Qi Jingxuan's dark eyes paused for a moment.

.....

This was what had happened in her last life.

When Qi Jingxuan was 20 years old, he was schemed against and accused of taking drugs in Century Hotel. Because of this, his reputation was damaged, and he almost lost his identity as the heir of the Qi Group.

It was also because of this that later when Qi Jingxuan pursued her, Su Yan considered his reputation and first thought that he was a bad person. Thus, she refused him. Instead, she married Chen Zhi, a person with a heart not as same as he was on the outside. She spent her entire life in disgrace, and in the end, she also harmed Qi Jingxuan.

That was why in her current life, no matter what Su Yan do, she couldn't let the tragedy of her previous life repeat itself!

However, because Su Yan was not present when Qi Jingxuan was framed, she did not know the specific situation. Therefore, she could only simply and roughly warn him not to go to Century Hotel.

Su Yan didn't know if he had heard what she said. After a slight pause, he looked at her with darker eyes, but he didn't say anything.

At the same time, Mr. Su's car arrived to pick up Su Yan.

So reluctantly, Su Yan had no choice but to say goodbye to Qi Jingxuan. She got into her own car and returned to the Su family.

Along the way, she was holding her fingers with a heavy heart, thinking about Qi Jingxuan. In the end, when she got out of the car at home, she finally figured it out.

After all, Qi Jingxuan, whom she knew, was not an impulsive person. Since she had already warned him, he would definitely avoid this trouble!

Therefore, she was completely relieved. Su Yan no longer had a bitter expression on her face. After returning to her room to wash up, she comfortably lay down on the bed and slept well.

It was not until the next morning that the maid knocked on the door of her room. She asked softly, "Miss Su, are you awake? Mr. Su is back. He wants you to see him."

Her father hadn't returned last night. Although Su Yan didn't ask, she knew in her heart what he was doing.

After all, she had exposed the fact that Wang Suping had sold out the 5% share yesterday. As the president of the company, Mr. Su had to deal with it.

Now, he should have already had a rough picture of what had happened. Only then did Mr. Su return home and ask Su Yan to go downstairs to see him.

Thus, she quickly tidied herself up and used cold water to wash her face, causing her face to become a little paler. Only then did Su Yan open the door with tears in her eyes and walk downstairs.

.....

Mr. Su was nearly 50 years old this year, but he didn't look old because he was in a high position and was well taken care of. However, because of the hard work last night, he didn't sleep well. Today, he had already grown some white hair on his temples.

When he saw Su Yan coming downstairs, his eyes became a lot more complicated.

After coming downstairs, Su Yan's eyes reddened. She rushed to hug her father, who had always doted on her in her past life. "Dad, you're finally back. I was so worried about you last night. I... I thought I caused you trouble!"

"Good girl, what happened last night has nothing to do with you. Su Yan, you did a good job, otherwise, I would have been kept in the dark."

Thinking of the truth found last night and the money sent to the Wang family by Wang Suping in the past few years, Mr. Su felt depressed as if there was a big stone in his heart.

Su Yan said timidly, "Dad, don't you blame me for telling the truth and causing trouble for our family?"

"I don't blame you. On the contrary, I'm very sad. Why did you tell me your grievance so late?"

"Because my mother told me that you would be unhappy if you knew these things, and I didn't want you to be unhappy, so... But I didn't expect that my mother would do that. Last night, she even found five men to ruin me!"

"If I hadn't been lucky enough to avoid it, my whole life would have been ruined!"

Su Yan spoke in an extremely sad manner. As she spoke, her tears rolled down her face.

Every word she said at this time hit Mr. Su's heart, which made him even more sad and angry!

After all, Wang Suping had been showing her gentle and virtuous side in front of him for so many years. She knew that he loved Su Yan, so in front of him, Wang Suping had always doted on Su Yan.

But he didn't expect that everything was fake! He seemed to be a fool for so long!

He slammed the table angrily, and his face turned red!

If Wang Suping was right in front of her, Su Yan had no doubt that Mr. Su would go up and strangle her.

Unexpectedly, she did come...

The next moment, a servant came in with a complicated look on her

face. She looked at Mr. Su and said, "Mrs. Su and Miss Su Zhile are at the door of the house now and want to come in. Should I let them in?"

"No!"

Mr. Su was furious. When he heard this, his eyes were almost burning with anger. "Does she still has the nerve to come back? Tell her to get out of here! She is not allowed to enter our house for the rest of her life!"

The maid was shocked. "This..."

"No, Guoqiang, you can't do this to me!" The next moment, a sad voice suddenly sounded!

"Dad, how can you say that?" At the same time, another shrill female voice also sounded!

## Chapter 19

It seemed that they had suffered a great grievance. Before the maid could stop them, they had already rushed in from outside the door.

Wang Suping held Su Zhile's hand and said to Mr. Su in tears, "Guoqiang, the Su family is my home after all. I know that I did something wrong and disappointed you. But no matter what, I am your wife, and Zhile is also your daughter!"

"Did you know? Zhile was sent to the hospital last night, and I stayed with her for a whole night before she finally recovered a little. When I came back with her today, she had been crying, saying that she was too ashamed to see anyone. If you drive her out at this time, it will be the same as letting your daughter die!"

"Zhile has been filial to you since she was a child, and she has always been obedient and sensible too. Last night's incident only happened because she was framed. As a father, how can you not feel sorry for her?"

Wang Suping cried and looked at her husband. Hearing her mother's words, Su Zhile immediately shed tears and pretended to fall to the ground.

She looked very pitiful.

There was also a hint of pity in Mr. Su's eyes, but the next moment, he gritted his teeth and said angrily, "You said that you are my wife, but how did you promise me in the past? You said that you would be good to Su Yan, but your way of being good to her is to find some men to humiliate and abuse her!"

"You said that Zhile has always been obedient and sensible. Well, let me ask you then. Su Zhile, did you know that your mother tried to hurt your sister last night?" Mr. Su looked at Su Zhile and asked sternly.

He had never been so strict before.

After all, Su Zhile had been outstanding since she was a child. When she grew up and entered the entertainment industry, she became more successful and always brought glory to her family. Therefore, Mr. Su never scolded her in the past.

Now, she was subconsciously shocked. Su Zhile stammered, "I... I... the incident last night..."

"I'm sure she doesn't know what happened last night!"

Seeing Su Zhile's hesitation, Su Yan secretly smiled. However, the next moment, her eyes turned red as well. She pretended to be sensible and said, "Dad, since young, Su Zhile has been your most outstanding daughter. Only the most vicious and hateful woman could do something such as help someone when she already knew the person is going to harm somebody else. Su Zhile would never do this!"

"What's more, after the incident last night, she must be in a bad mood now. After all, at the banquet, a lot of people including noble and powerful families had seen her being insulted by the five men. It will already be hard for her to survive in the future. In such a situation, Dad, you'd better not drive my sister away."

"Because if she goes out now, I'm afraid she will be laughed at if no matter what she does!"

In her past life, Su Yan had experienced the same.

At that time, in Yoshen, because of those five men, she was disdained by everyone. Later, she was exiled by her father in disappointment and went to a new university.

She thought that the situation would be better when she arrived in a new place. Unexpectedly, Su Zhile took the video of her being insulted and secretly put it on the forum of her new school.

As a result, from that day forth, Su Yan's life was like living in hell.

There was once when she was beaten so badly that she couldn't stand

running back to her home. However, Su Zhile blocked her way when she was at the door and looked at her with a sneer. "Dad was very angry because of what happened to you before, so he wouldn't want to see you. You'd better go back. By the way, remember to clean up the blood on the ground with your clothes when you leave. It's bad luck."

Even now, when she thought of such a scene, she could not help but feel hatred in her heart.

But now, it was time for Su Zhile to suffer...

She wanted to see if Su Zhile would be able to endure this grievance!

## Chapter 20

Sure enough, when Su Zhile heard Su Yan's provocative words, she couldn't help but lose his temper!

From the past until now, she had never been in such a sorry state in front of that little b\*stard, Su Yan. However, last night, under her scheme, not only was her life ruined but the scene had also been seen by Qi Jingxuan of the Qi family. She would probably not be able to lift her head even if she went to Colenia in the future.

And today, the reason why Su Zhile was in such a hurry to go back to the Su family from the hospital was that her agent called her in the morning and said that last night, the rumors about Su Zhile's messy private life and the incident with the five men had already spread to the Internet.

Although there was no relevant video at the moment, she could not stay in the hospital at this time. She had to go home to create a peaceful scene for the public.

Therefore, she had suppressed the anger in her heart and pretended to be pitiful with her mother in front of her father.

However, Su Yan spoke those words at this moment!

Su Zhile was furious. The next moment, she stopped pretending and stood up from the ground angrily. She said with a ferocious look, "You little b\*tch, you ruined me last night because of those five men. Now you're even pretending to plead for me in front of me! You're not even a daughter of the Su family, I don't need you to worry about my affairs!"

"Zhile!" Wang Suping was so shocked that she stopped her in a hurry.

But it was too late...

Su Yan's face became deathly pale. She seemed to be extremely surprised as she said, "Wh-what? Not a daughter of the Su family? Am I not my father's daughter? Why do you say such things?"

"Dad..." Su Yan looked at her father and asked with tears in her eyes, "What is going on? Why did Zhile say that about me?"

"No, Su Yan, you are my daughter. Your sister was crazy just now!" Mr. Su said with a gloomy face. At this time, he looked at Su Zhile without any more pity in his eyes.

Mr. Su's face was cold because Su Zhile had said something she shouldn't have said. "Gu Bo, please send them out. Without my instructions, the two of them can't come in!"

Su Yan's real identity was a secret that he had kept for more than ten years because she was the child of his most beloved woman. It was a painful memory in the deepest part of his heart.

During these years, he had never allowed anyone to talk about Su Yan's identity in front of her. However, Su Zhile directly said it just now!

Moreover, Mr. Su was not stupid. He knew very well how Su Zhile had found out!

Mr. Su's glanced coldly at Wang Suping, who was standing beside him. At this moment, there was even a murderous look in his eyes.

At this time, Wang Suping's heart was in chaos!

Because she had never expected that things would turn out like this. In a trance, she felt a scary chill in her heart!

If she was only guessing yesterday, now, she was certain that Su Yan was indeed a different person from before!

This little b\*tch was no longer the silly girl that she used to be. On the contrary, the current Su Yan had made Wang Suping's life into a mess in just two days. She ruined her two daughters' future and one of them had become a laughing stock in their circle!

But things couldn't end like this!

No matter what, she could not be driven out of the Su family with her daughter!

Wang Suping thought to herself. The next moment, she rushed forward. She held Su Yan's hand gently and said guiltily, "Su Yan, don't listen to your sister's nonsense. She has experienced such a thing last night so she is in a weak spirit now. You have always been the most sensible and kind daughter in our family. Can you bear to see your mother and sister being driven out?"
