

Dont mess 891

Chapter: 891

“You think your little tricks can really deal with my Gu worms. If that’s the case, wouldn’t everyone not be able to keep my Gu worms in their eyes?” Old Qi said with a sneer.

Lighting up the clothes can indeed make the little black bugs retreat temporarily. Is it possible that Mr. Qi has something else?

The pills in the hands of the master abbot of Qingshan Temple are likely to come from the hands of this old man, and the rest of my life is almost certain that this old man is definitely not so easy to deal with. He saw Qi Lao take out a bright dagger from the black robe, and then made a bloody hole on his wrist. This move made Yu Sheng a little puzzled, scratching his wrist with a dagger, it looked like he was about to commit suicide.

But Yu Sheng wouldn’t simply think that this old Qi old club would give him a head so easily, it must be doing something famous.

Sure enough, Qi Lao took a dagger and slit his wrist. There was an additional hole in his wrist, but it was not bright red blood flowing out, and unexpectedly, a small piece of black worms flew out of the hole. The bug this time is different from the one that Qi Lao vomited earlier, this time the top of the bug’s head is red.

The worm just flew out of Qi Lao’s body just like it flew in the direction of Yu Sheng, and there is a tendency to gnaw the rest of his life without leaving any bones.

Yu Sheng held the clothing lit in his hand and waved the flying insects over it, but it didn’t have any effect.

This time, the red-headed insects still rushed towards Yu Sheng with their wings in the fire. The flame seemed to have no effect on those insects at all.

For the rest of my life, I was really anxious, and I could only use internal force to linger around the body to prevent red-headed bugs from coming to bite myself.

Sure enough, after seeing that the insects could not bite for the rest of their lives, they targeted Zhang Shuo’s body on the ground.

For the rest of his life, he was relatively close to Zhang Shuo’s corpse, and watched the bugs directly penetrate into the flesh on Zhang Shuo’s face.

You can clearly see the worms squirming in the flesh on Zhang Shuo’s face, and the skin on his face soon sank.

About a stick of incense, Zhang Shuo was left with only a layer of skin covering his bones, and all the flesh and blood inside was gnawed away.

After seeing this scene for the rest of my life, I almost lost my chin, and cursed at the elderly Qi on the side: “You old thing and these crooked ways, you have the ability to fight melee!”

Old Qi snorted coldly, and he didn’t even put the words Yu Sheng said in his eyes. Now, Yu Sheng has wrapped his whole body with inner strength. Those red-headed bugs have no way of doing his body at all.

I saw Qi Lao open his mouth, looking like a blowfly, flying out from under his tongue.

If it hadn’t been for the greater capacity in my heart, I would have felt sick for the rest of my life when I saw worms popping up one after another on Qi Lao.

First, the saliva turned into a worm, and then it went into the body, and now there is one hidden under the tongue. It’s disgusting that he opened the door to disgusting, and disgusted home.

At this time, the little red-headed bugs also ate Zhang Shuo's body, and rushed towards Yu Sheng, following the blow fly.

When Yu Sheng saw this situation, he knew that the blow fly that flew out from under Qi Lao's tongue could break his internal force.

Seeing this, the rest of his life didn't use his internal force anymore, and he ran away without stopping for a moment, for fear that the insects would bite him.

Chapter: 892

Seeing this scene, the corner of Qi Lao's mouth showed a sneer: "It won't help, I advise you to stand there and wait for death is the best choice."

Does this old guy really think of himself as a fool? Let him stand there and wait for death, as he can think of it.

Yu Sheng turned his head and took a sip at Qi Lao, and cursed: "Fuck your mother's shit, you are really a fool! You even let me wait for death there. Even if I die today, I will pull you back. of."

While running and cursing, even Wang Jingting and Qi Lao drove a Bentley and chased them up, watching the rest of their lives panicking and escaping as if they were watching a beam jumping clown. It was the first time in my life that I played against someone. I felt so suffocated. I couldn't fight or be injured. I could only be forced to flee.

Sooner or later, his stamina will be exhausted, and the speed of those bugs is also very fast, and it will not take long to catch up with him, and then he will end up being gnawed away like Zhang Shuo.

I know that going on like this is not a solution, but what can I do if I don't run? You can only wait to die if you don't run.

"The old man, let's fight it honestly. Even if I die in your hands today for the rest of my life, there will be no complaint. I am not convinced that you have used some methods of indiscriminate use." Yu Sheng shouted at Qi Lao.

If you were bitten to death by bugs today, it would be really awkward.

Qi Lao didn't have the wish of Yu Sheng, but simply ignored Yu Sheng's words, and instead released more red-headed bugs to chase Yu Sheng.

This time it was really bad that every day shouldn't be called the earth, even if he was a great master and kept running with Bentley like this for the rest of his life, he couldn't do it.

As soon as he slowed down, the little red bug flew towards him, because the clothes were all used for ignition, so for the rest of his life there was no clothes on his upper body.

The red-headed bug bit through Yu Sheng's skin and drilled into the meat. Yu Sheng felt the pain behind him, so he dug it with his hands, but the bug had already penetrated into the meat.

The pain behind the back became more and more intense, and Yu Sheng even had a picture of himself being gnawed and only skinny. He took a breath, and had no time to deal with the pain behind him, so he could only run desperately.

As long as one's speed slows down, more red bugs will get into her flesh and eat his flesh and blood, and this will only speed up its death.

"Young man, my Gu worms will not only eat flesh and blood, but as long as they get into your flesh, they will reproduce quickly. If you don't amputate your limbs, then your body will be full of insects." Qi Lao said. Said.

This sentence was like a bolt from the blue, Yu Sheng thought that he might die here today, but I didn't think it would be so disgusting.

“Old stuff, I really look down on you for the rest of my life!” Yu Sheng felt aggrieved, and could only vent loudly at Mr. Qi.

Old Qi was still unreasonable for the rest of his life. He muttered something silently. The little bug that looked like a blowfly following Yu Sheng speeded up instantly and rushed towards Yu Sheng’s neck.

At this time, Yu Sheng just turned his head and saw the scene of the blow fly rushing towards him. Yu Sheng lowered his head abruptly, escaped the blow fly formula and ran back.

But this is of no avail. The blow fly is obviously faster than the rest of his life, and it quickly catches up. For the rest of his life, he didn’t hide. He knew that Mr. Qi was playing with him like a cat and a mouse. The rest of his life stopped and didn’t run away.

Seeing the blow fly rushing over, Yu Sheng had a bold idea in his heart. He ate the blow fly into his mouth with a mouth, chewed it with his teeth and swallowed it directly into his stomach.

Chapter: 893

ate?

Just eat it like this?

For the rest of my life, I didn’t even think that I could really eat the blow fly. Thinking back to my bold behavior, I felt a pang of fear.

It seemed that there was nothing wrong with him now, even the red-headed bugs that had been chasing after him at this time somehow fell to the ground and died.

My own crisis was solved in this way, Yu Sheng was also incredulous at this unexpected joy.

“Old stuff, your bugs don’t work for me, you have the ability to continue to let go! I’m not afraid of you.” Yu Sheng said triumphantly.

The escape from the dead this time made him excited, even if he was beaten to death by Old Qi, it would not be as ugly as before.

Bentley stopped in front of Yu Sheng. As soon as Qi Lao opened the car door, he vomited blood. The hair under the black robe was quickly turning white, and the wrinkles on his face became more profound. The anger in his body continued to flow, and Qi Lao’s spirit became languid, but he still supported it, pointing at Yu Sheng with dead wood fingers, gritted his teeth and asked: “You...you actually ate my natal Gu The worm is dead? How did you do it?”

Qi Lao’s problem was also curious for the rest of his life, and he didn’t expect to solve this crisis so easily. Yu Sheng coughed twice, straightened up, and said with an aura, “My secrets are gone, and you, an old thing, is not my opponent at all. Hurry up and get out of here. I’ll be merciful and let you go. It’s a horse!”

When Yu Sheng said this, it was just bragging. If he didn’t really do it, he still couldn’t beat the old man Qi.

From the beginning, just by following the pace of the old man’s walking, for the rest of his life, he can be sure that this person is absolutely superior to him.

Although Qi Lao is leaning on a cane, his steps are light, every step is very steady, and there is wind under his feet, but he is still inferior to the old man who saved the rest of his life at the birthday party before.

I know that I may not be able to escape today, but Yu Sheng still wants to scare Qi Lao, if he is really scared, Yu Sheng will really make a lot of money.

What is surprising is that after Qi Lao finished saying that sentence, he just fell forward and didn’t get any more.

Looking at this scene for the rest of his life, he was very surprised. He didn't think that Qi Lao died like this. In his heart, Qi Lao should be a very difficult opponent to deal with.

But he just fell to the ground for a long time without any reaction, as if he was really dead.

For the rest of his life, he didn't easily come forward to examine it. He didn't think that Qi Lao would die so easily. It must be some scheming.

Fearing that this old thing would play tricks, Yu Sheng raised it with his feet guardingly for the rest of his life, but he still didn't have any reaction.

Wang Jingting lay on the ground, patted Qi Lao on the back, and shouted anxiously: "Qi Lao, Qi Lao, do you have something to do? Get up quickly and take care of this young man and rest?"

For the rest of his life, there was no contact with Mr. Qi from beginning to end, so Wang Jingting did not believe that a living person just died like this.

But no matter what Wang Jingting called, Old Qi still didn't react a little bit, which made him very flustered and vaguely felt something was wrong.

He stretched out his hand to probe Qi Lao's breath. There is no respiratory department. Wang Jingting listened to Qi Lao's heart, and there was no heartbeat.

do you died?

Wang Jingting couldn't believe it. He didn't even figure out how Qi Lao died. He obviously had been running away passively for the rest of his life!

Seeing that Wang Jingting's face was extremely ugly, Yu Sheng had the answer in his heart, this Qi always really died.

The cause of death was probably that he ate the blue-headed flies he released, and then the old man Qi vomited blood and died.

In this way, the blue-headed fly was Qi Lao's natal Gu worm. The natal Gu worm died, and the owner could not shirk the blame, so Qi Lao also met with Hades.

Yu Sheng couldn't understand, the red-headed bugs that were released before were so powerful, why is Qi Lao's natal worm green-headed fly so weak, it is not effective in front of him!

What he didn't know was that Qi Lao's zoological worm was not as simple as the rest of his life imagined.

The gay natal worm can easily break the internal power of the warrior without being affected, and if it is an ordinary person, it will spontaneously burn if it touches it.

And Qi Lao had no idea that Yu Sheng was not an ordinary person. Snow ginseng strengthened Yu Sheng's own strength and brought him some fire-attribute immunity, which happened to restrain blow flies.

If Lao Qi hadn't overturned the boat in the gutter, he would still be more than enough to deal with the rest of his life. The catastrophe for the rest of his life was entirely due to luck.

Yu Sheng's gaze turned to Wang Jingting, who was still slapped Qi Lao, trying to wake him up, and said in a cold voice, "Patriarch Wang, don't do useless work, now it's time to calculate our account!"

Chapter: 894

Upon hearing this, Wang Jingting shuddered and fell to the ground, looking at Yu Sheng with a panic expression. He hadn't put this young man in his eyes before.

But now the situation is different. Old Qi died inexplicably. He was just an old man. Even if he didn't know martial arts for the rest of his life, he could easily clean him up.

He doesn't want to die. In order to be able to survive, he does not hesitate to do unreasonable things.

He just hopes that he can live for a few more years and enjoy the prosperity of this world.

Wang Jingting knelt in front of Yu Sheng, with a look of trepidation. He was not at all like the head of the big family. He begged Yu Sheng for mercy: "Mr. Yu, please don't kill me. My reason is that half of the Wang family's property is divided. To you, as long as you can save my life."

Half of the family property of the Wang family, the rest of his life after hearing this sentence was also a little surprised.

Two or thirty billion to buy a life, if it was the past, the rest of my life would still consider it, but facing this old thing kneeling at my feet, the rest of my life did not have a trace of pity.

Killing so many children, and still using such a cruel method, is simply intolerable. Before this Wang Jingting wanted to kill him, then he couldn't let it go.

"You have done all the bad things, and you still want to survive, do you think it's possible?" Yu Sheng said coldly.

After saying this, Yu Sheng looked at Wang Jingting's eyes full of killing intent. Just as Yu Sheng was about to make a move, he found that Wang Jingting, who was kneeling on the ground, had a physical change.

Wang Jingting covered his face with his hands and rolled on the ground. The skin color of his body was rapidly turning green at a speed visible to the naked eye. After a while, Wang Jingting's whole body became dark green.

The strange thing didn't end. After Wang Jingting's body turned green, scales appeared again like a crocodile. People are not like people or ghosts.

It was the first time I saw something like this in my life, and I quickly backed up Shubu, thinking that all these changes were because Wang Jingting had other players.

The glamorous head of the Shangjingwang family, a member of the top family, not only does the job of digging children's organs, but there are also times when such people are not like humans and ghosts.

At this time, Wang Jingting also slowly improved, but his body completely changed into another appearance, and he did not bring him any improvement in strength.

After getting up from the ground, he took a pill from his pocket and took it, and then the physical changes slowly receded. After a while, it was exactly the same as before.

Yu Sheng was stunned, and it seemed that the dead old Qi had a lot of secrets! Yu Sheng suddenly didn't want to kill Wang Jingting so easily. Now he wanted to understand this matter and what was going on.

Carrying Wang Jingting's collar, Yu Sheng directly dragged him from the ground, and asked in a deep voice, "Wang Patriarch, let's talk about it, what happened just now?"

"This..." Wang Jingting's expression was very tangled, not knowing whether to say or not, but Yu Sheng had already seen the scene just now.

"Mr. Yu, I'll tell you all this. Can you spare my life? I want to tell you half of the royal family's property to you." Wang Jingting negotiated, the purpose is still to save his life.

"What? You are bargaining with me now. If you don't want to say anything, I don't need to know. After all, it doesn't matter whether a dead person listens or doesn't listen!" Yu Sheng replied strongly.

"I said, I said, I will tell you everything!" Wang Jingting has a strong fear of death. Whether it is life or death, it is good to live one more second.

Chapter: 895

Although the former Wang Patriarch was not a good person, to be precise, he was an out-and-out businessman who worked hard to manage the size of the Wang's family. The good thing is that God pays

off.

The Wang family successfully squeezed into the ranks of Shangjing's first-line families in his hands. Just as Wang Jingting was complacent about what he had done, a strange thing happened.

Since he finished his dinner one night four years ago and wanted to take a walk in the upper yard, his skin began to feel painful, and then his whole person turned into a monster with green clothes and scales on his body.

The bodyguards who followed him to protect him were frightened and yelled one by one, and some even wanted to attack Wang Jingting.

Fortunately, at that time, Wang Jingting had a very heartfelt subordinate, Wang Li, who was an orphan adopted by Wang Jingting.

Under Wang Jingting's name, Wang Li personally killed all the bodyguards who had seen his body change, and secretly sent him back to his room.

The development of the Wang family is booming. If someone knows that the owner of the Wang family is a monster, then the Wang family that he manages will also be implicated.

The Wang family is his life's painstaking effort, and it is his pride, so this matter is never allowed to leak out.

Except for Wang Li, everyone who saw this incident was killed, and Wang Jingting thought that he was going to live a life in darkness like this, but he didn't expect that all his symptoms would disappear the next morning.

I thought that what happened that day was just an accident, but the same thing happened the next night.

This also made Wang Jingting understand that he would become a monster only at night, and since then, he never went out at night again.

With no way to socialize, Wang Jingting had to hand over the matters of the Wang family to his son, and he visited famous doctors everywhere, hoping to find someone who could cure his illness.

Finally, when I met Mr. Qi, he broke Wang Jingting's situation with a single word, which made him feel the hope of returning to his previous normal appearance.

Wang Li felt that Mr. Qi was very unusual. He didn't seem to want to be a good person, and wanted to dissuade Wang Jingting.

And Qi Lao directly told Wang Jingting that if he wants to cure the disease, he needs the flesh of his confidants. Wang Jingting is eager to treat the disease. He is about to be tortured crazy by the disease. No matter whether it is true or not, let people directly Wang Li killed him and took his heart.

After taking the medicine Qi Lao gave, Wang Jingting really had no seizures in two days, but this was far from enough. Later, Qi Lao asked the child's internal organs.

Wang Jingting is an extremely selfish person, so he doesn't care about the life and death of others, as long as he can be good, that's fine.

Then Wang Jingting established underground bases in three places where he needed the source of drug introductions: Jiangcheng, Jinling, and Qiancheng.

For the rest of my life after learning of all this, I still didn't understand what kind of disease Wang Jingting was suffering from, and he had to use the child's internal organs.

Even he hadn't seen anything like this in the "Nine Profound Heavenly Scriptures".

Two of the three underground bases were wiped out by Yu Sheng himself, and there was one Jinling left. Naturally, Yu Sheng would not allow this to happen again.

Asked Wang Jingting about the specific location of the Jinling secret base. Because Wang Jingting was

afraid of death, he told everything directly.

Yu Sheng was in Jiangcheng, and there was Xiao Shui beside him that couldn't get away, so he could only call Du Fei who was in Qiancheng to deal with this matter.

As for Wang Jingting, who had never done anything bad, Yu Sheng would naturally not let him go so easily, and used the hypnotism that had previously dealt with Lin Yang.

Let him take a knife to cut the flesh on his body, until the flesh on his body is scraped off, his spirit is still not different from before, that is, there is no way to control his body.

Only in this way can he feel the pain of being cut and deboned, and even this still cannot make up for the fact that he has killed so many children.

The matter here came to an end, and no one dared to stop him from leaving anymore. Just when he was about to leave, he thought of Qi Lao.

Master abbot has pills of that level in his hand, is there anything else on this old guy? If you really find it, wouldn't it be a big profit!

Thinking of this possibility, he walked to the entrance of the amusement park and waited for the rest of his life.

I didn't find anything like pills for the rest of my life. Instead, I turned to a book that looked very old, but the owner of the book kept it very well.

Turn the book to the front and see that there are two big characters of Gu Dian on it.

Chapter: 896

The paper in this book is a bit yellowish, and it looks like it is some years old, but there is no damage in the initial stage of this book, and it is intact.

There is only one possibility for it to be stored so well, and that means that Mr. Qi attaches great importance to this book.

What kind of book is that to attract Qi Lao Na?

With no hesitation, Yu Sheng opened the book directly. The font on it was a seal script. Fortunately, Yu Sheng also had some understanding of these, and he was able to see exactly what was written in it.

Seeing the previous series of methods for raising Gu worms, Yu Sheng frowned, his face becoming extremely solemn.

There happens to be a kind of Gu worm that uses the internal organs of a child to accompany it, the red-headed worm that attacked the rest of his life before, and the natal Gu worm of the old man Qi.

In fact, Yu Sheng also found out the strange disease in Wang Jingting's body through this book, so I can probably understand the things like this.

Lao Qi was indeed a very capable person, but because he was cultivating crooked ways, he was chased and killed by the righteous people sent from the hidden door. There was no way to live the life of hiding in Tibet before continuing to practice sorcery.

At this moment, a family suddenly emerged in Shangjing, which attracted Qi Lao's attention, and then thought of a perfect solution.

Some methods were used to make Wang Jingting suffer from a strange disease, so that he would appear on his own after a while, and use the Wang family to help him or cultivate Gu worms under the pretext of curing the strange disease.

Wang Jingting happened to be very afraid of death, and he would believe everything Qi Lao said, and this has slowly developed to the present.

If it were not for the rest of his life, this matter would continue to develop. Perhaps with the Wang

family's connections, this matter would never see the light of day again.

The saddest thing is that Wang Jingting was taken advantage of by someone who harmed him for so many years. If he hadn't found this book for the rest of his life, he might have never thought that Mr. Qi had killed him like this.

When Yu Sheng looked at Wang Jingting again, a large patch of blood had been left around him, and the flesh on his left leg had been shaved completely by him.

Today's Wang Jingting's face is extremely ugly, like a piece of white paper, that looks like it will not last long.

Yu Sheng lightly nodded on Wang Jingting's forehead, and Wang Jingting released the dagger in his hand, staring at Yu Sheng in horror, trying to escape from this place.

But the pain in his leg almost made him almost collapse. Wang Jingting couldn't escape even if he wanted to escape, so he could only beg the rest of his life for mercy.

"Do you want to know why you became a monster? And what kind of person is the old Qi you have always respected?" Yu Sheng asked indifferently.

Wang Jingting was taken aback. These questions were also what he was curious about before. At that time, he had asked people about his industrious identity, but he had never inquired about them.

Now under such circumstances, even if he is curious about these things, what he wants most in his heart is to survive.

"I don't want to know, I...I...I beg you not to let me suffer these pains anymore, what do you want? I will give you all of the Wang Family, let me go!" Wang Jingting still kept begging for mercy, but the Wang Family was him. All of it.

Wang Jingting thought that in the face of such great interests, no one would refuse, but for the rest of his life, he did not care.

Shaking his head, Yu Sheng said indifferently, "I am not interested in the Wang Family. What I want to tell you is that you have become a monster because of the old man Qi. It only uses you to obtain the internal organs of those children to nurture Gu worms. That's it.

As the Patriarch of the Wang family, he was used to death by a person without knowing it. I tell you all this is just to make you understand a little bit. "

Hearing these words, Wang Jingting was shocked and hard to add. He shook his head desperately, but he could not refute what Yu Sheng said.

For a moment, Wang Jingting believed this fact in disbelief, and it made sense only because he suddenly suffered from a strange illness.

It turned out that the old immortal killed himself like this. Wang Jingting grabbed the dagger on the ground and stabbed Qi Lao's body desperately.

He still didn't listen, yelling: "I believe you so much, I respect you so much, I don't even think that all the fucking is lying to me in the end, I'm going to smash you!"

For the rest of his life, he was a little far away from Wang Jingting, the lunatic, watching Wang Jingting constantly stab Qi Lao's body, smashing Qi Lao's body to pieces, until Wang Jingting was also exhausted to death on Qi Lao's body.

Yu Sheng glanced at the harmful thing like "Gu Code" in his hand. He originally planned to burn it, but was finally left behind.

Maybe someday I will run into such crooked people again, and this book will still come in handy.

Chapter: 897

In the hotel, Magnolia was standing on the balcony watching the window crying silently. Time passed, her eyes swollen into walnuts.

Her mood today is exactly the same as yesterday. She is worried about the safety of the rest of her life. Magnolia can only silently pray in her heart that the rest of her life will come back alive like last time.

At this moment, the door of the room opened, and Xiao Shui's cheerful voice came from outside: "Dad, you are back! Xiao Shui misses you so much!"

When she heard this, Magnolia was happy on her face, wiped away the tears on her face, and ran outside. When she saw that she had come back safely for the rest of her life, she wiped her clean face and fell again. Tears.

She ran to Yu Sheng and hugged Yu Sheng tightly, and Magnolia cried aloud.

In the past, she might have thought that Yu Sheng was a very good man who could be worthy of herself, but after getting along these days, she found that she had fallen in love with Yu Sheng incurably and regarded him as her own life.

"For the rest of my life, I love you. I love you so much. Next time you encounter danger, whether it is life or death, let me stay by your side. I will accompany you when I live, and I will accompany you when I die!" Magnolia's voice cried a little choked, but the tone of this sentence is an incomparable identification.

Even if Yu Sheng's heart is made of stone, he will be warmed up when he hears these words sincerely. His heart is sour, and the hands holding Magnolia are also tight.

At this moment, the overwhelming love of Magnolia is enough to swallow him, and the woman in front of her who is crying into tears is worthy of his life to guard the rest of his life, and worthy of his love again!

"I love you too. When we go back, I will give you a grand wedding!" Yu Sheng said with great certainty. Magnolia cried even harder when she heard these words. All this is like a dream, and the good ones are not real.

She could finally marry Yu Sheng and become Yu Sheng's wife. The silly things she did before seemed to be useless at all.

"Auntie Bai, why are you crying so hard? Did someone bully you? Xiao Shui helps you get revenge!" Xiao Shui clenched his fists and said aggressively.

In Xiao Shui's impression, his father was just busy with one thing, and there was nothing worth crying. On the contrary, Aunt Bai was crying so hard.

Bai Yulan kissed her on tiptoe for the rest of her life, and then she was reluctant to let him go. She squatted down and explained to Xiao Shui: "There is no one bullying Aunt Bai, but I was so happy that I cried."

Xiao Shui still couldn't understand it. In the eyes of children, the happy reaction should be laughter! Isn't it sad to cry?

Xiao Shui, who couldn't understand, scratched his head, and said, "My lord is really weird! Xiao Shui can't understand."

Magnolia also kissed Xiao Shui's fat little cheek, and said with a smile: "When Xiao Shui grows up and meets someone she likes and loves deeply, she will be able to understand why Aunt Bai is so happy that she is crying. ."

At night, the three of them slept on a big bed, Xiao Shui slept in the middle, Yu Sheng and Magnolia took turns telling Xiao Shui stories.

There was a family in Qiancheng who couldn't sleep at all. The Yang family was anxious and worried

about the one hundred million.

In two days, if he couldn't spend another 100 million, Yang Ling would be taken away by those in the casino. He was afraid that his life would be unsafe at that time.

"Zi Huan! Your brother is the only male in our family. You can't just watch him die at a young age, right?" Gao Qing grabbed Yang Zihuan's hand and said.

Yang Zihuan shook off Gao Qing's hand, and rubbed his hair regardless of the image. Everyone could regard their home as their own safe haven.

But her family is getting better. Since Yu Sheng left, everything has been on her as a woman. Faced with such a mother and younger brother Yang Zihuan, she can't live anymore.

"Mom, do you really want to force me to death? You do the things you do one by one to solve it by yourself, so why do you want me to wipe your ass?"

But if you can listen to what I said, will it end up like this? A hundred million, even if you sell me, there is not so much money! "Yang Zihuan said firmly.

Gao Qing was still unwilling to say: "Zi Huan! You go call Yu Sheng, you are a husband and wife anyway, he can't die without saving."

Chapter: 898

Gao Qing felt that since Yu Sheng was able to put out 10 billion, it was also right to give them another 100 million.

In any case, his beautiful daughter has been with him for so many years, and she gave him a son. He is so rich, no matter how important it is.

So he said again: "Zi Huan, you ask him another 10 billion. Anyway, he is so rich, so it should be reasonable to give it to you."

Yang Ling also felt that the 10 billion suddenly had a great pity before, but now that he heard Gao Qing say this, he was incomparably agreeable.

"That's right! Sister, you will ask Yu Sheng 10 billion again, as long as you speak, he can't disagree, you see how happy he promised last time!"

Her mother and younger brother were still saying such whimsical things, Yang Zihuan was angry and laughed, and she suddenly wanted to understand something.

When she divorced Yu Sheng, it was not her relief, but the real relief that Yu Sheng was able to leave this home and such relatives.

Gao Qing and Yang Ling clearly did the wrong things one by one. Not only did they not know how to repent, but on the contrary, they were more impeccable and insatiable.

"You asked me to ask for money. What kind of capacity do you think I can ask him to give me so much money?"

I have divorced from him, and you are the one who frustrated you. You are all to blame for the fate of being sleepy today. Even if you die, you deserve it. I don't have a happy family now, and I don't even have a child. You killed it! "Yang Zihuan said angrily.

After saying this, Yang Zihuan slammed the door and left, facing the high-definition cry, she didn't turn her head back.

She can't stay in this family anymore, she can't stay in a minute or a second. Their lives and deaths cannot be changed by themselves. Whoever does the wrong thing will be responsible for it!

"Zi Huan! Zi Huan, don't leave, what shall we do if you leave?" Gao Qing shouted until she watched Yang Zihuan drive away in the car.

There was not even a place to stay in the villa, and Gao Qing and Yang Ling could not find a place to sleep.

Gao Qing scolded Wang An's bastard 10,000 times in her heart. If he were here now, she must give Wang An to pieces.

Not only did she cheat her money and sex, but she also moved everything from her house completely, with no fart left, and now even sleeping is a difficult task.

Yang Ling was angry, but he would be crazy if he were with his stupid mother again. He stared at Gao Qing, said nothing, and went straight out of the villa.

Seeing that her son was leaving too, Gao Qing quickly stepped forward and grabbed her son's arm and asked, "Son, where are you going? You don't want to leave your mother alone, do you? Where do you want to go and follow you? , Find me a place to live."

This is the first time that Gao Qing spoke to her son in such a low tone. There is no way anyone can lose the nine billion yuan by herself!

Yang Ling threw off Gao Qing's grasp of him in disgust, and said in a very annoying tone: "I'm going to be killed by you, so what are you doing with me?"

Gao Qing lowered her head and said aggrieved: "But it's almost winter now, and the house is so cold, there is nothing empty, I... I don't have any money!"

When it comes to money, Yang Ling feels mad, no longer wanting to control Gao Qing, so he turns and leaves.

Yang Ling intends to find the beauties who have been with him, and the money spent on those women is 500 million, less to say, 200 million, he can also survive this crisis.

But when he arrived at the place, Yang Ling realized how stupid his previous thoughts were.

When they had money, those women regarded him as an uncle. When they didn't have money, they didn't even look at Yang Ling. They heard that they were asking for money and sent him directly.

Chapter: 899

In the patrol room in Qiancheng City.

Gao Qing really couldn't swallow that breath. After all, she was not deceived by a small amount, it was nine billion!

If the police caught the bastard Wang An, he would have to be shot 10,000 times.

At this time, Gao Qing didn't care about being ashamed. He came to the patrol room to report to the police, and talked to the police about the cause of the incident.

The tears and nose on Gao Qing's face were not broken during the whole process. The person who handled this case was not someone else, it was Xia Feixue. Seeing Gao Qing crying like this, she kept handing out tissues.

After Xia Feixue finished the transcript, she understood this matter to a certain extent, and closed the transcript and said: "Ms. Gao, we will try our best to investigate the suspect Wang An's, and hope you before that. Be able to control your own emotions.

This is the patrol room. Your crying and screaming like this has also affected other colleagues. I already understand your matter. Ms. Gao, please go back and wait for the message!

If there is any news, we will notify you as soon as possible. "

Gao Qing was not satisfied with Xia Feixue's answer at all. What she wanted was to dispatch all the patrol personnel in the patrol room, search the whole city, and find out the liar Wang An as soon as possible. It is best to catch it today.

“Comrade Patrol, act quickly! My son is still anxious to spend money! If he doesn’t have the money, he will turn his head...” Gao Qing said here and quickly covered her mouth.

“Why, does your son have anything else to solve by the police?” Xia Feixue asked curiously when he saw Gao Qing’s nervous look.

Gao Qing hurriedly shook her head in a panic, just now on an impulse, she almost missed something about her son.

“There is nothing wrong with you, comrade patrol, you should go to the police earlier, get back that Wang An and deal with him cruelly!” Gao Qing said with gritted teeth.

During the period, Xia Feixue talked a lot with Gao Qing, but Gao Qing just couldn’t listen, and kept asking her to catch people sooner.

Reluctantly, Xia Feixue could only nod her head in agreement. She and Gao Qing couldn’t explain many things, and her knowledge of the case was nothing more than the name Wang An.

I don’t even know if the name is real or a pseudonym, and the phone number is also empty. This person seems to have never existed before, and it has evaporated directly from the world.

Xia Feixue had no way to start. She had asked Gao Qing a lot of personal information about Wang An.

Gao Qing always asked three questions. She didn’t even have a photo. This situation made it more difficult for the police to investigate the case.

“Team Xia, the woman just now is just like a shrew, so you can speak with such a good temper.” This is a passing police officer who said to Xia Feixue.

With a helpless smile, Xia Feixue explained: “Just now that was the mother-in-law of a friend I knew, but now it seems to be divorced.”

Said that Xia Feixue was silent here, and recalled that when the bank robbery happened a year ago, that hero, brave and courageous man, the man solved the crisis of the bank by his own strength, and this prevented a tragedy. happened.

In this way, she hadn’t seen her for the rest of her life for a long time, and she wanted to see that person very much in her heart.

It was the first time that the police officer on the side saw the heroic and vigorous Xia Feixue showing the shyness of the little girl for the first time, and he couldn’t believe his eyes.

“Team Xia, I’m not mistaken! It’s been so many years since I came to the police station, this is the first time I see you blushing, do you have someone you like?” the police officer teased.

When Xia Feixue was discovered the secret, the blush on her face quickly faded, and she turned into a serious face. She still didn’t speak. The little police officer saw her like this and found an excuse to slip away.

The surroundings returned to quiet again, and Xia Feixue sat on the chair, even though she was flipping through the files in her hands, but her mind had already flown out of the clouds.

Xia Feixue was happy when she heard the news of Yu Sheng’s divorce, even she didn’t know why.

She was courageous and intent in catching criminals and investigating cases, but when she fell into love, Xia Feixue was confused and didn’t know what to do.

After struggling for a long time, she really didn’t want to work, and her head was full of Yu Sheng’s stalwart figure. Xia Feixue took out her mobile phone and hesitated before calling Yu Sheng.

Chapter: 900

“Captain Xia, why did you call me suddenly?”

After a while, the phone was connected, and Xia Feixue smiled unconsciously when she heard the

familiar voice inside.

But the call got through, and Xia Feixue didn't know what to say. After thinking about it, she said, "Today, a lady named Gao Qing came to report the crime. As many as hundreds of millions. I heard her mention your name, she should be your mother-in-law, right? That's why I called to inform you. I'm really sorry if it disturbs you."

On the plane back to Qiancheng for the rest of his life, I was shocked to hear Xia Feixue talk about this. The nine billion he gave Yang Zihuan was actually deceived, which is really ridiculous.

"She is indeed my mother-in-law, but I am already divorced, and it has nothing to do with her." Yu Sheng said lightly.

Listening to Yu Sheng personally speaking about the divorce, Xia Feixue felt complicated, and then said again: "If this is the case, then my call is really abrupt. Do you have time for the rest of your life? I want to treat you to dinner."

Yu Sheng glanced subconsciously, Xiao Shui and Magnolia beside him.

He had already promised Magnolia when he was in Jiangcheng, and after returning to his home in Qiancheng, he set about preparing for the wedding of the two of them.

This time the rest of my life plans to make a big deal, so that everyone can witness their wedding, and make Magnolia the happiest woman in the world.

"I'm afraid I won't have time. I have just returned to Qiancheng and I have a lot of things to deal with. If there are really things, you can talk on the phone." Yu Sheng said in a puzzled manner.

As a straight man of steel, Yu Sheng never knew that Xia Feixue called him not for Gao Qing's business, but wanted to find an excuse to talk to Yu Sheng, if he could meet for a meal. It couldn't be better.

Even Xia Feixue was not as decisive as she thought Yu Sheng would refuse, and asked her to say on the phone that she didn't know what to say.

"That, or I'll go find you! By the way, let's see what your busy person is busy with, you don't even have the time to eat." Xia Feixue said with a smile.

Xia Feixue had said so, and Yu Sheng had no reason to refuse. He had some friendship with this heroic policewoman.

If he and Magnolia's wedding did not invite her, it would not make sense, since he wanted to come for the rest of his life, he would not refuse.

Yu Sheng agreed and sent Xia Feixue an address.

After getting on the plane, Yu Sheng turned off his mobile phone, closed his eyes and went to sleep, waiting for the plane to arrive in Qiancheng.

Just after waking up, the plane arrived in Qiancheng. Yulan and Xiaoshui got off the plane and planned to leave the airport with their luggage.

When seeing the group of people picking up the airport, Yu Sheng was stunned. Even Magnolia was subconsciously looking at Yu Sheng with weird eyes.

People who came and went to see this scene were envious of Yu Sheng's face.

"There is such a beautiful big woman beside this man, and so many beauties are waiting for him. This man is a top rich second-generation man! Why else is there so many beautiful women around him?"

"It's nice to have money. I can't even think of so many beauties. If one of them is my wife, I can wake up with a smile in my dreams."

"At the pinnacle of life, this kind of fighter among scumbags is not something that mortals like us can envy. With so many beautiful beauties, this scumbag doesn't even overturn the car, and it's so cute. This guy has such a big son, real cowhide.!"

Listening to the conversations of people around him, Yu Sheng sighed, how did his message back to Qiancheng seem to be known to everyone.
