

Dont mess 851

Chapter: 851

Now that the effect of the medicine has slowly dissipated, the host only feels that he is weak, and the pain on the shoulder where he has just been photographed by Yu Sheng is unbearable.

The strength of the young man in front of him is unfathomable, and the host knows that the gap between himself and him is not so big.

Even if he took the pill, he couldn't hurt him. I was afraid that only the master abbot could deal with this young man.

"I am unwell, someone will help me down!" The host master did not intend to take a palm for the rest of his life, but ordered the other two monks on the stage.

"Wait!" Yu Sheng stretched out his hand to stop the two monks from coming forward, staring coldly at the master abbot and said word by word: "Master abbot is a sacred monk, how can the things that I promised before not be accounted for?"

The master of this sentence said that his face was red and his ears were red. He did promise the rest of his life before, but now his body is extremely weak, plus knowing that the young man in front of him is extraordinary, and he has a retreat in his heart.

His complexion was extremely ugly and said: "I said, I'm not well, so let's do today's thing!"

Yu Sheng smiled contemptuously, and said lightly: "Master Abbot, you are not afraid anymore? I'm just an ordinary person, how can I hurt? How about a monk who got like you?"

Hearing what Yu Sheng said, the master abbot's face became even more ugly, but in order to save his life, he had to swallow his breath.

"I've said it all, let's forget about today's affairs, is it possible that you still have to force me?"

Yu Sheng snorted coldly and said, "The master abbot is really a nobleman who forgets things! The young guy said he believed him before and asked you to let him go, but you still shot him."

"This..." The master master clenched his teeth. At that time, he was indeed intent on killing the young guy, and now he is in a bad position to mention the old things again.

"This is Qingshan Temple. Is it possible that you insist on fighting against me with Qingshan Temple? I'll give you a chance. If you go down now, this matter will be fine, and Qingshan Temple will not bother you!" There is no other way but to take out the Qingshan Temple again to suppress the rest of his life.

"I said, I'm not paying attention to the small Qingshan Temple, Master Master, you are ready, I am going to take action now." Yu Sheng rolled up his sleeves exaggeratedly, and made a big preparation. What a scene.

The master abbot, who knew that Yu Sheng was unusual, saw Yu Sheng like this, dragging his limp body, and kept backing away.

"What...what are you doing? Come on! Help! Get this guy out of me." The master host didn't bother to think about his image anymore and yelled at the two little monks.

The two young monks who wanted to step forward were so scared by Yu Sheng's eyes that they stepped back a few steps, and did not dare to step forward.

The people in the audience who were going to watch the rest of their lives were stunned by the scene before them. How could the development of this matter be different from what they expected?

The master master is a sacred monk in Qingshan Temple. How could he be afraid of an ordinary young man in his twenties?

And I was frightened like this. Why is this thing getting more and more wrong?

For the rest of his life, he did not hesitate. He would not be merciful to such a cruel person who doesn't take the lives of others as the same thing.

He slapped the master abbot on the ground.

It is relatively easy for a master of the master realm to deal with a small warrior. This palm is only used for the rest of his life.

His original intention, but he wanted to punish him well and make him repent for what he did.

The palm of the rest of his life directly knocked the master abbot off the stage and stopped on the ground tens of meters away.

Although his life is safe, the bones of the whole person are broken, and the rest of his life will be spent in bed, and the whole person is also considered useless.

Chapter: 852

Everyone who saw this scene was almost shocked by their jaws. This is the first time that Qingshan Temple has been established for so many years.

The master host was provoked first, and then crippled by being beaten to fly.

"This...this...how is it possible? That is the famous monk in Qingshan Temple! How could it be shot directly by a young man?"

"Oh my God! It's really eye-opening. This young man is even better than the master master of Qingshan Temple. Is this still a human?"

"Looking at the appearance of the master host, even if he can't get out of bed for a lifetime, this young man is really ruthless to start! I really don't put Qingshan Temple in his eyes."

The young guy who was rescued by the host thought he would end up like him for the rest of his life, but when he saw that the master abbot who had been cruel to him before was beaten by the hand of Yu Sheng, his heart was full of enthusiasm. what!

Twenties are when they are young and vigorous, if they have the ability like Yu Sheng, it would be too handsome.

After solving the rest of the abbot's life, he took a look, and the two young monks shrank in the corner of the stage, with a smile on their mouths and then stepped off the stage.

Seeing that Yu Sheng hadn't done anything to them, the two little monks also let out a deep sigh of relief, as they escaped.

Yu Sheng, just after coming off the stage, one big and one small figure fell into his arms. Magnolia kissed his cheek and said: "Yu Sheng, why are you so amazing? I used to I haven't found out that you have such a great ability."

Xiao Shui also learned everything, and kissed Yu Sheng's cheek: "Dad is so amazing! He has shot the bad guys away! Xiao Shui will also become as powerful as his father."

At this moment, the young guy who had been dropped off by Yu Sheng also ran over, grabbing Yu Sheng and said excitedly: "Benefactor, your trick just now is so handsome, can you accept an apprentice?"

Yu Sheng shook his head awkwardly: "For the time being, I still don't have the idea of accepting apprentices. Depending on what you look like, you should be a student. Now the main task should be to study hard!"

When the young guy heard Yu Sheng's words, the eggplant that seemed to be beaten by the frost suddenly became frustrated, and he sighed and said: "Okay benefactor, you are my savior, I don't force you."

Yu Sheng smiled, picked up Xiao Shui, and planned to find a restaurant to have a meal with Magnolia.

After all, there was nothing interesting in Qingshan Temple.

When passing by Wang Dandan, I saw that her face was terribly ugly, as if she had eaten shit.

Zhang Shuo was originally hostile to Yu Sheng, but now that Yu Sheng has such a great ability, he has a heart to make friends.

So he stepped forward, took Yu Sheng's shoulders and smiled and said, "Little brother, when you just went up to challenge the master abbot, I was terrified. I was worried about you at the time. I really admire me for his ability!"

Yu Sheng smiled, and didn't go to talk to Zhang Shuo about martial arts, and changed the subject:

"Fortunately, I'm going to take my son and my friends to dinner now, so I will leave first."

"Little brother, I know better about this side. I know where the restaurants taste good, otherwise I will treat you to a meal!" Zhang Shuo suggested.

Yu Sheng nodded and agreed. This is the first time they have come to Jiangcheng, and they don't understand here, plus he still has a good impression of Zhang Shuo.

Wang Dan, who had been watching by the side, was unreliable. She had no idea that Zhang Shuo would not even ask her a question, so she would take the young man who knew nothing about life and death to dinner.

Although, she was very disgusted with Yu Sheng in her heart, but she still hadn't forgotten the picture of Yu Sheng shooting the master abbot to fly out, so she instinctively feared Yu Sheng and didn't dare to be as open-minded to her as before. .

Chapter: 853

"Okay, let's serve these first!" Zhang Shuo ordered a bunch of the more famous dishes here, and then he closed the menu and returned it to the waiter.

"Yu Sheng, the food in this restaurant is the most famous here in Shili Baxiang. I have not come to Jiangcheng once or twice. I have all experienced it." Zhang Shuo said with a smile.

"Oh? Although the monks in Qingshan Temple are more famous, they don't come here many times, right?" Yu Sheng asked suspiciously.

"This is a long story. There is still no production anyway. I will tell you more about it."

Zhang Shuo told Yu Sheng all the reasons why he came here.

Zhang Shuo and Wang Dan met at university, and they have talked for a few years. They both do business at home, and their living conditions are very good.

If you have to be superior, then Wang Dandan's family business is relatively extensive, and Zhang Shuo's family requires many things to help Wang Dandan's house.

Wang Dandan is an only child, spoiled since childhood, and his family is better than Zhang Shuo, so he is relatively strong.

The reason why the two people came to Qingshan Temple many times was to be able to approve the teacher. Zhang Shuo hopes to join Qingshan Temple to learn the legendary magic.

Of course, there are monks in Qingshan Temple and secular disciples, but the requirements are relatively high, and the abbot in the monastery must see the determination of that person before accepting disciples.

It probably means that people can add more sesame oil money. The more sesame oil money is added, the more likely it is to be accepted as an apprentice. So Zhang Shuo brought more than 200,000 yuan this time, hoping to get it.

After listening to Zhang Shuo's narration, Yu Sheng was even more sure that this so-called Qingshan

Temple was not a Buddhist holy place.

The master abbot in the monastery took pains to kill an ordinary person, and the abbot made a lot of money by virtue of magical work.

Even if he knew the truth, Yu Sheng didn't plan to take care of this nosy. After all, he took his son and Magnolia on a trip this time.

"By the way, Yu Sheng! You severely injured the master abbot this time, and Qingshan Temple will definitely not let you go so easily." Zhang Shuo kindly reminded.

Yu Sheng patted Yu Sheng on the shoulder, and said indifferently: "I don't care about this. If they come, I will clean them up, thank you!"

Knowing that Qingshan did those activities secretly for the rest of his life, he didn't intend to take care of them.

Seeing Yu Sheng's appearance, Wang Dan curled his lips in disdain, and muttered in a low voice: "I really don't know how to live or die. I think he is invincible if he is capable? Cut! I don't know how to die by then."

Zhang Shuo hit Wang Dandan with his elbow and gave her a look, but Wang Dandan didn't care, so he just said it out loud.

"Why did you hit me with your elbow? Am I wrong? He offended Qingshan Temple! Although he is very powerful, the abbot in Qingshan Temple can exert the power of a bullet with a small stone. , Why is he not looking for death?" Wang Dandan said angrily.

Zhang Shuo was embarrassed and pulled his girlfriend and asked her to apologize to Yu Sheng, but Wang Dandan ignored him at all.

After sighing, Zhang Shuo said apologetically: "I'm sorry Yu Sheng, my girlfriend is such an outspoken person. In fact, she is a tofu heart with a knife-mouthed tofu, and her heart is not bad."

Zhang Shuo's tone became heavier when he said, "Yu Sheng, the abbot in Qingshan Temple is a real master, but I saw with my own eyes that he can pick up a bamboo leaf and insert it into the wood more than ten meters away. ."

After listening to Wang Dandan and Zhang Shuo's description, the abbot in the Qingshan Temple may also have the strength of the Grandmaster Realm.

Chapter: 854

Thanks to Zhang Shuo, Yu Sheng didn't plan to care about anything with Wang alone. During these years in Qiancheng, he forged his current tolerance.

After eating and drinking, the three of Yu Sheng went back to their room. On the way, Magnolia suffocated her breath and said: "Are you the person you usually love and hate? Why do you especially condone that pesky Wang Shandan today?"

"It's not necessary." Yu Sheng said indifferently, and then put all his thoughts on Xiao Shui, and asked: "Is Xiao Shui full today?"

Xiao Shui patted his chubby belly and said, "It's so full! Dad, I want to go for a walk."

Upon seeing this, Magnolia immediately raised her watch: "I also very much agree with Xiaoshui's proposal."

As if they had negotiated, the two of them blinked to each other, and slapped their palms back.

"But I heard that there are many children here who went out to play and got lost. They called the police and there is still no clue." Yu Sheng said.

When he went outside to smoke with Zhang Shuo before, Zhang Shuo asked Yu Sheng to take a child out

to play, so he reminded Yu Sheng to be more vigilant.

“Of course you have to be a bodyguard too! I have seen your skills, what are you afraid of?” Magnolia patted Yu Sheng and said with a smile.

It is indeed like this, he is a master of the Grand Master Realm, if someone hits Xiao Shui’s head with his attention, he can teach it easily.

After some discussions, the three of them planned to go for a walk and digest.

Qingshan Temple

An old monk in his sixties and seventies, wearing a robes sewn with gold thread, looked as if he had passed a layer of golden light.

He closed his eyes and sat cross-legged, chanting the scriptures and knocking the wooden fish in his hands, giving people the feeling of being an eminent monk.

After all the people who came to add the sesame oil money in the Buddhist hall were gone, he opened his eyes and threw the wooden fish in his hand casually. He stood up and asked the little monk beside him: “The host really makes people beat him. NS?”

Seeing the master abbot questioning himself, the little monk did not dare to conceal it.

Hearing this, Master Abbot frowned. It was the first time he encountered this kind of thing when this Qingshan Temple was established for so many years.

There were countless people who came to cheat her before, and I thought that there would be people to pick things up today, so I really didn’t put him, the abbot of Qingshan Temple, in his eyes.

“Are you sure that the young man broke all the bones in the abbot’s body with one palm?” the master abbot asked.

“It’s true, Master Fang Zheng has been sent to the hospital now, the master abbot, although his life is saved, but there is no way to get out of bed in the future.” The little monk said conclusively, for fear that the master abbot would anger him. Body.

Upon hearing this, the master abbot became very angry and kicked the wooden fish on the ground. The wooden fish flew out and hit the incense burner in front of the Buddha statue.

The incense burner was smashed to the ground by the wooden fish, and the incense ash was scattered everywhere, and the so-called master abbot of the Taoist monk didn’t even look at it.

For a chess piece that has lost its function, it is completely useless. Even if the master abbot is paralyzed, the master abbot does not intend to take a look.

“It’s really a useless thing. The person I have cultivated over three years has been beaten by one hand. Have you ever been to find out who this person is?” the master abbot said coldly.

The little monk did not dare to neglect, so he ran out of the temple to investigate this matter.

Chapter: 855

“Dad, Aunt Bai, there is a temple here!” Xiao Shui yelled towards Yu Sheng and Magnolia who were talking behind him.

At this time, Yu Sheng and Bai Yulan also climbed up and saw the temple hidden in the mountains. The three characters of Qingshan Temple were written on the plaque above.

During the day, they went to Qingshan Temple. Although it was only a temple, the building inside was magnificent. Even the Buddha statues in the temple were made of gold.

And the Qingshan Temple that suddenly appeared in front of them was very different from the Qingshan Temple they went to during the day.

Although the Qingshan Temple in front of me is not dilapidated, it is still a few years old. The gate is

dilapidated and it is strange that there is dust on it.

Is it possible that there are still people here?

This possibility is very high. Yu Sheng frowned, wondering why there are two Qingshan Temples, and the gap between the two Qingshan Temples is so big.

“Dad, I want to go in and take a look!” Xiao Shui stared curiously at the gate of Qingshan Temple with big eyes, looking eager to try.

This Qingshan Temple reveals a gloomy feeling inside and out, adhering to the rest of his life that more is worse than less, and he plans to detour away, not thinking that Xiaoshui’s curiosity is so heavy.

After hesitating, Yu Sheng still intends to satisfy Xiaoshui’s little wish. After all, your own ability can’t hurt Xiaoshui and Magnolia even if there are some dirty things.

“Still not going...how do I feel like getting goose bumps when I get close here?” Magnolia shrank her neck. Ever since she saw the Qingshan Temple in front of her, it gave her a strange feeling, instinctively wanting to stay away from here.

Xiao Shui walked to Magnolia’s side, patted her chest and assured Magnolia: “Aunt Bai, don’t be afraid, Xiao Shui will protect you in front of you, even if I can’t protect you, there is still dad. !”

Although I was still very scared in my heart, when I heard what Xiao Shui said, the fear in my heart was reduced a lot. He touched Xiao Shui’s head and said: “Since Xiao Shui wants to see it, Aunt Bai will accompany you to see it anyway. Have a dad to protect us.”

Seeing that he was going to explore this Qingshan Temple, Yu Sheng didn’t hesitate to open the door of Qingshan Temple, and he heard “**哐**~” a harsh sound. The door was pushed open by Yu Sheng.

The sky is getting late, but fortunately the moon is better tonight, you can see the scene of the gate clearly, and rubbish on the ground can be seen everywhere.

Beer bottles, potato chip bags, Coke bottles, cigarette butts, broken clothes, even children’s shoes, even children’s hats and the like.

Seeing this scene, Yu Sheng is almost certain that there are people living here. Could it be that there is a family here with their own children?

However, Yu Sheng soon broke his previous thoughts. Yu Sheng found a small pool of blood on a dark corner. Even though it had been darkened, it could still be seen when it was the nearest.

“Yu Sheng, I’m afraid!” White Magnolia came to Yu Sheng trembling, and her whole person leaned in Yu Sheng’s arms, so that the sense of fear in her heart was reduced a lot.

“You take Xiaoshui and go back first! This place is weird, I’ll go take a look.” Yu Sheng said in a deep voice.

It was already more than eight o’clock in the evening, and now that the wild mountains and mountains asked her to take Xiaoshui back, Bai Yulan asked herself if she couldn’t do it.

“No, we must go back! What if you encounter any danger halfway?” Bai Magnolia said pleadingly.

She really doesn’t want to stay in this place anymore. It just made her hair stand up. For the rest of his life, this guy has to find out. Isn’t she really afraid of death?

Yu Sheng also knew that it would be bad if there was any danger on the way if the two of them were allowed to go back by themselves.

So I can only put away my curiosity about the Qingshan Temple in the mountain, and first send the white magnolia and Xiaoshui home.

During this period, Xiao Shui wanted to be with Yu Sheng, but Yu Sheng refused directly.

After Yu Sheng and others left the temple, a man walked out of the dark temple slowly, took out his mobile phone from his pocket and dialed a call.

“Someone is coming again. Among them is a child, but he just left, but listening to what they said in the chat, the man will come in a while. Does it need to be resolved?”

Chapter: 856

When Yu Sheng returned here, the sky was already pitch black, and the originally bright moonlight had been obscured by dark clouds.

There was no way, Yu Sheng could only take out his mobile phone, turn on the flashlight for lighting, and walk in cautiously for the rest of his life relying on this weak light.

It was okay at the beginning, but the more gloomy I walked in, it also deepened Yu Sheng’s mind that this place was really unusual.

After turning around for the rest of my life, I still found nothing. Only the pool of blood I found before was confirmed to be human blood through observation for the rest of my life.

How could there be nothing?

The reason why Yu Sheng plans to come and check it out is to see what opportunities there are here. It would be great if he could improve his current strength.

As the so-called quest for wealth and danger, Yu Sheng still believed in this truth, but this time his guess was beyond his expectation.

Leave now? For the rest of his life, he was unwilling.

At this moment, a flash of lightning flashed in Yu Sheng’s eyes.

He thought of a possibility, is it possible that this place also has a basement?

I still remember that Xiaoshui was caught in the basement when he was taken away. I thought of lying down here for the rest of his life, putting his ears on the ground and listening carefully, there was indeed a very faint sound of footsteps.

If it is an ordinary person, it is absolutely impossible to hear, but Yu Sheng is a master master, only then discovered the problem.

Sure enough, I guessed it right. This Qingshan Temple is not as simple as it seems. Since there are underground passages and there are people, where is the entrance?

This Qingshan Temple is very simple, only the Guanyin statue in the Buddhist hall inside looks very new, like it was built in recent years, is it possible that the entrance is there?

Thinking that he could walk quickly into the Buddhist hall for the rest of his life, the Guanyin statue in front of the statue bowed, and then climbed up, twisting the Buddha statue forcefully, and it was twisted by him.

A hole the size of a well appeared in front of Yu Sheng’s eyes. Compared with the pitch black hole outside, there was a faint light looming inside.

Yu Sheng didn’t jump down quickly, but listened carefully outside. There was someone ambushing underneath. After listening for a while, there was no unusual movement, and Yu Sheng jumped down.

As soon as I jumped in, there was a noise, and for the rest of my life, I heard someone shouting in the distance. Someone had found it. Then there was noisy footsteps.

In this small basement, and without knowing the opponent’s strength, Yu Sheng didn’t plan to do it lightly.

With his strength, this basement may collapse at will, and maybe he will be buried in it at that time, that’s not good.

Now that it has been discovered, he can only find a place to hide first.

Fortunately, there are still a lot of rooms in this basement. It seems that there should be a lot of people

in it. So what kind of shame are so many people doing in this basement?

Thinking of things like shoes and hats of children outside, and what Zhang Shuo had said to him, Yu Sheng had a guess in his heart.

Like the last time Xiaoshui encountered, Yili is also a place where children's organs are thrown.

I hate people who do this kind of thing for the rest of their lives, and if they meet him, they have to take care of it.

Pushing open the door of a room, Yu Sheng intends to hide inside first, holding a person to understand the specific situation before proceeding.

The door was pushed open, and for the rest of his life, he saw a man and a woman doing business on the bed, and was shocked to see someone breaking in.

Chapter: 857

Seeing the two of them about to shout, Yu Sheng hesitated and turned into a phantom. In the next second, the person had already reached the bed and raised his hand to hit the back of the woman's neck.

The woman turned her eyes and fainted, and the other hand of the rest of her life had already pinched the man's neck, making him unable to make a sound.

And this series of actions were completed between the electric light and flint, and even the pair of men and women in the room had no time to shout.

"My next question, you have to answer me truthfully, don't call for help, or your end will be terrible!"

Yu Sheng's face was cold, his aura spread like Shura coming out of hell, and the man was pinched by Yu Sheng's neck at this time. He was so scared that he could not listen.

The man's neck was pinched by Yu Sheng, and he could only blink his eyes desperately to show Yu Sheng that he understood.

Upon seeing this, Yu Sheng released his hand and asked in a cold voice, "What are you responsible for in this place?"

The man whose neck was loosened by Yu Sheng didn't have the first time to answer Yu Sheng's questions, but was breathing air in big mouths. The feeling of suffocation just now was really uncomfortable.

It took a moment for the kung fu man to slow down, facing Yu Sheng's question, but he did not dare to conceal the slightest bit of concealment. As long as he dared to call for help, he would most likely be killed by Yu Sheng, so he hurriedly said honestly: "I It is responsible for the transportation of goods here."

Although he had a general guess about this place in his mind, Yu Sheng still asked: "What kind of goods will be transported and where will they be transported?"

"This..." When asked this question, the man's complexion was a little embarrassed. He didn't know how to answer Yu Sheng for a while, and wrapped his bare body with a quilt.

"If you don't want to say it, I won't embarrass you. The big deal is that I will catch someone, and I will not take your life or death in my eyes." Yu Sheng said lightly.

"Don't don't don't, don't do it, I said, I said, I all said that the goods are organs dug out by children who have been tricked over, and I mainly send these thrown organs to Shangjing." The man did not dare to have it. Concealed, all the one-fifteen-tenths were said.

Sure enough, even though he had already guessed in his heart, what he heard was indeed such a thing, and Yu Sheng's face still became gloomy.

When I think of the parents who have lost their children, they are still looking for their children, but they don't know that their children have already encountered this kind of poisonous hand.

"Tell me clearly, where exactly is it sent to Shangjing?" Yu Sheng's voice was cold and frosty, and the temperature in the entire room dropped because of him and became cold.

Hearing Yu Sheng's question, the man was clever, and a layer of cold sweat broke out on his back, and he tremblingly said: "Send...send...to the top...to the King's house."

Shangjing Wang's family, that is also Shangjing's first-line family, and compared with the Yu family, it is not distinguished from each other. I never thought that such a bright and beautiful big family would actually do such a shameful deed behind it.

Thinking of the villa on the outskirts of Qiancheng City, for the rest of my life, I only thought that those people were just selling human organs for huge profits. Now it seems that these two things are inextricably linked.

The villas in the suburbs are also used for throwing children's organs, and they have the same basement. It seems that these two places are used to provide organs for the Wang's family.

But what use are they asking for so many children's organs?

Chapter: 858

Yu Sheng asked the man about the specific situation here, about how many people there were, how many thugs, some had guns, or there were no children surviving.

The man was afraid of death, so he made everything clear for the rest of his life.

In this basement, there are a total of twenty-three people, the most of whom are engaged in transportation like this man.

There are also ten people who are responsible for finding suitable prey, and waiting for the found prey in this basement. Two of them guard the captured prey.

There are five other people who are thugs in this place, to solve the people who found this place to come to make trouble before.

Another person is the elder Hong Ye who is in charge of everything in this place. Among all the people, he has a gun in his hand.

The five or six children caught today have all been thrown out of their organs, and their corpses have been chopped up and thrown to Houshan to feed the wolves.

After hearing these words for the rest of my life, his face was gloomy and water was about to drip, and his fists were clenched tightly, making the sound of bone rubbing.

Seeing what Yu Sheng looked like, the man was scared to pee. The yellow liquid wetted the quilt, and a stinking smell filled the room.

The man cried and begged Yu Sheng for mercy: "Hero guy, I answered all your questions truthfully, you promised not to hurt my life, let me go! Please!"

唻!

In the man's scared begging for mercy, Yu Sheng didn't feel soft, but raised his hand and broke the man's neck directly.

Yu Sheng spit out a faint sentence: "I said, I never put your life and death in my eyes, and I never promised to spare you. If you hadn't told me all these things, you It's not so easy to die."

For the woman who was knocked unconscious on the bed by Yu Sheng, Yu Sheng did not let it go, and also broke her neck.

Although I don't know whether this woman has done any harm to the world, but staying in this place,

serving these men, you should die if you don't know it.

He has a basic understanding of this basement, and Yu Sheng has no worries. As long as the opponent does not hold a gun, it can still be resolved.

Pushing open the door of the room, two people happened to come here to search. The rest of his life came to the two people at an extremely fast speed, one hand in each hand, and quickly broke the necks of the two people, and then they Draggged into the previous room.

Three people have been resolved, and there are still twenty people in this basement. Some time will be wasted if this goes on, so the rest of my life simply goes to the Lord Hong directly.

As long as he was subdued, this matter would be much easier. During the torture of that man, Yu Sheng also knew where Hong Ye was.

When he came to the room, Yu Sheng pushed open the door and saw four or five strong people chatting in the room.

After seeing Yu Sheng coming in, the bald head sitting in the middle position widened his eyes, pointing to Yu Sheng and commanding everyone; "This guy broke in, hurry up and grab him!"

The bald man sitting in the middle position is the person with the most voice in this basement, Lord Hong.

"Master Hong, this is the man I told you about. I didn't expect him to find my place." A thin and tall man pointed to Yu Sheng and said.

Before that, he discovered that Yu Sheng had broken into Qingshan Temple. He originally wanted to go to the toilet. He didn't have anything on his body, and there were brothers on it, so he didn't take any action. Instead, he called Lord Hong.

But Lord Hong felt that he was not a child, and he didn't need to take action. Even if he came, it wouldn't matter much if he couldn't find the basement of Qingshan Temple.

I didn't even think that the person in front of me had actually found their lair, so naturally I couldn't let it go.

Lord Hong kicked the thin and tall man directly, and cursed, "Why are you still in a daze? Get on quickly and kill this man for me!"

Chapter: 859

Because of the ability in the basement, the internal power of the master level master is amazing, and for the rest of his life, there is no daring to use too strong internal power.

Yu Sheng's shots were fierce, and the starting positions were all in the place where people could kill with a single blow. Basically, as long as Yu Sheng was close to him, there was no way to survive.

The five small shrimps that are in the way must be resolved quickly. If an outside search comes here, things will be a bit difficult.

Lord Hong, who was sitting on the main seat, saw that his subordinates looked like pieces of paper, and fell to the ground with a random pinch by Yu Sheng and fainted.

His heart was shocked. Seeing that his subordinates were about to be dealt with, he did not dare to waste time. He directly took out a pistol from behind and aimed it at Yu Sheng's head with a shot. boom!

Seeing a bullet that looked like he had fired quickly, on the side of Yu Sheng's head, the bullet hit the wall behind Yu Sheng.

And there was a small deep hole on the wall in an instant, and you can see what kind of crisis this bullet looks like.

After avoiding the bullet, Yu Sheng's eyes were cold, and his figure turned into a phantom, running over like Hong Ye.

In the blink of an eye, the rest of his life appeared behind Hong Ye, and he snatched the gun in his hand with his backhand, stopped Hong Ye's head and said, "If you want to survive, let your subordinates be honest."

The cold muzzle was against Hong's head. He didn't expect the rest of his life to be so capable. In the blink of an eye, he came to his side, and now he still dominates his life.

Hong Ye raised his hands and shouted at his group of men: "You all stop me and stand there, don't move!"

Then he asked Yu Sheng again: "This is always okay, right? What are you capable people doing in my small place? I don't have anything to entertain you!"

He didn't know why Yu Sheng had to break into this basement, as long as he figured out the situation, he could still discuss with him and let him spare his life.

"Walking for the sky!" As soon as Yu Sheng's voice fell, he pointed at Lord Hong's gun and aimed at his men.

Bang bang bang!

He heard a few ear-piercing gunshots, and the three of them who had shot to the sound before fell to the ground, blood flowing everywhere.

At this time, the people who searched outside were also found. I opened the door and saw this kind of scene. Everyone did not dare to step forward, for fear that the next person to be targeted by Yu Sheng's gun would be himself.

Hong Ye was shocked. He didn't even think that the man who threatened him would dare to actually do something to his subordinates. He was angry for a while!

I took the courage and shouted to Yu Sheng: "You really dare to do something to my people. Do you know who the person behind me is? The big man behind me can make you die without a place to bury you, so I can give it to Lao Tzu. Let it go!"

Yu Sheng didn't pay much attention to the intimidation of Hong Ye, but said faintly, "How much authority does Shangjing Wang Family give you? Do you really think I will be afraid of you?"

"You...how did you know?" Hong Ye didn't expect to be shocked, and even his tone of voice began to stammer.

This young man who broke in even knew that they were from the Zhang family in Beijing, and even dared to come over to find something. Is he really not afraid of death at all?

Yu Sheng didn't answer Hong Ye's question, but the guns in his hand slammed into his head, and said coldly, "Don't be so nonsense, now hurry up and call the person behind you, just say me For the rest of your life, you have to hand them over and let them come."

Chapter: 860

Isn't this young man afraid of death at all?

He broke into the basement alone and didn't panic in the face of twenty-something people. Now he actually asked Hong Ye to call the Wang family and let them come over.

It's arrogant!

The bleeding from Yu Sheng's gun on the head of Lord Hong was the first time outside of the Wang family. He was treated like this for the first time. He was so angry with Yu Sheng in his heart!

He took out his cell phone and called Mr. Zhang.

After a while, the Kung Fu call went through, and Father Zhang's voice came from the phone: "What's wrong? Is there anything wrong with the call at night?"

Although Lord Hong hated Yu Sheng, his life was still in Yu Sheng's hands, so he looked towards Yu Sheng subconsciously, and he nodded.

Only then did Lord Hong speak, "Patriarch Wang, something happened to me. A young man broke into the basement and said he wanted to see you!"

Seeing what Hong Ye said was so tactful and completely unable to achieve the effect that Yu Sheng wanted, Yu Sheng grabbed the phone and said in a deep voice, "Old stuff, as the head of the Wang family, he still does this kind of damaging thing. I really don't need a bit of old face!

Tell you the truth! I did the things about the villas in the suburbs of Qiancheng. I did the things this time. If you don't come, I will collect good evidence and you will wait for the news tomorrow! "

After saying these words, Yu Sheng directly hung up the phone, and his murderous eyes fell on these people.

"When you do these bad things, you have ever wondered if your children will encounter this kind of thing one day."

He said that Yu Sheng laughed at himself and said, "No, I forgot that you don't have such a chance now. After all, beasts are not worthy of being fathers in this life."

As soon as the voice fell, Yu Sheng held the gun in his hand and pointed at the people at the door. Two shots were raised. After three loud bangs, the two fell to the ground.

Everyone was also taken aback. Although they were crowded, they couldn't survive the rest of their lives. They had guns in their hands! Going up there is no doubt looking for death.

Just thinking about running away, I heard Hong Ye shouting loudly: "Fuck me! This guy has run out of bullets in his snatch, let me catch him!"

Before the six bullets in the gun, he had shot three for the rest of his life, and now he has shot two more. They are all used up, and there is no threat to him.

Hong Ye stood up and wanted to take care of the rest of his life, and vent the humiliation of the rest of his life, but he forgot that even if the gun in his hand had no bullets, he could easily clean up all the people present.

At this time, Lord Hong was the closest to Yu Sheng. As long as Yu Sheng wanted to, he could easily break his neck, but this method of death was too cheap for him who did all the bad things.

Yu Sheng started very decisively. When he easily solved five or six people, the people present no longer dared to rush towards him.

Instead, thinking about the exit to escape, Yu Sheng went straight to the exit to block the exit, and the people here could not escape without his permission.

Everyone was in panic and their lives were blocked. Now that the god of murder is still here, it is really a dead end!

Go to Keio's house.

Wang Jingting looked gloomy with the phone in his hand. First, the base in Qiancheng was destroyed, and now even his biggest source of internal organs has been discovered.

"Unused things! Even these things can't be done well!" Wang Jingting smashed the cup on the table to the ground.

This was the first time he was threatened by a young man. Wang Jingting felt that his majesty had been insulted like never before.

His eyes became a line, Wang Jingting's eyes were full of murderous intent, and he had to make the

young man pay for anything he said.

Then he picked up the phone again and dialed a number...
