

Chapter: 211

Zhang Daoyi's face was flushed, embarrassing to the extreme.

But after all, he is the son of a family, how could he admit his mistake in front of a gangster?

He gritted his teeth and snorted coldly: "Hmph, I never owe favors to Zhang Daoyi, let's talk about it, what do you want in return?"

After finishing talking, Zhang Daoyi rolled up his sleeves with a dark face, and raised his arms to Yu Sheng's eyes and shook: "I received this string of chicken blood jade bracelets from Lingnan 1.5 million! Have you seen such a good thing??"

The bracelet on Zhang Daoyi's wrist was crystal clear, red and shiny in the sun, and it was so beautiful that everyone around him opened their eyes wide.

At first glance, the blood jade of his bracelet thought it was of high quality.

Li Ergou next to him stared at the hand strings, swallowing fiercely, and he was envious: "I am grass, what a good thing!"

"Hmph! Of course!" Zhang Daoyi was very pleased with everyone's reaction, and began to pretend to be forced, and the shadow in his heart just disappeared.

"Is this chain of bracelets enough for you?" He said he was about to take off the bracelets for the rest of his life.

Yu Sheng looked at Zhang Daoyi, who was pretending to be forced, and asked with a smile: "You are rich, aren't you? Look at your bracelet, it looks really good, but it's a pity... it's a fake."

Zhang Daoyi was taken aback for a moment, and suddenly roared: "You are talking nonsense, my bracelet can't be a fake."

"If you don't believe me, ask the bosses in the antique shops around you."

Yu Sheng shrugged and said something in his words: "If you have money to play antiques, you also have to look at who is playing antiques. If a blind person has to get into the antique circle, he doesn't know how to pretend to understand, in the eyes of others. He is just a fat sheep, not even a fancier."

Zhang Daoyi was full of irritation. He could hear that Yu Sheng was mocking his ignorance, and said sharply: "If my bracelet is true, you can kneel down and admit it to me on the spot, how about it!"

"Okay."

Yu Sheng agreed, with a very relaxed attitude, "Thinking of artificial bloodstone as chicken blood jade, I can only say that you are really a talent."

Zhang Daoyi was ridiculed by him, his face flushed, turned his head fiercely, and said to the crowd watching the heat.

"Boss Zhang and Boss Li, you two will appraise me to see if this bracelet is true or not."

The two people named by him suddenly showed embarrassment and looked at each other.

Appraisal of antiques, whether they are true or false, is offensive, and it might offend colleagues.

"Shao Zhang, we both have limited knowledge, we really can't see it."

Zhang Daoyi said angrily: "Don't think I don't know what yours is. You give me a good appraisal.

Whether it's true or false, you won't bother you! But if you fool around, I will find someone to appraise it afterwards. You have to know. You tell lies, I can't spare you."

"Don't be angry, Shao Zhang!"

The two came forward in shock.

No one dares to offend Zhang Daoyi if he does business in Antique Street.

So the two antique shop owners had to bite the bullet and take the jade string for a closer look. A few minutes later, one of the bosses shivered with a dry smile: "Zhang, Shao Zhang, that little brother is right, your bracelet... bracelet..."

"Say!" Zhang Daoyi drank coldly.

The boss was frightened and hurriedly said, "Your bracelet is indeed artificial bloodstone, not jade." As soon as his voice fell, Zhang Daoyi's face became ashen, bloodshot and flushed quickly, as if being slapped in the face in public.

His throat swallowed fiercely, as if he was going to get angry.

The two bosses were so frightened that they drew back into the crowd, and did not dare to appear again.

Chapter: 212

Yu Sheng smiled and said, "You believe it now? Buying a bunch of artificial stones for 1.5 million yuan is indeed rich."

"This time I missed it!"

Zhang Daoyi gritted his teeth and said, "Isn't it just one and a half million dollars? Do you think I will miss this amount of money? Even if my bracelets are fake, my jade gourd is always real, absolutely genuine!" For this jade gourd, Zhang Daoyi is 100% confident!

Because he did find an expert to appraise it, this gourd is indeed a good ancient jade, and it was in the Sui Dynasty!

Afterwards, he gave Yu Sheng a contemptuous glance, opened his collar, and unfastened a gourd-shaped jade piece tied around his neck: "I will give you this enough to pay back your favor!"

He snorted coldly: "This piece of chalcedony was given to him by the emperor and father of the Sui Dynasty. Eighty-eight eminent monks set up an altar to consecrate the Buddha and recite the Buddha for 108 days! It is worth three million! I wear it. You can turn your body into good fortune when you encounter bad things, and turn your head on!"

Upon hearing that this piece of gourd chalcedony was so big, the crowd craned their necks and scrambled to watch.

Li Ergou flapped his nose with excitement, as if being slapped in the face, his eyes stared straight at the jade gourd, his eyes were greedy, and he wanted to swallow it into his stomach.

Holding the jade gourd, Zhang Daoyi sneered to Yu Sheng: "Poor playing watch, rich playing jade, you are a poor man, you can't even afford a decent piece of clothes, and you want to buy antiques. It makes people laugh."

Although he was repaying Yu Sheng's life-saving grace, but his tone was ironic, and the people around him looked at Yu Sheng from time to time.

Indeed, Yu Sheng didn't look like a wealthy man. He wore the most common white t-shirt, jeans and a pair of sneakers, just like a young working man.

And Zhang Daoyi's outfit seems ordinary, but anyone who knows how to do it knows that this set of clothes is expensive and is entirely handmade, from head to toe at least six figures.

Yu Sheng looked at Qin Aodong with an arrogant and proud look, and felt that this man was fucking funny, but in fact he was not a villain, at best he was a silly young master who lacked the heart.

"I dare not ask for you."

Yu Sheng snorted coldly: "If you can wear such a horrible thing as a treasure, I am afraid that there will be no second idiot like you in the world!"

“What are you talking about! It’s just slanderous!”

Zhang Daoyi roared sharply, and the blue veins on his forehead protruded.

Yu Sheng said indifferently: “Such a fierce thing, you actually collect it next to your skin, and now it’s not good luck for you to die.”

Zhang Daoyi’s face was a bit ugly, but with the lessons learned just now, he was not sure whether Yu Sheng’s words were true or false, and stared and asked, “Why do you say that?”

“Look carefully at the shape of this jade gourd!”

Yu Sheng said coldly: “Did you never go to check when you received the jade, what on earth do jade pieces of this shape do?”

Chapter: 213

Zhang Daoyi yelled with some confidence: “This, isn’t this the coming-of-age ceremony of the Emperor of Sui! The gourd represents auspiciousness, and everyone who plays jade knows this. I know this better than you are a poor man! You know what a shit!”

Everyone also looked at Yu Sheng with puzzled faces, especially those who knew jade, they also saw that this was indeed a good thing, and it was a few million to say nothing.

I didn’t want it for the rest of my life. It’s really a lion’s mouth.

Seeing Zhang Daoyi’s mouth still stiff, Yu Sheng shook his head and sneered disdainfully: “You don’t even know the difference between a gourd and a jade plug? The old saying goes, “Jin and jade are in the nine orifices, and the dead are immortal.” You should always know the sentence?”

“What golden jade, dead man?” Zhang Daoyi was confused.

Yu Sheng shook his head and said, “I don’t know this? Have you always heard of Jiuqiaoyu?”

“What Nine Aperture Jade?” Zhang Daoyi was even more confused, staring at Yu Sheng in a daze.

Although he likes antiques, he doesn’t have the thought to study at all, that is, he buys what others say is good, and then goes out and pretends to be right.

“idiot!”

Yu Sheng sneered: “Nine-aperture jade is a jade plug used by the dead to plug the nine-orifices. There are seven orifices in the ears, nose, mouth, and eyes, plus the genital pores and excretory pores.

“Dead!!” Zhang Daoyi opened his mouth wide, his eyes rounded.

He glanced at the jade hanging around his neck incredulously, and the hair on his back suddenly stood up.

Is this Nima from a dead person?

Yu Sheng mocked: “It seems that you really don’t understand. This in your hand is used by a dead person to plug the drain hole, which is the cylinder door. You even wear it on your neck, don’t you feel stinky?”

Zhang Daoyi couldn’t speak anymore, staring at the jade gourd in his hand, suddenly a strong feeling of nausea surged.

This jade gourd was actually stuffed in that place!

And I actually took it as a mascot and hung it around my neck for three years...

The most damn thing is that because I like this thing so much, I often play with it in my mouth...

Doesn’t this mean that it indirectly eats the ancients’ Xiang?

“vomit!”

Zhang Daoyi couldn’t help it anymore, bending down and retching.

The crowd who were still scrambling to watch, now cast a mocking look at him.

Some people smirked at Zhang Daoyi’s blindness and spent huge sums of money to buy such a bad

thing.

Yu Sheng said coldly: "Also, this jade piece has been soaked in corpse qi for a long time, and it has sucked enough fierce qi. It is no longer a jade piece that turns a good fortune, but a big evil thing! If you wear it again If you go on, you will surely die within a year.

Today you are lucky. You met me and saved your life. Next time, Horror won't have such good luck."

As soon as his voice fell, the crowd around Zhang Daoyi immediately "hulled" back, for fear of being contaminated by the ferocity on his body.

Li Ergou, who was standing beside Zhang Daoyi, also ran to the very edge.

Although he is a half-bucket of water, and he usually does nothing but abductees, but he has also dealt with thief-fighting masters, knowing that Yu Sheng's words are not groundless!

Zhang Daoyi was also frightened, and looked up at Yu Sheng blankly.

It may be because of what happened just now, so he didn't doubt Yu Sheng's words at all.

"This master, what you said is true?" At this moment, Zhang Wanqiu looked at Yu Sheng with a stern face.

During this period of time, their Zhang family was always unfavorable, and everyone didn't know what was going on.

But for the rest of her life, she suddenly had some other thoughts.

Chapter: 214

Yu Sheng glanced at Zhang Wanqiu, then looked at Zhang Daoyi, his face was cold, and he snorted: "Are you passing the year at a disadvantage this year? Apart from today, have you ever had a bloody disaster like a car accident?"

Zhang Daoyi stared at Yu Sheng blankly, completely stunned.

He did have a bad fortune this year, and he had just had a car accident at the beginning of the year. If it hadn't been for the crash-resistant Hummer that day, he would have given his life a long time ago.

However, the driver who drove was killed on the spot. He broke two ribs and stayed in the hospital for half a month before returning home.

Zhang Daoyi broke out in cold sweat, pulled the jade piece off his neck, waved and threw it far away.

The crowd backed away quickly, for fear of causing trouble to the upper body.

And Zhang Wanqiu next to him showed shock in his eyes, and he no longer doubted Yu Sheng's words. Seeing Zhang Daoyi's guilty conscience, Yu Sheng sneered in his heart. If he hadn't reminded him today, if Zhang Daoyi continued to take it, he would definitely die this year.

"Who are you!" Zhang Daoyi gritted his teeth and looked at Yu Sheng in shock.

This person knows too much, is it someone sent by the enemy?

"I am someone you can't afford."

Yu Sheng said nonchalantly, and turned around to leave.

When Zhang Daoyi saw that the other party was about to leave, he thought he was talking nonsense for the rest of his life and wanted to escape, so he immediately roared: "Catch him for me! Dare to lie to the young master, there must be someone behind this kid!"

"Can't afford to provoke? Hoho, in Jinling City, there are still no people I can't afford to provoke!"

"Catch him, break his leg, and ask who it is that dare to trouble my Zhang family."

He believed that Yu Sheng was sent by his business rival, otherwise, how could he know exactly what happened to him in the car accident?

Zhang Wanqiu frowned deeply. She felt that the rest of her life should not be a liar.

I don't know why, she has an inexplicable trust in the rest of her life.

Several bodyguards acted immediately and rushed to stand in front of the rest of their lives.

"En avenger, is this kind of virtue in your Zhang family?"

With cold eyes, Yu Sheng kicked a brawny man in front of him with one foot, rushed to Zhang Daoyi in three or two steps, and lifted Zhang Daoyi up.

"What are you going to do, hurry up and save your money, otherwise you will die miserably!" Zhang Daoyi yelled when Yu Sheng was lifted up into the air, not forgetting to threaten Yu Sheng.

Seeing that the master was caught, the security guards did not dare to move any more.

"Ben Shao is the son of the Zhang family, if you dare to move Ben Shao, your whole family will suffer!"

A coldness flashed in Yu Sheng's eyes, staring at Zhang Daoyi's eyes firmly: "I can save you, and I can kill you, you can continue to challenge my bottom line if you don't believe it!"

Zhang Daoyi trembled.

The look in Yu Sheng's eyes made him feel a little scared inexplicably, and a little frightened in his mind.

"Master, please be merciful!"

At this moment, Zhang Wanqiu bowed deeply to Yu Sheng, looked up at Yu Sheng, and said sincerely:

"Master, my brother is young and ignorant, I still don't care about him, Master, I will let me go back.

Father punished him!"

Yu Sheng gave a cold snort, and saw that Zhang Daoyi was no longer violent, and immediately threw it to the ground.

He clapped his hands and left with Xiao Zixin.

"Master, please stay!"

Seeing Yu Sheng was about to leave, Zhang Wanqiu hurried over Yu Sheng and stopped the two of them.

Chapter: 215

"Something?"

The rest of his life looked at Zhang Wanqiu indifferently.

"Master, I would like to ask, our Zhang family has been very unfavorable recently. Is it also related to the one worn by my brother?" Zhang Wanqiu looked at Yu Sheng expectantly.

She believed that since Yu Sheng could see Zhang Daoyi's problems, she should also be able to see their Zhang family affairs.

"Well, there must be a fierce spirit in the place where he has lived for a long time. Of course you will be affected if you get close to him." Yu Sheng nodded.

Zhang Wanqiu's mind trembled, and she knew that the Zhang family was unfavorable recently, and Zhang Daoyi would definitely be related.

"Thank you, Master, Master, how can we solve this situation in our family? Please also Master must help us. My mother has been saying recently that she has seen ghosts and is very depressed." Zhang Wanqiu said and bowed her head. The posture is very low, I hope the rest of my life can help her.

"I don't know, please go to Gaoming." Yu Sheng refused without thinking.

In this case, of course he would not help the Zhang family.

Seeing the backs of Yu Sheng and Xiao Zixin resolutely leaving, Zhang Qiuwan felt disappointed.

"Sister Late Autumn, that kid is a magic stick, don't believe him!" Zhang Daoyi said.

Zhang Wanqiu took a deep look at Zhang Daoyi, without any expression in his eyes, so he called someone to repair the car.

Back home, Zhang Wanqiu told her father what happened today.

“Dad, I believe that person can definitely help our family solve the problem, but because Zhang Daoyi offended him, he refused to take action.” Zhang Wanqiu said.

Zhang Shengquan frowned and asked, “He really got everything right?”

Zhang Qiuwan nodded and said: “Well, I personally listened to what he said. Only our Zhang family knows about these things. He is an outsider who knows so much. He must be really capable.”

Zhang Shengquan paced back and forth, and finally said: “If he can really solve this matter, I will not only want Zhang Daoyi to apologize to him in public, but also promise him a request.”

Things have gone wrong in the Zhang family recently, and the company has been in constant trouble.

Several major businesses that have been acquired have all flown away. It is also a bad luck.

If the person Zhang Wanqiu said can really resolve their family’s situation, no matter how much money he pays, he is willing.

Zhang Wanqiu shook his head and said, “But I don’t know what his name is, and I don’t have his contact information. It might be difficult to find him.”

Zhang Shengquan shook his head and said, “It’s easy to find him. Let people adjust the surveillance over there.”

...

Xiao Zixin’s grandmother’s home is not in Qiancheng City, but in Kaiyang County.

Although the Lin family bought a house in the urban area, the elderly still like to live in the suburbs.

The Lin family still has some financial strength in Kaiyang. Even in the suburbs, it is a house as spacious as a villa, but the interior and exterior decoration is far from the real villa.

However, for the elderly, such a house with a large courtyard is much better to live in than the high-rise buildings in the city.

“Your grandma’s birthday, who will come?” Looking at the village closer and closer, that is, Xiao Zixin’s grandmother’s house, the rest of his life became a little nervous again inexplicably.

Xiao Zixin had just told him that her uncle had to introduce her to her boyfriend, and asked him to act as her boyfriend temporarily, so as to dispel her uncle’s idea directly.

Chapter: 216

And Yu Sheng thought about being drowned by the saliva of those seven aunts and eight aunts of Xiao Zixin, he felt a little numb in his scalp.

“There are no people, just a few uncles and uncles, aunts and uncles, cousins, cousins, and relatives and friends from Murakami. They will come to the table at about twenty. By the way, I heard that my grandmother The old leader and his family will also come.” Xiao Zixin said casually.

“With so many people, will they pull me to ask questions? Will they show up?” Yu Sheng suddenly felt a little headache.

I had known that Xiao Zixin invited him to the birthday banquet and there was such a thing, he would definitely not come.

“Yu Dong, my grandmother is a 70th birthday this time, OK? Think about the 70-year-old. Not to mention the descendants of the next generation, the number of friends and colleagues I have made is also a lot of numbers.” Xiao Zixin was a little speechless.

This guy, it’s so difficult just to make him a guest boyfriend?

I don’t care if I’m a big girl with a yellow flower, and he looks scared. If you let the company executives know that, he wouldn’t laugh to death.

For the rest of my life, I can’t laugh or cry, this is a chore.

“By the way, Dong Yu, they will definitely ask you about your age, in your family situation, where you work, what do you say?” Xiao Zixin said suddenly.

“This, just talk about it, anyway, it’s not so outrageous.” Yu Sheng thought for a while and said.

“Well, if you are a professional, it is said that you work in Sihai Group, but you can’t say that the chairman of the board is the driver.”

Thinking that Yu Sheng had been tricking Yang Zihuan and others into saying that he was the chairman’s driver, Xiao Zixin couldn’t help being amused.

The key is that those people actually believed it, and she also accepted it.

“I said it was an executive?” Yu Sheng smiled.

“Um.....”

Xiao Zixin dragged a long tone and said: “Yes, just say it is a senior executive, or they will definitely look down on you.”

She knows her relatives too well and is mostly snobbish. She believes that if Yu Sheng said that he was just an ordinary employee, her aunts and uncles would definitely look down on Yu Sheng.

Soon after entering the village, many cars stopped at the Caizi intersection and were directly blocked.

“The one in front is my grandma’s house.” Xiao Zixin said, pointing to the front.

The house of Xiao Zixin’s grandmother was more than 200 square meters. It is said that the generation of her grandfather’s grandfather was the local big landlord. Over the years, the changes have been passed down to the present.

Looking from a distance through the windshield, the people in their yard are very busy, some come to celebrate their birthdays, and some from the village help, cooking dishes and banquets, full of festive atmosphere.

“Or just walk in.” Xiao Zixin said after waiting for a long time without seeing the car moving in front.

“Yes.” Yu Sheng nodded and found a place to park.

After parking the car, the two came outside the grandmother’s compound of Xiao Zixin’s house.

Yu Sheng just glanced at the heat in the yard, and couldn’t help feeling a little nervous.

It was the first time that he had experienced this kind of thing. When he thought that he might be drowned by the saliva of Xiao Zixin’s seven aunts and eight aunts, he felt an illusion of going to the execution ground.

“I said Zixin, you see that I am so good, what if I compare that second world lord one day, your grandmother or your mother won’t force us to marry, right?”

Yu Sheng joked.

Chapter: 217

Xiao Zixin was startled. She knew that the rest of her life was unintentional, which was a joke.

But she was inexplicably looking forward to the appearance of that kind of field in her heart.

Soon she shook her head again, expelled the demon in her mind, and said in her heart, Xiao Zixin, Xiao Zixin, what are you thinking about?

Yu Dong is a person with a family and so good, how could he be regarded as a Cinderella?

“Don’t worry, my mother is very enlightened, so she doesn’t care about our affairs.” Xiao Zixin smiled.

“That’s good.” Yu Sheng also smiled.

The two walked into the yard with a smile, and saw a forty or fifty-year-old woman approaching.

“Ah, isn’t this Zixin girl, she’s getting more and more beautiful, right, this is your boyfriend?” The middle-aged woman suddenly saw Yu Sheng next to Xiao Zixin and asked in surprise.

"Yes, Aunt Liu, he is my boyfriend for the rest of his life, and he also came to celebrate my grandma's birthday."

Xiao Zixin's face was slightly red, but she soon calmed down and introduced to Yu Sheng:

"For the rest of my life, this is Aunt Liu."

"Hello, Aunt Liu." Even if Yu Sheng is a big man who has experienced big scenes, seeing the legendary seven aunts and eight aunts, he is a little guilty at this time.

"Hello Xiaoyu, do you have a provincial accent, is it from the north? What does your family do? By the way, do you work here? Did you come by car or by car?" Aunt Liu talked about it. As soon as it was opened, a series of questions were dazzling.

Yu Sheng shrank and shrank his body, my god, this didn't even enter the yard, this interrogation is here, it really deserves to be the legendary Seventh Aunt and Eighth Interrogation.

For the rest of my life, I wanted to reach out and wipe the cold sweat on my forehead.

"Hehe, Aunt Liu, it's the first time in my life to come to my grandmother's house. I will take him to see my grandmother first."

Xiao Zixin hurriedly took Yu Sheng to the yard when she said that. If Aunt Liu asked about this, she was very worried that Aunt Liu would scare Yu Sheng away.

At that time, who will serve her as a wrigley.

"Oh, you kid, aunt is good for you." Aunt Liu scolded with a smile behind her back.

After entering the yard, Yu Sheng just breathed a sigh of relief when he saw a middle-aged woman somewhat similar to Xiao Zixin looking at them.

This Yu Sheng met, Xiao Zixin's mother, but she had been in a coma at the time, and she hadn't seen Yu Sheng.

Seeing Xiao Zixin's mother staring at herself, her nerves were still loose for the rest of her life, and she immediately tightened a bit.

But what made Yu Sheng more tense was that at this moment, Xiao Zixin even grasped his hand.

"Didn't you say you asked for leave today? Why did you come..." The middle-aged woman stared at the hand held by the two of them in the middle of her sentence, her eyes staring out.

Yu Sheng felt tense and wanted to pull his hand out, but just as he tried hard, he realized that Xiao Zixin was suddenly grasping even more deadly.

"Mom, this is Yu Sheng, my boyfriend, I waited for him to come here after get off work." Xiao Zixin calmly introduced her mother.

"Hello, auntie." It's all about it, and the rest of his life is too embarrassed to change his mind temporarily, so he has to put on his scalp.

"Well, ah? You are Zixin's friend, so you can sit down here, Zixin, come with me."

Xiao Zixin's mother said that she took Xiao Zixin's hand and turned and walked into a room.

"Yu Sheng, wait for me first." Xiao Zixin winked at him, then followed her mother into the room.

Chapter: 218

"Mom, what are you doing, what can't you say for the rest of your life?" Xiao Zixin said dissatisfied.

"What's going on, why didn't you hear it before?" Mother Xiao asked with staring eyes.

"You said Yu Sheng, I didn't want to surprise you." Xiao Zixin smiled.

"Surprise, you want to piss me to death!" Xiao Mu said with an aura.

"How come?" Xiao Zixin said unchanged expression.

"I'll ask you, what's wrong with Zhou Hai. A student studying abroad went directly to the government

office when he came back. His father is also the deputy director of the Kaiyang County Public Security Bureau. He has a prominent family background and a handsome man. I won't go to you anymore." Xiao Mu said angrily.

"Mom, it's his business that his family has a good family background. Anyway, I just can't understand him, but I don't like it." Xiao Zixin snorted.

"I liked you when I was in high school, and I even heard that people have never fallen in love to wait for you. Zixin, in this world, it's hard to find someone who truly loves you." Xiao Mother teaches.

"You believe this too, well, if there is nothing else, I will go out. The rest of my life is still waiting for me." Xiao Zixin said, she was about to open the door and go out.

"Then what is good for the rest of your life? At first glance, he is the kind of unreliable person. Look at the body he wears, it is estimated to be a few hundred dollars. If it is not for birthday, I think he will probably not bear it. It's so good.

Look at Zhou Hai, regardless of dressing and dressing, he is very grand, and there is no lack of shrewdness in the peace of people. At first glance, he is a person who wants to do big things. There is a person who is stunned for the rest of his life. "Thinking of the flinching look just now for the rest of her life, Mother Xiao didn't like it even more. Remember for a second <http://>

"Mom, you are too snobbish. For the rest of your life, you will be in the management of a large company, and the future is boundless." Xiao Zixin said unconvinced.

"As far as he looks stunned, it is estimated that only the leather bag company will dare to use him. Besides, what kind of job now can be compared with working in the municipal government. But if it is a civil servant, you should not be angry. Anyway, I am not. Those who like him will not approve of your relationship." Xiao Mu said angrily.

"Our company, the Four Seas Group, and a little secretary of mine, all earn one million every year. Do you think someone else would be a bad executive?" Xiao Zixin smiled.

"Your company, it's real? How do I think that kid is a little unreliable?" Xiao Mu was also one of the helms of the Xiao Group before, and she felt that she still had a good vision.

"What did I lie to you? How else would I know him?" Xiao Zixin smiled.

"Daughter, think about it, your dad is gone, and our mother and woman are dependent on each other. If you find someone unreliable, our mother will not be able to live this life from now on." Xiao mother thought for a while and said.

I don't know why, she just feels that the rest of her life is a bit unreliable, because she is too far away from the Zhou Hai introduced to Zi Xin by her sister-in-law.

I don't know if it is preconceived, she still prefers Zhou Hai in her heart.

"Mom, I don't know what kind of person Zhou Hai is, but I know she will be good to us for the rest of her life. By the way, he was the one who expelled you from evil spirits last time. I was injured, but he helped our family solve the matter at a critical moment." Xiao Zixin said in a hurry thinking about this.

This is a good opportunity to add points to the rest of her life, how could she forget it.

"What? You...you...you said that the rest of your life is the master?"

Mother Xiao opened her mouth, she couldn't believe it.

Chapter: 219

"If you don't believe me, go and ask him. By the way, I will take him home the next day. You can ask Aunt Wang and they will know. They also personally saw Yu Sheng cast the spell." Xiao Zixin said.

"Well, if it's him, then I don't care about you. Anyway, as long as you think he is reliable." Thinking that

Yu Sheng was actually his lifesaver, Xiao's rejection suddenly disappeared.

If it weren't for the rest of her life, she knew she was dead now, so there would be no chance to celebrate her old mother's birthday.

In her heart, she was very grateful for the rest of her life.

Especially when I heard my daughter say that they didn't receive a penny, I was even more moved.

When the mother and daughter came out, they would take the rest of their lives to the old lady, and a middle-aged woman came over.

"Zixin, you are here, what are you talking about, Xiaosi, a lot of guests over there are here, you go to greet you, I have to help them in the kitchen."

'Little Si' is Xiao Zixin's mother's nickname. She ranks as the fourth child, and her descendants call her the little fourth.

"Hey, this is Zixin's boyfriend?" The woman asked in surprise when she saw Xiao Zixin holding Yu Sheng's hand.

"Zixin, you go and accompany your grandmother first." Seeing someone coming, Mother Xiao had to let them go away first, and then slowly talk about it later.

"Okay." Xiao Zixin answered, greeted the woman again, and took the rest of her life out.

"Little Si, Zi Xin already has a boyfriend, what about Zhou Hai? I heard that Deputy Director Zhou will be here today. It seems that she wants to discuss Zi Xin and Zhou Hai's marriage on the spot." The woman said.

"Oh, I only know now, forget it, let's talk about it later." Xiao Mu shook her head, and went to work with the woman.

She was also not ready in her heart. If it were not for the rest of her life to be her savior, she might not be able to accept it.

When Xiao Zixin took Yu Sheng into the living room, her grandmother was chatting with her aunts and aunts, and she suddenly smiled when she saw Xiao Zixin: "Zixin is here, come over and let grandma take a look, she's thinner and thinner."

"grandmother."

Xiao Zixin hurried over and hugged the old lady's arm. She hadn't been here for a while. Seeing the kindness on her grandma's face, she felt very kind in her heart.

"Zixin, who is this?" Xiao Zixin's uncle could not help but frown when she saw Yu Sheng.

The old lady's attention has been on her granddaughter, while the other women's eyes have been on Yu Sheng.

"He is my boyfriend and his name is Yu Sheng." Xiao Zixin said back.

"Your boyfriend?" Not only Xiao Zixin's aunts, aunts, and others were surprised, but her grandmother was surprised.

The son of the deputy bureau chief likes Xiao Zixin, and today they will come to discuss the engagement.

This is something they all love to hear. Xiao Zixin's uncles and uncles are all civil servants. If they can climb the high branches of the deputy director's house last week, it will be somewhat helpful to their future, but Xiao Zixin has given them a big deal. Surprise", which makes it difficult for them to accept.

Yu Sheng saw the reaction of everyone in his eyes, and then stepped forward and smiled: "Hello, grandma, I wish you a blessed life in the East China Sea, and a longevity than Nanshan."

"Well, since you are Zixin's friend, don't be polite, just sit down." Grandma smiled happily.

Although she was also very optimistic about Zhou Hai, it was her granddaughter's choice after all, and she would not interfere too much.

The old lady's mind is much more open than Xiao Mu and the others. After all, the old lady also worked in government agencies before.

Chapter: 220

"Zixin, your mother also agreed to ask Zhou Hai's family to come here today to make an appointment. Where can you put the face of the deputy director of the family like this?"

When Xiao Zixin's uncle said this, she looked at Yu Sheng in particular. The meaning was quite obvious. She wanted to tell Yu Sheng that his rival is the son of the deputy director. If you are interested, you should leave by yourself.

Because of the curse of the Xiao family, there are only two women, Xiao Zixin and her mother.

Therefore, the Lin family are very concerned about Xiao Zixin's marriage.

After all, Xiao Zixin is very beautiful, and if the Lin family arranges it, it will definitely be good for them.

For example, Zhou Hai was operated by Aunt Xiao Zixin and others.

Mother Xiao thought that she was also a lone mother and widow, and her daughter's marriage was put in the back of the house.

The rest of my life came today with a mission.

He was still very satisfied with Xiao Zixin's little secret. Since Xiao Zixin invited him to help, of course he couldn't do anything wrong.

Being unmoved by the hidden threats made by the uncle Xiao Zixin, since she had agreed to Xiao Zixin, let alone the son of a small deputy bureau, even the princes who went to Beijing came, he couldn't take a step back.

"That's his family's business. From beginning to end, I never promised Zhou Hai to associate with him, and none of you asked my opinion." Xiao Zixin said.

"You kid, aren't we doing this for your good. Zhou Hai, a student studying abroad, went to the municipal unit when he came back. Not only is he handsome, but his family is also distinguished, which is comparable to ordinary people."

Although Xiao Zixin's uncle didn't make it clear that her current boyfriend was not as good as Zhou Hai for the rest of his life, it was obvious that everyone knew what she meant.

"What does it matter to me that his family is prominent, he is him, I am me, in my heart the best for the rest of my life." Xiao Zixin retorted unconvinced.

"Oh, you kid, by the way, Xiaoyu, what do you do for work?" The auntie asked Xiao Zixin, turning around to look at Yu Sheng.

As soon as Yu Sheng wanted to answer truthfully according to the routine he had thought of before, he saw a young man dressed in foreign style and handsomely dressed coming over, carrying several bags of things in his hand.

"Grandma, Zhou Hai wishes you good health and good fortune as the East China Sea." The young man bowed and saluted the old lady with a smile on his face.

"You kid, just come and see grandma, what other gift do you have?"

Grandma smiled happily, but behind her smile was a pity for Zhou Hai, such an excellent child, it's a pity that my granddaughter still doesn't like it.

"Nothing, it's just some supplements." Zhou Hai said modestly.

"Okay, sit down." The old lady nodded, still couldn't help sighing for him in her heart.

To tell the truth, Zhou Hai's father was considered her former subordinate, and she was still willing to lean towards Zhou Hai a little bit in her heart.

It's just that her granddaughter doesn't like Zhou Hai, and she can't say anything.

"Xiao Zi, long time no see."

After Zhou Hai greeted Xiao Zixin's aunts and aunts one by one, he smiled and looked at Xiao Zixin.

It was just that when his eyes saw Xiao Zixin's hand holding the hand of the man next to her, his entire smiling face instantly froze.
