

Dont mess 41

Chapter: 41

In the afternoon, I returned to Qiancheng and asked Xiao Zixin outside not to let anyone disturb him. For the rest of his life, he took out the Nine Profound Heaven Scriptures to study.

He just flipped through a few chapters of this ancient book before, knowing that it was a strange book. He was not anxious to read Yin-Yang Fengshui, ancient medical techniques and the like, but turned to the practice chapter and followed the above exercises to breathe. stand up.

He tried that weird breathing method no fewer than a hundred times before he found the trick.

As soon as he found the secret, he had only cultivated for less than an hour, and he clearly felt that his strength had improved a lot, and the true energy in his body had become much stronger than before.

Yu Sheng was overjoyed, and given him a period of time, he believed that he could definitely defeat the masters of the Yu family.

He had never dared to reveal his identity before, just knowing that he was not the opponent of the masters of the Yu family, when they found him, he was unable to resist.

Now, his heart is full of confidence.

at this time.

Go to Beijing.

Yujia.

“Madam, I have a message for the rest of my life.” Remember for a second [http://](#)

The middle-aged Yixie stood in front of a lady, bowed his head, not daring to look at the lady.

The lady’s makeup is exquisite, wearing gold and silver, and there is a noble air between her gestures, and most people don’t dare to look at them at all.

“Where is the beast?” The lady’s face moved, and Ran looked at the middle-aged.

“Qiancheng!” the middle-aged said.

There was a hint of sarcasm on the lady’s face, and she coldly snorted: “It turns out that I hid in such a small place. No wonder I haven’t been able to find him all these years.”

As she said, a fierce look appeared in her eyes: “Send me to get him back. Is his wild species worthy of having hundreds of billions of assets in the Yu family!”

“What if he resisted?” the middle-aged asked.

“Break his legs, let’s see how he resists!” The lady said fiercely.

“Yes.” The middle-aged man replied and retired.

The lady walked to the floor-to-ceiling window and stood for a while, and suddenly shouted: “Come here.”

A maid rushed in, bowed her head and saluted: “Madam!”

“Prepare the machine, I’m going to the doomsday jail.” The lady said.

“Yes!” The maid nodded hurriedly, and then trot out.

The doomsday cell is the most terrifying cell in the world.

Referred to as hell.

It is not of an official nature, but a jail of the most terrifying organizations.

Those who can be held in the doomsday jail are all top bosses.

All are the existence of terror that can threaten those top forces.

There is such a sky prison on an unnamed island in the center of Bohai Sea.

The celestial cell was built at a depth of more than a thousand meters from the ground. The air was so thin that most people couldn’t stay here long.

The lady took a private helicopter to the unnamed island in Bohai, found the manager of the jail, took out a bank card with a deposit of 10 million yuan and handed it over.

“I want to see Yu Zhongtian on the eighteenth floor.” The lady said.

The manager of the prison changed his expression and said, “Madam, Yu Zhongtian is the most dangerous person in the prison of the doomsday. Ten million can’t see him.”

The lady frowned and asked, “How much does it cost?”

The manager stretched out five fingers: “At least 50 million, otherwise something goes wrong and no one can afford it.”

The lady hesitated, but nodded after all, “Okay.”

She took back the ten million card, took out another card and handed it over.

The management staff verified that there was no problem with the amount of money before they were allowed to take the lady into the jail.

The sky prison is set underground below a kilometer, but that is only the first floor.

The eighteenth floor has to go down more than two hundred meters.

But if it goes on, the air will be too thin, and even though the lady is not an ordinary person, she dare not go any further.

You can only wait for someone to bring Yu Zhongtian up on the first floor.

Soon, the guards of the sky prison escorted the middle-aged man Yi Xie to walk up.

The middle-aged man is 1.85 meters tall, unkempt, full of beard, and his eyes are not angry or pretentious.

From head to toe, at least ten baby-arm-thick iron chains are tied to him. The ends of the chains are connected to the electric valve on the eighteenth floor. They are more than two hundred meters long and weigh at least a thousand catties.

This iron chain was not an ordinary iron chain, it was made of the mysterious iron from the outside world, and it was even more cumbersome.

But he was like an innocent person. Those chains were on him, so there was no difference between ordinary straw ropes.

Chapter: 42

“Li Hongsu!”

When Yu Zhongtian saw the lady outside the iron fence, he spoke indifferently.

“Yu Zhongtian, do I still remember what I said when I put you in the doomsday jail?” Li Hongsu looked at Yu Zhongtian with mockery in his eyes.

Yu Zhongtian’s expression changed, but he quickly recovered his calm.

“I said at the time that when I catch Yu Sheng’s wild species, I will see you in person.” Li Hongsu said.

Yu Zhongtian sneered, "It's been eight years before you caught him. It seems that the Yu family is in your hands and has fallen. You are a bit bad."

Li Hongsu's face changed, and he sternly said: "It's not because of you that goddamn you transferred all the working capital of the Yu family to the card of Yu Sheng's wild species, or do you think that the Yu family will become the ghost like it is now?"

Yu Zhongtian sneered and said sarcastically: "Do you know what happened to the Yu family when I took over from the old man?"

At that time, the Yu family was precarious, and even among the second-rate families, it was ranked last, but I brought the Yu family back to the first-class family by my own efforts, and even ranked among the top five families in Beijing. Don't you admit that you are a trash? "

Li Hongsu's face was ugly, but he soon recovered from a sneer, and said sarcastically: "You are very powerful, but what about it, don't you want to be imprisoned by me in this doomsday prison?"

Yu Zhongtian did not speak, this incident was indeed the biggest stain in his life.

Originally, he had always been cautious, and didn't expect Li Hongsu to be more ruthless than him.

He even hid the San Gong fan in her private place. He drank high that day, and he followed Li Hongsu's way when he had sex with Li Hongsu.

Otherwise, even if Li Hongsu called all the masters of her Li family, it would not be possible to shake him any more.

Yu Zhongtian rarely admires people in this life.

But his wife Li Hongsu is one of them.

"Don't you care about it, how would I deal with that wild species?" Li Hongsu looked at Yu Zhongtian playfully.

Yu Zhongtian didn't say a word, he was calm on the surface, but in fact he was worried a long time ago.

He knew that he wanted to save his son's life, and he also angered Li Hongsu at this time.

"Don't worry, he is your own flesh and blood after all, and I can be regarded as his aunt. I still want to talk about how much affection he is. However, he fled to Qiancheng with hundreds of billions of circulating funds from the Yu family over the years, causing the Yu family. He has fallen into a second-rate family, and he must bear this responsibility."

Li Hongsu grinned and said, "But I am not a heartless person. At most, I have broken his limbs and cut his life roots so that he can spend the rest of his life in bed."

Yu Zhongtian was shocked, and a murderous intent flashed in his eyes.

He believed that Li Hongsu could definitely do it if he could say it.

He gritted his teeth and said: "Let him go, I promise all your requests!"

Chapter: 43

"You are a prisoner in the doomsday jail, still have use value?"

Li Hongsu looked at Yu Zhongtian mockingly, and said with a smile: "Well, there is indeed some use value, that is, every time I kill that wild species, I can share it with you, although every time I come to see you, it will cost Fifty million, but I think that 50 million can buy me happy, it's worth it."

Li Hongsu is simply a lunatic!

Yu Zhongtian was both worried and angry.

But at this time he dared not attack.

Even if he was once the number one powerhouse in Shangjing, at this time, in front of Li Hongsu, he could only hold himself aggrieved.

"Don't worry, I'll see you again in two days. Then I will send you the limbs and lifeblood of the wild species. Don't you eat meat in the jail? I will give you two more bottles. Moutai, it's just time to drink, haha." The more Li Hongsu said, the more proud she became, especially when she saw the anger in Yu Zhongtian's eyes getting stronger and stronger, she became more excited.

"Don't force me!" Yu Zhongtian took a deep breath, slowly squeezed his fists, and the veins on the back of his hand soared.

"Forcing you?"

Li Hongsu sneered, "When you insisted on bringing that vixen into Yu's house, did I force you?"

Yu Xuan is your eldest son and the orthodox bloodline of the Yu family, but you treat him differently from that wild species. Have you considered my feelings? m.9bique.com

Even, you still claim everywhere that the wild species is the future of the Yu family. Is this also what I forced you? "

Li Hongsu's voice is getting louder and louder, and her emotions are getting more and more excited. When she thinks of these things, she can't wait to chop the rest of her life into meat sauce now!

"Yu Xuan is a waste by you. With regard to his dude and prodigal attributes, is he capable of taking over the Yu family? Moreover, I believe that after Yu Sheng is in charge of the family, he will not treat him badly or dare to treat you badly! Yu Zhongtian said solemnly.

"Hahaha....."

Li Hongsu smiled and said: "Now, Yu Xuan is already the only heir to the Yu family, and that wild species is going to become your snack, don't you think it is ironic?"

"How on earth are you going to let him go? You already killed his mother with your own hands. Isn't it enough for you to relieve your hatred?" Yu Zhongtian took a deep breath and tried to suppress the anger that ran away in his body at any time.

"Let him go?"

Li Hongsu's face turned hideous: "You dream, and if I don't send you his limbs in two days, I, Li Hongsu, are not worthy of being a human being!"

As she spoke, she turned and walked outside, wishing to catch the rest of her life in front of her now.

"Li Hongsu!"

Yu Zhongtian yelled violently, his whole body exploded, and his clothes roared.

"If you dare to move him, I will kill your entire family of Li and give him a funeral!"

"Huh, kill my Li family?"

Li Hongsu turned his head and said sarcastically: "When will you escape the doomsday jail, come and tell me this kind of big talk, go, see you in two days."

"what!"

Yu Zhongtian looked up to the sky and hissed, shaking the sky, the whole doomsday cell was shaking like a sudden earthquake.

When the jailers who had brought him out saw this, all their hearts trembled, and there was a look of fear in their eyes.

boom!

Yu Zhongtian slammed the iron fence with a punch, and the iron fence with thick arms was broken by a punch.

“I will kill you poisonous woman first today!”

Without an iron fence, Yu Zhongtian rushed out and rushed towards Li Hongsu.

His eyes were red and full of blood.

This is the expression of his anger to the extreme.

When the other prisoners heard Yu Zhongtian’s roar, their hearts were shocked.

Li Hongsu saw that Yu Zhongtian had broken his arm for a hurdle, and rushed out, his heart was extremely scared.

Only she knows how terrifying Yu Zhongtian is.

Seeing the extreme anger in Yu Zhongtian’s eyes, her heart trembled, her legs softened, and she fell down.

Chapter: 44

“Kill him! Kill him! Kill him!”

Li Hongsu roared terribly.

But those jailers were more afraid than her.

They had witnessed Yu Zhongtian’s madness. At that time, at least 20 prisoners were torn into two alive by him!

The horror is extreme!

At this time, seeing Yu Zhongtian frantic again, the jailers were already shocked.

Where can I take care of Li Hongsu.

Seeing that Yu Zhongtian had already jumped in front of her, Li Hongsu’s face was pale. She knew that Yu Zhongtian would definitely tear her into two pieces. She was directly frightened and lost her bowels and bowels.

She regretted it to the extreme in her heart. She had known that Yu Zhongtian could smash the iron fence with one punch. How could she dare to stimulate Yu Zhongtian!

Her graceful and noble image, at this moment, all disappeared, there is no difference between it and an ordinary woman facing death.

Even worse. Remember http in one second: //

At this moment, a middle-aged Yixie appeared on the first floor of the jail. Just as Yu Zhongtian was about to grasp Li Hongsu with both hands, the middle-aged man suddenly took out a remote control and pressed it in the direction of the jail.

Chi Chi Chi!

At this moment, huge electric currents suddenly flowed from the mysterious iron chain on Yu Zhongtian's body, like lightning, and the electric current bar directly wrapped Yu Zhongtian's whole body.

“what!”

Yu Zhongtian trembled with blood in his eyes, and he was very unwilling.

His hands are less than ten centimeters away from Li Hongsu!

But even this ten centimeters made him unable to catch Li Hongsu anymore.

Seeing Li Hongsu take the opportunity to retreat, his blood-red eyes were filled with despair!

“Let me do it, one day, Yu Zhongtian, I will demolish your doomsday jail, not only that, but I will also use your head to sacrifice to the heaven for my son!”

Yu Zhongtian yelled at the sky, and the whole cell was trembling violently.

All the prisoners shivered at this moment.

Although they are also a big boss.

But in front of Yu Zhongtian, they were completely ants.

The huge current directly shocked Yu Zhongtian for half an hour, and Yu Zhongtian was exhausted and finally fell.

But he was not stunned. Although his body was completely numb, his consciousness was still fully awake.

He stared at Li Hongsu not far away, and two bursts of blood and tears flowed out of his pupils silently.

Blood and tears stained his messy beard, abnormally hideous.

“Kill him, kill him quickly!”

Li Hongsu finally recovered and shouted at the middle-aged man: “He is a devil and will escape from the jail sooner or later. Don’t keep him alive!”

“Um?”

The middle-aged man looked at Li Hongsu coldly and snorted coldly: “When did you as a woman dare to point fingers at me in the Doomsday Prison?”

Li Hongsu was shocked, a little afraid of middle-aged people.

“Isn’t it going? Do you want me to blacklist your Li family?” the middle-aged man scolded.

Li Hongsu’s mind was shaken again, and he didn’t dare to offend the middle-aged man, so he nodded hurriedly.

Before she left, she looked at Yu Zhongtian and said grimly: “Yu Zhongtian, I will definitely let you see the miserable state of that wild species with your own eyes!”

She said that she fled and left the jail.

Yu Zhongtian’s heart trembled, and his numb body couldn’t help but tremble, and finally returned to peace.

But the blood and tears in his eyes could not stop flowing.

The middle-aged man pressed the remote control, and the current in Yu Zhongtian’s body was cut off.

“Patriarch Yu, I’m sorry, this is the rule of my doomsday jail. In the jail, you can’t kill Li Hongsu, so you can live and rest.” When the middle-aged man waved his hand, the jailers came over with fear.

“Tell Ren Woxing, if my son dies in Li Hongsu’s hands, I will count this account on him, and I will definitely use his head to sacrifice to the heavens for my son!

And your head!” Yu Zhongtian looked at the middle-aged with cold eyes.

The middle-aged did not speak, but waved his hand to signal to lift Yu Zhongtian down, then turned and left the doomsday prison.

Chapter: 45

“Who are you looking for?”

At the gate of the Sihai Group, a cold middle-aged man walked in, and Li Jian on duty stopped him at once.

“Let the rest of your life get out, otherwise don’t blame me for killing in!” The middle-aged man looked at Li Jian coldly, his eyes like eagles.

Li Jian frowned. He felt that this middle-aged man was difficult to deal with, but as a veteran, he did not shrink back.

“Dare to come to our Four Seas Group to make trouble, are you tired of living?” Li Jian snorted coldly.

Snapped!

A cold light flashed in the middle-aged man’s eyes, and he raised his hand and slapped Li Jian.

Li Jian didn’t have time to dodge, so he was slapped into the air and fell three meters away. It was even more dizzy that he fell and his head was a little dizzy.

“Damn, where did the dog stuff come from, dare to come to our Sihai Group to make trouble? Brothers, get it for me!”

Xu Jing, who had just come out of the security room, saw this scene and yelled at the middle-aged man first.

Seeing this, several other security guards hurriedly followed.

“act recklessly!”

The middle-aged man showed disdain in his eyes, and he pumped his right hand continuously, and slapped Xu Jing and others away safely.

The faces of Xu Jing and others were terrified, staring at the middle-aged man with fear in their eyes.

You know, Xu Jing was retired by the special forces, and usually a dozen security guards couldn’t get close to him.

I don’t think that in front of a middle-aged person, he even has no power to parry.

This middle-aged man is a strong man!

“Call Yu Sheng to get out immediately, or I will destroy you!” The middle-aged man’s eyes flashed a fierce, solemn voice.

Xu Jing and others were shocked, and the eyes of the middle-aged made them feel terrified.

too strong!

“Manager, hurry up and inform Yu Dong, this man is terrifying!” a security guard said with a trembling voice.

“Do you want to kill Yu Dong?” Xu Jing glared at the security guard, a little unhappy.

“Yes, you can’t let Yu Dong down, you must inform Yu Dong and let him run away!” Li Jian on one side recovered and said hurriedly.

Xu Jing nodded and was about to take out the phone to call Yu Sheng, but Li Jian was one step ahead of him and had already dialed Yu Sheng’s call.

“Yu Shao, it’s not good. A strong man came out. He called for you. You should go through the back door!” Li Jian said anxiously as soon as Yu Sheng was connected.

“court death!”

Upon seeing this, the middle-aged man stepped forward, grabbed Li Jian’s arm, and broke his hand bones with force.

“Ah!” Li Jian let out a scream, rolling on the ground in pain.

Xu Jing and others even saw their scalp numb, and they did not dare to approach the middle-aged person.

...

In the past few days, Yu Sheng handed over work matters to Xia Jun to deal with, and directly retreat to practice.

In addition to his strength improvement, he also learned a lot about Yin Yang Feng Shui and ancient Chinese medicine.

The Nine Profound Heaven Scriptures were so wonderful that he couldn’t stop at all.

Seeing that it was almost time for Yu Sheng, just about to pick up Xiaoshui, he received a call from Li Jian.

Hearing Li Jian’s words and Li Jian’s screams on the phone, Yu Sheng’s pupils opened sharply, and a murderous look flashed in his eyes.

“Is it finally here!” Yu Sheng put away the phone and quickly left the office.

He knew that the Yu family would definitely find it in the past few days, but there were no accidents.

If only a few days ago, he was still a little worried.

After all, he knew how powerful the Yu family were.

But now, although he has no confidence in defeating the Yu Jiaqiang, there is definitely no problem with self-protection.

“Brother Yu!”

“Yu Dong!”

After Yu Sheng came to the gate, Xu Jing and others hurriedly said hello, but there was some anxiety in their eyes.

These middle-aged people are too scary. They want to let the rest of their lives run fast, but when they think that the rest of their lives will come, where can they go in front of the middle-aged people?

Chapter: 46

Yu Sheng glanced at Li Jian, who was still wailing on the ground, before looking at the middle-aged man.

This middle-aged man named Song Feng, Yu Sheng knew that he was not the strongest in the Yu family.

“I don’t think you are a wild species but shrewd. I fled to the small remote city of Qiancheng. No wonder we have been looking for you for eight years and haven’t found you.” Song Feng looked at Yu Sheng with a hint of joking in his eyes.

“Really? You don’t want to think about why I dare to reveal my identity.” Yu Sheng sneered.

“After living like a prince, I suddenly fell from the sky to the ground. No one can accept it. I said earlier that sooner or later you will use the money. As long as you use the money, you will be exposed.” Song Feng sarcastically said.

Yu Sheng sneered and turned the subject away: “Have you ever thought that Li Hongsu was sent to Qiancheng to die?”

“Send to death?”

Song Feng laughed and said, “Just rely on you, a wild species?”

After a pause, his face turned sullen, “If you don’t want to suffer from skin and flesh, just let me go, otherwise I will interrupt your legs first.”

Song Feng is very arrogant. Even in Shangjing, he is one of the few strong men, and he doesn't take the rest of his life into his eyes.

Even the entire Qiancheng city, he didn't have any eyes on it. m.9biquge. com

He came today to bring the rest of his life back to Beijing.

This was Li Hongsu's order, and he dared not violate it.

It will not go against.

“Break my legs? Is it up to you?”

Yu Sheng quickened his pace to go to Song Fengxing, “I said, Li Hongsu asked you to come and die, you can't go back alive!”

As soon as his voice fell, he was less than three meters away from Song Feng, and then he raised his fist and blasted it towards Song Feng.

He shot like electricity, and his whole person turned into an afterimage at this moment, and he rushed straight to Song Feng's face.

Song Feng frowned slightly, his speed for the rest of his life surprised him.

But he didn't take it seriously, but quickly fisted back.

boom!

The two fists slammed into each other, and their clothes fluttered with the strong wind, and even the air seemed to freeze at this moment.

Humph!

Song Feng punched Yu Sheng, his body thumped on his hind legs, and his face was shocked.

“You, why are you so strong!” Song Feng couldn't believe it, he only felt the blood surge in his chest.

The rest of his life is not only fast, but also stronger than him. Why not surprise him?

The rest of his life was also a little frightened.

In the past few days, he has cultivated the Nine Profound Heaven Scriptures, and his strength has risen a lot.

Originally, he thought he could easily kill Song Feng in seconds, but he didn't expect Song Feng's strength to exceed his expectations.

Without saying anything, he stopped staying and rushed to Song Feng again.

Knowing Song Feng's strength, he finally had a clearer understanding of the Yu family's strong.

Song Feng is just a second-rate, all so strong, and the others are even stronger.

With his current strength, it is impossible for him to beat the other five top-notch powerhouses in the Yu family.

At this moment, there was only one thought in his mind.

Even if he was injured, he had to force Song Feng to kill.

Otherwise, waiting for him to call the other strong players in the Yu family, he would not be able to resist it at all.

Chapter: 47

Seeing Yu Sheng desperately tried his hands, Song Feng was a little frightened.

Originally, the rest of his life was going to be stronger than him, and if he worked hard with him, he would be retreating steadily and in danger.

But Song Feng is worthy of being a veteran, and his fighting experience is much richer than that of the rest of his life.

The defeat was quickly stabilized.

Although he knew he could not complete the task today.

But the rest of his life wanted to take him, it was not that simple.

The two of them shot like electricity, dazzled, and Xu Jing and others next to them couldn't see clearly.

At this moment, they knew that their boss turned out to be a legendary martial artist.

They had only seen such wonderful scenes of fighting on TV.

In reality, I have never even heard of it.

At this time, Xiao Zixin, who was on the phone for the rest of her life without answering, walked out of the front hall, and this scene was also stunned. Remember http in one second: //

She widened her eyes and looked at it for a while, only to realize that the person who was fighting turned out to be her boss for the rest of her life.

At this moment, she exclaimed and covered her mouth.

Yu Sheng's figure usually looks a little thin, and he didn't think that there was such a terrifying power in his thin body!

The two of you came and went, fists to the flesh, and the surrounding air was directly blasted by their fists with a violent crackling sound.

"Is this the legendary martial arts master? It's too powerful, even more powerful than the one shown on TV!"

"For the rest of your life, you must win!"

Xiao Zixin stared at Yu Sheng's figure in a daze. While worrying about Yu Sheng, her eyes flashed.

Careful liver is more like being hit by a deer, pounding.

So handsome!

Isn't this kind of man the heroic god in his mind?

A few minutes later.

boom!

The two finally separated.

Retreat violently one after another.

During the violent retreat, Song Feng opened his mouth and even sprayed a few words of blood. The blood was thick and seemed to be mixed with some minced meat.

Although he was vomiting blood for the rest of his life, his face was also as pale as snow, and his legs were trembling.

Song Feng staggered, his eyes distracted.

But he forcibly bit the tip of his tongue and violently lifted his spirit.

"Yu Sheng, you surprised me too much, but you won't survive for a few days. When others arrive, it will be your death date!" Song Feng gave Yu Sheng a cold look and quickly escaped from the Sihai Group Building.

“Brother Yu!”

“Yu Dong!”

Xu Jing and Xiao Zixin hurried forward.

“puff!”

At this moment, for the rest of his life, he could no longer suppress the blood surging inside his body, and a mouthful of blood spurted out.

“Yu Dong, how are you?” Xiao Zixin looked at Yu Sheng with a look of concern, and hurriedly took out a paper to wipe the bloodshots from the corners of Yu Sheng’s mouth.

Yu Sheng took a deep breath before slowly suppressing the blood.

“Send Li Jian to the hospital for treatment, find the best orthopedic doctor, and live in the best VIP ward.” Yu Sheng looked at Xu Jingdao.

“Okay Brother Yu.” Xu Jing nodded hurriedly.

At this moment, a security guard helped Li Jian up.

“Thank Shao Yu!” Li Jian clutched his broken arm and came to Yu Sheng, a little moved.

“Take care of your injury, the company will not treat you badly.” Yu Sheng raised his hand and patted Li Jian’s shoulder, but he pulled the blood in his body again, and opened his mouth to squirt another gulp of blood.

“Yu Dong, don’t talk anymore!” Xiao Zixin almost cried with distress.

Li Jian and others were also very worried and would not let the rest of their lives speak.

But Yu Sheng took a sigh of relief, and still exhorted, “Only you will know about this today, and no one can pass it on, including your family.

Also, Xu Jing, delete the video in the monitoring room in time for me. “

Yu Sheng’s expression was serious. Of course, Xu Jing and others knew the importance. If this matter is spread out today, it will definitely arouse suspicion from the outside world. At that time, the share price of Sihai Group will definitely be affected.

Chapter: 48

“Send me out of here.” Finally, Yu Sheng looked at Xiao Zixin.

“Yeah.” Xiao Zixin nodded hurriedly.

Yu Sheng gave Xiao Zixin the car key and walked to his car.

But he was seriously injured, and after taking two steps, he staggered and almost fell.

His internal strength is a bit stronger than Song Feng, but Song Feng has too much experience, plus his completely desperate style of play.

Although Song Feng severely injured Song Feng’s internal organs, he did not take much advantage, and the injury was not minor.

Xiao Zixin hurriedly supported Yu Sheng, desperately distressed.

After getting in the car, Xiao Zixin asked, “Yu Dong, which hospital shall we go to?”

“Go to the hotel.” Yu Sheng said.

“Huh?” Xiao Zixin was puzzled. After suffering such a serious injury for the rest of her life, why did she go to the hotel instead of going to the hospital?

She didn’t worry about what the rest of her life would do to her, she just didn’t understand it.

“If you let you go to the hotel, go to the hotel.” Yu Sheng frowned.

“But.....”

“What is it?” Yu Sheng’s words can not be questioned.

Xiao Zixin had no choice but to drive the rest of her life to a nearby hotel.

Yu Sheng took out the phone and called Du Fei.

“Check me a man named Song Feng, who is in his forties, is 1.8 meters tall, and is wearing a blue training suit. He is a strong martial artist. He is seriously injured. No matter what methods you use, you must stop him. In Qiancheng, he can be killed.” Yu Sheng hung up after speaking.

Xiao Zixin, who was driving, trembled when she heard that she was about to kill, and almost ran into another vehicle.

I became more puzzled about Yu Sheng’s identity.

“Drive your car well, don’t tell anyone what you see or hear today, especially Yang Zihuan.” Yu Sheng frowned.

“Well, I know.” Xiao Zixin looked a little afraid of Yu Sheng’s indifference, and hurriedly concentrated on driving.

But there are a lot of doubts in my mind, but I can’t help it.

Yu Sheng turned out the phone and made a call: “Uncle Zhong, Li Hongsu has found me. Can you think of a way to help me hold them for a few months?”

“Master, there is a powerful Li family behind Li Hongsu. I can’t hold it for a few days in horror. Even if your grandpa takes the shot himself, it is estimated that it will be delayed for a month at most. The key is that it is unlikely that your grandpa shot.”

“Well, don’t bother his old man. You can wait as long as you can.” Yu Sheng said and hung up the phone.

If his grandfather can make a move, Li Hongsu does not have the intention to deal with him.

But he also knew in his heart that his grandfather would definitely not help him because of his mother.

He turned out Yang Zihuan’s phone again and called her.

“I have something to do today, and I may not be able to go back tonight. You can get off work early to pick up Xiaoshui.” Connected, Yu Sheng said.

“What’s the big business for you, don’t even go back at night?” Yang Zihuan’s voice came from the phone.

“I’ll talk to you tomorrow, okay, let’s do it for now, hang up.” He said without waiting for Yang Zihuan’s reply, he just hanged up.

Then turn off the phone directly.

There is a five-star hotel in this area of Sihai Group. After opening a presidential suite, Xiao Zixin will help the rest of her life into the elevator.

But Yu Sheng refused.

He can’t let the hotel staff know about his injury.

After entering the room, Yu Sheng took the paper and pen in the room, brushed down a string of Chinese medicine names, as well as a pot and stove for decocting medicine, and finally wrote a set of silver needles.

After finishing writing, he handed the paper to Xiao Zixin: “Now go and buy these things for me, as soon as possible.”

“Are you going to boil Chinese medicine by yourself? There are also silver needles. Do you still know Chinese medicine?” Xiao Zixin asked in surprise when she glanced at what Yu Sheng was about to buy.

Yu Sheng nodded, Xiao Zixin was even more surprised, looking at Yu Sheng’s eyes as if looking at a national treasure.

But she was shocked and shocked, and hurriedly closed the door and went out.

For the rest of his life, he sat cross-legged on the bed and exercised his breath.

Chapter: 49

After Xiao Zixin bought all the things Yu Sheng needed, Yu Sheng guided her to make medicine.

This formula is the prescription for treating internal injuries he saw in the Nine Profound Heaven Scriptures, and the effect is extremely good.

After boiled the medicine, Yu Sheng drank a bowl and signaled Xiao Zixin to go back.

But Xiao Zixin insisted on staying to take care of him, and she was left to her for the rest of her life.

For the rest of his life, he took off his shirt and prepared to give himself a needle and cooperate with medication.

Seeing Yu Sheng’s thin and strong muscles, Xiao Zixin’s face turned red, and her heartbeat accelerated.

“Give me an alcohol lamp.” Yu Sheng said.

“Ah? Yu Dong, what did you just say?” Xiao Zixin came back to her senses, a little flustered. She was wandering just now, and she didn’t understand what Yu Sheng said.

Yu Sheng looked up at Xiao Zixin and saw her face flushed and her heart was amused.

This Xiaomi doesn’t think I’m going to assault her, right?

“Don’t worry, I don’t like Princess Taiping.” Yu Sheng teased. m.9biquge. com

Xiao Zixin was ashamed and embarrassed, and she was even more angry.

For the rest of my life, this is too small for her chest!

This bastard, he is at least b or above, OK? Is it so flat?

“Hmph, even if you like this girl, this girl doesn’t like you as a married man!” Xiao Zixin hummed angrily.

“That’s fine, please light me the alcohol lamp.” Yu Sheng nodded.

Although Xiao Zixin was a little annoyed, she hurriedly turned out the alcohol lamp, lit it, and placed it on the coffee table.

For the rest of his life, the silver needle was sterilized with an alcohol lamp, and then he needled himself according to the set of acupuncture methods in the Nine Profound Sky Sutra.

However, it was the first time in his life that he used silver needles. Although he knew how to do it, he was still a little rusty.

Several times, he found the acupuncture points directly, and he grinned his teeth in pain.

Xiao Zixin next to her was disdainful on the surface, but she felt a little distressed in her heart.

More than an hour has passed since the needle was taken for the rest of his life.

Seeing that it was night, Xiao Zixin asked the hotel staff to bring them dinner.

After some dinner, the rest of my life continued to exercise and adjust the breath.

He opened his eyes for the seventh birthday and found that Xiao Zixin was sitting next to him with her cheek in her hand, looking at him in a daze.

After checking the time, it was eleven o’clock in the evening, and the rest of my life was a little speechless, saying: “You are not going back, do you want to stay with me for the night?”

Xiao Zixin was very angry, and she kindly stayed to take care of him, but he didn’t know what was good or bad. It was really a dog biting Lu Dongbin, not knowing good people.

“The beauty you think, this girl is not interested in married couples!” Xiao Zixin snorted heavily, then got up and took her bag and left.

The door closed with a bang, but betrayed her inner depression and unhappiness at this time.

A faint smile appeared at the corner of Yu Sheng’s mouth, and he got up and got off the bed.

After these five or six hours of recovery, his internal injury has been more than half healed.

I have to say that the medical skills in the Nine Profound Heaven Scriptures are really amazing.

Given the seriousness of the internal injuries he suffered before, if he goes to the hospital, there will be no more than ten and a half days, and he will not be able to leave the hospital at all.

But he felt that in two or three days, he would be able to recover.

He took a shower in the Yuyu room before picking up the phone and turning it on.

As soon as the phone was turned on, there were several missed calls, one was made by Yang Zihuan, and the others were all made by Du Fei.

He gave Du Fei back to the past.

“I caught the person you mentioned, but I’m not sure. This dog is too strong and hurt my two dozen brothers. If I didn’t carry that stuff, I wouldn’t be able to catch him.” Connected, Du Fei said.

Chapter: 50

“Send me a picture to see.” Yu Sheng said and hung up the phone.

He believes that it should never leave ten.

Du Fei regained control of the underground circle of Qiancheng, and there were his little brothers in every corner of Qiancheng.

Yu Sheng believed that as long as Du Fei took action, Song Feng would definitely not be able to escape.

This is also the reason why he didn’t chase Song Feng with injuries before.

Soon, Du Fei sent Yu Sheng a few photos on WeChat.

It is Song Feng.

“It’s him, give me a good look at him, don’t be careless, he is a master of martial arts.”

Yu Sheng sent a voice to Du Fei and hung up.

Lying back on the bed, he continued to study the Nine Profound Heaven Classics.

He must improve his strength as soon as possible, or he will not be as lucky as he is today when the few big experts from the family are killed. Remember http in one second: //

The next day, Yu Sheng didn’t go to the company. He stayed in the hotel until Xiaoshui was over from school in the afternoon before picking up Xiaoshui.

After returning home, none of them came back, and he also ended up peacefully.

Xiao Shui watched cartoons by himself, and he went to the kitchen to cook.

Yang Zihuan, who came back from get off work, snorted when he saw Yu Sheng's return, so he didn't care about him.

During the meal, Yang Zihuan said: "Tomorrow grandma's 70th birthday, you go buy me a birthday gift and send it to you tomorrow morning."

As she spoke, she took out a card for the rest of her life.

"I have money." There is no card for the rest of my life.

"You have to sell at least 20,000 to 30,000, can you bring it out?" Yang Zihuan said sarcastically.

"Yeah." Yu Sheng just nodded and ate by himself.

"I swear to you, if you buy me a few hundred dollars, I won't finish it with you." Yang Zihuan snorted and took the card back.

After eating, Yu Sheng went out for the rest of his life.

He didn't buy gifts first, but went to Sakura to find Du Fei.

In the basement of Sakura Club, Yu Sheng saw Song Feng hiding his breath.

Song Feng was chained to a pillar, his face was pale and his eyes were weak.

Also coughed up a mouthful of blood from time to time.

His internal organs were injured by Yu Sheng, and he forcibly beat him for a long time, and in the end he was shot in the thigh by Du Fei.

He can live to this day, he is already dead.

The main reason is that he is a master with strong internal strength and can heal his injuries on his own, or he will die soon.

However, if he were to be tied up here without giving him food or drink, he would still hold on for a few more hours at most.

Seeing the rest of his life, Song Feng's eyes were filled with murderous intent and anger.

He didn't expect to be planted in the hands of a wild species like Yu Sheng.

"Xiao Yezhong, you won't be proud of it for a few days. Madam will not receive my message. She will definitely send other masters to you. Then it will be your death date!" Song Feng gritted his teeth.

“Don’t worry, they won’t have the energy to come to me in ten and a half days.” Yu Sheng sneered.

“Hmph, do you think your father’s remnants can afford to turn over the waves? Behind the wife is the powerful Li family. Yu Zhong and the others dare to show up, and they will definitely be killed in the first place! A few remnants are also trying to save Yu Zhong God, I really don’t know how to live or die.” Song Feng said with disdain.

Yu Sheng was shocked, and said solemnly: “My father is still alive?”

He remembered that when he escaped from Shangjing, Li Hongsu seemed to say that his father was dead, and Song Feng’s words made his mind tremble.

“It’s still alive, but there is no difference between it and death. No, it should be called life better than death. Haha.” Song Feng smiled triumphantly.

“Where is he?” Yu Sheng squeezed Song Feng’s neck, a strong murderous intent flashed in his eyes.
