

Chapter 11

No one expected Su Yan to suddenly appear at this moment...

Under the warm light in the hotel corridor, a beautiful girl was standing at the back of the crowd with a confused face.

Perhaps because she had just woken up, her long hair was a little messy, which set off her small and beautiful little face. She looked like a porcelain doll, which made people unable to look away!

In the crowd, it wasn't the first time that a lot of them had seen Su Yan.

Although they had long known that the third daughter of the Su family had the most outstanding face among the three sisters, they had thought that although the little girl was beautiful, she was timid and had no other strengths.

But today...

For some reason, everyone noticed that Su Yan's temperament had changed.

Although she still looked nice and harmless as before, her aura was completely different from before. She became more attractive and made people want to get close to her!

Now, she rubbed her eyes and looked a little sleepy, which made several young men absent-minded and unable to respond in a daze.

However, when they saw Su Yan, Wang Suping and Su Zhile were not in such a good mood to appreciate her beauty.

The next moment, before everyone could react, Wang Suping had already rushed straight at Su Yan. She raised her hand and wanted to slap Su Yan in the face!

However, Su Yan had long anticipated this.

So she pretended to be unintentional and tilted sideways to avoid Wang Suping's attack. She asked in surprise with a pale face, "Mom, why did you hit me again? Did I do something wrong? If that's the case, can you please forgive me? I'm so afraid..."

"What nonsense are you talking about?" Wang Suping gritted her teeth and immediately interrupted Su Yan's words.

But it was too late...

Su Yan's earlier performance was witnessed by everyone.

They could clearly see Wang Suping's fierce expression and Su Yan's helpless and pitiful look, especially the word "again" in Su Yan's words.

It seemed that it was not the first time Wang Suping hit her.

So for a while, the people who had some sympathy for Wang Suping suddenly changed their minds and looked at her with disdain.

Su Yan's eyes were red as well. She was at a loss as to what to do. "I don't know why you're so angry, Mom..."

"How dare you say that? Your sister has just told me that it was you who spent money on the five men and caused her to be locked up in this room and ruined, wasn't it?" Wang Suping accused her.

Because right now, in this situation, she had to blame all of it on Su Yan, and only then would Su Zhile's situation be better.

However, Su Yan did not intend to be slandered.

Her eyes were still red as she said, "No, I didn't! Mom, I have been resting in this room before. How could I hurt my sister? Although you don't like me, you can't slander me like this!"

"You little b*tch, what nonsense are you talking about?"

"I'm not talking nonsense... Ah! I know how to find the person behind this matter!"

Su Yan's eyes lit up as she immediately said, "Mom, didn't you say that I spent money to find these five men? If so, they should have a record of receiving the money. Let's investigate this person who transferred money to them and we will know who did it!"

"....."

Wang Suping was speechless.

She couldn't go along with Su Yan's words because the person who gave the money to these five men was none other than herself!

If the truth was revealed, she would be done for!
