

## Doomsday 72

Chapter 72: The crisis is coming

"boom"

With a loud noise, the last obstacle blocking the gate of the underground mall was pulled down by three people with ropes, and this inverted became a chain reaction and immediately collapsed into one piece, and a ray of light came in from outside the gate.

"Wow"

As soon as the obstacle fell, a violent dog bark suddenly came from outside. When the three workers who demolished the wall heard the dog bark, they turned around and ran towards the passageway at a faster speed.

"Wow"

At this time, the roar of the mutant dog was already at the door, and then a black shadow blocked the light and darkness of the hole, and the passage went black. A huge hideous dog's head came in, blood-red eyes shining, When he saw the crowd behind the frame, he immediately raised his head and let out a long roar.

"Oh..."

The long howling reverberated in the underground mall. Everyone who shook their ears buzzed. Many people screamed in shock, and some people blocked their ears. The crowd behind the frame involuntarily backed away, their faces Pale.

The plan was very good, and the thinking was simple, but facing such a terrible mutant dog, the courage that everyone aroused was quickly fading.

"Aw..."

At this time, there was another roar from outside, which seemed to echo this side, and then one after another roars were heard outside, and they were getting closer and closer, as if they were moving quickly to this side.

"What to do, what to do! We all worked hard?"

Someone said with a trembling voice, and their steps moved back a little bit.

"Shall we run? Hide!"

A person on the side murmured pale and pale

"Run there!"

A woman's face turned gray as if her body had been emptied against the wall and her eyes were blank.

"I just said don't do this thing, it's useless at all!"

Some people are actually complaining, resenting the person who came up with this idea, and taking themselves to death.

"Yes, it's just that their group of people, regardless of whether we live or die, insist on killing mutant dogs!"

"Definitely can't hold it, we're done!"

At this time, the crowd was frightened back by the roar of the group, and some people could not hold their weapons, shouting in panic, some complained, some regretted, and some had the courage to fight.

Those policemen wouldn't go there any better. Although they were holding guns, their hands kept shaking. If not for the last trace of reason, they would have retreated.

"Brothers and sisters! Let go of the fear in your heart and settle down! Hear me!"

Suddenly Han Zhongguo jumped onto a table and watched the panicked and nearly collapsed crowd shouting loudly, seeing the helpless people focus their attention on him, and shouting again:

"Brothers and sisters, to tell you the truth, we have no food or drink anymore. We only have one way to go out to find food and drink by killing these beasts. And now that the door is open, we can only fight. Now, this underground space is so big, if we don't fight, we can only wait to die! Do you want to be bitten to death by this dog?"

Han Zhongguo's voice was very loud and passionate, and he waved his arms vigorously to strengthen his tone, and he wanted to call back those who had lost courage.

"Yes, we have nothing to eat, we hid there and tried..."

"Yes, fight, kill one is enough, kill two to earn one..."

"Fuck, whoever is afraid of anyone, just a few wild dogs, I fight it, eat dog meat at night..."

Hearing Han Zhongguo's vigorous and passionate words, everyone finally stopped. At the same time, there was something gleaming in his eyes. That should be courage. It is said that rabbits bite

people when they are in a hurry, let alone \*\*\*\*\* people. , I was only scared before, but once people are brave, they are not afraid.

Han Zhongguo immediately shouted again as soon as he saw that the hearts of the people were available.

"Tell me, do you want to be eaten by these ugly dogs?"

"I don't want to!"

At this time, the crowd responded in unison.

"Do you want your parents, wives and children to be killed by them?"

"I don't want to!"

At this time the crowd responded louder.

"Then shall we kill these dogs?"

"want!"

At this time, the atmosphere of the crowd was finally fully agitated. Everyone raised their arms and shouted with red eyes, including all the policemen. Han Zhongguo was also very excited. He raised his hands and shouted loudly.

"Well then we will kill and kill today!"

"kill!"

"kill"

"kill"

Everyone screamed frantically, with blood red eyes, and shouted again and again with their weapons high.

Standing below Ge Zhongping was full of hatred in his eyes. He didn't expect this Han Zhongguo to have such a strong incitement ability. A few words would arouse everyone's passion, but at this time he had no choice but to watch. .

"Oh..."

As if provoked by the calls of people in the mall, the mutant dog roared, smashed the obstacle with one paw, rushed into the gate with a scream, and rushed straight to the passage without stopping, and another mutant dog pounced behind it. At the entrance of the cave.

"Quickly! Get to your place! Kill the mutant dog!"

When Han Zhongguo saw that the mutant dog had come in, he immediately shouted with a finger, and the passionate people seemed to have forgotten that they were afraid to jump over the frame quickly, and they found the previously arranged position, raised their weapon in his hand, and looked Blood-red gasped and stared at the mutant dog viciously.

The first mutant dog slammed into the frame, and the frame shook with a bang, but it really withstood and was not broken. Only the angle iron was slightly deformed. Everyone immediately became excited. It seems that the frame really works. Up.

This mutant dog screamed desperately and hit the frame.

At this time, the second mutant dog crawled into the hole, but it didn't hit the frame. Instead, it swept its eyes and rushed directly into the passage. It seemed to be smarter than the first, and it actually knew that it was coming in through the passage.
