

## Doomsday 701

Chapter 701: Catch the ghost with doubts

"problem occurs?"

Cheng Chao Li Sheng suddenly changed his expression and exclaimed in surprise.

Hearing Lu Guoliang's shouts from the upper floor, Di Ping only felt his scalp explode. He was now most afraid of hearing something wrong.

Needless to say, it must have happened again. It must be no small thing to make Lu Guoliang such an old and anxious person so eager to see.

Di Ping stood up with a sharp spirit, the wine glass in his hand fell to the ground, and the wine spilled all over the floor, and he didn't notice it.

Recently, the base seems to have been unfavorable for the past few years, and things have continued, and waves of unrest have risen again, and he has been a little bit burnt.

At this time, the stairs made a thumping sound of rapid footsteps, and then a figure rushed down, running too fast, and even rushing out several steps even after going down the stairs.

"City..... the lord of the city.....out...something went wrong"

Lu Guoliang no longer looks calm and calm at this time. His hair is messy, his face is sweaty, and his gold glasses are also tilted to one side. He may be a short distance away, panting for breath, holding a piece of paper in his hand. , Looked at Di Ping and panted.

"What happened?"

Di Ping suppressed the throbbing in his heart and asked in a deep voice.

"me....."

Lu Guoliang stretched his waist with one hand, panting like a bellows, breathing too fast for him to speak, so he could only raise his hand and wave the paper.

"Counsel Lu give it to me!"

Cheng Chao quickly got up and rushed to Lu Guoliang, took the white paper from him, and trot to Di Ping Ping before he could see it, and handed it over.

Di Ping glanced at Lu Guoliang, then took the white paper from Cheng Chao's hand and shook his hand and unfolded it.

However, Di Ping only took a look, his face suddenly changed, his expression became extremely angry, he tried to endure the content on the white paper, and seemed to have endured it to the limit.

"Too much bullying!"

Di Ping yelled and smashed the blank paper in his hand on the bar. With a click, the bar instantly collapsed like a bubble.

"what!"

Di Ping's sudden action shocked Ning Nan, and the feared fragments of the bar hit her, but to her surprise, the bar seemed to be imprisoned in place, instantly shattered and there was no scene of fragments flying.

And something that surprised everyone even more, the white paper slowly fell, and it was not destroyed in the face of such a powerful force, and it was intact.

Bengquan's third layer of Jin, Hua Jin?

Di Ping was taken aback for a moment, and stared at the scene he had created.

He looked at his palm, and instantly understood what was going on. Unknowingly, he was extremely irritated just now and unconsciously used the third layer of Bengquan.

It's been a few days since he reached the peak of the second layer of dark energy, and on the third layer, he has been unable to touch the edge, as if the moon in the mirror, visible and untouchable, there is always a film blocking him.

But today's unintentional move actually allowed him to easily push the boxing power to the third level, which made his attack power increase again, which will become a stronger attack method in his hand than the crazy wave sword method.

But at this time, he didn't have the excitement of making a breakthrough in the exercises, and all his minds were occupied by the content on the paper.

"what happened?"

Ning Nan, Cheng Chao, and Li Sheng were all dumbfounded by Di Ping's sudden actions. I don't know why he was so angry.

The white paper slowly flew down, Ning Nan reached out and took it in his hand, looking at the content on it curiously!

"Ultimatum!"

Ning Nan exclaimed in surprise.

"what?"

Cheng Chao screamed in surprise.

"read out!"

The palm of anger has vented Di Ping's anger a lot, he sat down again, looked at Ning Nan and said lightly.

Chapter 702: Don't talk about the city lord's angry killing

"Oh!"

Ning Nan looked at Di Ping blankly, and then at the crowd. Only then did Zhang's gaze rest on the white paper again, and read every word.

"The ultimatum, through the decision of the Bianzhou Military Region and the Central Continent Provincial Government, issued an ultimatum to the city of asylum. The city of asylum set up an illegal armed organization to confront the government without the government's consent, and ignoring the military's persuasion to treat me extremely vicious. The army launched a surprise attack, resulting in a large number of deaths of soldiers and civilians."

After reading this, Ning Nan couldn't read it anymore, Liu frowned, and flicked the white paper angrily: "This is clearly inverting black and white!"

"Read on!"

Di Ping ignored the furious Ning Nan. After a while, he had completely calmed down, and his expression became calm again. He looked at Ning Nan and said softly.

"Humph!"

Ning Nan stomped angrily, and read again: "What is the crime of soldiers and civilians, but the city of refuge does not take into account the casualties, and brazenly acted on our rescue army. It is completely anti-national, anti-people, and anti-human. Our Bianzhou base will resolutely crack down on such a criminal organization and will never tolerate it!"

Ning Nan was gasping for breath while reading, but seeing Di Ping still looking at her calmly, she had to continue reading.

"However, based on humanitarianism, we will give you the last chance to release all military personnel, lay down their weapons, and hand over the bandit leader to surrender to the Bianzhou base within three days, waiting for the military to take off. If we resist to the end, we will send an army to completely wipe out the city of refuge!"

After Ning Nan read the content on the white paper, a thin layer of sweat appeared on her gorgeous pretty face. Although there were not many words on this piece of paper, it was murderous.

Only three days were given for the base to lay down its weapons and tie the bandit leader to the Bianzhou base, otherwise it would be completely wiped out.

Who is the bandit leader? Who else but Di Ping!

Ning Nan's body was trembling slightly. Those who came in peacetime, who didn't know the strength of the military, the Bianzhou base had more than 10,000 soldiers, sophisticated weapons, numerous artillery armors, and missile bases. Such a powerful force focused on the base. , The pressure on her is too much.

Not to mention her, even at this time Li Sheng, Cheng Chao, and Lu Guoliang, who knew the news, were all shaking slightly.

The Bianzhou base is a big mountain pressed tightly on top of everyone's heads. If you say you are not afraid of it, it is fake, and the three of them are a little pale.

As soon as Di Ping saw the content, he was also scared. The City of Sanctuary had just started, but was stared at by such a behemoth, not dead or body, which had to make him scared.

But his anger was more than fear, and he calmed down after venting just now.

It is impossible for him to surrender. The Bianzhou base is powerful, but his Di Ping is not muddled. If he really provokes him, he will directly recruit all the heroes, and then kill the army in the forest. in.

The army is strong, and under the assassination of dozens of recruited heroes, he does not believe that these soldiers are not afraid of death.

Of course, this is the last step. Before that time, he didn't want to waste the recruitment quota.

Di Ping's brain was regaining calm thinking quickly. The base had just undergone a major change. Once the discs from the Bianzhou base were released, it would definitely cause instability. He was thinking about the countermeasures.

"City Lord, they are slander, we have to appeal!"

Ning Nan's voice trembled, watching Di Ping exclaimed anxiously.

"Ha ha!"

Di Ping suddenly became happy. A woman is innocent. Although Ning Nan is good and smart, his thinking is still in peacetime. He looked at Ning Nan and smiled and said, "Appeal! Who are you going to appeal to?"

Chapter 703: A moment of heaven and hell

"I....."

As soon as Ning Nan uttered a word, she was stunned.

Ning Nan's finger became weak, and the white paper in his hand slipped quietly and fell to the ground.

Yeah!

Who to appeal to? It is the end of the world, traffic is blocked, and information is blocked. The Bianzhou military and the provincial government can be said to be the largest authority around the country.

Also appeal to them? Isn't that taking off your pants and farting?

Thinking of this, Ning Nan's usually glamorous cheeks flew rosy, she was so embarrassed, she gave Di Ping an angry look.

The dark blame Di Ping knew clearly, and made a fool of himself and made him say ugly in front of everyone, but the anger in her white eyes was like a little daughter-in-law acting like a baby to her husband.

She herself realized that the behavior just now was not appropriate, and her face became even more red. She was a little restless in her standing for a while, and she was a little restrained, like a frightened little girl.

However, Di Ping was not in the mood to care about Ning Nan's state at this time. He cast his eyes on Lu Guoliang, Cheng Chao and Li Sheng, who have not spoken until now.

"Where did this come from?"

Di Ping looked at Lu Guoliang and asked.

"It was sent by the Bianzhou base via radio waves. We received it. The radio station immediately turned it over after receiving it!"

Lu Guoliang replied.

"What do you think?"

Di Ping nodded and looked at several people and asked.

"City Lord, I listen to you, if you want to fight, we will fight!!"

Li Sheng still said few words as always, but he heard a firm attitude from the words.

"City Lord, I think things shouldn't be when the soldiers meet!"

Lu Guoliang, who had calmed down his breath, recovered his usual gentle and indifferent temperament, and he helped to lower the gold-lined glasses to reveal a confident smile.

"Oh! How to say?"

Di Ping looked at Lu Guoliang with some surprise.

"Could the city owner forget someone!"

Lu Guoliang suddenly smiled mysteriously.

"Oh....."

Di Pingjia understood who Lu Guoliang was referring to as soon as he meditated, so he nodded and said, "Tell me what you think!"

"City Lord, we can achieve peace conditions with the Bianzhou base through him. I believe his family has this ability!"

Lu Guoliang was not selling officials either, his eyes flashed with energy.

"Well! Go back to talk to him, I believe he knows his situation will agree to cooperate with us!"

Di Ping nodded and said.

This is not a good way for Lu Guoliang. The person he is talking about is Liu Minsheng; with the strength of the Liu Minsheng family in Bianzhou base, if you want to save him, you have to find a way to stop Bianzhou base from attacking the city of refuge. Use troops.

Before Di Ping didn't want to form a conflict with the Bianzhou base so quickly, this was the only way that could be operated.

After the initial panic, Lu Guoliang was after all a person who had seen the matter before. Once he settled his mind, he quickly found a solution.

"Brother Cheng, do you have any different opinions?"

Di Ping kept frowning as he watched, silently asked Cheng Chao with concern.

"Oh! Santo..."

Di Ping's question awakened Cheng Chao in thought, and he hurriedly responded.

"Does Brother Cheng have any different thoughts, I think you have been meditating?"

Di Ping looked at Cheng Chaodao.

"City Lord, I have no good way. I just have a question. I don't know if I should say it?"

Cheng Chao looked at Di Ping and hesitated.

"Say it if you have any questions!"

Di Ping encouraged.

"I read this CD. The Bianzhou base already knew that their troops were defeated by us. Then I doubt it. It happened this morning. How could the Bianzhou base know what happened here? Is clairvoyant and windy?"

Cheng Chao's hand was shaking with the blank piece of paper that Ning Nan was afraid of falling to the ground just now, and his expression was extremely serious.

"boom....."

Di Ping felt a bang in his head, and found what was wrong in his head.

Chapter 704: Basement Analysis Inside Ghost

"Asshole!"

He yelled and his face became extremely ugly. At this moment, he couldn't guess that the inner ghost had revealed the information, then he was too stupid.

Just now, when Di Ping looked at the information, he had an indescribable thought. How could the Bianzhou base react so quickly?

But at that time, Qi Qiao was so mad about the contents of the disc, and his mind was all about how to resist the Bianzhou base, and he ignored this question without thinking about it.

Now Jing Chengchao reminded him to react immediately, this is the doubt that flashed in his mind just now.

It was this man who made the base almost captured, and now he passed the information to the Bianzhou base. He interrupted his arrangements and gave him no time to react. He was almost driven to despair. If he accidentally dropped If Liu Minsheng killed him, it would be troublesome.

At this time, he wished to take out this inner ghost and chop it into meat with a knife to solve his hatred. Di Ping had never felt that he hated a person like this.

"Brother Cheng meant that someone should inform the Bianzhou base!"

Ning Nan's expression suddenly changed.

"Haha! Isn't this something obvious!"

Cheng Chao shook his shoulders and smiled.

"Maybe it wasn't the base people who reported the news! Maybe you guessed wrong. How did the Bianzhou base pass this far?"

Ning Nan suddenly said with a puzzled expression.

This is not like before the end of the world, you can call or go directly. Although it is not far away for several tens of kilometers, Di Ping believes that no one at the base dared to go on the road for several tens of kilometers, like the father and daughter of Yunkuohai. There are a few more stunned greens.

"Right?"

When asked by Ning Nan, Cheng Chao and Lu Guoliang both frowned and looked confused, but in an instant they showed understanding on their faces and exclaimed in unison: "Broadcast van!"

"Oh! Tell me!"

Di Ping was puzzled, and both of them seemed to understand and quickly asked.

"City Lord, don't we have an OB truck to transfer to our base? This OB truck has a high-power wireless communication system with a maximum communication distance of 150 kilometers. If someone passes the news to the Bianzhou Military Region, , Only this is possible!"

Cheng Chao had a better understanding of OB vans and explained to Di Ping.

"it is good!"

Di Ping clapped his hands in excitement, and people suddenly stood up. He looked at Cheng Chao and shouted in a deep voice: "Big Brother Cheng, Li Sheng, you two will be investigated right away. I want to see who is not being a ghost!"

The inner ghost finally showed his feet. As long as you find out who used this system, you will definitely know who the inner ghost is, and Di Ping is actually excited.

"Yes! Let's go right away!"

Cheng Chao and Li Sheng immediately led the way and ran out.

"wait!"

Suddenly Di Ping yelled anxiously and stopped the two of them. They stopped and looked at Di Ping.

"Liu Minsheng, arrange a reliable person to take care of it. Don't wait for something to happen!"

Di Ping said solemnly.

"Ok!"

The two of them looked shocked, glanced at each other, and nodded in response.

The reason why he wanted to protect Liu Minsheng was because he was afraid that if this inner ghost killed Liu Minsheng, it would be troublesome. There would be no room for maneuver between himself and the Bianzhou base.

After the two of Cheng Chao left, Di Ping asked Lu Guoliang to sit on the sofa on one side, and the bar counter was ruined by him with a palm. Now there is no place to sit.

After Ning Nan poured a glass of wine for the two of them, he went up. There was a lot of trouble in the medical department. He was able to stay with Di Ping for such a long time, which was a lot of work.

"Brother Lu think Li Sheng can catch this person?"

Di Ping turned the glass in his hand, looked at the amber body in the glass, and asked calmly.

Hearing Di Ping's questioning, Lu Guoliang's body visibly shook. He raised his head and saw a trace of complexity in Di Ping's eyes.

Who is he? It's an old fried dough stick. When Di Ping asked this sentence, he revealed that he obviously didn't believe that Li Sheng could catch this person using the call system.

"Why did the city lord say this?"

Lu Guoliang hesitated and answered.

After the excitement just now, Di Ping calmed down quickly. After thinking about it, he felt that he was too optimistic just now.

He has a feeling that this ghost is like a ghost, and the method is quite mysterious. It is always like a fog that people can't see clearly. With this method, he will not be cautious when using the broadcast vehicle and let people find it casually. Clues.

Chapter 705: Emmanuel found a breakthrough

Di Ping did not respond to Lu Guoliang's words, but shook his head with a wry smile and said, "Wait later!"

Then the two fell silent, Di Ping tasted the brandy in the glass, as if tasting the taste of wine.

When Lu Guoliang saw Di Ping reluctant to speak, he fell silent and took out a cigarette and smoked slowly.

The two of them felt the dissatisfaction that Di Ping showed during the meeting this morning. After they left, they met and discussed in detail, and both realized the existence of this inner ghost.

Otherwise, if Wang Dequan is an outsider who grasps the time so well, no one believes it. The two have seen too much in officialdom, and they will understand after a little thought.

Later, he encountered the Wang Xuming incident, which made him even more ashamed. Di Ping handed the base to a few of them, but he did not expect such a problem.

So he didn't know how to confess to Di Ping for a while, so he could only smoke sullenly.

At this time, Di Ping said in his heart that he did not blame Lu Guoliang for the minds of the few people. This cannot be blamed on them, because he did not do a good job in overall planning, so that so many mistakes were made.

He is now thinking about the follow-up development of the base, the formulation of policies, and how to talk to Liu Minsheng about the Bianzhou base.

These alone are big enough for his head, but he has the heart to think about other things.

Time passed by one minute and one second, and half an hour later, the messy footsteps at the top of the stairs interrupted Di Ping's thinking.

"coming?"

Lu Guoliang yelled, sitting upright, and pressing the cigarette \*\*\*\* out in the ashtray.

Di Ping also looked away from the cup and looked at the stairs.

The footsteps of the incoming person were very anxious, and there was a bang, and the person had already rushed down and appeared in the stairs. The incoming person was Cheng Chao.

He was sweating, panting as he ran, and his expression was very anxious. He did not hesitate to rush down, and ran straight to Di Panyang.

"Did anyone catch it?"

Lu Guoliang stood up straight and asked anxiously.

"Grab...catch it!"

Cheng Chao stopped looking at Lu Guoliang and panted.

"It's great! The grown-up brother is the best one. This person is..."

Lu Guoliang's face was full of joy, and he clapped his hands excitedly, but he wanted to say something more, he found that Cheng Chao's face was wrong, he was not happy, and smiled bitterly, so he swallowed the following words back.

"What happened?"

Di Ping sat still, he didn't see any joy on Cheng Chao's face, and he didn't show a trace of pride in his praise of Lu Guoliang, but rather anxious, so he sank and asked aloud.

"City Lord!"

Cheng Chao showed a trace of shame on his face, then took a deep breath, then looked up at Di Ping and said:

"We caught it. It was a girl named Zhou Chunchun on the OB van. She was a college student. She was just learning the broadcast and tuned it to Shen Manshu as an assistant. She secretly used the remote wireless call on the OB van while Shen Manshu was out. The information was passed to the Bianzhou base!"

"How is this possible? She is just an assistant. How can she contact Bianzhou base? Besides, she has no reason to betray the base? Even if there is, how did she get the call channel of Bianzhou base? I don't believe you as a staff member, do I Did you catch the wrong person?"

As soon as Cheng Chao's voice fell, Lu Guo raised his head and shook his question like a rattle.

"The person caught it right!"

Cheng Chao looked at Lu Guoliang with a certain expression: "We found a piece of paper describing the call channel of the Bianzhou base from her, and a ball of paper with the content of the call written on the palm of her hand!"

"I remember, it was this girl who submitted the pass to the staff before."

Lu Guoliang suddenly clapped his hands and said in surprise.

"Where is she?"

Di Ping was not thinking about guessing, he looked at Cheng Chao and asked.

Chapter 706: Variety of beauties can't tell

"This....."

Hearing Di Ping's question, Cheng Chao's face turned ugly, and he said with difficulty: "She is dead."

"what?"

Di Ping was finally moved, and he jumped up, his eyes sharply looked at Cheng Chaodao:

"How can people die, how do you do things?"

"City Lord! We went a step late, she was killed, and the body was thrown in the woods not far from the broadcast truck!"

Facing Di Ping's question, Cheng Chao swallowed hard.

"Killed?"

Di Ping's eyes burst out with killing intent, and his voice made Cheng Chao who was facing him feel cold all over, and he involuntarily struck a spirit.

"Yes, the person who killed her seemed to stabbed her five times in a hurry, two in the chest, three in the lower abdomen, but she didn't hit the point. As a result, she climbed out of the woods and climbed on the edge of the grass. Our talent found her, but found At that time she was already dying, bleeding too much to help."

Cheng Chao said that his voice was a little jerky. After all, a living young life was strangled by life, and the murderer was very cruel. Even if he stabbed so many knives in a row, everything happened before his eyes. He watched his breath and said it was not sad. is fake.

"Kill!"

Di Ping yelled violently and smashed the wine glass in his hand on the ground, with blue veins violent on his head, like an angry lion who was addicted to people.

"She should have been silenced by the person who asked him to send the message!"

Cheng Chao also looked sad and angry.

"Check it out for me, I found him and I beat him alive!"

Di Ping's face was cold and freezing, he watched Cheng Chao gritted his teeth and said word by word: "I don't care what method you use, I will give you one day. If I can't find anyone, I will ask you!"

The furious Di Ping was no longer in Brother Cheng. He took out the authority of the city lord and directly gave Cheng Chao a death order.

"Yes! I can't find it, I don't have the face to see you, the lord!"

Cheng Chao immediately looked straight, snapped and stood at attention, then turned and walked outwards.

"Wait a minute, the two from the special forces team will be transferred to act with you, dare to stop the killing!"

Di Ping shouted to Cheng Chao and ordered again.

"Yes!"

Cheng Chao was overjoyed and immediately stood at attention, then turned and ran upstairs.

Seeing the murderous Di Ping, Lu Guoliang was silent for a while, knowing that he could not stop him at this time.

Di Ping was really angry. Originally, he still wanted to listen to Cheng Chao's advice and slowly integrate the combat team, but this inner ghost not only rebelled, but also dared to kill him. This has suddenly reached Di Ping's psychological bottom line.

This time this person must be found no matter what, even if the combat team loses their hearts, they will not hesitate to do so. The big deal is that the combat team will all accompany the team to eliminate and re-absorb personnel.

"City Lord, calm down, believe that Cheng Staff should be able to catch people!"

Looking at Di Ping angrily, Lu Guoliang stepped forward to softly persuade him, passing a cigarette to Di Ping as he spoke.

"call!"

Di Ping exhaled a long breath, as if he was about to exhale the sullen in his heart.

This inner ghost is really ghost, always leading step by step, turning himself and the top of the base around, not only cruel, but also extremely cunning.

"Brother Lu, you will pass in a while, and cooperate to form a super stable combat team. You must find this person. This person will never be peaceful unless you remove the base!"

Di Ping took the cigarette handed by Lu Guoliang, took a deep breath after lighting it, and then exhaled a cloud of smoke. It seemed that the anger had subsided, and he said slowly.

"Okay, I'll go right away, I have to catch this \*\*\*\* egg!"

Lu Guoliang's expression was also extremely serious, and he threw the cigarette \*\*\*\* in his hand on the ground and yelled angrily.

Staff Lu, who is usually gentle and elegant, also burst into swearing, which shows that he also hates this inner ghost.

It was this person who almost destroyed the great base he had run, and his heart would be hard for him if he was immortal.

Chapter 707: Ask the reason to frighten Lao Yun

Lu Guoliang also left in a hurry, and only Di Ping was left in the hall.

Looking at Lu Guoliang's background, he rubbed his eyebrows, and his exhaustion came again. He was the most annoyed conspiracy.

He never thought that so many things happened one after another when the base was first built, and he had to think about it.

He thought carefully about the causes and consequences of the whole thing. The powerful mental power not only greatly increased his control, but more importantly, made his mind more flexible and his analytical ability greatly improved.

In a short while, he went through the matter again, and the incident slowly became clear in his mind.

It should be that this inner ghost saw Wang Dequan's failure, and was worried that he would be exposed, so he would find a way to reveal the inside information to the Bianzhou base, thinking that the Bianzhou base would attract the attention of Di Ping.

So as to achieve his goal of getting out, in order to achieve the means to kill people and kill people, but he didn't expect that killing people also left clues.

By doing this, Di Ping, who was planning to make a smooth transition, exploded in an instant. He had to catch him, even if the team fell apart.

If he knew that his exposure had accelerated because of his actions, he might cry and faint.

"You come out!"

Di Ping walked to the door of the room where Wang Dequan was imprisoned, opened the door and said to the three opponents inside.

"City Lord!"

As soon as the door opened, Di Ping saw that the three team members were standing not far behind the door, their bodies trembling slightly, and their whole body was sweaty, as if they were washed in water.

"Why do you sweat so much, is it so hot?"

Di Ping looked at the three people with sweat beaded, and swept the room wet and exposed, not feeling hot, so he asked with some confusion.

"Hot...hot..."

The three of them didn't look like Di Ping looked angry, so they relaxed, and tremblingly went forward to reply.

To talk about why the three of them behaved like this, the eyes of Li Sheng and Cheng Chao frightened the three of them. Di Ping took a few people out to talk about things.

And they were in the room just now, and they didn't know what was happening outside, they just heard some conversations vaguely, and there were violent anger from outside.

The trio thought it was drinking before, and the city lord was discussing with the captain and chief of staff how to deal with them, and they were shaking with fear, and the sweat never stopped.

Di Ping looked at the trio of people trembling, and after thinking about it, he understood what was going on.

The three of them didn't commit a big deal, so what's a big deal to drink?

It was just that Di Ping was in a bad mood at the time, because the combat team was angry with discipline, and the three of them were hitting gunpoints.

"Okay, don't worry about it next time, don't drink alcohol in the work class!"

Seeing the three of them frightened, Di Ping reprimanded them in an annoyed manner, and then watched the three of them command: "Which one of you will inform Director Han and let him come!"

The three of them seemed to look at Di Ping with disbelief, as if they didn't believe that he let them go with such an understatement.

"Why, do you want another punishment?"

Seeing the disbelief in the three people's eyes, Di Ping shouted angrily.

"Hey! I'll go to the lord!"

Sanli was reprimanded by Di Ping, and immediately reacted. One of the older ones was more clever, and he immediately said with a smile.

"Okay you go!"

Di Ping glanced at him and nodded.

"It's the city owner!"

Affirmed by Di Ping, this combat team member showed ecstasy and hurriedly stood up, then gave the other two companions a triumphant look, and then ran away quickly.

The other two team members looked at their companions running away, and immediately showed disappointment on their faces, with envy in their eyes.

It is the glory of every combat team member to do things for the city lord.

Chapter 708: Charm and invincible who will block

Di Ping lay still on the bed and returned to the sluggish Wang De and swept over his whole body, his eyes burst out, the corners of his mouth were lifted, he smiled coldly, and then returned to the sofa to sit down.

The two team members, you look at me, I look at you, in the end they still didn't dare to go out, they continued to guard in the room and watch Wang Dequan.

The time was not fast, and after a while, Han Zhongguo rushed over after the combat team who had just run away, panting.

After all, Han Zhongguo is over four years old. Although he is young in officialdom, his body is obviously not as good as young people.

The whole person ran a sweat and seemed to be jogging all the way. I don't know how the combat team notified him to make him rush over in such a hurry.

"Huhu...City...City lord...out...what happened?"

Han Zhongguo walked quickly to Di Ping'an, pressed his hands on his waist, panting heavily.

"Brother Han, why are you running so fast? Come and sit down and rest!"

Di Ping hurriedly pulled Han Zhongguo to sit down.

"I...I thought...what happened...it happened, huh! Damn! Tired...I'm so exhausted!"

Han Zhongguo swallowed and panted heavily. He couldn't even make a sentence. It was obvious that he was really exhausted.

"Hurry up and pour a glass of water for Director Han!"

Di Ping looked at the innocent combat team on the side and scolded.

He didn't even need to think about it. This guy must have been excited. He ran so fast, making Han Zhongguo think that something was going on. He didn't dare to neglect, and he ran along all the way.

This team member was trained by Di Ping and hurried to pour a glass of water over. Han Zhongguo drank a glass of water, which finally eased.

"What happened to the city lord?"

Han Zhongguo put down the water cup and asked.

"Look at this!"

Di Ping handed the ultimatum of the Bianzhou base to Han Zhongguo, and then stared at Han Zhongguo's eyes closely, observing the changes in his expression.

"what is this?"

Han Zhongguo took the blank paper in doubt and opened it up, but he just glanced at it and suddenly jumped up and shouted: "This is impossible. How can the Bianzhou base know what happened today?"

After all, it is a long-standing officialdom. Han Zhongguo was not moved by the content of the disc, but grasped the important information in the first time.

Thinking about it now, Lu Zhongguo was the first to come into contact with Tongdie, and he must have understood the reason at the time, but he didn't say anything and Cheng Chao clicked it.

Di Ping observed Han Zhongguo's performance. His strong mental power could perceive the changes in Han Zhongguo's expressions. He found that Han Zhongguo shouldn't be acting. His expression could not deceive himself unless he knew it in advance and was psychologically prepared. Otherwise, there will be no such reaction.

"I and the staff judged it was done by a ghost!"

Di Ping believed that Han Zhongguo was not a ghost, so he watched him slowly and said.

"His grandma's, it's true, I don't feel right. I talked to Lao Lu before, and he also thinks there is a ghost, otherwise things won't make sense!"

When Han Zhongguo heard Di Ping's words, he scolded angrily.

"Have you caught this person?"

Speaking bitterly, shook the blank paper in his hand.

"The sender was found, but she was not the original culprit, and she was silenced and the clue was broken!"

Di Ping shook his head and sighed.

"That babe is so insidious and vicious!"

Han Zhong's face flushed with hatred.

"However, this inner ghost has also revealed a lot of information. Now we only know that this person must be the one who conspired with Wang Dequan. As long as Wang Dequan can speak, he can quickly catch this person!"

Di Ping's eyes burst out, and he looked at the room where Wang Dequan was.

Chapter 709: Charm speaks truth

"Isn't this Wang Dequan crazy?"

Han Zhongguo asked suspiciously.

"This is the main problem, no matter whether he is really crazy or fake, but he won't open his mouth when he sees his madness!"

Di Ping's mind showed Wang Dequan's crazy look like a bloodthirsty madman, and he suddenly had a headache. It is difficult for a person who can endure such pain to let him speak.

"Trouble now!"

Han Zhongguo frowned, and said with a distressed expression: "It would be fine if our base had a professional torture person, even if he is really crazy, he can make something!"

"This torture officer is so powerful, he can be tried out even if he is crazy"

Di Ping had some disbelief.

"Of course! Masters of torture interrogators have some mind-reading skills. I have seen one before. As long as the criminal has a conversation with him, he unknowingly wipes out the contents of the criminal's belly!"

Han Zhongguo said in admiration.

"There are still such powerful people, but I have to look for them at the meeting..."

Di Ping sighed the same in his heart, and shook his head with a bitter smile on his face. But before he could finish his words, he suddenly stopped. As if thinking of something, his eyes suddenly brightened, and he said excitedly: "I think we also have people like this. Up!"

"Who is it?"

This time it was Han Zhongguo's turn to ask with confusion.

"Father and daughter Yun Kuohai have you arranged there?"

Di Ping was in excitement at this time, watching Han Zhongguo and asking anxiously.

Yes, when Han Zhongguo mentioned mind reading, he immediately thought of Yun Mengsi's eyes that illuminate people's hearts.

This woman can even pull herself into the illusion, almost subduing herself, isn't it easy to deal with Wang Dequan?

If it weren't for Han Zhongguo's presence, he would have liked to slap himself, how could he have forgotten such an important matter?

Before Wang Xuming suddenly went mad, he guessed that Yun Mengsi was playing tricks, but he didn't care about his righteousness at the time, and now he was really careless about it.

A person with special abilities like Yun Mengsi is the wealth of the base, and the benefits are infinite when used well, but they don't know if they have Baoshan.

"Ann.... Arranged in the castle!"

Han Zhongguo looked at Di Pingdao blankly.

He was confused by Di Ping's leaping thinking. He was still talking about the torturers. Why did he rush to Yun's father and daughter again, and he couldn't keep up with the rhythm for a while.

"Okay! You go to the third floor of the castle immediately and invite Miss Yunmengsi here!"

Di Ping clapped his hands in excitement, then turned and looked at the combat team member who had brought Han Zhongguo before.

"It's the city owner!"

The player was not dull at all, and immediately stood at attention, then turned and ran out.

Waiting for the team member to be notified to leave, Di Ping couldn't sit still, excitedly began to writhe back and forth in the hall, walking from front to back, from left to right, turning Han Zhongguo who was sitting on the shabby hairpin dizzy.

"I said the city lord! Can you sit for a while? You are shaking back and forth in my heart!"

Han Zhongguo finally couldn't help but said.

"Oh!"

Di Ping glanced at Han Zhongguo and then at himself, only to realize that he was a little nervous just now. He hurriedly laughed to cover up his embarrassment: "Brother Han, I'm trying to digest, or else? Two steps too?"

"Forget it! I'm out of stock, I can't walk, I still sit comfortably!"

Han Zhongguo shrugged angrily.

"Haha!"

Di Ping looked at Han Zhongguo, who rolled his eyes at him, feeling funny, and suddenly burst into laughter.

He suddenly felt that he was still not mature enough, and he began to feel anger and look at a little surprise, too unstable.

Chapter 710: Angrily hit the wall with his palm

But after a while, Di Ping's mood has calmed down.

Just now he was only excited because he suddenly found a way, and he might know who the ghost is.

Now calm down, I sat on the sofa again to chat with Han Zhongguo, while waiting for Yun Mengsi's arrival.

The two didn't wait long, at least twenty minutes, when the stairs sounded footsteps.

The footsteps are rather messy, and they don't look like one or two people.

Sure enough, it was the combat team who came down first, followed by Yun Mengsi, and then his father Yun Kuohai, but the inseparable Ahai, Niu San and Chen Laosi were not there. .

Yun Mengsi has obviously been cleaned up, her hair is still wet and dew, she is simply tied and fluffy on her back. She wears a light green cotton and linen short t-shirt on her upper body and a white short shorts on her lower body, revealing two long white legs , The whole person has a style change.

From a charming to extreme woman, she transformed into a pure little girl, full of sunshine.

Suddenly, even Di Ping's heart trembled, and he felt like first love.

"Brother Yun, Miss Yun, I'm really embarrassed, I will trouble you before you rest well!"

Di Ping saw the three people come down, and quickly stood up and looked at the father and daughter with a warm smile.

"Haha! What the city lord is saying, isn't it just a strange thing!"

Yun Kuohai seemed to have regained the style of a tycoon, and the last hearty laughter sounded in the entire underground hall.

"Hello City Lord!"

Yun Mengsi Qiaosheng walked up to Di Ping with a smile on his face, and the spring in his eyes was flowing, as if water would overflow in the next moment.

Di Ping looked at the woman whose gestures were so charming, and felt a throb in his heart. He hurriedly suppressed the ripples in his heart and recovered the calmness of the wind. He looked at Yun Mengsi and smiled slightly:

"Miss Yun's injury is better!"

Yun Mengsi looked at Feng Qingyun's calm Di Ping, annoyed in his heart, pulled his pretty face, and gave Di Ping a dark look. Then he said softly, "City Lord Lao is concerned, it's much better!"

Han Zhongguo only knew that the Yun father and daughter were brought back by Di Ping. As for the relationship between them and Di Ping, he didn't know about them, but he was very bold. Seeing Di Ping stood up to greet him, he naturally followed suit. stand up.

"Mr. Yun, hello, Miss Yun! Please sit down!"

Han Zhongguo had already known them before, so he was not chatting at this time. He simply asked hello and quickly moved away and let the father and daughter sit down.

"Chief Han is polite!"

Yun Kuohai hurriedly nodded politely.

Even Yun Mengsi, who was annoyed by Di Ping's incomprehension, did not dare to neglect, and quickly nodded to Han Zhongguo.

Han Zhongguo is the director of the Civil Affairs Department of the base. He manages the lives of thousands of people, large and small.

"Sit down!"

Di Ping smiled slightly.

"You go up first!"

Di Ping and the three sat down, and he instructed the team member just now.

"It's the city owner!"

The team member hurriedly took the order and walked upstairs by himself.

"City Lord, if you have anything to do, please tell me, Sisi and I will do our best!"

Seeing this team member quickly go up the stairs, Yun Kuohai retracted his gaze and looked at Di Pingdao.

When he saw the combat team come to find Yun Mengsi, saying that the city chief had seen Yun Mengsi, Yun Kuohai felt a little bit in his heart, and the secret path was broken.

Could it be that this Di Ping was interested in his daughter's appearance and was ready to attack her.

Thinking of this, he dared to let Yun Mengsi come by himself, disregarding his daughter's opinion, and had to follow him. He thought at the time, even if it was to save his life, he would also save Sisi.

He felt nervous all the way, otherwise he went down the stairs. When he saw Han Zhongguo was there, he took a long breath, knowing that he was thinking wrong, so he was a little embarrassed, and he became more humble.

"Okay! Then I'm welcome!"

Di Ping was not talking nonsense, and nodded cheerfully.

"Miss Yun, I have a question for you, don't you know if it should be asked?"

Di Ping nodded, then turned his gaze to Yun Mengsi, looking at her brightly.
