

Dont mess 511

Chapter: 511

For the rest of his life, Yang Zihuan felt that this was the pain of idleness, and he was not in a good class. What kind of live broadcast?

When he saw that it was muted, he turned on the voice, and suddenly Yang Zihuan's sweet voice came from the phone.

At this time Yang Zihuan was singing a lyrical song, let alone, the singing was really sweet.

Yu Sheng listened carefully to the meeting and found that Yang Zihuan had a very good talent for drinking songs. After a song was sung, there was no out of tune, and his emotions were very accurate. It's a pity that this woman didn't become a singer before.

Yu Sheng sighed in his heart, and suddenly looked aside Xiao Zixin: "Help me check her situation, why did the live broadcast suddenly start."

"Okay, I'll check it out now." Xiao Zixin took the phone and spoke respectfully.

Xiao Zixin went out, and so did the rest of her life.

There was nothing wrong here, and there was nothing wrong with him in the Science Park for the time being, so he went to the Sakura Club.

"Master, look at my trick. I only learned it with Grandpa Zhong yesterday."

As soon as I arrived at the backyard of the Sakura Club, I saw Yu Zhong teaching Zhu Xiaoshu to practice martial arts, with Du Fei, Chen Bin and Xu Jing next to him.

These people all learned martial arts from Yu Zhong.

Their foundation is not bad, especially Xu Jing, talent is higher than Du Fei, and the future achievements in martial arts should be higher than Du Fei.

The three also greeted Yu Sheng, and then practiced their own.

"Oh, what moves, call me to see." Yu Sheng smiled.

With a confident smile on Zhu Xiaoshuqiao's face, she gave a soft drink before attacking Yu Sheng.

I saw her palms were like butterflies piercing through flowers, and the shadows of her palms flickered.

Before the palms arrived, a strong palm wind came on her face, which was very powerful.

Even if Yu Sheng was a martial arts master, he felt that the strength of this palm wind far exceeded the strength of Zhu Bushu's actual internal strength.

Yu Sheng slightly gave in, and avoided Zhu Xiaoshu's palm. Zhu Xiaoshu rushed all the way, with a vigorous momentum and fierce moves. If her level was similar to her, she might not be able to withstand her fierce offensive.

There was a touch of joy in Yu Sheng's eyes. It seemed that Zhu Xiaoshu had already learned about his shadow palm. In a short period of time, he could use the shadow palm's power to half the level. This is something that only Wu Daotian can do.

"Yes, yes, I know that your talent in martial arts is far stronger than your medical skills." Yu Sheng praised.

After receiving praise from the rest of my life, I wish Xiaoshu very happy, closing his hands and smiling:

"But I also want to learn medical skills with Master, no, I want to learn alchemy."

The pill that Yu Sheng refines is so amazing, it is not an exaggeration to say that it is an elixir of magical medicine.

Zhu Xiaoshu is the kind of young girl who is curious about new things and is full of curiosity and hope for alchemy.

Yu Sheng nodded and said, "Okay, when you learn the pharmacological properties, I will officially teach you how to make alchemy."

"Really, that's great, Master, you are not allowed to play tricks then." Zhu Xiaoshu said excitedly.

"Do you think Master looks like a shameless person?" Yu Sheng smiled.

"It's not like it, but Master is an upright man. He is the real man in my mind. Of course he won't be shameless." Zhu Xiaoshu said with a flat face of admiration.

"People are big and small." Yu Sheng stretched out his hand and touched Zhu Xiaoshu's head with a smile.

"Master, they are no longer young, they are already eighteen years old." Zhu Xiaoshu said a little unconvinced.

Just as Yu Sheng was about to say something, his cell phone rang.

He took it out to see that it was Xiao Zixin's fight.

"Yu Dong, I found it." As soon as the phone was connected, Xiao Zixin's voice came.

Chapter: 512

After answering Xiao Zixin's call, Yu Sheng realized that Yang Zihuan had been driven out of Yang's house.

Although he knew that the old lady would definitely cross the river and demolish the bridge, he just didn't expect that Yang Zihuan had done a great job for them, and he would be kicked out so soon.

If Yang Zihuan was bullied by the Yang family in the past, he would definitely find the Yang family trouble to vent his anger to Yang Zihuan in the first place.

But now, there is no fluctuation in his heart.

Because he helped Yang Zihuan so much, Yang Zihuan was still so stupid, and he had also reminded Yang Zihuan, but he was said to be soliciting discord.

He has only one word in his heart now, that is—

Deserve it!

Although he didn't want to deal with the little troubles of the Yang family anymore, he still couldn't help but want to enter the live broadcast room.

"You continue to practice martial arts." Yu Sheng said to Zhu Xiaoshu, and walked to the corner bamboo chair.

He leaned on the bamboo chair and took out a cigarette before opening the volcano live broadcast platform.

But Yang Zihuan is a new anchor who just joined, and he didn't have any popularity, so he searched for a long time, almost to the end, only to find Yang Zihuan's live broadcast room.

Everyone glanced at him and did their own thing.

In the live broadcast room, Yang Zihuan sang so desperately and interacted with dozens of poor audiences, but even at this point, someone even offered her a gift of thousands of dollars.

Yang Zihuan is both excited and excited, constantly thanking those who rewarded him.

Soon, a spectator named Qiancheng Yi gave a yacht worth five hundred yuan.

Yang Zihuan was very happy, and the song he was singing stopped, and thanked him excitedly: "Thank you, Qiancheng, and thank Qiancheng for the yacht."

This is the largest single gift given today.

After just over two hours of live broadcasting, she received a gift of 1,500. This is very exciting for Yang Zihuan, who has just switched careers, and it gives her hope.

Yang Zihuan's gratitude made "the first brother of Qiancheng" very useful, I saw him send a bulletin: "Goddess, don't sing, let me have a hot dance for brother, and brother will give you rockets."

Dance?

Yang Zihuan was taken aback, shook his head, and apologized: "I'm sorry, I, I don't know how to dance."

Yang Zihuan is not stupid. She knows that the hot dance that fans speak of is certainly not the kind of normal dance. They want to see the kind of hot dance that is particularly sexy and revealing.

Brother Qiancheng is not happy anymore, and is about to send a barrage: Goddess, you still don't understand the rules of the live broadcast world. Now in your live broadcast room, my rewards are the highest, so if you don't violate the law. Next, you have to do what I ask you to do. This is a market rule, understand?

If you still want to mix in the live broadcast industry, you must abide by the rules of the industry.

How about I'm crazy, I'll give you a gift of brushing thread?

At this time, other fans in the live broadcast room also followed suit.

Yes, goddess. Brother I was right. This is the industry rule. Now that Brother I is your first fan in the live broadcast room, you have to agree to Brother I's request that is not excessive.

It's a very unreasonable requirement to dance a hot dance in a live broadcast room, and it's not even required.

Some people also said: Do you think people's money was picked up for nothing? The songs you sing are not better than those sung by singers. If people really want to listen to songs, open the music box, listen to whatever they want, and listen to which singer they want to listen to. It's much better than what you sing.

Others said: Do you think you are so pure, hurry up and jump, Qiancheng No. 1 is the big size of the volcano platform, and the gifts that people brush every year are two or three hundred thousand. If you really provoke him, As long as Brother One reports you, the platform will definitely stand on Brother One's side and block you from the entire network.

For small anchors like you who are just getting started, if one platform is blocked, no other platform will want you.

Jump!

Jump!

Yang Zihuan gritted her teeth. The short skirt she was wearing today was broadcast live at home, so she still didn't wear safety pants. If she got up and danced, she would definitely be exposed.

But if he didn't jump, would he really be blocked by the report, and then why would he still be in this business?

Now that I have no job, if I am blocked by this seemingly good industry, what else can I do in the future?

Hesitating in his heart, Yang Zihuan slowly stood up without knowing it.

When everyone saw Yang Zihuan's long and straight legs under her short skirt, they were immediately excited.

This pair of thighs is so charming, they are indeed of the goddess level!

It's not too happy to be able to appreciate the dance of the goddess...

Chapter: 513

what to do?

Yang Zihuan bit her lip tightly, standing there causing him to be at a loss.

At this time, she finally understood that there is no free lunch in the world for the bitterness of doing

this business. No matter which business you do, there is no way to gain. ,
Even the people who win the lottery ticket don't know how much energy they spent studying the trend chart. They didn't win the lottery for countless times to get a trace of luck.
If you really want to eat in this industry in the future, it will be inevitable to be taken advantage of by others.

However, just when Yang Zihuan wanted to succumb to reality.

Suddenly, all the shocking scenes appeared!

I saw on the screen, a person frantically swiping gifts, full of a thousand super fire, directly bake the live broadcast room!

One thousand super fire, a full two million!

This is two million yuan!

Wow!

The whole live broadcast room boiled instantly, and because of these thousand super fires, the record of one-time gifts on the volcano live broadcast platform was reorganized. The real platform is flashing the special effects brought by a thousand super fires on the full screen, and countless viewers are a little bit. The special effects entered Yang Zihuan's live broadcast room. In just a few seconds, the popularity of Yang Zihuan's live broadcast room soared to more than 500,000.

Many viewers saw that Yang Zihuan was not only a new anchor, but also as beautiful as an immortal, with an exploding figure. Without Yang Zihuan speaking, he directly clicked on his attention.

Two minutes later, the popularity of the live broadcast room exceeded one million, and it has entered the popularity level of the first-class anchors on the platform. The number of followers has risen from a dozen at the beginning to more than 400,000, which is simply terrifying.

At this time, Yang Zihuan was shocked in addition to shock!

She stared blankly at the number one name on the fan list on the public screen, and her heart trembled!

△ (ji) wood!

Who is he? If he gave himself a gift of two million in one go, would he make unreasonable demands of himself like that 'the first brother of Qiancheng'!

At this moment, Yang Zihuan's mood was both excited and worried.

Excited that on the first day of the live broadcast, a local tyrant gave him a gift of 2 million yuan.

And it also brought huge popularity to myself.

The worry is that this local tyrant will embarrass himself because of the meeting?

At this moment, I saw that the boss of Mu Mu finally launched a barrage:

"It's better to be a low-key person. A gift of a few hundred dollars will dare to come to the live broadcast platform to pretend that you have not been beaten up by the society."

Seeing the barrage of Mu Mu, the face of the first brother Qiancheng was gloomy, but he didn't even dare to put a fart.

It was the first time he saw him with a gift of two million, except for the real super local tyrants, who would dare to play like this.

That money is really a waste of money when it goes out!

"Boss domineering!"

"Boss is too awesome!"

When everyone saw this, they all swept up their screens. Those who had been coaxing Yang Zihuan to dance before were all silent.

At this moment, the boss of Mu Mu issued another barrage:

“Anchor, you don’t have to do anything. If you are happy, you can sing. If you are not happy, you can download it at any time. On this platform, no one dares to threaten you.”

Seeing this barrage, Yang Zihuan felt warm, and he was very moved, and he wanted to thank him.

But she found out that she didn’t even recognize the word ‘△’, and she was a little embarrassed.

“Um, I’m really sorry, how do you pronounce a horizontal line under the herringbone?” Yang Zihuan said embarrassingly.

Suddenly, the screens were swiped in the barrage, and then Yang Zihuan knew this to read ‘ji’.

“Mr. Donmu, thank you so much...” Yang Zihuan was just halfway through his words, and found that the id of the man had already left the live broadcast room, and he felt a little disappointed.

She also wants to talk more with the boss to get closer, and then the boss will give her a gift next time.

I don’t think that other bigwigs are not willing to stay and listen to her thanks.

This ‘Mu Mu’, of course, is for the rest of his life. He saw someone bullying Yang Zihuan, so he registered an account casually. The name was taken apart from the remaining characters.

Although he didn’t want to deal with Yang Zihuan and the Yang family’s mess, but Yang Zihuan was not decadent because of being driven out of the house by the Yang family, which made him a little admired.

Therefore, I am prepared to support Yang Zihuan from behind in this way of rewarding, and I hope she can gain a foothold in this industry.

Chapter: 514

The Cosmic Girl has been recorded, and it hasn’t been broadcast yet. Just revealing some tidbits has already detonated the long-awaited fan base.

When the show resumed recording, I heard that Sihai Group had hired a newcomer to replace Zuo Mingyue. Almost all of them were singing bad news. They felt that the Cosmic Girls program that had been publicized for so long and spent so much money to drain the show must be abandoned. Many people. All negative comments are discussed online.

Coupled with the high-profile presence of New Goose Media and the show like Cosmic Girls, many fans who originally supported Cosmic Girls were shaken.

But after the show was recorded, only a few tidbits were revealed, and the network was immediately exploded.

After everyone saw the protagonist Liu Qianshuang, they were all amazed by her stunning appearance, and then Liu Qianshuang’s perfect figure, sweet voice, and solid singing skills deeply fascinated fans.

The tidbits are so amazing, the drama is definitely more attractive.

Then almost everyone is looking forward to the day when the drama is broadcast.

As the heroine, Liu Qianshuang has opened her own live broadcast room on the volcano live broadcast platform, where she sings and interacts with fans every day.

Although the Cosmic Girls program has not yet started, although Liu Qianshuang is also a new anchor, in just one month, she has become the most influential super anchor on the volcano live broadcast platform.

Her live broadcast room has attracted up to tens of millions of attention, and the peak popularity of the live broadcast every day is more than tens of millions. In bad times, there are four to five million views.

Quite hot.

“Ah, what happened, a thousand super hot, who is this local tyrant?”

Just after singing a song, Liu Qianshuang’s eyes were a little straighter, seeing the platform’s super fire special effects constantly playing on the top of the screen in the live room.

She has been here for more than a month, and she can be regarded as the bully of the platform, but the highest single gift she has received is only more than 100,000. This flashing x1000 super fire special effect is simply spectacular. !

Hearing what she said, someone immediately sent a barrage saying: I just went to see it, and it was a super big guy named Don Mu who cheered up a new little anchor.

“This big guy is awesome!” Seeing the barrage, Liu Qianshuang couldn’t help being violent.

I gave a new anchor a gift of 2 million yuan in one breath. If it weren’t for a real local tyrant, I would really dare to play like this!

Liu Qianshuang looked at the barrage for a while, and immediately understood.

It turned out that a new little anchor was bullied by a few hundred dollars, and then the big man called Tong Mu came forward to help the little anchor slap her face.

Seeing the fans on the barrage were blowing the imaginary big guy named Don Mu, she could feel the admiration of the people for Don Mu from the lines of their words.

Gradually, she also envied the little anchor in her heart.

If the big guy named Don Mu also came to live broadcast by himself, not to mention the gift, as long as he came around, it is estimated that he will bring himself a lot of traffic.

But she just thinks about it, and she won’t live it live in the future.

The company opened this live broadcast room for her. First, she has been live broadcast before and has a lot of fans. She herself wants to share her singing with fans.

Second, this is also the requirement of the company, asking her to promote Cosmic Girls in advance, and at the same time, let her earn some pocket money.

Moreover, in order to support Hongliu Qianshuang, the volcano platform does not charge any fees in her live broadcast room. For all the gifts given to her by fans, the platform only deducts the tax deducted, and all others are credited to her account.

Although she also has hundreds of thousands of gift income this month, she also believes that after the show is broadcast, she will definitely become popular on the Internet and become a real star.

At that time, there was no shortage of money.

Thinking of this in her heart, Liu Qianshuang’s mentality suddenly calmed down, and after interacting with the audience, she began to sing again.

However, when she was halfway through singing, a familiar id suddenly appeared from the corner of her eyes and entered the live broadcast room, and her face suddenly showed a touch of excitement, so that she even forgot the words of the next two lyrics.

Chapter: 515

It was the id Yu Sheng used by Yu Sheng to come in. Seeing Liu Qianshuang’s expression of excitement and singing the wrong lyrics, Yu Sheng suddenly felt confused.

Liu Qianshuang’s strength shouldn’t be.

Fans also saw Yu Sheng’s id ‘ 木木 ’ entered the live broadcast room, and the barrage exploded in an instant.

First of all, a few management staff hurriedly greeted Yu Sheng: Welcome Mr. Mu to visit our live studio of Xiaoshuangshuang, welcome!

“Boss Komu, you are really too proud, I was just a little dizzy when I was bombarded by your 1,000 super hot guys.”

“Boss, are you still short of pendants.”

“Boss, I want to be a hair on your leg.”

“Boss, do you still lack a warm bed? They are eighteen years old, and they are light and easy to knock down.”

“Boss...”

Looking at these chaotic barrage, Yu Sheng smiled, and immediately found the feeling of boring watching the live broadcast before.

Then he also posted a barrage: “Thank you for your enthusiasm and welcome. By the way, the anchor continues to sing, I’m here to listen to you sing.”

I don’t know if Liu Qianshuang saw it, but the fans saw it, and the barrage exploded again.

“Yeah! Boss Bo Mu is so close to the people!”

“Love, love!”

“Big brother, it’s all here, let our family Shuangshuang also experience the infinite super fire special effects.”

Suddenly some fans began to flicker for the rest of their lives, asking him to give Liu Qianshuang a super fire.

Liu Qianshuang saw such a barrage and said hurriedly: “Don’t coax everyone. We are very grateful that Mr. Mu can come to the live broadcast room. Please give me a face and stop talking about gifts. thank you all.”

“I’m really sorry just now. I was a little excited when I saw the big guy coming in. I forgot the word for a while. I will play it for an additional hour today.”

Liu Qianshuang said, turned on the music and began to drink songs.

When everyone saw that Yu Sheng didn’t mean to buy some gifts, the little expectation in their hearts disappeared.

Watching the live broadcast to brush gifts is a voluntary matter, and the big brothers don’t want to brush them, and they can’t be kidnapped morally.

However, the fans are still very happy to be able to come to the live broadcast room of his idol.

Then, many fans listened to the song while staring at Yu Sheng’s id, afraid that the big guy would quit after a while, just like in another live broadcast room.

For the rest of his life at this time, lying on the bamboo chair, listening to Liu Qianshuang’s beautiful and sweet singing, nodded frequently.

I have to say that Liu Qianshuang’s singing skills are indeed much better than Yang Zihuan’s, and his emotions are also very inverted. He can foresee that Liu Qianshuang has the potential to become a super singer.

He also decided in his heart to train Liu Qianshuang into a superstar in the future.

With the current strength of the Sihai Group, it is entirely possible to cultivate a superstar.

Once the song was over, Liu Qianshuang interacted with everyone again.

Yu Sheng thought about the fact that the fans had asked him to brush Liu Qianshuang’s super fire before, and a smile appeared on the corner of his mouth, so he recharged another two million on the platform, purchased a thousand super fires, and gave Liu Qian a one-time brush. Frost.

Liu Qianshuang was interacting with the fans, and at the same time secretly watching Yu Sheng’s id, and found that Yu Sheng’s id was still in the live broadcast room. I don’t know why, she actually had some small expectations in her heart.

But at this moment, the full screen of super fire special effects suddenly swiped on her live broadcast.

Two-thirds of the entire live broadcast was covered by super fire special effects, and Liu Qianshuang was

stunned.

Especially when she looked at the words “x1000”, she was so red that she almost jumped out.

Another thousand super fire!

Two million yuan!

It’s the boss of Yamu!

And dozens of millions of real fans in her live broadcast room are completely exploded!

Chapter: 516

“Big guy is awesome!”

“Boss is mighty!”

“Boss, do you still lack the thigh pendant? The calf pendant will work too!”

“Boss, I’m handing you tea!”

“Boss, I love you so much, this super fire special effect will definitely fill people’s heart tonight!”

“As far as pretending to be coercion, I am not convinced by anyone. Uncle perseveres you, I am ashamed of my boss!”

Fans here all know that Wu Mu just brushed a thousand super fires from another small anchor ten minutes ago. At this time, they saw him brush a thousand super fires for his idols, all of them were shocked!

In ten minutes, I bought a gift of 4 million RMB. This is a real luxury!

It is simply inhumanity!

Four million!

Many of them may not make so much money in their lifetime.

However, the boss of Mu Mu made them never earn money in their entire lives, and used it to reward the anchor for eliminating potential.

capricious!

This is really self-willed!

Liu Qianshuang came back to his senses, and smirked at the screen for a while before he said: “Not only did I forget the lyrics, but at this time I was very excited and didn’t know how to thank Brother Tong Mu. Brother Amu, you are really sudden. Shuangshuang is not prepared at all. Shuangshuang can only thank you for your kindness. Thank you Brother Amu for a thousand super fires. Thank you Brother Amu for his generosity, thanks!”

Yu Sheng smiled upon hearing this, edited a bullet screen and sent it out: Don’t be polite with me, sing your song well, you will definitely become a top singer, come on!

Liu Qianshuang saw Yu Shengfa’s barrage, feeling warm in his heart, and hurriedly said, “Thank you Brother Tong Mu, I will definitely work hard...”

She wanted to say a few more words, when she suddenly found out that Brother Tong had left her room, she was inexplicably disappointed.

Originally, when Qian Mu gave her so many gifts, she thought that Qian Mu would make any excessive demands, but she didn’t expect that Qian Mu had just given her encouragement and then withdrew.

This relieved her previously hanging heart, and at the same time she was a little bit disappointed.

This Su Mu is really a good person, I really want to see how he is.

A generous man like Brother Mi Mu should be a handsome guy, right?

Although she felt that the other party was a bad old man, or a middle-aged man in her 30s and 40s, she was more willing to believe that the other party was a handsome guy.

I don't know why, she hopes that the other party is a super handsome guy!
However, when Yu Sheng gave Liu Qianshuang the message of two million gifts, Yang Zihuan knew it the first time.

She was shocked at first, shocked by the wealth and boldness of the other party, and then felt a little uncomfortable in her heart.

The gift that Mimu gave her first, and it was the gift she was given to her when she was bullied, so she subconsciously regarded the id of Mimu as her own unique super fan.

And Wu Mu had just given her a gift, and in a blink of an eye she went to another live broadcast room to give other beauties the same gift, which immediately made her feel a little unbalanced.

She didn't know why she had such thoughts, and she also knew that her thoughts were wrong.

But the devil in her heart just made her feel a little uncomfortable inexplicably.

Next time he comes, he must go to his WeChat or phone number, this is a gold master!

Of course, Yu Sheng didn't know the thoughts of Yang Zihuan and Liu Qianshuang. After he quit Liu Qianshuang's live broadcast room, he directly withdrew from the live broadcast platform.

Just then, his phone rang, and it was Magnolia.

After the rest of her life was connected, she heard Magnolia ask: "Master Yu, where are you?"

"Sakura meeting." Yu Sheng replied.

"Then I'm going to look for you now?" Magnolia said.

"Okay, you live, I'm in the backyard." Yu Sheng said and hung up the phone.

What is Magnolia looking for?

Yu Sheng shook his head, and stopped thinking about it. Anyway, I would know when Magnolia came.

Chapter: 517

Twenty minutes later, Magnolia came to the Sakura Club.

Seeing the white magnolia, Yu Sheng couldn't help but shine.

Today's white Magnolia wears a white long skirt, trimmed very close to the body, showing her thin willow-like waist perfectly. Under the skirt with short front and long back, there is a pair of white and flawless long skirts. The legs are like beautiful jade.

Coupled with her glamorous and noble face, as well as the high-ranking temperament she has cultivated for a long time, the whole person is as beautiful as a night elf.

Her dress was so stunning, Yu Sheng couldn't help but looked more.

"Master Yu."

Magnolia owed her body, and when she came, she painted a special makeup and dressed up, she didn't expect it to really attract the attention of the rest of her life.

Seeing the meaning of appreciation in Yu Sheng's eyes, there was a sweet taste in Bai Magnolia's heart.

"What are you looking for me for?" Yu Sheng asked lightly.

"Oh, Master Yu, what you said is a bit sad, can't I come to you if I don't have anything?" Magnolia pretended to be angry and said.

Yu Sheng smiled, of course knowing that Magnolia was joking, and said, "Should I guess?"

Magnolia's eyes lit up, and she smiled and said, "Okay, then you can guess, Master Yu, what shall I do with you today? There will be prizes for correct guesses."

Yu Sheng smiled faintly, and said, "What about the Science and Technology Park?"

Magnolia smiled and shook her head.

Yu Sheng touched his nose, and said, "Did you get me a famous medicine?"

Magnolia still shook her head.

For the rest of his life, he touched his chin and started thinking.

According to his understanding, Magnolia usually approached her, whether it was about the science and technology park, or about practicing alchemy, or about feng shui...

Wait, is she looking for me to help her see Feng Shui?

"I see." Yu Sheng smiled.

"Oh, really? Then, Master Yu, tell me, why am I looking for you?" Magnolia laughed.

"Look at Feng Shui, right?" Yu Sheng smiled.

Magnolia's eyes lit up and she smiled: "Master Yu really is a fortune teller. You can guess that. Yes, I invested in a high-end club in Qiancheng. It opened two days ago and the business was not very good. So I would like to ask Master Yu to help me see the layout of Feng Shui."

Yu Sheng nodded and said, "Okay, when will we leave?"

For him, this is a trivial matter, and it won't take much time.

Magnolia said: "If you have time now, then now?"

"Yes." Yu Sheng nodded and stood up and said.

At this moment, when Magnolia thought of something, she took out a VIP card made of pure platinum and offered it respectfully with both hands.

"Master Yu, this is the supreme VIP card for my Ginza Club. I only made one card. Only you own it. It's a little bit of my care. You can stay in the Ginza Club at any time. You can use this card for free for life. And enjoy the most distinguished service."

The newly opened Ginza clubhouse was opened by the Bai family again, and it has been a hot topic in the upper-class society of Qiancheng for the past two days.

Because it is a club invested by the Bai family, the overall investment is extremely high, and the materials used are all imported from abroad, which can be regarded as the top high-level business club in Qiancheng.

With the Bai family behind, in fact, many people want to show some face, and the business is not as bad as Bai Magnolia said.

On the contrary, the business in the past two days has been very good. Many people have spent a lot of money to apply for VIP cards. One is to give Baiyu face, and the other is to get to know more high-class leaders in this kind of place. .

The more such big people get together, Zhao is the best choice for business talks, cooperation, and expansion of contacts.

So here is still sought after by countless people, everyone wants to be a member of Ginza.

And the Ginza Club is not like the Sakura Club.

The Sakura Club is Du Fei's home, with the nature of underground forces from the beginning, it can hardly be regarded as an ordinary clubhouse.

Really rich people, of course, would not come to such a place.

In order to ensure the commercial end of the club, Ginza members have very strict threshold restrictions.

The members of Ginza are divided into four levels: ordinary member, senior member, vip member, and senior vip member.

Chapter: 518

As for the supreme VIP card that Magnolia gave to Yu Sheng, it is unique. She applied for such a card. When it was done, it was already prepared for Yu Sheng.

In this base, just the lowest ordinary member, the membership fee is 500,000 yuan, the premium member is 1 million, and the VIP member is 5 million.

To become a senior VIP member, you must also be a family patriarch with family assets at the level of one billion to be eligible.

So to the outside world, senior VIP members are top members.

Yu Sheng is not interested in this kind of thing, but it is not easy to refute Magnolia's face. After all, this is the heart of others. It is a super supreme VIP member specially made for himself. If he refuses it, it seems a little unreasonable. .

For the rest of his life, he received the supreme membership card, smiled and thanked him, put the card away, and walked outside.

Magnolia hurried to keep up. She drove over for the rest of her life and got directly into Magnolia's car.

Today, Magnolia drove a Rolls-Royce, very domineering.

Twenty minutes later, I arrived at the Ginza Club.

The Ginza Club is located in Jinyang New District, the future commercial development area of Qiancheng.

In fact, the construction of Ginza began a few years ago, but something happened to the boss, and the pavilion was set aside, and the latter was even sold to the Bai family.

This clubhouse is designed by the top domestic architects, and the decoration style is also in the trendy fashion style, which is extremely luxurious.

As soon as the car stopped, a waiter immediately opened the door, and Yu Sheng and Magnolia walked off.

After getting off the bus, Yu Sheng probably looked at the door of the entire clubhouse.

The exterior of the Ginza Clubhouse looks rich and magnificent, and the luxurious atmosphere reveals a touch of nobility. The two white marbles are carved with dragon patterns on the stone pillars, which are lifelike and daunting.

From the moment you stepped into the clubhouse, the ground was covered with a layer of handmade Arabian half-hair carpet.

For this kind of wool carpet, one square meter is only more than 10,000 square meters. For the entire hall for a thousand square meters of space, the money spent on the carpet will be tens of millions.

White Magnolia respectfully followed Yu Sheng, pointed to the walls around the hall that was tens of meters high, and said to Yu Sheng: "These murals are world-class cultural treasures, and each wall pair is worth about tens of millions."

Yu Sheng nodded and said, "There is a country in the Middle East called Abu Dhabi. The grand mosque there is like this as a whole, but what you deal with here is just right, without such a strong religious color."

"Yes."

Magnolia nodded, and said carefully: "After all, most of our country is atheist and does not promote too much feudal superstition, so we have thought of this from the very beginning when we designed this club. Avoid religious and cultural colors."

After finishing speaking, she pointed to a ten-meter-high, very huge ceiling crystal lamp at the top of the hall, and said: "This crystal chandelier is made of natural crystal and weighs 8 tons. It was a huge expense for my grandfather. The manpower and financial resources were only obtained, and in order to

transport it from England, it was specially shipped to Austria, and it was assembled as far as Qiancheng.” Yu Sheng looked up and saw that the crystal lamp was huge in size and very bright. It completely illuminated the entire wall of the lamp that was illuminated by Nuo Da in the hall. The light was dazzling, and it was very spectacular.

Yu Sheng said: “Feng Shui said that wind is a place for business. For any serious business, the light should not be too dark. The darker the light, the more it affects Feng Shui. Therefore, you must not spend less on the lamp. You are doing a good job.”

Magnolia nodded and said, “Master Yu reminded that Magnolia was taught.”

Walking into the hall, Bai Yulan smiled to Yu Sheng: “Master Yu, the top floor here is not open to the public. Except for the Bai family, only you, the only supreme voip, can go up. Why don’t we go and take a look first.”

Yu Sheng nodded and said, “Okay.”

Chapter: 519

There are 15 floors in the Ginza Clubhouse.

Except for the first floor lobby, the remaining fourteen floors are used as entertainment venues.

Among them, more than ten floors are boxes of different sizes and styles. Even the boxes of ordinary members are extremely luxurious, not to mention the boxes of VIP members. It is simply an emperor’s enjoyment.

As for the tenth floor above are swimming rooms, sky gardens and so on.

Among them, the top fifteen floors are the most high-end.

When I arrived on the 15th floor, Yu Sheng just got out of the elevator, and I saw the extreme luxury around me.

It is completely palace-like magnificent, everything is extremely luxurious, extremely elegant, basically can’t fault it.

Magnolia walked beside Yu Sheng, and said, “Master Yu, this floor is the most luxurious building in Ginza. It is also equipped with a semi-outdoor infinity pool, presidential suite, private dining room, and even if you want to listen to music, this is the most luxurious building in Ginza. It is perfectly possible to hold a small concert. If you like a singer, I can invite him to sing for you alone.”

Yu Sheng smiled and said, “No, I haven’t lived that kind of luxurious life yet, besides, I don’t like that kind of life.”

Magnolia said with a smile: “Master Yu, recently there have been two little beauties in Xiangjiang, called Koi Group. They are quite famous, and they are long and sweet. Or I will ask them to give you a personal appointment. The concert.”

Yu Sheng shook his head and said, “Okay, I really don’t like that kind of life. Besides, I am not a person who likes listening to music.”

Magnolia smiled and said, “Master Yu doesn’t like the entertainment industry.”

“Yeah.” Yu Sheng nodded, he really didn’t like the smoky unspoken rules of the entertainment industry. For the entertainment media company under the Cosmopolitan Group, he is not allowed to have unspoken rules.

Magnolia said: “The entertainment industry is indeed messed up. If you like more powerful ones, I can also help you invite some top-notch singers in the future.”

Yu Sheng smiled, and had to say: “Well, if I need this, I will tell you.”

“Um.”

Magnolia nodded and said, "Well, Master Yu, please don't be polite to me. No matter what Master Yu needs, Magnolia will satisfy Master."

She said Qiaoyan and looked at Yu Sheng, her eyes gleaming with expectation.

Her remarks were not only a sincere expression to Yu Sheng, but also a vague expression of love.

It's just that Yu Sheng pretended not to understand, just smiled and said, "I'm probably down. The feng shui treatment here is still quite good. I can see that when designing, I have also considered feng shui issues. However, feng shui matters. If you have to be careful, so I have to look at every floor, otherwise I might not be able to see it."

He said with a smile at Magnolia: "Let's do this, I'll turn around first, you go and work on yours."

Magnolia nodded slightly and said, "Okay, then please trouble Master Yu."

In fact, she wanted to accompany the rest of her life around, but she suddenly felt a little anxious and wanted to go to the bathroom.

For the rest of my life, I looked down from the fifteenth floor, layer by layer, and finally reached the second floor, which I hadn't seen yet.

Looking at it as a whole, Yu Sheng feels that the decoration of each floor of the Ginza Clubhouse is very luxurious, and the designer's intentions can be seen.

However, the feng shui here can only be regarded as quite satisfactory.

Feng Shui here is indeed a bit particular, but in Yu Sheng's view, it does not have a very profound and unique feature.

Ordinary people may think that the feng shui here is very good, but in his opinion, it is like a glass of boiled water.

But since Magnolia has invited him, of course he has to take action to help her raise the layout of Feng Shui here to a higher level.

Combining the feng shui mystery in the Nine Profound Heavenly Scriptures, he soon had a complete set of ideas in his heart.

At this moment, a woman's voice suddenly came from behind him.

"For the rest of my life, why did you trash come here?"

Chapter: 520

Hearing this, Yu Sheng turned around, frowning slightly, and saw Yang Jian and Yang Yinzhu brother and sister walking towards him.

Since Yang Zihuan started the design, Yang Jian wanted to get the project from Hu's family so as to make up for the impact of Yang Zihuan's departure from the company.

For the rest of his life, he is going to invite his brother-in-law Hu Hai to come here to play today, and at the same time ask for projects from his brother-in-law.

After Yang Yinzhu and Hu Hai talked, Hu Hai said that he would let the two of them come first, and he would arrive later.

Now as deputy general manager of the Yang family, Yang Yinzhu is very self-confident, and the pride of the past has also surfaced.

So when I saw Yu Sheng at this time, I immediately wanted to humiliate Yu Sheng.

In the past, she did not humiliate the rest of her life.

Why not let Yu Sheng sit on the table during the annual meeting, or deliberately splash the rest of life with the wine in the glass?

Now that Yang Zihuan's sister and brother have been kicked out of the company and the family, she

feels uncomfortable.

The Ginza Club opened two days ago, and Yang Jian also spent one million to apply for a membership. He plans to come here to play more in the future and meet the real big guys.

In case of a relationship with a big guy, a little help from the big guy would be enough for their Yang family for a while.

Like his sister Yang Yinzhu, he came here, feeling the extravagance here, and in a good mood, but he met Yu Sheng, which made them all feel very disappointed.

What a disappointment!

It was so disappointing that the two wanted to blast out the rest of their lives as soon as possible, lest Hu Hai came for a while, and it would even affect Hu Hai's mood.

Of course, it would be best if the fly swattered to death.

But Yang Jian also knew that if it was a fight, he couldn't do the rest of his life for ten, so he didn't dare to provoke the rest of his life easily.

Thinking of even daring to kill people for the rest of his life, he was indeed a little scared.

But thinking that this is the clubhouse of the Bai family, for the rest of his life, a little son-in-law, who eats soft food, would definitely not dare to stray here, otherwise the Bai family would definitely not let him go.

Thinking of this, Yang Jian felt that he was afraid of the rest of his life.

"Trash, is the Ginza Club a place where you can come?" Yang Yinzhu looked at Yu Sheng with disdain.

Yu Sheng's face became cold, and he jokingly said: "If you can come, why can't I come?"

"Why can't you come?"

Yang Yinzhu grinned and said, "Because you are not worthy!"

When Yu Sheng heard Yang Yinzhu's words, he couldn't help but smile.

He is not angry, like Yang Jian and Yang Yinzhu and others, they are not qualified to make him angry.

It's just two ants. If he wants to kill them, it will take minutes.

He looked at Yang Yinzhu amusedly and asked, "Really, you come and tell me, why am I not worthy for the rest of my life?"

Yang Yinzhu's nostrils were upright, and he disdainfully said, "Do you still need to ask? What kind of compelling you are, do you have a little bit of mind? You are a little son-in-law, the king of soft rice, why do you even come here to make it? There are no doormen qualifications!"

After getting married, Yang Yinzhu also let himself go, and his speech was fluent.

It is no wonder that the Hu family refused to let her work in the Hu family company, because the Hu family felt that she did not look like a woman and lost their face to the Hu family.

Yu Sheng smiled and said, "Why, I can't come to play after eating soft rice? I have money and I can play anywhere."

"cut!"

Yang Yinzhu disdainfully said: "You can't play here if you have money. Besides, are your small money counted as money?"

Yang Jian also smiled confidently: "For the rest of my life, here is a membership system. The worst member requires 500,000 to apply for one. What level of membership are you?"

Before Yu Sheng could answer, Yang Yinzhu mocked and asked, "Are you an ordinary member here?"

Yu Sheng said lightly: "No."

The irony in Yang Yinzhu's eyes grew stronger, and he asked, "Is that a senior member?"

For the rest of his life, he said lightly: "Neither."

Yang Yinzhu snorted and said sarcastically, "You won't tell me, are you a VIP member here?"

Yu Sheng showed a joke on his face, and said lightly: "It's still not."

Yang Yinzhu laughed loudly, disdainfully said: "You stinky silk, you won't tell me, are you a senior VIP member here?"

Yang Jian also smiled: "As far as I know, there are no more than ten senior VIP members here. Are you one of these ten?"

With that, the eyes of the brother and sister were full of irony.
