

Chapter 23

As a mother, Wang Suping instinctively wanted to protect her daughter.

When Su Zhile burst into tears just now, Wang Suping had already sobered. At this time, when she saw her daughter, whom she had doted on since she was a child, ended up like this, her heart was aching as if it was being cut by a knife.

So for the sake of her daughter, Wang Suping chose to try again. This time, she couldn't care less about her self-esteem anymore and knelt directly in front of Mr. Su. "Guoqiang, I know that what I have done before has failed your trust. I won't beg you to forgive me and I can also resign from the company. But it's all my fault. Zhile is also your daughter and you watched her grow up. You can't just let her die!"

Last night, Su Zhile was defiled. Once this matter was completely spread and exposed to the Internet. For Su Zhile, it would be a dead end.

But with the status of the Su family, as long as Mr. Su was willing to help, those people would not spread this matter even if they took a video. In this way, Su Zhile's position in the entertainment circle would still be likely to be rescued.

That was why she was willing to leave in exchange for her husband's rescue of her daughter.

This time, she had completely abandoned her self-esteem. She could imagine how the surrounding servants would laugh at her after seeing such a scene.

Meanwhile, when watching this scene, Su Yan's hands trembled slightly from excitement!

Because she was so satisfied!

In her previous life, she had been tortured so miserably by this woman. Even when she had a miscarriage and stayed in the hospital in her past

life, Wang Suping also deliberately said some sarcastic words to her when she heard about the scandal between Chen Zhi and Su Zhile. She mocked Su Yan that she was not charming enough to make her husband love her, so she could not blame Su Zhile.

At that time, she hadn't completely given up on the scumbag, Chen Zhi. Su Yan had even once knelt in front of Wang Suping and Su Zhile, begging them to let her go.

The response she received was that they laughed wildly and looked at her as if she were a disgusting piece of trash.

But now...

It was their time to suffer while she was enjoying. Su Yan looked at Wang Suping kneeling in front of her. The joy in her heart was about to burst out uncontrollably!

However, she was not satisfied enough because she had not completely ruined Wang Suping's reputation. Therefore, this was just the beginning!

The most important part was yet to come!

Su Yan thought to herself. Seeing Wang Suping kneeling down, Mr. Su thought that Su Yan's excited tremble was out of fear. Hence, he patted his daughter's shoulder and said with a cold face, "You sure treat your own daughter well."

"Zhile is also your daughter!" Wang Suping emphasized, "I know I was wrong. But if Zhile is ruined, the Su family will be affected too. Moreover, do you really bear to make Zhile suffer?"

"Dad, please help me, I'm so scared..." Su Zhile also cried out and her voice was shrill.

As for Mr. Su, he had always been soft-hearted. At this moment, he felt his heart ached so much.

But if he helped Su Zhile, how should Mr. Su compensate Su Yan, who had suffered so much in the past years?

He frowned and was in a dilemma. Unexpectedly, at this moment, Su Yan suddenly wiped her tears and said gently, "Dad, I don't want my sister to be ended like this. Besides, she is also your daughter. I don't want to make things difficult for you."

"Well, if mom is willing to kneel now and apologize to me for what she has done in the past few years, I will forgive her and let my sister stay. What do you think?"
