

Chapter 2

"What are you trying to do?" Su Yan sensed the danger in Su Zhile's words, and she suddenly widened her eyes to ask.

However, Su Zhile no longer replied.

With a cold smile, she looked at Su Yan with disdain. The next moment, she took a bottle of liquid from the bodyguard beside her. She tugged at Su Yan's hair and forcefully poured everything into her mouth.

The taste of the liquid was bloody and bitter. Su Yan was forced to swallow more than half of it. Not long after, she was in terrible pain!

It was as if someone was cutting her flesh with a knife. She fell to the ground and spat out a mouthful of blood.

However, Su Zhile seemed to like seeing her in pain very much.

Looking at Su Yan coldly and slowly wiping her fingers with a white handkerchief, Su Zhile said in a good mood, "Well, you can just wait for death here. Next, I'd like to see what kind of things that cold and arrogant man will do for you."

.....

No, what did that mean? What was she going to do by using her?

Su Yan looked at Su Zhile in extreme pain. She anxiously wanted to find an answer.

But the next moment, with an evil smile, Su Zhile had already stepped out step by step in her high heels.

After she left, a pungent smell of fuel rose to the tip of Su Yan's nose.

Oh no, Su Zhile had set this place on fire!

Su Yan's face was deathly pale as she saw the burning flames all around the warehouse. However, she had already been poisoned by Su Zhile. Her hands and feet had long been broken, so there was no way she could escape right now!

So she struggled. She could only fall to the ground with blood all over her body, watching the terrible raging fire devour everything around her in despair.

Just as the beam of the warehouse was about to fall down on her due to the fire, a familiar figure suddenly appeared and quickly held her in his arms!

But he was directly hit by the beam on fire!

"Don't be afraid, I'm here." A familiar and hoarse male voice sounded with difficulty. The next moment, he raised his head, and a handsome and beautiful face appeared in the fire.

It was Qi Jingxuan, whom Su Zhile had just mentioned!

He came to save her!

However, Su Yan was not happy at all. With all her strength, she looked at the person in front of her and roared, "Qi Jingxuan, you idiot, why do you come? Do you know that Su Zhile wants to kill you?"

"I know, but I have to save you," Qi Jingxuan said stubbornly, his dark eyes full of firmness and deep affection.

Su Yan finally couldn't help but cry out loud. She was in extreme despair. "It's too late..."

"What do you mean?"

"I was poisoned by Su Zhile. I won't be able to survive even if I go out. You should leave now. You can still escape!" She knew her body very well.

She had already harmed Qi Jingxuan for so long in the past. She couldn't let this man die with her in the end.

After Qi Jingxuan heard her words, he was stunned for a while, but he suddenly softened his expression and even showed a gentle smile.

In the firelight, his eyes were brighter than the raging fire. "Silly girl. How can I live alone if you died?"

"You..."

"It's too lonely for you to leave alone. I've already lost you a few years ago, so now, let me stay with you to the end."

Qi Jingxuan said word by word, "Su Yan, you're my destiny. I don't think it's a pity to lose my life for you."

Qi Jingxuan even felt very satisfied that he could die with a woman he had loved for his whole life in his arms.

So he smiled gently and closed his eyes devoutly, allowing the flames around to spread to his body.

In the thick black smoke, Su Yan's body was in extreme pain. However, looking at the man who was tightly hugging her, her face was full of tears. She refused to close her eyes no matter what.

He was indeed a fool!

It was all her fault!

It was she who had dragged Qi Jingxuan into this disaster and caused him to die a tragic death!

If she could have another chance, she would never implicate this man who loved her the most. She must make all the people who hurt her suffer the retribution they deserved!
