

## Chapter 41

"Gu Bo, did something happen?"

Since Su Yan was reborn, she became good at observing people.

Gu Bo was her father's trusted subordinate. In short, he was like a reflection of Mr. Su. He was waiting for her here with a complicated look. Presumably, something must have happened when she was away!

After hearing Su Yan's words, Gu Bo helplessly nodded his head and said, "Miss, you're smart. Your father didn't know how to tell you about this. So he ordered me to wait for you here and apologize to you in advance."

"What do you mean?"

"Just now, Miss Su Zhige came back early from abroad." Gu Bo sighed and said, "She brought her mother with her when she came back. Miss Su Zhige won third place in the international chemistry competition, which brought a lot of honor and praise to our family. Your father is very happy. With Su Zhige's help to mediate, and not to mention he is soft-hearted, so..."

"So did my father forgive Wang Suping for what she had done before?" Su Yan could guess what had happened, so her face darkened as she sneered. She finished Gu Bo's words.

Gu Bo could only nod awkwardly. "Yes, Su Zhile was also released from the basement."

.....

Su Yan was completely speechless.

In a trance, the moonlight in the sky seemed to be covered by dark clouds. Su Yan put her hand behind her back in the dark. Her eyes became red and her heart was filled with hatred.

Great.

She had exposed all the things that Wang Suping had done to her all these years including the time when she was almost raped. However, all these incidents and hatred disappeared after only two days through Su Zhige's simple mediation. Wang Suping and Su Zhile even regain their positions in just two days.

Su Yan closed her eyes. She could not control the rage in her heart.

Gu Bo also noticed her feelings. Subconsciously, he wanted to persuade her with a few words, but he was also helpless. He still sighed and said, "Miss, don't be angry with your father. It's not easy for him too. After all, they are his family too. Besides, although Mrs. Su has made a mistake, she has been in this family for decades. Family relationship was the most important thing for Mr. Su... However, Mr. Su will compensate you for this matter. You must rest assured about this!"

"Is that so?"

"Of course!"

"Let him prepare his compensation." Su Yan put on a fake smile and said, "I'll wait and see."

.....

Gu Bo wiped the cold sweat from his forehead. At this moment, he realized that he couldn't say anything under Su Yan's cold gaze.

.....

In the blink of an eye, it was already morning.

Today was the first day of school after the summer vacation, so Su Yan had set an alarm last night and got up on time.

When Xiao Die yawned and came in late, Su Yan had already washed up and changed into her clothes.

She opened the door and saw Su Yan, who was neatly dressed. Xiao Die opened her eyes wide in disbelief as if she had seen a ghost!

She used to serve Su Yan, so she always knew that Su Yan had the habit of waking up late. Especially on school days, she deliberately used all kinds of means to avoid class.

As a servant who served Su Yan, Xiao Die simply got up late too, so that she could have more time to sleep.

But today...

Xiao Die silently looked at Su Yan in front of her, who was already dressed properly. Before she could say anything, Su Yan had already passed by her and gone downstairs.

In the dining room, Mr. Su, Wang Suping, and her daughters were already sitting there and having breakfast. They were talking and laughing, and the atmosphere was lively. Wang Suping was even serving food and porridge for Mr. Su as if she was a good wife.

Seeing this scene, even Su Yan had no choice but to admire Wang Suping.

After all, something had just happened two days ago. But now, she had returned to her usual self in the blink of an eye. She was gentler than before and even served Mr. Su better than his servants aside.

However, such a fake mask...

She wanted to tear it off her face.

Su Yan thought to herself with a faint smile. The next moment, she walked down the stairs. She obediently walked to her seat and greeted her family. "Father, Mother, Zhile, and Zhige, good morning."

"Hmph!" Su Zhile was the first to let out a cold snort. She still had a grudge against Su Yan because she had been locked up in the basement by her before.

Wang Suping quickly stepped forward to cover up her daughter's emotions. She said to Su Yan gently, "Good morning, Su Yan."

"Good morning." Su Zhige also raised her eyes and responded in a cold voice.

Su Zhige was the second daughter of the family. She had been smart since she was a child, so she had such good results in learning and was called 'the most talented student' by all the people in the country. Therefore, although she had the most ordinary appearance among the three sisters, she was even more arrogant than them.

However, she was not an idiot like Su Zhile. Su Zhige would rarely show her emotions, so she usually kept a straight face. Everyone would only say that she was an outstanding person but didn't have a good temper.

Because of her cleverness in learning, Su Zhige's evaluation in the upper class had always been very good. A lot of rich people were obsessed with her and said that Su Zhige was different from other girls.

However...

Only those who knew her understood what kind of person Su Zhige really was!

She always hid behind Wang Suping and Su Zhile. Like a military counselor, she guided them and used them to take action for her.

In her past life, Su Yan had been tricked by Su Zhige many times. Su Zhige had even used her to deal with Qi Jingxuan in business.

She was a very disgusting person!

However, Su Yan realized that this was the first time she had seen Su Zhige since her rebirth.

Perhaps it was because Su Zhige had heard her mother talk about Su Yan before. Even though Su Zhige's expression was calm, Su Yan could feel that she was looking at her from head to toe.

However, Su Yan still looked calm as if she didn't notice Su Zhige's eyes and Mr. Su's embarrassed expression. She just picked up the porridge and ate it slowly.

Wang Suping suddenly said with a smile, "Su Yan, you woke up so early today! Please don't blame us for starting breakfast first. After all, you always get up late on school days in the past, so we usually let you have more time to sleep."
