

Dont mess 1741

Chapter: 1741

The next day, the rising sun rose.

As soon as Xu Yang walked downstairs, the servant who was busy in the kitchen walked over and said to him: "Mr. Xu, Mr. Yu asked us to tell you that the woman has been resolved and he will never show up to disturb you again. Let you take good care of Aunt Huang. He left beforehand. If you have anything to do, call him."

"What? Mr. Yu left?" Xu Yang, who was still a little confused in his mind, heard this and immediately became sober.

He looked at the servant, and saw that the servant nodded to confirm, he immediately returned upstairs, trotting all the way to the room of the same person named Xu Jingjing.

He opened the door and walked in. The room had been cleaned and spotless, and the person named Xu Jingjing had really disappeared.

Xu Yang retired from the other party's room and knocked on Aunt Huang's door. After knocking for a long time, no one opened the door. Xu Yang pushed the door open and walked in. He saw Aunt Huang lying in bed sleeping. He was worried. I checked before and saw that Aunt Huang was just asleep and nothing happened before she withdrew from the room.

Mr. Yu's movements were really too fast, but it was all resolved within a few days, and Xu Yang thought to the woman who didn't know what to do with him.

What to do with that woman?

After a severe torture, it was handed over to Du Fei and the others. As for where the woman would go in the end and how she would be dealt with, the rest of her life as one of the parties involved in this matter really didn't know.

He is now riding in a car to go to 'Xuantianzong'. Xuantianzong was established on the outskirts of Qiancheng, surrounded by mountains and trees. The scenery passed by Yu Sheng's eyes, and the breeze would occasionally get into the car. Inside, brushed from the person's body.

At this moment, Yu Sheng's cell phone ringing suddenly rang, a burst of cheerful and joyful singing.

Yu Sheng retracted his gaze that had been looking out the window, took out the phone to answer the call, and then placed it gently to his ear.

As soon as I put it in my ear, I heard the chattering voice from the other side. Two people kept calling for the master, asking where Yu Sheng is now?

Yu Sheng smiled faintly and replied: "It will be here soon, and it will be more than 10 minutes at most."

"Be prepared. After I arrive, I will spot check your recent martial arts and medical practice. If you still stand on the same spot as last time, you two will be in trouble."

The two people on the opposite side were very happy when they heard that Yu Sheng said that they would be there in ten minutes. They were happily saying to Yu Sheng that they were waiting for him at the door.

As a result, Yu Sheng's next sentence directly caused the two people who were smiling on the phone to stop the laughter, one or two stuttered, and they hung up the phone without even speaking clearly.

Looking at the phone that just hung up, Yu Sheng curled his lips slightly, thinking that the two people opposite must have been lazy when he was away.

Lazy is not lazy, Zhu Xiaoshuyou Zhu Qingshan looks at every day to work hard to read medical books and various studies, and although Jia Ming is busy with the construction of the sect, he still has time to

practice martial arts.

The two will have this reaction, but they are afraid that their progress will not keep up with the expectations of the rest of their lives, afraid that he will be disappointed in himself.

They were in a very complicated mood. The two stood at the gate of the Zongmen and waited for the arrival of Yu Sheng. Sure enough, within ten minutes, a customized Rolls Royce stopped in front of them, Yu Sheng opened the door from Slowly walked out from inside.

“Coming out to wait for me?”

For the rest of my life, I saw the two of them at a distance. My two apprentices were really idle, and it seemed that I needed to find more things for them.

When Zhu Xiaoshu saw that Yu Sheng was like a kitten, he rushed towards Yu Sheng, and then took Yu Sheng’s arm and said cheerfully, “Master, you are finally back. I’m almost boring here.” ”

Since returning from that mountain village, Du Fei has been sent here.

Every day, either facing Jia Ming, or facing a bunch of friends of her master, her life was so boring that she missed her master very much.

Now that the master is finally back, I wish Xiaoshu how happy it is.

“Master.” Jia Ming also yelled next to him.

Yu Sheng glanced at both of them, Zhu Xiaoshu is still cute and cute, while Jia Ming has gone from the previous dangling, and a qualitative change has taken place.

It seemed that he was right to hand over the affairs of the sect to him.

Chapter: 1742

Yu Sheng crossed the two of them and glanced at the decorated door of Xuan Tianzong. It was the kind of carved wooden door that was very informative at first glance, and there seemed to be some special restrictions on it.

A few steps forward, the rest of my life felt the majesty from that prohibition. No one was guarding the gate. Is this prohibition left to prevent someone from entering by mistake?

Moreover, this prohibition, let alone guarding against ordinary people, is also possible to guard against people who are also practicing martial arts. If the other party wants to go in, it will probably peel off!

Yu Sheng turned his head and looked at Jia Ming: “Who did this?”

“It was Mr. Du Fei, the deputy suzerain. I invited someone to do it. I don’t know who did it.” Jia Ming noticed the master’s eyes and hurriedly replied.

Yu Sheng nodded clearly and walked inside. Not to mention that during his absence, Du Fei was also quite in charge. Yu Sheng thought that the guy was busy with his own affairs and gave “Xuantianzong” long ago. Forget about it.

Lifting one’s feet and walking inside, the entire Xuan Tianzong also has a panoramic view. There are Chinese-style buildings everywhere, with ancient styles, and those carved beams and painted buildings are made of fine wood.

He remembers that he didn’t have much money to send down. Did he secretly invest money in it, Jia Ming?

Worthy of being a rich young master, he got so many good things right away.

“Master... Master, wait for me, I will show you the way...”

When Zhu Xiaoshu saw that Yu Sheng had gone forward, she hurriedly yelled in her mouth behind her, trying to lead Yu Sheng.

Jia Ming hurriedly pulled her back, and then strode forward by himself: “Sister, you have only been here

for a few days and you haven't been familiar with the road. This is all under my supervision, and I should lead the way for the master. ”

The two quarrelsome behind will lead the way for the rest of their lives, but when they finished their quarrel, Yu Sheng had already gone deep.

“Blame you, if it weren't for you, I would have followed the master.” Zhu Xiaoshu found that Yu Sheng had gone awkward, and stepped on Jia Ming angrily.

Jia Ming didn't have time to guard, so he was stepped on such a lively foot, and immediately exclaimed: “You violent woman, if you continue like this, you won't be able to get married.”

“You dare to curse me, right? If you don't marry, I'll beat you forever.”

The noisy noises were getting farther and farther away. When Yu Sheng walked to the hall of the Zongmen, he was seen standing in two rows of people there, one or two old acquaintances or friends.

Yu Sheng quickened his pace and walked forward: “I thought you weren't going out to pick me up, but you still didn't come. You are waiting for me for a long time!”

“The Sect Master is back, how can we not come out to greet you? We just want to surprise you.”

“Yes! Welcome the return of the lord!”

“Sect Master, see if Xuantianzong is satisfied today?”

Everyone rushed to welcome the rest of their lives to the main seat and sat down and said, their voices were bold and violent, resounding through the entire Xuantianzong hall.

“Satisfied, very satisfied, it is hard work for everyone.”

How can you be dissatisfied? Seeing Xuan Tianzong like this, Yu Sheng was not only shocked, but also gratified.

During the time they were away, they did so much, but they have been busy with things outside, and some feel sorry for everyone who is sitting there.

“Sect Master, what's the matter? Did you encounter unhappy things outside?”

The person sitting next to Yu Sheng saw that Yu Sheng's expression was a bit wrong, and asked puzzledly.

“No.” Yu Sheng shook his head. How could he tell those thoughts in his heart? How hypocritical! Yu Sheng changed the topic and asked: “Jia Ming called me several times, saying that something happened in the sect. What happened?”

The people sitting underneath looked at each other, their expressions were a little embarrassed for a while, and they didn't know what to say to Yu Sheng.

“Didn't that guy say it's urgent? Why are you not talking?”

Seeing the hot and noisy scenes under the people slowly became deserted, Yu Sheng frowned. What happened to make everyone under the seat show such an expression.

“Master, look at Senior Sister, she bullied me again...”

The arguing voice came again, it was Jia Ming's voice followed by Zhu Xiaoshu.

A dude, a 10**-year-old girl, the two collided together, it was as noisy as Mars hit the earth.

Yu Sheng helped his forehead with a look of helplessness.

“The things that happened when I went out recently are all in touch with Jia Ming. When he comes, you can ask him, we are not very clear.”

The people underneath heard the sound from outside the hall and immediately threw the pot to Jia Ming, which looked like a dead fellow, not dead or poor.

So as soon as Jia Ming walked into the hall, there were countless pairs of eyes staring at him, with emotions he couldn't understand.

Especially the master sitting on the main seat, Jia Ming, who was still arguing with Zhu Xiaoshu, instantly became mute, his heart beating wildly, and the whole person standing in the center of the hall felt a little stiff.

Chapter: 1743

“Master, I... I was wrong.”

Although Jia Ming didn't know what happened when he didn't come, his first reaction, the first sentence he said was a direct confession.

Everyone in the hall and the second monk Zhu Xiaoshu who was chasing behind him could not touch their heads.

Then everyone heard him whispering: “Master, I really know that I was wrong. I shouldn't bully the senior sister. She is my senior sister. How can I bully her? I promise I will never be like this next time, don't you angry.”

After his self-confessed apology, everyone in the shop burst into laughter, and even the rest of his life sitting in the main seat could not help but curl his lips.

Yu Sheng pretended to be serious and said with a straight face: “Why do you still bully your senior sister when you realize these points today?”

Looking at Yu Sheng's expressionless face and the laughter of others, Jia Ming was a little embarrassed, and then thought that Yu Sheng was really angry. There was really no way. He could only explain intermittently: “She is so annoying every time. I'm stepping on my tail when I talk, I can't help it! I promise I won't dare to be a master again next time.”

“You can't help it? I can't help but want to beat you, you brat.”

Zhu Xiaoshu was very angry when he heard this, his little hand was clenched into a fist and he was about to smash at the opponent.

“Cough cough...” Seeing that it was about to become uncontrollable, Yu Sheng quickly coughed and interrupted the two of them. He said, “We are talking about the sect. You two, don't be foolish, Zhu Xiaoshu, Come here quickly.”

Yu Sheng rushed to Zhu Xiaoshu to beckon her to come and stand beside her, and then she began to ask Jia Ming, “What happened to the sect? Even you can't solve it. You need to call me and call me more than ten a day. , I really admire you!”

When Yu Sheng talked about it later, he gave Jia Ming helplessly. At that time, he was busy getting rid of that woman at Aunt Huang's house. Jia called to remind him tomorrow, which bothered him.

When Jia Ming heard Yu Sheng's question about this and put away his pitiful appearance just now, he became serious. He stared at the floor with furrowed eyes. He said distressedly: “During your absence, a group of unknown people suddenly appeared. Secretly aimed at the sect, and at the same time robbed us of a lot of resources, but I couldn't find out who these people were exactly no matter how I checked.” The entire martial arts people in Huaxia know that their master Yusheng is valued by the temple, and offending their master is equivalent to offending the Hall of All Living Beings. When they learned that they had established the sect, no one would dare to come and ask for something, and some even came to congratulate him spontaneously.

Now, a group of unknown people suddenly appeared to target Xuan Tianzong secretly, still can't find out?

Xuan Tianzong suffered heavy losses over and over again, and Jia Ming couldn't make up the hole even if he paid for it out of his own pocket. He was only able to make a dozen calls a day and cried his master

back.

“We have robbed a lot of resources, but can’t find out who grabbed it?”

If this kind of support is robbed, clues will definitely be left! Jia Mingfu was born in the second generation and he practiced martial arts, he is also a person with status and status. With his status, it is really too easy for him to check one thing.

Especially this kind of thing that is difficult to erase the traces, Yu Sheng thought about this, his face suddenly turned black, who is this group of unknown people?

Do you really just want to grab resources and make them lose or have other purposes?

I remember him for the rest of my life and didn’t offend anyone! After all, every time he had a grudge, he reported it on the spot, and he would never leave the drama of the spring breeze blowing again?

For a while, Yu Sheng couldn’t figure out who would do this kind of thing behind his back.

Yu Sheng asked: “Did you encounter other things in this process of investigation?”

“Other things?” Jia Ming frowned, thinking about it, but he didn’t even think about it. What happened in the process.

Seeing that he really can’t remember, Yu Sheng didn’t want to embarrass him, so he changed the subject: “No matter how he dares to snatch resources, even if he sweeps his tail clean, he will still leave traces after all. You send someone to do a good job. Check it out and leave the rest to me.”

As soon as he finished speaking, Jia Ming, who was standing underneath thinking back, exclaimed:

“Master, I did encounter one thing when I was investigating. I met a security guard who was armed with a mask. Like a man.

He hit me, causing me to lose the other party’s message when I was about to catch the person behind the scenes.”

The more Jia Ming thought about it, the more he felt that the man he met at the time was not easy, and there must be something wrong with it.

Chapter: 1744

Otherwise, when I was about to get the evidence, how could I miss the evidence because of the other party’s collision.

The more Jia Ming thinks about it, the more he feels that things should be like this, otherwise he really can’t remember what special things he has experienced during this period of time?

“Didn’t you say that you have no clues to find the person behind the scenes?” After hearing Jia Ming’s bluffing words, Yu Sheng looked up at him in confusion.

Jia Ming scratched the back of his head, his eyes dodged and said: “I was about to catch the person behind the scenes halfway through, but because of that person, then...I won’t find a clue anymore, so I’m afraid you will scold me. I just didn’t say”

He stood there at a loss. He didn’t intentionally want to hide Yu Sheng, but this matter was too embarrassing. Jia Ming was afraid that Yu Sheng would dislike his inability to do things and be angry with himself.

After all, he didn’t want to accept him as a disciple for the rest of his life. At that time, it was because of his own shame that he was embarrassed. Jia Ming was actually very confident in his heart, afraid that the master would not want him.

Yu Sheng didn’t know the weird thoughts in Jia Ming’s heart. He was now focused on the person that Jia Ming met.

According to him, that person was dressed very special, obviously he didn’t want people to recognize

him, he wouldn't be an old acquaintance he knew?

Since it is an old acquaintance, then it must be someone who has offended him before, and has hatred with the other party, otherwise he would not do such a thing.

Yu Sheng thought of this and immediately asked Jia Ming: "I was dressed in black and wearing a black mask. Do you remember anything else?"

"The other party dressed up like that on purpose, and I was anxious at the time. If you don't talk about it, I can't remember it at all."

Jia Ming stretched out his hand and knocked on his head, very distressed, he really couldn't remember at all.

The spectators on the sidelines remembered some clues after seeing it, but now the clues are broken again, and they are extremely anxious.

They are Yu Sheng's friends and the first group of people to join Xuan Tianzong first. They are all one-hearted, and what they want most is to grow Xuan Tianzong and get better and better.

However, now they have been robbed by a group of unknown people, and their resources have been lost so much, and they have been over and over again, and their hearts are like being scratched and worried.

"Jia Ming, think about it again! People are different. There must be something special about that person, that is, you can't remember it for a while. Think about it again!"

"Yes, you quickly recall it, don't you want to watch Xuantianzong get into such a predicament?"

"Jia Ming, do we believe you can do it?"

The people on the side rushed Jia Ming to think again, after all, Jia Ming had seen the weird man in black wearing a mask alone.

They can only pin their hopes on Jia Ming, hoping that he can remember a little bit of each other's characteristics so that they can check it.

"I really can't remember." Jia Ming looked at those hopeful eyes staring at him, and lowered his head a little: "I'm sorry for the fight, I let you down."

It seems that I am only suitable for being a dude, and I can't even remember such a small thing. Jia Ming stretched his foot and kicked it in the void. An inexplicable emotion arose in his heart, feeling depressed and uncomfortable. What blocked it.

"Jia Ming, it's a small thing. You didn't disappoint us. Nothing. Your master and I'm still here. I'll check it out. Don't worry."

Seeing that there was something obviously wrong with the emotions surrounding Jia Ming for the rest of his life, he hurriedly uttered comfort from the side. This apprentice was so stubborn that he was not at fault.

But, how can I say I am my apprentice, as a master! Be gentle and caring about things like apprentices. Otherwise, Magnolia would say that she was incompetent as a teacher.

Thinking of the gentle and considerate white magnolia, she shook her head with a calm face and frowned for the rest of her life, and said to the people below, "Don't worry too much, I'm still here! I am! It will be solved!

You can use your relationship to go out and investigate. You don't need to be too active, so as not to be horrified. Okay, after being here for so long, let's all get separated and go and rest. "

Chapter: 1745

For the rest of his life, the people below were dispersed, and now there were no clues. It was of no use to staying here except to increase troubles.

After hearing the words, everyone turned their heads to look at the people next to them, and then they all left helplessly.

The Zongmen Hall, which was originally noisy, was left with the rest of his life and Zhu Xiaoshu standing next to him, and Jia Ming with low hair standing below.

Yu Sheng gave Zhu Xiaoshu a wink, and asked her to quickly pull out Jia Ming from below. The child looked very bad now.

Zhu Xiaoshu lowered her head to look at the corner of her master's mouth and twitched awkwardly, and then looked at the desperate Jia Ming below. She stomped her feet tenderly and left Yu Sheng's side and walked away from Jia Ming.

When she walked to Jia Ming's side, Jia Ming, who had been desperate, suddenly returned to his mind. He looked at the top intently and said firmly with a face: "Master, I'm going to the place where I met the man in black before. I'm sure I'll remember something when I revisit the old place."

"Ah...Ah..." Zhu Xiaoshu stretched out his hand to pull the corner of the other party's clothes, but he didn't pull it until Jia Ming left the hall without looking back.

"Master, what's wrong with him?" Zhu Xiaoshu pointed to Jia Ming who was flying away, looking at the rest of his life behind him inexplicably.

The rest of my life didn't know what was wrong with him? However, listening to the meaning of what he said, I am afraid that there was a word that woke him up.

"Okay, don't worry about him. If he is an adult, can he still be lost?" Yu Sheng looked at Jia Ming's departure direction and waved at Zhu Xiaoshu and said, "Come here quickly and let me see how you have improved recently.?"

What he said not long ago to spot check Jia Ming and Zhu Xiaoshu's martial arts and medical skills is not a joke.

Even if Jia Ming is gone now, I hope Xiaoshu is still there!

"Master..." Zhu Xiaoshu looked embarrassed when he heard the words, and moved one step at a time to Yu Sheng's side: "My medical skills are much better than the previous time, is it all right? Jia Ming hasn't come back yet, waiting for him to come back together. Spot check!"

"No, I'll finish the spot check on you first, and when he comes back, I will spot check on him separately. After all, you two learn differently!"

Seeing Zhu Xiaoshu's appearance for the rest of my life, I definitely didn't have a good study. I've been lazy recently. How else would I have a face of resistance and I don't want to let myself spot check her medical skills?

He remembered that when Zhu Xiaoshu had just worshipped himself as a teacher, he kept holding medical books for three days and gnawed away. He was always fascinated, and he would pester himself to explain to her, how can there be such a resistance like now?

"But we are the brothers and sisters who want to be together, otherwise, if he comes back, I am afraid that he will say that the master is jealous of me, and that guy loves to be jealous the most."

Recently, I have been patronizing to play. Despite the supervision of my grandfather, his progress has not been much. There is no big change from the last time. Zhu Xiaoshu is afraid that Yu Sheng will be angry, so he refused to be spot-checked.

"Okay, no need to say it again." Don't you know the virtue of your apprentice for the rest of your life? He shook his hand with a dark face and said, "Go down and follow your grandfather to improve your

medical skills. Don't just talk about it every day. When Jia Ming comes back, I will check the two of you. If you make a little progress, there will be no improvement. I will send you out of Zong."

The sentence after Yu Sheng was obviously intimidating Zhu Xiaoshu, and with his black face, it looked scary.

"Good master, yes master, I will go down to find my grandfather."

Zhu Xiaoshu shook his long hair, hurriedly left the Zongmen Hall, and went to study frantically.

Zhu Xiaoshu now looks very much like a student who is embracing the Buddha's feet when the exam is approaching, madly picking up and collecting knowledge.

The apprentice's laziness is supposed to be arrogant, but for the rest of my life, I don't have any strength to be angry about this matter.

What he is more worried about is the man in black who just talked about in the hall, and the future of Xuan Tianzong.

As for his two apprentices, don't look at the dangling idiots. In fact, they stand out one by one.

Compared with most of their peers, their strength is pretty good.

"Does this man in black have anything to do with this matter? What do these people want to do?" Yu Sheng tapped the armrest of the chair, whispering.

Chapter: 1746

Now that the enemy is dark, they are like fish on a chopping board, and they may be slaughtered anytime and anywhere.

The only thing I can do now is to calm down, uncover the people behind the scenes, and let everything return to calm.

If they impulsively do something uncontrollable and leave any chance to the enemy, they will plunge themselves into an impossible situation.

As the Sovereign, I always think about many things unconsciously, and the more I think about it, the more disturbing my heart is extremely irritable.

Just in front of Zhu Xiaoshu, I didn't show it well, and now Zhu Xiaoshu is gone, the dryness in Yu Sheng's heart rushes towards his forehead, his internal strength is floating around, his hand is clenched into a fist, and the cup that he just played with in his hand is at this moment. Shattered instantly.

A handful of white and transparent powder sand slowly flowed from his hand, and a horrible and inaccessible aura rose up around the rest of his life.

"Master... Master is not good."

A bluffing female voice sounded, and the sound rang through the entire hall, and at the same time it disrupted the originally tense atmosphere. Yu Sheng immediately regained her momentum and became the same as before, approachable.

He rubbed his frowning brows and asked helplessly at the people who were still in the hall: "The girl's house is quieter, what happened?"

You don't need to see who the so-called comer is, you know for the rest of your life that it is your female apprentice Zhu Xiaoshu.

Didn't this little guy just leave? Why did you turn back all of a sudden?

As soon as he had finished his words, someone rushed into the hall, who was really Zhu Xiaoshu, the apprentice of the rest of his life.

She ran to Yu Sheng, panting and holding her stomach that was aching from running.

Zhu Xiaoshu replied breathlessly: "Your fiancée, Miss Bai, is here."

After finally leaving from his master, Zhu Xiaoshu was about to go back to her room to find her grandfather, Zhu Qingshan, and ask for some medical books.

As a result, after walking out for a while, I met a person, his future wife, the teacher's prospective fiancée, and that Miss Magnolia Bai who was supposed to be in Beijing.

When she saw the beautiful and slim Magnolia Magnolia standing there smiling at herself, Zhu Xiaoshu's entire mind was confused.

How could that gentle woman like the moon appear here?

When her mind was still not reacting, her body reacted first, and she was thrown back and ran back.

When I ran back, I heard the shouts from behind. The voice of the Magnolia lady was so good, just like the oriole that sang the best.

Zhu Xiaoshu didn't know why he had to run back, as if he had seen some evil spirits, but the reaction at that time was to run back.

"Who did you say you saw?" Yu Sheng was also shocked, and he asked in disbelief.

Zhu Xiaoshu immediately pointed to the outside of the hall and said: "It's your fiancée, it's my future wife, she is here."

Why did Magnolia appear here?

Quickly got up from the main seat, the rest of his life passed Zhu Xiaoshu and walked outside the hall. Sure enough, there was a person walking slowly in this direction not far away. From a distance, you could see a woman with a bumpy figure.

With her long hair fluttering in a white dress, she walked towards herself, as clean and innocent as a white lotus that was not stained with mud.

The rest of his life speeded up to meet him, and then took the woman's hand, nervously and asked in disbelief: "Is it really you? Why are you here?"

"Yu Sheng..." The woman didn't answer Yu Sheng's words, but rushed into his arms and hugged him tightly. After that, Yu Sheng felt a warmth on his shoulders and some burning sensation, and The person in is smoking.

"What's the matter? Why are you crying? Is someone bullying you?"

Yu Sheng stood on the spot with his arms and legs helpless and let the other person hold him. He said nervously at the same time: "Is it because someone bullied you, you just came here, you tell me."

"There are no people bullying me, but I have encountered some very bad things. I can't make it anymore. For the rest of my life... I miss you so much!"

Magnolia said softly and tenderly, with crying and deep misses behind her, making the rest of her life that was originally angry, but now there is only a moment of sourness.

He didn't know what to do to stop the person in front of him from crying. He could only hug him, rub his head, and repeat to him: "Don't cry, I'm here, I'm here..."

Chapter: 1747

After Magnolia stopped crying, Yu Sheng brought her into the hall, and then took her to sit down on the main seat.

Yu Sheng slowly squatted down in front of Magnolia. Looking up from the bottom, the woman's skin was white and her eyes were a little red and swollen. Yu Sheng opened her mouth and asked worriedly: "Did something happen? You cry so sad?"

Does she know? When she cried in her arms, her heart was broken.

Yu Sheng pulled the opponent's hand in front of him and rubbed it gently.

Listening to what Magnolia said just now, something very bad must have happened.

“Recently, someone suddenly targeted the Bai family, causing serious setbacks and serious losses to the family’s business.

However, no matter how the investigation was conducted, it was impossible to find out who did it, and the family members were panicked.

I couldn’t help with anything. I tried very hard and tried to help, but in the end I didn’t help.

For the rest of my life, I’m so sad, am I so useless?”

After the other party finished speaking, Yu Sheng hugged the other party tightly. Magnolia’s gentle and kind-hearted Miss Jiaojiao, it is normal to be frightened when encountering such things.

Especially if she still can’t solve it, the feeling of powerlessness must scare her.

Thinking of this, Yu Sheng whispered in her ear and changed the subject: “Nothing, I will solve it, don’t be afraid, how do you know I am here? Do you know how shocked I was when I saw you?”

“Du Fei told me.” Bai Yulan sucked on her clogged nose and raised her mobile phone. The page just paused in the call record, which showed that the talk time with Du Fei was one hour. forward.

Good guy, you deserve to be his best friend. When his fiancée came, he didn’t secretly give himself a surname. Instead, he sat up as a spy. Next time, don’t let yourself catch him, or else you will get the skin off.

“Okay, don’t think so much, don’t feel sad anymore, okay?”

Patting Magnolia on the shoulder, Yu Sheng said to her in a loud voice: “I will let people go down to investigate and solve it. I will definitely find the person behind the scenes and give you an explanation, OK? Don’t be sad.”

His voice was very gentle, as if he was coaxing a child, which surprised Zhu Xiaoshu who was still in the hall.

I really didn’t think that my master still has this side, then who is the black face before?

It’s really too fast to change your face. Is this the difference between an apprentice and a daughter-in-law?

Zhu Xiaoshu bit his sleeve, pitifully babbling on the side.

“Okay...” Seeing Yu Sheng coaxing herself so softly, Bai Yulan couldn’t help but burst into laughter.

The sad mood faded, and Bai Yulan noticed Zhu Xiaoshu who was still standing in the hall. She pointed to Zhu Xiaoshu and said to Yu Sheng: “Xiaoshu, what’s the matter? Just saw me and ran away like a ghost. ?”

“Who knows what’s wrong with her, this child bluffs like a girl one day, like a male doll.” Yu Sheng cast a glance at Zhu Xiaoshu and warned her with his eyes, why can’t it go on? What are you doing standing here? Is it a light bulb?

“I don’t know what’s wrong, but I was a little shocked to see Miss Bai coming, and I want to come back and tell me the master as soon as possible.”

Master’s eyes fell on her like a sharp blade, and Zhu Xiaoshu felt a horror in an instant.

She waved her hand and stepped back and said, “I won’t bother you two anymore, you two continue to continue...”

As he spoke, he ran off again, running as fast as a kitten.

Magnolia chuckled and turned her head, and said to Yu Sheng: “It’s really a bit of a bluff.”

“Yu Sheng, I’m sorry!” Bai Yulan leaned on Yu Sheng’s shoulder, whispering.

Suddenly, the rest of his life was puzzled by the apology. He bowed his head and looked at the person next to him: “Why apologize?”

"I just thought about our Bai family. I also want to ask you for help. I am especially sorry for you and want to apologize to you."

Bai Yulan raised her head and the two of them faced each other, and there was affection in their eyes. One hand rubbed Magnolia's hair forcefully, and the corners of Yu Sheng's lips couldn't stop smiling. He said: "You and I are one, you don't need to apologize for this kind of thing, and you don't need to apologize."

Chapter: 1748

"Okay." After hearing this, Magnolia nodded with a smile in her eyes and tears.

After that, the two of them didn't talk about it again, because Magnolia knew that Yu Sheng said to check, so she would definitely check it without worrying about it.

She is now more worried about the family side. Magnolia hopes that the family side can hold on and wait until the rest of her life finds the person behind the scenes.

"Okay, are you tired when you come by car from Shangjing?" Yu Sheng took Bai Yulan's hand, and the two walked out of the hall one after another: "I will take you down to rest. By the way, check your nearest martial arts. There is no progress."

"I have made progress...I work hard every day, OK?"

The two of you were talking with each other, and their voices slowly got farther and farther away from the main hall, until they couldn't hear them anymore.

At this time, Qian city center.

A red Rolls Royce with a slogan was parked downstairs in the department store in the city center, attracting countless people to watch.

After stopping for a long time, the car door was pushed open, and a person walked out from the driver's seat.

A man in a red suit has the same sassy bag as his car, and his whole body exudes a temperament that I have money to cheat me.

The onlookers covered their eyes one after another. They shouldn't stop because of this car. They are just a rich second-generation dude. What's so good about it?

Jia Ming noticed the gazes around him, stretched out his hand to tuck his hair, and glanced at everyone with a confident look.

He thought it must be because he was too handsome to attract so many people. He smacked his lips triumphantly, ignoring the crowd and walked into the department store building.

It was the man in black that he met in the clothing area on the third floor of this department store building that day. The other party slammed into him at that time, then looked back at him, and left without apologizing.

My leg hurts terribly, but there is no way for everyone to leave. In the end, this matter can only come to an end. It is still the case of the sect that was mentioned today, and Jia Ming recalled this incident in retrospect.

Going straight to the monitoring room of the department store, Jia Ming didn't knock on the door, so he walked directly in, and he leaned over and sat down on the sofa beside him.

Lifting his eyes to look at the staff who were surrounding the monitor who hadn't noticed him at all, Jia Ming coughed lightly.

These staff members are really incompetent at all, and I can't find anything if I sneak in by myself.

The staff heard a sudden cough behind them, turned their heads in horror, and saw a man in a red suit

sitting on the sofa.

“Who are you? Do you know where this is? How can you just break in?”

The staff reached out their hands and pointed at Jia Ming, and some even wanted to come directly and drive Jia Ming out.

Seeing this, Jia Ming had a stinky face and took out the cell phone from his bag: “I’m not competent at work. I don’t know if I have come in. Now I am embarrassed to drive me out. I’ll call your boss and see how you guys are. Tell him.”

Jia Ming said that he dialed a phone call. At first, the staff didn’t care, thinking he was just pretending, but when they saw their immediate boss and the manager of the mall come to the monitoring room, one or two legs were all Was frightened.

“What’s the matter with you? Young Master Jia doesn’t know how to entertain him when he is here, so he dare to...”

As soon as the immediate boss and the boss came in, they cursed directly at the group of staff members, and then greeted Jia Ming who was sitting on the sofa with a smile, not to mention how quickly the attitude changed.

“Master Jia, what’s the wind today? Brought you here?” The store manager came to Jia Ming and sat down, and took out a cigarette to please Jia Ming.

Jia Ming didn’t answer, he said, “I don’t smoke. I came here this time to see your surveillance.”

During the rest of his life with his master, because he was too busy, he successfully quit his addiction and at the same time he also enriched his thoughts. Now he is barely a five-good young man.

The department store boss frowned, with a look of embarrassment on his face: “Look at our surveillance?”

The monitoring of a shopping mall is not something that others can watch at will.

Chapter: 1749

Seeing the embarrassment on the face of the general manager of the department store, Jia Ming frowned in distress, and said with some regret: “I was accidentally hit by someone when I came to the mall a few days ago, and my dad gave it to me. I lost my watch, but my dad paid a lot of money to customize it for me.”

“I don’t know how to tell him about this matter yet, so ah! I just want to see if your monitoring can find that person. I want to return my watch.” When Jia Ming said about his father, he took a heavy heart. this phrase.

Of course it is fake if the watch is lost. It is true to find someone. More Jia Ming also knows that standing here can’t suppress these people at all, and they will definitely not let themselves watch the surveillance in the end.

Unless it is their own master, then they must be rushing to show him the monitoring, so they can only find another way out and move their father out.

“You mean the watch your father gave you was lost in the mall?”

The general manager of the department store was a little flustered at this time. As a person in the same circle, he also knew what Jia Ming was.

Yuncheng Jia’s family is also considered a well-known family, especially his sister, who is simply the wave behind and the wave ahead! Although his father Jia Xing doesn’t care much anymore, there is still no shortage of personal connections in the market.

The watch Jia Xing gave to his son must be a precious watch. It was lost on his own territory. If there is

any cooperation or meeting in the future, what will happen to the other party to disarm him? Although one of them is in Yuncheng and the other is in Qiancheng, they can't fight, but what if they meet?

Bodhisattva! It's not good to leave it somewhere, but in his own department store, the boss gave his subordinate a look.

The subordinates looked at their boss, and then at Jia Ming. He said: "This watch is lost but it's a big deal! Master Jia is his own boss, you are wise and martial, and you can't bear to find your own things. Yes, right? You let people fall

Call it out and let Master Jia take a look. Even if you can't find it in the end, you can calm his heart! " This subordinate has a set of skills, neither the boss nor Jia Ming can be offended. It can be said to be popular on both sides!

"Yes! You are right. It's your own person. How can there be so many rules?" The department store chief immediately took the ladder handed over by his subordinates and walked down. He pointed to the staff with their heads down and said: "Hurry up and bring up the monitoring of the past few months, and let Master Jia take a look."

"How can it be so exaggerated, just call out this month's edition."

After adjusting the monitoring a few months ago, when did I only see this month? I am the man in black that I met at the beginning of this month.

"I heard that Master Jia said that I have transferred out this month's."

The general manager of the department store heard that Jia Ming was only watching this month, and his depressed mood was inevitably relieved. He once again urged the staff to move faster.

Hurry up and let the master send the person away after checking, otherwise there will always be a sense of fear.

This month will end in 5 days, so there are a total of 25 days of monitoring, 24 hours a day, even if you fast-forward to watch the monitoring, you only see the monitoring of Jia Ming when you see the eyes are sour.

It was the first time that Jia Ming came to this department store that day, and he was walking around for a long time. Several screens were placed on the same monitor, and the people watching were dazzled.

After blinking his painful eyes, Jia Ming suddenly shouted at the screen: "This is the position for me to slow down my normal speed."

It was in this position, as soon as he walked over, he was slammed by the man in black.

The staff replied with a "yes" and changed the surveillance video from the fast-forward point to the normal speed from the beginning.

They watched the video that Regiming walked slowly from the left hand side of the 3rd floor of the clothing area, and then suddenly the surveillance screen went black.

"What's the matter?" Jia Ming looked at the black screen of the monitor and was furious. He urged the staff to say: "Quickly adjust it, I want to see this position."

When the staff heard his anger, their expressions were a little ugly, but they didn't get angry at him, so they could only immerse themselves in the monitoring and check. What's wrong?

Why is the screen black at that position? They didn't even check out a result, and after a few minutes passed by, it lighted up again inexplicably.

What I saw was still Jia Ming, but in the video, Jia Ming was holding his leg and looking behind him. I can't see his face clearly, but I can tell from his movements that he is injured.

“Forget it, you didn’t adjust well. Someone deliberately deleted this scene.” Jia Ming took a breath, took out a USB flash drive, and handed it to the staff: “Copy this video to me. Put it here, I want to take it away.”

Chapter: 1750

By the time Jia Ming finished all this, it was already dark. During a busy day, no clues were found, only a copy of the black screen in the middle of the monitor was returned to the sect.

As if he had lost his soul, he was so energetic, he returned to the sect and walked to his room with his head hanging down.

“Jia Ming, I’m back.”

When Jia Ming walked to the room, he saw a person standing in front of his room, his master for the rest of his life.

He shook his head, shook his head as if filled with a pot of paste, and asked: “Master, it’s so late, why are you here?”

Yu Sheng had just returned to the sect today. When he came back, he had to face the mess in front of him. The whole person must be extremely tired. If he didn’t go to rest early, how could he appear here. “That’s not because of you.” Yu Sheng approached Jia Ming and looked at him up and down. When this guy left, his state was obviously not right, and Yu Sheng was a little worried before waiting here.

“master.....”

When Jia Ming heard Yu Sheng saying that he was waiting for him, he lowered his head in shame, and the whole figure looked like an aggrieved little daughter-in-law.

My two apprentices! They are all bluffing, careless characters. Sometimes Yu Sheng is very worried about them going out and being deceived.

Now that Jia Ming puts on such a look, Yu Sheng thinks this time it must have been a big blow to the other party, right?

He opened his mouth and comforted him: “Don’t think about many things so much. The boat will go straight to the bridge. Thinking too much will only increase your troubles. Why bother?”

“master.”

Originally there was no comfort, but it was just a person’s grief. Now, someone comforted instantly becomes fragile.

Jia Ming rushed to the rest of his life in front of him, wanting to have a cordial hug, but who knew his master flashed past him.

Yu Sheng said: “Just talk, don’t move, everyone is a man.”

For the rest of his life, he had no idea how double-standard he was at this moment. It was not like this when Magnolia held him during the day. Now he changed his attitude as an apprentice.

Sure enough, Zhu Xiaoshu sighed so much, it really came from the heart at the time.

My fiancée can hug me, but you can’t hug me.

“Master was so sensational just now, and now you suddenly change your attitude, really...”

Jia Ming retracted his outstretched hand and complained while eating turtles.

After such a conversation between the two of them, Jia Ming didn’t feel as uncomfortable at the beginning. For the rest of his life, he was a very special person.

You look at him as ordinary and there is no big difference from other men, but when he speaks every word and does everything, you will trust and want to follow him very much. .

Especially when Jia Ming is in confusion, a casual sentence for the rest of his life can wake him up

instantly.

For him, his master is the guiding light in his darkness, illuminating him all the way, telling him where is the real bright road.

“Really what?” When Yu Sheng heard a certain man’s coquettishness, he couldn’t stand it anymore. He waved his hand and directly patted Jia Ming’s brain: “What results did you find out today?”

Jia Ming was patted on his head, and he cried out in pain: “There are premeditated things, people have long erased clues, and nothing useful has been found out.”

“Even when investigating surveillance, the surveillance was directly hacked, which made me mad.”

At this point, Jia Ming was furious, don’t let him catch the man in black, or he would definitely cut him off.

Yu Sheng didn’t feel disappointed after hearing this result, he was mentally prepared for a long time, and Jia Ming couldn’t find any useful clues, after all, so many days have passed.

If you can find it as soon as you go, Yu Sheng should wonder if his apprentice is directing and acting a play by himself, and he wants to call back the self who has been outside.

“Although there is no useful clue to find out, but I copied back that monitor.”

Jia Ming took out the copy of the USB flash drive from his pocket and handed it to Yu Sheng. The USB flash drive was the small red one, which matched the temperament of Jia Ming, a big turkey.

Taking the U disk from the apprentice’s hand, Yu Sheng said, “That’s good, now I know how to prepare one more.”

“I’m your apprentice anyway, I’m not that stupid.” Jia Ming scratched his head proudly when he heard the praise.
