

Doomsday 1151

Chapter 1151: Fighting inability to earn power

"what!"

Seeing the giant tiger's head stretched out, Wei Siming let out a startled scream. The giant tiger cracked his blood basin and barked his teeth at Wei Siming, which made Wei Siming's scalp numb.

Although he knew that this giant tiger should be his cousin's pet, he still couldn't help but tremble, this giant tiger was too **** scary.

"Don't be scary! Go aside!"

Di Ping slapped the giant tiger's head with an angry palm.

"Meow!"

However, the giant tiger meowed like a cat, turned his head to one side aggrievedly, and looked around majestically.

"Cousin, it's okay. Big cat loves to play, it won't hurt people!"

Di Ping looked at Wei Siming and smiled.

"Good good! Not afraid...not afraid!"

Wei Siming repeatedly nodded his head and said that he was not afraid, but his eyes still looked at the giant tiger with fear.

This giant tiger is not as tall as the spider queen, but its aura is more than that of the spider queen. The spider queen only looks terrifying, but the giant tiger is a terrifying evil spirit. The king of the forest is so powerful that you don't need to move. Just looking at you, ordinary people can't stand the power of such a terrifying beast.

"Go! Cousin, I will take you to find Aunt and Uncle!"

Wei Siming, who was slowing down, hurriedly pulled Di Ping and was about to leave, and said as he walked: "Aunty and they have been worried about you. If they see you this time, they will definitely be happy! Haha!" She laughed like a child while she was happily.

"Ah, another monster is coming!"

Suddenly, there was a violent chaos in the crowd, and one after another screamed, the soldiers raised their guns.

Yang Linshan also saw the giant tiger walking slowly, his eyes shrank, and his heart was terrified. This mutant spider had just retreated, how come such a terrifying mutant tiger came again.

However, when he saw two people walking in front of the giant tiger, one of them was Wei Siming, his expression changed drastically, but before he screamed, he was surprised to find that the giant tiger was actually following Wei Siming leisurely without biting two. people.

"Battalion commander? Look at the battalion commander!"

At this time, the sergeants in the army also found Wei Siming in front of the giant tiger, and suddenly screamed again.

So there was a weird scene, everyone watched in horror as the two of them walked towards this side. For a while, the scene was quiet and terrifying, and it was quieter than Owen and the others just appeared.

Because this scene is so weird!

When did the mutant monsters coexist peacefully with humans, or did Captain Wei and this man be captured by the giant tiger?

For a time, everyone was filled with doubts!

"Town Lord"

A scene that surprised them even more appeared. Owen and the others looked back and saw Di Ping's arrival. They all turned to Di Ping as a salute, and then stepped aside.

"So he is the City Lord?"

Yang Linshan suddenly realized that this mysterious person with Wei Siming should be the lord of the city.

He saw that these people were not afraid of the giant tiger, and the tension in his heart relaxed, indicating that either they had beaten them, or the giant tiger would not hurt them.

"Head!"

Wei Sicheng took a few steps and ran over, and when he reached Yang Linshan, he saluted him excitedly: "Head, I'm back!"

"It's okay! It's okay!" Yang Linshan was also very excited at this time, patted Wei Sicheng's shoulder with red circles, suddenly he seemed to think of something, and looked around and asked with confusion:

"By the way, where is Li Shufu?"

"Head..." Hearing that Wei Sicheng's tears came down immediately, his voice choked and said: "Old... Li Xi..."

"What?" Yang Linshan's eyes immediately glared at the boss, and looked at Wei Sicheng incredulously. When he got the answer from it, he couldn't help it any more, and finally a little tear appeared in his eyes.

"The tree.... Good luck..... It's my soldier!"

Chapter 1152: Healing cousin is envious

"Siming, do you know the person walking with you?"

Yang Linshan approached Wei Siming and glanced at Di Ping behind him, then asked in a low voice.

Wei Siming first glanced back at Di Ping in a daze, then suddenly said, "Yes! He is my cousin Di Ping!"

"Your cousin!"

Yang Linshan was taken aback on the spot, almost screaming.

"Yeah!" Wei Sicheng nodded and said, "It's really my cousin, he came to pick up his parents this time! The head of the team, or I will ask him to come and see you!"

Yang Linshan was stunned for a moment, and then he smiled and waved his hand: "There is no such reason, I should meet him, after all, they saved so many of us!"

Then he patted Wei Siming on the shoulder and walked quickly towards Di Ping. He stretched out his hand as far away as he could and said enthusiastically, "Presumably this is City Lord Di!"

Di Ping wanted to see his parents at this time, but Yang Linshan greeted him, and he was not happy, so he had to be patient, smiled and nodded, stretched out his hand and held one of his hands: "Hello, head Yang!"

"I also want to thank City Lord Di for coming to help. If it weren't for your help, the thousands of us would be over!"

Yang Linshan held Di Ping's palm with his grateful hands and shook it again and again.

"You don't have to be polite, Head Yang, he just did it casually!"

Di Ping also smiled politely.

"Thank you! Thank you! It's easy to do it with you, and it's a life-saving grace with us!" Yang Linshan shook Di Ping's hand with a warm smile.

Di Ping also had to smile and say polite. At this moment, he happened to see Wei Siming coming over, and hurriedly looked at him and said, "Cousin, where are my parents?" He really didn't want

to deal with Yang Linshan anymore. Now I just want to see his parents, he can feel at ease only when he sees people.

"Behind!" Wei Siming said.

"Head Yang, look?"

Di Ping looked at Yang Linshandao who was still holding his hand.

"Right, right, right! Look at my mind, it's important to find someone first, and it's important to find someone first!"

Yang Linshan immediately understood, and quickly let go, with an apologetic expression, then he looked at Wei Siming and said, "Siming, don't you dare to take your cousin to find someone!"

"Thank you, Chief Yang!"

Di Ping nodded to Yang Linshan and thanked him, then gestured to Owen and the others, and then patted the big cat and let it go to the side to wait, and then walked quickly to the back of the position with Wei Sicheng.

Seeing the arrival of the two of them, the soldiers hurriedly stepped away. Di Ping's blood stains that had turned black was shocking, and his evil spirit was more terrifying than the group of people just now. Zhi looked at each other, and involuntarily stepped aside, looking at Di Ping in awe.

The strong are always respected, and they are equally obvious in the military.

The soldiers stepped away, revealing the people in the protective circle behind them. They were craned their necks to see what happened in front of them. At this moment, they saw the troops suddenly stepped away. Battalion Commander Wei and a tattered red hair. The black-blooded weird came over, suddenly surprised and at a loss, and started talking.

Wei Sicheng brought Di Ping to the crowd. Although people were surprised, they still let go, and the two of them walked inside. At this time, two or three thousand people in the audience were watching these two people.

At this moment, an old couple was in the middle of the crowd. They couldn't see the situation outside, and they had passed the age of curiosity. The old couple were sitting silently in a salute.

"Dad... Mom!"

At this moment, they suddenly heard someone calling their parents behind them, and the voice was so familiar, like their son's voice. The two of them were shocked, but then the old two looked at each other, both from each other's eyes. See bitterness.

They knew it was impossible, how could his son appear here?

This must be because my son wanted to have a hallucination too much!

Chapter 1153: I hurt my cousin

The crowd stepped aside, Di Ping saw an old couple sitting side by side together, without having to distinguish it, but at a glance, he knew that these were his parents, all the thoughts, all the worries, all the self-blame at this moment. It broke out, and the eye circles instantly turned red.

At this time, his footsteps suddenly became extremely heavy, as if every step required a lot of effort. He actually walked for nearly half a minute after ten steps away.

At this time, everyone in the audience watched this scene quietly, even if Yang Linshan followed outside the circle to watch this scene as well.

The change in the atmosphere on the scene did not arouse the attention of the old couple at all. They leaned their heads on their heads as if they were a statue in silence.

"Dad...Mom!"

Di Ping finally stood behind the two old men, looking at their somewhat rickety waist and a white hair. His eyes were soaked, and the tears were falling in the circles of his eyes at any time. He could no longer restrain him. She choked with excitement and shouted again.

Now the two old people really heard the screams after they came, their bodies stiffened, and excitement in their eyes, they heard it right, this is really the voice of their son, the son is calling

them parents, two The old man was trembling with excitement. He slowly stood up from the ground with difficulty and turned his body slowly.

"Ping...Ping'er!"

When seeing the dim eyes of the two old people Di Ping, they seemed to be afraid to confirm whether it was in a dream.

"It's me... Mom and Dad, I'm here to pick you up!"

Di Ping puffed and knelt down on both knees, tears streaming down his cheeks like a stream, and the choking voice made everyone feel sad.

"Really...it is...Ping'er!"

At this time, the two elders finally realized that this is not fake. Her son is really in front of him, and Di's mother is even more excited. She seems to be too agitated, and her weak body can't stand such intense fluctuations. Some are dizzy, as if to Unable to stand, the whole person leaned on Di's father, and looked at Di Ping with tearful eyes, and kept calling Ping'er...Ping'er.

"It's fine! It's fine!"

Father Di's dim eyes suddenly lit up, and his lips were shaking. It was just the majesty of being a father. He actually endured it. He just said that he was fine, but his trembling hands and eyes were filled with The eagerness to know how excited and happy he is at this time.

"My son! You want to die! Ooo..."

At this time, Di's mother seemed to be relieved, pushed Di's father away and rushed forward and hugged Di Ping's head, crying bitterly, her voice sorrowful, as if to cry out all the longing and love.

Di Ping also hugged his mother's waist and never stopped crying. He remembered how sorry he was to his father and mother for what he did, and remembered that he almost never saw his parents again. His heart was even more sad, holding his parents. Crying like a child.

The mother and son's crying in their hands immediately evoked the sad atmosphere at the scene. Who in the field has never lost a loved one, lover, or friend in these last days, thinking about the people in the field, they also began to cry, one or two One, and then a group, the whole scene was crying, even the soldiers were crying bitterly at this time, they also missed their parents and relatives at home, and they cried for a while.

After crying for a while Di Ping stopped her tears, even Di's mother stopped crying, pulled up his son, and looked up and down, trying to see if his son was injured. The blood that had solidified looked like It's just crawling out of the blood, with worry in his heart, and he doesn't dislike his body being dirty.

This is maternal love!

They never dislike their sons being stupid, dull, ugly, and dirty. In their eyes, they are their own treasures no matter how old, tall, successful, or failing.

Chapter 1154: The first blood of the awakened

This is good. When the mother and son opened their heads, they stopped crying, but they couldn't stop at the scene. The cries were continuous, and some of the weak cried and fainted. Yang Linshan stomped anxiously.

"How is this going?"

At this time, a stern voice suddenly came from outside the circle. Yang Linshan was taken aback when he heard the voice. Suddenly, his eyes protruded, and he suddenly turned back to look at it with a thick, unbelievable expression.

"Fang Liancheng?"

Sure enough, he heard it right! It's not that the others are Fang Liancheng, and Li Zhongtian and Wang Liansheng are shocked by the sudden appearance of the three of them, Yang Linshan, thinking that these three have escaped? Why are you here again?

To say that this Fang Liancheng is fate, they were already trapped by the mutant spider army, and the ending left to them is death. I never thought that at this time Di Ping and the others came over and attracted the attention of the mutant spider army. .

Moreover, the car skin of the Dongfeng warrior was thick enough. Although the spiders pierced one by one, they could not be destroyed. The small spiders on the window had too long legs to get in. The three people were not killed immediately. The mutant spider queen was killed by Di Ping, and the mutant spider army disintegrated. Only then did they save their lives.

Seeing that the crisis was over, the two of course refused to flee again. It was better to be safer in the army, so Pi Diandian ran back.

Seeing Yang Linshan and a group of soldiers staring at him without answering, and no one to greet him, Fang Liancheng became annoyed and shouted loudly:

"Shut up! What's going on, crying!"

The shout was not small, the crying crowd was startled, and hurriedly stopped the grief, and looked over.

"Leader, how do you come back?"

Yang Linshan looked at Fang Liancheng stiffly.

"What? Let's go there if we don't come back? If we don't come back, let you mess things up."

Fang Liancheng was very upset at this time, because the soldiers around him were full of contempt and indifference in their eyes, which made him a little angry and glared at Yang Linshan fiercely.

He actually slapped Yang Linshan and slandered that it was Yang Linshan who messed up the matter. Hearing this, the anger in the eyes of many soldiers surged.

"Didn't you run away! Of course you shouldn't be back!"

Wei Sicheng, who was standing not far from Yang Linshan, suddenly sneered.

"Wei...Sicheng! What nonsense are you talking about? Who... escaped!"

Fang Liancheng's face blushed and he yelled at Wei Sicheng in shame.

Wei Sicheng couldn't bear it anymore. If it hadn't been for their escape, the line of defense would not be broken, and Li Shufu would not die, and this person dared to lick his face and come over with words, thinking of Li Shufu, his eyes were red again. , He rushed to Fang Liancheng and grabbed his collar and shouted loudly:

"Why are you still coming back! Why don't you die!"

Fang Liancheng was frightened by Wei Sicheng with a hideous face and his face paled. He grabbed Wei Sicheng's hands with both hands and shouted nervously: "Let go...let go, you...you want to rebel!"

Li Zhongtian was even more frightened by Wei Sicheng's soaring anger, backing back again and again, that was the same as before.

"I'll kill you!" Wei Sicheng seemed to be unable to control the anger in his heart at this time, his temples jumped suddenly, and he threw his fist at Fang Liancheng.

"Ah! Wang Liansheng help!"

Fang Liancheng's frightened face turned pale at this time. He knew that Wei Sicheng was really going to hit him now, and he cried out in horror.

"boom!"

Suddenly a figure flashed, and then there was a sound of fists.

Suddenly Wei Sicheng flew upside down, and he spouted blood in the air.

Chapter 1155: Take a break after the war

"Wei Sicheng..."

Yang Linshan watched Wei Sicheng being punched by Wang Liansheng, suddenly cried out in shock.

boom! With a sound, Wei Sicheng flew five or six meters away and smashed into the crowd. The incident happened too suddenly. The crowd was too late to escape. Suddenly five or six people were knocked down. After this collision, Wei Sicheng suddenly squirted again. The blood, the person rolled to the ground, blood on the chest and face lying motionless on the ground.

"Wang Liansheng! You...you are too cruel!"

Yang Linshan rushed over and hugged Wei Sicheng, and found that his chest had collapsed, his ribs had obviously been broken, and the person was also in a coma, his eyes flushed suddenly, and angrily pointed at Wang Liansheng and Fang Liancheng and roared.

Fang Liancheng had already stood still and was rubbing his strangled neck. At this time, Li Zhongtian had already pointed at Yang Linshan with a look of resentment: "He is the following offender, intending to murder Shangguan. If he is guilty, he should be shot immediately! I thought it would be fine if you fainted!" As he said, he looked at the soldier behind him and said: "Take him to the trial. I see who gave him such a bold man to beat the chief officer. I think there must be a problem!"

"Who dare I see?"

Yang Linshan roared with anger.

Li Zhongtian seemed to be pointed at Yang Linshan with the tip of a cat with its tail stomped on and shouted: "Yang Linshan also has your part in it. You want to protect Wei Sicheng? Someone will arrest them for me!"

"You fart! I think that dare to try!"

Yang Linshan glared, and the momentum of the killing general suddenly rose, and Li Zhongtian was startled, his eyes dared not to meet him.

"What are you doing in a daze, catch someone!"

When Li Zhongtian stood still, his face was red. He seemed to be irritated and roared in anger. What only made him fear was that apart from the hesitations of several platoon chiefs, the soldiers even moved. No, everyone looked at him coldly.

This kind of look made Li Zhongtian's heart tremble. He felt that something was wrong. Even Fang Liancheng's eyes shrank when he saw this scene. He felt that the matter was a bit serious.

What is the deepest hatred in the army? One is to go abroad with comrades in arms, and the other is to flee. This is what the soldiers hate and shame the most in the army, and Fang Liancheng's flight has caused great harm to the soldiers. There are three or four hundred comrades in arms. Therefore, if they were killed by mutant spiders, they would have hated the itching of their teeth. If it were not for the restraint of military discipline, someone would have given them a gun.

"What? If you want to fight on the battlefield, you have to think about the consequences?"

Fang Liancheng's eyes were cold, and he looked at a dozen company platoon officers with cold voice. He looked at one of the officers and shouted: "Guanjun, why don't you want to resist orders!".

Upon hearing this, the dozen or so platoon officers immediately flushed and clenched their fists. Their eyes were even more angry. How they didn't understand, this Fang Liancheng was warning them.

The meaning is obvious. You dare to disobey. Don't forget that your relatives are still in my hands. Who dares to try to disobey.

Fang Liancheng threatened them with his family members, which made the generals extremely angry, but they felt helpless when thinking of their family members, their clenched fists slowly loosened, and Guan Jun even breathed fire in his eyes, but in the end he was still physically. A loose waist also collapsed. His wife and children are still in the new base. Now that he is named, he knows that he can't be silent anymore, so he slowly raised his hand and waved weakly, and two pieces broke out between his teeth. One word: "Catch people!"

"Yes!"

Several soldiers behind him paused and struggled, and finally led the order to walk out of the team and walk towards Wei Sicheng.

The tension and worry on the faces of Fang Liancheng and Li Zhongtian slowly dissipated.

"Who moves and who dies!"

Suddenly a cold voice that seemed to freeze the soul sounded, and everyone felt a chill in their hearts, as if they were being stared at by a terrifying beast, and their hair holes were exploding.

Chapter 1156: The lord of the city returns to the people to gather

Di Ping was comforting his mother who was still in tears. He whispered about other things, and suddenly heard Yang Linshan's roar. He didn't care about Yang Linshan, but the problem was that he was calling his cousin Wei Sicheng's name. Listen With the anxiety and anger contained in his voice, he felt something was wrong.

It stands to reason that the battle is over now and there is no danger, but why Yang Linshan is so angry, he quickly comforted his parents and turned and looked around. He only saw a group of people around, not knowing what happened, so he hurried away. Past.

As a result, a closer look revealed that Wei Sicheng was lying on the ground, half-wrapped by Yang Linshan, covered in blood, and his chest was sunken. He immediately became angry. At this time, he heard Fang Liancheng was about to take Wei Sicheng down, and the anger in his heart could no longer be suppressed. Screamed.

As his voice sounded, people quickly separated and gave him a way. Di Ping walked in quickly, took Wei Sicheng from Yang Linshan's arms, looked at his miserable condition, the cold light in his eyes shot up, and he looked up. The chill in Yang Linshan's eyes pierced Yang Linshan's heart.

"Who hurt him!"

The voice was cold, as if it came from hell, and Yang Linshan couldn't help shivering because of the coldness.

"City Lord!"

Just as Yang Linshan was about to answer, suddenly four or five figures jumped into the circle, slammed on the ground with a bang, and the ground bricks shattered. These people rushed to Di Ping with a vicious call and formed a protective formation after shouting. His face was icy, his eyes swept to the surroundings fiercely, his body filled with evil aura, and the crowds suddenly retreated in fright, trying to avoid their glances.

These people are not others, it is Owen, Boogie and Ava Mok. They appear as if the surrounding air has been chilled a bit, let alone ordinary people, just a group of soldiers, and they retreat uncomfortably. .

Yang Linshan narrowed his eyes when he saw these people leaping in, but then he looked at Fang Liancheng with a trace of pity.

"Mock come and save people!"

Di Ping hurriedly ordered when Mok was there.

Mok stepped forward, the warhammer in his hand was already lit up, and then a cloud of white light fell on Wei Sicheng's chest, and the white light slowly merged into his body, and his sunken chest was quickly calming down, like It is the plastic that has been compressed and deformed and rebounds again.

Healing is so overbearing, but there is nothing incurable if the injury is incurable. He is forcibly repaired with energy. Now Mork's level has reached the first level and third level. His strength has greatly increased. Healing an ordinary person is not difficult at all. After two energy, Wei Sicheng It has returned to normal, the injury has healed eighty or nine floors, and the rest can be fully healed after a day or two of rest.

"call!"

Wei Si grew up with a sigh of relief. After a flutter of eyelashes, he slowly opened his eyes and said: "I'm suffocated!"

"Cousin, how do you feel?"

Di Ping helped Wei Sicheng up and asked with concern.

Wei Sicheng pressed his chest with some doubts, and said with a look of surprise: "Hey! It's no longer painful, what's the matter, how is my injury better!"

"It's fine? If something happens to you, your aunt must interrupt my leg!"

Di Ping looked at Wei Sicheng's face ruddy and breathing smoothly, Di Ping relieved and smiled.

Seeing that his cousin is alright, his heart is raging. If his cousin has an accident, he doesn't know how to explain to his mother, let alone what happened in front of him. No matter who made the move, he will Damn it!

The sudden appearance of Di Ping and Owen also frightened Fang Liancheng and Li Zhongtian. It didn't really matter to see these people in disguise and disguise as they were fleeing, but if they saw Wang Liansheng's stiff body and His expression would not be so relaxed.

When they saw that Mok had cured Wei Sicheng with a magical spell, Fang Liancheng and Li Zhongtian's eyes lit up. The two looked at each other and understood each other's meaning, that is, people with such methods must get their own hands.

Some people are really ignorant and fearless, and they still can't tell the situation!

Chapter 1157: Father returns to Qi Tianle

"You...Who are you?"

Li Zhongtian's face was very ugly. He was suddenly interrupted, which made him feel embarrassed, so he stepped forward and asked loudly.

Di Ping was talking to Wei Sicheng, and he didn't seem to hear it at all. Even Owen and the others just glanced at him coldly, as if looking at an air, which made Li Zhongtian's heart Even more unhappy.

Fang Liancheng's eyes were also cold, and the military power returned to his hands again. Thousands of fighters around made them feel bold. Although these people were very frightening, they were able to shoot. That is, Wang Liansheng did not dare to take a gun with more than a dozen others. Fighting against the soldiers, they are not afraid of these people.

When he became courageous, Fang Liancheng's face sank, and he gestured a look at Li Zhongtian. Li Zhongtian understood. He once again looked at Owen and shouted: "Who are you? Don't you know that this is a military restricted area? Who let you break in without permission of?"

Yang Linshan looked at the arrogant Li Zhongtian, his mouth was twitching, and his eyes were full of sneers. He could hold himself and still want to hold these people. He simply didn't know how to write death words.

In fact, this is not surprising. Fang Liancheng and Li Zhongtian were trapped in the car, surrounded by mutant spiders all around the world. They were only afraid, and they did not see Di Ping fighting with the spider queen, let alone Owen. Waiting for people's battle, when the mutant spiders retreated, they hurried back, and they didn't even see the mutant giant tiger lying in the sun on the veranda of the temple.

If they had seen it, they wouldn't speak so much now.

"Who hurt you cousin?"

Di Ping didn't even look at the clamoring Li Zhongtian, but looked at Wei Sicheng and asked.

"Is it him?"

Before Wei Sicheng spoke, Di Ping pointed to Wang Liansheng's cold voice beside Fang Liancheng.

At a glance, he could see that Wang Liansheng was an awakened person. The blood in his body was more filled than ordinary people, which pointed him to the direction like a beacon. The only person who could beat Wei Sicheng into such a serious injury could only be the awakened. This person is there, so Wei Sicheng doesn't need to answer at all.

Wang Liansheng was suddenly frightened by Di Ping's finger, and he backed away in horror.

Fang Liancheng can't see Di Ping's real person, doesn't mean he can't. Di Ping's full body of evil spirits is amazing, especially the surging vitality of his life, it makes his heart palpitations even when he is pointed at by Di Ping. It's like falling into an ice cave, and the scared soul flies into the sky, there is still the courage to fight.

"Wang Liansheng, what's the matter with you? When did you become so timid!"

Fang Liancheng frowned as he watched Wang Liansheng backing back in horror, and shouted in a low voice.

And Wang Liansheng seemed to have not heard his screams, still backing back with horror in his eyes, there was still the domineering punch of Fei Sicheng before.

"Yes! It's him!"

Wei Sicheng looked at Wang Liansheng's eyes with a fierce light, and said sharply.

He was almost beaten to death by this man just now. This Wang Liansheng was Fang Liancheng's loyal helper. If it weren't for him, Fang Liancheng would not dare to seize power so unscrupulously. Many officers were injured by him. Hate from the heart.

"Owen gave him a punch!"

Di Ping glanced at Wang Liansheng's faint expression.

"Yes!"

Owen nodded blankly, then looked at Wang Liansheng.

"no, do not want!"

Wang Liansheng seemed to have been electrocuted. He immediately turned pale and screamed and ran away. His speed was very fast, and he jumped five or six meters away. Is it a pity that he ran?

Owen moved, kicked his foot on the ground, his body flashed, and an afterimage was drawn in the air. The person had already rushed behind Wang Liansheng, thunderous with a punch, and hit Wang Liansheng's heart with a bang.

Fang Liancheng and Li Zhongtian only felt that a figure flashed in front of them. It seemed that a figure had shot in front of them. When they hurriedly turned to look, they saw Owen had appeared behind Wang Liansheng, with a fist falling on his back. Wang Liansheng seemed to be The acupuncture points generally stand still.

Chapter 1158: Di Mu Randomly Spots Mandarin Duck Book

puff!

Suddenly, with a soft sound, a mouthful of blood spurted from Wang Liansheng's mouth. He turned around hard, looked at Owen with despair in his eyes, and uttered two words with difficulty: "So strong!"

Then a scene that made everyone horrified appeared. Wang Liancheng's eyes, ears, nostrils, and mouth were all pouring out of blood. After a while, the whole person became a blood gourd, and his entire face was distorted, extremely hideous like a devil. It makes people shudder.

boom!

Wang Liansheng shook his body a few times, then hit the ground with a bang, his body stopped moving after a few twitches.

Owen retracted his fist blankly and turned around and walked back. He knew the power of his punch. This punch had already shattered all Wang Liansheng's internal organs, and the Immortal Daluo did not want to save him.

"what!"

There was a woman scream in the crowd, and then it was like a duck pinched by the neck. The scream stopped abruptly, and was firmly covered by the people next to her. At this time, the scene was silent, and everyone looked at Owen's eyes. Everything has changed, with extreme horror, as if seeing a ghost.

"This....."

Wei Sicheng was also a little stupid. He didn't expect Owen to beat Wang Liansheng to death with one punch. He didn't even think about killing him.

And Yang Linshan also changed his eyes. He also didn't expect that this Owen would be so cruel, he would kill someone with a merciless punch, and there was no room for reversal. He also never thought about killing Wang Liansheng. This person is also his comrade-in-arms.

Di Ping's expression was cold, but he was also a little uncomfortable. He did not expect that he would kill a human awakened person, but this person almost killed Wei Sicheng. If he were not

there, Wei Sicheng would never survive. He had just used it. After investigating his mental power, Wei Sicheng's internal organs had been shattered in many places. If it weren't for Mok's treatment, he would not survive two days, and he would have lived and died.

He would not let go of someone like this, but he didn't make a shot either. This person is not worth his own shot. Owen's shot is enough.

"You...you dare to kill people!"

Fang Liancheng stared blankly at Wang Liansheng, who had stopped struggling in a pool of blood, for a long time before he reacted. He pointed at Di Ping with horror and anger and screamed: "Come here, come here, catch them all for me. stand up!"

"If you want to die, I can fulfill you!"

Di Ping suddenly turned to look at him coldly, and said in a cold voice.

Fang Lianzheng shuddered, as if he had seen the same ending as Wang Liansheng. He couldn't help being scared anymore. He screamed in horror: "Quickly, these people are going to kill me, and shoot. Kill them!" Then the man rushed to the soldiers, he wanted to seek protection from the soldiers.

It's just that he felt his neck tighten as soon as he turned around, and then a huge force came from his neck, as if strangling him to suffocate, then a cold voice sounded in his ear: "You really want to kill me!"

Hearing this voice, Fang Liancheng felt his body stiff, and his whole body shook like sifting dust. He didn't need to look back to know who caught him. He didn't expect this person to be so fast as a ghost that he would come behind him. , His life was threatened, he no longer had the prestige of the past, and immediately wept bitterly and cried out: "I...no...no...no...don't kill... ..I!"

Then Di Ping smelled a stinky smell, and he was so frightened that he even got out of his feces. Di Ping immediately felt dull and threw it aside, like throwing a piece of stinky foot cloth.

When Li Zhongtian saw the look in Di Ping's eyes, he immediately backed away in fright. As a result, his feet were caught, and he sat on the ground, his face pale and terrified and waved his hands again and again: "No... it doesn't matter... .I...I matter!"

The soldiers looked at the two men coldly. None of them moved. One was that they didn't want to move. You must know how their lives were saved by these people. They didn't dare to move anymore. These people were too terrible. It's mysterious, Wang Liansheng doesn't know. After awakening, his strength is terrifying. It can be regarded as a hundred. Even Wang Liansheng can't beat a punch. They dare to move.

There is also that they have been extremely disappointed with these two leaders. How can they convince such a person? Even if the platoon leader suppresses them now, they will not move.

Chapter 1159: The two women fight in front of the goal

In fact, these are not important. The most important thing is that they can't move. I haven't seen several other mysterious people standing on the roofs of the temples, staring straight down at the bottom. Whoever dares to move will be madly hit immediately.

These people are Han Ming, Daniel, Gina, Yunmengsi, and Angela. Han Mingzheng is on the arrow, and Daniel is pointing down in his hand. Gina and Yunmeng are surrounded by fireballs, and Angie The holy light flashed on the body.

The soldiers with these few people below dare to move, even if the soldiers who are climbing on the roof are also crawling there at this time, they dare not move, for fear of causing misunderstanding.

Yang Linshan looked at the two collapsed on the ground and suddenly felt an indescribable feeling in his heart!

Said it was joy, not

Said it was afraid, but it was not;

Said it was the sadness of the rabbit and the fox;

It's just some helpless exhaustion, and a kind of relief, he has been suppressed for too long since the last days.

"Cousin, do you want me to deal with these two people?"

Di Ping looked at Wei Siming and said very calmly.

This was a faint remark, but it felt like a chill in the bottom of everyone's ears, as if in his eyes these two people were just a bug that could be crushed to death at any time.

He is not a bloodthirsty person, and the two of them just can't see the form, and think that they are superior everywhere, and can behave arrogantly.

Before the end of the world, there were too many such people. Di Ping was not used to seeing them. He couldn't kill one when he saw one. Then he wouldn't be a murderer.

Wei Sicheng had a headache. To say that he just wanted to fight Fang Liancheng to vent his anger, he really didn't dare to kill, so he could only turn his eyes to Yang Linshan and said with some embarrassment: "Head, what do you think?"

Yang Linshan was silent for a moment, then looked at the expectant expressions of the soldiers around him. He gritted his teeth and said: "First take it into custody, then turn around and then liquidate their crimes!"

"Okay! Someone will take them down!"

Wei Sicheng nodded and shouted. Immediately, four or five soldiers with the appearance of military guards rushed forward and picked up the weakened two and took them away.

Seeing the two taking them away, all the soldiers exhaled a long breath, with a happy expression in their eyes, it seemed that they had long been expecting such a result.

After retaking the army, Yang Linshan felt much better. No one on it made it easier to do things. After expressing his gratitude to Di Ping very enthusiastically, after a few simple greetings, he retired and started post-war work to treat the dead and wounded soldiers. , To clean up the battlefield and reorganize the army, there were so many things, even Wei Sicheng was busy.

Di Ping did not leave immediately, but arranged for Owen and others to clean up the crystal nuclei. There were twenty to thirty thousand mutant spiders on the battlefield, and the ground was almost flattened by the corpses of the mutant spider. How can he let it go?

He accompanied his parents to find a guest room and arranged for the two elderly people to rest. The two old men almost broke their bodies this month. There was not enough food at the Jincheng base, so he couldn't eat enough, let alone eat. It's better, the body can be better.

After the escape, the road was all on foot, and the two people were too old to suffer, tired and frightened. If the two elders were not at home, they often did farm work, and they were accustomed to hardship, and they might have fallen ill. The bodies of these two elders are also much worse, their faces are yellow and thin, and they are much older than before.

But the two elders didn't want to sleep, they just wanted to watch Di Ping chat, as if they were afraid that his son would disappear when he closed his eyes.

Not to mention that Di Ping was chatting with his parents, Lu Fang and the others actually came to watch. They didn't dare to come close, they just stood on the hill and watched from a distance.

Just this, the few people opened their mouths the whole time. They thought Han Ming was already very strong. Who knew that Han Ming was the weakest compared to these people. Each of these people was stronger than Han Ming, killing mutations. Spiders are like playing.

Even though it was that City Lord Di, it was even more terrifying. The mutant spider queen was so horrible creature that he was easily killed by him. This really shocked them. Only then did they know that Zhang Zheng's words were really not exaggerated. .

They watched this battle with enthusiasm, and they wanted to go down for a while, but they knew their own level, so they had to hold back.

They stood here and watched until the end of the battle. Everyone had different expressions on their faces, and their hearts were filled with longing for the city that Zhang Zheng said.

Chapter 1160: Too smart is not a good thing

There are too many mutated spider corpses. Owen alone did not want to clean it up until it was dark. Finally, Owen came forward to find Yang Linshan and asked for help. Yang Linshan could not agree and sent a thousand soldiers to help. After five o'clock, the sun had sunk to the west, and only then did all the crystal nuclei be collected.

This is really a bumper harvest. When the dozens of linen pockets under the stage of Di Ping Gallery are full of white flower crystal nuclei, the flowers bloom in my heart.

This battle was too worthwhile. Not only did he save his parents but also obtained so many crystal nuclei. When did he get so many, there were nearly 30,000 crystal coins. How large it would be to exchange for crystal coins, he didn't dare for a while. Thinking, thinking about it, I was extremely excited, even if his current character had become so calm, but he couldn't hold back the joy in his heart.

This is really not panic because there is food in the pocket, and the mutant beast will try to attack the city again, and it will be flattened without using the energy cannon.

It was getting late, and Di Ping decided to return to the sanctuary city. After all, he had just gone through a big battle in the city, and he had been leaving for a long time and was worried about his home.

Wei Siming has not been retained after several attempts, and Di Ping also wants Wei Sicheng to go back with him, but Wei Sicheng is still reluctant to leave the army after much deliberation, and his parents are still in the new base, so he can't leave at all.

In the end, Di Ping gave Wei Sicheng a locator and a return scroll to tell him how to use it.

When they saw Di Ping and his party, they opened a scroll, and then a white light flashed and disappeared instantly. The shocked Yang Linshan and the bosses who stared with shocked eyes from the soldiers slowed down for a long time.

Wei Sicheng held the locator and scroll that Di Ping gave him for a while and felt like in a dream.

Of course, this scene also fell in the eyes of many people. Some old people who believed in gods and Buddha actually knelt down and said that the gods had descended, otherwise they could not explain the scene before them.

Yang Linshan looked at the disappeared Di Ping and his entourage. He was a little regretful that he had communicated with Di Ping too little before. Di Ping's strength and mystery were beyond his imagination. People like this must have a good relationship no matter what, his eyes swept. Wei Siming, who was stupefied, was fortunate to have his cousin here. I believe I will have the opportunity to see you again in the future!

Suddenly he opened his hand and saw a bright white crystal nucleus appearing in his hand, playing with it carefully, his eyes fluctuated, not knowing what he was thinking about.

He secretly hid some of the crystal nuclei while helping Di Ping to collect them. He didn't know what Di Ping could do to get these crystal nuclei, but it must be of great use in thinking about it. Otherwise, people like Di Ping would have to collect hard work, so he Only when the soldier hid a few, he wanted to study it to see if he could see the clues.

Let's come to Di Ping without mentioning what Yang Linshan thinks.

Di Ping, who was just so magnanimous now, didn't care about consumption. He spent five hundred crystal coins to buy two ten-person teleportation scrolls to teleport all these people back.

Someone had been guarding the teleportation well. When they saw the light flashing, someone immediately ran to report the good news, and the city lord must have returned.

When both Di Ping and Volatility people came out of the teleportation well, Wai Cheng had gathered a lot of people, and they were eagerly watching their city lord come out.

This battle was so glorious. Tens of thousands of mutant beasts were blocked from attacking the city, and the powerful mutant beasts were also killed by the city lord. At this time, Di Ping's reputation in the sanctuary city had risen to the point where it was like a god. The level of faith.

Everyone has seen that the corpses of mutant beasts have been transported from morning to night without stopping. The processing field in front of the warehouse is piled up like a mountain. Many people in the city have gone to help. How much meat is enough for how long?

Even if there were hundreds of casualties in the city, but at this time they were dispersed by joy and joy. After all, they guarded the city of refuge and guarded their home.

Therefore, when Di Ping heard that he was back, he rushed over excitedly one by one, wanting to see the city lord express the respect in his heart.

Di Ping was sent back in the second wave, so he was a step late. When he came out, there were already two or three hundred people gathered outside. I don't know how they ran so fast, so he had to take his parents with a loud cheer. Left quickly.

Zhang Zheng had been here once, so he didn't care about it anymore. He kept telling Lu Fang about what he knew in the city, and he was very excited.

The group who came after hearing the letter had never seen the city lord a step late, and all of them repented that they were late.
