

Doomsday 99

Chapter 99: Dog bites a dog's mouth

"Hehe, Mr. Di, you see these five people offended you. Not killing is not enough for civilians to be angry! Mr. Di is kind and can't bear to kill, you don't like it...!"

At this time, Ge Zhongping smiled and walked to Di Ping to persuade him.

But Di Ping's icy eyes swept away, he immediately shivered and suffocated the words behind.

"Move if you want to die!"

At this moment, the five seemed to have received some instructions from Lu Hai, and their eyes were fierce. The five arms that clamped the other five's necks were about to use force, but Di Ping suddenly said flatly, as if he were talking, but the chill in it made The five of them froze immediately and did not dare to move.

Han Zhonghe and Lu Guoliang also seemed to understand at this time, and they looked at Ge Zhongping and Lu Hai with unbelievable and angry eyes.

These veterans of officialdom still don't understand who did this thing. They didn't expect these two people to be so crazy. For their own desires, even everyone's lives are not in the eyes. Such people do not die. How can it work.

"open!"

Di Ping didn't move, but stood with his hands behind his back. He stood there quietly, his face was flat, and the five of them didn't dare to do anything, so they opened their hands lightly.

They knew Di Ping's interests, and the black-robed man standing beside Di Ping, didn't they see a fire in her hand?

This mutant dog can burn to death, and his own is even more of a dish, who dares to move.

The five people knelt down on the ground and coughed desperately when their hind legs were loosened. Just now, the five of them were killed, and they had their necks clipped. At this time, the underground mall was quiet and terrible, and only a cough was heard, no one. Speaking, the five of them relaxed for a while and straightened up.

"Talk about it! Who wants you to assassinate me?"

At this time Di Ping's voice rang again, staring at the five people flatly.

"The surnamed Ge and the surnamed Lu are still inhumane. Don't blame us for being unrighteous!"

When the five people heard Di Ping's words, they all raised their heads and looked bitterly at Ge Zhongping and Lu Hai. One of them gritted his teeth and cursed, and then suddenly turned to look at Di Ping, pointing to Lu Hai and Ge Zhongping, "Mr. Di, they are their main points." You, at night, they called a few of us over, saying that you are a violent murderer, and they also said that you can't play with women in the base in the future, and they need to liquidate those who played with women before, and clean up those who have committed crimes. !"

"You're talking nonsense! Mr. Di, don't believe them? They say panic, they are biting like crazy now!"

At this time, Ge Zhongping looked at Di Ping with horror and anxiety, pointing at the five people and said eagerly.

"I didn't say panic! The four of them can testify..."

At this time, the short middle-aged man shouted angrily, and then pointed to the four people behind him. The four people behind him also nodded quickly. One of them pointed to Ge Zhongping and said cruelly:

"He also said that when you come to the base, our good days are over. We have to give these people who eat and drink first. We won't get anything from hard fighting, and we won't let you play with women!"

"Yes, yes, he also said that as long as you kill you, the woman will play with us in the future, and we will eat delicious and spicy food with him!"

The person beside him also stretched out his hand and cried out angrily from Ge Zhongping and Lu Hai.

"It's over!"

"It's over!"

Ge Zhongping looked at Di Ping's deadly silent eyes, and suddenly felt an agitated spirit in his heart. Then he looked at the hateful gazes from all around, like a group of evil wolves in the dark night, trying to pounce on him and kill him. What has he done? Knowing that these people want to eat their flesh and drink their blood. They will not let go of themselves, their bodies are filled with infinite fear, their legs are soft and they are sitting staggered on the ground, their eyes are silent and their mouths are constantly muttering.

At this time, the five policemen who rushed up just started to move secretly outwards, trying to crowd out the crowd, but at this time people looked at them angrily, and they just blocked him in a circle. The five people looked at the crowd and everyone used it. Staring at them with hatred and resentment, the calves of the five of them trembled, and they slowly moved back.

"Snapped"

At this moment, a crisp gunshot sounded, and everyone looked over in surprise, and saw that Lu Hai did not know when to take out a gun in the field. The muzzle was pointed at Di Ping. At this time, there was still smoke from the muzzle. The gunshot just now came from this gun.

Everyone looked in the direction of the gun pointing in horror. They all knew that the muzzle was pointed at Di Ping. Everyone was shocked. It was only five or six meters away. If Mr. Di was shot or killed What to do with the injury?

It's just that everyone is stupid when looking at it.

Di Ping, who was pointing at the muzzle, was standing there calmly at this time, with one right hand standing in front of him, and **** erected, and a yellow bullet was sandwiched between the two fingers.

Lu Hai was also stupid. He did not expect that someone in this world could pinch a bullet with his fingers. This subverted his worldview, and he stood there in shock, but before he woke up, he shouted, The fireball was hitting his chest.

"boom"

An explosion sounded, and Lu Hai was blasted by the fire ball for nearly a meter before falling to the ground, and the fire ball buzzed and exploded. Numerous fire spots quickly covered his whole body, crackling and burning, and the crowd retreated and left. flame.

"Ah..."

Lu Hai screamed in pain, rolling on the ground without falling, but no matter how he rolled, the flames burned more and more like sticking to him, and a smell of barbecue began to permeate the passage.

But Lu Hai screamed sternly, and stopped after rolling a few laps, and the screams stopped, only the flames were still burning.
