

Doomsday 67

Chapter 67: Eager pace

Di Ping was taken aback. He was a bit disgusting at first. He watched Yue Lie rush towards him and hurriedly flashed aside. He wanted to let such a person hug him, otherwise he wouldn't be disgusting?

"What are you doing!"

Di Ping gave a low drink and looked at Yue Lie warily. His complexion was already a little uncomfortable. The sword in his hand was raised, and Gina stood still, with a palm extending out of his robe, with The slight fluctuations that could not be detected without paying attention, staring at the two Yue Lie closely, seemed to be ready to take action at any time, and the atmosphere immediately became tense.

"Uh, uh... Don't get me wrong, don't get me wrong!"

Yue Lie seemed to feel that the atmosphere was not right, and he woke up by mistake, realizing that he was too excited just now, and hurriedly waved his hands to Di Ping with a very anxious expression.

"Lao Lie, what are you doing?"

At this moment, Liu Han also reacted and ran over in a hurry, grabbed Yue Lie, and asked with concern, his eyes still flicking toward Di Ping from time to time.

"Hero, please save the people in the gathering place? Save my girlfriend! Please!"

Yue Lie ignored Liu Han's pulling, and fought to get rid of Liu Han. He knelt on his knees with a thump, tears flickering in his eyes, and he looked at Di Ping with excitement, begging.

"Hero, we beg you, save his girlfriend? You must be so powerful?"

Only then did Liu Han understand why Yue Lie reacted so fiercely. Looking at the brother who was kneeling on the ground who kept begging Di Ping, his eyes immediately turned red, and he knelt down to ask for help with a puff.

"You guys get up?"

Only then did Di Ping understand why Yue Lie's eyes were so eager to look at him. It turned out that he wanted to save his girlfriend and made him misunderstand that this guy is like Long Yang! So he touched his nose a little awkwardly, and then he stepped forward and helped them up.

"Hero, do you really agree to save people?"

When the two saw Di Ping coming to help themselves, they were overjoyed and looked at Di Ping excitedly and asked.

"Yes! I promised!"

Di Ping looked at the excited two with a smile.

"thanks, thanks!"

The two immediately stood up with excitement, pulling Di Ping to thank them again and again.

"Okay! Don't thank you, lead the way!"

Di Ping watched the endless posture and interrupted them quickly.

"Oh! Yes, yes, let's go ahead, Lao Liu!"

At this moment, Yue Lie was extremely surprised, touched his tears, nodded repeatedly, got up from the ground and pulled Liu Han forward.

Di Ping motioned to Gina to follow, without looking at the mutant dogs on the ground, and then quickly walked to the two of them and walked side by side with them. Although just now he said that they should lead the way, he would not really let them People are at the forefront. If there is a sneak attack by mutant animals, the two people will be in danger, so they will follow.

The three were walking and talking. Di Ping has been inquiring about the situation in the base, so it is always useful to inquire as much as possible and collect as much as possible. During the chat, I learned that Yue Lie and Liu Han and several classmates were Trapped in the base, among them is his girlfriend.

They were originally university students. They came out together to play together. There was a classmate's birthday. They went to this classmate's home to play together, and this classmate's home was near the provincial government. But the end of the world came and they were also trapped here. Fortunately, this classmate The family's conditions were good. My father was a city official. He took them to join the retreating army when he got the news of the government's withdrawal. Who would have thought that when the mutant crocodile was encountered, the army was washed away, and in the end he was lucky not to be killed. A group of people hid in this base.

After the al Qaeda search team, everyone did not eat, so he and Liu Han joined the search team to find some food back for everyone to eat, while his girlfriend stayed at the base with three or four other classmates, just This time there was an accident. The two were trapped outside and couldn't get into the base. Yue Lie was very worried about his girlfriend, knowing that the base is not safe, especially for a beautiful woman.

They are no longer pure students in the past. These days in the last days, they have seen too much cruelty in the world. They know very well what would happen to their girlfriends in the base without food if they waited for someone to return. Things.

Yue Lie was very anxious at times. He stepped quickly. He wanted to run. He ignored the danger. Di Ping saw that he couldn't go on like this. If he walked so fast, he didn't rush to eliminate the safety on the road at all. Everyone is brought into danger.

"Yue Lie! Stop!"

Di Ping shouted in a low voice. The two people, Yue Lie and Liu Han, stopped when they heard Di Ping's low voice. They looked back at Di Ping with some doubts. Di Ping looked at them and said solemnly, "Yue Lie, you want Calm down, there is a lot of crisis on this road. If you don't want to die, but you still want to save your girlfriend, give me peace of mind."

"Brother Di! I...I"

Yue Lie seemed unwilling to hear Di Ping's words, but in the end he lowered his head in Di Ping's stern eyes, with a trace of anxiety on his face.

In the conversation, they already knew that this young man was Di Ping, so the two called Di Ping as Di Ge. Yue Lie was too anxious to forget the danger for a while. Now Di Ping severely criticized him and woke up immediately. It's all unwilling.

"Okay, life is yours, if life is gone, let alone save others!"

Di Ping watched them calmly and said slowly.

"Thank you Dige!" The two also realized their mistakes, and when they heard Di Ping's words, they hurriedly said in unison, "We must pay attention, we are not here anymore!"
