

## Chapter 22

"As a mother, you not only didn't take good care of your child but also wanted her to hide her strength and can only be a fool in everyone's eyes. Do you still intend to deceive me and make me a complete fool too if Su Yan didn't tell me the truth today?"

Back then, Mr. Su had discussed with Wang Suping about Su Yan's grades because in his impression, his youngest daughter had done pretty well in the past.

However, since she went to high school, her grades had been at the bottom of the school almost every time, and she had even become a joke in their circle.

At that time, the answer Wang Suping gave him was that Su Yan seemed to not love studying. She probably put her focus more on love relationships rather than studies.

For this reason, Mr. Su sighed for a long time. He felt that Su Yan had disappointed him greatly.

But he didn't expect the truth of the matter to be like this!

Wang Suping could say no more at this time because she knew that she could not defend herself anymore from Mr. Su's behavior of smashing things just now.

Mr. Su had already heard Su Yan's words, so whatever Wang Suping said next would be useless.

Today, she could be considered to have been thoroughly defeated!

Not only that, but her image that she had worked so hard to build in front of Mr. Su for more than a decade was also completely ruined!

She glared at Su Yan with hateful eyes. For the first time, she did not hide her hatred toward Su Yan. When Su Yan saw her expression, a hint of a smile flashed across Su Yan's face. However, she immediately

pretended to be scared and shrank back. She hid behind Mr. Su and said in a trembling voice, "Dad, I'm afraid..."

"Don't be afraid. I'm still in charge of this family!" Mr. Su said coldly, "Gu Bo, drive them out, I don't want to see them anymore!"

"Also, from now on, she doesn't have to go to the company too. With her character, she doesn't deserve to be a director in the company!"

Originally, Mr. Su thought that it wasn't a big deal to give Wang Suping a nice job in his company since she was his wife and she had a 5% share after all.

However, after what had happened last night, Mr. Su had to remove this kind of trouble from his company no matter what!

Wang Suping was completely stunned as if she had been hit in the head! She didn't come to her senses for a long time...

Su Guoqiang was going to completely cut off her path of retreat. He wanted her to understand that without the Su family, she was nothing! However, she truly did not have any room for negotiation.

Because as Su Guoqiang had said, he was in charge of this family while she was nothing at all!

But since she was born, she had always been pampered. She had never been humiliated like this! Subconsciously, her legs went weak and she was about to fall to the ground. But at this moment, beside her, Su Zhile couldn't help but burst into tears again.

She was really scared this time.

She cried so hard that her voice was hoarse. She no longer looked pitiful and pretentious. On the contrary, her face was covered with snot and tears which made her so ugly.

Because she also knew that once she lost the Su family's support, she would be doomed!

She only reached such a high position in the entertainment industry because of her father's help. But if she was driven out of her family with

her mother, not only could anyone bully her, but even the rumors from last night could destroy her!

No, she couldn't end up like that!

She was the eldest daughter of the Su family, the rising superstar in the entertainment circle, and the future movie queen!

How could Su Zhile be willing to be ruined just like that!

She quickly grabbed her mother's clothes and pleaded, "Mom, help me, please help me!"
