

Chapter 29

In the messy room, the first things that caught Su Yan's attention were the broken glass all over the floor and Su Zhile's dirty face.

Compared with her pitiful look when she knelt on the ground with Wang Suping in the afternoon, the current Su Zhile had removed her original disguise because her father was not here. She became unreasonable and domineering. With her messy hair now, she looked like a crazy woman! She did not look as arrogant as she had been in her last life.

When Su Zhile saw Su Yan enter the room, her eyes turned red. She subconsciously clenched the glass bottle in her hands and said furiously, "You're so shameless to come to my room! Do you want to mock and insult me? I'm telling you, Su Yan, you must not be too happy first. I won't let you go!"

"Oh, what will you do then?"

Not only did Su Yan not feel as uneasy as Su Zhile thought, she even smiled. She crossed her arms over her chest and said, "Right now, you are already someone that everyone despises. Dad is also extremely disappointed in you. Your mother has even been driven out. What else can you do to me?"

"By shouting like that?"

That was so ridiculous.

After all, she was not a three-year-old child to be scared out of her wits if she was shouted at by Su Zhile.

Not only that, but when Su Yan saw Su Zhile fall apart and was so angry, she even enjoyed it very much!

It was clear that Su Zhile didn't expect Su Yan to say something like this. Su Zhile's eyes widened in disbelief. While she was angry, she also felt ashamed!

Because she had to admit that Su Yan was right. Right now, she was weak and helpless. She was locked up in this room and her mobile phone had been confiscated. She could not even ask for help!

And it was all thanks to the b*stard in front of her!

At the thought of this, she could not control her rage anymore and lost all her reason. The next moment, she screamed, grabbed the vase in her hand, and smashed it hard at Su Yan!

"Bang..." The sound of porcelain shattering could be heard in the room.

However, Su Yan had long been on guard. Thus, when the vase flew toward her, she had already taken a step back at a steady pace and perfectly avoided it. Not even one piece of broken porcelain had touched her.

However, she looked down at the fragments on the ground and narrowed her eyes. The next moment, Su Yan squatted down. She picked up a piece of the fragments, held it in her hand, and admired it.

A bad feeling rose in Su Zhile's heart...

Her face turned pale. She came back to her senses and asked, "What do you want to do?"

"What do you think?"

Su Yan chuckled. She didn't expect Su Zhile's intuition to be so accurate. "I wonder what would Dad feel if he finds out that you even hurt me personally after doing so many nasty things?"

"..."

Su Zhile's eyes suddenly widened.

Mr. Su's had a good temper and would trust people easily. Moreover, his family was particularly important to him.

Because of this, even though Wang Suping had done so many disgusting things before, Mr. Su did not directly ask for a divorce, but drove her away first.

However, Mr. Su would never allow his daughters to hurt each other. Especially at this critical moment, even if Su Zhile cried to death, Mr. Su would not even look at her!

As a result, Su Zhile clenched her fists, and her whole body trembled with panic. "No! You can't frame me! What kind of irreconcilable hatred do you have for me to hurt me like this?"

Chapter 30

"Do you want to know what kind of hatred I have against you?"

That was such a good question!

In her past life, Su Yan had wanted to ask this question to these three women of the Su family more than once. She had always been so obedient to them. Why did they have to treat her like this?

They had ruined her innocence and also her marriage. They even sold her to the mountains and killed the only person who was good to her, Qi Jingxuan...

At the thought of such a terrifying scene, Su Yan's entire body trembled.

As such, a sinister smile appeared on her face as if she was a demon from hell. She looked at the person in front of her and said word by word, "Su Zhile, everything will eventually come back to you no matter good or evil. Why don't you think about what you and your mother did before asking me this question?"

"You took advantage of Wang Suping's love for you to lie and fool me again and again. You made me look like a fool. After careful calculation, I was fooled by you and your mother for more than ten years. Fortunately, I am awake now."

"You're just relying on Wang Suping's power, so you don't treat me as a human at all. Well, first of all, I'll start with your mother, okay? Without her help, you'll be alone and I can do whatever I want, right?"

That was because, in her previous life, Su Zhile was the one who murdered Qi Jingxuan.

Su Yan didn't want to kill her so quickly. She had to put Su Zhile in her hands and play with her to her heart's content. Only then would she be able to let Su Zhile die!

Su Yan held the piece of glass in her hand with a cold smile as she

thought about it. Her exquisite and beautiful face was filled with evil at this moment, which made her become even more beautiful and also frightening.

Su Zhile had already been scared stiff!

She stood there in a daze and couldn't say anything as she looked at Su Yan. Right at this moment, Su Yan didn't even blink her eyes. She directly used the sharp piece of porcelain to leave a bloody mark on her beautiful calf!

A lot of blood suddenly gushed out, dyeing Su Yan's white skirt red.

At this moment, Su Yan's innocent cries of pain also sounded. "Sister, why did you hurt me?"

"What's going on? Oh dear, Miss Su Yan, why are you bleeding?"

"There are so many pieces of porcelain on the ground. My God! Miss Su Zhile, even if you are angry, you can't do such a thing to your sister!"

"Oh my god, come on! Miss Su Zhile had completely gone crazy. Hurry up and tie her up!"

A group of servants rushed over when they heard the sound. They opened the door and surrounded Su Yan.

After all, although everyone had been bribed by Wang Suping before, now that Wang Suping had gone, everyone knew that Miss Su Yan was the favorite daughter of Mr. Su. Therefore, when they saw Su Yan injured, everyone became anxious.

Su Zhile was directly pressed onto the ground. A few parts of her body were also hurt while she was struggling.

But at this time, no one cared about her at all.

Su Yan's eyes were red. She held onto a servant beside her and said sadly, "Sister, I didn't expect that you would do such a thing to me..."

"Nonsense! You cut the wound yourself!"

Su Zhile shouted anxiously, "Don't believe her, all of you! I didn't hurt her,

she cut herself!"

"Why do you still want to slander me now?" At this moment, Su Yan was already crying bitterly. "Why should I hurt myself? I'm afraid of the pain too!"
