specific situation, the rest of my life is extremely worried.

At this moment, Song Huiyu covered his mouth and chuckled: “Do you think I would just leave like this regardless? I have asked the Song family’s elder to take care of it. I think there will be no surprises with him.”

Recalling the great elder of the Song family, for the rest of his life, he still vaguely remembered that he was a good old man. When he challenged the hidden door, he did not use a big bully to kill himself.

Lao Song’s strength is of course needless to say. If he testifies, Yu Sheng can carry it and put it down a lot at the moment, but it is naturally impossible to follow them in the mountains and water. After all, Yu Sheng is still anxious to treat Xiaoshui medicine. Give it to him.

Magnolia naturally understands Yu Sheng’s thoughts. In fact, Cao Li also wants to go home and see Xiao Shui. She is smart, and all she has seen since she came back is Xiao Shui in a coma.

After such a long time together, Magnolia has long regarded Xiao Shui as her own son. No matter if she and Yu Sheng have children of her own in the future, she will regard Xiao Shui as a treasure.

“You have fun, Yu Sheng and I will go back first, and we will get together again when we have time.” Bai Yulan smiled at everyone and said goodbye.

During the rest of his life in this poor rural area, he took the bus for the rest of his life, and finally booked a plane ticket to Qiancheng, and successfully arrived at Yu’s home in the afternoon of the next day.

Looking at the huge Yusheng’s villa in front of him, someone could not help reminding Yusheng of what happened in the illusion. Now he knew very clearly that he had walked out of the illusion.

But everything he experienced in the illusion seemed to be deep in his heart, reminding him all the time how helpless that kind of pain and despair was.

Careful Magnolia saw the unnaturalness on Yu Sheng's face, and asked worriedly: "Why don't you stand still? And her face is still so ugly, do you think of something bad?"

The soft and soft voice of Magnolia came into Yu Sheng's ears. This voice seemed to have a healing effect. Yu Sheng, who was still complicated in her mind, suddenly relieved.

Yu Sheng pulled out a smile at the corner of his mouth, and then hugged Magnolia's slender waist: "I'm having trouble, go in, let's go in!"

Chapter: 1646

"Yueyue!"

As soon as Yu Sheng entered the villa, he yelled into the villa. After a while, there were footsteps and the voice of the little girl yelling to father happily.

"Dad, Dad." Yueyue's milky childish voice spread throughout every corner of the villa, and her voice was also very loud, afraid that she might not hear the same for the rest of her life.

After a while, a small figure appeared at the top of the stairs on the second floor. She was only two years old and usually had to be supported by a nanny when she climbed the stairs. It wouldn't be good if she accidentally fell wherever she fell.

But seeing the rest of his life below, Xiao Yueyue at this moment seemed to have forgotten what fear is, and she had to go down the stairs by herself, which scared the rest of her life, and also scared the nanny who followed. If it doesn't work, he hurried up and hugged Yueyue.

"My sister-in-law, grandma, you can't go down the stairs casually! Come and I will hug you down!" The nanny hugged Yueyue excitedly and went downstairs.

As soon as I went to Xiaoyueyue, I was struggling to get off the babysitter. If I were to slow down for a second, their deciduous teeth would bite people's arms.

Yueyue's personality is a bit headstrong and even a little clever, and he usually thinks of ways to missiles, but for the rest of his life he is not used to it.

The main reason is that the child is too young, and there is no need to have a biological mother as a father who must give him sufficient paternal love. For the rest of his life, he feels that with his current ability, he can also confuse his daughter's safe life.

Yu Sheng hugged Yueyue, randomly clicked on Yueyue's little nose, and said with a smile: "I've only been away for a few days now, you little ni is getting fat again. Shouldn't it be a waste of sleep and food to think about?"

Yueyue's big, smart eyes rolled around, and then she said very cleverly: "Yueyue has a good meal after father left. Yueyue is now very sensible and doesn't want her father to worry about it."

This little Nizi was only two years old and even said that she was sensible of the fact that she was gluttonous, so Yu Sheng laughed loudly.

Seeing the father and daughter laughing, the corner of the white Magnolia's mouth also unconsciously showed a smile.

Although Magnolia has the independent ability of modern women, more of her personality is influenced by her family, and her husband is more conservative. As long as she is happy for the rest of her life, she is willing to do what she does.

This was a small thought that popped up in her heart. He also wanted to have a child with Yu Sheng, even if there were Xiaoshui and Yueyue in this family, Magnolia still wanted to give Yu Sheng a child.

Once this idea came out, it became very strong. Even at this time, Magnolia was thinking about whether to take action tonight? For the rest of his life, there will always be people like Jia Ming who deliberately

make trouble.

After thinking about it, Magnolia made a decision in her heart.

Yu Sheng naturally didn't know what Magnolia was thinking at this time, and thought that because she was close to Yueyue, she ignored her and made her a little uncomfortable, so she was silent.

Holding Yueyue in his arms, Yu Sheng's other hand took the initiative to hold Magnolia's soft and smooth little hand, and the three of them walked upstairs together.

Pushing open the door of Xiaoshui's room, Xiaoshui was lying on the bed as usual. The sunlight shone on the slightly pale face through the window, and it felt as if he was asleep.

Looking at the scene in front of him, Yu Sheng felt a little distressed inexplicably. He was just a small child who shouldn't bear this. It was just that he had an incompetent father like himself, and this was a disaster.

But now everything is fine. With his ability, he won the champion of the Huangtian Competition and successfully obtained a way to treat Xiaoshui.

He opened the white jade bottle that Pei Tianqing gave him, and poured out the only small pill, and there was no reason to take that pill directly to Xiaoshui because of Yu Sheng.

Chapter: 1647

But after taking the medicine, the heart that Yu Sheng was holding still didn't put down his eyes and looked at Xiao Shui unblinkingly. As long as he had a trace of movement, the rest of his life would be able to detect it for the first time.

It's really been a long time since Xiaoshui was in a coma. In that long time, Mingsheng tried to find many ways, and every time he hoped that it would be full to the end, it would be of no use.

What she had just given her in life was the pill given by the masters of the temples of the gods. For the rest of her life, she was still a little frightened. Her two hands were constantly rubbing, waiting extremely anxiously.

Seeing Yu Sheng's nervousness, Bai Yulan patted his shoulder softly and comforted: "Don't worry, Xiao Shui Fu will wake up after his death. Besides, you are like everyone else. The elixir requested by the Lord of the Temple, a man like him, can still deceive you?"

Although the words were reasonable, but for the rest of her life, she couldn't hear Xiao Shui truly waking up.

At this moment, Xiao Shui's fingers moved. Although it was only a slight movement, Yu Sheng was still keenly caught in the bottom of his eyes. Then Yu Sheng quickly grabbed his hand and looked at Xiao Shui ecstatically.

"Xiaoshui, Xiaoshui, you wake up!"

Immediately after Xiangshui's brows wrinkled miraculously, since he opened his eyes slowly like that, when he saw the light beam, he closed his eyes again when he saw the light beam, and he was in a coma for so long. It is normal to feel a little dazzling in the sun.

Magnolia was very frustrated, she closed the curtains, and there was an unconcealable smile on her face, she was really happy for Xiao Shui to wake up from the bottom of her heart.

"Dad...Dad..."

Xiao Shui's voice was very weak, and her voice was dry and dumb, but her father's voice was clearly transmitted to Yu Sheng's ears.

This kind of long-lost cry really waited a long, long time for the rest of his life. He tried many methods for a while, and he still didn't wake up Xiao Shui. He even thought that he would never hear Xiao Shui

calling his father in his own life. Kind of feeling like a world away.

In the next second, Yu Sheng's tears couldn't help but fell. Yu Sheng held Xiao Shui's small hand to his mouth, and the tears dripped down his cheeks onto Xiao Shui's hand.

"Dad is here, Dad will always be there!"

Xiao Shui finally woke up, entangled in Yu Sheng's heart, and the biggest knot was unraveled at this moment. His heart was really extremely contented. The overwhelming sense of happiness was almost swallowed up. He would rather indulge in this joy than wake up.

Fortunately, God is not so cruel, and there is no way to let everything happen in the illusion!

"Aunt Bai, you are back? I miss you so much! Why are you leaving without telling Xiao Shui?" Xiao Shui's eyes saw the white magnolia behind his life, his eyes were red and a little bit complaining. Said.

How do you know whether to hate or not in a child's heart? He only knows who treats him well, and he gets close to whom.

Although the beautiful aunt in front of her is not his biological mother, she cares for him better than her biological mother. This is something Xu Qianqian and Yang Zihuan can compare.

Nourishment is bigger than birth. Xiao Shui has been with Magnolia for so long, completely understanding the sentence the teacher said in the book.

During the days when Xu Qianqian was tortured, the strong Xiao Shui was silently endured. He never felt that his experience had anything to do with Magnolia, but he was a little bit blaming her for leaving suddenly and letting him go. Every night I fell into incomparable miss.

Magnolia, who was still pretending to be strong, couldn't help but cry when she heard Xiao Shui's words. She could hear how much Xiao Shui cared about her, and knew how much harm she had caused him to leave without saying goodbye.

"Sorry, it's all Aunt Bai's fault. No matter what happens in the future, Aunt Bai will never leave you like that without saying goodbye." Bai Yulan stretched out her four fingers to make a swear gesture and said in a very sincere tone. .

Chapter: 1648

night.

Magnolia, who wanted to do something on the good day, looked at the two children on the big bed and completely dispelled the thoughts in her heart.

People who reunited after a long absence are always tired, and the two uninvited children squeezed into the bed between her and the rest of their lives.

What else can Magnolia say? Is it possible to still question the expulsion of the two children? She can't do this kind of thing.

With a helpless sigh, Magnolia deserves to turn her head for the rest of her life, listening to him telling fairy tales with the two children.

Looking at the man in front of him for some reason, Magnolia was actually a little fascinated. Yu Sheng is not so handsome compared to the celebrities he has seen, but he has a special charm on him, which is ordinary. Men can't compare.

It was such a handsome man who didn't seem to be so handsome, and even thought of some ordinary men, completely attracted her heart, even spotted this man, and regarded him as a lifelong support. Unknowingly, Magnolia had a silly smile at the corner of her mouth, showing a state of nympho. This situation has never happened to him, this noble and elegant lady of the Bai family. This is the first time. Yu Sheng coaxed the two children to sleep, only then noticed that he stared at the magnolia who was

smiling there, Yu Sheng touched his face subconsciously, and even narcissistically thought that his face value was reached, which can make people fascinated. To the point.

Quietly, Mimi got out of bed, Yu Sheng glanced at Magnolia, it was weird that she was still giggling there.

Yu Sheng came to the bed and hugged the Magnolia on the bed directly from the bed. This sudden action made him laugh silly. After half a month, he woke up completely. He just wanted to scream and saw two The sleeping child quickly covered his mouth again.

“Sleep well, what are you doing?” Bai Yulan asked in a low voice, but there was indeed an inexplicable sense of joy in her heart.

Yu Sheng coughed twice and said solemnly: “This bed is too small for the four of me to sleep, so let’s work harder. Change the place to sleep and make room for the children so that they can sleep more comfortably.”

It was the first time in the rest of her life to speak, how could Magnolia not understand? A shy expression appeared on his face, and he stretched out a small pink fist and gently punched Yu Sheng’s chest twice.

“No! You can sleep well, okay? You let me go, I’m going to sleep here!”

She was very eager to take her away for the rest of her life, but Magnolia had to pretend to be unwilling. A woman’s heart, a needle on the bottom of the sea, and duplicity are all too normal.

Yu Sheng could actually see Magnolia’s little thoughts. Without considering his opinions, she carried Magnolia out and closed the door of the room. Only then did she pat her soft buttocks.

This feels surprisingly good for the rest of my life, and I even took another shot with a bit of meaning, and then I stopped very satisfied.

“Don’t think I can see it. When these two little guys opened the door and broke in, your face was full of loss without any concealment. The little thought in your heart, I can still Can’t guess?”

After Yu Sheng had pierced the thoughts in her heart, Magnolia’s face was as embarrassing as a red apple, and she was about to bleed.

“If you say this again, I will ignore you, I don’t even think so, okay?”

It’s normal for a girl to have a thin face. The girl looked at Magnolia’s shy look, the more she liked it, especially her red face, Yu Sheng didn’t resist reaching out and squeezing his face.

“Yes, you don’t think so. I think so. Looking at your maternal love today, do you really want a child? Let’s make one!”

Chapter: 1649

“Miss Bai, are you okay? If something is uncomfortable? I’ll get you a private doctor.”

A nanny in her early 20s, watching Magnolia limping down the stairs, thought Magnolia was injured! Magnolia, who had just gotten out of bed and fell apart, was already even more uncomfortable. Now that she heard this sentence, she even had the urge to beat her for the rest of her life.

Yesterday, the guy really didn’t know that he was tired, but he had been tossing from the night, and during the day, she was now a problem walking.

“No...nothing to do with me.”

After all, Magnolia was a newcomer, and she was shy when asked about this topic. Her face flushed immediately, and she endured the pain to make her walk look normal.

She really couldn’t understand, Yu Sheng, that guy was clearly the one who worked hardest. Why did he rush to the company in the morning and he was still refreshed? Is his strength really inexhaustible? Is it

endless? On the other hand, this unmoving tired half-dead.

To be honest, Magnolia was quite hungry. After going downstairs, she sat down and started eating breakfast.

There are two babysitters in the Yu family. One is the younger one who is responsible for cleaning the house and the other is the older one who is responsible for the daily life of the two children.

Compared with the first-class families, the Yu family is still a lot more frugal. Those who have double-digit servants are very accustomed to them, and the Yu family is relatively small. The most important thing is that the rest of their lives focuses on thrift and quiet, and don't like such extravagance and waste.

When Magnolia had breakfast, the two nanny muttered in the kitchen and started talking.

"What were you talking nonsense just now? Don't say such things in the future!" The older babysitter scolded the little babysitter with a severe expression.

The little nanny didn't know what he had done wrong with the full-faced question mark. Just now, I just asked a question out of kindness, why should I be taught a lesson?

"Why didn't Aunt Li let me say it? I just cared about Miss Bai just now?"

The older aunt's surname was Li, so she called her Aunt Li. Although it sounds weird, it's the same after a long time.

Aunt Li lied in the little nanny's ear and whispered to her to explain the reason. When she heard that it was the little nanny, she blushed after a brush, and then she knew how wrong she should have said that in the morning. .

It is their blessing to be able to work in such a wealthy family. Coupled with the fact that the rest of their lives are better, the life of their servants is naturally comfortable.

After listening to the things Aunt Li said, the little nanny flashed through Yu Sheng's tall and stalwart figure inexplicably, and his face became even more red, even a little bit of spring in the heart.

Aunt Li was a person who came by, and she could see the inner thoughts of the little nanny at a glance. Who wouldn't want to be a rich person like them, who are used to their hard life?

Moreover, the babysitter is now in his 20s and looks good, and there are certainly many opportunities to work in Yu's home to be able to contact the rest of his life. Anyway, this kind of thinking is also natural.

Aunt Li stretched out an index finger, clicked on the head of the little nanny, and kindly reprimanded:

"Don't disturb your thoughts. Don't think that your young Mr. Yu can like you, and you too Don't look at how far you are from Miss Bai.

Do you know what the Diliba people are called Yangchun Baixue? Compared with Miss Bai, you are a heaven and an underground. We are born to be poor, and people are born to be rich.

Work hard in yoga, don't move those crooked minds and make some money to find an honest person who loves you, loves you, marrying fortunately, is it a good thing to live a lifetime? "

Aunt Li who came from the countryside would feel a little inferior in character when she was with those from the city, the first time she saw Magnolia. I thought it was the gods in the sky who had descended to the earth.

Aunt Li is in her 40s and 50s, and her family has a daughter in her early 20s. Seeing this little nanny is equivalent to her own daughter, she can't help but teach her a lot. It's just for her in my heart. .

Many young girls nowadays have come into contact with something, but they think that they have become superior and lost themselves.

The little nanny was said to be a little angry, but he knew in his heart that Aunt Li was doing her well, so he curled his lips and said, "I know."

When he finished saying this, his eyes still looked through the kitchen glass to the white magnolia who was still dining.

I usually eat more casually on my own. Now I see Magnolia and eat so elegantly and dignifiedly. Even his every move can attract the attention of others.

At this moment, the little nanny realized that there is really a gap between people.

But he couldn't help thinking boldly, if he was also as rich and rich as Miss Bai, perhaps he would not be much worse than her.

Thinking of this, the little nanny took out her mobile phone and took a picture of Magnolia's meal, looked back at Aunt Li, and saw that she had found out that she put the mobile phone back in her pocket.
