

Chapter: 261

"I am responsible for what happened." Yu Sheng frowned.

"Are you responsible? What to take responsibility for?" Yang Zihuan said angrily. The more Yu Sheng talked back to her, the more angry she became.

"What the hell are you afraid of? Do you think I am you? Isn't it just a Zhang family? What scares you like?"

The rest of his life was also a little angry, Yang Zihuan was reluctant to forgive.

"You!" Yang Zihuan was extremely angry, staring at Yu Sheng firmly.

This was the first time in her life that she lost her temper and caught her off guard.

The most important thing is that what Yu Sheng said, Zhang Family is the Qiancheng Clan, can they afford it?

"What are you pretending? What capital pretend do you have?" After a long pause, Yang Zihuan said sarcastically.

"Dad, mom, don't make a noise, okay." Xiao Shui looked at the two pitifully.

Yu Sheng glanced at Xiao Shui, and swallowed what he vomited.

He looked at Yang Zihuan and said coldly: "It's really unreasonable."

He said that he went straight into the room and closed the door with a bang.

Yang Zihuan gritted her teeth angrily. She felt that this family would be killed by Yu Sheng sooner or later.

"Mom, let's watch TV." Xiao Shui pulled Yang Zihuan's hand and whispered.

"It's up to you to see it!" Yang Zihuan said in an uncomfortable way, leaning on the sofa and sulking.

Xiao Shui looked aggrieved, and sat beside him watching TV boringly.

After a few minutes, Gao Qing came back. As soon as he walked in, he saw Yang Zihuan sulking, and couldn't help asking, "Zi Huan, is what you said is true? Is that waste really deceiving Zhang's family?"

"Ask him yourself." Yang Zihuan said angrily.

Gao Qing frowned slightly and was about to knock on Yu Sheng's door.

"The bracelet, give it to me." Yang Zihuan was still a little worried Gao Qing, if Gao Qing broke the bracelet, it would really be over.

"What are you doing? I'm your old lady, and you are afraid that I will sell the bracelet?" Gao Qing glanced at the jade bracelet on her wrist, and hurriedly hid her hand behind her back, why would she be willing to take it out again.

This is a five million jade bracelet. The point is that several of her dancing partners know it. If she doesn't wear it tomorrow, people ask, what would she say?

"In case you break it, when the Zhang family finds it, what will you pay for it?" Yang Zihuan said loudly.

For the rest of his life, she sang the opposite tune, and an old mother was so unreliable. Yang Zihuan only felt that his heart was too tired.

"If you want to pay, it's the waste to pay, who told him to lie to others."

As she spoke, she opened Yu Sheng's door directly. As Yu Sheng was about to take a bath, she was hurriedly pulled out by Gao Qing angrily.

"You trash, it's not good to lie to someone, you are going to lie to the Zhang family, are you going to kill us, you get out now, our Yang family has no trash like you!"

Gao Qing thinks beautifully, as long as he blasts Yu Sheng out and finds the Zhang family, it doesn't

matter to them.

And she can take possession of this more than five million jade bracelets.

Yu Sheng frowned, and when he was about to get angry, he heard a knock on the door.

The three of them were startled. Who would come to their house in the evening.

“Could the Zhang family find it?” Yang Zihuan whispered.

Gao Qing’s expression changed, and after leaving the rest of his life, he ran to his room.

Yu Sheng shook his head, and Yang Zihuan had to go and open the door.

At the door, Zhang Wanqiu looked at Yang Zihuan with a smile on his face.

“Who are you?” Yang Zihuan asked.

“Hello, you are Master Yu’s wife, my name is Zhang Wanqiu.” Zhang Wanqiu said respectfully.

“Are you from the Zhang family?” Yang Zihuan’s face changed drastically, and he suddenly became a little frightened at the thought of finding Zhang family so soon.

Chapter: 262

Gao Qing, who was about to open the door over there, turned around and saw that it was the Zhang family. Her heart trembled and she closed the door with a slam and did not dare to come out.

“Yes, my dad is the Zhang family who advocates birth rights.” Zhang Wanqiu explained that Yang Zihuan didn’t know him.

“You, you, what are you doing?” Yang Zihuan was a little stuttered.

“That’s the case. Master Yu didn’t go to our house to help before. His mobile phone was forgotten at our house. I will bring the phone to Master Yu.” She said she took out the rest of her life and gave it to Yang Zihuan.

“Huh?” Yang Zihuan was startled, and subconsciously took the phone, feeling a little at a loss.

Could it be that I really missed the rest of my life?

What feng shui master is he really?

“You will let someone come in first before you talk about it.” The rest of the life said.

Yang Zihuan reacted with an awkward expression on his face, and said in a nonchalant manner: “Miss Zhang, please come in quickly.”

She said to step aside and invite Zhang Wanqiu to come in.

“Master Yu, excuse me, I won’t come in. If you see if there is any problem with your mobile phone, I will go back.” Zhang Wanqiu said with a smile.

“What can be wrong with the phone.”

Yu Sheng took the mobile phone from Yang Zihuan and said, “My family said that I was lying to your Zhang family. Come in and talk to them. I have not lied to you Zhang family.”

“what?”

Now it was Zhang Wanqiu’s turn to be a little confused.

Master Yu’s Feng Shui technique is so powerful, doesn’t his family even know it?

She went into the house with a scorn and smiled at Yang Zi: “Mrs. Yu is too worried, Master Yu has not lied to our Zhang family, and if it weren’t for Master Yu’s help, our Zhang family still doesn’t know what will happen.”

“He, is he really a Feng Shui master? Is he really lying to you?” Yang Zihuan still couldn’t believe it.

Having been married to Yu Sheng for so many years, she really didn’t know that Yu Sheng still knew Feng Shui.

“Really, you don’t know, Master Yu is amazing. He helped our family see Feng Shui today. After doing

the Fa ceremonies, all of us Zhang could feel that the evil spirit is much less. .
Moreover, the magic talisman painted by Master Yu is also magical, and it can flash yellow light. ”
Yang Zihuan was completely stunned. Is there really such a miracle for the rest of his life?
“By the way, Master Yu can still know what happened to our family by looking at the pictures. Master Yu is really amazing. Our Zhang family has invited many Feng Shui masters and even the Taoist priests of Maoshan to do things, but None of them have any effect.
And Master Yu just drew a few magic charms by himself, and helped our family solve the problem. ”
Zhang Wanqiu got more and more excited as he spoke, and couldn’t stop at all.
But Yang Zihuan was dumbfounded, and his heart was surging.
Is this trash husband really so good?
How come I never know.
“Look, this black card was given to me by the owner of the Zhang family to help them buy things. You can swipe it freely within one billion.” In order to make Yang Zihuan believe in himself, Yu Sheng took the opportunity to give Zhang Shengquan to him the black card. Show it to Yang Zihuan.
“What? Zhang Family Black Card?” Yang Zihuan opened his mouth wide, his chin almost dropped in shock.
“If I’m not really capable, do you think the Zhang family is stupid? Dare to give me this kind of universal credit card?” Yu Sheng said coldly.
“Yes, this is the card my dad gave to Master Yu. It is the only large-denomination credit card in our family. As long as it does not exceed one billion, Master Yu can do everything at will.” Zhang Wanqiu nodded and said.

Chapter: 263

“Okay, you go back.” Yu Sheng said to Zhang Wanqiu.
“Okay, then Master Yu, Madam Yu, I’ll leave first.” Zhang Wanqiu said hello politely before exiting.
After going out, he closed the door carefully.
Seeing the respect in Zhang Wanqiu’s eyes, Yang Zihuan was no longer suspicious.
Even if Yu Sheng really deceived the Zhang family, it could only show that his deception was not ordinary high.
“You are really a Feng Shui master? When did you learn it, why did I never know?” Yang Zihuan hurriedly asked when Yu Sheng was about to return to the house.
“Am I a Feng Shui master, what Zhang Wanqiu said is not clear enough?”
There was a touch of sarcasm in Yu Sheng’s eyes, and he said: “As for why you have never known, you don’t want to think about who in your family has believed me in the past few years? I have told you so many things, how many have you trusted me?”
He said that he turned and walked into the room, closed the door and ignored Yang Zihuan.
He had never deceived Yang Zihuan, but no matter which time it was, Yang Zihuan’s family never believed him.
So, does it matter if he doesn’t tell the truth?
It’s not important at all, no one believes in this family anyway.
Yang Zihuan stayed on the spot and couldn’t say a word.
Yeah, do they believe in for the rest of their lives?
No, not once.
Regardless of whether what Yu Sheng said is true or not, they only rely on their own subjective

judgments, and they have never believed Yu Sheng's words.

So, why does she question Yu Sheng?

"Zi Huan, have you gone? Did the Zhang family take away the waste?"

At this moment, Gao Qing opened the door and came out, looked around and asked.

"Mom, can you stop saying that the rest of your life is waste? Where do you think the rest of your life is waste?" Yang Zihuan turned around and said displeased.

"what?"

Gao Qing was startled, her expression puzzled.

The rest of my life is not waste, what is that?

"Have you seen that trash can help the police catch the robber?

Have you ever seen that waste at the critical moment of life and death, dare to block bullets for others?

Have you seen that trash can make the Zhang family respect him so much?

Have you ever seen that waste can be appreciated by the chairman of the Four Seas Group and directly give him a two-million-dollar luxury car? "

Yang Zihuan questioned Gao Qing, but couldn't stop.

At this moment, her mind was full of all kinds of things about the rest of her life, and she realized that no matter what it was, they couldn't do it.

Such a person is waste?

Then, under the circumstances, it is estimated that it is all rubbish!

"Zi Huan, you, you, what kind of magic do you have, you actually helped that trash talk." Gao Qing was a little dumbfounded, looking at her daughter blankly.

"In short, don't call him waste anymore!" Yang Zihuan said heavily.

She glanced at Xiao Shui as she spoke, and then walked to the room.

"Ai Zihuan, that waste... For the rest of my life, what about the Zhang family, what did you say about this?" Gao Qing asked hurriedly.

What she cares most is whether the jade bracelet should be returned to the Zhang family.

"By the way, holding the more than five million jade bracelets from the rest of your life, do you still think he is a waste?" Yang Zihuan looked back at Gao Qing's wrist and said.

"Okay, okay, mom won't tell me about him in the future, you can tell mom how to deal with this matter?" Gao Qing asked.

"Yu Sheng is not a liar. The Zhang family sent Yu Sheng a cell phone." Yang Zihuan said and went directly into the bedroom.

Chapter: 264

This night, Yang Zihuan couldn't sleep for a long time.

I kept thinking about her relationship with the rest of my life during this time, thinking about everything that happened.

In the end, she discovered that it was really not the waste of Yu Sheng, but that they were too subjective and didn't take Yu Sheng's words seriously.

At the beginning, when she was desperate to save the family, Yu Sheng said that he could help solve the 30 million problem, but no matter it was herself, her mother, or everyone in the Yang family, they didn't believe in Yu Sheng, and even scorned the fat man with a swollen face. .

But in the end, the problem will be solved only by the rest of their lives.

I still remember that on her grandmother's birthday, Yu Sheng said that he was giving away ancient

paintings from the Ming Dynasty, but everyone didn't believe it, thinking that what he gave was just a few dollars of rubbish on the street.

In the end, the master signed that it was the real one, and he was willing to buy one million...

All sorts of things came to mind, and Yang Zihuan realized that they had always underestimated the rest of their lives.

"If we all believed him, would he not donate the 10 million that the provincial government rewarded him?"

"It shouldn't be donated."

Thinking of this, Yang Zihuan suddenly felt regretful.

She felt that the reason why Yu Sheng donated the ten million must be because they usually don't trust Yu Sheng.

In fact, the rest of his life was not as unbearable as imagined.

"Oh, forget it, why do you think so much, he is good, will someone be good?"

Thinking about it, that figure suddenly appeared in her mind.

This is how people are, the more they can't get them, the more fascinated they are.

Even if that person doesn't take her seriously.

Even if that person still releases her pigeons.

In a daze, Yang Zihuan didn't know when he fell asleep.

...

When I went to the company the next day and just entered the office, I saw that Yu Qin was wiping his desk.

"Yu Dong, you are here." Yu Qin hurriedly said hello, looking at Yu Sheng with a bit of resentment in her eyes.

This look is like a concubine who has been favored by the emperor for so long in ancient times.

"Yeah." Yu Sheng nodded, walked to the chair and sat down.

"Yu Dong, this is the file that needs your re-approval in the past two days." Yu Qin turned around, picked up several folders in front of Yu Sheng, and then opened them one by one to Yu Sheng.

Yu Sheng looked at the file in general, then signed and sealed it directly.

For these projects, Xia Jun has already told him on the phone, and he just walked through the process today.

After Yu Qin went out holding the file, Xiao Zixin came in again.

"Yu Dong, return this necklace to you, thank you." Xiao Zixin directly returned to Yu Sheng the 'Colorful Glazed Glass' chain that Yu Sheng had given her at her grandmother's house in Kaiyang the day before yesterday.

Although she liked this necklace very much, it was so expensive that she didn't dare to own it.

Yu Sheng glanced at the necklace, smiled and said, "I don't want it for you, really?"

A struggling flashed in Xiao Zixin's eyes, and finally she shook her head, "I really can't ask for it."

"Okay, I will take it back if you don't want it." Yu Sheng smiled and put away the necklace.

Xiao Zixin is just his secretary, and it seems a bit wrong to give her such an expensive item.

At this moment, the phone that Yu Sheng had placed on the table rang, and Xiao Zixin said:

"Then I will go out first."

She said and walked out of the office.

Yu Sheng picked up the phone and glanced at it, then connected.

“Where are you, accompany me to the hospital.”

As soon as it was connected, Xu Qianqian’s indifferent voice came.

Chapter: 265

Yu Sheng had a headache, and Xu Qianqian was totally an accident, and Xu Qianqian’s pregnancy was even more of an accident.

But anyway, he still had to take care of it.

He took out a cigarette and asked, “Where are you? I’ll go find you.”

“I’m at the Nebula Breakfast.”

“Wait for ten minutes.” Yu Sheng said and hung up the phone. He knew where the Nebula Breakfast Shop was, and it was quite close to the company.

He took two puffs of cigarettes, then pinched out the cigarette butts in the ashtray, got up and walked outside.

At this time, Yu Qin just walked in and asked, “Yu Dong, you want to go out, do you want me to accompany you, I drink very well.”

Yu Sheng looked at Yu Qin. Yu Qin in professional attire was undoubtedly a perfect figure. She was protruding backwards, and she didn’t know if she was deliberate. The tube top was pulled a bit low, and the capital was a little dazzling.

Looking down, under the short skirt are two beautiful white legs without stockings, straight, round, and very seductive.

Seeing Yu Sheng looking at herself unobstructed, Yu Qin felt a little proud, and subconsciously stood tall.

“Are you not awake, who is going to accompany the customer early in the morning?” Yu Sheng said amused.

Yu Qin was a little embarrassed, and his white pretty face immediately turned red.

Seeing Yu Qin’s embarrassment, Yu Sheng suddenly thought of something, and asked, “What about your boyfriend, is it okay to work lately.”

“I broke up with him.”

Yu Qin added: “Actually, I have only talked with him for a long time. He hasn’t even touched my hand.”

In fact, she proposed to break up with Xu Zhiheng, but Xu Zhiheng was still hanging up regardless of the difference.

“Are you trying to tell me that you are still a jade girl?”

Yu Sheng was amused, and he stretched out his hand to pat her hips. The hand feels good and the elasticity is very good.

“Just do your job well, don’t think about the mess.”

He said and walked out of the office.

Yu Qin’s body became stiff, his face flushed with blush, and he hummed in his heart: “You told me not to think about those messy things, then what do you do with my ass? Duplicate man.”

For the rest of his life, he went downstairs and soon came under the cafe.

As soon as he got off the bus, he saw Xu Qianqian coming out of the breakfast shop and had just had breakfast.

Xu Qianqian is still dressed in youthful and beautiful clothes, not at all like a rich princess, but more like a pure college student.

But when she stood in front of Yu Sheng, the whole air was not pure.

Those thick sunglasses and the dark evening light made it impossible to see her mind window clearly,

and her eyes were always as unfathomable as her people, making them incomprehensible. Really, Yu Sheng still doesn't know what Xu Qianqian's purpose is. The daughter of Xu's family in Beijing does not do it, but ran to the small place of Qiancheng, and even went to work in his company.

This woman is very fascinating.

"If it wasn't for you to file the bullets for me that day, I would really want to kill you!" After watching for a while, the air was freezing, and Xu Qianqian gritted his teeth.

The rest of his life spread his hands. He wanted to say that it was an accident and it was not his business at all. You couldn't help pushing me. It was me who was injured.

But he knew that as a man, he couldn't say such a thing, just slander it in his heart.

"Get in the car." Yu Sheng shrugged and turned and pulled the car door.

"Don't you know to open the door for me first?" Xu Qianqian said coldly.

For the rest of his life, he raised his eyebrows, startled slightly, and then went around and opened the door of the passenger cabin.

Xu Qianqian snorted coldly, and stepped on white casual shoes to get into the car.

The door was closed, and the rest of his life returned to the cab to drive.

Chapter: 266

"Which hospital, do you have an appointment?" Yu Sheng asked while wearing a seat belt.

"It's just a fetus, and an appointment, who do you think you are?" Xu Qianqian said sarcastically.

"Yes, then go to the People's Hospital." Yu Sheng nodded and started the car and left.

There was nothing to say along the way, until they got to the hospital, neither of them had any more words to say. The atmosphere was embarrassing and indifferent.

In this place of the hospital, even early in the morning, there were too many people. After half an hour in line, it was Xu Qianqian's turn.

After the examination, the doctor said that Xu Qianqian was in poor physique and asked her to take care of her for another week before abortion, otherwise it would be very harmful to her body.

Xu Qianqian was quite speechless, and even more angrily kicked for the rest of his life to relieve his hatred.

The rest of his life was speechless. Xu Qianqian's body looked quite normal, but he didn't expect that he was weak and sick, and it would be so troublesome to have a baby.

After venting, Xu Qianqian said coldly: "Come with me to the shopping mall."

Yu Sheng also refused to refute. The two got into the car and stopped at a clothing store for a long time.

On the model in this store, there is a long skirt on display, which Xu Qianqian likes very much.

Yu Sheng glanced at the price, which was more than 38,000.

"Try it if you like." Yu Sheng said.

Anyway, Xu Qianqian has money, and she sells the entire store without blinking. For her, tens of thousands of skirts are considered normal prices.

Xu Qianqian looked at him sarcastically: "You buy it for me? Do you have enough salary?"

This guy finally did a good deed and won a bonus of 10 million yuan, and even donated it on the spot.

Today, she wanted to slaughter the rest of her life severely and let him know the truth about money.

Yu Sheng nodded, then turned to the clerk and said, "Beauty, take this down and let her try."

The clerk was a woman in her twenties. She walked over and looked around for the rest of her life.

When she saw the stalls, she suddenly looked unhappy: "Excuse me, sir, you can't try if you don't buy it."

While talking, he looked at Xu Qianqian, and suddenly understood. This kid must be rich in front of the goddess. Even if I tried clothes, I would never buy them.

This kid looks like a poor man. Aside from the stalls, they are still dirty, with egg yolks and vegetable leaves on them? It's disgusting.

This was made during breakfast in the morning, and I didn't notice it for the rest of my life, so I didn't wipe it.

"You can't try if you don't buy it?" Yu Sheng just thought it was funny. What is the truth? How to buy without trying?

Xu Qianqian on one side was silent, watching the show, but not talking.

"Yes, who will pay if it is dirty?" the clerk contemptuously asked.

Yu Sheng frowned. Are the current clerks so horizontal? How can I know that I can't afford it?

As a result, just as he was about to say something, a woman's voice came from behind him: "Waitress, take this skirt off, I'll try it."

A woman dressed up in a rich manner was pointing at the skirt Xu Qianqian liked.

Next to this rich woman, there was a man who was wearing a gold necklace and a gold ring. That's a tyrannical man.

Really, with such a thick gold necklace, aren't you afraid of cervical spondylosis?

"Okay, wait a minute!" The clerk snatched the skirt from Xu Qianqian's hand as if smashing garlic.

This change of face is fast enough. Yu Sheng sighed.

"Now, everyone wants to pretend to be an uncle, and they don't have money to buy a skirt. They want to go to the fitting room to try it, and then take photos and send them to Moments. Finally, don't buy them. Is this kind of people interesting?"

The clerk's voice was quite loud, and nearby customers and businesses looked over. Point to the rest of your life.

"When you are a clerk, you feel superior?" Yu Sheng couldn't help it, and said coldly.

Chapter: 267

"What did you say?"

The clerk became very angry when he heard it: "You are disgusting, don't come to this high-end mall if you can't afford it."

He said, pointing at Yu Sheng with his finger, "Wearing a street stall and having a face like this? What if you try on clothes and feel dirty? Even if you don't feel dirty, after the trial, you patted your butt and left. What was the delay? Our clerk's time!"

"Yes, that's right."

At this time, the rich woman also smiled and said: "If you can't afford it, don't try it. The test is dirty. It is our high-level customers who are pitted.

By the way, there is a small commodity market downstairs. Most of the clothes there are one or two hundred, which is suitable for you."

Seeing Yu Sheng suffocated, Xu Qianqian's face rarely showed a faint smile. She was going to see this door-to-door son-in-law, how did she deal with it today.

Yu Sheng looked at the rich girl, smiled, and said: "I want not only this one, but all the styles in your store, all the sizes that she can wear, I want them all."

The voice fell, and the bank card flicked over.

Zhang's black card.

He helped the Zhang family solve such a big trouble. It was regarded as saving the Zhang family's life, and with their money, he was considered worthy of their family.

The clerk couldn't help but smile, took the bank card, and said sarcastically: "Okay, we just finished ordering in the morning. There are a total of 80 styles. Each style has a total of 1.98 million. Today you if the bank card balance is insufficient, I will call the police to catch you."

While she was talking, she walked to the counter.

Seeing the black card in my eyes, I have never seen it before, and my heart suddenly sneered.

This idiot, I don't know where I got the card. I use it as a bank card. Is it showing IQ?

"You are also a bank card?"

The rich girl didn't know the black card, so she laughed immediately, "Do you think we are all fools? Use a ugly broken card as a bank card, you can show it off."

"Hahaha, it's so funny, where is this idiot, why is it so funny?"

"Don't you know him? He is the son-in-law of the Yang family, such a famous character, you don't even know."

"I'm going, it turned out to be the soft rice king who made a sensation in the city at that time, no wonder."

"I think he should have been suppressed in Yang's house for too long, he came out to find a sense of existence."

Everyone immediately laughed, and someone saw Xu Qianqian who was silent next to him, and immediately shook their heads.

"I said little girl, don't be fooled by him. He is the son-in-law of the Yang family and eats soft food."

"Yeah, little girl, this kind of scumbag is the most hateful, leave him early, otherwise let the Yang family know, you can't please."

"The most important thing is that if you follow him, he will kill you for life."

Everyone once again persuaded Xu Qianqian to come.

Xu Qianqian just smiled and said nothing, it was up to the rest of his life to pretend.

She also didn't believe that Kali would have money for the rest of her life.

At this moment, the clerk took the card and swiped it.

"drop!"

It turned out that the credit card was successfully swiped? !

1. Ninety eighty thousand, successful swiping? !

Everyone is stupid!

After the normal bank card is swiped, a small ticket will be issued directly. But this black card, after swiping it, showed the balance on the computer at the counter!

Only from this angle, only a few shop assistants can see it!

This.. This is.. Ten.. billion? !

The long string of numbers made the legs of a few shop assistants weak, and they all squatted on the ground!

"Sorry, sorry sir, sorry..."

The clerk was about to cry, and kept apologizing. The manager came out in person and packed more than a hundred pieces of clothes.

This is a real boss, she actually mocks a billion boss, is this tired of life?

what's the situation?

When the other people who watched the heat see this, all of them were a little dumbfounded.

Chapter: 268

Has this soft rice king really paid?

That's more than one million!

The rich woman didn't believe it, she hurriedly stepped forward to check and saw the balance displayed on the screen, the long number of figures, her face changed all at once.

Her husband is also very rich, but only a few million in savings.

And for this seemingly sexy door-to-door son-in-law, Kari has a billion in deposits? !

"no need to say sorry."

Yu Sheng took the black card, laughed, and pointed to another clerk and said, "All commissions will be counted on her head. In addition, these clothes will be delivered to me..."

"By the way, where do you live?" Yu Sheng looked back at Xu Qianqian

Xu Qianqian was also a little dumbfounded at this time.

This bastard, how could he have so much money?

This is more than one million.

To her, more than one million is nothing, but she knows that for the rest of her life, more than one million is an astronomical number.

Unexpectedly, for the rest of my life...

"I live in the Presidential Suite No. 1 of the Grand Hyatt Hotel." Xu Qianqian said subconsciously.

Holding the grass and living in Presidential Suite No. 1, this woman is not easy.

Everyone was shocked again, looking at the rest of their lives, they were shocked.

Especially the clerk who just laughed at Yu Sheng, regretted it to the extreme in his heart.

Her commission!

I just passed by!

"Hear no, send to Grand Hyatt Hotel." Yu Sheng said to the store manager.

"Okay sir, I'll send it to you in a while!" The store manager nodded hurriedly, not respectful.

"Let's go, what else do you want to buy?" Yu Sheng glanced at Xu Qianqian and walked out.

A group of people are left looking at each other!

"Where did you get so much money?" Xu Qianqian asked softly when he got outside.

"You still have my baby in your belly. I should buy you some clothes." Yu Sheng turned the subject away.

"Stop dreaming. I will knock him off next week and return your child. You think too much." Xu Qianqian showed signs of anger when he heard it.

This time in Qiancheng, let alone the completion of the mission, I have never even seen the true face of the abandoned son of the Yu family, and it is really a loss to my grandmother's house to give Yu Sheng this waste of soft food.

If the child belongs to the chairman, she would think it would be useful to give birth.

But it was a waste of the rest of her life, and she could not be born after killing her.

"You look down on me like that." Yu Sheng looked at Xu Qianqian with a smile.

"Don't use the word scornful. From the day you decide to eat soft meals, you are not worthy of using this word, and no one will scorn you." Xu Qianqian sarcastically said.

"Ho ho."

The rest of my life had a ho ho, and I suddenly asked, "I'm very curious, aren't you Miss Xu's family in Beijing? A good princess is improper and came to Qiancheng to suffer. Why is this? As far as I know, the Four Seas Group It's pretty good in the southwest, but compared with your Xu family, the background is still far worse."

As he spoke, he deliberately made a surprised expression: "You didn't have a crush on some handsome guy in our company, did you come here?"

Xu Qianqian was startled, and stopped to stare at Yu Sheng, with a fierce flash in his eyes:

"The chairman asked you to test me?"

Chapter: 269

"You think too much. I'm just the chairman and a driver. Do you think I have such a high status in the chairman's heart?"

A sarcasm flashed in Yu Sheng's eyes, and he smiled: "As you said, I'm just a wasteful eater of soft rice. The chairman can let me drive him. It's already my good fortune. What can the chairman do to let me? knowledge?"

"By the way, you don't like our chairman, do you?"

Yu Sheng smiled in surprise: "I tell you that our chairman is rich in gold, young, and as handsome as me. If you can marry our chairman, you won't lose money."

"By the way, our chairman seems to be single, and the beauties who like him are probably going to be extended. If you don't start early, I'm afraid you can only be a junior." Yu Sheng laughed.

"It's enough!"

Xu Qianqian stared at Yu Sheng, she was not stupid, of course she knew that Yu Sheng was talking nonsense to her and playing her words.

This also made her a little surprised. For the rest of her life, this trash would be so trusted by the chairman. It seems that this guy is not so incompetent on the surface.

"Since the chairman trusts you so much, then you go back and tell him that I want to take a long vacation, and when I want to come back again!" Xu Qianqian said coldly.

I thought that since the chairman had already doubted herself, it would be best for her to take the opportunity to leave for a while.

Looking at Yu Sheng, she felt that all of these men were unreliable. Since he began to doubt her, she kept him unpredictable and kept hanging on his lips.

"Ah? Why take a long vacation? You don't want to secretly give birth to our child." Yu Sheng teased.

Xu Qianqian's eyes were almost turned to the sky, and he sarcastically said: "You don't want to daydream, and you don't take a piss to take pictures of yourself. Are you qualified to let me have a baby for you?"

She looked at Yu Sheng with disdain, and said: "To tell you the truth, if this child is the chairman, I might think about it, but you don't even have the opportunity to think about it."

"By the way, it seems that your son doesn't even have the qualifications for the surname Yu. In your life, you will eat your soft food. It is impossible for you to have any more children with your surname."

Xu Qianqian pulled out a sneer at the corner of his mouth, turned and walked forward.

The rest of her life spread her hands, this woman's mouth is really poisonous.

He chased after him, and quickly walked to a street where there was a commotion not far away.

I saw a lot of people around the corner in front, and the water was blocked!

In the crowd, there was a pretty figure standing, especially eye-catching.

This woman is very beautiful, and her figure is completely outside of Xu Qianqian's.

Moreover, compared to Xu Qianqian's high coldness, this beauty seems to be more easy-going.

Xu Qianqian squeezed into the crowd, and for the rest of his life he could only keep up. Then he saw a hawker selling antiques, holding an inconspicuous stone bead, and screaming in his mouth: "I tell you, I

am a celestial eyeball. , Is the heirloom of our family. According to my grandfather, the eyes of this day are left by my eighteenth generation of ancestors. They are extremely precious..."

There was a burst of laughter around.

"It's the eighteenth generation of ancestors, don't brag."

"Yes, it's fake at first glance."

"This is obviously a broken stone bead."

The hawker flushed, and he started arguing with a few people.

Chapter: 270

Yu Sheng looked around and found that not only this eye-catching beauty looked with gusto, but several other antique shop owners seemed to be very optimistic about this stone bead.

He couldn't help taking a serious look at the stone beads in the vendor's hands.

kindness?

This stone bead pattern is a bit special. Generally, antiques with the symbol pattern of "卍" are not fakes. Moreover, some places are hidden by mud, and they also faintly flowed with a strange halo. .

This stone bead is interesting.

"Boss, how much is this stone bead?" After observing for a while, Yu Sheng asked.

He had already seen that the hawker was not telling a lie, and the stone bead was indeed a celestial eyeball.

Its material is actually a kind of sedimentary rock, called nine eye shale, because it contains jade and agate, it is a kind of rare gem.

At various auctions, these dzi beads with mysterious symbols such as "? 卍" were sold for tens of millions of yuan, which was staggering.

The hawker stretched out his hand and gestured: "800,000, no less."

As he spoke, the hawker's eyes flickered, revealing a hint of treacherousness.

hiss!

Everyone around couldn't help but breathe in air-conditioning.

"Are you crazy?"

"800,000? Why don't you grab it."

"Have you ever seen any money? Just all the things on your stall, which add up to eight thousand."

When everyone spoke, the eye-catching beauties and several antique shop owners also shook their heads and laughed secretly.

This antique owner is too good to cheat people, and a broken stone bead actually sells for 800,000.

However, what surprised them even more is still to come.

"800,000? Okay, I want it." Yu Sheng thought a little bit, and nodded.

Wow!

At this time, everyone present was in an uproar.

He really bought it?

Buying a broken stone bead for 800,000 yuan, does this man have a problem with his brain?

At this moment, the eye-catching beauty and several antique shop owners also secretly shook their heads.

They have been watching here for a while. The peddler's stone beads are not tied to antiques at all. To put it bluntly, it is a stone bead stained with mud.

"Where did you get so much money?" Xu Qianqian frowned. No matter how much the chairman trusts

Yu Sheng, it is impossible to give him so much money.

I bought her a dress of 1.98 million before, and now there is still 800,000 to buy a broken stone. This guy is afraid it's not a robbing of the bank.

"In this society, there are so many ways to get money. As long as you have big money, you can't let us ordinary people have a little money." Yu Sheng laughed.

Everyone was speechless for a while.

Big brother, 800,000, that's not a small amount of money. In our eyes, it's already a lot of money, okay? You are such a compelling person, you are really good at it.

Seeing that Yu Sheng was not telling the truth, Xu Qianqian snorted coldly, and stopped asking.

But I was already suspicious in my heart.

"Look, this brother knows the goods." The hawker immediately gave Yu Sheng a thumbs up.

For the rest of his life, he didn't talk with him, and directly scanned the QR code to pay.

The hawker is even more excited.

This broken thing can finally be sold.

The point is that although this thing is really from their family's ancestors, no one knows what it is, even his father threw it in the backyard a few years ago.

He got it by chance, but he didn't have much hope.

Unexpectedly, it sold for a sky-high price.

In the sorrow of everyone, Yu Sheng closed his eyes.

At this time, the eye-catching beauty pointed to a porcelain plate with a celadon glaze at the hawker's feet, and asked gently: "Boss, how do you sell this?"
