

Chapter 8: Don't Mess with this Son-in-Law, Don't Mess with this Son-in-Law novel, Dont, Mess,

Li Jian never thought that it would be the rest of his life!

“Li Jian, are you f*****g crazy? Or is there something wrong with your leg?” Seeing Li Jian kneeling before Yu Sheng without saying a word, the young woman was dumbfounded.

The teacher Wu next to her opened her mouth wide and couldn't believe it.

“Dad, what's the matter with you?” Li Xiaobao ran over to pull Li Jian, thinking that his father had fallen.

But Li Jian didn't even dare to return to his son, for fear that he would anger the rest of his life and even his son would suffer.

“Li Jian, get up for my old mother!” The young woman was very angry. Li Jian knelt as soon as she came, giving her all her face to go to grandma's house.

“Kneel down!” Li Jian remained unmoved, but raised his head angrily.

“You, what did you say?” The young woman looked dumbfounded at Li Jian in disbelief.

“I f*****g told you to kneel down and apologize to Shao Yu, are you f*****g deaf?”

Li Jian was so frightened in his heart that he simply pulled his wife down on her knees.

Even Xia Jun, the richest man in Qiancheng, looked like a grandson in front of Yu Sheng. His wife actually asked Yu Sheng to kneel down and apologize. Isn't this looking for death? Remember http in one second: //

He also tried Xia Jun today, and he found that when Xia Jun talked about the rest of his life, his eyes were full of fear.

Although Xia Jun didn't say anything to him, he was not stupid, knowing that the rest of his life was not a horrible existence they could afford!

At this time, the young woman reacted, and her gaze towards Yu Sheng was full of fear and unwillingness.

“Don't apologize yet!” Li Jian shouted angrily.

The young woman trembled and bowed her head unwillingly: “Yes, yes, I'm sorry!”

Seeing the rest of his life unmoved, Li Jian's heart trembled, and he shouted: "Be louder, be sincere!"

The young woman cried, and said incomparably wronged: "I'm sorry, I was wrong! I shouldn't be unreasonable to coax me without asking questions, but also ask you a lot of adults, don't care about me as a little girl!"

"Next time remember to brush your teeth before you go out. Don't let your bad breath affect others."

Yu Sheng glanced at the young woman indifferently, took his son's hand and turned and walked outside.

The young woman was extremely aggrieved, but she didn't dare to put another fart.

Until the rest of his life father and son walked out of the infant and rode away on the battery cart, the two dared to get up.

And the teacher Wu next to him was already dumbfounded, and his mind trembled to the extreme.

Seeing the father and son leaving on a battery car, she really couldn't understand why Li Jian was so afraid of the rest of her life.

Isn't he just the son-in-law of the Yang family?

"Li Jian, you made my old lady suffer such a big shame today, you don't give a reasonable explanation to my old mother, my old lady is not done with you!" After getting up, the young woman stared at Li Jian firmly, the anger in her eyes could burn the mountain. .

"Are you f*****g tired of your life, dare to provoke that killer star!" Li Jian shouted angrily, he was more aggrieved than his wife!

Kneeling for Yu Sheng only once this morning, and now kneeling again, he himself is about to suffer from internal injuries.

"He, who is he? Why are you so afraid of him?" Seeing Li Jian's anger, the young woman's momentum weakened again.

"Even Xia Jun is like a grandson in front of him, why do you think I am so afraid of him?" Li Jian snorted coldly.

"Isn't he the son-in-law of the Yang family? President Xia is the richest man in Qiancheng, how could we be afraid of him?" The young woman was a little unbelievable.

"I don't know his true identity, but you remember it for Lao Tzu. If you see their family in the future, give me peace of mind or take a detour, otherwise Lao Tzu will be over with you!"

With a cold snort, Li Jian walked outside the kindergarten, feeling only so aggrieved in his heart.

"Even the richest man in Qiancheng looks like a grandson in front of him?"

Teacher Wu's feet trembled slightly, and he had made up his mind. From now on, he must treat Yang Xiaoshui well.

Because Yu Sheng was the son-in-law of the Yang family, she was also very harsh on Yang Xiaoshui. When Yang Xiaoshui was ridiculed by other students, although she did not follow the ridicule, she acquiesced in the behavior of those classmates.

Today's matter was also under her indulgence. Yang Xiaoshui was so angry that he injured Li Xiaobao.

...

After returning home, Yang Zihuan and Gao Qing were both there, but Yang Ling didn't know where to go fooling around.

"Mom, my surname is not Yang anymore. I want to have my surname Yu. Other classmates said that I was a small waste and a wild species of the Yang family. They all bullied me."

As soon as he saw Yang Zihuan, Yang Xiaoshui ran past the corner of the clothes holding Yang Zihuan.

The three adults in the room were all taken aback, and then Yang Zihuan and Gao Qing looked at Yu Sheng with cold eyes.

"Why, do you think being a door-to-door son-in-law in our Yang family insulted you?" Yang Zihuan looked at Yu Sheng with a mocking expression.

Gao Qing jumped up and pointed at Yu Sheng's nose and cursed: "Who gave you this rubbish face, dare to come back and ask for human rights?"

In the eyes of their mother and daughter, Xiao Shui must have been teaching this for the rest of his life.

Xiao Shui is not sensible, it must be what the adult said, what he said he believed.

At this moment, Yang Zihuan was extremely disappointed with Yu Sheng.

She doesn't mind if Xiao Shui's surname is Yang or Yu, anyway, she also has a younger brother who can succeed the Yang family.

She just felt very dissatisfied and disappointed with Yu Sheng's attitude.

Yu Sheng took a breath and said, "It is only natural for Xiao Shui to follow his father's surname. Besides, Xiao Shui was indeed laughed at by their classmates today. This is not good for Xiao Shui's growth. So, I think it is better. Let Xiao Shui change his surname to Yu."

"You feel?"

Gao Qing said with disdain: "You are a door-to-door son-in-law, do you have human rights to discuss this matter for us? Who do you see dare to let his son follow his surname?"

"Others are others, I am me." Yu Sheng said.

Snapped!

Gao Qing raised her hand and slapped Yu Sheng's face, and said angrily: "In this house, you are a waste and you will never have human rights. Later, I will encourage Xiao Shui to talk about this and see if my old lady doesn't break your mouth.!"

Yu Sheng was a little angry, if it weren't for Yang Zihuan's mother, he would just abolish Gao Qing!

"It's not a future, I also think it out clearly, let's get a divorce!"

Yang Zihuan snorted coldly, turned back to the bedroom and took out a divorce agreement and handed it to Yu Sheng.

"Sign it, sign it, tomorrow we will go to the Civil Affairs Bureau to get the divorce certificate." Yang Zihuan looked at Yu Sheng indifferently.

Yu Sheng looked at the divorce agreement handed in front of him, and his body was trembling slightly.

Five years of feelings, five years of dedication, is this the ending in the end?

Seeing Yang Zihuan's indifference and mercilessness, the rest of his life was heartbroken, and there was a touch of misery on his face.

He accepted the divorce agreement, just about to nod and say, "I'm divorcing this marriage, but Xiao Shui must follow my last name." Yang Zihuan's phone rang.

“Sister, come and save me, if you don’t come, you will never see your brother!”

On the phone, Yang Ling’s cry of fear and trembling came.

Yang Zihuan’s face changed suddenly, and he asked loudly, “What’s the situation, where are you now?”
