

Dont mess 861

Chapter: 861

In the basement, corpses were scattered all over the room. The death of those people was terrifying, and their necks were basically twisted behind their heads.

Looking at the corpses in one place, they were all subordinates who had called him brothers and sisters in the past, and they all thought of him as their heads, but now they are all dead in front of him.

And the people who killed him, walked in his direction with a smile, and they looked like Shura crawling out of hell to demand his life.

Lord Hong knew in his heart that all his men had died so miserably. The reason why that person didn't kill him meant that there were more cruel ways to deal with him.

As soon as he thought of this, the sense of fear in Hong Ye's heart continued to magnify, and the sound of the twisted neck was deeply rooted in people's hearts, lingering in his ears.

There is no way to escape today's death, Hong Ye knew in his heart that he didn't expect the rest of his life to let him go, just hope to be like his subordinates.

Then it doesn't matter if the neck is twisted to an extremely exaggerated arc, and that kind of death can be easier.

Looking at Yu Sheng, who was gradually approaching him, Master Hong picked up a knife in the hands of a dead man on the ground and planned to wipe his neck directly.

But when the sharp blade was about to touch his neck, Lord Hong felt a severe pain in his arm, almost fainting him from the pain.

When he fixed his eyes, there was a dagger stuck in his arm, which directly penetrated his entire arm. The pain before was all caused by this dagger.

Grandpa Hong grinned with pain, a lot of sweat burst out on his forehead, and the knife he held in his hand also fell to the ground.

"I didn't allow you to die like this!" Yu Sheng said coldly.

When I saw the big scene, Hong Ye had many lives on his hands, but when I heard the words Yu Sheng just said, his back was cold, and the cold sweat from his back soaked his clothes.

Death is an extravagant hope for him now...

Hong Ye laughed bitterly. An hour ago, he was still complacent because he was able to do things for the Wang family. He also thought that in the days to come, he must perform better, catch more children, and give the Wang family offal.

Sure enough, people are doing it, and the sky is watching, and I didn't expect that his retribution would come to an end in a few days.

"Please kill me!" Hong Ye said to Yu Sheng crying as he knelt on the ground, ignoring the pain in his arm. Yu Sheng sneered, raised his leg and stomped Hong Ye's head directly on the ground, almost smashing Hong Ye's head by the force.

"Do you know that this basement is so cold compared to the temperature above?" Yu Sheng asked.

The pain in his arm was already unbearable for Hong Ye. Now that Yu Sheng had stepped on his head, he really wanted to faint directly, so he wouldn't have to bear the pain.

However, his feelings are so clear that he is willing to do things. After listening to Yu Sheng's question, Hong Ye dare not answer. After all, he has always been curious about this question.

Ever since he built this basement and helped the Wang family do this kind of activity, his life has basically been spent in the basement.

So he felt the deepest. The temperature in this basement was much lower than outside, and it was basically frozen all year round. Even if it was summer outside, they would wear a layer of cotton in this basement.

Now when Yu Sheng asked about it, it also aroused the curiosity of Lord Hong, knowing that he wanted to die when he was about to die.

“Why... why?” Hong Ye asked tremblingly.

“Because in this basement are all the ghosts of the kids whose organs were scraped by you!” Yu Sheng said coldly, and then stepped on the feet of Grandpa Hong’s head for a few minutes.

Chapter: 862

When Yu Sheng entered this basement, I felt that this place was different. Later, I learned from the man that this place was really doing that kind of activity.

For the rest of his life, he opened the eyes of the sky, and only then discovered that this not-so-most basement is full of children’s ghosts, densely packed everywhere.

For the rest of my life, it is hard to imagine how many children these people have killed before this kind of scene will appear.

The reason why this happened in the basement has an indelible relationship with the squatting Buddha statue at the exit of the basement.

The ghosts of children are not fierce ghosts, they can’t be transformed into entities, and even more can’t seek revenge from those people.

It seems that because of the existence of Buddha statues, not only have they blocked their way to reincarnation, but they have also become weaker and weaker by the suppression of the Buddha statues. Being coaxed into this place by people from his parents’ side, and then forcibly scraping the organs to death by those people.

It’s already pitiful to die at a young age, and it’s simply not worth it if you end up in a desperate situation.

Regarding Yu Sheng’s words, Hong Ye naturally did not believe that ghosts, those were all feudal claims, and there was no such thing in this world.

But he couldn’t say anything, the pain had almost ruined him.

Glancing at the knife not far away, Yu Sheng released the foot that was stepping on Lord Hong, picked up the knife on the ground, and without the slightest hesitation, directly chopped off Lord Hong’s limbs. Suddenly, the room made a scream like a pig. For the rest of his life, there was no such piercing scream. There was a hint of tenderness, and the knife fell in his hand. Soon, Lord Hong was left with only one body.

Blood was splattered everywhere, and there were no exceptions to Yu Sheng’s body. In order not to be worried by Magnolia and Xiao Shui when he returned, he found a body similar to him among the dead and put on clothes.

Lord Hong, who was made into a stick, had already fainted with pain, and he had never cared about it for the rest of his life.

Out of the basement, Yu Sheng looked at the Guanyin Buddha statue, which was much higher than himself. In order to allow the children below to reincarnate earlier, this Buddha statue must be removed.

Running his own internal force, Yu Sheng took a deep breath and lifted the group of heavy Buddha statues, and then moved with difficulty to the outside.

It took more than ten minutes for Yu Sheng to move the Buddha statue out, and saw the gray and white child's soul leave from the basement.

The gloomy expression before the rest of his life slowly faded, but he sighed, feeling sad for the children in his heart.

The soul slowly disappeared to the horizon, and for the rest of his life he did not leave the temple, and sat on the roof, waiting for the Wang family to send someone over.

Those children's hatred, let him make a decision.

No matter how long Yu Sheng had to wait, he felt a strong aura slowly approaching him. Yu Sheng sat up straight and his eyes became focused.

At this moment, the gate of Qingshan Temple was pushed open again. The person who came in was a bald monk in his sixties. He was wearing a robes sewn with gold threads. Even in this dark night, there was a faint golden light.

Soon his black and cloudy eyes noticed that he was sitting on the roof for the rest of his life.

The visitor is no one else, but the master abbot of the Jinshan Temple that he visited for the rest of his life during the day.

Master the abbot pointed to Yu Sheng on the roof and asked sharply: "You are the young man who destroyed the underground base? And he threatened Patriarch Wang with wild words. You really don't know how to write death words?"

Chapter: 863

"Of course it's more than that. I went to the Qingshan Temple on the mountain during the day, and then I taught an abbot who didn't know what is good or bad." Yu Shengfeng said lightly, without putting anyone in his eyes.

After a jump, Yu Sheng jumped off the roof, and fell in front of the master abbot, shaking up a layer of dust.

"It turns out that you were the one who came to Qingshan Temple to make trouble in the morning. Today I will tidy you up and hang it up in front of the Qingshan Temple. Let the world see the end of the trouble at Qingshan Temple!" Master Abbot was angry. Said.

During the day, the prestige of his Qingshan Temple was a great provocation. Even if Patriarch Wang specifically called him, Master Abbot would come to find Yusheng.

"Are you a member of the royal family? The gutting of children's internal organs seems to have something to do with you." Yu Sheng asked coldly.

After the master abbot came out, Yu Sheng had almost figured out what he said.

The reason why there are two Qingshan Temples, their purpose is the same. The Qingshan Temple on the bright side seems to be used to collect money, but the main purpose is to attract tourists with the gimmicks of magic arts, so as to attract the Qingshan Temple in the dark. prey.

What a Qingshan Temple! What a Buddhist sacred place, for the rest of my life this time, I have seen a thorough experience.

Listening to Yu Sheng's question, the master abbot didn't intend to answer Yu Sheng, but directly took action, calculating the old and new enemies together, and the result was the young man in front of him. Even though, he has learned that Yu Sheng is a person who has cultivated internal strength, but he does not believe that such a young person, even if he defeats the abbot of Qingshan Temple, is probably a little higher than the martial artist.

He is more than sixty years old this year, and he has cultivated to the Grandmaster Realm, which is

difficult for the world to reach, and he is still the strength of the late Grandmaster Realm. Some people can hardly reach this level in this life. They can have the current level of cultivation, and think that they can already dominate the world in the world. Naturally, they don't have to look at this young man in his twenties. inside.

"Looking for death!" The abbot yelled, and the Buddhist beads in his hand broke off, picking up a Buddhist beads and bounced it towards Yu Sheng's eyebrows.

The Buddha beads haunted the internal force of the late Grandmaster Realm, and the abbot was almost certain that the rest of his life would definitely not be able to survive with this trick of his own.

Facing the Buddha bead that was shot at him, there was a slight panic on his face for the rest of his life, and he lifted his leg and kicked the Buddha bead away.

The buddha beads hit the wall not far away, and a small round hole was punched through the wall in an instant.

Hiding it?

The master abbot was startled. He originally thought that the young man in front of him would definitely die under the buddha beads just now, but unexpectedly let him hide away.

Putting away the previous caress, the master abbot felt that the person in front of him was not as simple as he thought, and there was no hesitation that the abbot directly shot all the remaining Buddhist beads in his hand to Yu Sheng.

"One that you can hide, can you still have so many?" the master abbot said.

Yu Sheng sneered, and before the bell that came to the courtyard of the temple vigorously, he lifted it up and threw it at the abbot.

The Buddha beads that had hit Yu Sheng before were all blocked by the iron bell, but the iron bell did not give up, and slammed it towards the abbot in an unstoppable crisis.

Upon seeing this, the master abbot's face changed drastically, and now it was too late to flash again, and he could only reach out his hand abruptly to take the bell that was slamming at him.

boom!

The moment the master abbot's palms touched the iron bell, there was a loud bang, and there was still no way to stop the unstoppable iron bell.

He was repelled dozens of steps by the power on the iron clock, and he didn't stop until he retreated to the wall.

The abbot's face was extremely ugly. With a "wow", a mouthful of blood was vomited, which instantly stained a small piece of ground under his feet.

Chapter: 864

"You...you are also a master at the Grandmaster Realm? How could it be possible? You are obviously only in your twenties!" The abbot master asked hysterically, why there was no blood to wipe the corners of his mouth.

He thought that he was in his sixties and it would be difficult to reach the late stage of the Grandmaster Realm, but the young man in his 20s in front of him was also a master of the Grandmaster Realm.

This made the things he was once proud of become worthless, which caused a serious blow to the heart of the master abbot.

The young man in front of him was already in the realm of a master, and if he was given a few more decades, he would have been able to break through to the realm that he could not reach.

When he thought of this, the master abbot's eyes turned red from jealousy, and he absolutely didn't

need such a thing to happen.

The reason why Yu Sheng had just vomited blood was completely careless, and he would never let Yu Sheng take advantage of it again.

“It’s difficult in the later stage of the Grandmaster Realm?” Yu Sheng asked lightly.

If Yu Sheng told the abbot of Qingshan Temple that he had reached the late stage of the Grand Master Realm in just one year of cultivation, the abbot would definitely be vomiting blood with anger.

In the whole world, there is only one “Nine Heavens Profound Scripture” after all, and there is only one enchanting existence like Yu Sheng.

Master the abbot was not lighted by Yu Sheng’s fluttering tone, and he has already determined that Yu Sheng is a arrogant and defiant arrogant.

Too lazy to bother with him, the master abbot turned into a golden phantom and rushed towards Yu Sheng, raising his leg with a kick.

Yu Sheng quickly stretched out his hand to block it, and immediately pressed the foot of the master abbot to the ground with a strong hand.

Master Abbot’s pupils shrank violently. Yu Sheng was about to abolish his legs directly. He did not dare to hesitate to hit Yu Sheng’s head with his palm.

Sure enough, although the palm of the master abbot didn’t hit the rest of his life, he did stop his direct action. After a few steps, the two of them moved a certain distance apart.

After that, the two began the move of you and me. Although the master abbot has the strength of the late master stage, he has always been in the Qingshan Temple. For example, the rest of his life is still slightly inferior.

After being slapped several times by Yu Sheng, the abbot vomited blood twice, feeling that his old bone was about to be tossed and fell apart by Yu Sheng.

“Don’t don’t!!!!” Master the abbot covered his chest with his hands, and took a few steps back, looking at Yu Sheng with a look of horror, not afraid of him.

“What else? Why are you the master abbot in Qingshan Temple? You don’t want to avenge me? I’m standing here now. If you miss this village, you won’t have this shop.” Yu Sheng mocked.

It’s ridiculous to see Master Abbot’s timid appearance, yet still have the face to be enshrined as a sacred monk.

“Don’t do it, this matter has nothing to do with me! I won’t seek revenge from you anymore, I won’t seek revenge from you!” The master abbot said panicked.

With a sneer, Yu Sheng said in a cold tone: “As a god monk who is enshrined by others, you have done these anger and resentment activities behind your back. Do you think I can forgive you?”

For the rest of his life, the master abbot, who was still scared before these words, flashed a vicious look in his eyes. He understood that today’s situation is a life-and-death situation.

If the young man in front of him is not resolved, then he himself will have to explain it here.

“Since you are so bitter, then I will pull you on today even before I die!” Master the abbot took out a black pill from the robes and put it in his mouth.

Chapter: 865

It’s a pill again!

Yu Sheng still remembered that the abbot also took a pill when he shot him, and now the old monk also took out a pill.

Is it possible that the elixir that enhances oneself can be seen everywhere like this? It is still said that the

person behind them is even more powerful and can provide them with these pills.

Thinking of this possibility, Yu Sheng frowned. Before the master abbot in front of him took the pill, he could barely deal with it. If he took the pill, Yu Sheng felt that it would be a bit difficult.

At this time, the master abbot, his face red was about to bleed, the bones all over his body creaked, and his strength increased to the limit he could bear.

“Ah!” The master abbot yelled to the sky, and then his clothes were scattered and fluttered by the strong internal force emanating from him.

“I’m going! It’s difficult.” Yu Sheng was also a little panicked when he saw this posture. What kind of pill is so against the sky, it can double the strength of masters in the later stage of the Grandmaster Realm. Is this still a woolen thread? Isn’t this cheating? Originally, the disadvantaged side was directly crushed. Yu Sheng had no intention of continuing to fight with Master Abbot anymore, and there was no suspense about the victory or defeat.

I didn’t even think about it. For the rest of my life, I just ran away. I just wanted to leave this ghost place at my own speed and go to places with many people. This master abbot might worry that the face of Qingshan Temple would not use some mass destruction. Internal strength.

But what Yu Sheng didn’t know was that even if Yu Sheng ran to a crowded place, Master Abbot would give Yu Sheng a big shot.

After all, the pill this time was at the cost of his vitality to be able to exert such a powerful ability.

And the master abbot is over sixty years old, and he can maintain the current situation for only fifteen minutes. If he does not succeed in killing the rest of his life within fifteen minutes, he will explode and die.

Seeing Yu Sheng wanted to run, Master Abbot would naturally not give him a chance, but he was gambled on his life, how could he allow Yu Sheng to run away?

Picking up the iron bell that Yu Sheng smashed at him before, it was like smashing it in the direction of Yu Sheng’s escape. His strength was double that of Yu Sheng.

For the rest of his life, he didn’t dare to hard-wire it. If it were hard-wired, it is estimated that the bones of his body would be shattered by this iron clock.

Seeing Tie Zhong attacking him at an extremely fast speed, and without time to think about it, Yu Sheng leaped forward in one direction.

The iron bell smashed into the Buddhist hall with great strength, and it directly pierced the Buddhist hall, and then there was a loud noise, and the entire Buddhist hall collapsed, shaking up a large layer of dust.

“I’m fucking!” Yu Sheng couldn’t help but swear, he wanted to scold his mother now, this old monk didn’t speak martial arts, and even used a plug-in, it was too much!

He didn’t even get up from the ground, and saw that the master abbot had appeared in front of him, with a golden robes, and he couldn’t open his eyes for the rest of his life.

boom!

The abbot master did not show any mercy, so he stepped on Yu Sheng’s back with one foot, and the dust was scattered everywhere.

Wow!

For the rest of his life, he was spit out a huge mouthful of blood due to the violent internal hemorrhage. Still waiting for him to slow down, the master abbot stepped on Yu Sheng’s back again, and the strength of this foot was not at all lighter than the previous one.

If Yu Sheng were an ordinary master in the late master stage, the arm that was trampled by the master

abbot would have been broken, and there would be no signs of life.

But for the rest of his life, possessing such a unique thing as the “Nine Profound Heavenly Scriptures” is naturally different from ordinary people.

When Master Abbot raised his leg to step on the third foot, Yu Sheng took advantage of this gap and rolled out.

“You have pills, and I have them too!” Yu Sheng took out a jade box from his pocket, and a white pill was exposed.

Upgraded version of strong body pill!

Although it was as bad as the black pill that Master Zhang Zhang took, it could more than double the strength of a person.

But no matter how much this pill is the thousand-year-old snow ginseng that Lei Yang sent him, the refined pill can also provide abilities beyond his own in a short period of time.

Chapter: 866

When Yu Sheng took out the pill, Master Abbot’s heart was alarming. He didn’t know how powerful the pill in Yu Sheng’s hand was.

But now there is not much time for him, and there can be no accidents, so this pill can not be taken for the rest of his life.

Master abbot came to Yu Sheng at an extremely fast speed with the power brought to him by the pill.

When Yu Sheng was about to put the pill into his mouth, the master abbot raised his hand and hit the pill to the ground, then lifted his foot to crush the white pill.

“Your uncle!” Yu Sheng’s anger reached the extreme. The old thing in front of him uses a plug-in, and he will destroy it if he takes a pill himself.

That was the upgraded version of the Strengthening Pill he had finally obtained from the thousand-year-old snow mountain, but it was ruined for the rest of his life!

A sneer appeared at the corner of Master Abbot’s mouth. This time, to see what the young man has to do, it is worthwhile to bury a super genius for himself this time.

Just when the master abbot was planning to use his full palm to solve the rest of his life, he saw that the rest of his life was lying directly on the ground.

What’s happening here? ? ?

Is it possible that this young man is going to die by himself and let him step on a few more feet?

I saw the rest of my life lying on the ground, grabbing the upgraded version of Qiangshen Pill that was trampled by the master abbot on the ground and stuffing it into his mouth.

The master abbot was shocked, this young man actually came here, without hesitation and stepped on Yu Sheng’s back.

Seeing that he was vomiting blood, the master abbot kicked again, thinking that he was still holding on for the rest of his life, the master abbot kicked it four or five times in a row, but he still didn’t see the rest of his life vomiting out.

When he was about to step on Yu Sheng’s head and smash his head directly, Yu Sheng turned over and grabbed the foot that Master Abbot was about to step on him.

He immediately pushed the master abbot back dozens of steps.

Although there is still soil in the powder of Qiangshen Pill, Yu Sheng still has no hesitation at all, after all, these are too small compared to survival.

After the effect of the medicine took place, Yu Sheng felt that his body was being repaired at a very fast

speed, and the internal force from his dantian was much stronger than before.

The whole life is alive and well, as if there is some energy that can't be used up. Although there is no powerful improvement like the black pill taken by the master abbot, it is simply a life-saving straw for the rest of his life.

In the next battle, the master abbot still held the initiative, and for the rest of his life he still forced the defense, but it was far better than the unilateral crush at the beginning.

After a few tricks, Yu Sheng was seriously injured, but because of taking the upgraded version of Strengthening Pill, he was able to stay dead.

This situation can make the master abbot to death, and if this continues, his vitality will be exhausted, and he must solve the rest of his life immediately.

The abbot's eyes were scarlet, and he said that nothing could go on like this. He walked quickly to Yu Sheng, grabbed Yu Sheng's arm and threw it towards the wall.

The speed was too fast for the rest of his life to dodge, and he was directly thrown against the wall by the powerful force of the abbot, hitting a wall.

"Cough cough cough!" Yu Sheng had no strength to run, even if the Qiangshen Pill had improved his combat effectiveness, he was exhausted.

Master abbot has already come to Yu Sheng at this time, a strong inner energy lingers in the palm of his hand, and he wants to hit Yu Sheng's forehead!

Yu Sheng wanted to run, but there was a trace of strength in his body, and he couldn't escape at all!

This time I was really looking for a dead end!

At the beginning for the rest of his life, he thought that Master Abbot was a master at the master level, and he still had the confidence to deal with it.

But what made him never imagined was that the master abbot actually had such a heaven-defying pill in his hands, which was simply a plug-in.

Seeing his forehead in the palm of his hand get closer and closer, Yu Sheng resigned his fate and closed his eyes.

Chapter: 867

In the hotel

Watching the time on the phone go by, Bai Yulan's worries grew stronger and stronger. It was already more than twelve o'clock, and she won't be back for the rest of her life.

There was no way, Magnolia could only call Yu Sheng again, and after waiting for a long time, no one answered.

This was already the 46th call that Magnolia made to Yu Sheng, all of which were unanswered.

Magnolia was pacing back and forth in the room anxiously. She thought that the Qingshan Temple that had suddenly appeared was weird, but she was going to check it out for the rest of her life.

Nowadays, I don't answer the phone. Could it be true that where did I have an accident?

But in the daytime, she had only seen the great ability for the rest of her life, how could it be so easy to get things wrong?

What if the bad guy has a gun?

Bai Yulan didn't dare to think about it anymore, she glanced at Xiao Shui who was sleeping soundly on the bed, and made a decision in her mind.

She is going to that place to find Yu Sheng!

To see people in life, to see corpses in death. The big deal is to die with Yu Sheng.

After making up her mind, Bai Yulan picked up her clothes and put them on her body, and then opened the door and went out. Even if she had a great fear of Qingshan Temple, she would go and see whether she was alive or dead for the rest of her life.

After leaving the room, Magnolia ran out because she was worried about the comfort of the rest of her life, and she kept meditating in her heart: You are a bastard for the rest of your life, you must have nothing to do!

“Oops!”

Wang Dandan had just left the house, and the mobile phone he was holding was knocked to the ground. When he looked up, he saw that it was the girlfriend of the nasty guy Yu Sheng, and his heart went into anger in an instant.

Because Magnolia ran too fast, she ran into someone again, and she fell to the ground, her arms were knocked to pieces, and the blood flowed out.

“Yeah... I’m sorry!” Bai Yulan stood up to endure the pain, apologized to Wang Dan and planned to leave.

Unexpectedly, Wang Dandan grabbed Magnolia’s arm and pulled Magnolia’s body back, raising his hand to slap Magnolia’s face.

Snapped!

A loud slap in the face spread from the corridor, and Wang Dandan showed no mercy to Yu Sheng. She had some great opinions on Yu Sheng, and it was Magnolia who hit her this time, so she started so cruelly!

“Have you seen you hit someone? Is it possible to say I’m sorry and I want to end this matter, I don’t agree.” Wang Dan said arrogantly.

At this time, Magnolia had five red finger prints on her face, which were especially obvious on her white cheeks.

If it was a slap on weekdays, the eldest lady from Shangjingbai’s family would naturally not be able to be so angry.

But now she was worried about Yu Sheng’s comfort, and she didn’t plan to care about it after she was wronged. She took a cold look at Wang Shandan and planned to leave.

Who would have thought that Wang Dan stopped in front of Magnolia reluctantly, and said uncomfortably, “Where do you want to go? You just knocked my mobile phone and dropped it on the ground. It’s hardly possible. Do you want to run like this?”

Hearing what Wang Dandan said, Bai Yulan noticed the mobile phone that had fallen to the ground not far away. She picked up the mobile phone and looked at it carefully.

The mobile phone is the latest Apple Twelve. It is normal for families like Wang Dandan to buy the Apple Twelve. The mobile phone has a mobile phone case, and the screen is not damaged in the slightest.

Magnolia wiped the screen, and handed the phone to Wang Dandan, and said, “The phone is not broken. Return the phone to you. I have to leave beforehand.”

Looking at the mobile phone handed in front of him, Wang Dandan didn’t answer it, and watched the mobile phone fall to the ground again.

This time the phone was not as lucky as it was before, and there was a crack on the ground where the screen fell.

Chapter: 868

“You are sick! Why did you break my phone? Do you know that it is expensive? You can’t go anywhere today, you must accompany me with a new phone!” Wang Dandan grabbed Magnolia’s clothes and said nothing. let her go.

Magnolia frowned, her eyes on Wang Dandan had no tolerance before, and she said impatiently: “It’s you who didn’t pick it up. The phone broke. What does it have to do with me?”

Just now Bai Magnolia saw Wang Dandan stretch out her hand. At that time, she was rather anxious, and all her thoughts were put on Yu Sheng’s comfort.

I didn’t think that Wang Dandan was deliberately making a fake move. In fact, he didn’t even plan to pick up the phone, and the phone fell to the ground.

When Magnolia found out that she was deliberate, Wang Dandan’s face didn’t have a trace of embarrassment. The woman Wang Dandan has always had a good impression of women who are more beautiful than her.

“Yes! I just didn’t pick up on purpose. I sneaked out with my boyfriend behind his back at night like you, not necessarily to do something shameful.

Is it because your boyfriend can’t satisfy you, so you ran out to find a wild man? A dirty woman like you feels disgusting after touching my phone and thinking about it! “Wang Dandan looked at Magnolia contemptuously, as if treating Magnolia as a woman buying meat.

When did the eldest lady who went to Jingbai’s house dignifiedly suffered such a grievance, and now she is still said to be that kind of woman.

With anger in her heart, the woman Wang Dandan had ridiculed the rest of her life many times, but now she offends her again, and Magnolia can’t just leave it alone.

But for the rest of my life, I don’t know what happened? Magnolia stared at Wang Dan fiercely, and she didn’t plan to entangle this woman.

“If you dare to stop me now, I won’t let your little business go on!” Bai Yulan said coldly.

She didn’t threaten Wang Shandan. With the strength of the Bai family, it was easy to deal with a company in a small place, and she could crush to death with her fingers.

Wang Dandan didn’t have a trace of fear when he heard this. Instead, he thought that this long woman like Hu Meizi likes to brag and talk big words like his boyfriend.

Cursing his lips in disdain, Wang Dandan sneered and said, “You pauper girlfriend, do you know what my family does? My dad’s company is the leading company in Yunxian. How dare you say such a big deal? Aren’t you afraid of losing your teeth?

Sure enough, like your pauper boyfriend, he likes to speak big words. By the way, there is one thing I don’t understand. Their children are five or six years old, and you rushed to post on him, so shameless! ”

If Magnolia could tolerate it before, what Wang Dandan said now really challenged her bottom line. Repeatedly belittle her to be worthless, just to highlight her superiority, this kind of woman is really disgusting.

Magnolia slapped her hand up and slapped it on Wang Dandan’s face without hesitation. She looked at her without a trace of emotion, and spit out a few words in her red lips: “Your company is waiting to go bankrupt.” !”

After saying this, Magnolia didn’t plan to waste time on Wang Dandan again, so she turned around and left the hotel.

As soon as he left the hotel, he saw a tattered and dirty table appearing at the door of the hotel, and there were many people around him watching.

When she saw this person, Magnolia’s tears were like floods when the gate was opened, and could no

longer be restrained. She hurried to the person and threw herself directly in his arms.

The people who watched Rehan were stunned. They could look at the tattered and trembling beggar walking all the way.

He watched him because he was different from other beggars, and he was not in front of Xiangren, and he didn't hit 120 after suffering such a serious injury, and he went straight to the door of the best hotel near Qingshan Temple.

People who wanted to watch the hot coax didn't even figure out what the injured beggar wanted to do, and saw a beauty like a goddess rushing into the arms of a dirty beggar.

At this moment, the men who watched the hot coaxing even wanted to become a beggar and feel what it was like to be thrown into the arms by a beauty like a goddess.

At this moment, they felt that they were not as good as a beggar!

Chapter: 869

"Yu Sheng, you are still alive, just be alive, you really scared me to death!" Magnolia cried silently, holding Yu Sheng and slapped Yu Sheng with her powder fist.

Although her strength is very small, she patted the badly injured Yu Sheng and hesitated to hit him with the sledgehammers.

Enduring the pain from her body, Magnolia didn't have any stopping action, but hugged her tightly in her arms, feeling the faint fragrance of her body.

This may be the feeling of being alive!

When the master abbot delivered the final fatal blow, Yu Sheng also thought he was dead, and he was really dead now.

But I didn't expect that the body of the master abbot directly blew himself up, the whole person turned into a cloud of blood, and there was even a scum left behind.

At that time, the vitality of the master abbot was consumed by the pill, and it was lucky for the rest of his life. If the master abbot can take the rest of his life in a few more seconds, he will be able to hold the back of the rest of his life.

It's a pity that the pills he took have brought him great power, but the side effects are also amazing, directly at the cost of life, and there is no bones left.

Yu Sheng thought that the master abbot would be like the master abbot during the day, and once the effect of the medicine was over, it would only be weak.

However, the master abbot is taking a pill that doubles the internal strength of the martial artist, and the master abbot is taking a pill that can more than double the internal strength of the masters in the later stage of the master stage. If the side effects are so minimal, it is simply a god pill. .

For the rest of his life, the self-blood was made by the abbot's self-destruction. In order not to cause a sensation when he went back, he could only roll on the ground and cover up the blood stains with the soil on the ground.

As long as he is dirty enough, he will not be found, so he is treated as a beggar along the way.

"There's something wrong! I'm still alive." Yu Shengqiang said with a smile.

Magnolia is still crying pear flower with rain, but she is also happy for Yu Sheng to return safely, and her heart becomes even more angry when she thinks that Yu Sheng will not answer her phone.

The strength to pat the rest of my life on my hand has increased a bit, and then he said with a grieving face: "Why don't you answer my phone? Do you know how many calls I called you? I'm almost worried about you."

For the rest of his life, Magnolia coughed and coughed, but she still insisted on an indifferent appearance and said, "Didn't I come back alive?"

After saying this, Yu Sheng saw that the red palm prints on Magnolia's face were swollen.

For a moment, Yu Sheng's expression became gloomy again, and she grabbed Magnolia's shoulder and asked, "Who hit you on the face?"

As soon as this matter was mentioned, Magnolia felt even more wronged in her heart. If it were not for the comfort of the rest of her life, how could she indulge Wang alone to bully herself in this way.

The tears that had been stopped came turbulently once, and Magnolia lay in her arms for the rest of her life, crying, and she looked like a child who had been wronged by the heavens and found her own parent.

Yu Sheng gently patted and stroked Magnolia's back, and comforted her softly: "Okay, well, let me tell you any grievances. Whoever bullies you, I will avenge you."

Bai Yulan directly told Yu Sheng what happened to Wang Dandan in the corridor.

Yu Sheng clenched his fists, and it didn't matter if the woman Wang Dandan had been against him, because she was a woman, Yu Sheng didn't bother to care about her.

But if she was bullied on Magnolia's head and humiliated her so easily, it would not be so easy to let it go.

Chapter: 870

Magnolia was very moved in her heart. She was bullied and was able to give her the rest of her life. She was already content with these things.

Now that Yu Sheng has suffered such a serious injury, how can Bai Yulan bear to let him worry about her own affairs, and quickly said: "I can solve my problem, don't forget, I am the dignified eldest lady of the Bai family. , It is still possible to deal with a small Wang Dandan."

Hearing this, Yu Sheng felt relieved, and pursed his chapped lips. With his current situation, even a woman can easily defeat him, so it is not suitable for this time to deal with Wang Shandan.

He pursed his chapped lips, and said weakly for the rest of his life: "I'm so tired, I will trouble you next..."

Bai Yulan still didn't understand what Yu Sheng was talking about, just as Yu Sheng's voice fell, she fell on her body and passed out into a coma.

The sudden pressure almost knocked Magnolia to the ground, and she shook her body to stabilize her figure.

This guy fainted?

There is no way. Magnolia can only drag the rest of her life slowly to the hotel. It is quite difficult for her to drag an adult man with a weak woman.

Fortunately, after entering the hotel, the hotel staff took the initiative to help, which sent the rest of his life back to the room.

Looking at the dirty rest of her life, Magnolia sighed and said to herself: "So dirty, it must be very uncomfortable to lie in bed? Or should I help take off the clothes?"

Yu Sheng, who was lying on the bed, closed his eyes tightly, and did not answer Magnolia's question.

"Since you don't speak, then I will take it as your acquiescence!" Magnolia's mouth unconsciously pulled out a smile, and even looked forward to what happened next.

Rubbing her restless hands, Magnolia began to take off her clothes for the rest of her life, first her shoes, then her trousers.

Looking at the rest of her life on the bed, she was only wearing a pair of gray underwear, the outline of

her inside was looming, and Magnolia's pretty face was stained with red clouds.

If she was awake for the rest of her life at this time, Bai Yulan would have found a hole in the ground, but now he is still unconscious.

Does Magnolia want to take off only the last piece of pants?

How can you wipe him if you don't take it off? Magnolia nodded heavily, and take off all her clothes for the rest of her life to sleep comfortably!

Taking a deep breath, Bai Yulan stretched out her trembling hand and touched the pair of pants that Yu Sheng was only wearing.

Magnolia covered her eyes with one hand, with one hand she was going to pull the only pair of trousers on Yu Sheng's body, and she comforted herself: Actually, I don't particularly want to see it, I just want you to sleep comfortably. a little.

Just as her hand was about to tear off the pants, suddenly a big cold hand was pressed on her hand, and Magnolia was so clever that she almost screamed.

I heard the rest of my life on the bed, and a weak voice rang: "Don't coax! Let me sleep for a while, I'm really tired..."

Magnolia's heart was beating wildly, and she wanted to jump downstairs ashamed, and said angrily:

"I...I'm not foolish! I just want to help you wipe your body!"

Although her mouth was still stiff, Magnolia had already greeted Yu Sheng 10,000 times in her heart.

If you are in a coma, why do you have to wake up suddenly when you pull his underwear, because you are still a girl who has no chance of being out of the cabinet, don't you want to lose face?

At this time, the big cold hand that was originally pressed on him has slowly slid down, and Bai Yulan removed her hand to see the rest of her life on the bed.

There was no expectation that that guy would have passed out in a coma again.

Looking at the last pair of trousers left on Yu Sheng's body, Magnolia no longer dared to stretch out her hand to take it off. She was really afraid that he would suddenly wake up again, so that her old face would really be lost.

At this time, the rest of his life was covered with dust, bronze skin, muscles full of strength, and it looked like a man was overwhelmed.

It was the first time that she found out that the figure under Yu Sheng's clothes was so good, and she was a little silly for a while.

Licking her lips, Magnolia sighed: "It's a pity that this guy doesn't go to the entertainment club to be a male model!"
