

Dont mess 911

Chapter: 911

“A white-skinned person is noble than a yellow-skinned dark-skinned person. You dwarves with yellow skin are different from those primitive people who are not fully developed.

Is it possible that you really think that a fully developed primitive person can design a fashionable wedding dress? ridiculous. “William James mocked unceremoniously.

In his eyes, there is always a distinction between high and low in this world. As a white, he just looks down on people with yellow and dark skin.

After hearing this, the rest of his life was angry and laughed. He found a place and stopped the car.

Originally, he thought it was forgivable that William James was a little talented.

But he insulted the Chinese, which was something that Yu Sheng couldn't accept, so he planned to find a place to stop and make a good theory with this William James.

Seeing Yu Sheng, even James stopped the car and said, “You smelly driver, if you don't drive well, what do you want to do? Is it possible that you still want to hit me?”

Do you know that I am your boss? I invited it over from Paris for a lot of money. If you dare to do it, your boss will never let you go. ”

After stopping the car, Yu Sheng looked at William James solemnly. He used to speak loudly before, but now he is like a dog.

“You don't think I really beat you? Besides, isn't the Huaxia in your eyes just a fully developed hominid little dwarf? What are you afraid of?”

William James said with a cold snort: “Chinese Kung Fu is still a bit tricky. It's best if you don't beat me. Drive quickly. I want to see your boss!”

Yu Sheng wanted to laugh a little, and it seemed that the foreigners were a little afraid of Chinese Kung Fu, but unfortunately, Yu Sheng happened to know Chinese Kung Fu.

“William James, since you look down on Huaxia people so much, why do you still come to Huaxia to design wedding dresses? Isn't this inconsistent?” Yu Sheng asked patiently.

“Your boss has spent a lot of money to invite me. Huaxia people are not good at anything. The only advantage is that people are stupid and have a lot of money. I wouldn't come back if I didn't see so much money!” William James said with disdain.

Yu Sheng's original intention was only to invite a more famous designer to design a beautiful wedding dress, and did not want to be a fat pig to be slaughtered.

“So it's for money, and don't want to design wedding dresses for Huaxia people?” Yu Sheng asked again, he just wanted to make sure of one thing.

“Of course, how beautiful a Chinese woman can be, we French women are the most beautiful, with blond hair and blue eyes, and a hot body. What you Chinese people wear is a waste.” Williams said unceremoniously.

As soon as the voice fell, Williams hugged his beautiful assistant, kissed everyone in front of them, and said, “You are the most beautiful baby!”

Gu Beicheng, sitting in the non-driving seat, helplessly lifted his forehead. He also admired this Williams design. He is indeed a talented and stylish designer.

But his public personality is his biggest shortcoming!

Thinking of this, Gu Beicheng subconsciously raised his eyes with his fingers, and seriously looked at the young man sitting next to him.

Although this man looks ordinary, but the aura he possesses is not something that an ordinary driver can possess.

So when Gu Beicheng saw Yu Sheng for the first time, he greeted him with respect.

Looking at him now arguing with Williams, I am even more sure of Gu Beicheng's previous thoughts. Will this young man be the Xia Jun of the Four Seas Group?

Chapter: 912

"Since you look down on Huaxia people so much, then I am also Huaxia people. Get off my car and don't let me do it!" Yu Sheng said with a deep face.

This foreigner who doesn't know the heights of the sky, so despise the Huaxia people, then there is no need for him to be polite with him.

Williams was angry, and a Chinese driver dared to speak to him, a famous designer, simply ignorant of the greatness of the world.

He didn't get out of the car directly. Instead, he pointed to Yu Sheng's nose and cursed in his bad Chinese: "You are only a stinky driver. You dare to speak to me like this and call your boss over! If he doesn't let you ask you to kneel down and apologize to me, I won't design a wedding dress for him."

Yu Sheng hated others holding his nose with a finger, and when he raised his hand, he knocked Williams' hand to the side, and shouted coldly: "I let you go, do you hear it? I don't care about your design."

Williams' face flushed with anger. He didn't even think that a stinky driver could be so arrogant, but he was afraid that the rest of his life would really come down and beat him.

He has heard of Huaxia Kungfu, what about flying over the wall, moving things in the air! If by any chance you get a bad hand in this foreign country, it would really outweigh the gain.

Williams scolded, got out of the car with his beauty, and finally did not forget to threaten: "You stinky driver, wait for me. When I get to the place, I must ask your boss to file a complaint. You will be fired, and you will kneel down and apologize."

"Stupid foreigner, I'm waiting for you!" Yu Sheng finished saying this, and drove straight away as soon as he got into the car window.

At this time, Williams' beauty assistant said anxiously: "We don't know where the Sihai Group is. Now that the driver is gone, how can we find the place!"

Williams raised his hand and knocked on the head of the beautiful assistant, exclaiming: "Are you real? Although Huaxia is not as good as ours in France, there are still taxis in this broken place!"

Hearing this, the beautiful assistant could only close her mouth sadly, and stopped a taxi on the side of the road and said the destination Sihai Group Building.

When a designer from Paris, France came to China, Xia Jun put aside his work, made a call with Magnolia, and hurriedly rushed to the Four Seas Group before everyone arrived.

As soon as he sat down for a long time, Magnolia arrived.

"Xia Jun, did Yu Sheng really invite a designer from Paris, France, to design a wedding dress for me?"

Magnolia received a call from Xia Jun and rushed to the Sihai Group. She still couldn't believe it.

The guy Yu Sheng also said that he would give it a grand wedding before. It was in the eyes of Magnolia.

Yu Sheng was always a straight man with advanced cancer. He didn't expect him to be so caring this time.

Xia Jun didn't dare to neglect, and quickly replied respectfully: "That's natural, and Yu Dong's thoughts on you are more than that!"

"Oh?" Bai Magnolia was taken aback for a moment, and she didn't understand what Xia Jun meant by

saying this. Could it be possible that she had prepared other things for the rest of her life, didn't she know it?

So he asked again: "Xia Jun honestly explained, what else did he prepare for the rest of his life?"

When asked by Magnolia, she realized that she had just said that she had missed her mouth, and almost told the surprise she had prepared for the rest of her life.

"Miss Bai, don't embarrass me, Yu Dong won't let me say that if I tell you this, he won't kill me!" Xia Jun said anxiously.

Seeing Xia Jun concealing it, Magnolia frowned slightly. What the hell was that guy doing in Yu Sheng? It also makes it mysterious.

The interest was lifted, and she deliberately didn't tell her, not to mention how uncomfortable Magnolia was, and after a while, she must ask her for the rest of her life.

At this moment, the office door opened, and William James and his beautiful assistant walked in.

When William James saw the appearance of Magnolia, his steps stopped, his blue eyes were wide and round, his eyes could no longer be resolved, and he moved away from Magnolia.

Chapter: 913

"Presumably you are Miss Bai! You are the most beautiful Chinese woman I have ever seen, my God! You are really beautiful." William James said in shock.

He walked quickly to the front of Magnolia and wanted to kiss her on the cheek, but he had just walked in front of Magnolia before and saw Magnolia stepped back several steps in a row.

"You are a well-known designer, William James! Please sit down for a long time." Magnolia said with a smile.

William James couldn't help but feel sorry for him, but he missed this opportunity a lot.

Designing her wedding dress requires measuring the size, and he can still touch her white and tender skin under this name.

William James deliberately sat closer to the Magnolia, and took a closer look at the Magnolia, and the shock in his heart became even stronger.

The woman in front of him was so beautiful that he couldn't help being moved even if he had always looked down on Huaxia.

Licking his dry lips, William James couldn't help sighing in his heart. It was a pity that such a stunning beauty was about to marry.

Facing the beauty of Magnolia, William James had a bold idea in his heart, and then his head fell into Magnolia's ear and whispered: "Beauty, it's a pity that you are so beautiful to marry a Chinese. , They are so short and weak, they can't satisfy you, right?"

Otherwise you follow me! I can definitely let you experience how happy it is to be a woman! "

When she heard this, Magnolia frowned her eyebrows, her face was frosty, she turned her head to look straight at William James, and said coldly: "Get out of here!"

When William James's beautiful assistant saw that Magnolia was talking to her boss like this, she stood in front of Williams without saying anything, and said unceremoniously: "Miss Bai, what do you mean by this?"

We are your fiance who paid a lot of money to invite us from Paris, France. Now in China, what do you mean by letting us go? Today must give us an explanation! "

Magnolia's chest was constantly ups and downs, and the anger in his heart had reached an extreme at this moment. What William James just said was simply shameless.

She now has some doubts about why the rest of her life would invite such a person to design a wedding dress for him. Even if she designs a beautiful wedding dress, Magnolia can't wear it when she thinks of William James' disgusting face.

"I said, I don't want you to design a wedding dress for me. People with extremely inferior character like you, get out of me!" Magnolia pointed at the door and said coldly to William James and his assistant. This place has just arrived, and even the ass is not warm, and now he is going to be kicked out. If this spreads, William James will be treated as a laughing stock even if he returns to France.

At this moment, Xia Jun was confused. He didn't hear what William James said just now, so he didn't know what happened? I don't even understand why Magnolia is so angry.

"Miss Bai, Mr. Muss, first sit down and calm down. Let's make it clear what is the matter. Why should we get angry?" Xia Jun made a round.

William James knew that he was too reckless, which caused the current situation, and he sat back in his position with a cold snort.

With William James, Magnolia felt that even the air was disgusting. She was about to leave and talk to Yu Sheng about this matter. At this time, the office door opened.

"I just went to the toilet, isn't it late?" Yu Sheng opened the door and shook the water in his hand.

Chapter: 914

Yu Sheng opened the door and saw William James inside. His eyes were relatively unexpected to Yu Sheng. There was no expectation that this foreigner would arrive before him.

Just as Yu Sheng and Gu Beicheng walked in, William James's whole body was blown up, and he pointed at Yu Sheng's nose and cursed: "You stinky driver, you dare to come here. I just happened to save it. I went to find you."

Speaking of this, William James pointed to Yu Sheng and said to Xia Jun: "This smelly driver not only threatened me, but also threw me on the road."

When he joined the Four Seas Group, William James planned to sue Xia Jun, but when he saw a beautiful woman like Magnolia, he forgot about it.

Now that Yu Sheng came to the door by himself, William James would naturally not let him go so easily, so he pointed to Yu Sheng and said to Xia Jun: "You quickly get rid of him, and then let him apologize to me, otherwise it is impossible for me to give You design wedding dresses."

Xia Jun still didn't say anything. Yu Sheng came to William James's side, grabbed his collar and said, "You foreigner, do you not understand what I said before? I don't need you to design a wedding dress. Why do you come here again? NS."

William James wanted to break Yu Sheng's hand, but Yu Sheng's hand was like steel, and there was no way to shake it.

"Xia Jun, your driver threatened me like this and drove me away, don't you care? Call the security guard over and beat this man out!" William James became angry.

Xia Jun shrugged helplessly and said, "I can't do this thing! He is my boss for the rest of his life. Whoever he asks to design this wedding dress, who is it? He asks you to go, you should go back to France!"

The man in front of him who looked like a driver turned out to be Mr. Yu who invited him over. When he learned the truth, William James's face was so ugly that he could put down a fist with his mouth open.

Frozen for a long time, he just didn't say a word, and he still didn't want to believe it was true.

Along the way, he said a lot of things that look down on the yellow race, even saying that Huaxia people are short, and he also said that Huaxia people are stupid and rich. The reason why he said these was just

to humiliate the stinky driver and his competitor Gu Beicheng. He never thought that the driver was Mr. Yu.

If designing a wedding dress satisfies him, Mr. Yu intends to give the designer a remuneration of 10 million. Even if William James is a more famous designer, he is still very excited about this sky-high bonus.

In order not to miss this opportunity, William James put his attitude well and looked at the rest of his life apologetically.

"I'm sorry, Mr. Yu, I drank a little red wine on my head when I came, so I said those crazy things. A big man like Mr. Yu will not care about me, right?"

At this time, Magnolia walked to Yu Sheng's. Just now William James teased her, how could he let him go so easily?

"Yu Sheng, this guy just leaned on my ear and said some filthy things, you must teach him a good lesson!" Magnolia said in an air.

Originally, after William James apologized, for the rest of his life he was going to be beaten by someone. When he was sent back to France, he didn't know that this guy would even dare to beat Magnolia.

Secondly, Yu Sheng raised his fist and slammed it against the face of William James. After one punch, he lost five or six teeth with nosebleeds.

William James was beaten up a bit. He was obviously a man who was not as tall as him, but the power that broke out was unimaginable. Sure enough, Chinese Kung Fu was terrifying.

Chapter: 915

The beautiful assistant of William James on the side was shocked, and he stood still and screamed. He didn't even think that this Chinese person was really so fierce.

"Do you know who you just hit? He is the most famous designer in Paris." Although the beauty assistant said this, she always kept a certain distance from Yu Sheng, for fear that she would also be beaten.

Yu Sheng sneered, and directly called the security guard of the Four Seas Group. William James threw him to the security guard and said: "Take him to death. Just keep your breath. Whoever hits is promoted and raised."

Within a day, these security guards first taught Gao Qing, the chairman's mother-in-law, and now they are called over to beat the gringo.

Although he didn't understand the situation, this foreigner seemed to have no relatives with the chairman of the board for no reason, and given such an order, they would naturally not keep their hands.

The beautiful assistant who saw this scene was stunned and wanted to stop, but was afraid of being hit by the fish, so she stood anxiously and watched William James being beaten.

After playing for a while, seeing William James' breath weaken, the rest of his life made people stop, and it would be no fun to kill him.

William James on the ground, with drooping eyelids, his face was blue and purple, looking like he had lost his life.

"Throw it out! If you dare to come, see and fight once!" Yu Sheng said lightly.

Seeing that Yu Sheng was so cruel and cruel, the beauty assistant was also panicked, and she didn't even dare to say a fart, and struggled with William James out of the Four Seas Group with fear and fear.

Gu Beicheng, who had been watching this drama, sighed in his heart, it turned out that this person is not Xia Jun, and the big boss who invited them to come.

With no effort to spare a competitive partner, he didn't have the slightest slack in his heart, but was more cautious.

"Since the foreigner has been beaten away, I will leave the wedding dress design to you this time. Don't let me down, or I can invite others." Yu Sheng patted Gu Beicheng on the shoulder and said.

Gu Beicheng subconsciously picked his eyes with his hand, and said very cautiously: "Don't worry, I will definitely live up to your high expectations."

The next thing is that Magnolia tells Gu Beicheng her personal requirements for this wedding dress, which Gu Beicheng wrote meticulously.

Yu Sheng pushed open the door of the office and walked out. Xia Jun also followed in fear. This time, William James would still blame him for the rest of his life.

After all, when he was looking for someone, he hadn't figured out the character of that person, and this made Miss Bai feel wronged.

Yu Sheng walked out of the office, took out the cigarette case from his pocket, smoked a cigarette and put it in his mouth, and took out another cigarette and handed it to Xia Jun, asking, "Do you smoke?"

Xia Jun felt uneasy, and where he dared to pick up the cigarette that Yu Sheng handed over, he quickly admitted his mistake and said: "I'm sorry Dong Dong, I failed your expectations. This made Miss Bai suffer this kind of grievance. Dong Yu wants to fight. If you want to send Xia Jun, you will recognize it!"

After taking a sigh of smoke and spitting out the smoke, Yu Sheng said: "I am not going to punish you. If anything goes wrong with the castle, then there is no need for you to follow me."

Xia Jun nodded quickly and thanked him: "The things on the castle side will never disappoint you again."

Yu Sheng nodded, then waved to Xia Jun, letting him go to the castle first.

Standing in front of the floor-to-ceiling windows, looking at the busy traffic outside, Yu Sheng was in a complicated mood, always feeling a little uneasy, as if something bad would happen.

What the hell is it?

Chapter: 916

"Qianqian, give me another chance. I don't mind if you have had children. I will take good care of you mother and daughter."

A handsome French guy with blue hair and blue eyes, wearing a brand-name suit, followed behind a Chinese beauty.

Xu Qianqian turned her head back, with a playful smile on the corner of her mouth, slapped her hand up, and slammed it on the cheek of the handsome French guy.

"What right do you have to mind if I have no children? Does it have anything to do with you? I have never said to be with you."

Xu Qianqian's words leave little leeway. This young French man has been madly chasing after Weisen for a long time.

From the first meeting between them, Wei Sen began to pursue Xu Qianqian's crazy pursuit. Wei Sen is a rich second-generation. He was very generous with Xu Qianqian. He gave away such things as luxury villa cars and bags.

Xu Qianqian didn't have the account to buy him from beginning to end, and the most fragrant was what he couldn't get. On the contrary, Wei Sen was more interested in Xu Qianqian, and he must be inspired to get her the best.

"Sorry Qianqian, I really didn't mean it. I didn't mean that. I really love you so much. I think about you crazy every day." Weisen said in a low tone.

He is one of the most famous nobles in France. Coupled with his extraordinary appearance, even many French noble ladies are interested in Weissen.

But Weissen understood that after marrying those noble women, he would not be able to mess around outside. He was so romantic in nature that he didn't intend to get married so early and didn't want to be bound by marriage.

Since he met Xu Qianqian at the airport more than a year ago, his temperament has changed. From the beginning, he wanted to change his taste and try the taste of a Chinese woman, until he fell out of control.

Xu Qianqian's body seemed to have some infinite charm, and his heartstrings were stirred every moment, making him unable to extricate himself.

At this time, Xu Qianqian had already returned to the door of his villa, and Weissen, who was catching up from behind, wanted to enter, raising his leg and kicking him under the crotch.

"I don't like you, even if you give me all your money, I won't be interested in you, get out!" Xu Qianqian said unceremoniously.

This kick kicked Weissen on the ground and rolled, his tears and nose ran out of pain, and he reached out to stop Xu Qianqian from closing the door, but the door was already closed.

Back in the villa, Xu Qianqian put the milk powder he bought from the supermarket on the table and saw footsteps coming from the stairs.

The black nanny at home hugged a six-month-old girl and walked down.

The little girl in her arms giggled when she saw Xu Qianqian downstairs, and stretched out her chubby little hand for her to hug.

Xu Qianqian directly ignored the little girl's reaction, and said coldly to the black nanny: "The newly bought milk powder is on the table, remember to give it to Yueyue."

Leaving this sentence aside, Xu Qianqian turned around and went back to her room, not seeing the little girl in the arms of the black nanny during the whole process.

Seeing her mother go, Yueyue didn't hold herself, her mouth slowly moved downwards, and she cried with a "wow".

"It's so noisy!" Xu Qianqian said depressedly, and went straight back to her room and closed the door.

At this moment, her cell phone rang suddenly.

"Qianqian! How are you doing?" Xu's father's concerned voice came over the phone.

"Generally, just tell me something!" Xu Qianqian said lightly.

On weekdays, her father wouldn't call her for anything. Once he called himself, something would definitely happen.

"Qianqian! I have to tell you something. He divorced Yang Zihuan for the rest of his life." Xu's father on the other side said.

Xu Qianqian was stunned when he heard this message, and then a smile was raised on the corner of his mouth. After waiting for more than a year, this guy finally divorced.

At this moment, Father Xu spoke again: "The Xu family's men have recently investigated that he seems to be preparing for a wedding. I heard that it is with Miss Bai Magnolia, Qianqian, do you want to come back!"

Chapter: 917

The three-day period is approaching, and Yang Ling still hasn't made up the 100 million. He remembers that he is overwhelmed.

There is no way if the people who stay at home Long Brother come to the door, it will be a dead end, absolutely can't sit and wait for death.

After packing up his own things, Yang Ling planned to go abroad to avoid the wind. When this matter slowly passed, it would not be too late for him to come back and be a low-key man.

"Son, take me! I don't want to stay at home alone, I'm too lonely." Gao Qing grabbed Yang Ling's clothes and pleaded.

Yang Ling lifted his leg and kicked Gao Qing to the ground, as if the person on the ground was not his biological mother, and cursed mercilessly: "It's all you old stuff. Lao Tzu wants to hide in Tibet. You killed me, if this is really dead, I will not let you go as a ghost."

Gao Qing lay on the ground, crying aggrievedly, and pointed at Yang Ling and said, "Yang Ling, you are not an individual? I am the mother who gave birth to you and raised you. How can you treat me like this."

"It's because it was your son that I ended up so miserably. Your sister's divorce with Yu Sheng was also your one-handed provocation. A person like you deserves to die alone!" Yang Ling said angrily.

After saying this, he turned his head and planned to go out for a run, but he just turned around and saw a group of people blocking the door.

A bald man with dense tattoos on his body, raised his hand and grabbed Yang Ling's shoulder, and asked in a deep voice, "Yang Ling, where do you plan to go with this big bag?"

Is it possible that you are planning to run away without paying back my more than one billion? Isn't your kid rich? Or do you look down on my Long brother?"

When Yang Ling saw that it was Brother Long and his subordinates, the whole person was frightened and knelt on the ground with a plop.

Without saying anything, he knocked his head a few times, and then said shiveringly: "Brother Long, you have misunderstood, how dare I run away!"

Regarding Yang Ling's explanation, Long Ge didn't believe it at all. He waved his hand at the hem behind him, and instantly a group of people surrounded Yang Ling and Gao Qing tightly.

Yang Ling was so frightened that he was about to cry. Today was really a dead end. He turned his head and gave Gao Qing a vicious look. Had it not been for this woman to catch him and delay the time, he would have gotten into the car and ran away.

Brother Long grabbed Yang Ling's hair and lifted her from the ground, and said fiercely, "Since you don't plan to run for three days, and it's already here, should you give me back the more than billion you owed me?"

Yang Ling grinned hoarsely in pain, feeling that her scalp was about to be pulled off, but she did not dare to refute.

"Long...Long brother, let go first, how dare I not pay back your 100 million yuan? My brother-in-law is the chairman of the Sihai Group. He has money. I will take you to find him!" Yang Ling said quickly.

He really has no way, and if he drags on like this, he will be killed by Brother Long. He is still so young, he doesn't want to die!

Hearing this, Brother Long released his hand holding Yang Ling's hair, looked at him with interest, and said, "You kid, aren't you kidding me? Your brother-in-law has never heard of it. Ah! Qiancheng is famously useless, or do you think it is fun to play me?"

Seeing the displeased expression on Long Ge's face, Long Ge's subordinates fought and kicked Yang Ling without saying a word.

"You guy is very courageous, even Brother Long dare to play, really don't want to live."

“Brother Long, you dare to play, I will beat you to death when I step on the horse.”

The HD sitting on the ground, saw that his son was beaten, and felt distressed. He hurriedly climbed in front of Brother Long and grabbed his trouser legs and said, “Brother Long, my son is wrong, my son-in-law. He is really the chairman of Sihai Group, how dare he lie to you?”

You hurry up and let people stop! If you continue to fight, my son will really be beaten to death by you.”

Seeing Gao Qing also said the same, Long Ge made his little brothers stop.

“If that’s the case, then you take me to the Four Seas Group to ask for money. If you really trick me, don’t blame me for cutting you off!”

Chapter: 918

“Brother Long, this is here! This is my brother-in-law’s company, and he is the chairman of this place who will definitely have money to pay you back.”

Standing at the door of Sihai Group’s company, Yang Ling respectfully said to Brother Long.

He can only put everything on Yu Sheng’s body, when Long Ge can ask Yu Sheng for this money, then he won’t have to die.

Maybe Yu Sheng was afraid of Long Brother’s power, so he would take out his 100 million yuan. Anyway, Yu Sheng was quite rich, so he was supposed to have this money.

The company’s security guards, when they saw twenty or thirty people coming down from seven or eight cars, and those people didn’t seem to be a good stubborn, each of them had sticks and other things in their hands.

Seeing this, all the security guards gathered at the gate and stood in a row to block their way. Among them, the security captain of the Sihai Group stood up and asked: “Who are you? Do you think the Sihai Group is messing with things?”

At this time, Yang Ling was pushed out by Brother Long. Yang Ling glanced at Brother Long behind him.

He didn’t dare to talk nonsense. He lost his face and walked to the security captain and said, “I belong to Chairman Yu. Brother-in-law, I have something to do with him, so please inform me.”

The security captain didn’t go to pick up the cigarette Yang Ling handed over, but he glanced at Brother Long and the men he brought with some fear.

If you really do it, the security of the Sihai Group is really not the opponent of those gangsters. After thinking about it, the security captain picked up the mobile phone and called Yu Sheng, and the phone confessed the matter here.

At this time, the rest of his life happened to be staying at the Four Seas Group to sort out official business. After receiving the call, he went downstairs and saw a group of people at the company’s door.

When seeing Yu Sheng, Yang Ling ran over with bright eyes and grabbed Yu Sheng’s hand and said excitedly: “Brother-in-law, I finally saw you. My mother used to be confused. She destroyed you and my sister. Marriage, now our family knows that it was wrong, let’s remarry with my sister!”

Whenever you encounter something, you will know to look for him. If the 10 billion are not deceived, perhaps the family will never think of this person for the rest of their lives.

The security witness quickly pulled Yang Ling aside. Yu Sheng was the chairman of the Four Seas Group. Wouldn’t it be their sin if this unwilling guy hurt Yu Sheng.

Brother Long touched his big bald head and walked over, looked up and down carefully for the rest of his life, and asked disdainfully: “You are Yang Ling’s brother-in-law. He owes me a loan shark of 100 million yuan. , Is the money ready?”

“I don’t know this person. He owes you money. Why do you find him?” Yu Sheng said lightly.

Yang Ling panicked as soon as he heard this, Yu Sheng, is this unwilling to care about his life and death? If you really don't care about him, you will lose your life today.

"Brother-in-law, how can you tell me that we have lived together for a few years? Brother-in-law, save me! I really don't want to die! I'm still so young." Yang Ling struggled hard, but why can't break the shackles of security.

"You kid, don't fucking pretend to be in front of me, hurry up and take out one hundred million, otherwise our brothers will destroy your company, then you don't beg me to stop."

Brother Long didn't care if Yu Sheng was Yang Ling's brother-in-law or not. It seemed that they also knew each other. Yang Ling didn't know what was a hundred million yuan in that cheap fate. What he wanted was money.

Since Yu Sheng is so rich and is still the chairman of the Sihai Group, Long Ge wants to blackmail him, anyway, he has enough brothers.

I thought Yu Sheng would be afraid to beg for mercy, but Long Ge did not expect that Yu Sheng didn't seem to have any fear of what he just said.

"In this case, then I call my brother to come" Yu Sheng said with a smile.

Chapter: 919

Brother Long's men burst into laughter when they heard Yu Sheng's words.

"Do you know who Long Brother is? Even if you are the chairman of this Pohai Group, you still have to give us Long Brother a little bit of face."

"It's a little bit of money to be awesome! Our Dragon brother is a relatively famous figure in the underground forces of Qiancheng, and you will be scared to death by speaking out."

"Don't pretend to be damned, give money quickly, or you will smash your broken company."

Being so boasted by his subordinates, Brother Long was very satisfied, touched his bare head, and said with a smile: "Hurry up and take out 100 million. I won't care about this matter with you. Then we can still be a friend, if you don't toast or drink fine wine, don't blame me for being too ruthless."

At the meeting just now, the rest of his life had already sent a message to Du Fei, asking him to bring some brothers here quickly.

Putting the phone back in his pocket, Yu Sheng put his hands on his shoulders, his face still has the Gujing Wubo smile: "Don't worry! I can't get it out now if you want 100 million! I just sent a message, let's My brother brought it here."

When Brother Long heard this, he thought he was afraid of them for the rest of his life, and he was even more proud at this time. He didn't forget to remind him: "Young people are very prosperous! But I still want to remind you.

Yang Ling borrowed a 100 million usury loan from my casino before. Now three days have passed. At least one hundred and fifty million must be repaid. Hurry up and send a message to your brother to ask him to bring more money, and then take less. , I don't follow. "

Yu Sheng laughed at this, nodded and said nothing.

This Long Brother is really greedy. Even if he is a loan shark, he has never seen a rise of 50 million in three days. Wouldn't this person really think of him as a fat sheep?

Seeing Yu Sheng nodded to compromise, Long Ge was even more satisfied, thinking that the chairman of the so-called Four Seas Group was nothing more than a coward who was greedy for life and afraid of death.

At this time, one of Long's subordinates, Xiao Huangmao, raised his foot and kicked the security guard

who was aside and ordered: "Is this kid so wink? Did you see our Long brother still standing there? Hurry up and move a bench!"

The security guard looked at Yu Sheng with some thoughts, and when he saw Yu Sheng nodded, he ran over and moved a bench for Brother Long.

About 15 minutes later, more than a dozen BMW cars stopped at the door of the Four Seas Group. Forty or fifty people went up and down from the cars. The leader was Du Fei, the famous underground king of Qiancheng.

Hearing the movement, Brother Long stood up from the bench, he looked back, and his face immediately changed when he saw that the person was Du Fei.

Although he is also a member of the underground forces, he is far from Du Fei, and the two cannot be compared at all.

Seeing Du Fei coming, where did Brother Long dare to put on airs! Hurriedly ran over like a pug, and said with a smiling face: "Brother Fei, I have never thought of touching you here. It's a blessing for Sansheng. I have time to invite you to dinner!"

Du Fei directly ignored Brother Long, and there was no need for a small person like him to take it seriously, and brought a group of his men straight to Yu Sheng.

"Lao Yu, you asked me to bring my brother, what's the matter? Do you teach these chores?" Du Fei patted Yu Sheng on the shoulder and asked with a smile.

"These people come to our company to make trouble because of the large number of people, so I called you." Yu Sheng said with a shrug.

Seeing this situation, Long Ge, who followed him, immediately dropped his chin. What's the situation? Isn't he wrong? Du Fei, the well-known underground king, even called this man a brother.

That's Brother Du Fei's friend. He even brought his hands down to threaten him. Isn't this looking for death?

Seeing the bad news, Brother Long quickly said: "Brother Fei, I don't know this is your friend. You have offended you just now, but don't care about little people like me. I will go now! I will go now!"

Du Fei wouldn't let Brother Long go so easily, giving his subordinates a color, and immediately a group of people blocked Brother Long's way.

"What are you going to do? You didn't rely on the crowd to ask me for 150 million yuan? The money is still not available, why did you leave like this?" Yu Sheng was still smiling.

Chapter: 920

"Brother-in-law, don't let him go like this! When he was at home before, he asked his subordinates to beat me up! I have to go back anyway, or I'm not in vain. Have you suffered a meal?" Yang Ling said in a violent voice.

Before he owed Long Ge money, he was afraid that he was terribly scared, but now he has a brother-in-law to support him, but he is not panicked at all, even thinking of letting Yu Sheng teach Long Ge a lesson.

Yu Sheng turned his head to look at Yang Ling, and said in a cold voice, "I need to say it several times? Your sister and I have already divorced, and now I am not your brother-in-law.

The reason why I will take care of this is because they have coaxed to the door of my company, and you are also to blame. If there is another next time, don't blame my subordinates for being unsympathetic." Feeling the coldness in Yu Sheng's eyes, Yang Ling shrank her neck in fear. It is impossible for the person in front of him to return to the rest of his life in the Yang family.

Fearing that the rest of his life would leave him alone, Yang Ling closed his mouth altogether this time, and stood aside, not even daring to let go.

At this time, Long Ge knew well that he had offended someone who shouldn't be offended this time. In order to be able to save his life, he couldn't take care of any facelessness.

Without a word, he knelt in front of Yu Sheng and cried and begged for mercy: "Brother, I really knew I was wrong. I really didn't know that you were a friend of Fei! Can you do it for one hundred and fifty million? Let's just let this matter go."

Is there such a good thing? The rest of my life was amused.

He couldn't understand what kind of virtuous person Yang Ling was. Although it was his fault that Long Brother was involved in loan sharking, Yang Ling did borrow his money.

Adhering to the character of don't want to be in vain, the rest of his life is naturally satisfied, nodded and agreed.

Seeing Yu Sheng's disregard for the predecessors and no plan to care about him, Long Ge breathed a sigh of relief, and then let go of the holding heart.

"Thank you, brother, I'll call people to withdraw money to honor you." Long Ge said with a smile, feeling distressed in his heart.

This time he came here to ask for money, and if the money had to go here, he would still lose 150 million yuan, blood loss!

Yang Ling lost five hundred million in the casino a few days ago and all came to his hands, so it's not all too bad in this calculation.

"I don't have any plans to just ignore the predecessors. Your little brother just kicked my company's security guard. Should this account be settled?" Yu Sheng said lightly.

The security guard who was kicked by Huang Mao felt grateful when he thought that the rest of his life was for the sake of getting ahead.

The Huang Mao, who had been pleading with him before, had a look of trepidation when he heard this, but it was Du Fei's friend, even if he wanted to kill him, it was easy.

Huang Mao walked out of the crowd tremblingly, and looked at Brother Long for help: "Brother Long, I...I, you save me! I saw you standing too tired, so I did this!"

To be honest, it is someone else standing here today, what Long Ge said he wanted to give his own subordinates, but this one in front of him is Du Fei! It was easy to kill him.

"Why are you still talking about so much nonsense here? If you do it wrong, you should apologize if you do it." Long Ge gave a kick to Huang Mao and said with a grudge.

I'm pretty smart on weekdays, but now I can't change my mind when I encounter things. Is it useful to ask him? Brother Long is a fart! It is not enough to give Du Fei shoes.

"Should an apology be apologized, whether it was kicked with the left leg or with the right leg?" Yu Sheng asked coldly.

Huang Mao's face was horrified when he heard this, and he couldn't figure out why Yu Sheng had to ask this way. He looked at his two legs nervously and couldn't speak.

After a short time, Huang Mao's forehead burst into big sweat, and said nervously: "I...I...I can't remember."

"Since you can't remember, just interrupt the two legs together!"

Hearing that, Huang Mao was frightened and silly. He didn't expect Yu Sheng to be so cruel. He just kicked the security guard, and he had already said that he was humbled. He actually had to break his leg.

In this situation, begging for mercy no longer has any effect. Before he can think about it, Huang Mao hurriedly blurted out: "Left...left leg, left leg."

Chapter: 921

He said it had something to do with Yang Jiazhen, but this time for the rest of his life he helped Yang Ling through this crisis.

Watching Yang Ling sit idly by, such an approach is indeed too cruel.

After the incident this time, Yang Zihuan came to the Four Seas Group to find Yu Sheng, but they were all stopped outside the company's door and she was not allowed to enter.

And Xiao Zixin invited Yu Sheng to a home for a week. Although she was busy on official business, Yu Sheng still granted her a leave and set about taking care of the company's affairs by herself.

Time passed day by day, and several months passed in a blink of an eye. Yu Sheng couldn't help but admire the development of Shengyuan Company. It has to be said that the chairman of Shengyuan Company is indeed a big-headed person.

Regarding internal power, since the battle with the master abbot made him understand something, his strength has taken a small step forward, and there has been no further progress in the future.

This made Yu Sheng a headache, and he even began to dislike that his cultivation speed was too slow, but at the speed of his cultivation, he didn't know how many warriors he would envy.

Because of the huge investment, the castle built by Yulan Yulan was built in just a few months. The scale is huge, costing 500 million yuan.

The people in Qiancheng wondered about who actually had such a big hand, and spent a huge sum of 500 million to build a flashy castle.

After the castle was built, even people from other provinces came to visit and take pictures. After seeing the castle like a fairy tale and wonderland, they all sighed that the owner of the castle was rich in wealth.

At this time, Bai Yulan didn't know about the castle that the people in Qiancheng were discussing.

During these hours, she took the rest of her life to Shangjing, and announced the personal results of the two of them to Elder Bai in person.

When Yu Sheng called the good news to Old Man Bai, Mr. Bai excitedly patted the table and called three good words in a row!

After getting off the plane, Yu Sheng and Bai Yulan saw that Mr. Bai, Mr. Shangguan, and Mr. Shangguan Ling'er also arrived at the airport to pick them up.

When the old man of Shangguan learned that Yu Sheng was really going to marry Magnolia, he was still a little bit disappointed. After all, this young man was also the candidate for his grandson-in-law, and he thought of letting his old friend take the lead.

Shangguan Ling'er's original happy mood has also become very bad, and her heart is extremely complicated. She has always been lively and active, but today she is surprisingly quiet.

The happiest person at the scene was Mr. Bai. He walked to Yu Sheng's side, raised his hand and patted him on the shoulder, admiring him: "Good boy, when I saw you for the first time, I felt very destined. It's almost a family, how fast! Magnolia is also lucky to be able to find a boyfriend like you."

"The old man Bai joked. Being able to be with a good girl like Yulan is a blessing for the rest of my life. I will definitely take good care of her." Yu Sheng said, grabbing Bai Yulan's hand, and the two of them felt good at the same time. Looking at the other person's eyes, his eyes are full of happiness.

Seeing the rest of my life this time compared with Magnolia, when I came to celebrate his birthday last

time, his feelings seemed to have improved a lot, and Mr. Bai was relieved in his heart! My baby granddaughter really didn't let myself down, and succeeded in winning the rest of her life. The old man Bai walked to the old man Shangguan's side and patted him on the back. "Is my grandson-in-law a talented person?"

Said that here, the old man slapped his lips deliberately, and said: "Some people wanted to snatch my grandson-in-law from me before! It's better not to take it away."

Mr. Shangguan was so angry at Mr. Bai's words that he was blowing his beard and staring, but he couldn't think of any other words to refute him.

Shangguan Ling'er, who was standing on the side, felt even more uncomfortable when he heard what Old Man Bai said. He also knew that even if he liked Yu Sheng, he couldn't rob Sister Yulan. But just give up like this? Shangguan Ling'er couldn't make up his mind.

After slowing down, Shang Ling'er mustered up the courage and walked to Yu Sheng's face and said: "You annoying guy, you, you said that you promised me a condition before, do you not count it?"

Yu Sheng thought for a while and thought about this. He got lost while attending the birthday banquet. It was Shangguan Ling'er who brought him out. At that time, she did promise him a condition. If it weren't for Shangguan Ling'er, if I mentioned it now, I would have forgotten about it for the rest of my life.

Curious in her heart, the Shangguan Ling'er suddenly said this, whether she wanted to embarrass herself again.

Chapter: 922

When she heard this sentence from Shangguan Ling'er, Bai Yulan was shocked. At the birthday banquet before, he could see that Shangguan Ling'er seemed to have a different idea about Yusheng. Although it is only a very light feeling, Bai Yulan is a very sensitive woman and can feel this kind of sentiment.

What she didn't expect was that Yu Sheng and others had promised Shangguan Ling'er a request, and her heart was extremely entangled.

If it were other women, she would definitely find a way to deal with it, but Shangguan Ling'er was the one she watched to grow up. The two love sisters. If they turn against each other for the rest of their lives, then it is really...

The old man Shangguan also began to worry about his little granddaughter. When she returned to Qiancheng with Bai Yulan for the rest of her life, she wanted to follow her, but he was later blocked by him.

Since Yu Sheng left with Magnolia, my little granddaughter has been depressed all day long, even holding a brush in the calligraphy class, unconsciously writing the words Yu Sheng.

The old man Shangguan is so mature, how could he not see his granddaughter's little thoughts, but now this situation is a foregone conclusion.

If Shangguan Ling'er voluntarily put forward any excessive demands, Yu Sheng had agreed to it before, but now it is not easy to refuse it, and it will definitely be difficult for it to be.

And the old man Bai liked Yu Sheng so much, he would definitely blame Shangguan Lin for not sensible talking nonsense. And it will also affect the relationship between the two of them.

Linger, don't do anything stupid! Old man Shangguan prayed in his heart.

Just when everyone's hearts were being raised, Shangguan Linger reached out and grabbed Yu Sheng's hand. This made the old man Shangguan's previous thoughts even bigger. Is it possible that she is really

going to do something stupid?

For the rest of his life, he subconsciously took Shangguan Linger's hand and pulled it away, but he was not too anxious to do so when he heard Shangguan Ling'er speak.

"My request, I just want you to be with my sister Magnolia, don't let her down, otherwise, I won't let you go!"

After saying this, Shangguan Ling'er grabbed Bai Yulan's hand, put the two of them together, and then pulled away from her hand.

"Thank you, Ling'er." As soon as Bai Yulan grasped Yu Sheng's hand, she felt extremely secure, and sincerely thanked her superior Ling'er.

Before, Yu Sheng was also a little nervous. In his eyes, Shangguan Ling'er was a wayward little princess, and she didn't expect that she was very well-measured in major matters.

"I will definitely do the request you said. Even if you don't say it, I will treat Magnolia well." Yu Sheng said seriously.

That sentence was extremely firm, and Shangguan Ling'er felt sad for a while, and her heart became more and more envious of Magnolia. It would be great if she could treat her like this for the rest of her life.

Grandpa once said to her that in this world, as long as Ling'er wanted grandpa, he would give Ling'er. Shangguan Ling'er really wanted to tell him that he only wanted the rest of his life.

With this sentence, Shangguan Ling'er knew that his grandfather could not be the master, and the twisted melon was not sweet, even if he really put the rest of his life around him, he would not be happy.

Before, she might not know how to conceal her inner emotions, but now she is slowly watching and learning to suppress her own nature.

Does this mean that she has grown up and will never be able to return to the carefree spirit of the past? Shangguan Ling'er looked at the backs of Yu Sheng and Bai Yulan, feeling very uncomfortable. She really seemed to tell Yu Sheng that I grew up for you, and it was for you to become mature.

Of all the people present, only the old man Shangguan could understand his granddaughter's current mood best, and he couldn't help sighing.

My dear granddaughter has also reached the age of the beginning of love, but it's a pity that I like someone I shouldn't like, after all, it's nothing.

This kind of thing, he is an old man who can't get in and can't help. He can only hope that Shangguan Linger can get out of this unrequited love at an early date.

Chapter: 923

Since Yu Sheng came to the capital, the old man Shangguan bid farewell to Shangguan Ling'er and left first.

During the days when I came to the capital, the rest of my life can be said to have really let go of all my thoughts, and accompany Magnolia and Father Bai, and there is no rest at all times.

At five o'clock in the morning, the rest of his life was dragged from the bed by the old man Bai, and accompany him to practice Tai Chi in the morning.

Although Mr. Bai is getting older, he pays great attention to personal health regimen. Even after taking the health-preserving pill that Yusheng gave him, he still does a set of Tai Chi every morning when he gets up.

After having dinner at noon, Yu Sheng was dragged by Mr. Bai to play Go. He didn't know much about

this knowledge for Yu Sheng.

No matter how talented a person is, he can't learn everything with his heads and arms. For the rest of his life, he has made great achievements in antiques, painting and calligraphy, business, feng shui, onmyoji, alchemy, and martial arts.

Yu Sheng said that he wouldn't know how to play Go, but he was still forced to accompany him to play with him.

To be honest, the old man Bai didn't believe that Yu Sheng could not play chess. When he told Yu Sheng to guess first, he scratched his head with a confused expression on his face. Then he completely believed that Yu Sheng was a rookie, Xiao Bai.

Magnolia on the side covered her mouth and laughed twice, and briefly talked about the knowledge of Go for the rest of her life, and only then did she have an understanding of guessing for the rest of her life.

The role of guessing is to distinguish between the black ones and the white ones.

Elder Bai saw that Yu Sheng really wouldn't be able to, so he directly let Yu Sheng hold a black son, and also let him have ten sons, and let Bai Yulan give some pointers.

As the granddaughter of Mr. Bai's most beloved, Magnolia has been familiar with Go since she was a child.

But he only knows a little about the fur, and he is still far behind a man who has been like a national player for twenty or thirty years.

At the end of a round, the rest of his life was killed by the old man Bai for throwing his helmet and abandoning his armor.

"Grandpa's chess intent has improved again. At your level, even if you go to the competition, you can get a good place.

Your level is comparable to that of a national player, so don't embarrass me and Yu Sheng, right? Even if we have been studying for more than 20 years, it is impossible to be your opponent. "

The old man Bai was very useful. He touched his beard proudly. When he was young, he wrote a good handwriting.

However, his good friend, Mr. Shangguan, doesn't like calligraphy and the like. He dismisses them even more. He prefers Go.

Once Mr. Bai asked: What's so fun about Go? Is it more enjoyable than writing good handwriting?

Whoever thinks that the old man Shangguan is unhappy when he hears this, and he directly ridicules: Go is the quintessence of the country, don't look at these small black and white chess pieces, which contain things like the vast universe, people like you You will never experience the joy of Go.

It is because of this sentence that Mr. Bai is not angry, and then he began to study Go. From the beginning, he slowly fell in love with Go.

In order to be able to catch up with Mr. Shangguan, Mr. Bai would take out his chess records and read them when he had something to do. When he was bored, he would sit in a small pavilion and play scores by himself, studying ways to deal with Mr. Shangguan.

Over the decades, the open and secret fights between Mr. Bai and Mr. Shangguan have never stopped.

In the game of Go, Mr. Bai always loses more and loses less.

I don't have any hope of being able to defeat the old man Shangguan in his lifetime and convince him to lose. That's why today I am thinking of abuse and abuse for the rest of my life, happy and happy.

Chapter: 924

"Lord Bai, look at my level, I'm still a thousand miles away from being your opponent! Why don't you just give it up today?" Yu Sheng said begging for mercy.

In the game of Go just now, it was for the rest of his life. The first time he came into contact with this kind of thing, he lost a terrible defeat. He didn't even know where he lost.

Seeing Yu Sheng's big head, Mr. Bai was even happier, as if he saw himself when he was playing with Mr. Shangguan.

The old man Shangguan came into contact with Go earlier than the old man Bai, and the talent of the old man was higher than him. When playing chess with him, the old man Bai was like the rest of his life at the moment, and it was very uncomfortable to lose.

Today, I was finally able to find a sense of existence in Yu Sheng this time. Naturally, Old Man Bai wouldn't be so easy, so he let him go.

"Don't you just want to go shopping with Magnolia? Your young couple get married and have time to spend time in the two-person world. It is so hard to come to Beijing. How do you say you should accompany me with the old man?"

I don't force you, as long as you can beat me by one game, I will make you go shopping with Magnolia and live the two-person world. "The old man touched his beard and said confidently.

He has played chess for decades, and for the rest of his life, no matter how good he is, he is still a rookie, Xiao Bai, how can he not win him in just one day.

"Grandpa, aren't you embarrassed for the rest of your life? How could he have defeated you just now?" Bai Yulan said uneasily for the rest of her life.

Yu Sheng had just come to Bai's house, and she was dragged by her grandfather to play Go and abused. How could she not feel bad about it!

"You little girl, grandpa loves you so much, thinking that you still haven't married in the past, now he turned his elbow out, grandpa is very sad!" Old Bai said pretentingly sad.

"Magnolia is still relying on Grandpa, but he is really not your opponent for the rest of his life. Isn't it interesting to play chess evenly?" Magnolia quickly explained.

Elder Bai waved his hand and said with a smile: "I don't think it, but I feel very happy to be like Yu Sheng."

"If this is the case, I will accompany you next time if you want a younger generation." Yu Sheng couldn't bear to destroy the old man Bai's Yaxing.

Just like the old man Bai said, he and Magnolia will have a long time to come. Sometimes it's time to live in the two-person world. They finally come to Beijing once, and they can't stay long.

Elder Bai is now over eighty years old. Even if he takes the pills he refined, he will still be old when he is old, so he can make his elderly happy and happy.

Don't wait until the tree wants to be quiet but the wind keeps on, and the child wants to be filial and old is gone.

I was forced to play Go by the old man every day. I didn't understand it from the beginning for the rest of my life, and he was able to play several tricks slowly, which greatly shocked the old man.

However, in the days when Yu Sheng played chess with Mr. White, he had never beaten Mr. Bai. Yu Sheng's comprehension ability was much higher than that of ordinary people, but the level of playing chess with Mr. Bai was still far from it.

When Yu Sheng played against Magnolia, she was able to crush Magnolia. At first, Magnolia thought she was careless, but after playing several games in a row, she still lost all of them.

I grew up learning Go with my grandfather, and I didn't expect to lose to Yu Sheng, who had studied Go

for a few days.

Magnolia didn't feel frustrated, on the contrary, she admired Yu Sheng even more. Being able to marry such a man was indeed the most correct thing he had ever done in his life.

After spending some time in the Bai family, after seeing the people of the Bai family, Yu Sheng bid farewell to those people again with Bai Yulan.

For the rest of his life, he did not immediately return to Qiancheng, and took Magnolia to his mother's cemetery.

Chapter: 925

When the two came to the cemetery on the mountain, it was already afternoon, and the sun was about to go down, and the horizon was smudged into red clouds.

Bai Yulan followed in Yu Sheng's footsteps and walked all the way to the cemetery on the mountain. Neither of them spoke a word.

Magnolia could feel it, the heavy expression on Yu Sheng's face made him feel a little bit distressed, and even wanted to hold him in her arms for a good comfort.

In these days of the Bai family, Yu Sheng was almost obedient to Mr. Bai, and Mr. Bai would accompany him for the rest of his life to please him.

And for the rest of his life? There is no family around him, and it should be said that there is only one son, Xiao Shui.

His biological mother was killed by his aunt, and his father was unknown. He was alive a few years ago and endured humiliation. Later, he was chased and killed by his aunt.

It is such a ill-fated person who has grown up amidst difficulties and obstacles, forging his steel-like heart, and thus has the powerful rest of his life today.

The two came to Yu Sheng's mother's grave and watched Yu Sheng knelt on her knees, and Bai Yulan also knelt down.

"Mom, this is your daughter-in-law, that is, my wife. I don't know if you can see it in the underground. I took her to see you." Yu Sheng's voice was a bit dry and dumb, as if she was choking when she said this generally.

Magnolia took a look at Yu Sheng, then set her eyes on the tombstone, and said in a cheerful voice:

"Mom, I am your daughter-in-law who is about to pass the house. I am not sad at all for the rest of my life, because I know my mother is at this time. I must be very happy to see it. I can't let my mother see my depressed face, right?"

Don't worry, mom, in the future, I will take good care of the rest of my life, love him, cherish him, and your grandson, and I will treat him well. "

After listening to Magnolia's words, Yu Sheng also pulled a smile on her face, right! Since people cannot be resurrected from death, my mother knows well and hopes to see her happy!

After the two burned the paper money, they finally knocked their heads three times before turning around and leaving.

It was noon the next day when I returned to Qiancheng again.

The fact of making a gorgeous castle in the outskirts had spread in Qiancheng, and Bai Yulan had learned about it just after returning to Qiancheng.

Magnolia put her arms around Yu Sheng's arm, and asked shyly: "Is this the second mysterious surprise you prepared for me! Did you think that you, a straight man with cancer, would have a day of resuscitation?"

Yu Sheng touched his nose with some embarrassment. He never thought he was a straight male with cancer, but Du Fei did give him this proposal, otherwise he would not have thought of doing it. "Since I know that I am a straight male with cancer, you are about to marry a straight male with cancer as a wife. You are in a hurry to regret now, so Miss Bai, should you regret the marriage?" Yu Sheng laughed.

Magnolia pursed her pink and tender mouth and looked at Yu Sheng with a grimace, pretending to be angry and said: "It's all this time, I'll be kidding you, and I won't care about you anymore."

As the day of their marriage is getting closer, Yu Sheng and Magnolia took time out to take a wedding photo. During this time, Magnolia took a wedding photo of three people and planned to hang it in the most conspicuous place.

The person who gave out the wedding invitation was handed over to Du Fei and asked him to do this. For the rest of his life, the wedding ring customized a ring for Magnolia in dr. This kind of diamond ring can only be bought by a man with his ID card in his lifetime.

On the other hand, the wedding dress designed by Gu Beicheng has been completed, and Gu Beicheng also designed a set of clothes for Yu Sheng to wear at the wedding.

Some are progressing very smoothly. Even after going to Jingbai's house and learning the news, they rushed to Qiancheng to prepare for Yusheng's wedding with Bai Yulan.

Chapter: 926

When the castle was just built, everyone was wondering who could have such a big hand to spend 500 million to build a castle.

Finally, after the insider broke the news, it was learned that Yu Sheng was going to marry the eldest lady of Shangjing Bai's family in the castle, which undoubtedly caused an uproar in the people of Qiancheng. Who is the rest of my life? Well-known door-to-door son-in-law! Entering the family of Yang Zuo to eat soft rice, and giving birth to a son, he can't follow his own surname. Now that he is divorced, I don't think of the Bai family who would like to go to Beijing again.

A door-to-door son-in-law was married, had children, and is now divorced. He could marry a proud daughter of heaven like Miss Bai, which attracted the envy of everyone.

In the mouth of Qiancheng people, Yu Sheng is a famous soft rice king. First he ate soft rice at Yang's house and married Qiancheng's great beauty Yang Zihuan. There was no expectation that he would be even more popular after the divorce. Missy took it down.

Shangjing Bai's family is like a heavenly character in Qiancheng! Everyone was very puzzled, what method was used to chase Ms. Bai after this wasteful life?

Some people even went to Yu Sheng's residence to stay in, just want to meet Yu Sheng and ask for advice on how to eat soft meals.

They don't expect to be able to marry the super beautiful beauty of Bai Yulan, who is a good family, like the rest of their lives, and hooks up with a rich woman, and they will be content with a lifetime of good clothes and food.

But these people simply don't have a chance to get close to Yu Sheng. Ask wherever they are. The jealousy makes those people crazy about Yu Sheng, which is even more violent than the time Yu Sheng married Yang Zihuan many years ago.

Liu Qianshuang, Zhang Wanqiu, Yu Li, Xia Feixue, Xiao Zixin and other women who received the invitation were extremely sad.

They had a different taste for the rest of their lives. They knew that they were divorced, and they all had

hope in their hearts, but in this short period of time, they had to remarry for the rest of their lives, which made them have no way of accepting it for a while.

Xiao Zixin and Zhang Wanqiu, who have deep feelings for the rest of their lives, cried all night, their hearts were broken into dregs, they were more sad, and they would not attend the wedding of the rest of their lives.

And Liu Qianshuang, Xia Feixue and Yu Li are planning to attend the wedding, taking advantage of this opportunity to see the rest of their lives.

Yang Family Villa.

Gao Qing came to Yang Zihuan's room and looked at her daughter's waning appearance, feeling a burst of distress and regret in her heart.

The marriage between Yu Sheng and Bai Yulan, the eldest of the Bai family, had already turned away.

Gao Qing also knew that her daughter must have also heard of this, and she was afraid of doing something stupid in her heart, so she came to take a look.

Yang Zihuan in the room, sitting at the makeup table, looking at the sallow complexion in the mirror, and even the black under her eyes, long staying up all night caused her face to have dark circles.

Reaching out and stroking his sallow face, Yang Zihuan's tears fell in the next second, and she asked Gaoqing in a dry voice, "Mom, do I have a beautiful magnolia? Am I better at all? Fuck her?"

Seeing her daughter like this, Gao Qing felt distressed for a while, stepped forward to put her daughter in her arms, and comforted: "Zi Huan! Don't think too much, you are a famous beauty in Qiancheng, why? Maybe not as good as Magnolia, my daughter is the number one beauty in the world."

Yang Zihuan pushed Gao Qing away, stood up and yelled at Gao Qing for a while: "It's all because of you that I will end up where I am now. My husband does not have a husband, and a son does not have it. Now I have to have it for the rest of my life. Married another woman."

"It's Mom I'm sorry, it's Mom's bad, I was confused before and did something wrong, don't worry! Mom will never let the rest of my life marry someone else." Gao Qing put out four fingers and swore.

At this moment, Yang Zihuan was also sober. No matter how sad she was, she would not be able to see it for the rest of her life. It's better to dress up and attend Yusheng's wedding with Magnolia.

She was going to see, is she really inferior to a white magnolia in the rest of her life?

The two have met since college, but they have known each other for ten years, and they also have a son, and Magnolia and Yu Sheng have only known each other for more than a year.

Chapter: 927

The wedding Yang Zihuan came as scheduled. She put on a very delicate makeup, and even wore a black tube top dress worth more than one million. The proud double peaks, the slender waist, the slender, straight and white big The long-legged back dress is glamorous and indispensable.

The reason why there is such a beautiful and gorgeous skirt is because Yang Zihuan is determined to press the white magnolia at the wedding scene this time, so that she knows who is the most beautiful person.

But because of Gao Qing's stupidity and Yang Ling's profligacy, the Yang family only left an empty villa and Yang Zihuan's Audi a7.

For this gorgeous appearance, Yang Zihuan sold her car directly, and only then customized such a beautiful dress.

As soon as Yang Zihuan appeared on the stage, it attracted a lot of men's onlookers, and instantly surrendered to her beauty.

A woman who has been married and has given birth to a child, her figure is much better than those of the girls, her delicate face with a little pink and white, she is fascinating at a glance, and she has the charm of a young woman, simply is a peerless stunner.

Everyone sighed at the thought of such a woman who had married that waste for the rest of his life, but Yang Zihuan was now divorced, and they also had the most desired thoughts.

A courageous middle-aged man driving a Porsche walked out of the crowd first, came to Yang Zihuan, smiled and said, "Miss Yang is as beautiful as the rumors."

The purpose of Yang Zihuan's coming here today is to hold the last glimmer of hope to save the rest of his life, and does not intend to have too much involvement with other men, so there is no way to take care of that man.

Being left out in the cold, the smile on the middle-aged man's face disappeared instantly. Seeing Yang Zihuan ignoring him and leaving, he would definitely not give her this opportunity.

As soon as he raised his hand, he grabbed Yang Zihuan's slender arms and pulled her back to his side.

The man put his arms around Yang Zihuan and said, "Miss Yang, you have divorced from that waste, why are you still thinking about it? Come to her wedding?"

Could it be that you dressed so beautiful today? Just want to save him at which waste wedding? "

After being exposed to the thoughts in his heart, Yang Zihuan's expression on her face was a little unnatural, and she was so embarrassed that she pushed the man who wanted to belittle her away, and said angrily: "Does this have anything to do with you? If you stop me again, don't blame me for treating you." You are welcome!"

In broad daylight, Yang Zihuan didn't even think that he would encounter this kind of thing, but seeing this man blame the money, she dared to offend it too much.

The man's name is Zhao Hua, from a city near Qiancheng. He heard that someone here spent five hundred million to build a castle and also held a wedding here, so he came here to join in the heat.

Because of being close to Qiancheng, Zhao Hua would often come here to do business, and he had a good understanding of the hotly discussed things in Qiancheng.

He ran into Yang Zihuan as soon as he arrived, and was completely bewildered by the beauty of Yang Zihuan, and then boldly went up to strike up a conversation. She didn't think that the beautiful woman Yang didn't even put him in her eyes, so Zhao Hua said Just got angry.

He Zhao Hua, although he is not a big man, but he is treated with respect and respect wherever he goes, and he can't swallow this breath at all.

Coupled with the beauty of Yang Zihuan, Zhao Hua made up his mind to sleep this iceberg beauty, and then leave a few photos of her as a handle, and let him be his underground lover. Isn't it happy?

"Beauty Yang, don't bother with a wimpy body. It's better to follow me and let you live a life of good clothes and food in the future." Zhao Hua said in Yang Zihuan's ear.

After speaking, he closed his eyes, took a deep breath, and went to sniff the wife on Yang Zihuan. The expression on his face was very enjoyable.

But Yang Zihuan was rolling in his stomach for a while. It was the first time he encountered this kind of abnormality. He stepped on Zhao Hua's foot severely and planned to escape from this place.

Yang Zihuan just turned around and planned to run. Yang Zihuan didn't run very fast, but Zhao Hua didn't know what to do with her when there were too many people. He walked slowly and followed her footsteps at will, for fear that others would find something unusual.

Because Yang Zihuan was afraid of running faster, she accidentally bumped into a magnificent chest when she turned a corner, and her head was a little blinded.

When he raised his head to see who that person was, Yang Zihuan was stunned. She didn't even think that she would run into him.

Chapter: 928

The person Yang Zihuan ran into was not someone else but Yu Sheng. Seeing him in this way, Yang Zihuan felt indescribable.

"Thank you for helping my brother that time, I don't know how to thank you yet, I..."

Yu Sheng didn't want to have too much involvement with Yang Zihuan, so he interrupted Yang Zihuan's words directly: "I didn't help him, but he led his messy things to me. I didn't have any chance of this.

Anxiously settle accounts with him!

If something like the last time happens again, others will not clean him up, I will definitely find someone to teach him how to behave."

After listening to Yu Sheng's cold and merciless words, Yang Zihuan wanted to understand how ridiculous the excitement and joy he had just born in his heart.

"For the rest of my life, we are also a husband and wife, and I gave you a son. Do you need to be so unkind to our family?"

Yang Zihuan didn't believe that even if a person changed, it was impossible to become so indifferent and ruthless. She couldn't accept the rest of her life so strange to her now.

Even Yang Zihuan hoped that Yu Sheng could go back to the past with Yu Sheng, let Yu Sheng work hard for this family again, and be the rest of his life with her head.

"Speaking of unfeeling, I'm not as unfeeling as your Yang family did. Today is my wedding. You come to attend. I have no objection, but I still have a lot to do now and I don't have time to chat with you here.

"After saying this, I turned and left for the rest of my life, without turning his head back.

Yang Zihuan stood in place with a look of despair. The reason why he dressed so beautiful today was to save the rest of his life, but he just didn't have a straight eye to see himself.

This made Yang Zihuan's heart very unbalanced, and even those who were jealous were going crazy. The rest of his life must be Magnolia, right? Why would you see him in your eyes?

Just as Yang Zihuan was sad, a familiar voice came from behind him: "Did Yang Meili just start to be very cruel? I just stepped on my foot, and now I am sad here. You are playing that drama again.?"

Yang Zihuan turned his head as if struck by lightning, and saw Zhao Hua's disgusting face, and the next second his hand did not honestly touch her thin waist.

"If you continue to do this, I will call people, and then you will not be able to eat!" There is no other way, Yang Zihuan was afraid that Zhao Hua would really do anything excessive to himself.

However, Zhao Hua didn't care at all, he came all the way, and happened to meet such a superb stunner, naturally he didn't intend to let it go so easily.

He planned to push Yang Zihuan into his Porsche directly when people were not paying attention, and then drove Yang Zihuan to his villa in Qiancheng directly to strengthen Yang Zihuan.

"Do you think that in this society, there will still be so many people who are brave enough to do what is right. It's hard to protect themselves. Will they still take care of others?" Zhao Hua said confidently.

In today's society, there are few good people and poor people, and doing good deeds may not be rewarded. Maybe you will get a bite back then and make you dirty.

In addition, Zhao Hua is rich and powerful. He is a famous brand and he drives a Porsche. At first glance, he is a capable person, so that everyone does not intend to offend him.

If Yu Sheng's ex-wife, Yang Zihuan, was strengthened by a rich man on Yu Sheng's wedding day, this kind

of news shouldn't be too popular.

The aunts onlookers not only did not plan to go up to help, but also some expected this kind of thing to happen.

At this time, Yang Zihuan was dragged into the car by Zhao Huaqiang. Although Yang Zihuan was resisting desperately, his strength was never greater than Zhao Hua's.

After a while, Yang Zihuan was dragged by Zhao Hua to the Porsche car.

"Help, help! Someone has come to help me!" Yang Zihuan shouted for help, but no one paid attention to her at all.

She obviously didn't do anything. Why did she get into this kind of thing for no reason? Yang Zihuan felt this kind of helplessness like never before.

No matter what happened in the past, he would show up at the most critical moment for the rest of his life, but he had already left just now, and he was busy getting married with another woman. How could he take care of her life and death?

Chapter: 929

"Beauty Yang, you wouldn't be naive to think that someone would meet righteousness and courage? That's really because I watched too many TV series, just follow me honestly, and suffer less from the flesh and blood, and there is no point in struggling like this. "Zhao Hua said triumphantly.

The reason why he dared to do such a thing in broad daylight, and he was not afraid of it, was because there were not many people present, probably just a few, and they were all aunts who were young in their forties and fifties.

The compassion of middle-aged women at this age is not high. If there are a few guys in their 20s and 30s at the scene, they will definitely go out to save Magnolia.

The place where I just met Yang Zihuan was quite crowded, but now this is a parking place, there are not a few people at all. Those who come to the rest of their lives wedding have already gone to the castle, who would come to this place specially!

After hearing what Zhao Hua said, Yang Zihuan stopped calling for help and looked around before letting go. He ran to a remote place in a hurry, and the only three aunts on the scene were just ordinary dressed, with the drink bottles in his hand. , Probably came here to pick up the rags.

Yang Zihuan's heart gradually sank to the bottom, and he even began to complain about the rest of his life. If he walked with him, he might not have encountered such a thing, but his ruthlessness exceeded Yang Zihuan's imagination.

For the rest of my life, if I am really defiled by this disgusting thing today, it will be thanks to you.

At the last moment, Yang Zihuan thought that it was not a way to save himself, and shirk all the experience this time on Yu Sheng.

"Aren't you afraid of me calling the police afterwards? You are going to go to jail for rape. Now that I am released, I don't care about you." Yang Zihuan still had the last glimmer of hope that could make Zhao Hua shrink back. .

Zhao Hua's complexion remained unchanged, with a sneered expression on his face, holding Yang Zihuan's chin and said: "You are so revealing that you want men to think of you? Didn't Lao Tzu follow your heart by doing this? Yes, even if you call the police, I will tell you that you are selling it.

Say you deliberately seduce me, but I have some connections in the patrol room, you can see if they believe you or me?"

"Shameless!" Yang Zihuan said angrily.

It was the first time she met such a shameless person, and even Situ Jian was not as disgusting as this person.

Seeing Yang Zihuan's delicate face flushed with anger, Zhao Hua seemed to be even more excited, and he didn't even want to take Yang Zihuan back to the villa, so he straightened the Fa right there in the car.

"Beauty Yang, if you yell to draw people over for a while, you will be able to show you how lowly you are. At your ex-husband's wedding, you messed with other men in the car. This superb news is all Can you make the headlines?"

When he said this, Zhao Hua felt that his whole body was hot and unbearable, and he was no longer lazy to talk nonsense, so he went to pull Yang Zihuan's clothes.

Yang Zihuan resisted desperately, but it was still to no avail. Just as Zhao Hua was about to enter a crucial step, someone suddenly dragged Zhao Hua off the car.

For the sake of excitement, Zhao Hua deliberately ignored the door of the car, and did not expect that someone would really take care of his nosy.

Originally, he was about to succeed, but he was dragged out in this way. Zhao Hua's heart was furious, and he basically shredded the body of the person who had ruined his good deeds.

But when he looked back and saw the face of the person who ruined his good deeds, he was stunned.

Chapter: 930

There is a big beauty standing in front of you!

Compared to Yang Zihuan, he is not in the slightest. He is 1.68 meters tall, wearing a white shirt, a black buttocks miniskirt, and a pair of beautiful sexy long legs that particularly attract the attention of men.

At this time, Zhao Hua was dumbfounded, and for a moment he had forgotten what he was doing, and the corners of his mouth were about to overflow.

My Yanfu today is really not shallow! First, Yang Zihuan, a well-known beauty in Qiancheng, followed by a long-legged beauty, who seemed to be even hotter than Yang Zihuan.

Zhao Hua had a bold idea in his heart, that is, to make Yang Zihuan and the beauty in front of him all have their own villa, wouldn't it be cool to die by that time?

There were some evil thoughts crooked in his mind, so that Zhao Hua had forgotten that his trousers hadn't been put up yet. He stood there like a naked man.

Zhao Huagang wanted to say, should the beauties want to play together? Three people are more exciting.

There was no time to say this kind of obscene words, so I saw that the long-legged beauty in front of me pulled out a handcuff from the back of his hands.

Zhao Hua still didn't react, and felt a cold in his wrists, and then there was a "哧", and his hands were handcuffed by the cold handcuffs.

"You... are you a policeman?" Zhao Hua panicked this time. He didn't even think that such a beautiful big beauty turned out to be a policeman. Didn't he hit the gunpoint?

The visitor was not someone else, it was Xia Feixue who came to attend the rest of his life wedding, because suddenly something was delayed in the patrol room, so it was late.

I encountered it when I thought of it. In broad daylight, there are still people who dare to do such illegal things. How could Xia Feixue, a people's policeman, sit idly by.

"You have been arrested, but you are brave enough to do such a despising Wang Fa in this place!" Xia Feixue said coldly.

At this time, Zhao Hua was frightened, and he was still in a state of shock. When he reacted, he quickly begged for mercy: "The beautiful policeman, you misunderstood. She sells it in this place. I was tempted to make it. Don't misjudge a good person with this kind of thing, I'm just confused for a while."

Yang Zihuan in the car tidied up her clothes and quickly explained: "Comrade police is not what he said. It must be unruly for conspiracy."

When he heard this, Zhao Hua was very anxious, and angrily raised his foot and kicked Yang Zihuan in the car: "You are a stinky bitch who stepped on a horse. When you came to seduce me, you said something strange. It's fucking shameful to pour dirty water on me."

As soon as Zhao Hua's words fell, the beautiful policeman kicked him violently, and heard Xia Feixue say in a cold voice, "Is it bold enough to dare to do something in front of me?"

Also, do you think I am a fool? You still want to coax me like this, honestly put your pants up, and follow me to the patrol room."

Zhao Hua had just gotten a foot, and his facial features were distorted in pain, but now he had to put his pants up sadly. He deliberately slowed down the zipper speed, and turned around because of Xia Feixue's carelessness. Just run.

But he didn't even ran out for two steps, was kicked violently behind him, and fell directly to the ground.

Xia Feixue came over, pulled Zhao Hua up on the ground, and said with a smile: "Do you think that you are the only one you can and still want to sneak away under the police's eyelids?"

At this time, Zhao Hua knew that he had made a fatal mistake. At first, he was shocked when he knew that this beauty was a policeman.

But you still don't take the policewoman seriously, thinking that they are just some vases, but the two feet just now gave him a new view of the beauty in front of him, and he never had the idea of running away.

Xia Feixue not only has amazing insight, but also reacts very quickly. In addition, her skill is not weak, even if she is dealing with four or five people like Zhao Hua.

When he was about to solve Yang Zihuan, Xia Feixue greeted the people in the patrol room. Forget the time, it should be almost here now.

Sure enough, for a while, the car from the patrol room came here, and two people came down and took Zhao Hua into the car and left.
