

Doomsday 1211

Chapter 1211: Suddenly outraged the general

"Commander Liu, go and send General Liu off!"

Di Ping regained his gaze and saw Liu Minsheng, who was closely watching his grandfather's back.

Liu Minsheng was stunned when he heard the words, then his face showed joy, and he threw a fist at Di Ping excitedly and said, "Thank you, city lord!"

"go quickly!"

Di Ping smiled and waved his hand.

He is not a stingy person, so he has to get stuck with Liu's grandson on this matter. He can see that Liu Zhenya's eyes on Liu Minsheng's eyes are unwilling.

What is there to let the two sue each other? Even afraid that he would run away, Di Ping is definitely not afraid, he is willing to do things that take advantage of the beauty of people.

Liu Minsheng was excited to salute Di Ping and then quickly chased Liu Zhenya.

"City Lord, then are we leaving too?"

At this moment, Yun Kuohai and Ava walked over to Di and said.

"Brother Yun, I will send you out a few days after arriving at the base, and please don't have any thoughts, brother. Now that the base is short of people, you have to work harder, brother!"

Di Ping looked at Yun Kuohai apologetically.

"What the city lord said? It's my luck for Lao Yun to contribute something to the base. What's the hard work! Isn't my Lao Yun a member of the base?"

Yun Kuohai pretended to be unhappy and complained.

"Haha! Good, this is what I said wrong, Brother Yun, please forgive me!"

Di Ping also laughed.

After a few laughs, Di Ping's smile gradually faded. He swept away Liu Zhenya, who was already standing next to the car and chatting with Liu Minsheng in a low voice. Di Ping suddenly lowered his voice and said, "Brother Yun can understand the mission here?"

"I know, Staff Lu has clearly explained to me!"

Yun Kuohai shook his body and said with a serious expression.

"Brother Yun is at ease in handling things, but let me clarify that there are three main tasks for this trip. One is to cooperate with General Liu and get back the terms we negotiated with the Bianzhou Military Region; the other is to ask for people and talents. I want all talents in manufacturing, science and technology, and biology. The third is to find out the power structure and strength of the base so that we can make correct judgments!"

Di Ping lowered his voice and solemnly confessed to Yun Kuohai again.

"Town Lord, please rest assured, I will do my best to complete the task!"

Yun Kuohai nodded and promised.

"I will send Ava to you, Ava is proficient in stealth spying, you must use it well!"

Di Ping motioned to Ava who was standing next to him.

"Good City Lord, I will cooperate with Ava!"

Yun Kuohai looked at Ava and nodded solemnly.

"Ava, you follow Director Yun in everything. Don't make any claims if you have anything. You must discuss it before you move. If you have any questions, please feel free to contact me with your watch!"

Di Ping looked at Ava's confession a little worried.

After all, Ava came from a different world, and he didn't understand everything here, so he might be a little bit worse in autonomy, but as long as he cooperates with Yun Kuohai well, I believe there will be no problem.

"It's the master!"

Ava nodded solemnly. To her, Di Ping's words were the highest order, and she would do what she told her to do, there was no nonsense.

"In addition, Brother Yun, during this trip, you must remember that the Liu family cannot be trusted. Keep an eye on yourself. Keep safety as your top priority. If there is any danger, you must evacuate as soon as possible. I have confessed everything to Ava. , You communicate more, if you have any emergency, please contact me with your watch!"

Di Ping said solemnly.

"Thank you, the lord, I will meet the machine!"

Yun Kuohai was actually a little moved in his heart, he patted the wrist watch, and nodded repeatedly.

Chapter 1212: Accidental provocation

The huge city gate slowly opened with a roar, and the outside world reappeared in front of everyone. The front of the city gate has completely changed. The 100-meter range has become flat grass, and the green lawn seems to be artificially trimmed. It's the same, it looks extremely comfortable.

However, no one was watching this beautiful movie at this time, just a little shocked, but soon calmed down, everyone has seen too many amazing scenes.

Standing outside the city gate, watching the convoy slowly leave, Di Ping felt a little confused. The result of this trip is about whether the base can survive the dangerous period safely and grow stronger.

At present, the base is not strong enough to ignore the Bianzhou base, so we must first eliminate the hostility of the Bianzhou military in order to pursue development time. As long as all the building functions of the base are fully utilized, the strength will increase greatly. The Zhou Military Region will not dare to go to war with itself at will, and no organization will dare to attack the refuge city at will.

He has the confidence to give him another six months, and the city of refuge will be powerful enough to attract everyone's attention.

Besides, he wants to get some benefits from the Bianzhou base. What he lacks most now is people!

He has a powerful base, but it doesn't even use 1% of its functions. This is a huge waste. If the base wants to develop, it's impossible to use force alone, and it must be matched accordingly to be flawless. city.

"City Lord, they have gone far!"

Until the team had disappeared for five or six minutes, Di Ping still stared at the front in a daze. Everyone stood on the side and waited. Lu Guoliang gently reminded Di Ping.

"Oh!"

Di Ping finally recovered from his thoughts, nodded and said, "We will go back too!" Then he greeted Liu Minsheng, who was also gazing at the direction of the convoy, and said, "No need to worry, Captain Liu. Goodbye, chance!"

"It's the city lord, just a little worried, it's not safe on this road!"

Liu Minsheng said directly without concealing his concerns.

"Haha! Don't worry! I have arrangements that are really dangerous and I won't just ignore it!"

Di Ping laughed and patted Liu Minsheng on the shoulder.

Liu Minsheng froze for a moment, and then he seemed to understand something, his eyes showed surprise, watching Di Ping gratefully said, "Thank you, City Lord!"

"All right! From now on we will be a family, so you don't need to be more polite!"

Di Ping waved his proud hand.

Liu Minsheng followed Di Ping for a few steps, his eyes fluctuated for a while, and finally he gritted his teeth to catch up with two steps, and asked aloud: "City Lord, I want to ask, when can I enter the city guard?"

Hearing this, Di Ping stopped and looked at Liu Minsheng and said, "It's up to you, anytime you can! When are you going to enter the city guard?"

Liu Minsheng hurriedly said, "City Lord, can you do it now!"

Di Ping smiled and nodded and said: "Of course!" After he said that, he looked at Cheng Chao next to him: "Commander Cheng, the people's livelihood is left to you, do you think he will be assigned to which team?"

"no problem!"

Cheng Chao nodded, and then looked at Liu Minsheng and said, "Battle Commander Liu, come with me! Now each team is short of people, you can choose which team you want!"

"Thank you City Lord! Thank you, Commander Cheng!"

Liu Minsheng's face showed unconcealable surprise and excitement, and he thanked them again and again.

Seeing Liu Minsheng leaving with Cheng Chao, Lu Guoliang suddenly said: "City Lord, I think you are good to this Liu Minsheng! Did you love talent again?"

"Haha! Brother Lu who knows me too,"

When Di Ping heard the words, he laughed, his eyes half-squinted at Liu Minsheng, who had walked far away, and said in a low voice: "This person is not bad. If he hadn't restrained him last time, he would really be as crazy as Luo Quanyou. Then the loss of our base personnel will be great. I still remember this favor!"

Lu Guoliang and Han Zhongguo were taken aback at first when they heard the words, but then there was a trace of understanding on their faces, and they nodded.

Chapter 1213: The goal of the Jedi counterattack

Without mentioning Di Ping, let's take a look at Liu Zhenya who has returned. This return is much smoother than when he came last time. The large stocks of mutant animals have never been encountered all the way, and the small stocks of three or five are not enough for Zhou Keming. Between Ava's teeth.

After the transfer, Zhou Keming has become a lot stronger. He can completely solve some ordinary mutant animals. The stronger Ava directly. The current Ava is Tier 1 and Tier 5, and the strength of the S-level potential hero is revealed. Grim, ordinary soldiers who watched the wonderful battles along the way were relaxed and happy.

Five hours later, they rushed back to the Bianzhou base. Now the road is getting harder and harder to walk. Basically, they can't see the road. They have to explore the way in advance, which has delayed a lot of things.

As soon as Liu Zhenya entered the city, he was recruited by Chu Dingbang to learn more about the negotiation.

It's strange to say that when they came back with their front feet, Zhang Beiwang and Zhang Haicheng also returned. It was really lively. For a while, the undercurrent in the base was surging, and many people were waiting to watch the excitement.

Hu Jun was impatient to wait a long time ago. He had already approached Chu Dingbang several times, and he was about to lose his patience. Even Chu Dingbang felt a headache, and he was not too good to offend Hu Jun.

If this was in peacetime, he dared to evade this perfunctory, even though he was waiting to be cleaned up, so Chu Dingbang always believed that Liu Zhenya and Zhang Beiwang had not come back, and no one under his staff was available, so Hu Jun was confused.

Sure enough, Hu Jun was not deaf or blind. As soon as Liu Zhenya and Zhang Beiwang came back, he got the news and rushed over immediately.

Chu Dingbang's large office is now full of people, Liu Zhenya, Zhang Beiwang, Fang Daocheng, Zhao Gang, Song Hanbai, Kong Fandao, and Liu Shuhan's high-level bases are all present, and there is also Leng Jun standing behind Chu Dingbang who looks like a sculpture.

Hu Jun simply ignored the guard's obstruction and pushed the door directly in, as if he did not care about his own home, the breeze behind him also followed into the office.

When they heard the movement, everyone looked back, wondering who dared to push the door of Chu Dingbang so rudely. When they saw that it was Hu Jun, the crowd hurriedly reduced their expressions. Liu Zhenya and Zhang Beiwang didn't know Hu Jun. There was an XOR expression on it, thinking about who dared to be so unreasonable, but Chu Dingbang was sitting behind his desk and saw Hu Jun rushing in for the first time, a trace of anger surged in his heart.

Xindao: You are too naive, even if you still represent Kyoto, should I show the corresponding respect? Without passing through, breaking in so rudely just didn't put himself in the eye!

"Chu Si Ling, I heard that Chief of Staff Liu and Master Zhang are back. Now that everyone is here, it's time to execute the order?"

Hu Jun didn't talk nonsense at all, looking at Chu Dingbang straightforwardly.

Chu Dingbang suppressed the anger in his heart and said with a cold face: "The two generals have just returned. We are in a meeting to understand the situation. We have not yet come and inform General Hu. I did not expect General Hu to come over in such anxiousness!", He slowly shook out a cigarette from the cigarette case on the table, without raising his eyelids, and said faintly: "Since General Hu is here, sit down and listen. I believe there is still time for this?"

When Hu Jun saw Chu Dingbang's expression, two cold lights flashed in his eyes. He looked at Chu Dingbang coldly, and a powerful momentum rose. He felt the change in Hu Jun's momentum, and Chu Dingbang was behind him. Leng Jun stepped forward and stood beside Chu Dingbang,

staring at Hu Jun with the same cold eyes. For a while, the atmosphere in the room condensed, and everyone's heart trembled. The secret path is not good, so won't fight!

Chapter 1214: No one saves lights

What organization is the army stab?

It is a special force composed of the most elite and top talents. It is only responsible to the head of state. It specializes in confronting the top hostile forces of various countries and performs all the most dangerous and impossible super tasks. Each member is a body. After hundreds of battles, it can be said to be the king of soldiers.

The captain, the person directly in charge of this army, is the rank of general, and the lowest military rank of each member is a colonel, and he has a special license, is impassable everywhere, and is extremely detached.

And the people inside can be said to be extremely dangerous people, all fighting and fighting, and the cold-blooded hand is not covered with enemy blood, killing is as simple as drinking water.

It is conceivable that Hu Jun can suppress these madman-like characters. It is also normal for Hu Jun as an instructor to look like this. Because of his detached identity, who dares to give him a face, and Chu Dingbang even shakes his face like this, of course he Be angry.

However, he just got up, and a soft cough came from behind him. Hu Jun's body was stiff, and his aura slowly dissipated.

Hu Jun can become a military instructor. He is definitely not a fool, let alone an ignorant young man. He is just arrogant and accustomed to his character. Now Qingfeng reminds him what he does not understand. It is not before the end of the world. Kyoto's control over the country has dropped to a freezing point. His identity no longer has that great power.

Now is not the time to turn his face with Chu Dingbang. Once they fall out and Chu Dingbang doesn't cooperate with them, the mission will be suspended. Failure to complete the mission will delay major events.

This is not a loss, even if it is to deal with Chu Dingbang afterwards, it does not make any sense.

"Good! I also want to hear what the two generals have learned from this trip!"

Hu Jun suppressed his unhappiness and said coldly.

With Hu Jun's imposing manner away, the tension in the room dissipated, and everyone breathed a sigh of relief. Even Leng Jun's eyes showed a hint of relaxation. He was really afraid that Hu Jun would be stunned. He was Hu Jun. 'S opponent, so my heart is extremely nervous.

In fact, after saying this, Chu Dingbang also regretted it a little bit. Just now he was confused and had to give Hu Jun an embarrassment.

According to the information from various parties, Kyoto must be making big moves, and the hidden strength of Kyoto is shocking. It even has three times the supersonic stealth aircraft. Who knows if there is any big trump card. It is not a last resort or not. It's not good to work against Kyoto. That's why he felt nervous when he saw Hu Jun's anger. When he saw Hu Jun put away his momentum, his heart was loose, so he said:

"Okay! General Hu, please sit down. It happens that the two generals are here now. After a while, you can discuss what General Hu said!" He said, looking at the staff officer Zhao Gang with a serious expression: "Isn't the staff member Zhao yet? General Hu and Taoist leaders are invited to take their seats!"

"It's the commander!" Zhao Gang only reacted at this moment, and hurriedly stepped forward and enthusiastically asked Hu Junjun: "Hu Jiang, please sit down here!"

"Humph!"

Hu Jun let out a hum from his nose, and walked to Zhao Gangyin's position with Qingfeng expressionlessly. The upright Dama Jindao sat down, his eyes sharply swept across the crowd and no expressions.

Liu Zhenya and Zhang Beiwang looked at Hu Jun in a daze, their eyes were full of doubts, and they could not figure out what was going on. At this time, they listened to Chu Dingbang and said: "Counselor Liu, Master Zhang, I will introduce to you, this is Hu. Major General, it's from Kyoto!"

"salute!"

Liu Zhenya and Zhang Beiwang listened to Chu Dingbang's introduction, and when they saw the star shining on this person's shoulder, they did not neglect, and quickly stood up and saluted Hu Jun.

"Snapped!"

I thought that the two of them were going to smell bad this time, and they must be ignored, but what is unexpected is that Hu Jun also stood up in a rush, returned a standard military salute to the two, and then sat down without expression. .

This made a group of soldiers feel a lot more comfortable. This man is the madest, but he still cares about military salutes. It only shows that he is a real soldier with military honor in his heart.

Chapter 1215: Who won't follow the military order

Seeing this, Liu Zhenya and Zhang Beiwang also knew. Why did everyone see Hu Jun coming in with different expressions? Now that Hu Jun is sitting down, they are not good to say anything. They looked at each other and hurriedly sat there helplessly. under.

"General Zhang has just explained the situation. The trip was fairly smooth and there were not many casualties. Next, Chief of Staff Liu will talk about the trip to Zhongzhou!"

At this time, Chu Dingbang relieved the two of them, and lightly tapped on the table and said loudly.

"it is good!"

Liu Zhenya nodded, slowly smoked a cigarette and took a deep breath, exhaling a thick cloud of smoke, and then said with a heavy expression:

"If I don't go out, I don't know how dangerous the outside world is. This time I went out with five hundred elites, a dozen tanks and chariots. In just 70 or 80 kilometers, I encountered a dozen attacks, the most dangerous one. A mutant bird attacked!"

Speaking of this, there was a look of horror on his face. It seemed that he hadn't recovered from the fear, and his voice trembled: "I have never seen such a terrible giant bird. It is bigger than some fighters. Its speed It was as fast as the wind and thunder, and its power was immense. The two claws could tear even steel. Several tanks were damaged by it. It spread its wings and could not stop it in a flash of kilometers. We lost more than 100 talents. It introduces an ambush and wounds it with a cannon, otherwise the whole army will be wiped out!"

"Om!"

Di Ping's words were like a boulder thrown into the water, immediately stirring up waves, and everyone was talking about it.

The faces of all the people were horrified, but what Liu Zhenya portrayed scared them.

Who is Liu Zhenya?

An identity like him will not lie casually, so if what he said is true, then the outside world is really too dangerous, no wonder many bases have been destroyed!

Hu Jun and Qingfeng sat on the sofa and watched a group of people who were talking about their faces and discoloration. A trace of disdain flashed in their eyes. These people who had never seen the world were countless more than this powerful mutant beast, like this time they The one to deal with is powerful and desperate, and they have paid a heavy price for this task.

"All right!"

Chu Dingbang didn't care about this. He showed a trace of impatience on his face. He habitually knocked his fingers on the desk and asked in a deep voice: "Chief of Staff, let us know the results of this discussion!"

"Well! A peace agreement has been signed with the Sanctuary City. This is an agreement everyone can look at!" Liu Zhenya nodded and took out an agreement. Zhao Gang hurriedly took it and passed it to everyone, while Liu Zhenya and others passed on him. He went on to say: "One hundred and three people were involved. Four people died in the conflict, including Luo Quanyou. The remaining 98 people were all picked up. The other side did not wantonly hurt our fighters, soldiers. All in good condition!"

Liu Zhenya nodded and said slowly.

"Snapped!"

When Song Hanbai heard Luo Quan's name, he threw the cigarette case heavy on the tea table, his face gloomy.

Luo Quanyou was also his secretary no matter what, but he was killed when he went out this time, which made him look a little bit ugly. If his subordinates died, he would not speak up. This would make the people following him think, but he hasn't said anything yet. , Kong Fandao glanced at the content on the paper, his eyes flashed, and suddenly he took the lead:

"This is daring and blatantly killing the national workers, lawless, so we have to give us an explanation anyway? Even compensation is required, which is simply the world's worst!"

"Vice President Kong is ridiculous again? What do you want to explain?"

Liu Zhenya's face sank when he heard the words, and his heart was extremely uncomfortable. Isn't this denying the result of his hard work!

He looked sharply at Kong Fandao and said solemnly: "This crisis is entirely caused by Luo Quanyou's failure to follow his orders and greedy other people's bases to launch an attack, causing 13 people to be seriously injured, six people died on the spot, and he went up frantically. Thousands of innocent people shot, and people like this are more than guilty, and because he caused a conflict, three of our outstanding soldiers died, even if they did not die, they would be severely punished by military law when they returned!"

Chapter 1216: Decide the plan in one word

"Counsel Liu's words are wrong. Luo Quanyou represents our province and the military, that is, represents the country, and these people dared to kill our soldiers without taking orders to fight against the country. This is not what a mob is, and it is not severely punished. How to be worthy of our soldiers, this makes me have to doubt the motives of some people, and ignore the interests of the base for the sake of my family!"

Kong Fandao was unwilling to show weakness and retorted with a cold smile.

Kong Fan's words were extremely rude, full of irony, and he had already pointed the target directly at Liu Zhenya, intending to accuse Liu Zhenya of betraying the interests of the base.

Liu Zhenya's eyes narrowed, and the anger in his heart was about to erupt like a volcano. Kong Fandao's accusation was simply an insult to him. It is more likely that his efforts will be turned into water, and it may be difficult to reach a peace agreement. To waste paper, you must know that

although Chu Dingbang agreed with the content, he certainly didn't want to pay any benefits in his heart.

Now that the soldiers have returned, the city of asylum has no handle on the military. Chu Dingbang really borrowed the donkey from the slope, and he would be ugly by then.

Moreover, he finally reached a secret cooperation with Di Ping. If the agreement is not reached, what will Di Ping think!

How would you think of him? Since Di Ping can't return the benefits, he and the entire Liu family have lost their value. No matter what time, people who are worthless will not be valued by others.

He already felt that the eyes of everyone around him had changed a bit, even Chu Dingbang squinted his eyes and smoked, and didn't mean to explain him at all, which made him feel bad.

The room was very quiet. Everyone was looking at Liu Zhenya and waiting for his explanation. For a while, the atmosphere was a little depressed.

What made him even more puzzled was that what Kong Fandao meant? It was only with the secret support of him and Zhang Beiwang that the provincial government could gain a foothold in Bianzhou and obtain part of the rights for the ally, but now Kong Fandao is against himself. Fired, the meaning of which made him a little confused.

Could it be said that the provincial government intends to break with itself?

He glanced at Song Hanbai, he wanted to see if Song Hanbai meant the same thing. If it was, it meant that some changes that he didn't know had occurred in the Bianzhou base after a few days away.

Song Hanbai's expression was also a bit stiff at this time. He didn't expect that this guy Kong Fandao would attack Liu Zhenya at this time, and his attitude was extremely fierce. Isn't this split between the provincial government and the Liu family?

Originally, the status of the provincial government is a bit embarrassing. The rights have been squeezed by Chu Dingbang. If it were not for the support of the Liu family and the Zhang family, they might have been squeezed out of the rights center by Chu Dingbang. At this time, Kong

Fandao was tearing apart this cooperative relationship, and its intentions were difficult to understand.

However, when he squinted at all of this, Chu Dingbang, who was slowly slurping into the clouds, his eyes flashed with astonishment, and he thought of a possibility.

This Kong Fandao may have gotten a piece with Chu Dingbang, and became Chu Dingbang's headshot. He wanted to destroy his relationship with Liu Zhenya, and his face became a little ugly when he thought of this.

"Snapped!"

Song Hanbai lit a cigarette, and it was very quiet here. Everyone turned their eyes to Song Hanbai. At this time, Song Hanbai took a deep breath and then spit out the smoke. The thick smoke covered his entire face. Live, people could not see his expression, but then his faint voice came from the smoke:

"The soldiers who took us back to reach a peace agreement with the Sanctuary City were passed at the meeting. Needless to say!"

As he said, he raised his eyes and glanced at Kong Fandao coldly. He saw that Kong Fandao's body trembled, but before he could speak, Song Hanbai continued:

"I believe General Liu, one hundred and three, four of them were killed in battle, and ninety-eight people were picked up. Isn't everyone surprised that this little one went there?"

Chapter 1217: Confusion caused by points

"That's right!" When everyone heard the words, they were taken aback, and then they thought about the data Liu Zhenya said. Indeed, as Song Hanbai said, the number is wrong?

Who is this one missing?

Where did you go again?

Previously, I only listened to the report. Whoever added or subtracted the number of people was right, their attention was all on the content of the agreement.

"Is the people's livelihood not coming back?"

Zhang Beiwang suddenly changed his face and asked Liu Zhenya in a deep voice.

Everyone's expressions were condensed, they all looked at Liu Zhenya, with questions in their expressions. You must know that Liu Zhenya went to pick up Liu Minsheng this time, but Liu Minsheng did not come back. What's the matter?

"Yes!"

Liu Zhenya looked a little lonely, and nodded gently.

"What happened to the people's livelihood? Why didn't you come back?"

At this moment, Chu Dingbang, who had not made a sound, suddenly said.

Chu Dingbang originally wanted Kong Fandao to worsen the relationship between Liu Zhenya and Song Hanbai, but when Song Hanbai said this, he immediately meant that Song Hanbai's trouble would be resolved by Song Hanbai. If he didn't say anything again, once Liu Zhenya said the result, he would He and Kong Fandao are hanging up.

"The people's livelihood is okay! Just stay in the sanctuary first! You can pick it up later!"

Liu Zhenya said indifferently.

Everyone in the room is not a shrewd and flexible person. Liu Zhenya said it was fresh and refined, but wouldn't he be taken hostage if he put it plainly?

However, everyone was shocked at this time, and there was also a trace of admiration. You must know that Liu Zhenya's importance to his grandson has reached an insignificant position, but he kept Liu Minsheng in the sanctuary as a hostage in order to retrieve the soldiers. How can the behavior not be admired.

When Kong Fandao heard this, his face suddenly became extremely ugly, red and white, and the sweat on his forehead came out like beans.

He wanted to hit Liu Zhenya and worsen the relationship between Song Hanbai and Liu Zhenya, but he did not expect Liu Zhenya to do so. This time he resolved all his previous accusations and gained sympathy from everyone. And this villain himself is not disgusted by everyone, even more. Will Liu Zhenlai and Song Hanbai be hated?

He felt a little unable to stand, and the eyes of everyone in the room swept over intentionally or unintentionally, and the disgust made his back numb.

No matter what the era, no one does not hate the betrayer. He obviously betrayed Song Hanbai and invested in Chu Dingbang. No one can see the obvious method just now. He is waving the flag for Chu Dingbang. The one in this room Not a smart person, I can't even see this.

"Old Liu! How can you do this? Isn't this leaving the people's livelihood in a dangerous place? I think the agreement is okay. Just follow this method and deliver the materials to the other party as soon as possible. In any case, we must take the people's livelihood back. Bleeding and tearing, let alone being wronged!"

Chu Dingbang's face sank with an anxious expression, and he looked at Liu Zhenya complainingly.

At this time, Kong Fandao's body was soft and almost unable to stand. He knew that he was finished, Chu Dingbang did not support him, but gave up on him!

"I thanked the commander for the people's livelihood!"

Liu Zhenya felt relieved when he heard this, and his goal was achieved. No one knew that he was willing to leave Liu Minsheng behind, but he still showed a trace of gratitude, and then he seemed to think of something and said:

"Commander, the people from Sanctuary City are following. They are here to complete the agreement with us. Would you like to meet?"

Liu Zhenya's purpose is very simple. He wants to solve the matter at one time in front of these people. At that time, Chu Dingbang will not regret it. Then he has completed the first task, so he can explain to Di Ping.

"It's time for Chu Si Ling to talk about business, what's wrong with such trivial matters!"

Chu Dingbang was thinking for a while and was about to speak, when a very arrogant voice sounded in the room.

Chapter 1218: New base changes

Everyone in the voice room knew who it was, and they all looked over, and saw that Hu Jun had already stood up, his face was extremely cold, and he had long been irritated when he heard it. He thought Chu Dingbang was going to talk about something important in the meeting. But I don't want to be these little things.

As soon as I heard of someone from the small base, I couldn't listen anymore. He had been waiting for two days. This task was urgent and he didn't have time to wait any longer, so he stood up and interrupted the conversation. .

"General Hu said so, don't rush to see you later!"

Chu Dingbang nodded and said.

He was not upset this time because he was interrupted, and he did not want to see anyone from this small base. This can be regarded as the shame of the Bianzhou base. More than one hundred soldiers were taken prisoner, and they were forced to pay some conditions before they were rescued. Coming back, this made him a little embarrassed, so Hu Jun interrupted him aloud and followed the words.

Then, Chu Dingbang looked at Liu Zhenya and Zhang Beiwang and said: "General Hu came with a Kyoto order on this trip. We need our cooperation to complete a secret mission. This mission requires us to have only five enlightened persons and one. A thousand elite fighters can cooperate to complete the task. Because you were performing tasks before and the base was short of manpower, the task was delayed. General Hu has been waiting anxiously. Now that you are back, we will discuss how to cooperate with General Hu!"

"Oh!" Only then did Liu Zhenya and Zhang Beiwang understand what this general Hu came here.

But at the same time, the two of them became vigilant. They knew that the greatest force in the army was in the hands of Chu Dingbang, and what they took away was only the power in their own hands. Then Chu Dingbang insisted on this General Hu. Using them as an excuse to take away the

elite, it shows that Chu Dingbang does not want to take it. It goes without saying that there must be some danger or problem with this task, and Chu Dingbang does not want to take it on his own.

To talk about the awakened, they know that there are only seven awakened in the base. He has Zhou Keming under him, Zhang Beiwang has Zhang Haiyang, and Chu Dingbang has three of them, one is Leng Jun, and There are two, Huang Jigong and Li Zhengyang, and one person he hasn't touched yet, and there is also one under Song Hanbai, Chu He, who is a special police officer of the special police detachment.

This is enough if they are not in the base, but Chu Dingbang has to wait for them to come back. This is self-evident, and he definitely wants to entrust them to the water.

Liu Zhenya and Zhang Beiwang looked at each other, and they all understood what it meant. Chu Dingbang wanted to calculate them, so they didn't give them for nothing.

"Oh! Is this the matter?"

Liu Zhenya suddenly understood at this time, but then he glanced at everyone with a puzzled expression on his face and said, "Aren't there enough awakened people in the base? I remember there were five people in the base before I left?"

"That's right! There are four people under Chu Si Ling's command, and there is also one under Song Capital's command. Isn't that enough?"

Zhang Beiwang also asked with confusion.

"boom!"

Everyone felt that the air in the room was tight, and a powerful momentum suddenly rose, making everyone's hearts tight. Hu Jun was full of momentum and his eyes were full of anger, staring at Chu Dingbang from between his teeth. Li Beng said, "I want an explanation!"

Hu Jun was really angry at this time. He thought that Chu Dingbang was teasing himself. If he didn't give him a reasonable explanation this time, he had to use another order from the military department. No matter what, he had to take Chu Dingbang!

Qing Feng's cold eyes also flashed a hint of displeasure at this time, and he also stepped forward to Hu Jun's side, with an imposing manner like a sharp sword at the crowd, and the room seemed to drop dozens of degrees instantly, making people feel cold all over.

Leng Jun, who had just taken a step forward, felt his body tighten suddenly, Dong Dong stepped back three steps, sweat on his forehead like oil.

Leng Jun's eyes finally flashed with astonishment, and only then did he realize the power of this Taoist priest. This powerful sword was not only sharp but also icy as if to cut the skin.

Chapter 1219: January is like a world away

Chu Dingbang didn't expect Liu Zhenya and Zhang Beiwang to join forces to give himself a set, but he didn't want others to find it himself. Who let him pick it up first?

But he is not a fuel-saving lamp. Looking at the angry Hu Jun, he smiled lightly and said, "General Hu, please hold off your anger. I do have four people under my staff, but one of them went out to perform tasks and has not returned until now, so my staff It's really not enough because the people of Song Capital's subordinates can't meet General Hu's requirements!"

Hu Jun stared sharply at Chu Dingbang's eyes, and Chu Dingbang also looked directly at Hu Jun, without a trace of dodge in his eyes.

After watching for a full minute, Hu Jun felt that Chu Dingbang didn't seem to lie to himself, his angry expression gradually eased, and his momentum gradually dissipated.

The Dao Master Qingfeng behind him also put away his aura towards Leng Jun, again with a light smile on his face, and retreated to Hu Jun.

Leng Jun's body shook for a while, came alive from his stiffness, exhaled for a long time, wiped the sweat off his face, and looked at Qingfeng with lingering fear before he retreated slowly behind Chu Dingbang.

Everyone in the room saw this scene, and everyone's eyes flashed shock. Leng Jun's strength was not known to anyone here. Once one person singled out hundreds of elite fighters, the speed was as fast as the wind, and the power was extremely powerful, no one. Can receive a blow from him, and as the name suggests, Leng Jun is cold-blooded and ruthless, a true predator.

Once Song Hanbai's awakened person, Chu He, refused to accept that Leng Jun was injured by a punch by him, but it was such a man who was so sweaty that he was crushed by this Taoist priest today, and his eyes were obviously afraid of these two. powerful.

However, Liu Zhenya's eyes were clear, and there was no shock in Zhang Beiwang's eyes. He had seen Di Ping and a group of his men, and he was really not surprised by the strength of these two people.

Hu Jun regained his momentum and glanced at Liu Zhenya and Zhang Beiwang coldly, then looked at Chu Dingbang and said:

"Okay! I believe General Chu will not make jokes about military orders! I hope to see all the personnel on this mission at six tomorrow morning!"

Speaking of this, he paused for a moment, a cloud of cold light burst in his eyes and pierced everyone's faces with a cold smile:

"If someone thinks that the emperor is far away, he can ignore the military order, then try your head hard or not!"

After saying this, he left without seeing everyone turning around, but the breeze swept everyone and turned around and followed.

Until the figure of Hu Jun and Qingfeng disappeared, everyone was still looking at the door. Everyone had an unsightly complexion. The one here was not in a high position, but was threatened by a young man. He simply didn't pay attention to everyone.

Chu Dingbang's face was even more gloomy, his eyes suppressed extreme anger, as if a fire was burning!

"Too arrogant! It doesn't put us on..."

Kong Fandao cursed angrily at this time.

"All right!"

He was just about to say a few words and was interrupted by a rough voice. He raised his eyes to see Song Hanbai's cold eyes staring at him. He suddenly felt tight in his heart and shut up and didn't dare to say any more. Song Hanbai confronted him, because Chu Dingbang wouldn't be helping him.

After drinking Kong Fandao, Song Hanbai looked at Chu Dingbang and frowned, "What will Chu Si Ling do now? It seems that General Hu has no patience to wait!"

Chu Dingbang's face turned blue with anger, and without a word, he took a cigarette from the cigarette case on the table and lit it, took a deep breath, and then swallowed it out for a long time, as if he wanted to extinguish the depression and anger in his heart. They all vomited out, and after a pause of ten seconds, they heard his voice:

"What else can we do? If we don't arrange all the people tomorrow, we will all be liable for disobedience as soon as his military order is issued. Who will bear it?"

"Yes! It seems that it can only be so!"

Song Hanbai also took a long breath and sighed.

"It's just how this person should arrange, let's discuss it!"

Although Chu Dingbang spoke to Song Hanbai, he finally cast his eyes on Liu Zhenya and Zhang Beiwang. The implication was obvious, which was to let the two express their opinions.

"Chu He, I can come out. It's just that the elite soldiers and the people under us don't have enough attention, so should you look at the arrangements?"

Song Hanbai also smoked, half-squinting his eyes and said lightly.

"can!"

Chu Dingbang nodded.

Song Hanbai's words are not wrong. Most of his military force is composed of armed police and police. Compared with the elite soldiers of the military, the military force is not a little bit worse. Weapons and equipment, let alone. So at this point, Chu Chu Dingbang was not entangled.

"Chief of Staff, Master Zhang, Master Fang, look at it!"

Chu Dingbang cast his eyes to Liu Zhenya again, and Zhang Beiwang and Fang Daocheng asked.

"This... Commander, you also know that I don't have any of the Awakeners. What about me? They are all armored soldiers. It's okay to open tanks. There is no need to mention the individual combat capabilities!" Before he could speak, Fang Daocheng was the first to express his stance. He looked at Liu and Zhang with an embarrassed expression and said: "My people can't handle it, so please take care of them!"

As soon as Fang Daocheng's voice fell, Zhang Beiwang, who had a rude character, interrupted him. Zhang Beiwang pointed his finger at Fang Daocheng's face and cursed mercilessly:

"Fang Daocheng, don't you want to point your face! Your sudden aircraft company, rocket artillery company, and armored infantry regiment are all in a hurry? The Awakeners can't come out, and the soldiers don't want to come out. I really don't know how you open your mouth. of?"

Fang Daocheng's face turned red when he was scolded by Zhang Ziwan, but Zhang Beiwang opened his mouth a few times when he was about to rush to beat him, and finally he did not refute.

"Okay! Master Zhang, how do you get out of here!"

At this time, Chu Dingbang helped Fang Daocheng relieve the siege, interrupted Zhang Beiwang's scolding, and asked directly.

"There is no problem for the awakened, not for the soldiers. We went out this time and suffered heavy casualties. The soldiers need to rest and cannot go on missions!"

Zhang Beiwang was gasping for breath, as if he was pissed. Hearing Chu Dingbang's question, he said coarsely.

"Yes! Master Zhang is right. We are in the same situation. This time we went out with too many casualties and nearly half of the elite losses. I am really unable to perform combat missions. However, I still fully support the orders from my superiors. My Awakeners are fine. You can participate in the mission tomorrow!"

At this time, Liu Zhenya also nodded in agreement and continued with Zhang Beiwang's words.

Chu Dingbang watched Liu Zhenya and Zhang Beiwang's eyes flashed with anger, and there was a hint of doubt and vigilance. The two people have always quarreled when they met, as if they were a pair of enemies for many years. They have always looked at each other uncomfortably. But it is unified and coordinated, which makes him feel that things are a bit bad.

His eyes swept across the faces of the two of them, as if he wanted to find something?

But unfortunately he didn't see anything, only Liu Zhenya was smoking a cigarette calmly, while Zhang Beiwang seemed to be still alive, his chest undulating.

After watching for a while, Chu Dingbang withdrew his eyes, and watched as everyone gave orders with serious expressions: "Fang Daocheng dispatched five hundred troops, Chief of Staff Liu dispatched two hundred troops and the Awakener, and the same is true for Master Zhang. An Awakened man from the capital of Song By!"

Chu Dingbang's body was extremely majestic at this time, his eyes were sharp, and he looked straight at everyone in the field like a sharp arrow, which made everyone suddenly feel the pressure.

He has been operating in Bianzhou for many years. Most of the generals in the military area are those he trained. Don't look at Zhang Beiwang and Fang Daocheng as the commanders, and Liu Zhenya is the chief of staff. But they can only use one or two regiments. Part of the power has been controlled by him, and no one dares to resist his command.

No one wants to use the knife and gun if it is not a last resort, it is really hard for anyone to fight with force.

Therefore, whether it is Chu Dingbang, Liu Zhenya, or Zhang Beiwang, they are more restrained, and no one wants to turn their faces, because no one wants to see the result.
