

Chapter 25

It was Qi Jingxuan!

Su Yan didn't know since when he was standing in the yard of the Su family. Just like yesterday, he was dressed in simple black clothes and had a handsome face. Even if he stayed still, the bright sun in the yard made him look so beautiful that people couldn't move their eyes away.

But the problem was...

Why did he suddenly appear in the Su family's house?

And when did he come here? Looking at his meaningful eyes now, it was obvious that he had seen all the small movements that she had just thought no one would notice. But it was not until now that she realized he was here!

Yesterday and today...

It seemed that every time Su Yan pretended to be innocent, she would be seen by this man. This wasn't a good feeling.

Su Yan covered her head and was on the verge of breaking down as she thought. However, Qi Jingxuan smiled slightly after noticing her annoyed expression. After a meaningful smile, he suddenly brought his men around him and disappeared from her sight without a trace.

.....

At home, other than Su Yan, no one else had noticed Qi Jingxuan.

After listening to Wang Suping's apology, Mr. Su stood up angrily and smashed another cup. He said angrily, "Get out now! Get out of here!"

"Okay, okay, I'll leave now. But Guoqiang, please don't forget your promise." Wang Suping stumbled with tears streaming down her face.

"After I leave, you have to help Zhile shut those people's mouths. This is also for our family's good."

"Yes, Dad..."

Although Su Zhile was afraid of her father at this time, she still braced herself and said, "This morning, my agent contacted me. There are already some rumors on the Internet. I am afraid."

"If the matter between me and those five men is spread out, I will be scolded to death by everyone!"

"Shut up. You deserve it even if you're really scolded to death!" Mr. Su roared at the servants beside him, "Take Miss Su Zhile back to her room and lock her up. She's not allowed to step out of her room without my permission!"

"Yes." The servants quickly agreed.

Su Zhile cried again. "No, Dad. I promised to meet a director the day after tomorrow. This is a rare chance. I can't be locked up at home!"

"Let go of me. Don't touch me. Dad, I have to go out the day after tomorrow!"

"Mom, help me!" Su Zhile subconsciously asked Wang Suping for help.

She had been like this since she was a child. She did a lot of things without fear by relying on Wang Suping's love. But this time, her omnipotent mother couldn't help her anymore.

As a result, Su Zhile was dragged out by a few servants without any room for resistance. Only when the door closed did the room fall into silence.

Wang Suping stood where she was. Her heart was aching, but she couldn't do anything about it. She could only say sadly, "Guoqiang, I'll leave first..."

"Wait." Mr. Su suddenly called out to his wife.

Wang Suping was overjoyed. "Did you change your mind..."

"No, you must go to the company and resign now." Originally, Mr. Su thought that this matter was not urgent, but just after Wang Suping

apologized just now and he knew all the things that she had done, Mr. Su felt that this matter could not be delayed anymore.

Because his wife, who had slept beside him for decades, was too two-faced.

So today, he was going to remove this trouble from his company immediately!

Wang Suping naturally did not dare to resist. She was resentful but did not dare to say anything. The next moment, accompanied by Mr. Su's trusted subordinate, Gu Bo, Wang Suping had already gone out of the door and went to the company.

At the same time, a servant ran in in a panic and said happily to Mr. Su, "Mr. Su, there is a distinguished guest outside the door!"
