

## Doomsday 60

Chapter 60: First meet the victims of the base

"Old Lie, there seems to be no movement?"

Yue Lie and Liu Han both hid behind the shelf and did not dare to move. They waited for more than a minute and did not hear anything outside. Liu Han couldn't hold back anymore, and looked out and whispered to Yue. Lie said.

"It's good that you can be more careful, and your heart will scare you out!"

Yue Lie pointed Liu Han's waist and eyes with his fingers and complained in an angry tone.

"Hey...accidents, accidents, all accidents!"

Liu Han also knew that he was almost in trouble, touching his head embarrassedly and smiling.

"So hungry, I'll eat more, I almost choked to death just now!"

Liu Han felt that there should be no danger, and took another bag of bread from the shelf. He opened it and bit it, like a ghost.

"Your kid is out of help! You can't wait, I don't know what's going on outside! Hey, I said you can't slow down? Don't choke again!"

Yue Lie was helpless looking at Liu Han who was devouring, he had to remind him in a low voice.

"There is this!"

Liu Han raised the mineral water bottle in his hand and shook lightly, his mouth was still filled with noodles, and he said vaguely.

Yue Lie really had nothing to say about his best brother. He was very scary. He was a savvy person. He remembered that when he was in college, he talked about a girlfriend. It was called an affection. My friend dumped it, and the crying one is sad! It's really sad when the listener shed tears,

The brothers in the dormitory saw that this guy was really sad, and when he cried like this, so they wanted to take him out to drink, but when the guy heard there was drinking, the cry stopped immediately, and he pulled a bunch of petrochemicals with a smile. The brothers went for a drink. You didn't see him at the wine table. God almost couldn't hold it anymore. As a result, he got drunk. The next day they went to play golf happily. It seemed that they cried yesterday. The ground is not like him.

From then on, these brothers knew that this kind of stuff was too big to be superfluous, and no one was willing to care about anything with this kind of stuff, because you didn't care about this kind of people. You have to fight or kill today, maybe you have to pull tomorrow. I want you to have a drink.

Yue Lie was also hungry. Basically, he could only get one or two pieces of bread a day at the base. It was enough to eat, and his stomach was always empty. This hides his hungry heart and his back for two days. They were all soft. I was scared just now and I forgot to be hungry. At this moment, I saw Liu Han's delicious food and immediately grumbled in my stomach, and I hurriedly grabbed a piece of bread and put it in his mouth.

It's just that they don't know. Although the conversation just now was light, Di Ping, who was careful to walk to the glass door and listened to it, really heard it. You must know that Di Ping's ears have been strengthened a lot now, and he stared at the big place in the supermarket. He could hear a mouse running past, not to mention the voices of two big men.

Gina followed Di Ping, but instead of looking into the supermarket, she kept looking at the street and guarding the back for Di Ping, but she also heard it really. You must know that the strongest of the wizard is the spiritual power. Although she can't release her spirits, his super spirit makes his

hearing far better than ordinary people. It is possible that she is not under Di Ping, and she can also hear the movements of the supermarket clearly.

The two quickly looked at each other. Di Ping winked and asked Gina to stay outside. He went in. Gina also returned a glance to express his understanding. Di Ping lifted his steps to the supermarket and moved gently. Like a civet cat, he dared not walk too fast for fear of disturbing the people inside.

"Wow..."

The two of Yue Lie and Liu Han took a mouthful of water while eating bread, and they squeezed their eyebrows from time to time, completely forgetting the danger. Di Ping's footsteps were so quiet that it was hard to hear them carefully, not to mention these two were eating. The beauty of the food, until a cold sword stretched out in front of the two, the two immediately choked.

Seeing the shimmering sword and the man holding the sword stretched out in front of them, their hearts were almost frightened!

This man is too scary. There seems to be a tangible murderousness pressing on him tightly. He is cold all over, his hands and feet are awkward, and the boss with open mouth is shocked. The bread in his mouth can't fit because of eating too much. Some came down, but the two of them didn't dare to move, and the bread and water in their hands fell to the ground with a clatter.

"Big...Big...Big brother! I...I, I, we just eat...eat some bread and give...give you money!"

Liu Han's face pale in fright, and his mouth stammered, saying that he regards Di Ping as the owner of this shop, thinking about eating a few pieces of bread, why don't you give me money?

"Brother, we are just looking for something to eat, not a bad guy!"

Yue Lie was obviously more than Liu Hanqiang. Although his voice was trembling, his speech was still very smooth.

"What is your name and why are you here?"

Di Ping also saw that the two of them dressed completely like students, and they had no weapons on their bodies and their faces were simple. He believed that his eyes did not look like evil people, so he lowered his sword and asked them. Tao.

"This eldest brother, my name is Yue Lie, and his name is Liu Han. We are all university students. When the end of the world comes, we hide here and we are too hungry to find something to eat!"

Only then did Yue Lie stop the trembling voice, his tone became more stable, and he wiped the crumbs from the corner of his mouth with his hand while answering Di Ping's question.

"Just you two?"

Di Ping let go of the sword at once, but did not relax his spirit. He stared at the two of them, wanting to see something unusual in their expressions.

"Originally there were ten people, now there are only two of us left!"

Yue Lie's expression darkened, and he lowered his head and said in a low tone. Liu Han, who was at a loss and still in panic, also had a pale face.

"Surviving in the last days is not easy, let's be sorry! Those who are alive must live stronger!"

Di Ping then sighed and comforted. He has experienced life and death. He has seen too many births and deaths. He kills people with his own hands. He understands the pain of watching the people around him die and sees the faces of the two people. After looking good, he continued.

"Can you tell me what happened?"

"What can't be said! People die and die!"

Yue Lie let out a deep breath and said with a deep helplessness.
