

Chapter: 481

Everyone around was stunned.

Situ Jian's eyeballs were about to fall to the ground, and Li Juan was so shocked that she couldn't believe what she had seen!

What exactly is going on?

Isn't this rubbish the husband of Yang Zihuan? How did he become a genius doctor again?

Listening to Liu Ping's respectful name for Yu Sheng, he changed from a superb stick to a superb doctor Yu, Situ Jian couldn't figure out what was going on.

What's even more incredible is that the two to 40 million luxury cars are really for the rest of their lives. This is absolutely hell!

Yang Zihuan was also completely dumbfounded, and for a while, he might not figure out what happened.

Could it be that for the rest of his life, he went back to divide the family property?

By the way, it must be. Didn't he just return to Beijing last week? He must have gone to divide the family property.

This bastard, who went to divide the property, didn't tell himself, what did he mean?

Don't want to give me money?

Don't want to support me?

Yang Zihuan feels that Yu Sheng must have gone back to split the family property, or it is impossible to buy a luxury car worth 40 million.

Thinking that these forty million were all his own, Yang Zihuan felt very distressed.

She is the kind of woman who likes money, but she doesn't like luxury.

To put it bluntly, it is a bit of a miser's character.

But what made her even more angry was that Yu Sheng went back and inherited the family property and didn't even tell her.

At this time, Situ Jian hurriedly said to Liu Ping: "Brother, you must have made a mistake. This man is called Yu Sheng, the son-in-law of the Yang family in Qiancheng. It may be his. This is his wife. If you don't believe me, ask her."

He just said a big talk. If Yu Sheng could drive away this car, he would kneel down and call him Grandpa Yu, of course he couldn't admit it.

Li Juan also looked at Liu Ping flatly and smiled: "Manager Liu Hong, look at Yu Sheng, how can you afford to buy such an expensive sports car? I think

most of the real car owners lost the car keys. Or the car key he stole from the car owner. If you take him down and give it to the real car owner, it will be a great achievement.”

“exactly.”

Situ Jian also hurriedly said: “For the rest of my life, I have been oppressed a lot in the Yang family, and my psychology has been distorted. The door-to-door son-in-laws like them are oppressed in the wife’s house so hard that they will only think about getting ahead one day. , I’m so pretended to slap my face, you must not be fooled by him.”

Hearing what Situ Jian and Li Juan said, Liu Pingping also believed a little. The main thing is that they really don’t look like a genius doctor for the rest of their lives.

“By the way, our President Jian is the chairman of New Goose Media. If you don’t know about New Goose Media, you should know about Penguin Group? New Goose Media is the newly opened branch of Penguin Group in Qiancheng.” Li Juan said again.

At this moment, Liu Ping’s security face suddenly changed.

Of course, the Penguin Group knew that Situ Jian was one of the executives of the Penguin Group.

At this time, they were more suspicious for the rest of their lives.

And Yang Zihuan actually felt that what Situ Jian said was reasonable. In her opinion, it was impossible for Yu Sheng to go back to divide the family property and not to tell her.

Moreover, no matter what method they used some time ago, the rest of her life just didn’t divide the family property. She also felt that the rest of her life went back to Beijing last week, it shouldn’t go to divide the family property. But thinking that Yu Sheng had picked up someone else’s car key and used it to pretend to be forced, her face became gloomy again.

Although she felt that she would not steal the car keys for the rest of her life, she became more and more disappointed in her heart.

“Sir, we seriously suspect that this car key is your own...” Liu Ping thought for a while, and finally looked at Yu Sheng with a gloomy face.

That means that if Yu Sheng did not give him a reasonable explanation, he would definitely not spare the rest of his life today.

For the rest of his life, he didn’t speak, but a chill flashed from the corner of his mouth.

At this moment, Magnolia finally spoke: “My name is Magnolia, the master of the Hefengtang, this Bugatti, I gave it to the genius doctor Yu for saving my grandfather’s life!”

Chapter: 482

What?

This car was really given to him by the Bai family?

Everyone was shocked again, their eyes looked at Yu Sheng from Yu Sheng, and from Yu Sheng to Yu Sheng, they were extremely shocked.

Especially Liu Ping, he just believed in Situ Jian and suspected Doctor Yu, what a damn!

"Miss Bai, you really gave this car to him...Did you give it to Doctor Yu?" Liu Yu asked weakly.

"Are you going to check my identity?"

Magnolia said with a gloomy expression.

"Dare not dare."

Liu Ping hurriedly shook his head and saluted Yu Sheng: "Doctor Yu, I'm really sorry, I dared to doubt your identity, I'm sorry!"

"Nothing, it's good to be careful. After all, this is your job, and there is nothing wrong with what you are doing." Nodded and said.

Seeing that Doctor Yu didn't blame himself, Liu Ping was greatly relieved.

"Thank you for your understanding!" Liu Ping said gratefully.

Yu Sheng nodded, looked at Situ Jian, and jokingly said, "Grandson Tortoise, kneel down and call Grandpa."

At this time, Situ Jian's face was extremely gloomy.

He firmly believes that Yu Sheng can't afford this top sports car at all, but he never thought that the Bai family would actually buy it and give it to Yu Sheng. This is simply not incredible.

"Yu Sheng, don't fucking be too arrogant, this car is just given to you by the Bai family, what are you screaming at?" Situ Jian coldly snorted.

Of course he couldn't kneel down and call Grandpa Yu Sheng.

Don't say there are so many people in public, even if there are no people, he can't kneel down!

"I'm not clamoring, I'm willing to bet."

Yu Sheng sneered and said: "Before we bet on who bought this car, but who is the owner of this car, understand?"

Situ Jian said with disdain: "So what? Lao Tzu is a member of the Situ family. Do you dare to let me kneel and call you grandpa?"

Li Juan disdainfully threatened: "Yu Sheng, I advise you not to mistake yourself. The Situ family is second only to the richest man in the Shenzhen market. Do you know the consequences of offending the Situ family?"

Situ Jian waved his hand and motioned to Li Juan not to speak, and smiled disdainfully: "I'm standing here, I will see how he makes me kneel today." He said, looking at Yu Sheng with a defiant face, his eyes full of disdain. He believed that if he gave Yu Sheng ten courage, Yu Sheng did not dare to force him to kneel, let alone force him to call him grandfather. Everyone now knew the identity of Situ Jian, and they all sweated for the rest of their lives. Although Situ Jian's behavior that he could not afford to lose made them look down upon them, but after all, his identity is here. Who would dare to force him to kneel? Don't want to live anymore? If Yu Sheng forced Situ Jian to kneel today, he would definitely be violently retaliated against by the Situ family, and he might even be hurt by his family. Yang Zihuan also saw this, and couldn't help saying: "For the rest of your life, it's enough, don't go too far." "I'm too much?" Yu Sheng looked at Yang Zihuan, angrily rising in his heart. He didn't expect Yang Zihuan to help Situ Jian to speak again and again. "President Jian just made a joke with you, what are you serious?" Yang Zihuan shouted coldly. The corner of Yu Sheng's mouth stretched out and he sneered: "I'm such a real person, no matter who it is, even if he is the king of heaven, I will be willing to lose the bet for the rest of my life!" "You!" Yang Zihuan was extremely angry, stomping straight at Yu angry. For the rest of his life, he stopped paying attention to Yang Zihuan, looked at Situ Jian, and said solemnly: "Give you three seconds, kneel down and call me grandpa, otherwise I will let you know the fate of dare to play tricks with me for the rest of my life!" "Grass, you're a fucking feather, dare to threaten Lao Tzu?" Situ Jian didn't have the rest of his life in his eyes at all, and said disdainfully: "I'm going to shame today, what can you do to me?"

Don't Mess with this Son-in-Law Chapter: 483

Chapter: 483

Snapped!

Without saying anything, Yu Sheng raised his hand and slapped Situ Jian's face with a slap.

boom!

At this moment, everyone was a little dumbfounded.

Yu Sheng even dared to fight Situ Jian, this is from the Situ family!
The Situ family is second only to the richest man in Ma, is he not afraid of being retaliated by the Situ family?
When everyone was worried about Yu Sheng, only Magnolia looked calm.
The Situ family is said to have hundreds of billions of assets, but only she knows that the Situ family's hundreds of billions of assets are just the value of their family's shares in the Penguin Group.
The stock market is nothing but ethereal.
Hundreds of billions today, maybe it will be worthless tomorrow.
Compared with the real wealth and the status and influence of the family, the Situ family is unworthy of even one-tenth of the Bai family.
Even if it is the richest man in Ma, her Bai family will not take it seriously.
The top families like their Bai family and others who went to Beijing are no longer pure merchants.
They are an aristocratic family, or a martial arts family.
It is fundamentally different from pure merchant families such as the richest man in Ma and the Situ family.
For example, just like the Rothschild family, their family wealth exceeds the total wealth of the entire Forbes richest list, but the Rothschild family is not on the Forbes rich list.
Why is this?
Because this ranking is made by their home.
Moreover, those who are on this wealth ranking list are only ordinary merchant families.
Thousands of billions of trillions, but in the eyes of these ancient families, it is not worth mentioning, or dismissive of it.
And Situ Jian is in the eyes of Magnolia, just as the richest people on the Forbes wealth list are in the eyes of the Rothschild family.
Situ Jian was stunned by Yu Sheng, and he was dumbfounded!
He really couldn't believe that Yu Sheng, a soft rice-eater, dared to slap himself!
Who gave him the courage?
"You fucking dare to hit me?" Situ Jian stared at Yu Sheng firmly. If his eyes could kill, Yu Sheng had no idea how many times he had died.
"Snapped!"
Still not speaking for the rest of his life, he raised his hand and slapped Situ Jian's face again.
He just used actions to tell Situ Jian whether he dared or not.
boom!
Everyone's brains roared again, and in addition to awe, there was some fear in the eyes looking at Yu Sheng!

This guy is going to completely offend the Situ family to the rhythm!
At this moment, almost all the onlookers hurriedly backed away a few steps. Especially the people who had received the rest of their cigarettes before, are far away.
Their idea is very simple, they just don't want to have anything to do with Yu Sheng, and they will suffer if they don't think of Situ's revenge!
Security Liu Pingping looked at Yu Sheng with a face of admiration.
The rest of their lives at this moment, in their eyes, are simply too gentlemen!
A man, he should be like the genius doctor Yu!
"I'm going to kill you!" Yu Sheng was slapped in the public for two consecutive times. Situ Jianqi trembled and his eyes were full of murderous intent!
He is the eldest son of the Situ family and the future heir of the Situ family.
To be slapped in public by a gangster, not only made him lose face, but it also made them lose face of the Situ family.
At this moment, there was only one obsession in his heart, and that was to kill the rest of his life!
For the rest of my life, I just said coldly: "I said, give you three seconds, if you don't kneel, I will abolish you, and now I give you one last chance, do you kneel or not?"
Seeing the indifference in Yu Sheng's eyes, Situ Jian's heart trembled, and he was a little scared.
But how could the future heir of the dignified Situ family kneel to Yu Sheng?
He can believe that if he kneels today, his heir status will end here.
He lost his family's face today. He believes that his father will abolish his heir status and support his younger brother Situ Nan in the upper ranks!
"You fucking kill me if you have a seed, if you don't kill me, I will definitely make you regret coming to this world!" Situ Jian shouted angrily.
It is impossible for him to kneel down, and he does not believe that Yu Sheng really dared to abolish him!

[Don't Mess with this Son-in-Law Chapter: 484](#)

Chapter: 484

"Mr. Yang, your husband is so arrogant that he doesn't even look at the Situ family. Don't you Yang family take the Situ family in their eyes?"
At this moment, Li Juan looked at Yang Zihuan and put pressure on Yang Zihuan.
Yu Sheng is simply a lunatic, she knows how to threaten Yu Sheng is impossible to be useful if she dares not dare.

Therefore, she had to threaten Yang Zihuan and let Yang Zihuan stop the rest of her life.

Otherwise, the lunatic Yu Sheng really abolished Situ Jian, and the matter would be a big deal.

Sure enough, Yang Zihuan trembled, and hurriedly yelled: "Yu Sheng, if you have enough coaxing, do you still want our Yang family to be buried with you?"

Yu Sheng looked back at Yang Zihuan, and then he pressed Situ Jian's head, then raised his foot and kicked Situ Jian's calf bone.

“哐!”

There was a crisp sound of bones being broken, and then Situ Jian's miserable howls like killing a pig.

Yu Sheng released his hand, and Situ Jian's body fell directly. He clutched his right calf and wailed loudly in pain, extremely miserable.

At this moment, the whole audience was silent and terrible, and the needle drop was audible.

Everyone was dumbfounded, and the eyes of Yu Sheng were full of fear.

They didn't even think that Yu Sheng actually dared to abolish Situ Jian!

Even the Situ family dare to provoke, this is not a lunatic, but a fool!

Such a person, must not provoke him 1

Yang Zihuan opened his mouth, thinking that Yu Sheng would be so cruel, he broke Situ Jian's leg directly, and the Situ family should blame their Yang family. What can they do?

But at this time, Sheng was squatting down, looking at Situ Jian with a painful face, and there was no emotional fluctuation in his eyes.

"I'm giving you a chance to kneel down and call Grandpa, otherwise I will break your left foot and make you a real waste. You must know that if your leg bone is broken, even if it is cured, you are It's almost half a waste." Yu Sheng said without emotion.

Situ Jian's heart trembled tremendously, and Yu Sheng's words made him terrified to the extreme.

For the rest of his life, he was completely a lunatic, a desperate man. For the sake of a little bit of face, he was kicked by him.

The most important thing is that if you really become semi-crippled, it might as well die.

Seeing Yu Sheng's emotionless eyes, Situ Jian finally compromised.

He hurriedly got up, endured the severe pain of the broken bone, ready to kneel for the rest of his life.

But he couldn't move his right leg at all. He just moved, and suddenly there was a severe pain in his vertebral heart, which made him even more frightened, so he had to ask Li Juan to come and support him.

Li Juan was so scared at this time, she didn't expect Yu Sheng to be so cruel and crazy.

But she was even more worried about Situ Jian.

The two brothers of the Situ family were planted in Qiancheng one by one.

She couldn't imagine how much thunder and anger Situ Xiong would get when he knew this!

She was worried, but she still hurriedly supported Situ Jian.

Situ Jian's right half leaned completely on Li Juan's body, mainly focused on his left leg, kneeling in front of Yu Sheng with difficulty, and shouted,

"Grandpa, I was wrong!"

Yu Sheng sneered, "Be louder."

Situ Jian's heart was shocked, and his heart was even more aggrieved.

But his face only changed slightly, and he shouted: "Grandpa, I was wrong. I shouldn't be wronged. I'm sorry. Please also ask Grandpa to raise your hand and spare your grandson!"

He shouted loudly, but he was thinking about how to kill the rest of his life to relieve his hatred.

Whether it was Yu Sheng kicking his leg bones or Yu Sheng forced him to call him grandpa, any of them had already pronounced the death sentence on Yu Sheng.

If he doesn't kill the rest of his life, he will never die, he will live an uneasy life!

Yu Sheng patted Situ Jian on the cheek and sarcastically said, "My dear grandson, remember the lesson grandpa taught you today. Regret it."

Yu Sheng said that he turned and walked towards Bugatti on the booth, then sat in Bugatti, the car door was closed, he opened Bugatti down, and then stopped next to Magnolia.

"Get in the car and take you for a drive." Yu Sheng opened the car door and smiled at Magnolia.

Magnolia was overjoyed, and hurriedly sat in the passenger cabin.

With the car door closed, Yu Sheng started the car and drove away with the magnolia.

And Yang Zihuan at the back looked at this scene, his face was already gloomy to the extreme.

[Don't Mess with this Son-in-Law Chapter: 485](#)

Chapter: 485

Yu Sheng actually took other women for a drive in front of her. Does he think he is the air?

Yang Zihuan felt both grief and anger in his heart!

It was the first time in my life that I dared to do this to her!

Yang Zihuan didn't care about Situ Jian anymore. She was full of anger at this moment, and she turned and walked outside.

The vertebral pain in her heart made her look gloomy and terrible. The more she thought about it, the more panicked she became. Finally, she took out her mobile phone and sent a tweet to Yu Sheng: Yu Sheng, you are so kind, dare to be in front of me. Take other women for a drive, do you think I am the air?

That being the case, there is no need for the two of us to be together. You will come back to me, and we will divorce. After the divorce, I will not care about who you like to take for a drive!

But she waited for a minute, and the rest of her life didn't have a message from her at all.

She sent several more in a row, but she still won't reply for the rest of her life.

Then she called Yu Sheng, and she hung up without answering for the rest of her life.

When she called again, she was prompted to shut down.

Yang Zihuan's eyes flushed red, and his heart became more determined to divorce Yu Sheng!

After she got home, she leaned on the sofa, feeling a little sluggish.

It's been more than four years since she was married to Yu Sheng, and she has never felt as bad as she is today.

Her mind was full of the scene where Yu Sheng smiled at Magnolia and asked Magnolia to get in the car and take her for a drive!

She felt the pain of being betrayed!

"Zi Huan, what's wrong with you?"

At this moment, Gao Qing, who had just returned to play with Xiaoshui, saw Yang Zihuan's strangeness, and couldn't help asking.

Yang Zihuan raised his head and glanced at Gao Qing, shook his head, wanting to say something.

Anyway, her mother doesn't like Yu Sheng, so leave it, so that the whole family won't be so unhappy.

"Mom, grandma took me to the playground to play." Xiao Shui ran to Yang Zihuan and said with a look of joy.

Yang Zihuan nodded, not wanting to speak, got up and walked to the bedroom, and closed the bedroom door.

Gao Qing frowned slightly. Intuitively, she knew that something must have happened to her daughter, and that it was not too small.

She walked to the bedroom door, pushed it down, couldn't push it away, and asked: "Zi Huan, what happened, is it work?"

"Mom, I said something about me, don't bother me anymore, okay, can't you

let me be quiet?”

Yang Zihuan’s very impatient voice came from the room, and Gao Qing was taken aback, believing her guess even more.

But Yang Zihuan said so, she couldn’t say anything, so she had to show the TV to Xiao Shui, and then watch TV with Xiao Shui.

In the evening, Yu Sheng came back with a full body of alcohol. Gao Qing frowned. Yu Sheng rarely drank so much alcohol. Could it be that he had a fight with Zihuan today?

Gao Qing looked at Yang Zihuan, and immediately knew. She must have quarreled during the day, and then Yang Zihuan went home to get sulking, and Yu Sheng went to drink sullen wine.

“What are you doing back? Don’t come back if you have a seed?” Yang Zihuan said coldly, smelling the smell of wine on Yu Sheng’s body.

Yu Sheng glanced at Yang Zihuan, and turned around and walked to his son’s room, without saying anything.

He originally had a room with Yang Zihuan again, but today Yang Zihuan disappointed him, so he no longer wanted to have a room with Yang Zihuan.

“You stop me!”

Yang Zihuan stood up from the sofa in a rush and stopped Yu Sheng with a look of anger.

Yu Sheng looked at Yang Zihuan faintly, looking at the face he had carved into his bones, and felt a little sad.

Yang Zihuan had derailed his spirit before, but the object of the derailment was another identity of himself, so after finally figured it out, he had actually forgiven Yang Zihuan in his heart.

This is also the reason why he had sex with Yang Zihuan again.

But today, Yang Zihuan didn’t believe him again and again. Knowing that Situ Jian was going to hit her, she still helped Situ Jian speak.

What is it that he is smashing his face in front of Situ Jian?

In Yang Zihuan’s heart, is he inferior to Situ Jian?

This is also the reason why Yu Sheng finally abolished Situ Jian.

Because he was very upset.

Very upset.

So he can only use Situ Jian to get out of this anger.

“I figured it out clearly, let’s get a divorce, you and I can’t live anymore!” Yang Zihuan gritted his teeth while watching Yu Sheng.

Yu Sheng’s face was calm, looked at Yang Zihuan’s eyes, and said faintly:

“Did you really think about it? Are you sure you want to leave?”

Chapter: 486

When he said this, Yu Sheng's face was calm, but the weakest part of his heart was stabbed by something, and there was some inexplicable pain.

And Yang Zihuan saw that Yu Sheng was so calm, there was no emotional fluctuation on his face, and his heart was even more sad.

She remembered that she had divorced Yu Sheng many times before, but each time she was extremely reactionary and even threatened Xiao Shui for the rest of her life, she just refused to divorce her.

Thinking of this time, there will be no waves in the rest of his life. He also figured out, do he want to divorce himself?

However, he is obviously the one who made the mistake, but can he divorce me with peace of mind?

Yang Zihuan felt very wronged in his heart, and tears flowed from the two lines.

She found that the rest of her life had changed.

The rest of her life at this time is no longer the rest of her life that she did not leave even if she was going to divorce.

The rest of her life at this time made her feel strange.

"Zi Huan, what are you talking about?"

When Gao Qing heard Yang Zihuan's words, she immediately pulled Yang Zihuan aside.

Yu Sheng was a member of the Yu family in Beijing. If one day he figured out and went back to divide the family property, he would be able to divide it back by 20 to 30 billion.

Two to three billion!

What is that concept?

Gao Qing couldn't imagine it at all!

She only knew that at that time, their family must be the richest person in Qiancheng.

She will also rectify the richest mother-in-law in Qiancheng.

So no matter what. Before Yu Sheng had gone back to split the family, she did not allow Yang Zihuan and Yu Sheng to divorce.

Even if they want to divorce, at least they have to wait for the rest of their lives to divide the family property back, and they can get the rest of their lives before leaving.

"Mom, I can't live with him anymore, don't you know, he took other women for a drive in front of me today, is he still a man? What does he think of me?"

Yang Zihuan cried , I feel wronged physically and mentally.

Gao Qing took a deep look at Yu Sheng, and she didn't think that Yu Sheng, who had always held her daughter in her palm, would dare to do such things, which made her a little surprised.

But when she was about to scold Yu Sheng for a few words, the scene of Li Hongsu's death at the time of Yu Sheng suddenly appeared in her mind.

"Zi Huan, come, mom and you have a good chat." Gao Qing didn't dare to scold Yu Sheng, so she took Yang Zihuan to her room.

Yu Sheng glanced at the two of them, and returned to his son's room without saying anything.

"Dad." Xiao Shui was playing alone in his room, and when he saw Yu Sheng came back, he shouted.

Yu Sheng walked over, touched his son's head, and said, "Daddy will take you to sleep tonight."

Xiao Shui was overjoyed and asked happily, "Really, that's great, I'm going to sleep with Dad."

Yu Sheng nodded and said, "It must be true. When did Dad fool you?"

As he said, he took off and went to the bathroom to take a bath.

Gao Qing pulled Yang Zihuan into her room, locked the door behind her, and whispered: "Zihuan, the rest of your life is indeed a beast. You were completely wrong to marry him at the beginning.

But he is a member of the Yu family in Beijing. Mom has also investigated.

The Yu family has hundreds of billions of assets on the bright side. One day the beast thinks it through and divides the property back, at least tens of billions.

Think about it for yourself. If you have a better relationship with him and wait for him to divide the property, can he lose ours?

We don't want more, as long as he gives our family 10 billion, that's fine. "

Hearing Gao Qing's analysis, Yang Zihuan also stopped sobbing, slightly moving in his heart.

Yes, I have been with Yu Sheng for so many years and gave birth to him a son. How can I be so divorced and cheap for other women?

Even if he really wants to get a divorce, he still has to wait for him to get the family property before leaving.

At that time, he could still divide half of his family property, one or two tens of billions, after all, the rest of his life would definitely be able to divide a lot of the Yu family's property.

Otherwise, if I leave him now, I will get this house at most, there is a way to use it!

Thinking this way, Yang Zihuan also figured it out.

In any case, you must wait for the rest of your life to divide the family property

before mentioning the divorce.

At this moment, Gao Qing's phone rang, and his face changed drastically as soon as he connected, as if he had lost his soul.

Don't Mess with this Son-in-Law Chapter: 487

Chapter: 487

"Mom, what happened?" Yang Zihuan asked, wiping the tears from the corner of his eyes.

"Your brother had a car accident!" Gao Qing said anxiously.

"What? Yang Ling had a car accident? How is the situation, where is he now?" Yang Zihuan was shocked and asked hurriedly.

"I was sent to the hospital for emergency treatment. I don't know the specific situation now. The hospital has nothing to say." Gao Qing said very worried. At this moment, her voice trembled, in a hurry, with a hint of crying.

"Then what are you hesitating about, let's go, go to the hospital now, by the way, which hospital did you ask for?" Yang Zihuan asked anxiously.

At this moment, she was in a state of confusion.

One second, I was arguing and divorcing Yu Sheng, just to calm down this resentment, but the next second, her brother was in a car accident. What is this all about?

Why is she so unlucky!

"The First People's Hospital!" Gao Qing said hurriedly.

Yang Zihuan nodded, then opened the door and walked out.

Then she didn't see Yu Sheng, so she pushed away from her side and walked in.

At this time Yu Sheng had just come out of the shower, and the smell of alcohol on his body has also faded a lot.

"Yang Ling was in a car accident, and he is in the People's Hospital at this time. Take Xiaoshui and go to the People's Hospital with us!" Yang Zihuan said while looking at Yu Sheng.

For the rest of his life, he didn't realize that Yang Ling had been in a car accident.

Although he had always disliked that brother-in-law, he was still a little worried for him when he heard him in a car accident.

"Okay, I change my clothes and leave."

Yu Sheng nodded, he didn't say much, and he didn't even mention Yang Zihuan's divorce. He immediately pulled up a t-shirt and replaced it with sandals. Then he hugged him. Zhu Shui Xiao, Yang Zihuan and Gao Qing

went downstairs.

Without traffic jams at night, they quickly arrived at the People's Hospital. Yang Ling was in the ICU ward at this time. When Yu Sheng and others arrived, he was lying on the hospital bed in a coma.

However, his friend had already sent him for the operation for the first time before calling Gao Qing.

At this time, the attention of several people was all on Yang Ling, and no one cared about how he got in the car accident.

"Doctor, how is my son's situation? No matter how much money you spend, you must save him, please!" Seeing the doctor, Gao Qing asked in tears.

The doctor is a woman in her forties. He heard the words: "The patient is temporarily in danger of life. Although we have operated on him, he has injured his spine. After waking up, it is estimated that he will face high paraplegia."

"what?"

Gao Qing and Yang Zihuan trembled, their faces pale.

The so-called high paraplegia refers to paralysis from the neck down.

In that case, the whole person can't do anything, and the change is not so different from a plant, it is completely a vegetable.

Moreover, you have to take care of his food and drink every day.

According to the doctor, Gao Qing's mother and daughter were shocked by electric shocks.

Had it not been for the two of them holding the bed, they would have almost fainted.

For a young man, this kind of life is simply better than death. They can't imagine whether Yang Ling will be able to withstand such a huge blow when he wakes up.

"Doctor, is there still a cure?" Yang Zihuan asked hurriedly.

The doctor glanced at Yang Zihuan, shook his head and said, "With the current medicine, there is almost no cure. Even if you send him abroad, it is basically hopeless."

boom!

The doctor's words were like nine gods of thunder, and they shattered the hopes in Yang Zihuan and Gao Qing's hearts.

"Ling'er! My Ling'er!"

Gao Qing couldn't hold on anymore, and her mind collapsed.

She leaned down in front of Yangling's hospital bed, crying dimly.

The doctor looked at Yang Zihuan and said, "You are mentally prepared. We have done our best. There is really no way."

She shook her head as she spoke, feeling a little pity for Gao Qing.

Anyone whose son becomes a waste is bound to collapse.

Yang Zihuan couldn't help but cried out.

Yu Sheng stepped forward to inspect Yang Ling's condition, and then said, "I can heal his spine."

Don't Mess with this Son-in-Law Chapter: 488

Chapter: 488

"What? What did you say?"

The first shocked were not Gao Qing and Yang Zihuan, but the attending doctor.

When she heard Yu Sheng's words, she looked at Yu Sheng mockingly.

Yu Sheng looked back at the doctor and said, "I said I can heal his injured spine."

"Who are you? Do you know what a spine is? Do you know what a huge role the spine plays in a person's body? Do you know that the rehabilitation of the spine is still a problem in the international medical community? You say this is irresponsible. Honestly, have you considered the feelings of the patient's family members?"

The doctor asked repeatedly, like a machine gun, crackling, unparalleled in the world.

"Doctor, he is my son-in-law for the rest of his life, he is a silly stick, you have to be true to him." Seeing the doctor get angry, Gao Qing said, holding back the grief in his heart.

Yang Zihuan also said with an unhappy expression: "Yu Sheng, please don't fool around, okay, I don't care if you are lying outside, but do you even want to cheat your own family?"

"I lied to you?"

Yu Sheng smiled and sneered: "Okay, then you just wait to serve this waste for a lifetime."

As he spoke, he left the hospital with his son Xiaoshui.

"Dad, will my uncle die?" Xiao Shui asked suddenly in the car.

When Yang Ling is in a good mood, she is very good to Xiaoshui, and often buys toys to give Xiaoshui.

He only yelled at Xiaoshui when he was in a bad mood.

But a child like Xiao Shui generally only remembers the kindness of others to him. In many cases, he chooses to forget the kindness of others to him.

"No." Yu Sheng said, shaking his head.

Of course he wouldn't just watch Yang Ling become waste, so even if Yang Zihuan and others didn't believe him, he wouldn't let it go.

But he won't take it personally anymore, he is going to let Zhu Qingshan come forward.

As far as current medicine is concerned, there are indeed no more solutions for Yangling's spine problem.

But for Yu Sheng, it is a problem that can be solved by a single Johnson Pill. Qiangsheng Pill can regenerate the sea of qi and bones, and of course it can also regenerate the spinal nerves.

This is the abnormality of Qiangsheng Pill, and the magical pill that cannot be explained by medicine now.

At this time, Yu Sheng was going to find Zhu Qingshan, and then gave him a Qiangsheng Pill, and let him go to heal Yang Ling tomorrow.

At this time in the Yang family villa.

"Grandma, I heard that Yang Ling had a car accident. It was very serious. It is said that it is very likely to be paraplegic at a high level." Yang Jian received the message and ran to see Mrs. Yang at night.

"How come there was a car accident, it is still so serious?" The old lady was shocked. She wanted to sleep, but she was in a mood.

Although she was a little upset with Yang Ling and Yang Zihuan's sisters and brothers, these two were after all her grandsons. She was also a little sad to hear that Yang Ling had been in a car accident.

"I heard that he was out drinking with his friend. His friend was driving while drunk and was speeding in the city and collided with a small truck. His friend was wearing a seat belt at the time, but suffered minor injuries, but Yang Ling did not have any. Wearing a seat belt directly injured the spine. This life is probably going to be over." Yang Jian said, a flash of gloating in his eyes. In the past few months, Yang Zihuan controlled the Yang family, and Yang Ling also relied on Yang Zihuan's relationship to become a department manager. But he, the former helm of the Yang family, was just a deputy manager. Why not let him hold a grudge?

He hated Yang Zihuan's family a long time ago, and he longed for their family to die.

Hearing that Yang Ling was in a car accident at this time, he actually laughed three times before he came.

"This, how could this be?"

The old lady was a little sad, and said: "High paraplegia means that he is paralyzed from the neck down, so what should he do in the future? Wouldn't he become a living dead?"

"Yes, it's harder to live than to die." Yang Jian said, suppressing the excitement in his heart.

"Mom, this is actually an opportunity for us."

At this moment, Yang Jian's father Yang Xianbing walked in.

Chapter: 489

Yang Jian looked back at Yang Xianbing, his eyes lit up, and asked, "Dad, what do you say?"

The old lady also looked at Yang Xianbing, not knowing what Yang Xianbing meant.

Yang Xianbing didn't take care of Yang Jian, but looked at the old lady and said, "Mom, Situ Jian said before, as long as we can buy back all of our Yang family's shares from the Four Seas Group, he will lend us 100 million. You weren't before. I have always said that there is no way to impress Yang Zihuan, now it is our Yang Hui."

In order for Situ Jian to attack Sihai Group in an all-round way, while investigating the identity of the chairman of Sihai Group, he must also find a way to acquire

"This....."

The old lady really didn't know where the opportunity came from her son, so she had to say, "You continue."

Yang Xianbing said, "Isn't Yang Ling going to be paraplegic at a high position? If Western medicine can't cure it, Chinese medicine still has a chance.

And the most famous doctor Zhu in the country has also come to our Qiancheng to open a medical clinic. We just happened to ask the doctor Zhu to help treat Yang Ling.

As long as God healed Yang Ling's spine, wouldn't Yang Zihuan thank us? At that time, please ask her again. She will definitely go to the chairman of Sihai Group and ask the chairman to sell us all the shares. The chairman of Sihai Group's preference for Yang Zihuan may be sold to us at the original price. possible. "

The old lady's eyes lit up, and she asked: "Will the genius doctor be reliable? Can he really see Yang Ling well?"

Yang Xianbing nodded and said, "Mom, I have already investigated. I wish the genius doctor is unparalleled in the world. He has cured many intractable diseases and is recognized as the first Chinese medicine doctor in the country. Many western doctors have asked him about Chinese and Western medicine. As long as he is sure to come out, Yang Ling will definitely be cured."

The old lady was overjoyed and nodded and said: "Okay, then you can ask the genius doctor for help tomorrow. It doesn't matter how much money, as long as the genius doctor can cure Yang Ling."

At this time, the old lady was also enlightened.

First, Yang Ling is her own grandson. Of course, she can't bear to watch Yang Ling's generation end like this.

Second, as long as I wish the genius doctor really cured Yang Ling, then Yang Zihuan would have to accept her favor.

Their biggest wish now is to buy the Yang family back. As long as they can buy the Yang family back, no matter how much money they spend, it will be worthwhile.

In the past few months, outside of the Yang family, whose family was excluded, it was a kind of irony and insult. As the old lady Yang who has a strong desire for control, it is simply a disaster.

No matter how good Yang's development is, she still has nothing to do with her, which makes it difficult for her to sleep for a long time.

I'm unwilling.

"No, you go now to ask the doctor Zhu, with enough sincerity, no matter what, you must ask the doctor Zhu to take action." The old lady immediately changed her mind.

This matter is too important, and Chi is going to change. She wants Yang Xianbing and his son to go and ask the genius doctor now.

"Okay, then let's go and ask the genius doctor now." Yang Xianbing nodded. He also knew the importance of the matter and couldn't postpone it until tomorrow.

Yang Xianbing withdrew, and Yang Jian also withdrew.

Yang Jian was still a little unhappy in his heart for them to ask the genius doctor to treat Yang Ling.

After all, during this period of time, Yang Ling rarely pretended to be in front of him.

"Dad, are we really going to ask the genius doctor to treat Yang Ling's waste?" Yang Jian asked a little unhappy.

Yang Xianbing glanced at his son, nodded, and said quietly: "This is an excellent opportunity for us to repurchase Yang's shares."

"But..." Yang Jian was still a little uncomfortable.

"No, but if you don't want to be the chairman of the Yang family again, you may not come with me." Yang Xianbing said lightly, but his words are beyond doubt.

When Yang Jian heard this, he immediately wanted to drive.

Yes, as long as you can become the chairman of the Yang family again, what about saving Yang Ling? At that time, didn't Yang Ling just let it be his own discretion?

So the father and son prepared a generous gift, and immediately drove to find Zhu Qingshan.

Only when I arrived at Zhu Qingshan's residence, I found that Yu Sheng was there, and Yu Sheng was still talking and laughing with Zhu Qingshan, and immediately caused Yang Xianbing and his son to have a bad premonition.

Don't Mess with this Son-in-Law Chapter: 490

Chapter: 490

Yang Xianbing and his son didn't expect Yu Sheng to come in front of them. Needless to say, they also knew that Yu Sheng had come to ask the genius doctor to treat Yang Ling. Of course, they couldn't let Yu Sheng succeed.

"What are you doing here?" Yang Jian asked in a deep voice.

Yu Sheng glanced at Yang Jian, and was also a little surprised. The first thing he thought was that the father and son came to Zhu Qingshan. Could it be that Mrs. Yang was ill. Would Zhu Qingshan go to treat the old lady?

"What do I do here to do with you?" Yu Sheng replied lightly.

"Humph, I know if you don't tell me."

Yang Jian snorted coldly, and said, "Are you here to ask the genius doctor to treat Yang Ling?"

Yu Sheng raised his eyebrows, and said that how long had it been since he had been out of the hospital before they knew that Yang Ling had been involved in a car accident?

It seems that Yang Zihuan or Gao Qing told them.

"So what?" Yu Sheng asked.

Yang Jian glanced at Yu Sheng with disdain, then handed the gift in his hand to Zhu Qingshan, and said with a flattering expression: "Best doctor, this is the 100-year-old ginseng that my dad photographed at auction before. Although it's not very good, it's rare in our Qiancheng city. It's a bit of a hint, please wish the genius doctor to accept it."

Shen Qingshan didn't even think about it, so he refused and said, "If there is no merit, the two of you should explain what you are coming for first."

Yang Xianbing hurriedly said: "I wish the genius doctor, it's like this. My nephew Yang Ling was in a car accident. The doctor said he injured his spine and was basically paralyzed from a high position. Therefore, we would like to ask the genius doctor to take action and save my nephew Yang. Ling."

As soon as Yang Xianbing's voice fell, Yu Sheng's eyes widened.

Yang Xianbing and his son came to ask Zhu Qingshan to treat Yang Ling at night. He felt too unreal, as if he were listening to a joke.

Yang Ling was in a car accident. The father and son were already very happy. They actually came to ask Zhu Qingshan to take action. Is this the sun rising

from the west?

At this time, Zhu Qingshan also looked towards Yu Sheng.

He didn't know the relationship between Yu Sheng and Yang family father and son, and the Yang family father and son also came to ask him to rescue Yang Ling. This, he had to look at Yu Sheng's meaning.

Yu Sheng looked at the Yang family and his son for a while, and immediately understood that this father and son, please Zhu Qingshan to rescue Yang Ling, they will certainly not be well-intentioned.

They must do this because of interest.

Yu Sheng thought for a while and felt that the Yang family's father and son definitely wanted to sell Yang Zihuan a favor, and then asked Yang Zihuan to give them some benefits in the company, or promote Yang Jian and others. Or, they have a bigger conspiracy in their hearts.

Thinking about this, Yu Sheng sneered at the corner of his mouth, and couldn't help but sneered: "Your Yang family has been acquired by others now. If you still have money, please wish the genius doctor to make it? Can you afford it?"

"We can't afford to wish the genius doctor?"

Yang Jian looked at Yu Sheng uncomfortably, and sneered: "I think you can't afford it, so I'm here to talk coldly."

As he said, he looked at Zhu Qingshan, with a flattering smile on his face: "Mr. Zhu, as long as Yang Ling can be cured, we can afford how much you want."

Yu Sheng smiled disdainfully: "As the genius doctor Zhu said, he will only pay 20 million yuan in appearance fee for one shot. Can you get it out?"

"Twenty million?"

Yang Jian and Yang Xianbing were shocked. They looked at Zhu Qingshan in disbelief, and asked, "Is it really worth 20 million, doctors?"

Zhu Qingshan glanced at Yu Sheng. Although he didn't know what Yu Sheng meant, he nodded and said: "Yes, the current level of high-level paraplegia western medicine can not be cured at all. There is only Chinese medicine, no, the whole world, I am the only one who can cure it well. Therefore, the medical expenses are reduced by 20 million, and of course I will not go for treatment."

"Well, I wish the genius doctor, 20 million would be too much?" Yang Xianbing smiled bitterly.

They really want to sell Yang Zihuan a favor, but this personal favor is too expensive, and they can't afford it.

Twenty million is a huge sum of money for them now.

And given 20 million, they couldn't find the money to buy back their own shares.

The father and son fell into an awkward dilemma at once.

“Haha, how is it, I can’t afford to wish the genius doctor.” Yu Sheng laughed. Yang Jian’s face was rather ugly, and he said ironically: “It’s the same as what you asked. What are you laughing at? Please also wish the genius doctor to save your brother-in-law?”
