

Dont mess 791

Chapter: 791

Seeing that the painting was almost done, Hao Hao closed the lid of the watercolor pen and looked at his grandma proudly and said, "Grandma, grandma, do you think my painting looks good?"

The aunt rubbed her grandson's head, then looked at Yu Sheng's pants, and smiled: "It looks good, my good grandson is the best. It looks better than what you usually draw on paper!"

In the process of the two chatting, they didn't even glance at Yu Sheng, as if they didn't think he existed, and felt that all this was justified.

The rest of my life was not angry, but just smiled, then looked at the aunt and said, "Aunty, you see that my pants are really tricky! Watercolor pens, chewing gum, saliva and other messy things can't be washed off even if you wash them. of."

The aunt glanced at Yu Sheng and said coldly: "You can't ask for your pants. Does it have anything to do with me? If you can't ask for it, just throw it away!"

The smile on Yu Sheng's face became stronger, and he reminded: "Mother, you seem to have forgotten it? Your grandson painted all my pants!"

"Who saw it? Who saw the painting by my grandson? Don't make false accusations." The aunt obviously didn't want to admit it, and she was a little unhappy in her heart because of her reluctance for the rest of her life.

"But the two of us are close together, except for your grandson, is it possible that you painted it?" Yu Sheng still had a thunderous smile on his face.

Aunty, she didn't go to see Yu Sheng at all this time, she just hugged her grandson in her arms as if nothing had happened.

"Aunty, this is your fault. I just saw your grandson scribble on this little brother's pants and stick chewing gum." A man not far from their seat was embarrassed.

In the previous flight attendant incident, he also helped to speak and condemned the aunt.

Now someone sees it. It's not easy for the aunt to get through. She looks at Yu Sheng with a bitter expression and asks: "Why don't my grandson get a pair of your pants dirty? How much is a pair of pants worth? You have to go with a child. Careful, petty, you deserve to be poor for a lifetime."

Yu Sheng raised his eyebrows and smiled: "What you said is wrong. It's really just a pair of pants, but it's really worth a little money. It's impossible to forget it. After all, I'm just a pauper, this one. Of course you have to pay for the pants."

As soon as she heard that she was going to lose money, the aunt's face suddenly fell, and her tone of voice became even more rude.

"It's just a pair of torn pants, can't you just go back and wash them? Why didn't you say when my grandson got your pants? Did you deliberately want us to lose money?"

Sure enough, she was still as arrogant and unreasonable as before, and Yu Sheng wanted to teach her a lesson today so that she could change her character in the future.

Yu Sheng said, "Aunty, this is your fault. When your grandson put chewing gum on my pants for the first time, I stopped him. At that time, you said he was just a child and didn't let me be like him. Care about. Now I don't care about him. He soiled my trousers. There is no way to do that. Should you show that you have lost the money for my trousers?"

What Yu Sheng said was reasonable. It was true that she didn't let Yu Sheng talk to herself, so she usually cares about it, but it's hard to say that this person is a fool and listens to what she says, and she

doesn't have a bit of her own opinion.

The aunt's psychology has a big complaint against Yushengbao. When I think about it, it is just a pair of pants. As long as her dear grandson is happy, she is happy to do anything as a grandmother.

Taking out her bag, the aunt muttered, "It's really a poor ghost, you have to count a pair of trousers, you have to care about it, you deserve to be twice as poor."

Speaking, the aunt took out fifty yuan from her bag, threw it on Yu Sheng's body, and randomly dropped to the ground.

The aunt gave you a sharp look, and Yu Sheng said, "It's not worth seeing your torn pants. If you give you 50 yuan, you can be a beggar."

Yu Sheng's face turned gloomy, and he did not pick up the fifty-dollar bill that fell on the ground.

Instead, he reminded: "Mother, you are mistaken. My pants are 168,800. I'm not even a fraction of fifty."

Chapter: 792

"Sixteen eighty-eight thousand and eight?" The aunt looked incredulous, shocked at the price Yu Sheng had said, but then she looked disdainful and contemptuous.

With a cold snorted, "You poor ghost, are you crazy about money? I said that I would pay you a pair of pants, only fifty yuan, it is considered that I gave you more, you actually want me I will pay you 168,800, and your fateful life is not worth the money, right?"

What the aunt said was not polite at all, and she didn't even express the anger in her heart towards life. Even the person who spoke for Yu Sheng at the beginning feels that Yu Sheng is now deliberately raising the price to corrupt this aunt.

The movement here is not small, and it has attracted all the flight attendants on the plane.

It was the beautiful female stewardess who came before, and when she saw what was happening on their side, her pretty brows wrinkled.

After all, that aunt is too unreasonable. The beautiful female stewardess doesn't want to contact that aunt at all, but she can't ignore what happens on the plane.

"Hello, may I ask what happened here? Is there anything I can help?" the beautiful female flight attendant said politely.

Seeing someone coming, the aunt stood up from her seat and said to the stewardess: "You happen to be this man. Didn't my grandson paint a dirty pair of trousers? This pauper asked me to accompany her 160,000. Eight thousand and eight, even if you sell him, it's not worth the money."

The beautiful stewardess, although she didn't have a good impression of her aunt, she still looked at Yu Sheng's pants seriously.

There are traces of saliva on the trousers, and there is an old chewing gum deliberately stuck on, and more are graffiti painted with watercolor brushes.

There is indeed no way to ask for these trousers. If I want to wash them in the future, I won't be able to wash them clean.

But 168,800 pairs of trousers are considered sky-high prices, and ordinary people like them simply can't afford them.

What's more, the clothes for the rest of his life are very ordinary. The tops and shoes seem to be some miscellaneous goods, and they don't look like rich people.

Even if Yu Sheng had spoken to her before, the beautiful stewardess could not force her to pay for the rest of her life.

The good impression just now was all because of Yu Sheng's desire to deceive, and it disappeared. The beautiful stewardess thought that Yu Sheng and his aunt were a kind of sex.

"Sir, you said that your pants are worth 168,800. Do you have any evidence or a small ticket to prove the value of your pants?" Although I thought the rest of my life and that aunt belonged to the same kind of person, he was still polite. Asked.

The aunt on the side also began to boogie: "Yes, someone like you sold your life, it's not worth 168,800, so I am embarrassed to say such a high price. It's really shameless."

The grandson Haohao beside the aunt also made a grimace at Yu Sheng, and even wanted to draw out a watercolor pen to draw a turtle on Yu Sheng's face.

Knowing that no one believed him, the rest of his life was not angry. He still remembered that after reading the ticket, he put the price in his trouser pocket.

If no one has moved his pants, then the small ticket should still be in his pants.

Thinking of this, Yu Sheng put his hand directly in the pocket of his trousers and touched it. As expected, Xiao Piao was lying in his pocket honestly.

He took the small ticket out of his pocket, and saw it in the stewardess's hands without saying a word: "If you don't believe it, you can just open it and take a look. I don't have to lie."

The flight attendant was dubious, took the small ticket that was crumpled up and looked like snot-wiping paper, opened it and looked at it.

Sure enough, the price on the ticket was indeed 168,800.

Chapter: 793

The price of the small ticket in hand is not wrong, but the beautiful stewardess doesn't know if this small ticket is fake for the rest of his life.

It was more than 160,000, not just for fun, and the flight attendant couldn't make up his mind, so she had to call the flight attendant.

A woman who was about 30 years old took the small ticket for the rest of her life and looked at it carefully, and finally checked it on the Internet.

The flight attendant returned the small ticket to Yu Sheng and said respectfully: "Sir, according to verification, the small ticket in your hand is genuine. I have just observed the pants. It is indeed a tailor-made suit from Italy."

As soon as these words came out, the aunt holding her grandson almost fell her grandson to the ground with a face of disbelief.

Pointing to Yu Sheng's pants, he asked in surprise: "This is an ordinary pair of pants. Can you read it wrong? How could it be something messed up in Italy? Did you collude and abuse me?"

Let me tell you, it's impossible to corrupt me! You bunch of crooks."

Italian handmade custom suits can't be washed at all, not to mention that Yu Sheng's trousers have been painted like this by them, and they can't be washed off even with water.

Seeing the aunt still wanting to cheat, Yu Sheng smiled and said: "After all, in your eyes, I am a pauper. By coincidence, this pair of pants is worth a little money, 160,000 yuan, and you still have to pay today."

"Compensate... Compensate... You group of scammers, lied to me an old woman in partnership, I am today, I..." The aunt was scared by the 160,000 yuan and couldn't speak clearly.

He didn't even think of a young man in ordinary clothes, who looked like a pauper, and actually wore a pair of 168,800 trousers.

She has worked so hard on her own for the rest of her life to take care of her. It is only a little more than

one hundred thousand, so how could she be able to lose one hundred and eighty thousand. And 168 thousand and eight, it is not a lot of money for the rest of his life. If the child accidentally soiled his clothes, the rest of his life would not care about him.

It's a pity that if he thinks about making trouble for himself over and over again, then he must teach these two people a lesson.

If the bear child doesn't care about it, then the parents will pay for it!

"Auntie, don't want to confess the bill! After all, it is not easy for a pauper like me to earn 168,000! My life is not worth that much money!" Yu Sheng said something in his words. .

The aunt almost vomited a mouthful of old blood after hearing Yu Sheng's words. This was because she had to let her accompany his pants.

She felt his own heart dripping with blood. The aunt looked at her good grandson and didn't know how big a mistake she had made. She was holding a watercolor pen and planned to paint on the jacket for the rest of her life.

This move scared the aunt a lot. In case her grandson scribbles a few more times on her shirt for the rest of her life, the entire amount of more than 200,000 yuan, then her old life will be lost here.

Pulling her grandson back, the aunt's entire face was a bit sordid, and she twisted her grandson's ears hard.

"Are you still not causing enough trouble for yourself? You still want to trouble me, believe it or not, I'll do it now..."

The little boy started crying with a loud cry. His pain was heartbreaking. Hearing the aunt's distress, he quickly hugged his grandson in his arms.

Said apologetically: "My dear dear grandson! Grandma is wrong. Grandma shouldn't beat your grandma to know that she was wrong."

Yu Sheng didn't have any feeling for this bitter drama. He poked his aunt's back and said: "Aunt, you see my pants look like this, do you want to pay back the money first?"

Chapter: 794

I thought that by teaching my grandchildren, I could distract them from their attention so that they would not care about themselves as an old man, but I did not expect Yu Sheng to be so reluctant. The aunt simply pretended not to hear, and she had comforted her grandson and planned to get through it and avoid it.

One hundred sixty thousand! It's impossible to say anything for the rest of my life.

The little trick the aunt used for the rest of her life, of course, can be seen, smiled, and clicked again. The aunt said: "Aunt, this is the last time I remind you. If you don't discuss with me about paying back the money, then I I got off the plane, but I have to call the police.

When the time comes, the police will come, but I will not be so polite, not only to pay me all the money, but also to squat for a few days. "

When the aunt heard this, she immediately became calm, turned her body, pointed at Yu Sheng's nose, and cursed: "You kid did it on purpose. You deliberately let my grandson paint, and deliberately made me lose money, right?"

"Mother, there is a problem with what you said! Could it be that I instructed your grandson to stick gum on me, spit on me, and draw things on me?"

Facing Yu Sheng's questioning, the aunt bowed her head for a long time without speaking. These things were indeed done by her grandson, and Yu Sheng did not force his grandson.

But over 160,000! He is in his 50s and 60s. Where can he get so much money?

There is no way, he can only bite his pants for the rest of his life with one bite, which is not worth that much money, otherwise he would really have to pay him 168,800.

“We are all ordinary people. How could one pair of your trousers be worth more than 100,000? If you can really afford more than 100,000 pairs of pants, why don’t you take first class and sit in economy class?” Rao wanted to shame.

The people who watched the heat are all contemptuous. Although everyone was shocked by Shengsheng’s pants, there were more than one hundred thousand pairs, but more people expressed shame on the aunt’s stubborn denial.

“Does the rich have to take first class? Is it possible that only the rich can wear 160,000 trousers?” For the rest of his life, he was speechless, and he knew that the aunt still wanted to play the bill.

The aunt nodded vigorously. She really didn’t think she had bought these pants for the rest of her life. Maybe it happened to have a small ticket in her pocket where she picked it up.

Otherwise, why would you look at his pants as the most valuable, and the rich would never be with them in economy class.

Rich and capable people like Shen Xu are going to fly first class!

The more she thought about it, the more she felt that this was possible, so she directly said: “If you can afford to sit in first class, then I think that pair of pants belong to you, and then I may negotiate for you to lose money.”

Before the aunt flew on the plane, I heard from my son and daughter-in-law about how good the first-class treatment is on this plane. It costs 40,000 to 50,000 yuan for a ride!

For a pauper like Yu Sheng, he might shrink as soon as he heard about the price of the first-class cabin, and at that time he could find a reason not to accompany him with the money.

Although everyone thinks that the aunt has a big moral problem, but also think that what the aunt said is reasonable, why should the rich want to squeeze the economy class with them?

Seeing through the aunt’s thoughts, Yu Sheng asked indifferently: “Is it as long as I get to first class now? You will pay me back the money for my pants?”

The aunt nodded: “Yes, as long as you can afford first class, then I will pay you the money for your pants. But you have to think clearly, the first-class cabin on this plane is 40,000 to 50,000 yuan, are you sure you can really afford it?”

Hearing her affirmative answer, the smile on Yu Sheng’s face grew stronger: “Aunty, you don’t need to worry about this, you just need to think about how to return the money for my pants?”

After speaking for the rest of my life, he looked at the beautiful stewardess beside him and said, “Help me upgrade to first class.”

After speaking for the rest of his life, he handed the card directly to the beautiful stewardess.

Chapter: 795

The beautiful stewardess had put Yu Sheng and the unreasonable eldest sister into the same category before, and later heard it as the chief of staff to make it clear that the small ticket was genuine, and she still didn’t believe it.

Now taking the bank card handed over by Yu Sheng, the beautiful stewardess was stunned for a moment, and then she didn’t dare to neglect to upgrade Yu Sheng.

During the process, the aunt had been in a very nervous state. She could only pray that the bank card that Yu Sheng had just given to the beautiful flight attendant had 50,000 in the bank card.

rest of her life.

One hundred and fifty thousand bought a lesson, the aunt will definitely remember it for life.

Chapter: 796

With the 150,000 yuan that the aunt had paid him, he would not pay attention to the 150,000 yuan for the rest of his life, but it was very good to make the aunt's memory long.

After arriving in Beijing, Yu Sheng took a taxi to the Bulgari Hotel that Magnolia had booked for her.

After all, there were still three days before the birthday banquet began.

"Brother Xu, look at that person, he is the one who hit me on the plane. Brother Xu, you must be the master for me!"

As soon as Wang Kexin got out of the airport, he saw Yu Sheng getting in a taxi. Thinking of Yu Sheng's indifferent attitude towards her, his psychology was very unbalanced.

Shen Xu took Wang Kexin into his arms, kissed her face and comforted: "Baby, don't worry, I will definitely be the master for you."

Saying that the two of them hit a taxi and caught up with the car that Yu Sheng had built before, until the car stopped at the door of the Bulgari Hotel.

"No? That poor girl actually wants to live in such a place?" Wang Kexin said incredulously.

Bulgari Hotel! One of the most famous hotels in Shangjing, the price is surprisingly expensive. The price of a top presidential suite is 180,000 yuan a night, and an ordinary room is also thousands of yuan a day.

"Maybe it's a poor ghost. The first time I came to Beijing, I took out my two-month salary just to experience it, maybe." Shen Xu said disdainfully.

Wang Kexin thought about it, and felt that what Shen Xu said was very possible, maybe he would be such a vain person for the rest of his life!

Shen Xu came to Beijing this time to attend the birthday banquet of the Bai family. In fact, his assistant to the mayor of a small place in Qiancheng is not qualified.

The Bai family sent an invitation to the mayor, but the mayor had a visit from a prominent figure above, can't let the great figure change time, right?

That's why his little assistant picked up this cheap, and the mayor asked him to take the gift, and he could also go to Beijing to experience what the upper class society was like.

Originally, Shen Xu planned to bring her own wife, but she

His wife is over forty years old, and after having two children, she seems to be very old, and bringing this kind of place is simply not worthy of face.

It just so happened that Wang Kexin rushed to lean on him recently. In addition, Wang Kexin's figure and appearance are much better than those of the yellow-faced woman in his family, and he is more satisfied with being served on the bed, so he promised to take her to see him. .

When the two entered the Bulgari Hotel, they could no longer see Yu Sheng's figure. They didn't know where they went, except that he was also in this hotel.

Wang Kexin stomped angrily, her face was full of loss, she just planned to taunt Yu Sheng Na, unexpectedly let him escape.

Shen Xu and Wang Kexin also booked a nice room to live in. Shen Xu hugged Wang Kexin's face and wanted to take a bath in a hurry.

After Wang Kexin refused the mandarin duck bath, Shen Xu went into the bathroom alone to take a bath. Wang Kexin sat on the bed and played with her cell phone boredly.

Suddenly the sound of the mobile phone came from Shen Xu's coat next to her. Wang Kexin glanced at

the direction of the bathroom and saw Shen Xu still taking a shower through the transparent door. After ringing for a while, the phone rang again, and Wang Kexin took out Shen Xu's cell phone altogether. When she saw that the note above was a wife, her eyes became a little bit cold. As soon as the phone was connected, there was an anxious voice from Shen Xu's wife. "My husband and our son is sick, and my daughter is too young. I can't help myself, can you come back? I'm afraid...I'm afraid that our son really has an accident." At the end of the talk, Shen Xu's wife burst into tears. .

Wang Kexin curled her lips, and said without thinking, "Your husband is still taking a bath, we will have to do business for a while, I'm afraid we won't have time to take care of you!"

Wang Kexin deliberately emphasized the two words of business, so that a fool could understand what the business was talking about.

Chapter: 797

There was a bang in the phone, Wang Kexin didn't care, after all, she was telling the truth, what did their son's life and death have to do with her being an outsider.

In case this old woman really called Shen Xu back, then she had made so many preparations to attend the birthday banquet of the white master, not all her efforts would be lost.

Had it not been for the rumor that Shen Xu would attend the birthday banquet of Shangjing Bai's family, she would not have sex with a fat and greasy uncle who was 40 or 50 years old.

It was just to use this opportunity to get to know all the people from the first-class families in Beijing, and Shen Xu was just a springboard to help her fly to the branch as a springboard for the phoenix.

After a while, Shen Xu's wife heard the almost heart-piercing voice on the phone, and roared: "You tell that surname Shen, if something really happens to my son this time, I won't let it go. he!"

Wang Kexin didn't care, and said lightly: "Well, my brother Xu will come out soon, so I won't talk to you anymore. Please don't call and disturb us doing business."

Not wanting to hear any more nonsense from the old woman, Wang Kexin hung up the phone, tidied up her appearance, and waited for Shen Xu to come out of the bath.

After a while, Shen Xu walked out with a bath towel around him for a day, watching Wang Kexin's eyes full of possessiveness.

Immediately, Shen Xu threw Wang Kexin directly onto the bed. As soon as the monkey wanted to do something urgently, Wang Kexin directly reached out and blocked Shen Xu's mouth.

"Brother Xu, someone did something wrong just now. I don't know if you will blame me." Wang Kexin said with a downcast eyes and aggrieved expression.

Shen Xu was stunned and asked, "What did my baby do wrong?"

"Just now your wife called me and said that your son was sick and wanted you to go back. I said you were busy with time, so she scolded me and hung up the phone." Wang Kexin said with tears in his eyes.

Fell down.

Shen Xu distressedly helped Wang Kexin wipe away the tears on his face, and comforted: "She is a yellow-faced woman, so she dared to scold me baby. When I get home, I will divorce her and marry you."

Even if Shen Xu himself answered the phone, as long as the sky didn't fall, he would definitely not be able to go back. After all, this opportunity is rare.

Wang Kexin nodded in satisfaction, and took the initiative to hook Shen Xu.

The two of them had sex, planning to go to the more famous Zuixiangju nearby to taste the food in the

evening.

Presidential Suite Room of Bulgari Hotel.

The first thing I did when I got there for the rest of my life was to replace my 168,800 ugly trousers with chewing gum on them.

When taking a taxi, the uncle driver asked Yu Sheng whether his pants were a new trend for young people.

I changed my clothes and took a shower for the rest of my life. When I came back, my phone just rang. It was sent by Zhu Xiaoshu to tell Yu Sheng that the old man had left with his grandson.

Regret for the rest of my life! There have been a lot of things recently, and there are still a lot of questions to ask the elders, they actually left so quickly.

Although the little boy did not have a grandmaster realm, the secret technique on his body could not even be discovered in a grandmaster realm. This made Yu Sheng still more curious about the sect surnamed Shi.

As soon as the phone was hung up, there was no time to put down the phone for the rest of her life, and Magnolia called, and she had to connect again for the rest of her life.

“Yu Sheng, have you come to the hotel I booked for you?” Magnolia’s sexy voice came over the phone.

“Here, what’s the matter?” Yu Sheng asked.

Magnolia said with a bit of bitterness, “Can’t anyone call you? You must not have dinner after getting off the plane? I have reserved a seat at Zuixiangju, waiting for you!”

Chapter: 798

Zuixiangju’s buildings are antique, and even the tables and benches are made of wood. The waitresses who come and go are dressed in ancient Han costumes. Stepping inside gives people a feeling of crossing into the ancient times.

The environment is second. The most impressive thing in it is the meals that people can’t forget once they eat it. That’s the way to really attract repeat customers.

Yu Sheng was already overcrowded when he entered, and a clever figure in the crowd waved to him, Yu Sheng still quickly found Magnolia.

There is no way, Magnolia’s appearance is really outstanding. As soon as Yu Sheng sat down, she felt that many eyes around her were looking at him, and their eyes were full of hatred.

Obviously they are all men who have ideas about Magnolia.

The goddess in the eyes of others has become a plague that Yu Sheng has avoided. If it hadn’t been promised before that Magnolia would attend her grandfather’s birthday banquet, she would not have come to her death for the rest of her life.

Because he only knew now that three days in advance, his whole person would be entangled with Magnolia, and now it was just the beginning.

“You are finally here, you don’t know how terrible those people look at me, I am not scared at all when you come.” Bai Yulan said, leaning against the position where Yu Sheng was sitting.

Since Zhu Xiaoshu gave her an idea to cook mature rice with Yu Shengsheng rice, Bai Yulan directly let go of Yu Sheng and put her thoughts on the bright side.

She also knew that Yang Zihuan asked Yu Sheng 10 billion, and said that divorce from Yu Sheng was just a recent thing.

What a shrewd Magnolia! From Xiaoshui’s birthday banquet that day, she could see that many people like the rest of their lives.

For example, Zhang Wanqiu from the Zhang family and Liu Qianshuang, the popular little singer. She didn't know that she might have seen many more.

It would be a strange thing for a man like Yu Sheng to be such an excellent and attractive man if there are no women to like. Unfortunately, Yang Zihuan is too stupid, otherwise she would have no chance. Magnolia intends to take him after the rest of her life is divorced. She will not give other women any opportunities. As long as she takes the rest of her life, it will be impossible for a man as dedicated as him to marry herself.

Bai Yulan even thought of the scene after her marriage with Yu Sheng, and the corners of her mouth made a smile unconsciously, and the already stunning face was even more charming with a smile. Seeing that Magnolia was in a trance, Yu Sheng directly pushed the Magnolia in his arm downstairs to the side, and the two kept a little distance.

Yu Sheng took a bite of the dish and ate it, and then he asked, "What's the matter, wouldn't it be as simple as just eating when you asked me to come to Drunk Xiangju? Just tell me if you want to, where do you keep smirking in a daze?"

With a cold snort of dissatisfaction, Bai Yulan felt that Yu Sheng was a dead straight man, and she was so proactive, this guy was so disapproving.

Then I thought if Yu Sheng was really the kind of man who was bothered by his side, he would have hugged him a long time ago, so no matter how good he was, he wouldn't be attracted to that kind of man.

"Of course there is a business. Are you ready for my grandfather's birthday gift? I'm here to check it out. In the future, you will be his grandson-in-law. Don't make him unhappy." Bai Yulan said with a smile.

Grandson-in-law?

Yu Sheng was speechless for a while, he just agreed to come to the birthday banquet, why did it seem like he came to see his parents?

Yu Sheng wanted to emphasize that she didn't want Magnolia to talk nonsense, but at this moment a pair of men and women appeared next to them.

The man is Shen Xu and the woman is Wang Kexin. When Yu Sheng noticed them, they also noticed Yu Sheng and Magnolia.

Chapter: 799

Shen Xu was slightly surprised when he saw Yu Sheng, but when he noticed the white magnolia beside him, he was stunned.

Magnolia's appearance is the most beautiful of any women he has ever seen, and there is no one.

Compared with her at this time, Wang Kexin is simply the ratio of clouds and mud.

I thought Wang Kexin was already pretty, but in front of Magnolia, she was not even an ugly girl.

Shen Xu's revenge for Yu Sheng was completely ignored, and Wang Kexin's hand was thrown away. Shen Xu smiled and came to Magnolia's face and said hello politely.

"Miss ate alone?"

In Shen Xu's eyes, Magnolia was all alone, and she automatically ignored the rest of his life. If she could sleep with such a woman, her life would be worth it.

Shen Xu looked at Magnolia with naked eyes, and Magnolia just looked at Shen Xu who greeted her with disgust, and then chatted with Yu Shengren indifferently.

Seeing that the man he brought with him became interested in other women, Wang Kexin gritted his teeth angrily, wishing to scratch Magnolia's beautiful face.

As expected, men are unreliable. Half an hour ago, they were still in bed saying that they loved her, and if they couldn't live without her, they fell in love with other women in a blink of an eye.

Wang Kexin never believed in love. She just wanted to use Shen Xu as a springboard. She didn't want any accidents in the middle, otherwise everything she did was forsaken.

"Husband, why are you ignoring Kexin?" Wang Kexin changed her name from the past and called her husband directly just to let Magnolia know her not to hit Shen Xu's attention.

What she didn't know was that Magnolia thought that Shen Xu didn't exist at all. A person like that in front of Wang Kexin was a treasure. In Magnolia's eyes, it was just a pile of shit, and she felt disgusting at first glance.

Seeing that the beauty is so indifferent to him, Shen Xu feels a little unbearable on face, but he doesn't show it. The beauty is a little temperamental, that's personality.

Ignoring Wang Kexin beside him, Shen Xu sat down at the table of Bai Yulan unceremoniously.

Moving the chair, Shen Xu deliberately moved a little closer in the direction of Magnolia. Shen Xu said with a smile on his face: "Beauty, when I see you, I thought it was a fairy from the sky, it's so beautiful." Magnolia was disgusted and wanted to vomit, and Shen Xu still had that smell on her body. It was the first time she saw such a shameless person, and she dared to harass her brazenly.

Magnolia leaned against Yu Sheng's arms as she thought about it, and said with a panic: "My husband is so scary, I'm so scared."

husband?

Wang Kexin, Shen Xu and Yu Sheng, Bai Yulan called her husband with surprise.

Shen Xu originally wanted to ignore Yu Sheng, but Bai Yulan's husband called him so jealous, why did such a beautiful beauty find a wasteful husband?

Wang Kexin was also shocked, she didn't think that Yu Sheng had such a beautiful wife, no wonder she ignored her like this.

Only Yu Sheng is the only one who can't figure out what the situation is now? He only knew that Shen Xu was harassing Magnolia, and even if Magnolia was a stranger, he would take care of it for the rest of his life.

Without paying attention to their expressions, Yu Sheng directly beckoned to the waiter and said, "The waiter, these two guests, interrupt our meal, please solve it."

When I heard Yu Sheng was about to drive them away, the faces of Shen Xu and Wang Kexin changed.

"What do you mean, I came here to eat too." Shen Xu sat down on the table next to Yu Sheng.

Immediately, he looked at Yu Sheng with a smug look on his face.

Since they were all the guests who came for dinner, the waiter didn't dare to leave Shen Xu. Seeing that the matter here was resolved, he wanted to go to other things.

As soon as she turned around, Yu Sheng stopped her.

"If this is the case, then I will book the venue, and others can still eat in it, so it's fine to drive these two people out."

Chapter: 800

As soon as this was the case, the guests dining around looked at Yu Sheng with shocked expressions.

What is this place? This is Zuixiangju! But it's not their poor people, the small stalls where they usually eat.

If it's a charter, wouldn't it cost millions? The young man in front of him was willing to spend millions, just to drive away these two annoying customers.

The magnanimity of the shot made everyone onlookers amazed.

I even felt that the rest of his life was funny, and no one believed that he would chase people in this way.

Wang Kexin directly covered her mouth and laughed, and looked at it again. The clothes Yu Sheng was wearing, it was almost certain that there was no expensive clothes on him.

So how can ordinary people spend millions to drive them out, it is simply whimsical.

Shen Xu laughed unabashedly, pointing to Yu Sheng, laughing forward and backwards, and laughed for a while, before he said: "I have seen you acting in front of beautiful women, but I have never seen you acting like this. Pretending to be forced in front of you.

Hillbilly, don't you know what this place is? This is Zuixiangju. If it's a charter, it will cost millions. Do you have that much money? "

The waitress also looked at Yu Sheng with an unbelievable look. There were countless guests who came to Drunk Xiangjuli for dinner, but Yu Sheng's dress was too ordinary, and she did not look like the rich people she was used to. .

Moreover, the waiter knew that this position was set by the beauty, and the rest of his life might not even be able to pay for the meal.

Yu Sheng didn't care about the ridicule of Shen Xu and Wang Kexin, but once again said to the waiter: "I want to book the venue now, please drive me out of these two people."

Hearing Yu Sheng's affirmative words, the waiter couldn't say anything, and directly asked respectfully: "Mr. Are you sure you want to book a place? If you want to book a place, you need to pay 860,000 yuan."

Eight hundred and six hundred thousand, even if there are millions, it is not much difference. The pauper is afraid that he will be so scared to speak when he hears this number.

The people around all looked at Yu Sheng, looking forward to the scene where he was scared to pee by this number.

But the scene they imagined didn't happen. Yu Sheng took out a card from his pocket and handed it to the waiter.

"The password is six zeros, go and help me handle it! Remember to kick out those two annoying people." Yu Sheng said indifferently.

Seeing that Yu Sheng really took out the card, everyone was in an uproar, and they didn't even think that this person turned out to be true.

Could it be true that the hotel was arrogantly contracted in order to drive two people out?

Soon the waiter took the Yusheng card to apply for the charter.

Wang Kexin was the most shocked at the scene. In her eyes, she had always thought that the rest of her life was just a good-looking pauper.

How could it be possible to make millions with just one shot? The magnanimity of his shot was not even comparable to Shen Xu beside him.

"Impossible, you are fooling people, aren't you? How could a pauper like you be able to hand out a million?" Wang Kexin said in disbelief.

For Wang Kexin such a noisy person, for the rest of his life, he didn't even bother to pay attention to it. This is true on the plane, and it is also true now.

Being ignored again, Wang Kexin gritted his teeth with hatred, and even ignored her words, is she so unbearable in his eyes?

When Wang Kexin wanted to say something, the security in the hotel had already walked in his

direction.

“Ms. Ms., this guest has already booked the venue. Our hotel will refund you the money you reserved for the seat. Please leave now.” The security guard said to Wang Kexin and Shen Xu.

The security guards in the hotel came over to chase the people in person.
