

## Chapter 38

Just like what Su Yan had guessed before, the police had indeed arrived!

The ear-piercing sounds of police sirens kept hovering in the air, making people feel nervous and their hearts beating fast!

Under such circumstances, if Su Yan didn't bring Qi Jingxuan along and run, all of them might be arrested by the police in a short period of time!

Thus, she no longer hesitated. Suppressing the strangeness in her heart, Su Yan threw away the bottle in her hand and let go of President Wang. She quickly pulled over Qi Jingxuan who was standing by the side, pushed open the door, and ran out of the room!

But as soon as they reached the sixth floor, the rapid footsteps of the policemen came from downstairs...

If she wasn't wrong, the police should be on the fourth floor by now. In just a few seconds, they would be able to run into Su Yan and Qi Jingxuan.

However, in such a situation, they weren't able to prove their innocence. Su Yan would not be able to protect Qi Jingxuan's reputation in this way!

However, it was hard for them to escape now. There was no place for them to hide at all!

Su Yan was extremely anxious as she thought. However, at this moment, someone grabbed her wrist. Soon after, before Su Yan could react, she had already been pulled into a small warehouse at the entrance of the stairs!

The door was opened and closed again...

At the same time, a series of footsteps had arrived at the door.

However, the police had only received the news that their destination was the room on the eighth floor.

Therefore, without paying much attention to the small warehouse next to the stairs, a large group of people had already gone up the stairs and gone to a higher floor.

Having been scared badly, Su Yan opened her eyes wide in a daze. Only after a long while did Su Yan come to her senses and raise her eyes subconsciously.

The man in front of her tightly pressed on her with his heavy body. It was such a narrow space in the warehouse. He looked at her with burning eyes, raised her chin, and said, "You are quite bold. Do you know what kind of place is this? How dare you come here?"

"How dare you say that?"

When it came to this, Su Yan was so angry that she couldn't care less about anything else!

She said, "Didn't I warn you not to come to this place before? Why didn't you listen to me? Now that you were drugged and almost caught!"

If it weren't for the fact that she didn't feel at ease and secretly found an excuse to sneak out, Qi Jingxuan would be in the headlines again tomorrow!

Looking at her flustered and exasperated look, Qi Jingxuan also raised his eyebrows slightly.

What Su Yan did not know was that he had not been drugged at all. Everything that had happened in the private room before was all fake.

At first, Qi Jingxuan didn't take Su Yan's warning to heart. However, after he truly received an invitation from Century Hotel this evening, he mysteriously recalled Su Yan's words.

However, it was not Qi Jingxuan's character to avoid those who wanted to hurt him.

So he came and pretended to be drugged to find out who was the mastermind behind the scenes.

He had already arranged for his men to be in the private room. But he

didn't expect that this silly little girl would break in and try to save him before he could finish his plan.

Now, Qi Jingxuan looked down at Su Yan in front of him. After a long while, he smiled evilly and said, "Did you tear your clothes to save me?"
