

Doomsday 601

Chapter 601: Let go

Di Ping glanced at the fiery wolf king, and then at the gray wolf lying on the ground in a pool of blood. He seemed to understand something.

Looking at the look of the wolf king, this mutant wolf with a smaller body might be its child.

But the wolf is a cunning animal and has a special hatred. Seeing the amazing hatred in the eyes of the fiery wolf king, he has a definition in his heart. This giant wolf can't let it go, otherwise it will stare at you hard and get revenge at any time.

He didn't want to be stared at by such a giant wolf, he had already decided the end for this giant wolf in his heart.

"Don't let one go!"

Di Ping suddenly yelled into the air, moving his body and rushing towards the wolf king. As soon as the person rushed out, a ghost face slicing saber appeared in his hand, and he was leaning behind him.

The Wolf King looked at Di Ping, who was rushing towards him, suddenly roared, his body fell, and then he rushed towards Di Ping.

"Crash!"

Di Ping had already decided to keep the giant wolf, so he was not wasting time screaming, his body accelerated violently, his body pulled out an afterimage in the air, and the distance of more than ten meters was spanned instantly.

One person looked at each other in the air. At this moment, Di Ping moved again, and the sword behind him trembled suddenly. A mountain of swords appeared in front of everyone, and the light of the sword dazzled like a bright moon. .

"Om..."

The long knife buzzed in the air, and it cut the clouds towards the wolf king with shocking weather, and one person and one wolf passed by.

"puff....."

At this moment, with a sound like a flat tire, the fiery red wolf that crashed to the ground, took two steps forward, his ferocious head slid down, and a cavity of passionate blood sprayed from the broken neck.

The blood shot straight out like a fountain more than ten meters away, spraying directly to a few people in Yunkuohai. The few people who had been shocked finally reacted at this time and hurriedly avoided, but a lot of blood was still splashed on their bodies.

"what!"

Di Ping, who had been facing the crowd all the time, turned around and watched the crowd smile and showed their white teeth. Who knew that not only did they not get the praise from the crowd, but Yun Kuohai seemed to be frightened and retreated with a scream. A step away.

Di Ping's smile was instantly fixed on his face, and he looked at everyone who looked at him in horror with embarrassment.

"Puff..."

Seeing Di Ping's appearance in the crowd, Yun Mengsi suddenly couldn't help but smile. The beautiful and charming fox eyes were bent into a beautiful crescent moon.

Yun Kuohai also reacted and looked at Di Ping with an awkward smile.

As you can imagine, the head of a mutant giant wolf was slashed with a single knife, and the impact of the blood gushing on everyone was too great.

But Di Ping suddenly turned around, holding a ***** saber in his hand, standing in a pool of blood, showing white teeth and smiling, how could it not make people feel creepy.

When they were talking, arrows, gunfire and explosions sounded, and four giant wolves wailed and twitched on the ground.

These giant wolves were pitiful, they fell to the ground and convulsed without even seeing the enemy.

The three giant wolves were still in full bloom. They were shocked by the scene in front of them. The crazily redness in their eyes quickly faded, leaving only endless fear, moaning with low eyebrows, and then turning around to run.

"Go there?"

At this time, a violent shout sounded, and then a figure pounced straight down from a two-story building, and a huge broadsword in his hand slashed down at the first giant wolf.

"boom....."

Yue Lie descended from the sky, the huge falling power added to his huge strength, and the broad sword directly chopped the giant wolf in half with the shocking weather, and even hit the ground with a roar, and the earth trembled.

However, Yue Lie kept moving after falling, and his body abruptly activated with a roar, and rushed to the other mutant giant wolf at lightning speed. The broad sword obliquely slashed the giant wolf's huge body and flew up.

"Swish..."

Just as Yue Lie was about to catch up with the other giant wolf to be killed, a scream came from the sky, and a sharp arrow rubbed Yue Lie's arm and shot the last giant wolf, nailing it to the ground.

The tail of the jet-black long arrow kept trembling and buzzing, as if celebrating victory.

Chapter 602: You have to ask me if you want to survive

"Han Ming, you kidnap the blame!"

Yue Lie turned his head and looked in the direction where Li Jian was shot, and shouted with anger in his eyes.

"Haha! We are remote, you can run faster if you have the ability!"

At this time, a clear laughter sounded, and a figure looked at this side smilingly from standing on a three-story building.

"I gave you my one?"

At this time, there was another laughter, and Daniel also came out from the shadows with a musket.

"Hey... Yue Lie, who told you that your legs are too short?"

At this time, Gina, who was wearing a black robe and carrying a staff, also walked out of the shade of the tree, and smiled at Yue Lie who was depressed.

"Yue Lie, just learn how to use a gun with Daniel!"

At this time, another delicate voice sounded, and Angela walked out, wearing a white dress and holding a Heliu Staff in one hand, smiling.

The figures that appeared one by one made Yun Kuohai dumbfounded.

This is a group of strong people!

Such a large group of mutated giant wolves like strong horses almost killed a few of them, but in front of this group, they couldn't turn the waves at all, and the group was wiped out in an instant.

But this group of people is talking and laughing, and it seems that they don't think about the big thing.

Yun Kuohai was thinking of his daughter's words at this time. Only then did he understand why her daughter said that she had missed a good opportunity.

At this time, his intestines were almost regretful, and such a good opportunity to meet him wasted once.

But then there was a wide sea of clouds, watching Di Ping's figure and eyes flashing, would there be opportunities?

"City Lord, look at them all bullying our soldiers!"

Yue Lie was ***** off by a few people, and his face immediately became bitter. He looked back at Di Ping and showed the appearance of a ***** little wife.

"Okay! Don't play tricks, you guys should pack it up!"

Di Ping was feeling depressed at this time, he gave Yue Lie an angry look, and shouted with a deep face.

"It's the city owner!"

Several people immediately looked upright and responded immediately.

Han Ming's body was stretched, several jumps jumped off from the third floor, gently landing on the ground, the movements are extremely chic, but Daniel is not slow, and once the spear is retracted, he jumps directly from the second floor with a bang. Falling on the ground, although Han Ming's movements were not cool, he was extremely domineering.

When Han Ming and Daniel came down, Yue Lie was already destroying the mutant giant wolf to get the crystal core.

But Gina and Angela didn't move. They moved lightly and walked towards Di Ping, guarding him one by one.

"Mr. Yun, Miss Yun, it's okay!"

Di Ping's long knife swung the blood and was thrown away, then Zhan Ma Zhan disappeared, leading Gina and Angela to Xiang Yun Kuohai with a smile.

"Good... good..."

Yun Kuohai still looked like a giant underworld at this time. He was a young young man who was just born, stammering nervously and nodded.

"Brother Di, thank you for your help!"

Yun Mengsi suddenly broke free from his father's support, took two steps forward, and bowed to Di Pingying, a sickly ruddy appearance on the pale jade face.

"Miss Yun doesn't need to be like this, it just happens to happen to her casually!"

Di Ping smiled repeatedly and waved his hand.

Yun Mengsi stood there, his body swaying slightly, as if he would fall down at any time, and with a pale and delicate jade face, people could not help but feel pity!

At this time, Di Ping's fear of him was slightly lessened. This was still a weak woman, even more cunning, but only a woman.

"what!"

Yun Mengsi seemed to be too weak to stand, his body slowly fell forward and let out an exclamation.

"Be careful!"

Di Ping hurriedly stepped forward, hugged Yun Mengsi, and suddenly a faint scent of orchids poured into his nostrils, and his hands were amazingly soft from his waist.

Chapter 603: Violent killing

When he hugged Yun Mengsi's waist, Di Ping felt her body suddenly stiff, accompanied by a slight tremor.

Di Ping couldn't figure it out. He shouldn't have such a sensitive response to men's touch with the coquettishness of this woman.

"Humph!"

But before Di Ping went to observe Yun Mengsi's changes, a soft hum came from behind him, and he knew that it was Gina without looking.

"Miss!"

At this moment, Ahai had already reacted, stepped forward to support Yun Mengsi's arm, and pulled her away from Di Ping's arms, his eyes were still hostile as he swept across Di Ping.

Di Ping let go and rubbed his nose awkwardly. Does his hug make many people unhappy?

Not only the outside, but also the people inside yourself are unhappy?

I didn't see Gina pouting her mouth, her face full of unhappiness, her eyes staring angrily, Yun Mengsi who was just standing still, holding her forehead with one hand and blushing.

"Sisi, how are you!"

Yun Kuohai had already reacted and hurried forward to take Yun Mengsi's concerned question.

A touch of ruddy appeared on Yun Mengsi's pale jade face, and he shook his head slightly.

"City Lord Di, thank you for your life-saving grace. I think someone can't say beautiful things. From now on, Yun Mou's life will belong to Brother Di, but he will respect his life!"

Yun Kuohai saw that his daughter was okay, and then he came to Di Pian's face, clasping his fists in both hands and said with excitement.

Di Pianyang was silent, but his heart was in disbelief. Is this cloud and sea a human thing?

Yun Kuohai is no longer calling him Brother Tadi, but the city lord, which means that he already knows his identity, and calling him the city lord is to stretch his status, but also expresses his intention to be effective.

Yun Kuohai is also an interesting person. He can speak such clear and refined words of refuge, but he will not feel offensive, and it also makes Di Ping difficult to refuse.

However, Di Ping is not opposed to taking in a few people. Although he is a little jealous of Yun Mengsi, he is actually not jealous. The main reason is that Yun Mengsi disgusted him when he met him, and her pair seemed to be able to see through people. The gaze makes his heart hairy.

But from the heart, he needs such a person to work for him and get rid of his own resistance. Yun Mengsi's natural ability is what he needs, so since they have the idea of taking refuge, he will just push the boat to take it.

Even though Yun Kuohai was smiling at this time, the deep worries in the depths of his smile still showed, and he watched the change of Di Ping's expression somewhat nervously.

Yun Kuohai didn't know how long he hadn't been so worried about a person's attitude towards him, and suddenly he felt like waiting for a sentence.

He did not expect that in a single day, he also experienced two times in a day where fate was in the hands of others.

Yun Mengsi leaned against his father's arms, but his eyes were fixed on Di Piankong, his expression was very calm.

But the hands that clung to her father's arm showed that she was not as relaxed as she seemed.

"Haha, Brother Yun is polite, so why bother about it!"

Di Ping saw all this in his eyes. He knew that he was waiting for his position. Now that he had decided, he was not frightening a few people. He looked at Yun Kuohai with a smile.

Hearing from Di Ping, Brother Yun, Yun Kuohai exhaled a long breath, and finally let go of his holding heart. Only then did he realize that his back was sweaty!

"Haha, it should be..."

Yun Kuohai, who was relieved, laughed and held his fists again and again.

Yun Mengsi's tight pretty face suddenly loosened, and the hands that he had held tightly also slowly loosened at this time, and the palms of his hands turned out to be all sweaty.

The ruddy lips were gently upturned, and a pair of beautiful eyes were bent into slits again, as if a moonlight projected extremely bright, and there was a delicate peach blossom slowly opening up on Qiao's face.

Chapter 604: Love is difficult since ancient times

"Where do you want to go?"

Just as Di Ping and Yun Kuohai were chatting with each other, there was a loud shout, and everyone looked up.

I saw Niu Sanzheng kicking Hou Liu to the ground with a gun in his hand, his eyes full of anger, as if he was ready to shoot him to death at any time.

"How is this going?"

Di Ping was stunned for a moment. He didn't understand how these people were making trouble. He didn't know about the previous infighting.

"City Lord, made you laugh, wait for me to deal with the traitors and talk to the city lord!"

Yun Kuohai's face sank, and he apologized with a fist to Di Ping.

"Go!"

Di Ping's eyes swept across the faces of several people, as if he understood what was coming, he nodded at Yun Kuohai.

"This....."

Just as Yun Kuohai wanted to leave, he remembered his daughter Yun Mengsi, who stood by him, supported her with one hand, and looked at Di Ping a little embarrassed.

"I come....."

Di Ping just wanted to stretch out his hand to hold Yun Mengsi, and at this moment, with a soft cry, Gina took the first step to hold Yun Linsi.

Yun Mengsi's smile from the corners of his eyes that had shown joy disappeared instantly, and his little mouth pursed, his eyes drifting past Di Ping with a grudge.

Di Ping awkwardly closed his hands, touched his nose, and looked at him in a blink of an eye. He didn't want to meet with the resentful eyes.

The little girl Gina is interesting. She seems to be extremely repulsive to Yun Mengsi. Before Yun Mengsi was injured by herself, she sympathized with others, but now she seems to be on guard again.

"Boss, please spare me this time? I really dare not?"

Hou Liu saw Yun Kuohai approaching menacingly, and Ahai and the fourth child stared at him with eyes full of anger and killing intent. Hou Liu collapsed on the ground and fell to the ground in terror, and he didn't care about breaking his arm. Constantly kowtow to Yun Kuohai, tears and snot streaming down.

"Hou Liuyun asked himself if he was not thin to you, why did you betray me with Shou Jiu?"

Yun Kuohai's heart has always been filled with grievances, he wants to know where he did wrong, so that these three brothers who have followed him for many years rebel.

"Woo...sorry boss...I...I was deceived by Skinny Nine, he...he said..."

Hou Liu seemed to have found the opportunity, knelt and climbed a few steps to rush to Yun Kuohai, hugging his legs and crying bitterly.

"what did he say?"

Yun Kuohai gritted his teeth and said angrily.

"He said...he said..."

Hou Liu's eyes swept at several people with horror, stammering not dare to say anything.

"Say!"

Yun Kuohai felt that he had gradually lost his patience, his face was cold and water dripped out, and his teeth clenched a word.

"He said that after everything is done, Miss...Miss will play with us..."

As if feeling the anger of Yun Kuohai, Hou Liuyan looked at Yun Kuohai timidly and said.

"Ah! Damn you..."

Yun Kuohai felt dark in front of him, a staggering almost fell, Yang Tian yelled, his canthus is cracking, and he pointed his finger at Hou Liu, gnashing his teeth, almost as if he wanted to swallow Hou Liu.

For Yun Kuohai, the most important thing for him in this life is his daughter Yun Mengsi. It may be said that he will die if he touches the scales.

"what!"

Hou Liu let out a stern scream, a flying knife was nailed to one of his eyes, and blood gushed out from the gap between his fingers covering his eyes.

"Brother Ahai, no... don't... kill me..."

Hou Liu covered his eyes, and the other eye begged to look at Ahai, swaying like a bereaved dog, without dignity, but kept kowtow, still full of blood, looking very miserable.

"Damn you!"

Ahai stared at Hou Liu with cold eyes. If anyone except Yun Kuohai cares about Yun Mengsi, he is the only one.

Chapter 605: Unknown reason for sudden change

When Ahai was an orphan, he was taken in by Yun Kuohai at the age of eleven, sent him to school, taught him martial arts, and trained him to become a talent.

Since childhood, Ahai knew what he was doing. He was a thug trained by the boss, and a man who did some dirty work for him.

But he has no regrets, and is still grateful to the boss for filling him, giving him clothes, allowing him to go to school, and allowing him to enjoy things that others cannot enjoy in his lifetime.

And Yun Kuohai treats him like a child, giving him everything good, so he knows that he is just a thug, but he still doesn't change his loyalty.

Later, he became the boss of Yun Kuohai's Nine Eagles, and took his brothers to remove all obstacles for Yun Kuohai, and he was loyal to Yun Kuohai.

Ahai watched Yun Mengsi grow up, Yun Mengsi's mother died early, Yun Kuohai never married, and grew up alone with Yun Mengsi.

But Yun Kuohai has business to manage and doesn't have much time to accompany Yun Mengsi, so Ahai is playing with Yun Mengsi most of the time.

He originally treated Yun Mengsi as his own sister.

But with the passage of time, Yun Mengsi grew up and became a beauty of disaster-stricken country. Her style of gestures and gestures is also deeply hidden in Ahai.

He felt that he was in love with Miss.

He had blamed himself, hated him, and was even more impulsive, but he suppressed them one by one. He was determined to protect the young lady and not allow anyone to hurt her.

However, he did not expect that the brother he brought out, knowing his intentions, even dared to blaspheme his lady, how could this make him bear it.

As a result, a flying knife pierced Hou Liu's eye, even if this was his brother, he would not be merciless.

Di Ping has been watching quietly. When he heard Hou Liu tell the reason, Yun Mengsi's body trembles obviously, and a trace of helplessness and sadness emerges in his eyes.

Seeing her pale without a trace of blood, but with a morbid, seductive and infinitely affectionate face, Di Ping gradually understood why she had sadness in her eyes.

Few men like this kind of woman can withstand her innate charm, and she has infinite amorous feelings in every move, she is the kind of woman who makes people feel beautiful even if she is angry.

This is his luck but also her misfortune. It is really hard not to cause men to become jealous, and it is not difficult to understand things like this kind of brother.

From her helpless and sad eyes, she knew that she didn't want to be like that either.

Di Ping was silent, with strange thoughts in his heart, wondering if he was right or wrong to accept this woman. Is this a living fairy?

If it hadn't been for her getting stronger and stronger mental power to suppress her, maybe she would have gone violently too long ago.

Yun Kuohai was supported by Chen Laosi, and his whole body seemed to be drained of energy, and his whole body was full of decadence, as if suddenly frustrated with everything.

"Boss, you still have us!"

Chen Laosi was a cold-faced and attentive man. He felt that the clouds were wrong and hurriedly comforted him in a low voice.

"Thank you four!"

Yun Kuohai was lightly called by the fourth child, and he seemed to have recovered a little. He looked tired, and patted the back of Chen Laosi's hand lightly, his eyes flashed to Hou Liu who was kneeling on the ground and begging for mercy. Lonely, said in a low voice:

"Ahai, let him go!"

A Hai suddenly turned his head, his eyes were shocked, and the staring boss suddenly shouted, "Boss, can't you let him go?"

This is every time Ahai has opposed Yun Kuohai's command in his life.

"Let him go!"

Yun Kuohai turned around under the support of the fourth child, waved his back to several people, and said again.

His movements are so weak, and his voice is full of deep fatigue.

Chapter 606: Special talents in the bag

"Hey...yes!"

Ahai looked at the boss's background, raised his hand and wanted to say something, but he raised it up and dropped again, stomping helplessly.

He knows the boss's temper. Once he decides, he can't change it, even he can't. Except for the young lady, he knows that he is talking about uselessness.

Although he wanted to take Hou Liusheng alive, he had to endure it. He couldn't make the boss sad any more.

"Youngest, let him go!"

Ahai turned and said to Niu San, who had been pointing his gun at Hou Liu's back.

"Yes!"

Niu Sanpeng reluctantly agreed, then gritted his teeth and watched Liu Yi kicked him on his back and cursed bitterly: "It's cheap for you, get out!"

"what....."

Hou Liu let out a scream and fell to the ground, his right hand drew across the broken glass on the ground, and his palm was bloody.

But he didn't feel the pain anymore, turned up, licked his face and looked at everyone with a smile, but his blind eyes with a sharp knife were so terrifying.

After waiting for six, he performed a circle of salutes, then turned around and stumbled into the bushes.

Everyone looked at him, even Yun Kuohai turned his head and looked at his back, with deep sorrow and a trace of nostalgia in his eyes.

He is raising these nine eagles as children! Didn't you think that Yingzai would grow up and kill the master?

Suddenly a black sharp arrow suddenly appeared in everyone's field of vision, and it shot into the back of Hou Liu who was fleeing hastily like lightning.

"Swish..."

At this time, there was a scream in the air, showing how fast its speed was, far exceeding the wind speed, and the scream came after the arrow was shot six times.

"what....."

Hou Liu made a scream, and the whole person was driven by the powerful force of the arrow to fly, and he was nailed to the wall of a building.

Everyone was shocked by the scene in front of them. Seeing Hou Liu who was pierced by a sharp arrow on the wall, spurting blood and twitching, everyone was stupid.

After a full ten seconds, everyone recovered and turned to look in the direction of the sharp arrow.

Han Ming!

The only person in the court was Han Ming with a bow and arrow. He was bowing ahead of time. He looked at the results of his arrow with a lonely expression. It seemed to be a simple and common thing, with a lazy smile on the corner of his mouth.

"you....."

Yun Kuohai looked at Hou Liu, who was twitching constantly on the wall, with a trace of unbearable expression on his face. He looked at Han Ming and was a little dissatisfied. He just wanted to ask, but he was caught by Chen Laosi beside him.

Upon hearing the sound, Han Ming's smile disappeared suddenly, and his sharp eyes swept over.

What kind of eyes are they cold and ruthless, seeming to be looking at a dead thing, empty without a trace of emotion.

Yun Kuohai several people suddenly felt as if they had fallen into an ice sea, their souls seemed to be frozen, and their bodies trembled involuntarily.

The scene condensed at once, and Yun Kuohai didn't even dare to let out the atmosphere. They were afraid that they would cause dissatisfaction with Han Ming.

At this time, Ahai knew how ridiculous the murderous aura he had previously acted for. This is murderous, which can freeze the soul and make people lose the courage to resist.

"Cut! Boring!"

Just as Yun Kuohai seemed to be waiting for the sentence, Han Ming suddenly murmured, and the lazy smile appeared on his face again. He turned to join Yue Lie and Daniel in the ranks of the corpses of the mutant giant dog, not at all. Look at everyone.

"call!"

A few people let out a long breath, and their holding hearts were also let go, but their eyes looked at Han Ming with fear.

It was Yun Mengsi, who was holding Gina's palm and loosened, but his small face became paler, and there was cold sweat on his forehead.

"Brother Yun, please forgive me, I will clear the door for you!"

Di Ping, who had been silent at this time, said suddenly.

"Town Lord, I made you laugh"

Yun Kuohai finally calmed down, looking at Di Ping with an awkward expression.

Chapter 607: There are also lovers in the last days

"Traitor, I have never been soft-hearted. There is only one way for those who dare to betray me, and that is death. Brother Yun's heart is too soft. I think you can't make up your mind, so I will solve it for you!"

Di Ping's eyes swept across Yun Kuohai and everyone said indifferently.

Everyone in the court turned their heads and looked at Di Ping who was smiling indifferently, and suddenly felt a cold air rushing from the tail to the top door, and couldn't help but excite.

Yun Kuohai's heart was tumbling, this young man was so domineering, and he was even more domineering than Hades who would decide life and death in a simple sentence.

He also heard it. Di Ping was warning everyone to betray him, otherwise this would be the end.

This hand kills the chicken and respects the monkey to play beautifully. It needs to be ruthless, strong, strong, and scheming. Such young people are terrible, what evil is it?

From there?

How did it grow so big?

Di Ping didn't know Yun Kuohai's inner controversy. If he knew, he might slap this old guy to death with his palm, dare to say that he was a monster?

Do you dare to curse yourself for not growing up?

I really don't know how the dead words are written?

These giant wolves are better than ordinary mutant dogs. Although they were shot down by a few people, some of them did not die, and many were still struggling. Yue Lie went up and slashed all with one sword.

This is after a foot addiction, Yue Lie excitedly licked his lips, while cutting off the head of the giant wolf to look for the crystal nucleus inside. All this fell in the eyes of Yun Kuohai several people, and suddenly felt a tumbling in his stomach, almost Spit it out.

At this time, Yue Lie and Han Ming are already in the same category. Who are these people?

One is more ***** and terrifying, and Yun Kuohai regrets a bit at this time. Is it a mistake to join this team?

Compared with them, I was so kind and innocent, like a little girl in a kindergarten.

Han Ming, Yue Lie, and Daniel moved together to collect the nuclei of the crystal nucleus, peeling the skin, and cutting the belly. It was very busy for a while.

However, the actions of the few people were very quick, and in a short while, thirteen giant wolves were cut into large wool sheep, piled up in a big pile.

So in the eyes of everyone's surprise, Di Ping waved his hand and a dozen giant wolves disappeared.

Although everyone was curious like a cat scratching his heart, no one dared to ask, and could only observe Di Ping with his eyes, as if he wanted to see where he hid the meat.

You know this has tens of thousands of catties of meat?

These giant wolves also have to weigh more than 1,000 catties, especially the wolf, with its huge size, it can weigh more than 3,000 catties.

At this time, Di Ping's backpack was full of meat, with only the first two mutant pigs, and now 13 giant wolves, fifty cubic meters of space is said to be large, but in fact it is not much.

There were some Di Ping's own objects in it, plus so much more mutant wolf meat, the space became crowded, and it was obviously not enough.

At this time, Di Ping thought a little greedy, if there were one hundred cubic meters or one thousand cubic meters, how good would it be?

"Brother Yun, this place is not a long-stay place, let's find a place to rest!"

After collecting the mutant wolf meat, Di Ping walked to Yun Kuohai and said.

Yun Kuohai nodded and said: "Good! Everything is arranged by the city owner!"

Does he have an opinion? I am now the meat on the pallet, and since I have taken refuge in others, I will obey others' orders.

Han Ming Yuelie re searched the road ahead, and the group quickly left the place, looking for a place to rest.

They didn't know that as soon as their front feet were walking, the strong ***** breath attracted countless mutant animals nearby.

In a short while, dozens of mutant animals of various kinds gathered at this time. I don't know where they are hiding, as if they suddenly appeared.

Dozens of mutant animals began to scramble for the internal organs of the mutant giant wolves that were left behind.

Chapter 608: There is always a reason for thinking about loyalty

This is a relatively high-end hotel in Yixian County. The decoration is extremely exquisite. It is magnificent and has eight floors. It seems that it is only three-star or higher.

The sun is already westward, and the sky will be dark even if you find a boat and want to cross the river. It is too short to find a place to stay overnight after crossing the river.

Di Ping decided to rest here at night and will leave early tomorrow morning.

Han Ming, Yue Lie, and Daniel were sent out by him to find a speedboat to prepare for crossing the river tomorrow.

This is a presidential suite on the eighth floor of the top floor. Di Ping sat on the sofa and looked at the scenery outside the window in a daze. Except for Han Ming who went out, the rest were in this room.

In order to prevent accidents, Di Ping did not dare to let a few people live separately. You must know that mutant cats are pervasive. If they attack a few ordinary people, they will not be able to resist.

Fortunately, this room is relatively large, divided into internal and external rooms, and there is also a mahjong room with a total area of 200 square meters. These people living here are not too crowded.

Yun Kuohai was sitting on the sofa, smoking a cigarette silently, dazedly not knowing what he was thinking.

It's no wonder that everything that happened today has had too much impact on him. Brother casualties, and the betrayal of his subordinates all dealt a severe blow to him, making his will a little depressed.

Yun Mengsi was weakly leaning on the sofa, with a pair of almond-like winking eyes, and from time to time he tended to Di Ping, who had been sitting in front of the window looking at the scenery outside, with a soft smile on his face, wondering if he was thinking about something. what.

This scene was all seen by Ahai, who was sitting cross-legged on the ground and resting with Niu San and Lao Si, and suddenly a trace of anger and unwilling flashed in his eyes.

But when his eyes drifted to the admirable figure, the unwillingness in his eyes quickly faded, and a trace of darkness flashed through, and he slowly lowered his head.

He knew that he had no chance, the young lady's eyes hadn't left the man's body much, and he was too familiar with the expression in the eyes.

Because he always looked at him silently behind Yun Mengsi with such eyes.

In this scene, there is another person in his eyes, that is Gina.

However, she could only pouting her mouth and glared at Yun Mengsi angrily, but afterwards she sat down on the sofa and sulked silently.

The master's thoughts are something she can't control. She usually plays tricks, but she doesn't dare to think about it.

Angela looked at Gina and almost laughed. She knew Gina's thoughts, but in fact, she was the owner of everything that became a follower, let alone feelings.

Although she also likes this very handsome, gentle, caring, and kind master, she knows respect and inferiority better than Gina.

You can usually think about it, but you can't be willful. The owner is good to you but you can't be spoiled by it and forget your identity. This will cause problems.

She usually corrects her thoughts very much, and never reveals it. Gina is young and does not have a deep understanding of this. Recently, some signs have gradually emerged.

"Gina!"

Angela touched Gina lightly, and shook her head with a serious expression looking at her.

"I know!"

Gina pursed her mouth and looked at Angela suspiciously. When she saw the warning sign in her eyes, Gina suddenly trembled, her face turned pale, her eyes quickly faded, and after a while, she looked at Angela nodded hard.

Angela held Gina's little hand with a bit of heartache. At this time, she could feel the pain in Gina's heart and fall in love with her master. This is a happy, luxurious, and dangerous follower.

Chapter 609: Tiger Spirit's practice has changed

At this moment Di Pingna knew the mental activities of the people in the court, although his eyes were staring outside.

In fact, my heart is burning like fire. I have been out for two days, but I haven't gotten home yet. A big river is blocking the road ahead. There are still two hundred kilometers. When will I get home.

He has a strong feeling that the road below will not be so smooth.

"Ahem!"

At this moment, Yun Mengsi coughed slightly weakly, and then he pulled Di Ping back from his contemplation.

"Miss Yun, how do you feel the injury?"

Di Ping took a deep look at Yun Mengsi and asked softly.

"I...I'm fine!"

Yun Mengsi took Di Ping's apricot eye and said irritably.

The hidden meaning is that you still hurt me?

But even she herself didn't feel that acting like a baby in her words meant far more than complaining.

Di Ping touched his nose awkwardly. Yun Mengsi's injury was indeed related to him. He turned his gaze to Angela and said, "Angela, you can heal Miss Yun's injury!"

"Master, you have chosen the wrong person. I am not the best choice to treat her injury!"

Angela did not stand up immediately, but with a mysterious smile, she gestured to Gina who was sitting next to her with her eyes.

Seeing Angela winking her eyebrows, Gina's eyes kept drifting to the side, Di Ping, who was originally puzzled, immediately understood.

It was only then that he realized that Angela's healing effect on injuries was stronger than Gina's, but Gina's calming effect was stronger than Angela's treatment of mental power.

Yunmengsi is the damage caused by mental energy backlash, this is the mental injury, and Gina's concentration and calm healing effect is much better.

"Gina, should you help Miss Yun treat it!"

Di Ping looked at Gina and asked in a rather quizzical way.

He knew that Gina did not catch a cold with Yun Mengsi, and several cold snorts showed her attitude towards her, which made Di Ping a little bit uncomfortable.

"It's the master!"

Gina called Di Ping unexpectedly and stood up in a very obedient response, with no feeling of reluctance on her expression.

Di Ping stared blankly at Gina, who was smiling at this time. He didn't understand why this girl suddenly changed, and she changed so quickly. Before, she was grimace and grimace, but at this time she was willing to give Di Ping was confused by his healing.

"Sister Laugina!"

Yun Mengsi's little mouth was very sweet, and he quickly thanked Gina.

She was also a little surprised. Before, she could feel that it came from this secret girl's dismantling her, but she didn't expect that she was willing to treat herself. .

"You're welcome, thank you Master if you want to!"

Gina showed an extremely kind attitude at this time, and looked at Yun Mengsi with a slight smile, without a trace of force in her smile.

Di Ping nodded secretly, although he didn't know why Gina suddenly changed, but Gina at this time undoubtedly made him very comfortable.

Angela saw the joy in Di Ping's eyes, and she secretly relieved, knowing that Gina had passed the test, and it did not arouse Di Ping's dissatisfaction.

In fact, Angela really thinks too much. Although Gina rejected Yunmengsi before, it didn't matter to Di Ping. He felt very normal. Everyone has their own likes and dislikes. Gina is no exception. There is flesh and blood, and there is a sense of reality.

Why should he not like it?

Angela and the others are not human beings living on earth after all, their world is strict, and they abide by their duties and dare not go beyond one step. It is normal to have such an idea.

Gina stood up and walked to Yun Mengsi's side. Yun Kuohai heard that he was treating his daughter's injuries at this time, so he quickly moved aside for fear that he would affect Gina's treatment.

Chapter 610: Super jump strength improvement

Once again, the magical technique shocked Yun Kuohai and the others, and several people watched in surprise at the crystal ball on the top of Gina's staff.

A strange wave of energy was generated in the space, and countless light spots quickly condensed into a dazzling white light.

Gina lightly tapped the staff to Yun Mengsi's chest, and the white light seemed to be the swallows who had found their home, returning home one after another, pouring into Yun Mengsi's chest.

The white light disappeared, and Yun Mengsi's original pale complexion quickly became ruddy, and the original wilting expression quickly changed to spirit. The misty eyes became brighter and brighter, with a pair of surprises. Looking at Gina with an expression.

"Thank you so much Sister Gina!"

A few minutes later, Yun Mengsi jumped up from the sofa in his previous weak state, with an eager smile on his face, taking Gina's hand in sincere thanks.

As soon as Yun Mengsi jumped up, her perfect figure was able to show the whole picture, the curve was full and round, the white eyes flashing piercingly exposed, the manners are endless.

A pair of fox and apricot eyes became a beautiful crescent, and the slightly opened plump red lips were as full and attractive as fresh and tender fruits, which made people want to take a bite. The taste must be sweet and delicious.

.

Di Ping's heart jumped abruptly, a rush of heat from his lower abdomen rushed towards the door, and his heart fluctuated strongly, burning like a fire, and like the tender teeth in spring.

After a few breaths, he suppressed the throbbing in his heart.

The mentality returned to calm, Di Ping heard a gasp, and then looked over, only Niu San, the fourth and fourth two were staring at Yun Mengsi obsessively, a fire of desire fluttering in his eyes.

At this moment, Ahai stared at Yun Mengsi blankly, the fascination in his eyes was about to disappear.

Di Ping glanced at Ahai, then at Yun Mengsi, shook his head imperceptibly, and sighed inwardly. It's really charming, but I'm afraid it's Luo Hua deliberately flowing water and ruthless!

Yun Mengsi quickly improved under Gina's treatment. Although the mental damage did not heal so quickly, the mental state was much better, the injuries on his body had been cured, and the whole person became lively.

This woman is not only as beautiful as a flower, but also as shrewd as a fox. In a short while, she has become a sister of Gina. She is already an old friend who feels good and seems to have known each other for a long time.

Yun Mengsi interceded carefully, how could Gina and Angela, two pure girls like a piece of paper, be her opponents.

It is Di Ping who feels very difficult to deal with, and this woman has an almost enchanting instinct to grasp the human heart.

In addition, she has awakened her special talents, which made her feel like a fish in water, and maximized her physical abilities.

Di Ping was also wary of her because of her skill, and she stayed away, fearing that she could see through his mind at any time.

However, at the second encounter, Di Ping felt that he was too sensitive. With this female talent, she would not be too bad anywhere. Her talent was of great use.

It would be a pity if it was lost. Since it happened, there is no reason to let it go.

When Yun Mengsi got out of the car, he felt that this woman was unusual. There was always a peculiar energy lingering around his body, which made him confused. At the time, he ignored it. Later he was attacked. He used his exploration skills to understand Her talent.

"Yunlinsi, race: human race, rank: first rank, potential: a rank, talent skill: charm, skill: none"

This was the message Yunmengsi showed at the time. Not only was it a grade A talent, but also the awakening talent ability was extremely special. This talent paired with her natural coquettishness, it was just as powerful as a tiger.

As soon as Di Ping used his exploration skills, he knew that the singular energy that fluctuated that he had just seen should be mental power.

This charm is a kind of spiritual power.

Although he knew that she had this talent, he didn't care. He didn't want to dare to use this skill on himself as soon as he met this girl. This made him very annoyed, and he was irritated with her, and he would be angry and drive them away.
