

Doomsday 591

Chapter 591: Frustrated

When everyone saw a broken railroad bridge on the river on the horizontal frame, everyone's heart sank to the bottom, and the worst happened.

The powerful force of nature once again showed his power. The river channel that used to be trickling and almost dry has restored the rolling torrent of thousands of years ago, and impacted all the resistance that prevented him from advancing with the unprecedented power of the past.

The most indestructible building that mankind is proud of has become so fragile in front of her that it can't stand her impact and slowly disappears and perishes.

"City Lord, what should I do?"

Yue Lie's complexion changed drastically when he looked at Billowing River, his voice trembled slightly, and he looked at Di Ping and asked.

"Go, go to Yi County to find a boat!"

Di Ping looked at the broken bridge on the river, and his face was not good. He didn't expect that it would be so difficult to go home once. Now, after one day, there are still two hundred kilometers away from home, but he is still blocked and unable to move forward. Still sighed, waved to decide.

Yi County is not far from here, and the big river is just beside the county seat, which is only a few kilometers away from the county seat.

But what made them strange was that the wolf's roar suddenly disappeared, and they didn't catch up with the group of people along the way.

The speed of the few of them is not slow, and Yun Kuohai seems to have remained at the forefront of the crowd, until they crossed the railway bridge, the traces of their group disappeared.

"They may be looking for a car to enter the city!"

Han Ming pointed to a road along the railway line hidden by trees.

This is a road by the railway, and it should also be one of the main passages in the county. The road is also very wide, four lanes, ten meters wide, even if it is squeezed by trees and weeds, a lot of living space.

But there is still a road more than three meters wide, and the two main roads are flowers and trees, so the length is not big, and the road is not damaged seriously.

Han Ming took Yue Lie out to look for a car. They didn't know that they got a minibus from there, and the group of people sat on this minibus and headed towards the city.

For four or five kilometers, the car didn't have to walk hard, and the speed was very fast. After ten minutes, there were more houses on both sides of the road.

This county is obviously relatively backward, with mostly low-rise houses, not many houses with more than ten floors.

As soon as he entered the city, Di Ping seemed to feel better, except that there was no dense and unstoppable boundless forest.

Although there are a lot of trees in the city, there is still a lot of space sparsely, which makes people feel more comfortable and less depressing.

The sun was hanging high in the sky after two o'clock, but at this time it didn't give everyone much warmth, but felt a little bit of coolness.

"I think it is unlikely that there will be a speedboat in this place!"

Di Ping looked at the ancient streets on both sides, the old facilities, and the few cars on the side of the road. His mood suddenly changed and he sighed after seeing everyone.

"If you can't, you have to find some materials yourself!"

Han Ming also looked at the surrounding scene and said with disappointment.

"Oh oh..."

At this time, another wolf roar came. The sound was obviously inside the city, like a gust of wind blowing in the quiet city, and the sound was spreading back and forth.

"This wolf has also entered the city? Isn't it chasing them?"

Di Ping's face sank, looking at the direction of the sound, he was a little confused.

"Da da....."

Suddenly, there was a rush of gunfire from nowhere, accompanied by wolf roar.

"There are gunshots!"

Han Ming screamed for the first time, his eyes also looking in the direction of the sound.

"Maybe Yun Kuohai is in danger!"

Di Ping felt the gunshots and roars from a distance, and suddenly said lightly.

"Then, what shall we do about the city lord?"

Yue Lie looked at Di Ping and asked.

Chapter 592: Unjust is doomed to destruction

Yun Kuohai hid in a storefront, looking outside nervously, sweat on his forehead.

He was in a bad mood at this time, and he wanted to scold his mother. He never thought that he would have today. He was embarrassed like a dog in the family, panicked all day long.

"Father, it's your daughter that is causing you!"

Yun Mengsi leaned weakly against her father, her face paler than before, and there was a trace of sadness in her clear eyes at this time, as if she felt her father's tension, she reached out and held her father's big hand tightly.

"Mengsi, it's not your fault, it's my father's fault. If I listen to you and stay, it won't be like this!"

Yun Kuohai smiled miserably, patted the back of his daughter's hand, and exclaimed.

"dad....."

Yun Mengsi was about to say something when suddenly he woke up with a gunshot.

"Mengsi hides well, are they coming up again?"

Yun Kuohai's complexion changed, and he held Yun Mengsi's face anxiously and looked out.

On the street in front of the store, a group of giant wolf-shaped mutant beasts appeared from time to time, and several guards were hiding in the dark and pointed their guns outside, firing from time to time.

After Yun Kuohai left the service area, the father and daughter talked all the way. He wanted to go north to Zhongzhou after arriving in Yixian quickly.

But things have changed, and it was only three kilometers away but found that the road was broken.

After a few people discussed, they decided to get off the expressway to Yixian to see if they could find a place to cross the river. As a result, a few of them ran into a giant wolf just after they got off the expressway. Startled, the consequences are unimaginable.

I wanted to scare away the giant wolf, but in the end things have been developing in the direction he was worried about.

There is always a giant wolf following itself secretly along the way. If you catch up, it will escape from sight. As soon as you go, it will follow far behind, and it will make a wolf roar from time to time.

Everyone in this way has been trembling all the time, and fled all the way.

I thought it would be fine to cross the river, but I didn't expect that the railway bridge was also broken, and Yun Kuohai couldn't just bite his teeth towards the city.

The result made him even more unexpected, and he actually entered the ruthless nest in this city.

As soon as they entered the city, a large number of mutant giant wolves surrounded them. They drove in the car and thought they had thrown away the previous giant wolf. Who knew it had already recruited a companion to besiege their party.

As soon as he came up, he lost two of his subordinates. If it weren't for several of his subordinates who were well-trained, they had to have submachine guns, and madly dodge and block the mutant giant wolf before rushing into this shop.

Use the shop as a bastion to stop the mutant's fierce siege.

"Boss, we are running out of bullets!"

Yun Kuohai was holding his gun and staring at the door, when he heard the voice of his subordinates.

This sentence is almost colder than the cold current from the north, and the frozen cloud and broad sea hit a sharp spirit, and his face became extremely ugly.

"How many Ahai bullets are there!"

After being silent for a while, Yun Kuohai finally calmed down, looking at the subordinate who had just spoken and asked.

"It used to be too much, now it doesn't add up to more than fifty!"

The young man named Ah finally had a wave of waves on his cold and solemn face.

"It seems that this time is doomed!"

Yun Kuohai was stunned for a moment, and then there was a trace of despair on his face. He turned around and glanced at his daughter who was looking at him, and he made a decision in his heart.

"Are you afraid?"

Yun Kuohai's eyes swept across the faces of several of his men and asked in a deep voice.

"We are not afraid to be with the boss!"

Although the faces of several subordinates were shocked, their eyes were full of determination, and they looked at Yun Kuohai's decision and said.

Yun Kuohai looked at his subordinates who had been with him for many years, and suddenly felt a touch of emotion in his heart. These people did not let him down. They are indeed his brothers.

Chapter 593: Fall into the wolf's mouth

"My dear brothers, Yun Kuohai is here to thank you!"

Yun Kuohai suddenly held his fists to several.

"boss!"

Excitement appeared on the faces of several people, and their eyes looked at Yun Kuohai more respectful, but there were also a few people's eyes that flickered.

"Ahai, I'm asking for something here!"

Yun Kuohai looked at Ahai, the subordinate who followed him the longest and trusted him most.

"Boss, what you want Ahai to do, just tell me!"

Ahai still said nothing with the same silence, his eyes filled with extremely firm conviction.

"Ahai, I hope you will take the young lady out to protect her safety, can you do it?"

Yun Kuohai glanced back at Yun Mengsi who was half leaning against the corner, his eyes flashed with deep reluctance, but his eyes were decided in an instant, watching Ahai solemnly said.

"Boss, before I die, I will not let the young lady suffer any harm!"

A Hai's eyes lit up when he heard the words, and he turned to look at Yun Mengsi who was lying weakly by the wall. A trace of gentleness flashed in his eyes. He turned his head and looked at Yun Kuohai with a firm face and promised.

"No, father, I won't go, we will die together...cough cough...!"

Yun Mengsi got excited for a moment, and sat up with his support on the wall, his expression full of anxiety.

But when she got excited, she seemed to use too much air, and coughed anxiously, her face becoming paler.

"Observe Sisi and go with your Brother Ahai!"

Yun Kuohai's eyes flashed a softly comforting voice of kindness and compassion.

"Brother Ahai, you take the boss and the young lady away, let's stop these beasts!"

At this moment, a sturdy and sturdy young man shouted while shooting outwards.

"Yes, Ahai, you take the boss and them away, you dare to keep the boss, I will be a ghost and I will not let you go!"

At this time, a young man cursed coarsely.

"All good brothers!"

Yun Kuohai's eyes turned red, and he was moved at this moment when he looked at these brothers who followed him from birth to death but had no regrets.

"No, none of you can leave!"

Suddenly a sharp voice sounded, and a thin young man stood up with excitement, his face changed savagely, and stared at the crowd angrily.

"Skinny nine what are you doing?"

Ahai looked at the thin young man who was screaming angrily and cursed.

"What are you doing? Brother Ahai, we give birth to death for the surname Yun, and now we still want us to die, why? They go first, then we will die!"

Shou Jiu roared angrily, his eyes were full of anger, the gun in his hand was pointed at everyone, the muzzle of the black hole was as deep as a bottomless abyss, revealing a terrifying murderous aura.

"You are so bold, put down your gun!"

A Hai shouted in a deep voice, his eyes were freezing to death. He did not expect that there would be such a person among his brothers, which made his heart full of shame and anger.

"Shou Jiu, you dare to point a gun at the boss, do you want to die?"

The sturdy man named Niu San stood up with an angry look in his eyes, and raised the gun in his hand.

"Wow...Don't move!"

There was a bang, and several guns were raised.

What surprised everyone was that not all the guns were pointed at Shou Jiu, and there were actually Niu San who were pointed at by two guns.

"This?"

The sudden change made everyone stunned. The air seemed to freeze, and all of them stared blankly.

There are a total of seven men, two of whom were killed by giant wolves before. There are only five people here, four men and one woman.

At this time, it turned out to be three-on-three, Ahai, Niu San, and Chen Si who was the first to speak before.

On the opposite side, there are three people, Shou Jiu, Bamei and Hou Laoliu. At this moment, both sides point their guns at each other, and their eyes are looking at each other with vigilance. The eyes of Bamei and Hou Laoliu are still ashamed, but the guns in their hands are still Pointing to everyone.

Chapter 594: Bullying the old one

"Okay! I said, what are you guys doing together and whispering together on the way? So why are you holding bad farts?"

Niu San looked at the three people opposite, gritted their teeth and cursed.

"Three brothers, can we be blamed? The end times are here, why should his surname Yun order us? We have guns and are powerful, so we can do it ourselves, and what do we do for him?"

Shou Jiu didn't seem to care at all, looked at Niu San and said sharply.

"Shameless! Why don't you think who took you in, feeds you for your use, and cultivates you into a talent?"

Chen Si looked at a few people with anger and deep contempt in their eyes.

"Then..... We also sold his life to him. What else can he give us now and why should we die for him?"

When Shou Jiu saw the shame on the faces of his companions, he immediately became anxious and exclaimed.

"you guys....."

Yun Kuohai was still moved by having such a brother just now. He didn't expect the wind direction to change the next moment. For a while, he felt a bit of blood accumulated on his chest and almost spewed out. He was so depressed that he couldn't speak.

He didn't expect that these were carefully adopted by him, usually fed and drunk, and trained for many years. He was raising them as his own son. How could he have thought that someone would give him a heartbreak at the last minute, and he was in pain for a while can not breath.

Yun Mengsi leaned against the wall, looking at all this weakly, a trace of contempt and mockery flashed in his eyes, the mutant giant wolf outside had not resolved the internal conflict, and he really didn't know how to write the dead words.

"You are looking for death!"

At this moment, Ahai, who had been cold on his face, suddenly spit out a few words coldly, and the cold light flashed in his eyes.

"Ah..... Brother Ahai, we all know that you like Miss, but Miss never looked at you with a straight eye. I couldn't see you long ago. What's so arrogant, now you have a chance, think Do whatever you want, brothers support you!"

As if frightened by the usual power of Ahai, the three of them took a step back and stared at him vigilantly. Shou Jiu was flustered when he saw this flashing, but he immediately turned his eyes and screamed.

"This....."

Suddenly, Ahai's eyes brightened, and his eyes drifted towards Yun Mengsi without his own control, and a slight hesitation appeared on his face.

Yun Kuohai was shocked when he saw this scene, and a cold air hit his forehead from the root of his tail.

Yun Mengsi raised her eyes to look at A Hai, a complex color flashed in her eyes, she didn't know what A Hai thought about herself, but she grew up with A Hai, she only treated A Hai as her own brother. .

"Brother Ahai!"

At this time, Niu San suddenly yelled and stared at A Hai, awakening A Hai.

"It seems you really want to die!"

Ahai regained his clarity in an instant, his eyes were suddenly full of anger when he looked at Shou Jiu, not knowing whether he was provoking Shou Jiu or shaking himself.

"do not move....."

Shou Jiu raised the gun in his hand, looked at Ahai and then provoked, "Brother Ahai, you are the eldest brother, and we all respect you, but you see that people with the surname Yun usually treat you as a dog. He promised you his daughter. You are in your 30s and you are still single. Now that the opportunity is here, can't you miss it?"

"Shou Jiu, you will never understand. The boss is kind to us. He fills me with food, makes me live with dignity, and allows me to live a good life!"

Ahai looked at Shou Jiu and shook his head faintly, as if recalling the past, nostalgia appeared on his face, but then his voice gradually became louder, his eyes coldly watching Shou Jiu's words and words:

"I, Ahai, has given my life to the boss a long time ago. I am the boss's dog. He asks me to bite whoever I bite. For example, to get rid of an unfamiliar wolf like you!"

Chapter 595: Heroes descend from the sky

"Don't go any further, I'll shoot again!"

Shou Jiu watched A Hai, who was coming step by step, suddenly shouted with a spear in his hand: "I know you are great, so don't go forward, and I will shoot her to death!"

Shou Jiu's muzzle turned and pointed at Yun Mengsi who was lying half-leaning on the corner, with a crazy look on his face.

"stop!"

Yun Kuohai's face changed drastically again, looking at Thin Jiu in horror, "Don't be impulsive, Lao Jiu, Sisi is your sister? Why are you holding a gun at him? Kill me if you want to kill! "

"Don't pretend to be with me here, I don't know you yet! Our nine brothers and sisters are all working for you, but what did you do to us! What do you think this is?"

Shou Jiu suddenly became irritable, staring fiercely at Yun Kuohai, stretched out a hand, and screamed heartbreakingly: "If I slept with a female company employee, you chopped off one of my fingers. In a moment I swear that I must take revenge, revenge! You owe me this!"

"You bastard, why don't you know whether it is good or bad, you are rape! If your boss does not tolerate you, you have to go to jail!"

Niu San breathed heavily, staring at Thin Jiu and cursing.

"Bah! Good or bad, not just a woman, he can handle it easily, why should I cut my finger!"

Shou Jiu yelled crazy.

"You are crazy!"

Chen Laosi looked at Thin Jiuyin's face with anger and helplessness.

"Monkey, Ba, are you going to have trouble with Thin Jiu?"

Ahai was not arguing with Shou Jiu, but looked at the other two people coldly and shouted.

"I..... We don't want to die! We just want to live, let us go, we don't want to be your enemy!"

The sixth and eighth sisters were shocked by Ahai's icy tone, and the two said with guns trembling.

"You'll die if you don't put down the gun?"

A Hai's tone was even colder, his eyes filled with murderousness, and a shocking spirit took a step back from the fright.

"What are you afraid of? Ahai, recognize you as the boss, you really think you are so awesome, you dare to try, I shot her through the head with one shot, so you can only look at her body in despair!"

Thin Jiu seemed to have spared it too. He knew that Ahai was great, but he also had a deadly spot, that was the young lady, so he grinned and pointed a gun at Yun Mengsi's head.

Yun Mengsi leaned against the wall and didn't move. He didn't seem to worry about his situation at all. He still had a faint smile on his face, and the corner of his mouth was mocking.

The color of Ahai's face finally changed and it was distorted for a while, the killing time in his eyes became colder, and his hand slowly touched his waist.

"Let them go!"

Yun Kuohai held down Ah Hai, who was already killing intent, and looked at the group of Thin Jiu with the same cold eyes.

He didn't expect that one day he would have his brothers betray him. He walked the rivers and lakes in his life and talked about loyalty. It can be said that there are not many brothers under his hand who are not affected by his kindness.

Even Shou Jiu was also very kind to him. The father of Shou Jiu was gambled. He not only ran away his wealth but also owed a debt, but he never knew how to converge. The family went drunk crazy.

Shou Jiu had been beaten since he was a child. His mother couldn't bear to be poisoned to death. One of his sisters was sold by his father, and his father was beaten to death by Gao Lidai.

Shou Jiu's lost reliance was on the street to eat, and the hungry couldn't steal things, and ended up stealing Yun Kuohai.

Who is Yun Kuo Hai?

That was the number one eldest brother in the local area. The average thief had a few good ones when he dared to steal his eldest brother, but Yun Kuohai didn't deal with him because of his pity.

Yun Kuohai also kindly took him in, not only gave him food and clothes, but also helped him find his sister who had been sold. It can be said that he has the grace to recreate him.

But Yun Kuohai never expected that Shou Jiu would betray him. He has always been complacent, his brothers are loyal, but today he was beaten out of the face and betrayed three at a time. He was disheartened. feel.

Chapter 596: Arrows shook the pack of wolves

"boss?"

Niu San looked at Yun Kuohai in surprise and asked in his heart, even Ahai stopped his movements and looked at him puzzledly.

"Let them go!"

Yun Kuohai waved his hand somewhat lonely to stop Niu San from questioning.

"Okay, let's get together and relax!"

Shou Jiuyi showed excitement on his face and nodded repeatedly, but then his face became cold, and his eyes looked at Yun Mengsi with a weird smile: "However, if you want the lady to accompany us out, you block in front!"

"That's impossible!"

Yun Kuohai immediately said angrily.

The reason why he regressed was entirely for the safety of his daughter Sisi, and now Thin Jiu wants to take Sisi as a hostage, he is willing to do it.

"Skinny nine, I can fulfill you if I want to die!"

Ahai felt that his anger was about to be overwhelmed, staring at Thin Jiu with extremely cold eyes.

"Don't stare at me with this look. I'm afraid of you. If you don't let the lady follow me, what should you do if you turn your faces?"

Shou Jiu had already completely spared it at this time, not afraid of Ahai's murderous gaze, and laughed mockingly.

"you....."

Ahai's fingers trembled, and the corners of his eyes twitched violently. He felt that he could not bear it anymore and was about to explode.

"It's impossible to let Sisi go with you!"

Yun Kuohai shook his head resolutely, but when he saw the signs that Shou Jiu was going to run away again, he spoke again: "But I can go with you!"

"This....."

Shou Jiu fell silent and looked at Yun Mengsi, his eyes full of desire, and a struggle on his face. He felt that this should be the bottom line of Yun Kuohai, so he gritted his teeth and said: "Okay, since the boss is so respectful, I am thin Nine pockets!"

"How can I do this, boss?"

Niu Sanyi roared anxiously.

"To shut up!"

Shou Jiu glared at Niu San and exclaimed.

"you....."

Niu San wanted to get angry, but Yun Kuohai raised his hand and pressed it down.

"The boss is going?"

After Shou Jiu scolded Niu San, he smiled contemptuously, stared at Bamei, and then looked at Yun Kuohai with a smile.

"Sisi, listen to what Ahai said, stay alive!"

Yun Kuohai ignored Thin Nine, but looked at Yun Mengsi and said with a gentle voice.

"Dad, don't be busy, you can't leave!"

Yun Mengsi smiled miserably, a touch of relief appeared on Cang Mian's face, and he said softly while looking at Yun Kuohai.

"Who said no to leave..."

Shou Jiu became furious, pointing at Yun Mengsi and cursing, but he was blocked in the middle of what he said. The boss whose eyes suddenly stared looked outward, his eyes full of fear.

"Wow..."

A mutant wolf swooped into the room one by one, and dozens of mutant wolves rushed over, blocking Huawei fragments for a moment like shelves.

They only quarreled, but they didn't know the mutant wolves, but they didn't stop, from the original three or four mutant wolves to a dozen now.

Standing terrifying mutant giant wolves on the entire street, each one was like a tall horse, like a giant beast walking out of the wild, savage, brutal, bloodthirsty, and a violent momentum suppressed everyone's heart.

"Go! Run away..."

The mutant wolf that Shou Jiu rushed in suddenly was a shuttle bullet, but he only had a few bullets. Six shots were fired, and his bolts blared. He threw down the gun and turned around in panic. Just run.

"boom....."

With a roar, the back door shattered, and a fierce giant wolf head came in, opened his blood basin, and bit the thin nine who was fleeing in a panic.

"what....."

Shou Jiu made a tragic call, and the giant wolf bit his waist with one bite, his long fangs plunged deep into Shou Jiu's body, and blood spewed out.

Chapter 597: The wolves are gone

"Help...Help me...Ah!"

Thin Jiu turned his eyes out, but was still struggling violently, looking at everyone pleadingly, yelling in his mouth, and blood pouring from his mouth.

No one dared to move, the giant wolf stared at everyone with his stern eyes, not at all moved by the struggle of the thin nine in his mouth.

"Crack..."

Suddenly, the giant wolf's mouth closed together, making a crisp sound, and Shou Jiu's shout stopped abruptly.

Who dared to move at this time, four or five giant wolves had already swarmed in, standing around looking at the people coldly, and the murderous intent in their eyes made several people almost frozen.

The giant wolves didn't rush to bite everyone, but just looked at them like this, but the more so, the more people felt fear, such as falling into the ice cellar, their hands and feet were cold, and their hearts were full of despair.

"Woo..."

The eighth sister finally couldn't help but started crying, threw away the gun in her hand and turned and ran wildly.

"what!"

But when she moved, a giant wolf flicked its head and bit her half of her body. She suddenly screamed and screamed desperately to grab the giant wolf's mouth, and looked at the crowd with pleading eyes.

"Crack..."

The giant wolf looked at everyone with cold eyes, his mouth closed, and a light and crisp sound was made. The eighth sister's cry stopped abruptly, and the blood spurted out instantly, splashing everyone, but none of them dared to move.

The giant wolf's blood basin opened its mouth wide, and the eighth sister's corpse slipped down silently, and the whole person was almost divided into two parts, leaving only some flesh and skin connected.

Everyone was inhaling air-conditioning, their scalp numb, cold sweat came out of the back, and the heart began to beat violently, as if to jump out of the chest.

Yun Mengsi leaned against the wall, watching the scene with a painful expression on her face, gently closing her eyes, she knew she was going to die here today.

"Oh oh..."

One of the giant wolves suddenly roared, as if there was a burst of thunder in the room, and everyone's ears buzzed.

Then a few giant wolves stared at everyone fiercely, and the murderous intent in their eyes made a few people fearful.

"They are?"

Yun Kuohai already knew that he was in a catastrophe but calmed down for an instant. He looked at the giant wolves and did not attack everyone, but instead stared at the weapons in everyone's hands. He understood at once, and said to several people, Throw it all away!"

Now this gun is no different from a fire stick. At such a close distance, the gun's usefulness has been lost, holding it on the contrary made these giant wolves vigilant.

"Papa....."

The three of them were stunned for a while, and finally threw their guns to the ground with the courage.

As soon as the gun fell to the ground, several people obviously felt that the stern gazes of the giant wolves eased down, and they were not as aggressive as before.

Do these wolves already have wisdom?

This absurd idea arose in everyone's hearts, but a few of them believed that it was true.

"Woo..."

At this time, the giant wolf howling just now looked at everyone's mouth again and made a whining sound.

Several people were stunned for a moment, wondering what demon moth this giant wolf was doing?

"It's to let us out!"

At this moment, the voice of Yun Mengsi who had been leaning against the wall sounded.

"Uh!"

Everyone looked back at Yun Mengsi, who was looking weakly at the crowd and nodded.

"Woo..."

At this time, the giant wolf let out a more rapid whine, as if urging everyone.

These few people felt that Yun Mengsi was right. Yun Kuohai carefully bent down to help Yun Mengsi, but his eyes were fixed on a few giant wolves, fearing that the giant wolf would suddenly attack him.

Fortunately, the giant wolves just watched their movements quietly, and did not respond, as if they knew what he was going to do.

Chapter 598: Legs are too short to be laughed at

Hearing the roar of wolves, Di Ping still decided to come and have a look, let him sit by and ignore the deaths of a few people. He really couldn't do such a thing.

For some reason, those bright and charming eyes that seemed to illuminate people's minds always dangled in front of his eyes.

Isn't he disgusted with this woman?

How can you think of this woman?

When Di Ping and his party touched it, they happened to see a strange scene, a group of giant wolves surrounding a few shivering people.

At a glance, he saw several people in Yun Kuohai who had just walked out of the house surrounded by five giant wolves, and the weak Yun Mengsi was leaning against her father, slowly walking out.

To Di Ping's surprise, there were only six of them left, and each of them was stained with blood. They were holding each other together, each of them looked terrified and moved tremblingly.

Suddenly Di Ping's eyes shrank, and he saw a tall and fiery wolf in the middle of the street, guarded by a pack of wolves.

At this time, he looked at the few humans in front of him with a majestic and imposing power.

Han Ming and the others all looked at Di Ping, wanting to know what arrangements he had.

Di Ping made a few gestures to Han Ming and the others, and they all understood what he meant, and then Han Ming, Daniel and Gina quickly slipped into the Misson and disappeared.

Only Yue Lie and Angela stood beside him at the scene, and Di Ping stared at the group of giant wolves through the gap between the trees.

At this time, Yun Kuohai and several people were already trapped in the wolves. If they didn't handle it well, they might not be able to save a few people, but would let them die.

Yun Kuohai was sad at this time. He no longer knew that he was afraid. It seemed that the fear disappeared in his heart at the last moment. The only thing he was saddened was that his daughter did not escape.

If not for them?

At this time, Yun Kuohai looked at the only surviving Hou Liu who had returned to the verdict. His eyes were full of anger and murderous intent. If it weren't for them, his daughter could escape.

At this time Liu could no longer feel Yun Kuohai's murderous eyes. He was now so scared that he was about to collapse. He was staggering with a broken arm. He no longer knew which one to take when he walked. Sift the chaff.

He has been isolated, Ahai, Niu San, Fourth and Yun Kuohai and his father and daughter are walking together, far away from him, there is no one who makes him want to rely on, and can only look with pitiful eyes. Everyone, just a few people ignored him.

"Wow..."

At this time, a roar that roared like a tiger roared, and a few people were shocked and looked at it.

I saw a huge red wolf roaring in the sky among a dozen wolves guarding, and the glass on both sides of the street shook with the howling sound, as if it would burst in the next moment.

The people facing Yun Kuohai felt that their heads were hammered with a heavy hammer, their ears hummed, their heads fainted, and almost fainted.

Then the fiery red giant wolf lowered his head and looked at a gray-black giant wolf that was much shorter than it, and moaned several times in his mouth.

"Woo....."

The gray-black giant wolf raised his head and looked at a few people viciously, and walked towards them step by step.

"Is that wolf?"

A few people recognized at a glance, it was the giant wolf that appeared first to follow the crowd, and was wounded with guns by a few people. Now you can still see the blood wound on its body.

It was during this struggle that two female guards in the team died, and Hou Liu was also bitten off an arm. If it weren't for Ahai and the others to rescue him from the wolf's mouth, Hou Liu would not have broken his arm.

So this is the reason why everyone hates Hou Liu so much. This is truly a typical ungrateful, ruthless face.

"Fuck, is this looking for a parent? Is this still fun to play?"

A mood of dumbfounding arose in the hearts of several people. This meant that the parents had beaten the child and brought the child to make trouble!

When did the animal world change, it became shameless, and a few people felt helpless and a trace of sadness.

The giant wolf approached step by step, a drop of saliva fell from the corner of his mouth, and the air condensed. For a while, it was quiet and terrible, and only the gasping sound of the giant wolf could be heard.

Yun Mengsi slowly closed her eyes, with a trace of unwillingness on her face, a teardrop fell from the corner of her eye, and she cried.

I don't know if I am afraid, or worried about my fate, or for other reasons. No one knows all this?

"Om..."

Suddenly there was a hum in the air!

Chapter 599: New member Yun's father and daughter

"Swish..."

There was a scream in the air, like something passing at high speed, everyone was shocked and looked up.

"Boom..."

Everyone only saw a light and shadow, and then a black sharp arrow shot into the waist of the giant wolf who was approaching several people.

Nail it to the ground, the tail of the arrow is still trembling rapidly, buzzing.

The scene fell silent for a while, everyone looked at the dark long arrow that kept shaking, and forgot to breathe.

"Aw..."

The giant wolf nailed to the concrete floor seemed to react at this time and let out a scream.

The giant wolves who had been stupefied also reacted at this time and made a riot.

The fiery red giant wolf stared blankly at the mutant giant wolf who was struggling and roaring in a pool of blood, with a humane expression in his eyes, as if he didn't believe everything in front of him.

"boom....."

At this time, another gunshot sounded. A giant wolf next to Yun Kuohai was hit by a bullet again, and his body was brought to one side by a powerful force. The huge body collapsed on the ground with a round blood hole on top of his head. , Zhenggugu is bleeding blood.

The pack of wolves seemed to blow up their nests, roaring, their blood-red eyes scanning around, trying to spot the enemy.

"Oh oh..."

The fiery red giant wolf seemed to react at this time, suddenly raising the sky with a loud roar, and the voice was full of anger and a strong killing intent.

The pack of wolves was screamed by the head wolf king, and immediately stopped the riot, sharp eyes suddenly shot at the few people besieged by the crowd, and thick and brutal eyes surged.

The pack of wolves roared wildly, and then suddenly rushed towards Yun Kuohai several people.

Yun Kuohai and the others were stupid, staring blankly at what was happening in front of them, they were confused for a while, and couldn't figure out what was going on.

However, Yun Mengsi suddenly opened his eyes, and there was a glimmer of excitement and joy in his eyes. It seemed that he was crying with joy, and he burst into tears with a smile.

"Fuck!"

Di Ping, who was hiding in the dark, suddenly yelled at this situation. He wanted to distract the giant wolf so as to save people, but who knew that the red giant wolf suddenly went crazy and wanted to kill these people first. It seems this wolf Wang is very smart.

Di Ping also understood at this time that the giant wolf that was shot by Han Ming should have something to do with the Red Wolf King, which angered him.

Was Di Ping the one who was afraid of him getting angry?

He has already seen with the exploration skills just now, the mutant giant wolf is not strong enough to make him afraid, at best, it is better than the previous mutant Tibetan mastiff.

But he wasn't the one he was before, and this giant wolf simply didn't look at it enough.

I wanted to wait a while to make a sound, but now it seems that it won't work if you don't appear, and these people won't be able to live without it!

When Di Ping moved his body, the person had disappeared in the shadow.

"boom....."

With a loud noise, Di Ping fell from the sky abruptly on the ground, stirring up dust on the ground.

"Woo..."

Di Ping fell from the sky and frightened the mutant giant wolf who was about to pounce one step. He stopped abruptly and stared at the man falling from the sky vigilantly.

"Di Ping?"

When the smoke and dust were gone and the people in the field were clearly seen, Yun Kuohai suddenly screamed.

"Hi! What a coincidence Mr. Yun!"

Di Ping smiled and said hello to Yun Kuohai.

"Ok... What a coincidence!"

Yun Kuohai stammered.

At this time, Di Ping's appearance was like the coming of God, which made him fall into ecstasy, and he wanted to rush to kiss him.

Not to mention that Di Ping said it was a coincidence. At this time, he said that stool is fragrant, and he would never say that it smells. Is this a great savior?

Don't talk about him, Ahai and the others were ecstatic when they saw Di Ping appear.

When Di Ping appeared, the other people should all appear. These people are all strong men. Their arrival means that they are waiting for others to be saved.

Yun Mengsi looked at Di Ping, who was standing in the siege of wolves with a smile and talking and laughing, suddenly the corner of her mouth raised her eyes, and she smiled very happily.

Chapter 600: The dragon's scales cannot be touched

"Wow..."

This scene made the fiery red wolf even more angry when he saw it. He raised his head and roared again. The fiery red hair was frantically erected like an angry lion, and his eyes were as red as blood, revealing crazy killing intent.

The wolf king roared, and the giant wolf, who had been frightened by Di Ping who had fallen from the sky, retreated, roared again, and rushed towards the crowd again with a movement of his body.

"Swish..."

When the giant wolf was about to pounce, the same terrifying scream as before came from the sky again.

"Boom....."

A black sharp arrow came from the unknown like a **** of death, and once again passed through the abdomen of a giant wolf to nail it to the ground. The tail of the long arrow trembled and buzzed due to the powerful force.

The scene calmed down again, and everyone looked at the terrifying jet black arrow.

A group of giant wolves stopped again, watching the sharp arrows being nailed to the ground, blood dripping to the ground like running water, the giant wolves that kept roaring horribly did not dare to go forward again.

"Oh oh..."

The fire-red giant wolf's eyes were full of madness at this time, and once again an angry roar, Tao Tian's fierce flames pressed the pack of wolves to attack, it was not moved by the terror arrows at all.

"Woo..."

The pack of wolves was crushed by the power of the wolf king, and the eyes of the wolf suddenly turned red. Looking at the crowd before attacking, the murderous intent appeared in the blood.

Di Ping's eyes flashed, he wanted to frighten the pack of wolves with terror, and save himself a little trouble, but he didn't expect this wolf king to be so crazy and would not retreat. It seems that he has to kill himself today.

Di Ping glanced at the Fire Red Wolf King and suddenly nodded slightly.

This nodded, it seemed that something was triggered, and suddenly there was a messy sound in the air, which was a terrifying scream.

"Swish..."

"call....."

"boom....."

As soon as the voice sounded, everyone saw that the two giant wolves rushing in front seemed to be hit by a huge force, and their bodies were brought aside with great strength.

One was nailed with a black sharp arrow, and a ***** blood hole appeared on the head of a giant wolf, and blood spewed out quickly.

Everyone was shocked and looked at the scene in front of them. Suddenly, they caught a fiery red fireball from the corner of their eyes and flew into their sight at an extremely fast speed.

"boom....."

With a loud noise, the ball hit a giant wolf, and suddenly exploded, with a roar, bursting out countless flames, covering the giant wolf.

The giant wolf roared horribly and rolled on the ground, but the flame seemed to stick to it, no matter how it rolled, it didn't make it go out.

"puff....."

At this time, another dazzling starlight fell from the sky and hit the other giant wolf. This starlight seemed to carry super high heat, instantly burning the giant wolf.

The giant wolf let out a horrible roar, and the entire fur seemed to have been burned by flames, revealing **** flesh.

Yun Kuohai stared at this scene in a daze. How long it was, but it was a twists and turns. The giant wolf that had been chased to the sky and no way into the ground before, was killed in a while. Six heads.

There were only a few giant wolves in this group, but only twelve or three, and they were half dead in a while.

Di Ping looked at all this with a smile, and the Fire Red Wolf King was stunned. It took five or six seconds before he seemed to recover. A pair of scarlet eyes showed humanized fear.

But when its eyes fell in front of Di Pinyang, the gray wolf whose body was still twitching slightly, was nailed to the ground by a black sharp arrow.

Immediately, the blood red in Wolf King's eyes surged again, and he raised his head to look at Di Ping with a frenzy in his eyes. The thick hatred made Di Ping's heart trembled.
