

Chapter 42

"Oh, I know you care about me, Mom."

Su Yan listened to Wang Suping's words and replied with a smile, "After all, ever since I was young, you taught me to wake up late every day and didn't have to care about school. That's why I had been obedient and never woke up on time in the past."

At that time, Su Yan thought that Wang Suping did care about her and was moved in her heart.

But...

She had disappointed all her teachers and also her father because of this.

Wang Suping didn't expect Su Yan to tell the truth. She was stunned and her face darkened. "You... I was only joking before. Why did you take it so seriously?"

"You didn't tell me that it was a joke. I was always grateful to you at that time. I thought you really cared about me!"

Su Yan looked at Xiao Die with a smile and asked her, "Xiao Die, do you think my mother treats me well? I remember that you are always by her side. I even think that you're my mother's daughter!"

"Miss, I..."

How did she dare to be Wang Suping's daughter? She just did this because Wang Suping paid her!

Xiao Die thought in her heart with sweat dripping down her forehead.

"Enough, Su Yan, what do you mean by these words? Are you deliberately making things difficult for Mom because you are unhappy about her coming back?" Su Zhile had a bad temper. In addition, she had been locked up in the basement that was filled with rats for so long because of Su Yan, so she had long held resentment in her heart.

When she heard Su Yan's sarcastic words, Su Zhile immediately couldn't help but slap the table and shout.

Wang Suping wanted to stop her reckless daughter, but before she could, tears flowed out of Su Yan's eyes...

She was at a loss as she said, "Sister, what are you talking about? What I just said is to thank Mom for being considerate of me. What's more, I never said anything unhappy about Mom's coming back.

"This family belongs to my father. I will respect my father's decision. Although you and my mother found five men to insult me and wanted to ruin my reputation, as long as my father is willing to make peace with this family, I can bear any grievance."

"But how can you say that to me after I put in so much effort? Don't you think you have gone too far? Am I not a member of this family?"

"Nonsense! You are my daughter!" Mr. Su couldn't stand it anymore after hearing Su Yan's last sentence which was full of grief.

He only felt guilty and distressed. He dropped his chopsticks and brought Su Yan to his side. He looked at Su Zhile and said, "I haven't forgotten what you and your mother had done to Su Yan! I released you from the basement because I thought you had regretted it. However, if you are still as stubborn as before, you can go back to the basement!"

"Dad, I..."

"Alright, shut up!" Wang Suping had a headache and quickly stopped her daughter. She smiled apologetically as she clenched her fingers and apologized to Su Yan in humiliation, "Su Yan, it's all my fault. I didn't teach your sister well. Please don't be mad."

.....

Su Yan didn't say anything, but she looked away at the next moment. She seemed to be sad and didn't want to see Wang Suping at all.

Mr. Su felt so guilty and could no longer remain silent.

He sighed and said seriously, "Su Yan, it's my fault for not telling you about your mother's return yesterday when you were not at home..."

"Dad, don't say that."

Su Yan wiped away her tears and forced a bitter smile, "I just said that you are the master of our family. If you want our family to be peaceful, I will cooperate with you too even if it's just to remain peaceful on the surface."

"I..."

Mr. Su's face turned red from embarrassment.

How could he not hear the sarcasm in Su Yan's words?

He said with difficulty, "Su Yan, I know you're blaming me, and I also know that I didn't handle this matter well... However, I've already thought of a way to make it up to you."

"I will not forget what your mother had done before."

"Guoqiang, what are you talking about?" Wang Suping suddenly widened her eyes and asked in shock.

Mr. Su didn't even look at her as he said, "No matter what, it's all because you did something wrong. That's why I thought about it last night. Next, you have to make two compensations for Su Yan."

"First, I want you to return all the things you took from Su Yan, and I don't want to see you play any tricks. Second, you have to rebuy 5% of the company's shares that you have sold before. After that, I will add another 3% and that will make a total of 8% of the shares. All of them will be transferred to Su Yan."

Su Group was currently at its peak. 8% of its shares were enough for Su Yan to become a small shareholder of the company.

At that time, the dividends that Su Yan would receive every month would be more than ten million!

Su Yan, who had never thought that Mr. Su would make such compensation, paused slightly. Wang Suping directly slammed the table and stood up. "Guoqiang, are you crazy?"

Eight percent!

8% of the shares of Su Group!

She worked so hard for the Su family for decades and even gave birth to two daughters for Mr. Su, yet she only got 5% of the shares. Why did the little b*stard, Su Yan, get so many shares when she was just 18 years old?

However, Mr. Su didn't think there was any problem.

He said with a straight face, "As I said, this is the compensation you owe Su Yan for so many years. You have no right to refuse."

"Dad, what about me?" Su Zhile couldn't help but stand up. Her eyes were red as she said, "I'm also your daughter. Why are you partial to her?"

"Do you still have the nerve to speak up?"

Mr. Su sneered and said word by word, "Was the trouble you caused me two days ago not serious enough? To help you settle the matter and beg others to not spread that video, I spent millions!"

Someone even took advantage of the situation to force cooperation with the Su Group.

That was why Mr. Su didn't owe Su Zhile at all! If she hadn't been his daughter, Mr. Su would have driven her out!

Meanwhile, Su Zhile immediately stopped speaking with a guilty conscience.

After all, she knew that she had caused big trouble, but...

She couldn't just watch as Mr. Su gave 8% of the company's shares to Su Yan!

Su Zhile looked at her mother anxiously. As expected of a cunning person who had been scheming all year round. Wang Suping, who was in great shock just now, had already calmed down and thought of a way in just ten seconds.
