Chapter: 361

Yu Sheng didn't say it directly, but Zhang Shengquan still heard what Yu Sheng said.

For the rest of his life, this is to let him Zhang Jiawei he is respected.

Zhang Shengquan didn't have any dislike for this. On the contrary, he felt that being able to maintain a good relationship with a Feng Shui master like Yu Sheng would only benefit his Zhang family, but would not harm him.

Even at a critical moment, it can save their lives.

Therefore, he doesn't care about the identity of Yu Sheng's door-to-door son-in-law. Master Yu alone is enough to make him respect Yu Sheng.

Seeing Zhang Shengquan on the road, Yu Sheng asked him to come and pick him up. He still didn't know where Magnolia lived.

Soon, Zhang Shengquan drove to Sihai Group in person.

"Master Yu works here?" Zhang Shengquan asked curiously after Yu Sheng was born.

In his opinion, as Yu Sheng, what kind of work do he need to attend?

"Well, let's go." Yu Sheng nodded and got into Zhang Shengquan's car. He didn't want to drive there.

Zhang Shengquan didn't dare to ask more, so he got into the car and drove the engine to the outskirts.

In the car, Zhang Shengquan suddenly said anxiously: "Master Yu, I heard that Miss Bai has invited another Feng Shui master, who seems to be a Taoist priest on Longhu Mountain. I hope he won't get ahead."

Zhang Shengquan attaches great importance to the cooperation with Hefengtang. If Yusheng helped Magnolia resolve the crisis today, then Magnolia will probably sell his personal affection and cooperate with his Zhang family.

But if this credit is taken away by others, Magnolia will definitely not sell this favor.

After all, their Zhang family is still too small in front of the Bai family.

Yu Sheng looked back at Zhang Shengquan, and Zhang Shengquan chuckled: "Master Yu, you may not know that Magnolia is the strongest among the young white generations. I heard that her grandfather is also very optimistic about her and plans to let her take over as the head of the house. ..."

He didn't say any further, the meaning was so clear, he believed that he could hear it for the rest of his life.

At that time, Magnolia was the person at the helm of the Bai family. If Yu Sheng really helped her solve this matter, wouldn't she be grateful to Yu Sheng?

Yu Sheng smiled and said, "It seems that what you think is quite thoughtful."

Zhang Shengquan said with a smile: "Master Yu, Miss Bai is not only noble, but also young and beautiful. If she really plans to take over the Bai family, then she can only hire a son-in-law..."

Yu Sheng looked at Zhang Shengquan again, and Zhang Shengquan's servant even encouraged him to hook up with Magnolia.

But he didn't think too much. He is still the son-in-law of the Yang family. Zhang Shengquan doesn't know his other identity. It's normal to have this idea.

"If the master of Longhushan is really good, I don't know how to do it," Yu Sheng said, spreading his hands.

Last time, Qin Daoran of Longhushan shot Zhang Sheng to break the law, he also saw that the people of Longhushan actually had some abilities.

As for whether the other party can solve the Magnolia matter this time, it depends on whether the matter is serious or not.

However, thinking of Qin Daoran's personality, he has a lot of affection for Longhushan.

Even if Magnolia invited Qin Daoran this time, he would definitely abolish him.

Zhang Shengquan sighed and nodded, "Then let's go and take a look first.

By the way, Master Yu, you are a real master of metaphysics. Most of the so-called masters in Longhushan are deceptive. Then you can just grab his credit."

Without talking for the rest of his life, he took out the cigarette point, rolled down the car window, and looked out of the window to smoke.

Zhang Shengquan's words really touched his heart, and if he had the opportunity, he would certainly take the credit for it.

Of course, he would not let the Bai family owe him such a great opportunity.

Chapter: 362

Magnolia's villa was built in a garden in the outskirts and was very luxurious.

Although she is only temporarily in Qiancheng, with the strength of the Bai family, there is no problem in buying a villa and throwing it here.

Soon, Zhang Shengquan took the rest of his life to Bai Yulan's villa.

At this time, a middle-aged man with the appearance of a housekeeper walked out, Zhang Shengquan got out of the car hurriedly and asked with a smile: "Housekeeper Li, is the eldest lady at home?"

Butler Li's name is Li Furen, who is the brother of Bai Yulan's assistant Li Fugui. He glanced at Zhang Shengquan and said indifferently: "Zhang Shengquan, what are you looking for Missy for?"

Even the Zhang family is quite a family in Qiancheng, but Zhang Shengquan, the Patriarch, Li Furen still doesn't care about it.

Zhang Shengquan also has a clear understanding of this. His Patriarch is indeed not as high as a steward of the Bai family, especially when he was in Beijing.

"Steward Li, I heard that the eldest lady is bad luck, I specially invited a Feng Shui master, he is a true metaphysical master, and he will definitely help the eldest lady solve her troubles." Zhang Shengquan said hurriedly.

Li Furen glanced at Yu Sheng, who was coming out of the co-driver's cab, and didn't even put Yu Sheng in his eyes.

How could he believe such a young master of metaphysics?

Li Furen looked away from Yu Sheng and said, "Master Lai of Longhushan has come and is doing things for the eldest lady. If it is inconvenient, please go back first."

Zhang Shengquan was a little anxious, and said, "Housekeeper Li, Master Yu has already come, so let Master Yu try first. By the way, some time ago, my Zhang family also had a feng shui problem, but in the end, Master Yu helped my family solve it. By the way, Master Yu and Miss Bai also have friendship."

Li Furen smiled and said, "Many people say they have friendship with the eldest lady. During this period of time, I can hear the cocoon coming in my ears. Besides, the person you invited is a great master from Longhushan?"

He also gave Zhang Shengquan face, or he would have been a liar for the rest of his life, this young man is still a metaphysical master, and a metaphysical liar is almost the same.

Zhang Shengquan was a little embarrassed and asked, "I wonder if Steward Li has heard of Qin Daoran."

Li Furen said with a look of admiration: "Master Qin is the big brother of Longhushan and the top

metaphysical master in the country. It's a pity that I heard that Master Qin is going far away, or of course we have to ask Master Qin to do things for the young lady."

Zhang Shengquan smiled and said, "But Qin Daoran is the defeated opponent of Master Yu."
"what?"

Li Furen was taken aback, looked at Yu Sheng in disbelief, and said, "You said Master Qin was his defeated opponent?"

Zhang Shengquan confidently said: "Yes, I also asked Qin Daoran to make feng shui for my family. I have to say that Qin Daoran does have some strength, but it is a pity that their Feng Shui mysticism on Dragon Tiger Mountain is flawed."

"What do you say?" Li Furen looked at Zhang Shengquan, his eyes narrowed.

Zhang Shengquan wanted to cooperate with Hefengtang. He believed that Zhang Shengquan would not dare to speak out.

Zhang Shengquan said: "At the beginning, my family was in a crisis. The solution Qin Daoran gave to my Zhang family was to exchange my life for Zhang Shengquan in exchange for the continuation of my Zhang family.

Seeing that I was about to die by Yin Sha, at the critical moment, it was Master Yu who took the action in time to destroy Yin Sha and break Qin Daoran's ritual, which saved my life and the Zhang family's life. Later, Qin Daoran was not convinced, and wanted to fight Master Yu. Master Yu relaxed a few profound methods. He vomited blood without stopping. In the end, he even ignored his junior sister and ran away. The whole family of my Zhang family knows about this. If Steward Li doesn't believe it, he can ask me the Zhang family now. "

After listening to Li Furen, he was a little dumbfounded.

As far as he knows, Qin Daoran is a master of metaphysics with a reputation throughout the country. He really lost to this young man?

Li Furen looked at Yu Sheng, unknowingly, there was some respect in his eyes.

Chapter: 363

Li Furen must believe that Zhang Shengquan dare not lie to him.

As long as he knows that Zhang Shengquan dares to lie to him, the Zhang Family will never be able to cooperate with the Bai Family.

Therefore, Li Furen believes that what Zhang Shengquan said is definitely true.

But he was looking at Yu Sheng, and it was really hard to imagine that Yu Sheng was so young, but in his twenties, how could he be better than Qin Daoran's long-established metaphysics master?

"Master Yu is really amazing. Even Master Longhushan like Qin Daoran is not your opponent. I just despised it. Please forgive me."

Li Furen held a fist to Yu Sheng and said, "Since Master Yu is also a master of metaphysics, please come in. But at this time, Master Lai is casting a spell on my lady, and I hope Master Yu waits for Master Lai to finish the spell before intervening."

Although he believed Yu Sheng a little bit, he couldn't offend Master Lai either.

Master Lai is the master of Longhushan, and he wants to give others face.

Yu Sheng smiled indifferently and said, "No problem."

Zhang Shengquan also breathed a sigh of relief. If he couldn't even enter the gate today, how would he behave?

The two followed Li Furen into the villa.

“Sit down, you two, I’ll pour tea for you.” Li Furen said and left.

If it were a leaflet, he would definitely not pour the tea himself.

He already believed in his heart for the rest of his life.

Zhang Shengquan also knew this.

He smiled and said, “Master Yu’s reputation is easy to use. Look at this Li Furen, although he is only a steward of the Bai family, but in our Qiancheng city, even the few masters don’t give the face because of our Qiancheng city. All the families together are not as good as the Bai family.”

Yu Sheng glanced at Zhang Shengquan and said indifferently: “Although the Bai family is strong, it is just a dragon over the river. You dignified Zhang family Patriarch, actually going to kneel and lick a housekeeper, really surprised me.”

Zhang Shengquan was not angry, but smiled awkwardly: “There is no way, my Zhang family is very unhappy recently. If I can get help from the Bai family, it would be nothing to kneel and lick their housekeeper.”

For the rest of his life, he didn’t speak any more, and soon Li Furen poured two cups of hot tea.

“Thank you, butler Li.” Zhang Shengquan said politely.

Yu Sheng just nodded right and put the teacup on the coffee table.

“Housekeeper Li, should we go see Missy first?” Zhang Shengquan took a sip of tea and asked tentatively.

Li Furen thought for a while and said, “It can be, but you can’t interfere with Master Lai’s spellcasting.”

“Yes.” Yu Sheng nodded.

Then Li Furen took the two to the second floor.

In a room on the second floor, a middle-aged man wearing a cyan robes was walking around with a compass in his forehand. Magnolia stood with her back to the door, and when she heard three people coming in, she turned and asked, “Uncle Li, Is there a problem?”

Li Furen hurriedly said, “Miss, Zhang Shengquan invited Master Yu to show you Feng Shui, and I brought them up.”

Magnolia looked at Yu Sheng, a little surprised, “Mr. Yu, why are you here?”

She glanced at Zhang Shengquan again, wondering if Mr. Yu was the Master Yu invited by Zhang Shengquan?

“Patriarch Zhang said that you are in trouble, so he asked me to come over and show you.” Yu Sheng smiled faintly.

“You, do you also look at Feng Shui?” Bai Yulan opened her eyes wide, and she couldn’t believe it.

She only knows that the rest of her life is very rich, and she also has a lot of research on antiques, so she should be regarded as a master of antiques.

It was a bit exaggerated to think that Yu Sheng would still watch Feng Shui.

“Understand a little.” Yu Sheng nodded.

Ok.

When Magnolia heard this, she was a little disappointed.

Yes, he should be quite researched in antiques, and Feng Shui metaphysics should be just as he said, know a little bit.

Compared with the master of Longhushan, then he is really not worth mentioning.

“Mr. Yu, Master Lai is showing me Feng Shui. I don’t have time to accompany you. I’m really sorry.”

Magnolia smiled apologetically to Yu Sheng, and then said to Li Furen: “Uncle Li, you take Mr. Yu to rest first, and I will go down to accompany Mr. Yu later.”

Chapter: 364

When Zhang Shengquan heard this, he was a little disappointed. He was about to say something, but he heard Yu Sheng speak.

“Miss Bai is so worried, I will take a look here, and I won’t bother Master Lai.” Magnolia looked down upon him, and the rest of his life was not angry, and smiled faintly.

“Yes, Miss, as the saying goes, one more person has one more way. Master Yu’s Feng Shui mysticism is not my bragging. In my eyes, it must be supreme, and I have talked about you with Master Yu before, and Master Yu also reads it. If your problem lies, we don’t bother with Master Lai’s methods. If Master Lai can solve the problem, that’s good. If it can’t be solved, Master Yu can also try it.” Zhang Shengquan also hurriedly said.

Magnolia nodded when she heard the words, Zhang Shengquan’s words were not unreasonable, so she agreed to stay with them.

But at this time, Master Lai was looking back at the rest of his life, with a look of disdain in his eyes, and said coldly: “I Lai is a disciple of the twenty-seventh generation of Longhushan. Feng Shui Xuanshu has inherited the essence of Taoism from Longhu Mountain. There are feng shui that I can’t see through, and there are no dead knots that I can’t solve. On the contrary, you, at a young age, dare to be called a master of feng shui, I am afraid it is not a liar.”

When Zhang Shengquan’s face changed, he had to take Qin Daoran as an example. Yu Sheng smiled faintly and said, “Master Lai, no one doubts your ability, but since you are the master of Longhushan, why don’t you see for yourself before going out? Fortune, you have a bloody disaster today, don’t you know?”

Yu Sheng looked at Master Lai’s forehead, and saw a faint black spirit lingering between his brows, and he couldn’t help but feel a little curious.

Since this Master Lai is the profound master of Longhushan, it is impossible to even see this point of luck, right?

“What are you talking about? You said I have a bloody disaster?”

Master Lai looked at Yu Sheng in surprise, his eyes full of disdain, and then he laughed and said: “Boy, I can’t tell, you are crazy.”

Li Furen and Bai Xiaolan frowned slightly, and Yu Sheng even said out of thin air that Master Lai was in a bloody disaster. Isn’t this a freak?

Both of them were a little bit displeased, but they were not easy to have a seizure.

Yu Sheng spread his hands and said: “I’m telling the truth. Don’t think that I hurt you on purpose. Your Yintang is black, your cheeks are swollen, your pupils are red and not together. This is a sign of great fortune. Does Master Lai feel that Can’t you come out? If you don’t pay close attention to remedy, I’m afraid it will be impossible to stop the disaster of blood and light.”

What Yu Sheng was telling was the truth. In his opinion, since Master Lai was from Longhushan, he must be somewhat docile.

Although that Qin Daoran was a bit hateful, he had to say that his metaphysics also had two brushes. And that Ye Qianxia, although she didn’t show one aspect of Feng Shui metaphysics, her light body exercise was one of the rare exercises that even he wanted very much.

Therefore, the people of Longhushan, he still believes that they have some abilities.

Master Lai said with disdain: “Boy, I am a master from Dragon Tiger Mountain. I don’t know what’s going on with me? If you talk too much, don’t blame the old man for being rude to you!”

“Am I uttering a lot of words?”

Yu Sheng smiled and said faintly: "I don't think of your so-called masters in Dragon Tiger Mountain, but that's all."

Master Lai immediately became angry and shouted loudly: "Boy, you are looking for death, dare to insult our Dragon Tiger Mountain?"

Yu Sheng shrugged and said, "How do you compare to Qin Daoran?"

Master Lai said with disdain: "Qin Daoran is a fart, what is he, dare to compare with our Dragon Tiger Mountain?"

Yu Sheng opened his mouth, Master Lai didn't even know Qin Daoran?

"Isn't Qin Daoran your big brother in Longhushan, you don't take him so seriously, where do you rank in Longhushan?" Yu Sheng asked.

Chapter: 365

"Hmph, Qin Daoran must be a liar who deceived under the banner of our Dragon Tiger Mountain. He didn't expect you to be deceived by him."

Master Lai said that he would not take care of the rest of his life, but instead looked at Magnolia and said, "Miss, this kid dares to doubt my ability. This unobstructed boy knows that our Dragon Tiger Mountain Geomantic Mysticism is powerful 1"

Looking at Master Lai for the rest of his life, he just smiled faintly.

This Master Lai was the real liar who deceived Longhushan, and Magnolia must have been deceived by him.

He believes that Qin Daoran is the real Big Brother of Longhu Mountain. As long as you understand and hear about Longhu Mountain, you will know the prestige of Big Brother Qin Daoran.

And Ye Qianxia can also explain everything.

Magnolia nodded, her gaze towards Yu Sheng was slightly displeased.

But seeing that Yu Sheng was not bothering Master Lai, she didn't have much to say.

"Master, please do it as soon as possible to help me resolve this danger." Bai Yulan said respectfully.

During this time, she was really scared.

She didn't believe in Feng Shui metaphysics before, but after experiencing so many bad luck, she also had to believe it at this time.

Master Lai immediately took out a few pieces of talisman cut out of yellow paper, gestured to the void, and chanted with words in his mouth, but no one could understand what he was singing.

But even with this kind of singularity, Li Furen and Bai Yulan feel that Master Lai is the real master, and the spells they sing are all unpredictable.

After Master Lai sang for a while, he threw the talisman in the air, observing the aspect and speed of the talisman paper scattering, then pointed to a pot of green potted plants on the side of the window, and said, "Miss, I found the problem. ."

"Oh?"

Magnolia was overjoyed and hurriedly asked, "Master Lai, what's the problem?"

Master Lai said: "The direction that this window opens is the direction from the east to Ziqi. Your fortune flows in from the east. When you come in through the window, it happened to be blocked by this potted plant. It's blocked out of the window."

Magnolia was overjoyed when she heard the words, pointing to the potted plant and said excitedly:

"Master, can I just move this potted plant to a different location?"

Master Lai laughed and said, "Yes, Missy is so smart."

Li Furen was also very excited, and before Magnolia started to move, he personally moved the potted plants.

Seeing this, Yu Sheng hurriedly stopped and said, "You can't move the potted plants!"

"Why?" Magnolia looked at Yu Sheng, questioning.

Li Furen also stopped to see what Yu Sheng had to say.

For the rest of his life, Master Lai smiled and said, "Yes, you can't remove the potted plants yet."

"Oh?" Magnolia was even more confused now.

Master Lai explained with a smile: "Miss, Feng Shui Metaphysics is not as simple as you think. Feng Shui Formation is an invisible formation, and it is not a problem that can be solved by simply moving a potted plant."

"What else should I do?" Magnolia asked.

Master Lai said calmly: "The feng shui metaphysical array must use special items made by the feng shui master to change its eyes. The reason why this basin is blocking your luck is just a coincidence. Before removing it, you must first suppress the eye with an exorcism object, or your luck will be taken away by it."

Hearing Master Lai's explanation, Yu Sheng smiled directly. It's really shit, this guy is definitely a big liar and he ran away.

But Bai Yulan and others were convinced by listening, and they didn't even doubt it at all.

"Please also ask the master to do it." Bai Yulan said hurriedly.

Master Lai took out another piece of talisman paper, placed it on the potted plant, and pointed his right hand together, pointing to the potted plant and began to mutter.

Finally spit on the potted plant and shouted loudly before saying to Li Furen: "Housekeeper Li, you can now remove the potted plant."

"Thank you, Master!" Bai Zhulan saluted Master Lai, her eyes very excited.

Li Furen also nodded and went to move the potted plants.

"Housekeeper Li, if you move the potted plants away now, then Miss Bai's Fortune Array will really be blocked." Yu Sheng hurriedly reminded.

Li Furen was startled and hesitated.

"Remove the potted plants first." Magnolia said directly, without even looking at Yu Sheng.

Li Furen no longer hesitated and moved the potted plants away.

Chapter: 366

"Okay, Miss, now there is no problem with the Luck Array, and luck will soon turn around." Master Lai said with a smile.

"Well, Master, this is the 10 million check promised to you before." Magnolia nodded, and handed out a filled check to Master Lai.

During this time, she was almost driven mad by all kinds of bad luck.

Just last month, she had just passed her twenty-fourth birthday, and she didn't expect that once her birthday was over, she would have bad luck. Two or three car accidents almost killed her.

Then I can fall down the stairs, sprain my foot, and drink a coffee and make soup. It's incredible.

But what makes her most sad is that she lost the necklace her mother gave her before her death a few days ago.

That was the relic left to her by her mother.

She also spent millions to find it, but she still couldn't find it.

And at work, she is also in constant trouble.

The day before yesterday, I had a good deal with the Li family of Xiangjiang. Yesterday, someone called and said that she had a problem with her luck recently. Cooperating with her would affect the luck of their Li family. Then they just stopped cooperating. It was really angry. The dead do not taste their lives. This kind of bad luck is finally going to see Shuguang today.

In fact, let alone ten million, even if Master Lai asked for one hundred million, she did not hesitate to give it to him.

Master Lai was overjoyed and took it quickly and put it in his pocket.

When Yu Sheng saw this, he sneered in his heart again and again. At this time, Magnolia's luck was completely locked. He was sure that in a while, a new round of crazier bad luck would be attached to her.

According to the commentary on the Nine Profound Heavenly Sutra, this big liar not only had the luck to resolve the white magnolia, but also made a mistake by making a mistake.

He had already noticed it when he came in. There was a big lock dragon formation in this room, which had basically taken shape.

The so-called Suolong Formation is a terrifying secret formation in Feng Shui metaphysics. In this formation, let alone human luck, even a dragon will be locked in this room and cannot move.

Therefore, when Magnolia lives in this room, her luck must be locked up, and then if she has luck, she must be constantly patronizing her.

Fortunately, this lock dragon formation is only in its infancy, and it is not completely locked.

Otherwise, Magnolia will not only be completely locked here, but also her fate, she will definitely die in this room soon.

It's a coincidence that the only loophole left by this Suolong Formation is the potted plant.

Green plants represent the vitality of life, those who are proud of their vitality, evil is overwhelmingly righteous, demons dare not get close, and there are potted plants in them, but it opens the door to the dragon formation.

With this kind of life, it just happens to be able to maintain a little bit of luck, and it won't let the white magnolia completely suffer from bad luck.

But at this time, the potted plants were removed, the gate was closed, and Magnolia's luck was completely locked in the Suolong Formation.

"Master Lai, from now on, I won't have bad luck anymore." Seeing Master Lai put away the check, Magnolia asked.

Master Lai smiled and said: "Miss, don't worry, I am the twenty-seventh-generation disciple of Longhushan, specializing in metaphysics for decades, that is to say, you don't know my name, or there is no me in this world. Feng Shui metaphysics that cannot be resolved."

Magnolia nodded and said, "That's good, otherwise, I really have had enough during this time."

As soon as she finished speaking, the phone rang. She took it out to see that it was her assistant Li Fugui who was calling, and the phone was connected.

"Miss, it's not good, something big happened. We exported the goods to Italy, but they were all blocked by the customs." As soon as the call was connected, Li Fugui's anxious voice came.

"Why got stuck?" Magnolia frowned and asked puzzledly.

"They said that our products were not up to standard, and they were not allowed to pass customs." Li Fugui said.

"How is it possible that our products are all tested in accordance with international standards, how can

it be unqualified?"

Magnolia said loudly, her emotions a little bit bigger.

If the net profit of this batch of goods is at least 500 million yuan, if it gets stuck, isn't it a big loss?

Chapter: 367

Now they are stuck at the customs, not to mention making money. Being stuck for a day, millions of dollars in expenses, this kind of expense is enough for them.

Magnolia really couldn't understand it. Master Lai just resolved her qi crisis and made her qi flow more secure. Why did this happen?

Could it be that Master Lai lied to me?

She glanced at Master Lai, and then said to Li Fugui: "You check the source first, and you must handle this matter within today."

"Miss, the other party randomly checked seven or eight cases, and they all have problems. People don't believe us anymore," Li Fugui said.

"But you can't just give up like that, or who can afford this loss?" Bai Magnolia said displeased.

"Well, then I'll do a good job of prosecuting, but I guess it's because the other party is targeting us, so you have to be prepared." Li Fugui reminded.

Bai Yulan hung up with a hum, and then looked at Master Lai.

"Master Lai, didn't you say that my luck has been completely restored, and there is no more bad luck? Why does this happen?" Magnolia frowned and asked.

Master Lai's gaze was a bit dodge, and he dared not look at the eyes of Magnolia, squeaking: "Miss, the transfer also takes time, and it can't be done overnight."

Magnolia frowned and she couldn't find words to refute for a while.

"Miss, since the matter on your side has been resolved, then I will leave first. The transfer will also take time. Don't worry, at most tomorrow, your good luck will come." Master Lai already has his forehead.

There was a slight sweat, and I didn't dare to stay any longer.

He said that he turned around and was about to go out.

Yu Sheng stopped him and said with a faint smile: "I think Master Lai should not rush away."

"Go away!"

Seeing that Yu Sheng dared to stop him, Master Lai immediately shouted angrily: "You are a liar, dare to block the way of this master and look for death?"

For the rest of his life, he did not agree with Master Lai. Instead, he looked at Magnolia and smiled faintly: "Miss Bai, don't you think it's weird? This Master Lai has just resolved your fortune, and you will be in bad luck immediately. Think this is really a coincidence?"

Magnolia frowned, feeling that Yu Sheng said something reasonable, so she said to Master Lai: "Master Lai, I think there may be something wrong with this, so you better not leave first, first let me handle this matter thoroughly. Let's go again, you can say how much it costs."

Master Lai's face changed slightly and he gave Yu Sheng a fierce look before he said to Magnolia: "Miss, your fortune has just been resolved. Of course you can't reach Europe in such a short period of time, so your European affairs, It must have nothing to do with your luck.

Moreover, I am sure to tell you that this troublesome matter in Europe will be solved without tomorrow, turning bad luck into good luck. "

Magnolia was a little moved, and she also felt that what Master Lai said had some truth.

My luck has just returned to normal, and it is indeed impossible to spread to the country of Italy right

away.

“Well, Mr. Yu, please let Master Lai go.”

As soon as Bai Yulan’s voice fell, she suddenly felt a tingling pain in her stomach. She screamed when it hurt, and almost fell to the floor.

She covered her lower abdomen, and her whole body bowed, cold sweat on her painful forehead.

Magnolia’s other support held the Crystal TV, and then she barely stood firm, and she muttered in her heart:

No, the period last week ended. How come you have sudden dysmenorrhea?

At this moment, her lower abdomen was like being strangled by a knife, and in pain, she could only stand firmly by holding the corner of the TV with her hands.

Suddenly, there was a cry on the TV shelf, and she was cut off by her.

Then, the huge TV slammed directly at her feet.

When Magnolia saw this, she screamed in fright, but she couldn’t avoid it at all.

Chapter: 368

Upon seeing this, Yu Sheng stepped forward, grabbed her hand, and slammed her into his arms.

At the moment when the TV was about to hit Bai Xiaolan’s instep, Bai Yulan was directly pulled into her arms by Yu Sheng.

With a bang, the TV hit the floor and broke.

The shell and the screen shattered, and a piece of glass slid across the smooth and round calf of the magnolia, and suddenly a blood port of three or four centimeters was drawn, and the blood sprayed like a direct flow.

“what!”

Magnolia couldn’t help but scream, if she hadn’t been lying in her arms for the rest of her life, she would have fallen down.

Yu Sheng squatted down and grabbed her calf, tapped a few times on the wound to stop the blood, and then said: “Miss Bai, do you have a disinfectant in your house? Hydrogen peroxide or a standard vomiting will work, and there are band-aids.?”

When Yu Sheng grabbed her calf a bit messy, Bai Yulan was a little angry and she was about to get angry, but when she thought that if Yu Sheng hadn’t saved her in time, her foot would definitely be broken, and the anger in her heart was suppressed again.

Soon, Li Furen brought out the medical kit, took out hydrogen peroxide to eliminate the poison to Magnolia, and took out band-aids to apply.

At this time, Magnolia looked at Master Lai with a very abnormal expression, and said coldly: “Master Lai, what is the reason for this? If you don’t give me a reasonable explanation today, you won’t have to go anywhere!”

At this time, Magnolia no longer trusted the master.

Li Furen even grabbed Master Lai by the collar and said angrily: “Say, what did you do to our lady? Tell me one, two or three. I will kill you today!”

Master Lai was crying and said aggrieved: “I can’t do anything. I just set up a feng shui array to help the young lady improve her fortune...”

“Are you improving?”

When Li Furen raised his hand, he slapped Master Lai with a slap in the face, and said angrily: “Are you going to be bad? Say, who sent you to frame the eldest lady?”

Magnolia's face suddenly changed, and she felt that Li Furen had some truth in her doubts. Her grandfather has said more than once that she is going to let her inherit the position of Patriarch of the Bai family. Her cousins probably won't agree. Then, it makes sense for them to ask Master Lai to frame her.

Master Lai was almost scared to pee when he heard it, and hurriedly said in mourning: "Miss Mingjian, I really don't have anyone instigated me!"

He is not stupid either, like this kind of big family, if he is really instructed to frame Bai Xiaolan, he believes he doesn't know how he died.

"Miss, this guy is not telling the truth, I am going to break his fingers first." Li Furen said.

Master Lai trembled, and Li Furen's eyes were murderous. He believed that Li Furen would be able to do what he said, and his legs trembled in fright: "Miss, I am wronged, there is really no one instigating me!"

Magnolia snorted coldly: "Master Lai, if you don't give me a reasonable explanation today, don't blame me for being cruel!"

Master Lai was frightened. He knelt down with a bang, and said with a snot and tears: "Miss, I was wrong, I am damned, I am not Master Longhushan, I just want to cheat some money, so I risk For Master Longhushan, Miss, I will return this check to you, and please raise your hand and spare my life!"

"What? You turned out to be a liar?"

Li Fu's benevolent slaps slapped Master Lai several times in the face, thinking that he should be fooled by Master Lai, and even hurt the eldest lady. This bastard thing is really damn!

Bai Yulan was also a little dumbfounded, she didn't think that she had been fooled by a liar from the dignified Bai family. If this was to be passed on, it would be strange if the family members didn't laugh to death.

"You dare to fool me!" Bai Xiaolan's delicate body trembled, and the pride on her chest went up and down, shaking with rhythm.

"Miss, I was really wrong, please let me go..."

He cried and turned to Yu Sheng suddenly, and kept kowtow to Yu Sheng: "Master, please save me. I will give you as much money as you want!"

Master Lai thought about the fact that Yu Sheng had said that he had a bloody disaster in the Yintang, and immediately believed that Yu Sheng was the real Feng Shui master. Now it seems that only Yu Sheng can save him.

Chapter: 369

Seeing that Master Lai actually asked Yu Sheng for help, Magnolia was desperate to the extreme.

It seems that after Master Lai's chaos, his fortune has become even worse.

If this continues, will it directly affect the entire family?

"Master Lai, do you know what the biggest mistake you made today is?" Looking at Master Lai who kept begging for help, Yu Sheng said indifferently.

Bai Yulan and others also looked at Yu Sheng curiously.

She also remembered. The rest of her life prevented her from removing the potted plants twice before.

Is he really a Feng Shui master?

"Master, please enlighten me!" Master Lai cried.

Yu Sheng glanced at Bai Magnolia and said: "Miss Bai's room has initially formed a feng shui locked dragon formation, but there is still a glimmer of vitality to maintain Miss Bai's luck. This vitality is the potted plant before.

But you insisted on removing the potted plants, breaking the door, and allowing the Suolong Formation to form completely, completely locking up Miss Bai's fortune. It is only strange that Miss Bai is unlucky again and again.

Moreover, ten days later, when Miss Bai's bad luck reached its peak, she would die innocently in this room."

Master Lai was dumbfounded, thinking that he had accidentally hit and bumped, and unexpectedly broke into such a disaster.

At this time, he finally understood why he let them remove the potted plant, and Miss Bai suddenly got into bad luck. It was really his own misfortune!

But when Bai Yulan heard the words, her face changed drastically, and her whole person was struck by lightning.

Knowing that Yu Sheng is really a Feng Shui master, how could she not listen to Yu Sheng.

"Master Yu, should I move the potted plant to its original position now?" Master Lai looked at Yu Sheng expectantly.

Magnolia's eyes also lit up, thinking that this should solve the problem.

"late."

Yu Sheng said indifferently: "At this time, the gate of Suolong Dazhenshengmen has been closed, and the potted plants have no effect on where they are placed."

Bai Yulan always felt a little unbelievable, and asked: "My room has always been good. Before the renovation, I also invited a Feng Shui master to arrange the Feng Shui. Why did it become a Suolong Grand Formation?"

Yu Sheng smiled, and said, "Your room was not originally the Suolong Formation, but the Wangtian Formation of prosperous luck.

But this year is the year of the dragon, and it is also your birth year. Your own fate has changed this year. The changed fate does not match the Wangtian fate, so once your birthday is over, you will slowly become a dragon lock formation. NS."

Magnolia was shocked, thinking that Yu Sheng still knew that this year was her birth year, she believed Yu Sheng a little bit in her heart, but she still asked: "Even if what you said is right, why do I put the potted plant now? Can't move it over?"

Yeah, why doesn't it work?

Li Furen, Master Lai and others also watched Yu Sheng.

Yu Sheng said lightly: "For example, when you throw a stone into the lake, the lake is calm, but after you throw a stone into the lake, the lake surface will definitely ripple. At this time, you can't hold it. Walking with rocks can no longer change the ripples of the lake."

Master Lai looked desperate and immediately slumped on the floor.

Is this completely rescued?

Ms. Bai, will she spare me?

Magnolia stared at Yu Sheng dumbfounded, and finally no longer doubted at this time, subconsciously revealing a touch of respect in her eyes.

"Master Yu, please save me. No matter how much money you want, I can give it to you, as long as you help me break this locked dragon formation!" But ten days.

At this time, Zhang Shengquan also hurriedly said: "Master Yu, please also help the eldest lady."

Magnolia glanced at Zhang Shengquan gratefully, thinking that as long as Master Yu helps herself solve this crisis today, even if she suffers a little loss, she will help Zhang Family.

Chapter: 370

Yu Sheng glanced at Zhang Shengquan, and then said to Bai Magnolia: "Miss Bai, it's okay to help you, but the dragon formation is complete, and it may destroy your room layout."

Bai Yulan breathed a sigh of relief and said, "As long as the dragon lock formation can be cracked, there will be no problem even if the villa is torn down."

Yu Sheng smiled, and said, "That's OK. Butler Li, come here with Gang Ye."

Li Furen nodded, but he didn't go out immediately. Instead, he turned his head and punched Master Lai's mouth severely, causing Master Lai to snorted and blood overflowed from the corner of his mouth before he turned and walked out.

After Master Lai took this punch, his thoughts about running away were also closed, and he did not dare to hum when he crawled on the ground.

A few minutes later, Li Fugui walked in with a pointed steel noodle.

"Master Yu, is this okay?" Li Furen asked.

Yu Sheng nodded, pointing to the wall on the left and said: "There is a water pipe buried in the corner of the wall. It is the lifeblood of the dragon lock formation. If the water pipe is broken, the dragon lock formation will be broken."

"Ah? Is there really a water pipe buried there?" Bai Yulan and Li Furen were a little surprised, but also a little unbelievable.

The rest of his life just smiled.

Zhang Shengquan believed in Yu Sheng and said, "Housekeeper Li, you can just do what Master Yu said. Master Yu said that there is a water pipe buried in the wall, and there must be a water pipe buried in it. It must not be wrong."

"Well, then I will pry open the wall first." Li Furen started to pry the corner of the wall with a questioning attitude.

Magnolia looked at Yu Sheng, then at the corner.

This is her bedroom. She didn't even know that there was a pipe buried in the corner of the wall. She didn't believe that the rest of her life could even figure it out.

Li Furen was also a warrior, and soon pried open the corner floor, exposing the concrete floor.

Seeing this, Bai Yulan couldn't believe that there would be a water pipe buried there.

"Master Yu, there is no water pipe here." Prying open the floor tiles and looking at the concrete floor, Li Furen didn't believe that the water pipe would be buried under the concrete floor.

At this moment, even Zhang Shengquan was a little surprised. Could it be that Master Yu was wrong? Shouldn't it?

Yu Sheng looked at the suspicious eyes of several people, and smiled faintly: "For the Suolong Array to circulate, there must be a central axis.

I just deduced it. This central axis is a water pipe. The water flows through the front eye to lock the car's fortune. So this water pipe is buried in this wall and you just break it. "

Li Furen was still a little skeptical, and asked, "Master Yu, will you be able to see through, or how can you be so sure that there must be a water pipe down here?"

Magnolia also stared at Yu Sheng curiously. Yu Sheng is a bit exaggerated. He is not the builder or designer of this villa, so how dare he be so sure that there is a water pipe in this wall.

Yu Sheng said indifferently: "This has nothing to do with the perspective. Besides, I don't have the ability. This is the result of my deduction based on the five elements and gossip."

He also has no bragging skills, Feng Shui metaphysics, and what he learns is the deduction of the Five

Elements and Eight Diagrams. If you can deduce the essence of the Five Elements and Eight Diagrams, you will be able to see the essence of things.

Seeing that everyone was still confused, Yu Sheng pointed to the chandelier above his head and said, "Look at the light above my head. Can you see the wires around it?"

"This, the wires must be buried in the ceiling, of course you can't see them." Magnolia said.

Yu Sheng smiled and said, "Wouldn't that be it? You see the light is on. Although you don't see the wires, you are sure that there are wires buried in the ceiling.

And I saw that the Suolong Formation was operating, and of course I was convinced that there was an axis along the way it had to pass. "

"That's right, we understand when the master explains it like this." Li Furen nodded, and then pryed it up on the concrete floor.

A few minutes later, when he knocked on the concrete floor, he saw a pvc water pipe with the thickness of a thumb buried there.

When several people saw this, their eyes were full of shock!
