

Dont mess 501

Chapter: 501

But when Yang Zihuan chased him out, Yu Sheng just drove away.

Yu Sheng saw Yang Zihuan chasing him out in the rearview mirror, but he didn't stop.

For the rest of his life, he didn't go home, but went to the bar and drank alone. He didn't go back until after eleven o'clock in the evening.

When he returned, Yang Zihuan and others were already asleep.

After taking a bath, I slept with my son.

The next day, Yu Sheng went to the Four Seas Group.

He knew that Yang Zihuan was coming to ask him to sell the shares of the Yang family to the Yang family, so he came to wait for Yang Zihuan in advance.

He wanted to see if she would be so stubborn when the old lady drove Yang Zihuan out of the Yang family.

Originally, the last time the old lady took back her shares, he thought Yang Zihuan had learned a lesson, and he thought it was still so stupid.

This time, he had decided not to help Yang Zihuan anymore, and he didn't want to care about her and the Yang family's break.

His heart is tired.

After waiting for a long time, seeing that Yang Zihuan hadn't come yet, the rest of my life didn't wait for her.

He called Xiao Zixin in and said, "Yang Zihuan will come to me soon, and you will tell her that it is okay for the Yang family to buy back all the shares, but it must pay 200 million, otherwise there is no need to talk about it."

Xiao Zixin was shocked. She didn't know what happened, but she nodded and said, "Good Yu Dong."

Yu Sheng said again: "If they really want to buy, you just call me and I will ask the Legal Department to talk to them."

"Yeah." Xiao Zixin nodded.

Then Yu Sheng got up and walked out.

He went directly to the Sakura Club, and Du Fei just got him a batch of new medicinal materials. He was going to check it out and make some pills.

Now, he is open to the science and technology park, but the main thing is to improve his own strength. And alchemy is the fastest way to improve strength.

His father is still in the doomsday jail, and he can't relax for a moment.

As he understood the doomsday prison, he felt more and more insignificant.

Wanting to rescue his father, he knew that his strength was still low and ruthless.

Also, although the old man Bai helped him tell the Li family, whether the Li family would find a killer to kill him for a while, but once the old man leaves the customs, he will definitely find revenge.

He killed Li Jing and Li Hongsu, and the enmity with the Li family was completely settled. In the end, either he died or the Li family died.

There are no other options.

Therefore, he generally chooses to let them do things at work. ,

He still likes to spend most of his time on improving his strength.

In the afternoon, after a morning of struggle, Yang Zihuan finally came to the Sihai Group.

Although she knew that her request was very excessive, she agreed to her grandma, and he had to come again.

But for that request, I am very sorry for the chairman.

Because she knew that the chairman helped herself too much.

It was with this kind of entangled psychology, so she struggled all morning, but did not come over.

“Zixin, is the chairman here?” Yang Zihuan asked when he came to Xiao Zixin’s office.

Shaking her head, Xiao Zixin said, “No, the chairman went out this morning.”

“Ah, when does he expect to come back?” Yang Zihuan breathed a sigh of relief, but was a little disappointed.

Xiao Zixin put down the file in her hand, looked at Yang Zihuan and asked, “Zihuan, you are here to ask the chairman to sell the shares of the Yang family to the Yang family, right?”

“what?”

Yang Zihuan felt a little flustered, and asked, “How did you know?”

She felt that she had never told Xiao Zixin about this.

Xiao Zixin smiled and said: “What are you nervous about? The chairman said, it is okay for the Yang family to regain the shares, but it must pay 200 million yuan. If it is less than 200 million yuan, it will not be discussed.”

“Ah? Does the chairman know?” Yang Zihuan was even more surprised, staring blankly at Xiao Zixin’s mixed feelings.

Now that the chairman already knows it, is it considered that he deliberately avoided himself and didn’t want to see himself?

It seems that I really broke the chairman’s heart!

Chapter: 502

Yang Zihuan’s mood was extremely complicated, even a little regretful and a little sad.

She knew that the chairman treated her a lot and helped her many times.

But in the end, she did this kind of thing, and it is strange that the chairman is not sad.

At this moment, without knowing why, Yang Zihuan felt an inexplicable pain in her heart, as if she had suddenly lost something precious.

She fell into a low mood, then nodded and said, “Okay, I’ll call back and ask my grandma.”

Xiao Zixin nodded, and looked at Yu Sheng and Yang Zihuan’s mischievous things. I don’t know why, she had inexplicable expectations in her heart.

Yang Zihuan walked aside, called her grandma, and she was quickly connected.

“Grandma, the chairman said that he can sell all the shares to the Yang family.” Yang Zihuan said as soon as the call was made.

“Great! Zi Huan, you deserve to be grandma’s good granddaughter!” The old lady said excitedly on the phone.

At this moment, listening to his grandmother’s excited words, Yang Zihuan suddenly felt a bit unpleasant in his heart.

Why, why do you have to come out on your own every time?

Why do I have to do it myself every time I have something, while other people sit behind and enjoy it?

Thinking of the various things she has encountered in the family over the years, Yang Zihuan feels a little bit sad inexplicably.

“But the chairman said that if you want to repurchase the shares of the Yang family, you must give him

200 million. If you lose 200 million, you will not be able to talk.” Yang Zihuan said.

“What? He wants two hundred million?” The excitement on the old lady’s face stiffened.

When Sihai Group forcibly acquired 61% of their shares, it only cost more than 90 million yuan, but now it costs 200 million yuan. Isn’t this cheating?

This is too dark.

In fact, it is reasonable to ask for two hundred million for the rest of his life, and it is not purely outrageous.

In the past few months, with the support of Cosmopolitan Group, the Yang family has also risen. When it went public last month, its market value exceeded one billion.

Although the market value is very low, 500 million is still worth it.

Yu Sheng accounted for 61% of the shares. Selling two hundred million is considered to give them room, or he wants three hundred million, which is also worth it.

“Yes, he also said that if there is less than 200 million yuan, the talk will be avoided, and his attitude seems very tough.” Yang Zihuan said.

“Zi Huan, isn’t the chairman always treating you very well, so you just act like a baby to him, ask him for help, and sell it to our house for 100 million yuan.” The old lady said politely.

“Grandma, the chairman of the other person doesn’t even see me now, so he directly asks the secretary to send me a message. In the eyes of the chairman, I am undoubtedly a traitor. Do you think people will really help me?” Yang Zihuan Said somewhat uncomfortably.

She was in a very upset mood. If it weren’t for the fact that the opposite was her grandmother, she would have cursed directly!

“Zi Huan, but you know, we really can’t come up with that much money, please ask the chairman again, the chairman was so good to you before, and he was treated as a treasure in his palm. Yes, how could I be angry with you? I think the chairman didn’t see you, there should be something else.” The old lady said again.

“You let Yang Jian and the others come and look for it, I’ve had enough!” Yang Zihuan said, and hung up the phone with a snap.

She is really fed up!

Why does her grandma force her to do things she doesn’t want to do every time?

Why did her grandma not think of Yang Jian and others every time there was trouble in the family, but she?

She is not stupid!

But she knew that her grandma always thought of her as a fool!

Chapter: 503

Yang Zihuan’s attitude suddenly became tough, and she hung up the old lady’s phone call, which made the old lady very upset, but at this time, she was not easy to have a seizure, so she had to call Yang Xianbing and ask him to borrow money. .

Without being suppressed by Sihai Group and other companies, Yang Xianbing’s relationship in the bank can be used again.

But they didn’t have the project financing available, and the bank only gave them a loan of 30 million, which was a shortfall of 70 million. In the end, Yang Xianbing found Situ Jian again. Situ Jian’s leg injury recovered well and he was in a good mood. Knowing that the Yang family wanted to repurchase the Yang’s shares, they waved their hand and lent the last 70 million to the Yang family.

Three days later, Yang Zihuan came to find Yu Sheng again. This time, she also didn't meet Yu Sheng. Because Yu Sheng focused on the science and technology park, it was enough for Xiao Zixin to send him a message here.

However, after Xiao Zixin contacted Yu Sheng, Yu Sheng asked the Legal Department to talk to the Yang family.

So far, the Yang family has spent an extra 100 million to buy back 61% of the shares acquired by Yu Sheng.

After signing the contract, Yang Zihuan suddenly discovered that the 10% of the shares that Yu Sheng had given her no longer belonged to her and had been sold to the Yang family.

Yang Zihuan suddenly realized that she had done something stupid. She hadn't even thought about it before, so she hadn't brought it up all the time.

"Grandma, you have to give me the 10% of the shares that the chairman gave me?" Yang Zihuan said, looking at the old lady.

"Zi Huan, don't worry about the shares. Grandma won't live for many years. After a hundred years, grandma will definitely distribute the shares to your siblings." The old lady said with a smile.

Yang Zihuan's expression changed, and he regretted to the extreme in his heart.

From her grandma's words, she has already heard it, it is impossible to give her any more shares!

"Grandma, I have sacrificed so much for the family, and in the past few months, if it were not for me, the family business would have gone bankrupt, let alone the prosperous scene now. I have no credit and hard work, right? Am I not worthy of even 10% of the shares?" Yang Zihuan said, suppressing the anger in his heart.

"Zi Huan, grandma knows the sacrifices you have made for the family, and these grandma have all in your heart, so don't worry."

The old lady smiled professionally at Yang Zi, and then turned to everyone else: "Now we have reacquired the shares of my Yang family. From now on, my Yang family is a complete Yang family. Then today, I will re-acquire my Yang family's shares. Arrange the appointment of personnel."

As soon as her voice fell, Yang Jian's face suddenly showed a long-lost bright smile.

"Zihuan's ability is very strong, especially in terms of business. In the past few months, Zihuan has brought so much business, and finally put me on the right track. Therefore, I decided to let Zihuan appoint deputy general manager and project Director."

The old lady looked at Yang Zihuan and said with a smile: "Zihuan, you have no problem with grandma's appointment."

Yang Zihuan nodded. She thought the old lady should let her uncle Yang Xianbing appoint the general manager, so she didn't have anything to say about this appointment.

Although she felt a little uncomfortable, she didn't have any choice now.

"That's good."

The old lady nodded, then looked at Yang Ling and said, "Ling'er, your business abilities still need to be refined, so grandma is going to let you learn from your sister, so you should be appointed as the deputy director of the project department."

This time, the old lady knew that Yang Zihuan had paid a lot. Moreover, she also took back 10% of Yang Zihuan's shares, so she couldn't do too much.

After all, she is not stupid. Under the leadership of Yang Zihuan in the past few months, the Yang family has had an unprecedented smooth and prosperous atmosphere, so she still can't give up Yang Zihuan.

Yang Ling was a little upset. He was a department manager before. This was to reduce him to deputy manager. He suddenly said, "Grandma, I'm doing a good job in the purchasing department."

Chapter: 504

Yang Ling is a little depressed, but the purchasing department is a department rich in oil and water. As a manager, he enjoys rebates every month.

Now let him go to the project department, of course he is not reconciled.

The project department is not only tired, but also frequent business trips, but also can't get any external water.

The old lady smiled and said, "There is another person in the purchasing department, don't worry, grandma will promote you when your business abilities come up."

"Okay." Yang Ling had no idea, so he nodded in agreement.

Seeing that Yang Ling had no opinion, the old lady said again: "I decided to accept Yang Yinzhu as the purchasing manager. Yinzhu, do you have a problem?"

Yang Yinzhu hurriedly smiled and nodded, and said, "Grandma, I have no questions."

The Purchasing Department is rich in oil and water, and of course she has no problems.

Although Yang Yinzhu was married to Hu's family, she didn't work in Hu's company, so the old lady asked her to come back to work.

The old lady continued to appoint: "As for the position of general manager, I am going to appoint Yang Jian. Yang Xianbing and I will be appointed as chairman. We will no longer intervene in all the operations of the company. Let your young people do it. It's time to let go of your young people to do a good job."

Yang Zihuan and Yang Ling's siblings suddenly changed their expressions when they heard the old lady's words.

Especially Yang Zihuan, she was very angry.

Yang Jian has done nothing, and has no ability, but can be the general manager, and she sacrificed so much for the family, and brought the family on the verge of bankruptcy to a prosperous scene. In the end, not only did she even per cent There are no ten shares, and even the position of general manager is not worthy of owning!

At this moment, she suddenly felt very regretful in her heart.

She remembered what she had said for the rest of her life, that the old lady was using her.

But at the time she only thought that Yu Sheng was soliciting discord, and she didn't have a good face for Yu Sheng.

Only now I found out that I was wrong.

Wrong too outrageous!

Her grandma is still that grandma, still nothing has changed!

Or everything is only for her uncle's family!

Yang Zihuan did not hear clearly about the subsequent appointments.

When she got home, her feelings of low and backward regret did not respond.

"Zi Huan, why is your face so ugly?" Gao Qing frowned and asked.

Yang Ling said uncomfortably: "Grandma crossed the river and demolished the bridge. Not only did she take back the 10% of the shares that the chairman gave her sister, she also dismissed her as the general manager, and my purchasing manager was also dismissed by her!"

"what?"

Gao Qing was shocked, and said angrily: "How could she be like this? If it weren't for your sister, would

the Yang family have today? How can the old immortal be so hateful?"

"Yes, my sister has made so many sacrifices for the family, she just can't see it, and Yang Jian has done nothing, but he can be the general manager. It's really chilling!" Yang Ling said angrily.

"What about me, my position, did she also drop it?" Gao Qing cares about this most. Yang Zihuan gave her the position, which is mainly responsible for the company's hygiene and greening. A salary of 10,000 yuan.

"Sure, grandma said that she didn't need that department, so she just cancelled your department." Yang Ling said.

Gao Qing was very angry, and said angrily: "That old immortal, how can she be so black-hearted! She earns so much money, is she going to bring it into the coffin?"

"How much is your salary? The most important thing is that she took back my 10% shares!" Yang Zihuan said angrily.

"I reminded you at the beginning that she was just using you, but she didn't listen to any of them at the beginning and said that I was soliciting discord."

At this moment, Yu Sheng came out with the vegetables, looked at the aggrieved family of three, sneered, and shook his head.

"Yu Sheng, my good son-in-law, you are so familiar with the chairman, you must have a way to get Zihuan back the shares, right?" Seeing Yu Sheng, Gao Qing's eyes lit up and said hurriedly.

Both Yang Zihuan and Yang Ling looked at Yu Sheng with anticipation.

Chapter: 505

Yu Sheng is the chairman's driver. Not only that, but the chairman also gave Yu Sheng a two million luxury car, which shows that the chairman attaches great importance to Yu Sheng.

Now the chairman has ignored Yang Zihuan, so they all put their ideas on the rest of their lives.

Based on the relationship between Yu Sheng and the chairman, they believe that this is a small favor, the chairman will definitely help.

Yu Sheng glanced at Gao Qing, with a sneer at the corner of his mouth, and said: "You think too much. The chairman hates people who are insatiable and don't know what is good or bad."

He said and looked at Yang Zihuan, and said: "He was so good to you before. First, he borrowed 30 million from you to help the Yang family survive the difficulties. Then, because of the Yang family's difficulties, he even bought the Yang family to vent your anger. Finally, I gave you another 10% of the shares, giving you full power to handle company affairs, but what about you?"

There was a hint of irony in Yu Sheng's eyes, and said, "How did you treat him? Do you know? How sad was the chairman when you offered to sell the shares to Yang Jiazhi at the original price?"

He directly blocked you and the entire Yang family, and he told me that he would no longer help me with these messy things, and if I beg him again, he would fire me. "

After Yu Sheng finished speaking, he went back to the kitchen to serve dishes, not wanting to look at the three of them.

Yang Zihuan's heart trembled, and the words of the rest of her life made her finally understand one thing.

Why would the chairman help her?

It's all for Yu Sheng's face!

If Yu Sheng hadn't asked the chairman, would the chairman help her?

For a long time, she, and her Yang family, thought that it was the chairman who took a fancy to her, so

they helped her.

As everyone knows, the chairman doesn't take her seriously at all.

People have helped her many times, and it was entirely for the rest of his life to ask for it.

But my family has been a waste for the rest of his life, hurting the rest of his life time and time again.

At this moment, Yang Zihuan finally felt a little sorry for the rest of his life.

Especially I have been mentally cheating!

For the rest of his life, the hope in Gao Qing's heart was instantly shattered.

But she still didn't want to give up. After Yu Sheng came out with the vegetables again, she said: "Yu Sheng, my good son-in-law, you can ask the chairman again. Zi Huanzhen has the 10% shares. Who will come in the future? To support the family, isn't it?"

There was a touch of contempt in Yu Sheng's eyes, as if he said that you had paid for selling vegetables.

He glanced at Gao Qing and said lightly, "I don't have such a thick skin."

As he said, he sat at the dinner table to serve his son, and then ate himself.

Anyway, he knew that Yang Zihuan and the three were in a mood to eat, and he didn't bother to call them.

"Mom, grandma, uncle, come over to eat." Xiao Shui shouted.

"Don't eat, you eat yourself." Gao Qing said angrily.

Xiao Shui was a little depressed, and said, "Dad, grandma and they won't eat."

Yu Sheng nodded and said: "Leave them alone, they are not hungry yet, and they will finish their homework after eating."

"Oh, okay." Xiao Shui nodded, then ignored the three of them.

Yang Zihuan and the three of them watched Yu Sheng eating alone without calling them, feeling a little irritable inexplicably.

But Yushengcai is all fried, but they don't eat it by themselves, and they are not very angry with Yusheng.

The most important thing is that they tragically discovered that they can't offend the rest of their lives now.

Now the old lady has taken back her shares and cut off most of their income sources. If they offend the rest of their lives, they will never want to turn over.

Thinking about this, Yang Zihuan and Gao Qing both sat over to eat by themselves, only Yang Ling turned on the phone to play games and told him not to eat.

"Zi Huan, why are you still sleeping with him in a separate room? Now our only chance is him." In the evening, seeing Yu Sheng went to rest on his side again, Gao Qing couldn't help but push Yang Zihuan's hand and said.

"I..." Yang Zihuan was a little bit uncomfortable. In the past few days, she had a cold war with Yu Sheng and asked her to take the initiative to reconcile with Yu Sheng. She felt that she couldn't live up to the face.

"Go, don't hesitate." Gao Qing said, afraid that her daughter would be embarrassed, so she went to her room by herself.

Yang Zihuan looked at the door of the side bedroom, very tangled in his heart, and was a little annoyed for the rest of his life.

Why does she have to find her for the rest of her life every time she quarrels?

Chapter: 506

“Brother, I want to be the vice president, you have to help me?” Yang Yinzhu looked at Yang Jian in the general manager’s office and pleaded.

Yang Jian frowned, shook his head and said, “Now we can’t completely drive out Yang Zihuan. Yang Zihuan’s business ability is still very strong. If she is given the position of deputy general manager, it will be detrimental to the company’s development.”

After these few months of silence, Yang Jian has also learned a lot, knowing who is capable and who is not capable.

For example, although he didn’t admit it, he knew in his heart that his ability to manage the company and business did not have Yang Zihuan strong.

Moreover, his grandmother also told him not to let Yang Zihuan go.

“Brother, my husband Hu Hai has promised me. He said that as long as we drive away Yang Zihuan, he will tell his dad to ask his dad to cooperate with our Yang family and do the project for us.” Yang Yinzhu said.

“Really? Are they not afraid of being suppressed by the Four Seas Group?” Yang Jian was delighted, his face showed expectation.

The Hu family is much better than the Yang family. If they can get the help of the Hu family, then why do they still use Yang Zihuan?

Originally, the Hu family married their family, and their Yang family had a chance to rise, but because Hu Hai’s eldest brother Hu Daokun wanted to force Xu Qianqian to be strong, he was finally forced to go to jail for three years by the Sihai Group, and then he thought of the Yang family’s already being trapped by Sihai. Regarding the group acquisition, the Hu family has never cooperated with the Yang family.

“What are you afraid of? Now that the shares of the Yang family have all been acquired by us, they have no relationship with Sihai Group for half a dime. Of course, the Hu family is not afraid of suppression by Sihai Group.” Yang Yinzhu said.

Yang Jian slapped his thigh and said, “Yeah, why didn’t I think of this. However, if you want to expel Yang Zihuan, you have to get the consent of your grandmother.”

Yang Yinzhu nodded and said, “Is it easy to do? We embezzled some money from the company, and then blamed Yang Zihuan, and showed the ‘evidence’ to grandma. Will grandma still keep her?”

Yang Jian thought for a while, and then said: “Okay, then we will say that the Hu family has agreed to do the project for us. Grandma has no worries and will definitely expel Yang Zihuan. By the way, even Yang Ling’s waste is not allowed. Leave.”

“Well, let’s go, let’s go find grandma together now.” Yang Yinzhu said excitedly.

Yang Jian stood up, but still said, “Yinzhu, in this matter, you must be sure that the Hu family can really give us the project. Let me go.”

“Don’t worry, brother, can you still believe Hu Hai? His brother Hu Daokun went to jail. He is now the heir of the Hu family. Although the power is still in the hands of his father, he can still give us a few small projects. The current strength of the family, even if it is a small project, is enough for our Yang family to eat for a long time.” Yang Yinzhu said confidently.

At the mobile phone shop, Yu Sheng forced Hu Hai to kneel down to eat his grandfather, and forced him to eat cell phone fragments, which made Hu Hai lose face and hurt his stomach. Hu Hai had long wanted to take revenge.

The expulsion of Yang Zihuan’s sister and brother is the beginning of his revenge for the rest of his life, and he will slowly seek revenge for the rest of his life.

As long as there is a chance, he will not let go of the rest of his life.

“Okay, I believe you, let’s go.” Yang Jian nodded, and took Yang Yinzhu to find Mrs. Yang.

Chapter: 507

Yang Zihuan came to the company, parked the car, and walked all the way to the office.

As soon as she entered the hall, she felt something was wrong.

The few employees sitting at the front desk used to stand up and respectfully greet themselves when they saw themselves, but after stopping, they seemed to not see themselves, sitting there chatting with each other.

However, Yang Zihuan quickly realized that he is no longer the general manager, so these people are not giving himself face.

She felt a little uncomfortable, and originally wanted to teach some front desks to make them look like they were working when they were working, but after thinking about it, she still held back.

But along the way, she saw dozens of people gathering in twos and threes to chat, talking and laughing, and even a few of them were playing games with their mobile phones.

It’s already time to go to work, these people are still so lazy, and what makes her even more unhappy is that these people see themselves, and they turn a blind eye to them, as if they treat their deputy general manager as air.

Being so lazy at work, I don’t even know how to say hello when I meet the deputy general manager. Is this the employee Yang Jian leads?

Become a system?

“You guys, put your mobile phone away for me, who told you to play mobile phones at the company when you go to work?” Yang Zihuan stepped on high heels and said coldly.

Several employees glanced at Yang Zihuan, without any panic at all. They looked at each other, their expressions were very calm, closed, smiled and continued the game.

During the whole process, Yang Zihuan, the deputy general manager, was completely ignored.

Yang Zihuan was very angry. If she was still the general manager, whoever in the company saw her greet her disrespectfully, these employees would be flying!

At the same time, the employees who were chatting around were also snickering.

Is this going against the sky? Why don’t employees take their own deputy general manager seriously?

Could it be that these are Yang Jian’s motions to them?

Yang Zihuan frowned, her face was very ugly, even if Yang Jian signaled, she must re-establish her prestige!

“You guys, immediately pack up my things and leave. The Yang family doesn’t need employees like you!”

Yang Zihuan was so angry, his delicate body was trembling faintly!

At this moment, Yang Zihuan’s assistant came over with an anxious and complicated expression, and whispered in Yang Zihuan’s ear: “Mr. Yang, something has happened, the people in the company will not listen to you anymore!”

“Something happened?” Yang Zihuan was shocked, staring at his assistant in a daze.

“Yeah.” The assistant nodded his head heavily, his expression a little sympathetic, and some were very upset for Yang Zihuan.

“What’s the big deal? Tell me.” Yang Zihuan asked.

“Let me tell you.”

At this moment, Yang Jian’s voice sounded, and Yang Zihuan looked around and saw that Yang Jian

brothers and sisters were accompanying the old lady towards her.

Seeing the arrival of Yang Jian and others, all the employees put away their mobile phones and ran to their jobs, pretending to be.

“Grandma, why are you here?” Yang Zihuan asked puzzledly.

She still remembers her grandmother saying that she no longer cares about the company’s affairs, and wondered if she came to the company again today. Is it for herself?

A bad premonition suddenly rose in Yang Zihuan’s heart.

“I won’t come again, the entire company’s finances will be vacated by your siblings!” The old lady said without any emotion.

“Grandma, what do you mean by this, why can’t I understand?” Yang Zihuan was shocked and asked in a daze.

“Yang Zihuan, let me tell you what’s going on.”

Yang Jian looked at Yang Zihuan and said with a joking expression: “Yang Zihuan, because grandma doesn’t give you the 10% of the shares, so your sisters and brothers are very angry. They don’t agree with grandma’s actions, and then you become frantic. I transferred the company’s two million cash, let’s say, where did you transfer the two million company’s public funds, and call it back obediently, maybe grandma will give your siblings a chance.”

“What? You talk nonsense!”

When Yang Zihuan heard it, her heart was furious. She didn’t think that Yang Jian would pour dirty water on her in such a frenzied manner.

“Grandma, Yang Jian slandered me, do you believe it too?” Yang Zihuan looked at the old lady and said.

“Yang Zihuan, you don’t want to act. You transferred two million to your mother’s account. We have solid evidence. What else can you say?” Yang Jian sneered.

At this moment, only a few people walked in with Gao Qing.

Chapter: 508

“Zi Huan, what’s the matter? Why did my Kari suddenly increase by two million? Did you transfer it?”

Gao Qing asked as soon as he came in.

Yang Zihuan’s brain roared, his face was pale, and his whole body was shaky.

“Yang Zihuan, what else do you have to say?” The old lady finally spoke, her voice extremely indifferent.

After a long time, Yang Zihuan looked at the old lady and said, “Grandma, I really didn’t transfer the money, and I don’t have any money from the company!”

“It’s not that you put the company’s money on your mother’s card too much, did I call her?” The old lady smashed the floor three times angrily, and the floor tiles were almost smashed by her. , It can be seen the anger in her heart at this time.

Yang Zihuan looked miserable, then looked at Yang Jian, and smiled sadly: “Yang Jian, you are so scheming. If you want to drive me away, just say it, do you need to be so shameless?”

“Grandma, take a look. The evidence is solid. She wants to slander her grandson. It’s really not that the grandson can’t tolerate her.” Yang Jian looked at the old lady and said with an innocent look.

The old lady was furious and yelled: “Yang Zihuan, you really disappointed me. I decided to expel your sister and brother from the company and remove your name from the family!”

“what?”

Gao Qing was dumbfounded when she heard the old lady’s words. She didn’t know what was going on, so she was brought to the company.

It was a thunderbolt to think that when I came to the company, I heard the message that the old lady was going to expel her family from the family!

Yang Zihuan's heart trembled, and his grievances reached the extreme, and tears flowed down his eyes. She yelled angrily: "When the company was suppressed and was on the verge of bankruptcy, you begged me to sell my body for 30 million yuan to renew my life. At that time, I thought that I was a member of the Yang family, and I was thinking about what I was doing. A sense of family mission, I don't hesitate to divorce my husband and sacrifice myself..."

Later, when you wanted to take back the company's equity, you asked me to ask the chairman of Sihai Group, but for the sad sense of family mission, I did not hesitate to sadden the chairman who helped me many times, begging him to make Yang's shares cheap. Sell it to you...

I have done so many things for the family. Every time there is a crisis in the family, I personally come out to solve it. What have you done?

Have you seen me as a human being?

And grandma, since my dad died in a car accident, you have been partial to the uncle's family. Isn't it the blood of you and grandpa that we shed?

Did you pick it up and bring my dad?

These two million are obviously Yang Jian and the others slandering me. You actually believed it and expelled our family from the family. How ruthless you are! "

Yang Zihuan said that everyone in the Yang family was silent, but no one spoke.

Yang Zihuan burst into tears, then turned and left the company.

Chilling!

At this moment, Yang Zihuan only felt extremely chilling!

It is ironic to make so many sacrifices in exchange for this ending in the end!

"Zi Huan." Gao Qing chased up, trying to follow Yang Zihuan, but was stopped by security.

"Aunt Gao, what are you in a hurry? Turn the two million stolen money around first before leaving."

Yang Jian sneered.

Gao Qing had to transfer the two million he suddenly received to Yang Jian.

Then chased out the company.

The old lady looked at the disappearance of Yang Zihuan's mother and daughter, then turned to look at Yang Jian, and said in a deep voice, "This is the last time, and there will be another time, I think you, the general manager, do not have to do it!"

Yang Jian was shocked and refused to admit it: "Grandma, what are you talking about?"

The old lady snorted coldly and said, "Do you think my grandma is old and my IQ is not online anymore? In order to drive away Yang Zihuan, your brothers and sisters deliberately transferred two million to Gao Qing's card, and then blamed Yang Zihuan, right? "

Chapter: 509

When she first heard the words of Yang Jian brother and sister, she was dazzled by anger. She didn't notice the trickery of Yang Jian brother and sister for a while, until Yang Zihuan's desperate and helpless questioning was a question from the bottom of her heart. , It made her wake up.

She saw everything Yang Zihuan sacrificed for the family. It was impossible for Yang Zihuan to do such a stupid thing, and Yang Zihuan was more capable than Yang Jian.

But she is the kind of old-fashioned person, knowing that the Yang family will be inherited by the eldest grandson sooner or later.

So even if she knew Yang Jian's ability was not good, she still had to give Yang Jian the position of general manager.

Originally, she thought that Yang Zihuan would help Yang Jian and Yang Jian would not be so bad, so she also gave Yang Zihuan the position of deputy general manager.

Unexpectedly, for the sake of selfish desire, Yang Jian brothers and sisters designed to frame Yang Zihuan.

But she woke up too late, and when she woke up, it was already irretrievable.

"Grandma, don't listen to Yang Zihuan's nonsense, she deliberately slandered me!" Yang Jian said with a little dodge in his eyes.

"Hmph, I warn you, if the company is in your hands and the performance declines, I will give up your general manager position. You can do it yourself." The old lady snorted coldly and turned and left.

Yang Jian's expression was a little uncertain. In the past few months, Yang Zihuan brought the Yang family to the top. Now that Yang Zihuan has been driven away by him, it is completely unknown whether he can cooperate with Yang Zihuan's clients.

If you can't keep those customers, even with the support of the Hu family, he can't surpass Yang Zihuan's performance when he was the general manager.

Thinking about this, Yang Jian looked at Yang Yinzhu and said in a deep voice, "If the Hu family doesn't give us a few bigger projects, after grandma drops my position as general manager, don't even think about sitting in the vice president. The position of the manager!"

"Brother, don't worry, I will blow the pillow breeze to Hu Haiduo tonight, and he will definitely give us more projects." Yang Yinzhu said nonchalantly.

"I hope so." Yang Jian snorted and walked to his office.

...

When Yang Zihuan ran out of the company, he encountered Yang Ling coming to work.

"Sister, who is bullying you?" Yang Ling asked angrily when he saw Yang Zihuan's face full of tears.

Yang Zihuan glanced at Yang Ling and said, "Go back, we have been expelled from the family by grandma!"

"What?" Yang Ling was shocked, looked at Yang Zihuan in disbelief, and asked, "Why?"

"Why?"

Yang Zihuan sneered: "Because we are not her grandson!"

She was full of anger and discontent. She sacrificed so much for the family and done so many things. In the end, she was ruthlessly swept out. In her opinion, only their sister and brother were not grandchildren of the old lady. How could an old lady be so ruthless!

"This this....."

Yang Ling was a little confused. He just happened to see Gao Qing coming out and couldn't help asking:

"Mom, sister said we are not grandma's grandsons, is it true?"

"You heard her nonsense, Yang Jian deliberately framed your sister, saying that your sister embezzled the company's public funds, and your grandma expelled us from the family in furious." Gao Qing said angrily.

"Yang Jian is really hateful. My sister has done so many things for the company, and even helped them buy back the shares. How can they cross the river and demolish the bridge!" Yang Ling said angrily.

"I should have listened to Yu Sheng at the beginning and didn't ask the chairman to sell the shares to them!" Gao Qing said angrily.

"Yeah, I blame sister, if he listened to Yu Sheng, we wouldn't be like this." Yang Ling said unwillingly.

“Blam me? Didn’t I just agree to save you? Besides, I just hesitated at the beginning. Both you and mom were blaming me, saying that I didn’t care about your life or death, but now I’m blaming me for agreeing to their request. Are you still not human?” Yang Zihuan looked at Yang Ling angrily.

Yang Ling shuddered and shrank, some of them did not dare to look at Yang Zihuan. He was just a momentary mouthful and said nonsense. Yang Zihuan was so angry that he didn’t expect it to provoke him.

Gao Qing slapped Yang Ling on the head, and said angrily: “What nonsense are you talking about? Don’t you dare to apologize to your sister?”

Yang Ling’s neck shrank, but she said apologetically, “Sister, I’m sorry, I just didn’t stop talking, so don’t be familiar with me. You know it, of course I didn’t mean that.”

Yang Zihuan snorted coldly, and stopped paying attention to Yang Ling.

Gao Qing said: “Zi Huan, you can only ask for help for the rest of your life, Zi Huan, or our family will really become a vagrant.”

Chapter: 510

“What’s the use of begging him, he is just a driver, what kind of work can he arrange for us?” Yang Ling said disdainfully.

He has always looked down on Yu Sheng, especially after he became a purchasing manager in Yang, he didn’t take Yu Sheng as a driver seriously.

“You know what a shit, although Yu Sheng is just a driver, he has a good relationship with the chairman, and the chairman trusts him very much. As long as he is willing to ask the chairman, the chairman will definitely help you. It’s better to arrange a job than if you were unemployed.” Gao Qing said.

“Go and beg him, I don’t want to beg him.” Yang Zi said happily.

She took the initiative to find Yu Sheng to get back together last night. She didn’t think that Yu Sheng was still angry with her. She was a woman, and she took the initiative to look for him, but she was rejected. This made her even more angry, and of course she wouldn’t seek the rest of her life.

“Zi Huan...” Gao Qing frowned.

Yang Zihuan interrupted: “I want to try a new career. I’m not going to work in the past few months.”

“What new job?” Gao Qing asked with a frown.

“You’ll know then.” As she said, she opened the door and got into the car.

Gao Qing followed in the car.

Yang Ling bought a Volkswagen by himself, and there is no rs7 who rides Yang Zihuan.

...

In the office, Yu Sheng, after reading the approval file, leaned on the chair and smoked.

During this time, all projects are progressing smoothly and everything is under control, which makes him very satisfied.

“Yu Dong.”

At this moment, Xiao Zixin’s knock came from outside the door.

“Come in.” Yu Sheng replied.

Xiao Zixin opened the door and walked in with her mobile phone.

Xiao Zixin’s mobile phone is the 19,998 yuan rich phone that Yu Sheng gave her before.

“Yu Dong, I just saw an incredible thing.” Xiao Zixin said.

“Oh?”

After the rest of his life came to be interested, he sat up straight and asked: “What’s the matter, let’s

listen to it?"

Xiao Zixin said: "I just found out that Yang Zihuan was doing live broadcast on the volcano live broadcast platform of our company."

"Yang Zihuan is doing live broadcast, does she talk about business live?" Yu Sheng smiled sarcastically.

A few days ago, Yang Zihuan refused to listen to his persuasion and asked him to sell Yang's shares to Yang Zi.

As a result, as soon as the Yang family gained control of the company's shares, they immediately took back Yang Zihuan's shares and gave her the position of general manager. She was given the position of deputy general manager, but in reality it was just a project director. .

Seeing Yang Zihuan and the others complaining when they came home, he didn't know why, but he felt a little faintly comfortable in his heart.

The main reason was that when he reminded Yang Zihuan and the others, he actually said that he wanted to provoke discord, and almost vomited blood from him at that time.

"No, she will sing live." Xiao Zixin said with a weird expression.

"Live singing?" Yu Sheng was a little speechless, Yang Zihuan, is she boring? The dignified Yang project manager went to live singing and felt so happy?

"Yes, take a look." Xiao Zixin handed the phone to Yu Sheng.

After receiving the phone for the rest of his life, I saw a woman live on the screen of the phone, with a perfect face and indescribable charm. This kind of beauty, any man who sees it, will be crazy about it.

He took a closer look and found that it was Yang Zihuan, who was dressed in a thick and lightly beautiful face.

In the live broadcast room, only dozens of people watched it, but the atmosphere in the live broadcast room was very good.

"The goddess is so beautiful."

"Singing brother is so good, it's better than many singers' drinks."

"Goddess, do you still need an assistant?"

Yu Sheng frowned. At this time, shouldn't she be talking about business or handling projects?

Why... the live broadcast suddenly started?

Isn't this woman crazy?
