

## Dont mess 801

### Chapter: 801

Seeing that Wang Kexin and Shen Xu were kicked out of the hotel, everyone who was dining in the hotel knew that the ordinary dressed young man in front of him was a hidden boss.

It turns out that the real rich people are as low-key and introverted like Yu Sheng, hiding deeply.

At this time, Magnolia had a bright smile on her face, and she kissed Yu Sheng on the cheek, and a red lip imprinted on Yu Sheng's face in an instant.

"Yu Sheng, thank you! Sure enough, you still have me in your heart." Magnolia said with a smile.

"You think too much, the two of them are too annoying here and bother me to eat." Yu Sheng explained angrily.

In fact, Yu Sheng couldn't understand Shen Xu's thick-skinned people disturbing Magnolia, but he still didn't want to admit that Magnolia was afraid of misunderstanding.

Thinking of something, Yu Sheng wiped the place where Magnolia had kissed just now, and once again reminded: "Don't be so silly."

Magnolia curled her lips and said with a face of dissatisfaction: "Why are you so foolish? If someone kisses you, how come you become so foolish? I will be your wife in the future."

Yu Sheng was speechless for a while, and he couldn't explain it clearly, so he simply ignored Magnolia and immersed himself in the meal.

Seeing Yu Sheng's appearance, Magnolia smiled knowingly on her face.

Shen Xu and Wang Kexin, who were driven out, were furious outside the door.

I finally booked Zuixiangju's restaurant just to taste the signature dishes inside. As a result, my butt was still warm and I was kicked out. It was so embarrassing.

"That pauper, he didn't think he was so rich. Fuck, he really looked away." Shen Xu said angrily.

Wang Kexin was also frustrated. She might be the most depressed person. She wanted to avenge herself through Shen Xu, but she didn't realize that this stinky man almost fell in love with other women.

In the end, the meal was not eaten, and she was kicked out. This was the first time she encountered this kind of uselessness.

In the end, the two of them had to go to a reasonably good restaurant nearby to have a meal.

Back in the Bulgari Hotel, Wang Kexin took advantage of Shen Xu to fall asleep, and sneaked out by herself and came to the lobby of the hotel.

"Beauty, can you tell me which room the young man who entered the hotel in front of us is in?" Wang Kexin asked the receptionist with a try.

She wasn't sure if the front desk lady knew who the young man in her mouth was.

Coincidentally, the lady at the front desk had a deep impression of Yu Sheng. After all, Yu Sheng wore a pair of trousers like that. Together with the Bulgari Hotel, he opened a presidential suite today.

"Are you talking about Mr. Yu? Why are you looking for something to do with him?" the lady at the front desk asked with a puzzled look.

Listening to the lady at the front desk said this, Wang Kexin was delighted. She never thought that the lady at the front desk really knew the young man.

"Yes, yes, yes, I want to find him something, can you tell me? Which room does he live in, beauty."

Wang Kexin said very politely.

If it weren't for asking others, she would never look down on a receptionist.

The lady at the front desk shook her head and said with a smile: "I'm sorry, this is our most honored

guest's \*\*, we can't disclose it casually."

Wang Kexin didn't get angry when she heard the lady at the front desk say this. He took out 50,000 yuan from the bag and stuffed it into the hands of the lady at the front desk.

He smiled and said: "Beauty, it's convenient for you. Besides, I am also a guest of the Bulgari Hotel! You know what I am, and you will definitely not commit crimes.

I still have a good impression of Mr. Yu. I want to get to know him. Please accompany me and give me a way out!"

Looking at the 50,000 yuan in her hand, the lady at the front desk was a little moved.

You only need to tell the room where Mr. Yu lives and you can get fifty thousand yuan for no reason.

The lady at the front desk was a little moved by the time.

The lady at the front desk put the 50,000 yuan into her bag and said, "Mr. Yu, you live in the top-notch presidential suite. It's your business whether you can get in or not? I've already told you anyway."

The presidential suite of the Bulgari Hotel is indeed a rich man.

Thinking of this, Wang Kexin showed a deep smile on her mouth.

## **Chapter: 802**

Zuixiangju Hotel.

Yu Sheng and Magnolia had eaten almost, and the two discussed what birthday gift to give to the white man, but after a long time of discussion, there was still no result.

Most of the conversation between the two of them was in Magnolia's words trying to find ways to seduce Yu Sheng and tease Yu Sheng, but Yu Sheng as a straight man of steel is not useful at all.

Dead straight man!

These three words have been cursed countless times in Magnolia's heart, and even want to knock Yu Sheng's head to see what is in his head. Why can't such oil and salt enter?

After leaving the hotel, Yu Sheng found that Magnolia even wanted to follow him into the hotel.

"Why are you following me?" asked the rest of his life puzzled.

Bai Magnolia didn't care, and said, "You have to take care of where I go! It's too late, and it's not safe for me to go back alone. I also want to open a room here, can't I live here?"

If this is the case, Yu Sheng couldn't control it, shrugged helplessly, Yu Sheng returned to his room.

And Magnolia directly booked Yu Sheng to live in the room opposite Yu Sheng.

Being entangled by a beautiful beauty, Yu Sheng didn't know if she was lucky or unlucky. In short, she was helpless.

Just lying on the soft big bed, the rest of my life was still in a relaxed mood, and found that there was a strange fragrance in the room.

After a careful sniff, Yu Sheng sat up suddenly.

He remembered that when he stayed in this room, the fragrance in the room was not so strange. Why did it become so strange?

After sniffing it carefully, there was an inexplicable sensation of heat on his body, and the things in front of him began to blur.

For the rest of his life, he was not an ordinary person, but he was a master of the Grandmaster Realm, how could he be disturbed by these ordinary things.

The internal force circulated in the body, pushing the body heat out of the body, Yu Sheng's face became gloomy, and his eyebrows wrinkled.

I stood up and searched in the room and found that there was a candle in the room slowly burning, and

the strange smell in the room was emitted by this candle.

After finding the source of the problem, Yu Sheng directly blew out the candle and threw it in the trash can. The ambiguous breath in the room disappeared.

The first person in Yu Sheng's mind was Magnolia. After all, she had set this room for herself, and she was the most likely and most convenient person to start with.

This is not the first time that Magnolia has used this method. The last time I was in the cherry blossom party, I ran to my room at night and tried to seduce myself.

Unexpectedly, this time he wanted to use foreign objects to put himself on the set. For the rest of his life, he didn't dislike the person like Magnolia, but this incident made him have some other opinions about Magnolia.

Unscrupulous, just to get yourself. What's the difference between this approach and Xu Qianqian's scheming girl?

While thinking about things for the rest of his life, the door of the room was knocked suddenly.

Could it be Magnolia? Is he so eager to want something to happen to him?

Yu Sheng frowned, feeling that he was too indulgent to her, this time he must teach her a lesson.

In case one day I was not prepared, wouldn't I be at her mercy if I found out that I was in a trap?

It was not Magnolia who opened the door and appeared in front of her, but almost met the woman on the plane.

At this time, Wang Kexin, dressed in white silk pajamas, said they were pajamas but more like erotic underwear.

The cloth is so pitiful that it can barely cover some important parts.

Originally, Wang Kexin's figure was very good, but now coupled with the modification of sexy underwear, it is even more charming, as long as a man sees this scene, he will definitely burst into blood.

"What do you want?" Yu Sheng asked with a frown.

### **Chapter: 803**

Seeing Yu Sheng opening the door, Wang Kexin came in an instant, raising her hips and chest up her head in the perfect posture, hoping to make Yu Sheng fascinated by herself.

She spent a lot of money this time. She just spent 50,000 yuan on the front desk lady. Later, she troubled the cleaning staff to use half of the aromatherapy that she had used to deal with Shen Xu before letting the cleaning staff bring in.

Just this time another 10,000 yuan was spent, for a total of 60,000 yuan invested, this time I must take the rest of my life.

This fragrance is her little baby. In her hands, she has never missed it. Wang Kexin believes that there will be no exceptions to Yu Sheng.

"The water in my room has stopped. Can you take a shower in your room? It's just a quick shower."

Wang Kexin said softly, his fingers circled on Yu Sheng's chest.

For the rest of his life, Wang Kexin's teasing was unmoved, and a superb beauty like Magnolia could do nothing in front of him, let alone a woman he hated like Wang Kexin.

Yu Sheng looked gloomy and looked at Wang Kexin with disgust, and said coldly: "There is no water in your room. Go to the hotel manager. If you disturb me again, I will let you get out of this hotel."

Wang Kexin was shocked. She didn't expect Yu Sheng to say such a thing, and then she thought of what happened in the hotel.

Yu Sheng said that in a big restaurant like Zuixiangju, he would just book the place, but for nothing else, just to drive her and Shen Xu out of the hotel.

Now Yu Sheng said the same thing again, Wang Kexin didn't have the slightest doubt about what he said.

The expression on her face was a little uglier than before, but Wang Kexin was still unwilling to give up like this. After all, she spent 60,000 yuan for this event!

After tidying up his mood, Wang Kexin pretended to be aggrieved and said, "I know you are still angry with me about the plane, but everyone makes mistakes. I know that I was wrong now. Can you forgive me?"

The eyelids were raised for the rest of his life, and he still said coldly: "I told you to go away, don't you hear?"

It turned out to be insignificant, Wang Kexin was still unwilling to give up like this. The ordinary person in front of him is millions of people, and he lives in the presidential suite of the Bulgari Hotel.

He was only in his twenties, and he was handsome, and he didn't know how many times he was better than the fat, greasy-eared Shen Xu.

Wang Kexin was not reconciled. As long as she was an individual, it was absolutely impossible not to be affected by the fragrance of beasts at all. What's more, she was dressed like this. She didn't believe that she would feel nothing for the rest of her life.

"Oh"

Wang Kexin pretended to slip on her feet, so she threw herself on Yu Sheng's body. She didn't believe that Yu Sheng could still be able to hold it this time.

I imagined that the rest of my life took her into her arms and it didn't happen, but the whole person fell to the cold ground, causing her to cry out.

The skin broke on his arms, and Wang Kexin's face wrinkled in pain. She got up from the ground and looked at Yu Sheng with aggrieved expression on her face.

"It hurts so much! Can you help me bandage it, please, okay?" Wang Kexin looked at Yu Sheng with big tears.

Yu Sheng didn't think that Wang Kexin was so shameless. She said it twice and let her go. She even wanted to stay here and not leave.

The patience was all polished, Yu Sheng glanced at her coldly, closed the door hard with his hand, and then locked it again.

The sound of closing the door for the rest of his life was so loud that Magnolia, who lived in the next room, opened the door, wanting to find out.

It was a coincidence that Wang Kexin was standing outside Yu Sheng's door wearing a sexy underwear. Magnolia looked at Wang Kexin with a hostile expression, she could guess what happened between them just now without even thinking about it.

Must be rejected by Yu Sheng.

With a sneer, Bai Yulan mocked: "When I was in the hotel before, I didn't find out that you were doing special services!"

#### **Chapter: 804**

Magnolia's light and fluttering special service made Wang Kexin flush with anger, and she couldn't wait to go straight up and tear her small mouth.

She just wanted to find a more suitable candidate, and turned into a chicken in this woman's mouth,

which made Wang Kexin no way to accept it.

I was so angry when I was turned away by Yu Sheng! Now being mocked by a woman who is more beautiful than herself is a chicken, which makes her even more popular.

“Who am I? So it’s you! Isn’t Mr. Yu your husband? Why don’t you two live in the same room? No wonder your husband called me not to want you!” Wang Kexin said, adding to his jealousy.

She is now anxious that Magnolia’s relationship with Yu Sheng breaks down, and she still has a chance to take advantage of it.

Facing Wang Kexin’s question, Magnolia didn’t have the slightest embarrassment on her face. Instead, she smiled faintly and said, “Oh, you are admitting that you are a chicken. It’s not a good idea to do something with hands and feet. It’s disgusting to be a chicken.”

“you!”

Wang Kexin gritted her teeth with anger, and said that she was a chicken without leaving a single sentence. She rushed over without thinking about it. She didn’t care if Magnolia lived in the presidential suite and what kind of background she had. She just wanted to have a good fight. This woman, let out the anger in her heart.

Magnolia also saw through Wang Kexin’s thoughts, anyway, she also had this intention, this woman dared to pay attention to the rest of her life, then teach her a lesson.

The two women are fighting with each other, and both have the intention to do it. Their eyes are even more sparkling, crackling!

Wang Kexin rushed forward first, reaching out to pull Magnolia’s hair, and then scratching her vixen face with the other hand.

Magnolia smiled at the corner of her mouth and didn’t panic in the face of Wang Kexin’s offensive.

When he rushed to her side, she lifted her leg and kicked her in the stomach.

Without further ado, Magnolia directly kicked Wang Kexin to the ground.

Although she didn’t have any real skills, she was still good at kicking people. Otherwise, how could she kick Yang Ling’s egg to pieces so easily.

Wang Kexin fell to the ground this time, but she did not fall lightly, and her knees were bleeding, and the pain was so painful that her tears were about to come out.

Getting up from the ground with difficulty, Wang Kexin seemed mad. The woman in front of him almost robbed her man in the restaurant before. Now she not only scolded her but also beat her, and said everything would tear up her coquettish bitch’s face.

With an idea in his mind, Wang Kexin no longer hesitated, and rushed directly to Magnolia, still cursing: “You bitch, you dare to scold me. Believe it or not, I will scratch your face for you.”

Wang Kexin took off the other brooch from her skirt, holding the pointed one in her hand, stroked Magnolia’s face.

Seeing the pins getting closer and closer to her, Magnolia was inexplicably nervous. She didn’t even think that Wang Kexin was so vicious that she would even scratch her face.

She just kicked her by surprise. Now that Wang Kexin has learned from the past, she must have been prepared. Magnolia can do it once, but she can’t guarantee that she will do it every time.

Moreover, Wang Kexin’s current appearance is obviously just like not letting go without scratching her face, Bai Yulan is also a little panicked now.

Regret to annoy the crazy woman in front of me.

The two entangled for a while, and the willing Magnolia was forced into the corner by Wang Kexin who was holding a pin. This time it was unavoidable, and there was no way out...

## Chapter: 805

"Smelly bitch, let me see where else you can hide this time? Don't you like to call me a chicken? I ruined your face this time, so you can't do it." Wang Kexin smiled viciously.

She was so excited now, she was so excited when she thought of the woman in front of her who was so many times more beautiful than she, and that this beautiful face was about to be destroyed in her own hands.

Seeing Magnolia's panic, Wang Kexin wanted to torture her slowly.

Just a stinky woman, ruined ruined! Anyway, behind her, Shen Xu was in charge of her, and she could be fished out with any money.

Thinking of this, Wang Kexin is even more worried about the future.

"Do you know who I am? You dare to move me. Believe it or not, I will leave you dead." Bai Magnolia said angrily.

Wang Kexin curled her lips in disdain, and slapped Magnolia's beautiful face directly.

This slap was very loud, and Wang Kexin didn't show any mercy to her subordinates. She couldn't wait to slap Magnolia's face directly with this slap.

There was a loud applause in the corridor, but it was already around 12 o'clock in the evening, and there was no one at all.

Ever since she was a child, Magnolia has never been beaten. She has always been the jewel in her hand in the Bai family. When did she suffer such grievances?

A flash of light flashed in Bai Yulan's eyes, she raised her hand and grabbed Wang Kexin's hair, and she pulled it mercilessly.

Unprepared, Wang Kexin suffered a big loss, and didn't want to waste time with Magnolia, so she took the pin in her hand and struck Magnolia's beautiful face.

She didn't believe it. If Magnolia had a slap-length scar on her face, would anyone like her?

At the critical moment, one hand grabbed Wang Kexin's arm and threw her a few meters away.

She slammed into the wall and was dizzy. When she looked in that direction angrily, she was going to see what she dared to do to her.

But when Wang Kexin saw the man standing in front of him clearly, he subconsciously hid the pin in his hand behind him, and his voice only yelled, "Yu...Mr. Yu."

After waiting for a while, there was no imaginary pain on her face. Only then did Magnolia dare to open her eyes slowly. When Magnolia could see the person in front of her clearly, tears couldn't help falling.

Thinking but not thinking about it, she threw herself into Yu Sheng's arms and burst into tears. It was the first time that Magnolia was so aggrieved.

Yu Sheng gently patted Magnolia's back, listening to her sad cry, it was also distressed. After all, she was almost disfigured just now, and it is normal to be afraid.

When Wang Kexin found out that Yu Sheng had come out, she knew that she almost scratched her wife's face with fear in her heart, and wanted to sneak away when the two of them had a rest.

As soon as he raised his eyes to take a look at Yu Sheng, he found that Yu Sheng had a pair of eagle eyes staring at her. Wang Kexin felt that if he dared to take a half step, Yu Sheng would most likely kill her directly.

There was a shiver in her heart, and Wang Kexin stood there obediently, not daring to think of running away again.

After crying for a while, Magnolia was also tired from crying. After all, her tears were also limited. When she raised her head, she saw a large wet on Yu Sheng's coat, and her face turned red with just one

brush.

"I'm sorry..." Magnolia said choked.

Yu Sheng touched her head, smiled indifferently, and said, "This awful thing will be done in a while. By the way, what do you plan to do with that woman."

This was the first time in the rest of her life that she had treated her so tenderly. Magnolia felt happy in her heart, sweeter than eating sugar, and all her nervousness and fear just disappeared.

Looking at Wang Kexin in the corner, she said, "She just slapped me, so let's find someone to slap her a hundred!"

## **Chapter: 806**

"Is it just a hundred slaps? She wanted to ruin your face just now. If you want to scratch her face, it can be regarded as a relief for you." Yu Sheng proposed.

He has a little affection for Wang Kexin, this woman, and even feels very disgusting, and just before, he was trying to do something with him.

Magnolia looked up and down at Wang Kexin, and said, "Just like her appearance, it doesn't seem to make any difference whether she draws flowers or not? They all seem ugly, let's slap a hundred slaps."

Yu Shengzhe resisted "pouch" and laughed out loud. He didn't even think that Magnolia would say something like this, but she was also wrong. A look like Wang Kexin was indeed not enough in Magnolia's eyes.

Wang Kexin's face was gloomy in the corner. She was the person who cared most about her appearance, because she had always held a grudge when calling her a young lady but not a beautiful girl in the plane for the rest of her life. What's more, the two people in front of her laughed at her appearance.

Saying that her face is like drawing flowers or not, Wang Kexin has no way to tolerate it. It is simply throwing the things she cares about on the ground and rubbing them.

But even though she hated her, there was no way. The two of them, and she was alone, couldn't fight or escape, so she could only stay here at the mercy of others.

For the rest of his life, he didn't have to hit Wang Kexin with his own hands, and saw the security guard in the hotel and gave the security a tip of 10,000 yuan.

With a tip of 10,000 yuan, the security guard was overjoyed, and he was able to guess that the exposed woman in front of him must have offended the mysterious big boss.

So the slap was extremely loud, hoping to let Yu Sheng see his hard work for the next good thing like this.

When she returned to the room, Magnolia held her tightly for the rest of her life and said that she would not let go, her big watery eyes with tears.

For the rest of my life, I couldn't ignore the look of pity, but the woman who was most afraid of seeing it cried.

"I was almost scratched by someone's face. Now when I close my eyes, my eyes are the scratched eyes on my face. I'm so scared." Magnolia's eyes drooped, her tears fell asleep and her eyes fell, looking aggrieved. Extremely.

In the face of the rest of her life, Magnolia has always behaved like a little woman, ignoring her essence of being a strong woman.

For the rest of her life, she can understand that a beautiful woman like Magnolia cares most about her face, and her fear is still being cleaned up.

There was some self-blame in his heart. If it weren't for himself, maybe Wang Kexin and Bai Yulan didn't

have any communication at all.

If something like this happens, the rest of my life is also responsible.

“What should I do to make you better?” Yu Sheng said cautiously. In fact, he, a straight steel man, didn’t know how to comfort a girl.

Magnolia grabbed the corner of Yu Sheng’s clothes with her little hand, and moved her whole body to where Yu Sheng was, without appearing deliberately.

“I live alone and I’m afraid. Can you accompany me? I’m afraid I wake up from a nightmare and see someone scratching my face with a blade. I’m really scared.”

Speaking of Magnolia’s eyes, a thin layer of mist was cast in her eyes. Seeing this, Yu Sheng agreed with it even though she thought about it.

“Yes, I’ll be with you, don’t cry, I don’t see a woman cry most.” Yu Sheng said helplessly.

Magnolia got her wish and lived in the presidential suite for the rest of her life.

At first, she wanted to sleep on the sofa for the rest of her life, but Magnolia used the same method to ask her to stay with her for the rest of her life.

Moreover, I asked Yu Sheng to sleep in the same bed too much, which made Yu Sheng no way to accept it.

“For the rest of my life, if it weren’t for what happened to you today, it wouldn’t happen. Do you know how much a shadow this incident left in my heart?

Now I just want you to accompany me, but you are not willing.”

Magnolia had no excuses for the rest of her life with this remark.

## **Chapter: 807**

Magnolia was wearing silk pajamas, which undoubtedly showed her exquisite figure, with a pair of fair and slender legs exposed outside.

A perfect stunner is lying on the same bed with himself, and it is impossible for the rest of his life to have a heart-stopping heart.

With your eyes open, you can see the two groups of things you want to show up. When you close your eyes, you can see the slender and white legs of Magnolia.

In addition, I haven’t touched Yang Zihuan since I found out that Yang Zihuan has feelings for her other identity.

The accident with Xu Qianqian in the car was also a matter of time.

He is only in his twenties, and he is just the age of blood and energy. He has not touched a woman for so long, and his heart is more or less agitated.

The white magnolia lying next to him has brought great torture to Yu Sheng and mentally. If it was another man lying here, I would have been unable to bear it for a long time.

Fortunately, the rest of his life has amazing concentration. He has persisted until now. He just wants to wait for Magnolia to fall asleep, sneaking out to take a cold shower, and then sleep on the sofa.

And Bai Yulan has been squinting her eyes to pay attention to Yu Sheng’s direction, and her heart is even more anxious than Yu Sheng, wondering why he still doesn’t do it?

If the rest of her life is really strong, she will definitely not resist.

But half an hour passed, and there was still no reaction for the rest of her life, which made Magnolia anxious!

He didn’t respond that he couldn’t sit still, and Magnolia directly kept the rest of his life nestled in his arms.

"I'm so scared, if I can't sleep alone, just let me hold you like this, just for a while, and let go when I fall asleep." Bai Yulan begged Yu Sheng with a grieved expression on her face.

This.....

Didn't this double his torture?

Seeing the white magnolia nestled in his arms like a kitten, the rest of his life felt restless and uncomfortable. It was neither a push nor a pull.

Inexplicably, I began to fantasize about having some unsuitable scenes with Magnolia, and some parts of the body also reacted unexpectedly.

For the rest of his life, his breathing slowly became hurried, and if this continues, he is really going to be tortured by Magnolia and can't hold on anymore.

Magnolia, who has been paying attention to the rest of her life, has long discovered that there is something wrong with him. It is this kind of effect that she wants, and a smile is drawn at the corner of her mouth.

She now finally understands what Yu Sheng is most afraid of. It turns out that this guy can't see girls cry, or see girls being wronged by him.

As long as she grasps this characteristic of Yu Sheng, is Magnolia still afraid that she won't be able to eat him?

Thinking of this time, Magnolia rubbed Yu Sheng with her high career line, and wanted to break through Yu Sheng's last line of defense as soon as possible.

At this time, Yulan broke free and sat up directly from putting it on, and ran to the bathroom for a cold shower besides any other words.

Magnolia was annoyed and slapped the quilt with her hand in annoyance. She almost didn't want to touch herself, so she ran to take a cold shower. It was too much!

On the other side, Wang Kexin had already been slapped a hundred slaps by the security guard, and his original pretty face had been beaten into a pig's head.

At the end of the fight, Magnolia was already conscious on her face. She only felt uncomfortable and swollen, like a piece of cement stuck to her face.

"I...I remembered you, you wait for me!" Wang Kexin vaguely said harshly to the security guard who beat him, but her saliva just started to fly, and she didn't have any image at all.

He returned to her room with Shen Xu in embarrassment. As soon as he opened the door of the room, Shen Xu, who had been sleeping on the bed for a while, was awakened by the sound, and he opened his eyes and looked at the door.

When I saw a woman wearing erotic underwear with a swollen face like a pig's head, suddenly she was completely sleepy, wondering where the monster came from the door.

He picked up the pillow and smashed it in Wang Kexin's direction. Seeing what the pig head wanted to say, Shen Xu ran over and lifted his leg to kick Wang Kexin out of the room, and then locked the door.

"There is actually a pig head monster in the Bulgari Hotel, which scares me to death. Fortunately, I act fast." After solving the pig head monster, Shen Xu clapped his hands and murmured alone.

Suddenly seeing the empty bed without Wang Kexin's figure, Shen Xu felt a burst of doubt in his heart.

"Where did Wang Kexin's sex go? Could it be that the pig head was eaten by the monster, right?"

Thinking of this, Shen Xu picked up the phone and called Wang Kexin. At this moment, the sound of the phone call came from the door, and Shen Xu looked back in surprise.

**Chapter: 808**

Yu Sheng and Magnolia visited many shops in the remaining day, hoping to find a birthday gift for the father.

But in the end, there was still no way to pick a suitable gift, and the rest of his life put all hope on himself, in the jade box that he brought.

If there is really no suitable one, then you can only take out this. If it is a birthday gift, it is not bad, Yu Sheng thought.

Seeing Yu Sheng being so absent-minded, Bai Yulan was a little angry. This is his grandfather's birthday banquet! How could this guy be so careless?

Magnolia pinched Yu Sheng's arm directly, and complained: "How can you be so distracted? If my grandfather is not satisfied with you, won't our two affairs be a mess?"

There was a wave of helplessness on Yu Sheng's face, he was forced to attend the birthday ceremony, forced to choose gifts, and forced to satisfy her grandfather.

"I don't say that I must marry you! Besides, I am also prepared for the future, don't worry about that!" Yu Sheng explained.

Upon hearing this, Magnolia immediately became displeased and took Yu Sheng's arm directly, pouting and saying rascally: "I don't listen, I don't care, anyway, I'm going to marry you!"

Inexplicably, Yu Sheng actually thought that this kind of white magnolia was a little cute, and didn't want to break free from her holding her hand for a while.

She has really changed a lot from the previous, gentle and polite, she is very cute now, and she even has a little like for the rest of her life.

Everyone has seven emotions and six desires, and the rest of his life is no exception. If you say that after divorcing Yang Zihuan, then marrying again may be the best choice for Magnolia.

Seeing Yu Sheng's refusal, a smile appeared on Bai Yulan's face, and she ignored all the preparations for her grandfather's birthday gift.

Leaning her head on Yu Sheng's arm, Bai Magnolia didn't say anything, she kept walking like this. The scene now is too warm, like a dream.

This was the first time that the super steel straight man in Yusheng didn't directly reject her, indicating that her opportunity had come and this guy was tempted by himself.

The more I think about it, the happier I am. Magnolia feels that the air she breathes is sweeter, and she feels very comfortable.

Bai Yulan took Yu Sheng's arm, and the two people were shopping like a sweet couple, and finally stopped at a jewelry store.

"Will you give me a piece of jewelry? I think your vision should be good." Bai Yulan stopped at the door of a good-looking jewelry store and suggested with a smile.

The two people have known each other for so long, and this guy Yu Sheng has always kept her distance. Now that she has finally found the opportunity, Magnolia must deepen her thoughts in Yu Sheng's heart.

The rest of her life was stunned when she heard what Bai Yulan said. How could she lack jewellery for the grand lady of the Bai family? Since he wants it, send her off!

"Okay, you choose, I will pay the bill." Yu Sheng said simply.

Although he was not particularly satisfied with Yu Sheng's answer, he did not have a good mood to affect Magnolia, and took Yu Sheng's hand into the jewelry shop happily.

Magnolia's beauty is so outstanding, it is impossible to keep a low profile, as soon as she walked in, it attracted the attention of most people in the store.

Everyone talked in whispers.

“Oh my god, it’s a shame that such a beautiful beauty has found a boyfriend.”

“Yes, that’s right! This man is so average, how did he find such a beautiful girlfriend?”

“You have money! This is the 21st century. As long as you have money, you can’t find any beautiful women. Alas, what a pity.”

“The good cabbage is let by the pig.”

### **Chapter: 809**

For the rest of his life, he is a martial artist, with his six senses surpassing ordinary people. What’s more, the voice of their speech is not concealed at all, and they are not afraid of hearing it for the rest of their life.

What is good cabbage, let the pigs go? What do you mean by putting flowers on the cow dung? I was speechless for the rest of my life.

He just walked with Magnolia, and he became cow dung and a pig in the eyes of others. If Magnolia took the initiative to pursue herself, would he be shocked by those people?

Magnolia hid her face and snickered, looked up at Yu Sheng and smiled: “They all say you are not worthy of me, this lady is wronged with you now, you have to be nice to me!”

“Okay, okay, you quickly see what you like, I’ll buy it for you.” The rest of my life didn’t want to continue that topic, so I skipped it.

She narrowed her mouth, seeing that Yu Sheng didn’t want to talk about this topic, Bai Yulan had to skip it angrily and put all her thoughts on the jewelry.

At this time, the shopping guide lady called the customers and came up to greet them with a smile.

When she came to them, she couldn’t help but take a look at Yu Sheng.

The main reason is that the white magnolia is too beautiful. It is much more beautiful than the first-line stars on TV, so I am very puzzled. How did this ordinary young man chase such a beautiful girlfriend?

The shopping guide looked carefully, and found that Yu Sheng’s dress was different from what she thought. There was a brand-name clothes all over her body, even her wrists were bare, and she didn’t even have a watch.

No matter how you look at how Yu Sheng looks like a poor thread, it can only be said that it is a long and good poor thread.

Looking at Yu Sheng contemptuously, the shopping guide put all his thoughts on Magnolia, and smiled and introduced him to the jewelry in the shop.

“Miss, this is the first time I have seen you. For a beautiful beauty like you, I feel that the jewelry in our shop has lost its color on your body!

I am embarrassed to take you to see the others, or I will show you the treasure of the town in our store?”

The shopping guide first praised Magnolia for a while, and then introduced the topic to the treasure of their store.

Magnolia’s praise for the shopping guide lady is still very useful, and she is also interested in the treasure of the town shop she says.

“If that’s the case, take it out and have a look!”

Seeing that Magnolia said so, the shopping guide lady smiled and went to the store to get their treasure of the town.

Where did Magnolia and Yu Sheng wait aimlessly for the shopping guide’s return.

At this moment, a middle-aged man in his thirties came over, his eyes all falling on Magnolia's body. The man is tall and thin in a suit and leather suit and looks gentle with glasses, but the look in his eyes towards Magnolia is not so simple.

After the man walked over, he stopped by Bai Yulan, with a slight smile on his face, stretched out his hand and said, "Hello, miss, I am the manager of this store."

Bai Yulan just glanced coldly at the man's outstretched hand, and then all her eyes fell on Yu Sheng's body.

"For the rest of my life, shall we change a couple's watch? I think it's very good." Bai Yulan suggested. Magnolia ignored the men who took the initiative to greet her, but treated her like a gentle and obedient little rabbit for the rest of her life.

"It's not necessary, and you and I are not a couple now, you will be misunderstood if you take it out." Yu Sheng said lightly.

As soon as these words were spoken, Magnolia's face changed, and she looked at Yu Sheng aggrievedly: "Why aren't you a couple anymore? You asked me to hold your arm. Why have you changed your mind now?"

The male manager who was ignored by the side was surprised, such a beautiful beauty was so proactive about this ordinary-looking man, this man actually didn't appreciate it.

He was going crazy with excitement when he saw it, and he wanted to get started and fix it for the rest of his life.

At this moment, the shopping guide came over with a box.

## **Chapter: 810**

"Beauty, the treasure of our store is here." The shopping guide smiled and slowly opened the box.

A shining diamond necklace was displayed in front of everyone. The necklace was inlaid with more than 500 large and small diamonds. Only the pink diamond in the middle that looked the size of a dove egg was the most dazzling.

The customers in the shop also noticed the sight here, and they all gathered around, looking at the treasures of the town shop above, all showing longing expressions.

The necklace was too gorgeous, and many of the female customers who were there covered their mouths with excitement.

Even though Magnolia is the eldest lady of the Bai family in Beijing, she is also tempted by this necklace. There are no girls who turn a blind eye to this beautiful jewelry, and she is no exception.

In fact, the treasure of the town shop Lover's Heart is rarely brought out, because the price is too expensive, and few people can afford it.

The reason why the shopping guide would take out this necklace is to simply watch Yu Sheng's jokes. She thinks that Yu Sheng is a scumbag through and through. Maybe it was some shameful means to chase Magnolia.

But when Magnolia fell in love with this necklace and couldn't afford it for the rest of his life, then he had no way to continue wearing it in front of Magnolia.

The reason why the shopping guide thinks this is that she used to have a boyfriend with an ordinary family and an ordinary-looking boyfriend, who ate her and drank her, and finally scared him away by asking him to pay for it.

"Beauty, this necklace is the heart of lovers in our store. I think only this necklace can match you." The shopping guide said with a smile to Magnolia, his eyes unconsciously aiming in the direction where Yu

Sheng was. Glanced.

"It's pretty good-looking, but I don't plan to buy a necklace." Although Magnolia was tempted by this necklace, she really didn't come to the jewelry store to buy a necklace.

She just wanted to buy a couple watches with Yu Sheng.

"Beauty, I think you have a good relationship with your boyfriend. If you like it, let him buy it for you. It can also test his feelings for you." The shopping guide said.

At this time the manager with eyes also spoke: "Yes, Miss, if you like it, let your boyfriend buy it, even if you don't bring it as a souvenir."

After speaking, the manager looked at Yu Sheng with a smile, looking forward to seeing his jokes, how could he have such a beautiful girlfriend because he wears so ordinary clothes for Yu Sheng.

This necklace is worth one hundred and five million, and it's a poor silk like him. Hearing this number makes you scared to pee, right? At that time, I can also be ashamed in front of beautiful women.

Although he didn't buy it, it didn't prevent him from taunting Yu Sheng and seeing the beauty disappointed in Yu Sheng.

Seeing everyone saying this, Yu Sheng looked at Magnolia and asked, "Do you like this necklace? If you like it, I will buy it for you."

As soon as this remark came out, everyone was in an uproar.

They all feel that Yu Sheng is talking big, this necklace is full of diamonds, even if they don't know the price of this necklace, they understand that it will be scarily expensive.

This temperament is ordinary, and the dress is ordinary. The young man actually boasted that he wanted to buy this necklace for this beautiful woman in Haikou. It was no good or bad.

When Yu Sheng said this, the shopping guide showed a surprised expression. She originally wanted to make a good point and ask Yu Sheng to buy this necklace for the beauty, but she didn't expect that Yu Sheng would directly bring it up by herself.

That's good, saving her work, the shopping guide asked with a deep smile on his face: "Sir, are you sure you want to buy this necklace? This necklace is worth 150 million yuan!"

One hundred and fifty million. When they heard the price of this necklace, everyone present was shocked. They could guess that this necklace was expensive, but they did not guess that this necklace was so expensive.

Immediately everyone's eyes fell on Yu Sheng. This young man who didn't know what to do just now said that he would buy this necklace for this beauty. I don't know how he will end up after hearing the price of this necklace.
