

Doomsday 54

Chapter 54: Flame mage shows his power

The flock of gibbons in the sky flew closer and closer, and they were about to reach the top of their heads. Di Ping stared at the group of mutant gibbons. Although these gibbons mutated, they still retain the previous tradition of flying in the sky, changing various formations. , The whistle whistle.

Di Ping also couldn't tell if these wrens were also very aggressive, so it's better to be careful or not to show up.

"Master, be careful!"

Just as Di Ping was staring attentively at the sky, Gina exclaimed suddenly behind him. Di Ping's mind became tense and hurriedly retracted his gaze. A white shadow flashed out of the grass on the side of the road and went straight to himself. Come lasing.

Do not rush to think about it, Bai Ying's figure is like lightning at such a close distance, there is no time to think. In the blink of an eye, a cold light has already approached her door. At this time, it is too late to swing a sword. The instinctive reaction Di Ping is a short body and one is on the spot. The lazy donkey rolled around eighteen, and his body rolled around five or six meters away.

Although this trick is not beautiful, it is disdainful to use in martial arts novels, but it cannot be denied that it is really easy to use. This roll just escaped, and the mutant wraith attacked a rolling man and rolled out a few meters, pulling away from the enemy.

At this time Di Ping had already pressed the ground, and the person had already bounced up, his white t-shirt was covered with dust, so he looked angry, and today he almost capsized in the gutter, if it hadn't been Gina reminding himself that he had to be tricked. , It seems that he was still careless, which made his face a little red, and his heart rose with anger, and his eyes swept sharply towards the white shadow.

It turned out to be a white cat with a body length of nearly a meter and a little bigger than some adult dogs. It was a little tiger alive. At this time, he half-squinted his eyes and looked at Di Ping,

his eyes flashed and his body bowed halfway. , The hair all over his body is exploded, seems to be ready to attack

"Exploration!"

With Di Ping's thoughts, a probe threw it over, and a message was immediately revealed.

"Mutated Cat: Bloodline Level: None, Talent Skills: None, Strengthening Level: Zero, Skills: None"

"Dead cats are looking for death!"

Di Ping saw this angrily, an ordinary mutant cat that hadn't even opened up its potential and hadn't advanced yet dared to attack him, how could he not let himself get angry, he slapped out his long sword, and prepared to take this white cat Hacked to death.

"Meow....."

The white cat seemed to be angry too. This tenable attack unexpectedly failed. Usually it is a good hunter. Today this shame must be taken back, so he rushed towards Di Ping with a low growl.

"act recklessly!"

Di Ping cursed secretly, and he lifted his leg and was about to rush to kill the wild cat who didn't know the sky and earth.

"Boom...."

There was a sudden explosion, and a ball of fire exploded in front of Di Ping'an. The mutant cat was hit by a large fireball of lightning shot from behind Di Ping in mid-air. The fireball immediately turned the white cat into a larger ball. Flame ball.

"Meow....."

There was a scream from the fireball, and the fireball suddenly fell to the ground.

The white cat kept rolling on the ground in an attempt to extinguish the flames, but all this was in vain. The flames became more and more prosperous, making a crackling sound, and the white cat let out a terrible roar.

But no matter how he rolls, the flame is like tarsus poison, and the work sticks to it, and it can't get rid of it. The white cat's cry is getting weaker and weaker. After ten seconds, the white cat stops struggling. Only then did it dissipate slowly, revealing a group of black things on the ground, and a smell of barbecue.

"Damn!"

Di Ping stared blankly at the white cat barbecue that turned into a ball of black charcoal, with a thousand heads running!

This is the mage?

This is the D-level potential that the most dishonest person in the game hates?

His mother is so strong!

Di Ping cursed in his heart, this is much more handsome than his own fighters. He knew that he would also choose a mage. Whoever became a thinker is much more fun than the game. This fireball is so handsome, so explosive, so inflammable. , The one who really touched it died.

"Gudong"

He swallowed his saliva and looked back at Gina with an unbelievable look, and saw that Gina was full of seriousness, with a small hand stretched out, palms slightly open, facing the direction of the white cat, very handsome, Di Ping's eyes There was a burst of enthusiasm, and the debt was almost drooling.

"Ah! Master!"

Gina, who had a serious face originally, seemed to feel Di Ping's gaze, raised her head to look towards Di Ping, and found Di Ping's envy and eyes full of fire, suddenly her heart became nervous, her face blushed, her hand retracted and she screamed in surprise. Tao.

"Gina!"

When Di Ping heard Gina's voice, he woke up from his random thoughts, and quickly wiped the saliva that might come out of the corner of his mouth, and looked at Gina.

"Hmm master!"

Gina replied softly, the blush on her face still not clearing away.

"you're great!"

Di Ping raised her big finger and praised Gina. It was true that Gina was doing very well. It wasn't she who reminded herself just now that she might have been recruited, and the follow-up reaction was perfect, so she didn't need to do it herself.

"Thank you Master!"

Gina smiled suddenly, and seemed embarrassed again. His face turned redder, and he bowed his head and thanked Di Ping softly.

"Di... Discover the soul energy and gain 6 energy points"

Another 6 points of soul energy are credited to the account. Only from knowing the function of this soul energy, Di Ping looked at the mutant beasts with a bunch of energy and a coin, and he was about to become a money fan.

"Cuckoo..."

Suddenly there was a messy cooing sound from the sky.

"broken!"
