

## Doomsday 671

Chapter 671: The anger has started from my heart

Why is Yun Kuohai frightened?

This was because he saw that three combat team members had surrounded themselves with weapons in advance, staring at Yun Mengsi obsessively with lustful eyes.

Some combat team members couldn't resist Yun Mengsi's temptation and moved badly.

This is also very understandable. The collapse of the order in the last days has loosened the restraints of many people's behaviors, and they can no longer suppress the evil thoughts in their hearts.

"Wang Xuming! What are you doing?"

At this time, the squad leader of this squad had woke up from the surprise. When he saw the actions of the three players, he realized that it was wrong and hurriedly shouted.

His violent shout awakened the three of them. Although he didn't want to, he stopped. Among them, a thin middle-aged man named Wang Xuming turned his head and looked at his face with a sinister smile.

"Captain! These people are of unknown origin. They must be in the same group with that group of people. I think they are always carefully discussing what bad ideas they must be discussing. Why should we try?"

"Don't be foolish! These people were brought by the city owner?"

The team leader shouted with a deep face.

"Captain, are they lying to us? How could they have brought it back from the city owner? This is a big flag to make tiger skins? I think it is still a trial to save the city owner to blame!"

Wang Xuming smiled darkly, staring at Yun Mengsi closely, not paying attention to the captain's scolding, but went on walking towards Yun Mengsi with an indifferent expression.

"You stand still for me. You have to wait for the city lord to decide whether it is true or not. You just need to keep your duties. What are you worrying about. Do you think about you as I don't know?"

The team leader stood up with a solemn expression and yelled.

"Captain! Since that's all, I'll say it straight. Brothers have worked so hard for so long, and the city director's strict prohibition from coming to the base, we listened, but these people are not from the base, let the brothers relax Isn't it OK?"

Wang Xuming stopped and looked back at the team leader's eyebrows, his tone of displeasure.

"The city lord has a rule not to bully women and children at will. This is not just for the inside of the base, but also for outsiders. You can't mess around, or don't blame me for not being affectionate!"

The team leader's eyes burst into light, and he stared at Wang Xuming with a serious expression and shouted.

"Why? Wei Zhongkai, you really want to control me. Calling you the captain is just to save you face. In fact, you are not counted as a fart to me. Today, I am going to play with this woman, so dare you to try!"

Wang Xuming's face was cold, his eyes flashed with a strong killing intent, and he looked at Wei Zhongkai with disdain.

"Dare you! Do you want to ask me if I agree with the knife in my hand?"

Wei Zhongkai was also irritated by Wang Xuming's attitude, staring at him with the knife in his hand and shouting coldly.

"Yell! This good old man dared to use his sword too, Wei Zhongkai called you the captain, you really consider yourself to be a green onion, so stay cool!"

Wang Xuming looked at Wei Zhongkai's mouth in anger and smiled contemptuously.

Then I saw Wang Xuming beckoning. Five of the ten team members walked directly to Wang Xuming's side and looked at Wei Zhongkai with disdain.

"you guys?"

Wei Zhongkai looked at this scene in a daze, when this Wang Xuming had already emptied his team, and this time he took away most of his team members.

A small team of ten people, and six people on the opposite side, but only four people on his side.

This caused him to chill in his back. There are so many people betrayed by his own brothers, and he usually takes good care of them one by one. How can he betray?

Wei Zhongkai couldn't figure it out, and he felt sad.

This is the sudden outbreak of conflict today, otherwise this factor may kill you at the moment of crisis.

"team leader!"

At this time, there were three combat team members. Seeing the situation here, they were taken aback for a moment, but quickly stood beside Wei Zhongkai with their weapons, and glared at the opposite six.

Chapter 672: Pretty and charming

"Do you want to rebel? Aren't you afraid that the city lord knows to punish you?"

Wei Zhongkai's expression was extremely ugly, and he glared at Wang Xuming and his party and shouted angrily.

"Wei Zhongkai, don't give us an accusation. We are a rebellion. We are the villains who share the worries of the city lord and solve the bad people who have mixed into the base. The city lord will reward us, ah...haha..."

Wang Xuming looked at Wei Zhongkai, who was furious and depraved, with a mocking expression on his face, and he laughed happily.

The combat team members standing with him also gave Wei Zhongkai and his party an arrogant smile.

"This person, the city lord is punished, he can see the city lord saying, who doesn't know that our brother Ming is a cron of the captain, he still wants to sue, hehe dreaming!"

"you guys....."

Wei Zhongkai's anger surged, his eyes were splitting and angrily pointed at a few people, but he couldn't say a word.

"Wei Zhongkai, do you see the current form?"

Wang Xuming saw a triumphant smile on Wei Zhongkai's face, who was anxious and frustrated, and said, "Well, as long as you are willing to do it with me, I will give the captain to me back and leave a little bit of this soup for you. Brothers eat the rest How about letting you try it?"

"you guys....."

Wei Zhongkai only felt that blood was surging up, and he couldn't get out of his breath when his chest was stuffy. He stomped bitterly: "I'll go to the city lord to reason!"

"Haha! He still went to find the city lord? Ah! Haha, can you see it, right?"

Wang Xuming slapped his belly with a smile as if looking at a fool, while pointing at Wei Zhongkai and teasing with the soldiers around him.

"That's right! As your own general dish? How could the city lord see him!"

A group of teams looked at Wei Zhongkai jokingly.

"Once the city lord is held accountable, whoever of you will bear it, Wang Xuming, don't be foolish!"

Wei Zhongkai still did not give up, refused to give up, and persuaded Wang Xuming with earnest words.

The five combat team members who stood with Wang Xuming heard Wei Zhongkai mention the city lord, and their eyes flashed with fear, and their steps began to hesitate.

"Bah! If you want to be a hero yourself, don't pull up our brother, this ghost last days, who knows how long you can live! Our brother is now drunk and drunk now, let him worry about tomorrow, the city lord has four beauties Not greedy, but I can't help my brothers to enjoy it, right?"

When Wang Xuming saw this, he was shocked and hurriedly shouted.

Moreover, his voice became louder and louder as he talked, and in a short while he attracted a large group of people. These were basically combat crews. These people didn't understand what was going on. They thought there was a conflict between the two parties.

But Wang Xuming, seeing so many people, didn't care at all, as if he had become a speaker, giving his speech to the people around him.

"Yes! The city lord has four beauties, don't you want your brothers to be happy too?"

He didn't know if the effect of his speech touched the onlookers, but the few players who hesitated just now became firm again and began to roar along.

"You...you..."

Wei Zhongkai trembled angrily, his lips were pursed and his face was pale, and he pointed his fingers at a few people and couldn't speak.

Today, he was lost. His team was divided into two factions, and he, the captain, was emptied.

He didn't expect that in this base, delicious food, adequate food, safe and admired, suddenly this group of people would be born.

And this group of people are so shameless, completely different from the people they knew before, as if these people have all changed in an instant, from the original cowardice, humble, pious, understanding of grace and courtesy, and suddenly become greedy and vicious!

The Yun Kuohai group of people who had been surrounded by the combat team was stunned, and they were bewildered by the scene before them.

Why are these people fighting suddenly?

And among this, only Yun Mengsi's mouth revealed a weird smile, so he could watch the scene in front of him in time.

"Wei Zhongkai! How about, how about giving me the captain? Don't worry, the benefits are definitely there. How about this beauty will give you a taste?"

Wang Xuming saw Wei Zhongkai's look hurriedly changed under his speech, and he looked frightened.

He became even more proud of himself, as if he had become the supreme master, becoming arrogant.

"Oh! How about you let me have a taste?"

Suddenly a cold voice came from outside the crowd.

Chapter 673: Jade beauty is not a bodhisattva

Hearing this voice, Wang Xuming trembled all over, his originally excited smile froze on his face.

Don't look at the joy he said just now, but in fact, there is still some fear of the city lord in his heart, but he doesn't know how it is being dazzled by desire.

He was used to being arrogant before the end of the world, and it was rare to be able to persist for a long time, especially after the overhead team leader Wei Zhongkai made him mad.

"City Lord!"

Everyone heard this voice, and immediately knew that it was the voice of the city lord. They turned around excitedly, looking at Di Ping with enthusiasm on their faces.

Di Ping Ping was expressionless, and walked into the crowd. Everyone gave way and looked at Di Ping, as if seeing a god.

In fact, Di Ping came here a while earlier.

As soon as he arrived at the castle square, he saw a circle of people here, originally thinking that Yun Kuohai was beaten by the combat team, and frightened him, and hurriedly rushed over.

Di Ping was about to separate the crowd, but he happened to hear Wang Xuming saying that the city lord had four beauties. He immediately stopped when he heard that it was related to him.

At this time, the onlookers were all paying attention to the excitement in the field, and they didn't even know that their castle owner was standing outside.

Only after Di Ping listened to the conversation between the two and the whispered comments of the onlookers did he know the reason.

Di Ping, who knew the reason, had anger in his eyes, and he felt chills in his heart as he watched the crowd watching as if watching a joke.

Although only part of this group of people are combat players, these people actually watched the conflict that their teammates were about to explode with cold eyes, and they didn't mean to come forward to persuade them.

Di Ping originally thought that the atmosphere in the base was already very good, especially seeing the scene of the confrontation between the group and Liu Minsheng's army, which made him believe that there was no problem in the base, and the people's aspirations were unmatched.

But he didn't expect that the combat team that gave him the most relief suddenly had so many problems.

How many people like Wang Xuming have mixed into the combat team, under their strict management, dare to do anything wrong, and even use means to raise their captain.

After this incident broke out, the inner ghost, this made Di Ping's back feel cold, originally thought he had completely controlled the base.

But I did not expect that there are so many problems.

The management of the base combat team, the formulation of laws and regulations, the character identification of combat members, and group ideological education and loyalty indoctrination must be resolved.

Now the management base cannot be as simple as the previous company. In the past, it was only necessary to design a good system and performance. Everything is said in this way, doing more and getting less.

But now the base management is much more complicated. It must take care of everyone's food, dress, accommodation, work, and also manage the quality of combat team personnel.

The combat team is equivalent to the army, and it is difficult to form cohesion and centripetal force in the form of a company, and it is not a problem that can be solved by simply arranging a few captains.

Thinking of this, Di Ping was a big head. He thought he was doing a good job, but he still drank it today.

Originally everything was just as he thought it was good, no wonder Wang Dequan was able to upset the base with only a hundred soldiers and almost changed hands.

If he didn't have the scroll of the return journey, then he would say that the base has become a ruin. With Wang Dequan's crazy energy, he would not leave Di Ping a brick and a brick.

There was a problem at the upper level, and the same problem at the lower level. It seems that the base needs a major change of blood.

Thinking of this, Di Ping burst into a cold light in his eyes.

Chapter 674: Woman scheming to deep under the sea

"Ah! City Lord, you can come..."

Wei Zhongkai, who was originally angry, heard the crowd chanting the city lord, so he hurriedly looked back. When he saw Di Ping slowly walking into the crowd, his eyes suddenly turned red.

It seems that the aggrieved child trembles when he sees his relatives.

"The City Lord... The City Lord..."

Standing with Wei Zhongkai also looked at Di Ping excitedly and shouted.

"City Lord!"

Wang Xuming also reacted at this time, and hurriedly resisted the panic in his heart and said to Di Pingping.

And all the combat team members around him finally reacted, shouting the city lord one after another, but their voices trembled a little.

Di Ping did not respond, and slowly walked into the center of the court with a calm expression, stood in front of Wei Zhongkai, and looked at him quietly.

For a time, the space has condensed, and everyone is struggling to breathe.

When Wang Xuming saw this scene, his heart suddenly lightened. It seemed that the city lord was dissatisfied with Wei Zhongkai, and a trace of complacency was secretly reflected in his heart.

Wei Zhongkai's heart fluttered when Di Ping saw him. The majesty of the city lord made him unable to bear any resistance, and he was secretly anxious. Could it be that the city lord really didn't know these people and was angry with him.

"You guys did a great job!"

After Wei Zhongkai was stared at by Di Ping for five or six seconds, his body began to tremble. When he was already a little unstable and was about to fall down, Di Ping nodded slightly towards him.

Wei Zhongkai's trembling body stopped shaking and raised his eyes to look at Di Ping, his eyes were deeply moved.

"City Lord! I..."

Wei Zhongkai was about to say something, but was interrupted by Di Ping waved his hand. He slowly turned to look at Wang Xuming and his party.

"what!"

The cold smile on Wang Xuming's face, who was originally full of gloat, froze on his face, with a look of surprise.

The city owner praised them for their good work, doesn't it mean that they didn't do well?

Is this the irony of the city lord?

"Why didn't you answer my question?"

Di Ping looked at Wang Xuming and asked calmly.

His voice was calm, as calm as the waveless water surface of an ancient well, a piece of stagnant water, but it was this calm and terrifying tone that made Wang Xuming couldn't help but excite his soul.

"City Lord, these people said they were brought by the city lord. I think they must be spies who are about to take them for interrogation, but Wei Zhongkai has been blocking them. I suspect that they may be in the same group?"

Wang Xuming realized it with a rousing spirit. He couldn't come up with a good word. Then he would face something he didn't want to imagine, and he bit his teeth and decided to die hard.

"They were indeed brought by me. Why do you have an opinion?"

Di Ping said lightly.

"Haha...not dare...not dare..."

Wang Xuming waved his hand again and again with a dry smile.

"Humph! What do you dare not, you still want to insult this lady!"

Wei Zhongkai stepped forward and gritted his teeth while pointing at Wang Xuming.

"Wei Zhongkai, don't spit people, I just want to check if they have any problems and when did they insult her..."

Facing Wei Zhongkai's instructions, Wang Xuming suddenly pointed at him excitedly and cursed.

"We have so many people here, you still want to deny it! You also said that the city lord sits on the four beauties, now it's your turn to enjoy?"

Wei Zhongkai seemed to want to send out all the grievances just now, and he did not wait for Wang Xuming's voice to fall.

Chapter 675: Angry at the city lord for the beauty

"Is it all true?"

Di Ping looked at Wang Xuming calmly and asked.

"City Lord, Wei Zhongkai is avenging private revenge. He deliberately misinterpreted my meaning. He usually treats our team members harshly, and it is not pleasing to my eyes. The city owner does not believe you and ask these team members, see if it is not?"

A trace of panic flashed in Wang Xuming's eyes, but he immediately calmed down, and shouted at Wei Zhongkai with an expression on his face.

"is it?"

Di Ping looked at the group of players standing behind Wang Xuming and asked.

His voice was extremely flat, but the murderous intent hidden in his eyes became more and more vigorous. Those who knew him would know that he was extremely angry.

"Yes, it is!"

A group of players dodged under Di Ping's gaze, and finally nodded after hesitating.

"You...you spit people!"

Wei Zhongkai's bickering was obviously not Wang Xuming's opponent. He and a group of team members pointed out that he immediately provoked and shouted angrily.

Speaking of excitement, I can't wait to wave the steel knife in my hand and want to rush to cut Wang Xuming.

"City Lord, you see, this person is so irritable!"

Wang Xuming hid behind Di Ping, still shouting, but his eyes flashed with a sneer.

"City Lord! I..."

As soon as Wang Xuming mentioned the city lord, Wei Zhongkai, who was enraged, immediately shook his head. He stopped his movements, and his blood red eyes became clear because of his

anger. When he saw that he was rushing to Di Pinyang with a knife, his face was shocked. Fear, anxiously explained.

"No, you can withdraw!"

Di Ping smiled slightly and waved his hand to stop him from talking, but turned to look at Wang Xuming who was hiding behind him.

Although Wang Xuming's expression changed quickly, Di Ping still saw some triumphant sneers in his eyes.

A sneer flashed in Di Ping's heart. He stared at Wang Xuming and said: "I was outside just now, and it seems that I didn't hear that. Would you give me an explanation?"

"City lord! Heaven and earth conscience! What I said is true. You can ask them a few, how dare we deceive the city lord?"

Wang Xuming cried and expressed his loyalty to Di Ping with a sad expression, and pointed at the combat team around him again.

"Yes....."

The five combat team members who were with Wang Xuming had already lied once, and at this time, they were all in a straight line with Wang Xuming, and they would be able to support him if they were killed.

"Good! Good! Really good!"

The coldness in Di Ping's eyes was about to overflow, he no longer wanted to talk nonsense with these people, and the anger in his heart could not be suppressed.

Wang Xuming is not a fool. Di Ping's tone made his heart tight, and he felt that something was wrong, and he found that the coldness in the eyes of the city lord looking at him made him tremble.

"Everything is scattered, what are they all around here for?"

Just as Di Ping was preparing to deal with it, suddenly there was a burst of noise from the crowd, and his anger that was on the edge of the outbreak was suppressed.

The people he was waiting for should have come. He had to take a good look at how many problems the combat team had, otherwise, with his temperament, he would shoot Wang Xuming the villain to death with a slap.

Talking with him, he felt it was a shame.

"City Lord, what happened!"

The crowd dispersed, and a large group of people walked. Cheng Chao was walking in the front, followed by Han Zhongguo, Lu Guoliang and his party, as well as the team leader Zhang Liang and the third team leader Feng Ziming. Walking into the crowd with surprise, asked Di Ping puzzled.

Chapter 676: Suddenly furious and murder

"You are here just right! I'll introduce a few people to you!"

Di Ping nodded to several people, and then looked at the Yun Kuohai group of people who were standing not far away watching the developments.

As for Wang Xuming, who was already trembling, he didn't even look at it. In his eyes, he was already dead.

Although Di Ping didn't kill him, some people had something that had already touched his bottom line.

"Oh! Okay!"

With doubts, the group followed up with Di Ping

The people of Han Zhongguo were dumbfounded by Di Ping. They still don't know what happened, but looking at Di Ping's indifferent attitude, they knew that something bad might have happened.

It seems that things are not simple, otherwise, with Di Ping's peaceful personality, it is impossible to be so indifferent to them, and they just nodded when they met.

This is unique in the past, it seems that the city owner is very dissatisfied with their performance?

In fact, it is false to say that Di Ping has no objection to them. In this incident, the reaction and handling ability of a few people disappointed him. It is not as good as a woman like Liu Bingyu who has vision and courage.

Although she came back early and it was of little use for Liu Bingyu to organize the resistance of the masses, but she really organized people's hearts together and played a positive role in this incident.

Several people from Han Zhongguo walked past Wang Xuming, who was already shaking all over, and understood at once that the city lord's attitude might have been caused by this person, and for a while, several people had no good expressions on him.

Especially Han Zhongguo's face was sullen and snorted, and then he walked quickly, and then the remaining few people also gave him an ugly face and walked over.

When Wang Xuming saw this, his heart became colder, his body tremors more severely, and his legs began to tremble, almost unable to stand up.

"Captain..."

When he saw Feng Ziming walking at the end, Wang Xuming seemed to suddenly see hope. He looked at Feng Ziming hopefully, with pleading in his voice.

Feng Ziming's originally handsome jade face was also extremely unsightly at this time. He gave Wang Xuming a fierce look. Then he gave him a secret wink to make him feel safe and not irritable. Then he quickly followed. People in front.

"Mr. Yun, I'm sorry, the base has been delayed for a while due to some changes, so I'm so negligent!"

A smile finally appeared on Di Ping's face, and he walked quickly to Yun Kuohai, and stretched out his hand with an apologetic expression.

"The lord of the city is serious, and I am not a guest. How can I neglect!"

Yun Kuohai smiled boldly, not caring about the displeasure just now, took a few steps, smiled on his face, and held Di Ping's hand with both hands.

He was a little angry before, especially the Wang Xuming incident, which made him even more suspicious of this base, but at this time Di Ping actually came forward to express his apology, and all his unhappiness disappeared immediately.

"Haha! Brother Yun is open and bright, turning around to give Brother Yun a drink to be shocked!"

When Di Ping saw Yun Kuohai's expression as if he really didn't care, he was relieved, holding Yun Kuohai's hand more powerfully, and laughed enthusiastically.

"San Jiuyun is ashamed to accept it!"

Yun Kuohai was also a person who had been mixed for many years, and he did not postpone it. He accepted it with a smile.

"City Lord Yun, Mengsi is polite!"

At this time, Yunmeng Siyingying stepped forward, and her full curve was undoubtedly revealed by the shaking of her waist, and her gestures were all amorous. A pair of fox and charming eyes were scattered like electric foxes, and the hearts of the electric crowd were stirring.

The whole audience could hear the sound of swallowing saliva!

Chapter 677: Suddenly, the city lord is spared

It was at this moment that Di Ping looked at the pretty woman in front of him, and his heart moved, but his super mental power and control made him control extremely well.

With a glance, he found the appearance of a crowd of people around him, namely Han Zhongguo, Cheng Chao, and Lu Guoliang, who also looked eagerly, and shook his head slightly.

I have some sympathy for Wang Xuming's brutality, despite the fact that the base system forcibly wants to act on Yunlinsi.

But this does not mean that he is softened, and Wang Xuming is not affected.

This Wang Xuming has touched the bottom line in his heart, such a person must not stay, keeping it is definitely a curse.

"cough....."

Di Ping coughed heavily and reminded Han Zhongguo that he leaned slightly at Yun Mengsi and smiled and said, "Miss Yun, you are frightened. I am here to apologize!"

"Hehe! How does the city chief make amends for the little girl?"

Yun Mengsi's eyes flowed, and his fox eyes looked at Di Ping Yingying with a soft smile.

"Ahem..."

Di Ping coughed abruptly. This time he really coughed. He was burned by the heat in Yun Mengsi's eyes. He concealed his embarrassment while coughing. He felt the same headache when he looked at the fox-like woman in front of him. .

He had a feeling that the base was going to be lively, not only men but also women.

"Sisi! Don't be big or small, how can you talk to the lord like this!"

Yun Kuohai yanked Yunmengsi in a deep voice.

Yun Kuohai saw Di Ping's embarrassment, and he also saw the look of his daughter, which suddenly made him feel like he was about to lose a valuable item, and his eyes looked at Di Ping with some alertness.

"Oh, OK!"

Yun Mengsi obviously listened to his father's words, and responded with a small mouth full of displeasure.

"Haha! It's okay, nothing..."

Di Ping borrowed the donkey from Po and waved his hand with a dry smile. He didn't see the vigilance in Yun Kuohai's eyes, otherwise he would not be able to get up.

"Miss Yun, how do you think this matter should be handled?"

Since Yun Mengsi asked about apologizing, Di Ping did not evade, and directly handed over the initiative to Yun Mengsi.

"Ah! Ask me?"

Yun Mengsi's unhappy face immediately showed a surprise, she looked at Di Pingjiao and said.

"Yes! Since they offended you, it is naturally up to you to decide!"

Di Ping smiled slightly.

"Then I will....."

Yun Mengsi moved his eyes to Di Ping and looked at the sweat bead, staring at Wang Xuming who was looking here in panic, with a coquettish smile on his face and red lips lightly.

For a while, the whole space fell silent, everyone looked at her, and Wang Xuming's eyes were full of pleading, and he was about to cry.

Ahai, Niu San, and the fourth few people knew Yun Mengsi best. When they saw her smile, the three of them felt chills. They knew that this eldest lady was going to get angry again.

Don't look at Yun Mengsi, a fascinating elf beauty like a fox, but as expected, his killing far exceeds that of ordinary men.

Before the end of the world, because of her peerless appearance, she attracted a lot of coveting, and some of her strength was low, but there were also some who were stronger than Yun Kuohai.

However, as long as these people dare to move their minds, they will all be played around, and in the end they will be punished the most severely. There are those who have broken their lives, those who are in prison, and there are many others.

Therefore, even though she is just a beautiful woman, you think she is bullied. The three of Ahai have already silently mourned this Wang Xuming.

Chapter 678: Realize that anger refers to beauty

Wang Xuming looked at Yun Mengsi who was showing a charming smile to him, and suddenly there was a bad feeling in his heart, but in an instant this feeling was washed away by a kind of extreme excitement.

She smiled?

The beauty smiled at herself, so he was interesting to me?

At this time, Wang Xuming had only this thought in his heart, it seemed that everything in front of him had disappeared, only this beauty was smiling to himself, and the awe of the city lord in his heart quickly faded.

"This beauty is mine! It's mine... No one can take it away? Not even the city lord!"

Wang Xuming's breathing was rapid, his eyes surging with red light, his face began to become hideous, and his body gradually straightened up, let alone trembling.

Di Ping had already felt Wang Xuming's changes, but for him, no matter how Wang Xuming looked, he couldn't jump out of his palm, so he just turned his eyes to Yun Mengsi, waiting for her answer.

"Thank you, the lord of the city! Mengsi is grateful, but..."

Yunlin Sirou looked at Di Ping timidly, and stopped talking.

"Miss Yun, but it doesn't matter!"

Di Ping looked at Yun Mengsi with a gentle smile.

"Hey! The little girl wants to plead with the city lord, just let it go! I think he must have been unintentional!"

Yun Mengsi suddenly smiled together, showing a sad face, his eyes swept towards Wang Xuming and sighed.

Di Ping was taken aback. He didn't expect Yun Mengsi to let Wang Xuming go. This made him wonder what to do for a while. It seemed that the plot development was not right?

Yun Mengsi's sudden change made him confused for a while, but he always felt that something was wrong, but he couldn't think of something wrong for a while.

It's just that he didn't notice that when Yun Mengsi's eyes swept towards Wang Xuming, a strange red light flashed in his eyes suddenly, red light flashed in his black pupils, and he looked very strange.

At this time, Wang Xuming seemed to be suddenly ignited and exploded in an instant. He looked at Yun Mengsi who was insulted by a bully. Infinite flames suddenly surged in his eyes, as if he wanted to stand in Yunmeng. The bully who oppressed her in front of Si disappeared.

At this time, the identity of City Lord Di Ping had completely disappeared in his heart. This was his enemy, with the hatred of taking his wife and killing his father.

Wang Xuming gritted his teeth and stared at Di Ping with fierce anger and fierce eyes, clenching the weapon in his hand, but the last trace of fear in the bottom of his heart made him endure it and did not move.

Many people have seen this scene, but thought Wang Xuming was scared.

"Well, since Miss Yun has interceded, then I'm not going to pursue it..." Di Ping thought for a while, then suddenly lifted up to look at Wang Xuming and said: "But if you make a mistake, you will have to be punished, otherwise there will be no rules. The capital crime is exempt, but the living crime cannot be tolerated. He hit thirty army sticks, canceled all his duties, and sent to the labor team of the Construction Department to see the aftereffects!" Di Ping looked at Wang Xuming and said coldly: "Wang Xuming, can you take it?"

At this time, everyone looked at Wang Xuming, waiting for his answer, with a trace of pity in their eyes.

You must know that the conditions in the Diping combat team are the best, not to say that you are full, but not to be too good. Basically, there are mutant beast meat to eat every day, which shows how good the conditions are.

What about the labor team of the Construction Department?

The bases were all people who were punished last time. Not only were they inferior to others, but the food they ate was also a lot worse. It would be nice to be able to eat enough. As for eating mutant beast meat, that would be unnecessary.

"I'm not convinced!"

Suddenly, Wang Xuming was instantly ignited like gunpowder, and suddenly burst out, staring at Di Ping with blood-red eyes and roaring angrily.

Chapter 679: Beauty scheming like a bee

"what?"

"How dare he disobey the city lord's arrangement?"

"I think he must be crazy!"

"He is dead, and the city lord will definitely not bypass him!"

There was a burst of discussion in the crowd of onlookers, their eyes looked at Wang Xuming with anger, and some people had gritted their teeth and were eager to try to rush to teach this villain who dared to shout at the city lord.

And Di Ping turned slightly and looked at Wang Xuming indifferently. He was not as angry or angry as everyone expected, his eyes were hollow as if he was looking at a dead object.

"Wang Xuming, what do you want to do?"

Feng Ziming discovered that something was wrong at this time. He looked at Wang Xuming, who was already out of control, and immediately yelled.

The sweat beaded on Feng Ziming's forehead. Wang Xuming was his loyal subordinate. If he angered the city lord, he might even be implicated. How dare he neglect.

But now Wang Xuming is not even afraid of Di Ping, much less afraid of him. He doesn't even look at it, but he looks at Yun Mengsi with enthusiasm in his eyes.

At this moment, nothing in his eyes existed, as if the whole world was filled with Yun Mengsi's enchanting figure, and his tender and pitiful eyes had already attracted him deeply.

"Oh! Are you dissatisfied? I am very reasonable, tell me why you dissatisfied?"

The corner of Di Ping's mouth lifted a light smile, so he looked at Wang Xuming in his spare time.

"Di Ping, call you City Lord, you really thought it was it, why are you hitting my army baton? It's so comfortable for you to occupy four beauties, and you won't even let this one go? Male and female, you are not giving us a way to survive, you are a dictator, get out of power, you are not worthy to be the lord of the city!"

Wang Xuming screamed at Di Ping frantically, as if to vent all his grievances and dissatisfaction.

"Insane.....Insane.....This is insane..."

At this time, all the people in the court looked at Wang Xuming, who had changed their expressions like a madman, and their eyes were full of horror.

One by one, they started to retreat. It seemed that Wang Xuming's madness was completely contagious, so stay away from him.

"That's what you think?"

Di Ping didn't get angry because of Wang Xuming's accusations and rants, but just looked at him and asked.

"Yes! You are unpopular!"

Wang Xuming roared.

"You guys think so too?"

Di Ping looked at the people behind Wang Xuming and asked coldly.

"No, no...city...city lord, I...we...no..."

The five team members standing behind Wang Xuming swept Di Ping's eyes, and suddenly looked like a fertilized bunny, shook his head and waved back with a panic face, and even said incompletely in fear.

"You...what are you afraid of? Don't be afraid of him. We are crowded. As long as we speak in unison, we will be able to drive him down!"

When Wang Xuming saw the few people behind him backing in fear, he immediately stared at them with blood-red eyes and shouted angrily.

"You...you are crazy! Then...that's the city lord!"

One of the team members watched Wang Xuming pointing at Wang Xuming and cursing angrily, but he kept moving backwards, still trembling with horror.

They used to squeeze out Wei Chukai with Wang Xuming, but they didn't dare to face Di Ping. Di Ping was a god-like figure in the base, and even more so in the combat team. Who would dare to say that Di Ping is a crooked thing? Disabled.

But at this time, Wang Xuming actually dared to scold the city lord. If it weren't for the weird scene, maybe these team members had already rushed to kill the bastard.

How dare they stay with Wang Xuming? Isn't this what it means to die?

They all doubted that the usually shrewd Wang Xuming might be crazy.

Chapter 680: The city lord angers everyone

"Then die for me!"

Wang Xuming looked at the team member who was yelling at him, suddenly a hideous flash flashed in his eyes, he roared, and he slashed with a long knife in his hand.

"puff!"

The long knife slashed across like the wind, and the player scolding Wang Xuming, covering his neck with his hands, looked at him with an unbelievable face, his mouth was open, but there was no sound, blood quickly spurted out from the fingers like a fountain, Wang Xuming sprayed his face, coupled with the hideousness on his face, really like a devil.

The man staggered a few times, then took two steps back, his body fell soft, and blood quickly sprayed all over the ground.

"what!"

Everyone was taken aback by this scene and exclaimed, even Yun Mengsi did not expect that a trace of amazement flashed in his eyes.

Di Ping did not expect that Wang Xuming would suddenly go crazy and slash his teammates with a knife. When he saw that it was too late to move, he was five or six meters away from Wang Xuming. Wang Xuming's knife skills were very fast, and he wanted to stop him. It was too late to get down, so I just endured it again.

Di Ping had seen this team member in the outer circle before. This person is Wang Xuming's loyal loyalist, but he often satirized Wei Zhongkai. He was not a good bird, so he didn't want to save much.

There are more people who die in the last days, so I don't care about this one more!

This was not Di Ping Xinlang, he already felt that something went wrong in the base, and it would not be possible to cure it without strong medicine.

The players who fell in a pool of blood had their eyes wide open, with unwillingness and regret in their eyes, as well as the last trace of reluctance, as if they still had deep nostalgia for this world.

Just as everyone was shocked, Wang Xuming suddenly raised his long knife again, his eyes were blood-red and rushed towards the other players.

The four men who followed him were already scared at this time. Seeing Wang Xuming holding a knife like a gorefiend, rushing towards him, the legs trembled in shock and they couldn't walk straight.

What's more, there was a heat between the two streams, and a stream of heat flowed down from the crotch, but at this time, completely ignored, crying and shouting again and again with a face of horror.

"Wang Xuming, you are really crazy, don't stop!"

Feng Ziming calmed down, pointing to Wang Xuming with a look of shock and shouted.

At this moment, a strong hatred appeared on his face, and he wished to rush up and chop the \*\*\*\* egg. He couldn't do that even if he wanted to die.

Fengzi cried happily, this is life and death! And he has to bring his own rhythm, he can't wait to call his grandfather, as long as Wang Xuming can listen to him, stop.

Wang Xuming stopped, just when Feng Ziming showed joy and thought he obeyed his orders to stop.

"Little white face! You die for me too!"

Suddenly Wang Xuming turned his head, looking at Feng Ziming with blood-red eyes, and rushed towards Feng Ziming holding up the knife with a roar.

"you dare!"

Feng Ziming thought of this sudden change, and looked at Wang Xuming who suddenly turned to him and held a long knife like a devil walking out of a sea of blood. He was scared and his heart broke, and he backed away again and again. The original handsome face was pale.

"Captain!"

Suddenly, Wei Zhongkai, who was standing aside holding the knife all the time, rushed up with a violent shout, and waved the knife to stop Wang Xuming's long knife. The two knives collided with sparks and made a loud noise.

Wei Zhongkai and Wang Xuming were obviously similar. This hastily hit, but it was also blocked, and both took a step back.

At this time, Feng Ziming, who had withdrawn five or six steps in an extremely embarrassed manner, reacted, and Junxiu suddenly showed an anger on her face. He was actually forced to do this with a knife. When did he lose such a person?

"You all die to me!"

Wang Xuming took two steps back and rushed up again with a roar, like a madman, his face twisted into a ball.
