

Doomsday 81

Chapter 81: The base rescue reaches out without a smile

At this time, the people in the underground base quietly watched Di Ping's movements. When they saw him fiddle with something looking for something in the ground, everyone wondered what this terrifying young man was doing. Is there anything special? hobby!

This thought makes everyone feel cold. Whenever they see the broken flesh and blood being provoked by Di Ping's broken sword, many people become noisy and a vicious feeling of vomiting flows like a tide. Some people just hold back. , And some people didn't hold back, vomiting directly while running.

But at this time Di Ping didn't seem to see these people. He walked to the dozen mutant dogs that had been burned to death by Gina's magic one by one, and took out the crystal cores one by one, then wrapped them in a piece of cloth and put them in his arms. Here, after finishing all this, Di Ping looked up at the crowd gathered in the hall and looked at him in horror.

"Dige! Dige!"

Suddenly two figures walked in from the doorway and saw Di Ping shouting in unison. They looked excited and a little afraid to hide from the mutant dog corpse on the ground, and ran to Di Ping in small steps.

Di Ping didn't need to look back to know that these two people were Yue Lie and Liu Han. Only then did he realize that he had rushed into the underground mall to save the people and forgot about these two people. Now these two people came in through the doorway. It was hiding outside to see what was happening inside, and came in after seeing no danger.

But Di Ping didn't blame them. The two were just ordinary people, and it was said that the battle lasted for less than ten minutes. It would be good for the two to dare to stay outside without running.

"Isn't that Yue Lie and Liu Han?"

"Yeah! It's the two of them!"

"They didn't die outside?"

"Yeah! Yeah! Didn't it mean that their team died?"

The appearance of the two caused a commotion in the crowd on the opposite side. Someone should have recognized the two Yue Lie and exclaimed.

Hearing the discussion of the people behind him, Ge Zhongping suddenly changed his expression, and then suddenly stretched out, a smile appeared on his face again, his original expression of fear has disappeared.

He was frightened just now, seeing Di Ping in a frantic state, as well as the powerful magic of the mysterious black-robed men. He didn't know who these two people were, earthlings? Or alien?

After all, I have never seen such a powerful human on Earth, and although these two people killed mutant dogs, he didn't know whether they wanted the human side or the hostile side, so he kept hesitating. If Yue Lie and Liu Han could talk to Di Ping, he immediately reacted!

Yue Lie and Liu Han are humans in their own base. They can communicate with Di Ping. Di Ping is definitely not a hostile party. Thinking of this, a smile appeared on his face. As long as he can communicate, it's not a problem. He believes he can earn. Get these two mysterious people.

"Haha.... Thank you very much for this little hero! I am Ge Zhongping, the person in charge of the underground base. On behalf of everyone in our base, I thank you for your rescue!"

After thinking about these issues, Ge Zhongping, a political veteran youtiao, immediately laughed and walked quickly towards Di Ping, with a smile on his face filled with kind and peaceful people, and he stretched out his hands enthusiastically as far as he was away. Hold it to Di Ping.

"Hello! Mr. Ge, I have heard of the name a long time ago!"

Di Ping also turned his head here to look at Ge Zhongping, who walked quickly to him. He stretched out his hand and didn't hit the smiling face, so he smiled slightly and stretched out his hand and gave Ge Zhongping a light grip.

Although I heard from Yue Lie and Liu Han that Ge Zhongping is not a good person, it's just that it's not time to let him go first! But the expression on his face is a little flat, just a little smile.

"Haha, it's a fake name, it's a little brother Gao Yi! We must give a reward for saving everyone's lives in our base!"

Ge Zhongping laughed and talked about a false name, but the smile on his face showed that he was very proud. He was a little hero just now and he will become a little brother again. Is this distance rising too fast? He said thank you to Di Ping, but he just lifted Di Ping to Gao Yi and wrote a blank check and rewarded him. Now the superiors don't know there?

"You are polite, Mr. Ge"

Di Ping raised the corner of his mouth slightly, and felt a little disdain for this person who was righteous in appearance but evil in heart, but the most important thing was to stabilize all the people here, and he was polite in his mouth.

"Hello, Mr. Di! I am Han Zhongguo, thank you for coming to the rescue! Your hard work!"

At this time, a loud voice sounded. A middle-aged man in his forties with a burly, square face, thick eyebrows and a righteous face walked quickly to Di Ping Ping and extended his hand to Di Ping enthusiastically, with gratitude and gentleness on his face. Smile.

"Brother Di, this is Mr. Han!"

At this moment, Yue Lie introduced the middle-aged man in front of him in a low voice behind him, and Di Ping realized.

"Hello, Mr. Han, you are welcome! I don't think humans should help each other?"

This is the Han Zhongguo who has a sense of justice in the underground base that the two Yue Lie said. He still likes such people very much. He hurriedly smiled and said, holding Han Zhongguo's hand.

"Haha! Yes, yes, we humans should help each other! Or Mr. Di has a big heart!"

Han Zhongguo laughed, looking at Di Ping with admiration in his eyes, and said that he likes this young man too much. He is powerful but not impatient. Facing himself, he looks calm, without a trace of pride or a trace. Nervous, this made him take another high look at Di Ping.
