

Chapter 31

Su Yan's words were filled with grief. As a result, everyone who was present quickly defend her.

"Miss Su Yan, just ignore Miss Su Zhile. We've seen how she hurt you. When Mr. Su comes home tomorrow, we'll tell him the truth!" A servant stood up and bravely choose her side before Su Zhile could refute.

Because of her words, all the servants around immediately echoed her words.

"Yes, it's obvious who is right and who is wrong. Miss Su Zhile has gone too far. We have to tell Mr. Su!"

"That's right. We won't help Miss Su Zhile to cover up any more!"

"You, you!" Su Zhile's eyes widened in disbelief as if she couldn't believe that these lowly servants were now disobeying her.

But it was not over yet...

Tears welled up in Su Yan's eyes as she pretended to be innocent and said, "Thank you for helping me. However, I'm afraid that Dad will only return tomorrow. This room is already such a mess. It's no longer suitable for my sister to live in. If she continues destroying things when she went to a new room, it would be... How about this, we let her stay in the basement first. It's quiet there and there's nothing for her to smash. It'll be good for her to calm down."

"What, what did you say?"

She was the eldest daughter of the Su family, but now she was going to live in the basement!

No! This couldn't be done!

Su Zhile screamed and struggled more and more. However, her hysterical look made people even more disgusted.

As a result, the servants, who originally felt that it was not good, began to feel that Su Yan's proposal was appropriate. Moreover, Su Zhile had done something wrong, so it was not a problem for them to lock her up in the basement.

They gave each other a look. The next moment, they acted as if they didn't hear Su Zhile's roar. The few of them had already worked together to toss Su Zhile into the basement and locked her up!

While standing on the stairs and watching all of this, Su Yan also covered her lips and silently revealed a smile.

.....

In the basement, the light bulb, which had been out of repair for a long time, was not functioning well at all.

After being mercilessly thrown into this ruined place for a few hours, Su Zhile had been frantically knocking on the door. However, no matter how she cried or screamed, there was no response from outside the door.

As a result, Su Zhile gradually lost all of her strength as well. She fell onto the ground in a dispirited manner.

But she didn't expect that at this moment, she suddenly heard some sounds.

Su Zhile's eyes suddenly widened. Before she could even react, something in the darkness already fiercely bit down on her, making her toe bleed!

"Ah!" Su Zhile screamed and jumped up from the ground.

The black object in front of her had scared her out of her wits!

It was the thing she was most afraid of, a mouse that had bitten her!

Moreover, about eight mice just got out of the corner. They were not afraid of people at all and kept approaching her as if they were extremely hungry!

"Help! There are mice here! I'm hurt! Someone come and save me!"

"Mom! Sister! Where are you? I'm so scared!"

"Dad, I know I was wrong. Please let me out! I'm going to be killed by that b*tch, Su Yan!"

Su Zhile kept crying for help, but no matter how she shouted, the basement door didn't seem to have any intention of opening that night.

.....

The next day, early in the morning, Su Yan had just come out of her room when she saw her father sitting downstairs.

Chapter 32

Last night, Mr. Su was busy all night. At eight o'clock in the morning, he returned home under the escort of the driver.

When Su Yan went downstairs, Mr. Su was leaning against the sofa and wearily pressing his aching temples.

She frowned worriedly. The next moment, although she limped, she still went downstairs as fast as she could. Hearing the sound, Mr. Su also opened his eyes and looked at Su Yan. He took the initiative to come forward to help her and said, "The servants already told me that your sister hurt you last night this morning... Su Yan, you have suffered."

Su Yan quickly shook her head. "No, I'm fine. It's just that you won't blame me for acting on my own accord, will you?"

After all, she had brought Su Zhile to the basement on her own accord.

Mr. Su smiled helplessly and said, "How could I blame you? It's all your sister's fault. Now that she was quiet in the basement, I'll just let her stay in there."

"I've been busy with work for more than a decade and care too less about you. Well... I'm so sorry to you," Mr. Su said guiltily.

Su Yan's eyes reddened. "No, Dad! You're a good person. I've never blamed you!"

In her past life, Su Yan accidentally found out after seeing her father's dead will that even if he was disappointed in her at that time, he still left her with a huge sum of money before his death.

That was why Wang Suping and the others were eager to drive her out of the Su family and cut off their relationship with her.

Because only in this way could this money which originally belonged to Su Yan, fall into Wang Suping's hands.

Even so, Su Yan was still very grateful for her father's love for her!

Mr. Su smiled gently and said, "You silly child, but you don't have to worry about being alone in the house anymore. Xiao Die contacted Gu Bo this morning and said that she would cancel her leave in advance. At that time, with her company, you will have someone to talk to."

"...Oh, Xiao Die is returning early?"

Su Yan paused for a moment before narrowing her eyes and asking.

Mr. Su nodded. "That's right. She's the servant who grew up with you. You have a good relationship with her, right?"

"..." Su Yan lightly smiled.

They had indeed grown up together. Initially, Su Yan also thought that Xiao Die was the only person around her who treated her well.

However, it was not until later that she found out that Xiao Die was also a spy of Wang Suping!

Xiao Die would always report what Su Yan had done to Wang Suping. Moreover, under Wang Suping's instructions, Xiao Die would always give her some terrible ideas and make her become a joke in the circle again and again.

In her last life, after she was driven out of the Su family, Xiao Die was still "loyal" to her for a while, saying that she would take care of her.

One day, when she was in the rental apartment, she was almost dragged into the room and insulted. Only then did Su Yan find out that Xiao Die borrowed a huge sum of five million using her ID card without her knowing. Now that Xiao Die had run away with the money, her creditors naturally found Su Yan and forced her to return the money. Otherwise, they would drag her to the nightclub and make her a wh*re!

As a result, Su Yan had no choice but to work day and night to earn money. Afterward, with the help of Qi Jingxuan, she barely managed to escape.

However, her body still trembled at the thought of that period of time.

< Chapter 32

After her rebirth, she had almost forgotten about Xiao Die because of the great hatred in front of her, but now...

Things seemed to have become more and more interesting!
