

DOOMSDAY SANCTUARY

Chapter 14: Warm

"Little girl, are you hungry! Come and eat bread!" The 20-year-old woman who lost her husband was sitting on the sofa on her left with her baby in her arms. Her complexion had recovered a lot, and she had little expression on her face. The little girl seemed to regain her childish nature from fear, her long eyelashes twinkled, and her **** eyes were secretly watching Di Ping.

"Come on! Eat! It's delicious!" Seeing the child a little scared and looking at the bread and a little greedy, he said softly.

"Thank you, Uncle!" At this moment the woman spoke, her voice soft, listening warmly.

At this time, Di Ping carefully looked at the woman in front of him, and found that this woman was really beautiful, with a plump body, a protruding breast and a thin waist, black and straight hair, fine five views, thin eyebrows, small nose and small mouth. There are many styles of people; at this time, wearing a tight body shirt on the upper body, and a pair of light blue jeans on the lower body, they are tight and tight, highlighting the perfect curve of the hip, especially with the soft voice to show the woman's mature charm and intelligence to the fullest. Not crying, some red eyes and dull complexion, the score is definitely above 90.

The opposite woman seemed to feel Di Ping staring at her for a long time, and immediately blushed and lowered her head.

"Ahem..."

To say that Di Ping has seen a lot of beautiful women in business over the years, and there are also Dingli. He feels that there is indeed something wrong with others in this way, so he quickly coughed to cover up his embarrassment.

"Under self-introduction, my name is Di Ping. Everyone introduces their names and occupations to each other. In the future, if you want to eat in a pot, it will be more convenient to get to know each other!" Now Di Ping only knows the fat man Chen Gang, Li Sheng and Lao Luo. Neither the woman nor the middle-aged man understood.

"My name is Chen Gang, my nickname is Fatty, and my job is Yunjia Supermarket Warehouse Supervisor. You can call me Fatty!" Fatty Chen Gang introduced himself with a smile.

"Li Sheng, Yunjia Supermarket Transportation Captain" Li Sheng is still simple and clear.

"Luo Quanyou, who is engaged in architectural decoration, everyone can call me Lao Luo!" Lao Luo said shyly.

"Cheng Chao veteran, who opened the hotel before, everyone call it at will! Called Ah Cheng, old Chengdu is fine," the middle-aged man introduced with a smile, with a warm and solemn voice, still bearing the heroic spirit and boldness of the soldier.

"I...My name is Yu Shujie, professional managers mainly do business planning!" The woman saw that everyone saw that she was a little nervous, and she said slowly after a pause.

It's really a beautiful name and beautiful name, Di Ping secretly praised.

"My name is Ye Nannan!" Suddenly the little girl in the woman's arms seemed to see everyone finished the introduction, it should be her turn, so she introduced herself in a crisp voice.

"Haha! Yes, yes, and our daughter and daughter!" Di Ping laughed loudly after hearing this. The child was really funny, so he wanted to tease her. "Then what does our daughter and daughter do?"

"I...I'm still a child? Then I have a job! Uncle is so stupid" the child's small eyes were actually white, Di Ping said with a small mouth.

"Ahem..."

Di Ping was choked and almost didn't come out. He coughed a few times and looked at this little girl with a bit of resentment. He didn't want to be despised.

At this time, everyone in the room laughed and was amused by the little girl. Yu Shujie also pursed her lips, reaching out her hand and slapped her **** to blame.

The sad atmosphere of the last days seemed to dilute a lot in this laugh, and the relationship between everyone seemed to be a lot closer at this moment, more eager, less alienated.

"I think everyone is hungry! There is food in the kitchen, who knows how to cook and eat! My craftsmanship is so average that I can only cook the vegetables!" Di Ping touched his nose, and he didn't know what to say here. , Even the little girl couldn't handle it, so she had to change the subject.

"I'm coming?" The woman suddenly said, seeming to see everyone wondering, and smiled softly. "Although I go to work, I usually cook for the nanny after get off work, isn't it?"

"Yeah, mommy cooking is delicious!" Seeing her mother ask herself, she nodded like a pigeon.

"That's good, then I will work hard for you, we believe that the nanny is good!" Di Ping smiled and touched the little girl's head lovingly.

"Well, you guys have a good food, my father can't eat it normally?" The little girl nodded proudly.

Hearing the look of everyone here, tears flickered in the woman's eyes, and Di Ping was also heartbroken. This little girl might not realize that her father has left him forever; she held back the tears in her eyes and laughed. Xiang Xiaoyao smiled and said, "Okay, we have to thank you! Today we have a good food too!"

"Mr. Di, I'm going to cook!" Yu Shujie seemed to be afraid of staying any longer and could not hold back her tears, so she hurriedly got up.

"Let's go!" Di Ping said secretly.

Yu Shujie hurriedly walked into the kitchen with the child in her arms. It seemed that there was a beast behind her, and her footsteps were a little staggering; everyone looked at it and could only sigh lightly.

Everyone became silent following Shujie's departure. Di Ping sat on the sofa to rest. He was really tired today, and the others were also very tired. Running with shock, one individual was already overdrawn. , Now that the body aches alleviate, I really don't want to move.

There was the clash of pots, bowls, spoons and spoons in the kitchen, followed by the sound of knives cutting vegetables. For a while, it seemed that the whole room was quiet and terrible. In this silence, women could be heard sobbing from time to time, and everyone looked sad for a while. , But no one spoke.

This woman is really nice. Not only is she gentle and beautiful, she is also very virtuous. Soon five dishes were served on the table. The color and fragrance were delicious. The smell of the fragrance made people appetite. Di Ping was so hungry early in the morning. I don't feel hungry for some bread.

Finally, the woman brought a bowl of rice and put it on the dining table. Then she smiled and greeted everyone to eat at the table.

"Come on, start eating, people are iron rice or steel, and you don't have to panic when you don't eat a meal. The big meal is the biggest. You can eat before you have the strength to work." Di Ping stood up and greeted everyone as he walked. Dinner at the table.

Everyone stood up when they heard the greeting, and walked towards the restaurant. Seriously, everyone was hungry long ago and their hearts were pressed to their backs, but Di Ping didn't move and they were not moving. They waited until Di Ping greeted them and rushed into the restaurant. .

"Come and sit next to Uncle!" Di Ping walked to the dining table and looked at the drooling girl who was facing the front table with a smile, picked her up and placed it on the side seat, while sitting on the main seat. , And then greeted several people, "Sit down! You are not hungry! Ready to eat while standing!"

After hearing Di Ping's words, several people laughed, and then they didn't push each to find a seat.

As soon as Di Ping sat down, Yu Shujie hurried forward to help take a bowl of rice and handed it over. Di Ping looked nervous, his forehead was sweaty because of his busyness, and the hair on his forehead was also wet. , I was in a trance, thinking that this is a smart woman who knows her position, can bend and stretch.

"Come and feed our nanny first! Nun nun is a child, right?" Di Ping took the meal with a smile, then put the rice in front of nun nun and said with a smile, the corner of his eyes saw Yu Shujie's original nervous face. Shi showed a relieved look, and seemed to let out a long sigh, his expression a little excited and a little disappointed.

Di Ping said softly, he found that he really admired this woman. He is worthy of a senior professional manager and has a good grasp of human nature; in the last days, such a person is not a human, moral law collapses and the evil in human nature is released unlimitedly. It would be difficult for such a disadvantaged group to survive in the last days if they didn't know the way to survive, and this woman could recognize this so quickly, and Di Pinggao had to take a look.

She served Di Ping with a meal to show that Di Ping is the head of the family and that she is attached. If Di Ping does not pick up, she will not accept her to join, because she knows that women are usually useless in this environment of the end times, maybe useful, It is to slave a man, but she does not want to, so it is her best choice to attach to a strong who does not look like a bad person. Di Ping accepts her meal but gives it to her daughter, which means she accepts her. She is attached, but not as a woman, but as a role like a mother and a daughter.

So she was a little relieved and a little happy. Because of the dependence, she was no longer afraid of not being able to survive in this end of the world, but at the same time she was a little lost. You must know that beautiful women are not unconfident. She knows how she looks. She could feel the hot eyes of all men looking at herself, and seeing that this man was not accepting herself for this, just because she was a mother and daughter, this couldn't help her feel a little disappointed.

Women are always contradictory sometimes. She wants a man because he loves her internally, not externally, but if a man ignores her beauty, she will be unfair. This is the contradiction of women. Anyway, it is all right. .

The nanny should be hungry early. After receiving the meal, she slapped her mouth into her little mouth. Di Ping smiled lovingly and patted the little girl's head. His eyes were full of love. Such a lovely girl was lost in this end of life.

The father lost his support, and the mother was unable to protect and had to bow down to protect.

The old saying goes that a mother is strong for a child. It's true. Although Sui Shujie is a beautiful woman, she looks decent between her eyes. She is not like a casual woman, but she has made up her mind in a short time. Not great, how can Di Ping say anything about her? .

At this time, Yu Shujie woke up from the wild thoughts and saw Di Ping seeing herself again, and hurriedly filled a bowl of rice again and handed it over; Di Ping took the meal, nodded and said, "Sit down and eat too! I'm tired too. One morning!"

"Oh! Good!" In fact, Yu Shujie was already exhausted. Hearing Di Ping's order, she hurriedly sat down at the bottom, as if a depressed ball, she slumped in a chair.

A few people were hungry early, and when they were in a hurry, they slapped their mouths into their mouths. At this time, it doesn't matter whether the food is good or not! In fact, these days, the family dare not open fire and just eat some dry mouths.

Di Ping tasted a few dishes, let alone say that the taste of these five dishes is really good, much better than many restaurants, the taste is just right, the heat control is almost perfect, the color of the dishes is pure, green and green The green color is not old and young, and it is just delicious. He couldn't help but praised "Miss Yu's craftsmanship is really good. You can open a restaurant!"

After hearing Di Ping's words, Yu Shujie looked relieved and let out a long sigh of relief. She was finally not a useless person, and proved to everyone the value of her existence.

"Woo...It's delicious, it's so delicious!" The fat man said vaguely while rushing to stuff his mouth.

"The fat guy didn't choke you to death!" Li Sheng said suddenly out of temper.

"Uh..." The fat man seemed to be choked, his face was flushed with his neck coughing, and he hurriedly grabbed a bottle of water and drank more than half of it before he was relieved.

"You have a dead face, you will not be called facial paralysis in the future, and you will be called crow mouth!" The fat man pointed at Li Sheng and cursed while running along his chest, while Li Shengyun calmly grabbed the food on the table.
