

## Chapter 44

No one expected that just as Wang Yuyan struggled to get up from the ground, Su Yan slapped her again before she could finish her words!

"Slap!" A loud sound could be heard...

When Wang Yuyan was exasperated just now, there were a lot of people talking around them. But now, the surrounding became extremely quiet.

Wang Yuyan touched her face and widened her eyes in disbelief. But it was not the end.

Su Yan lifted Wang Yuyan's collar easily. She slowly smiled and brought her in front of her. She looked at Wang Yuyan and said word by word, "Who do you just say that you want to kill?"

Wang Yuyan couldn't say anything.

Su Yan continued to smile gently and said, "Maybe I was wrong. Perhaps I have mistaken that you, who's from the insignificant Wang family, wanted to challenge the authority of the Su family."

In upper-class society, the division of power was very obvious.

The Su family was a well-known noble family in the era. In Youshen, the Su family had an important position. The Wang family, where Wang Yuyan was from, was just a newly risen upstart in the past two years. Although it was powerful, it couldn't even be compared with the Su family.

In the past, the reason why Su Yan could be bullied by Wang Yuyan was that she had a timid character. In addition, Wang Suping also brainwashed her to not tell her father even if she was wronged. That was why Wang Yuyan from such a small family could bully her again and again!

But now, it was impossible for such a thing to happen.

She looked at Wang Yuyan in front of her coldly and narrowed her eyes with a faint smile.

Wang Yuyan froze for a while. At this time, she finally regained her voice and struggled to say, "You can't threaten me with such words! Do you

think that I don't know that you are not as favored by others in the Su family? Your father doesn't care about you at all!"

"Oh, is that so?"

"Of course!"

"Who told you about this?"

"It's Su... oh!" She almost spilled the beans!

Wang Yuyan quickly came to her senses and stopped talking.

However, it was already too late. Su Yan already knew who was the person behind Wang Yuyan!

She slowly said, "Why don't you continue? Let me help you. Su Zhile told you, didn't she?"

"For so many years, you have been urging people to bully me at school. It should be Su Zhile's idea."

Otherwise, no matter how stupid Wang Yuyan was, she would not be so cruel to someone from the Su family.

It was obvious that she did not expect Su Yan to speak of such a secret matter so directly. Not only was Wang Yuyan's face turning pale from fright, but even the surrounding crowd was also stunned.

After all, everyone knew what kind of person Su Zhile was.

She was the most popular person in the entertainment circle and her character had always been gentle and pure, but...

In private, she even let someone bully her sister. They didn't expect Su Zhile to do such a ridiculous thing!

Su Yan said with a faint smile, "Well, I do admire how loyal you are to Su Zhile. I'm afraid that even a dog might not be as obedient as you. However, before you do anything, why don't you use your brain at all? You only listen to Su Zhile's brainwashing."

"Even if I am not favored in the Su family, I am also a member of the Su family no matter what. How dare you bully me? As long as I tell my father, your family will not be good. More importantly..."

"I'm actually very favored by my father."

Su Yan said with a cold smile, "The person who is not favored should be

your master, Su Zhile."

"No, that's impossible!" Wang Yuyan couldn't stand it and screamed, "Su Yan, don't talk nonsense. You are just framing her! Su Zhile is the eldest daughter of the Su family and the star of the entertainment circle. You can't slander her behind her back!"

"And she didn't let me target you at all. You're just too stupid. You're a burden in every exam in our class, and you're always late which affects the order of our class. That's why I don't like you!"

Qide High School was the best school in Yoshen. The students who could study there were the best among them, and the requirements were also very strict.

It just so happened that Su Yan was that misfit!

Although she studied in the best class in their grade, Su Yan's grades were always the last in the whole school, which ashamed all the teachers and students in her class!

Wang Yuyan's grades were the best among the girls, so it was indeed reasonable for her to criticize Su Yan on this point.

However, when she heard these words, Su Yan's smile became even bigger. "Can you find a better excuse? You will soon regret it if you use my results to attack me."

"What do you mean by this?"

"It's just the literal meaning. It should be a surprise." Su Yan blinked her eyes and said playfully, "By the way, don't deliberately change the topic. Didn't you say that you don't believe that Su Zhile is not favored at home? Let's continue to talk about this."

Wang Yuyan was alarmed. "What kind of story do you want to make up to slander Su Zhile?"

"It's not a story, it's evidence."

Su Yan smiled and took out her phone. She slowly said, "I recorded a very interesting thing before. It's fine if I let you hear it. It's just that you have to hold on after you hear it. Don't break down."

Otherwise, what would happen next wouldn't be fun.

Su Yan thought about it in a meaningful manner. Following her actions, a shrill female voice suddenly sounded from the phone, causing

everyone's hearts to tremble.

"Help! There're mice here! It hurts! The mice are biting me. Someone come and help me!"

"Mom, sister! Where are you? I'm so scared!"

"Dad, I know I was wrong. Please let me out!"

.....

The surrounding was quiet. Wang Yuyan, who was arrogant before, became even paler and almost sat down on the ground.

Everyone could tell that the woman who constantly screamed pitifully in the recording that Su Yan played was none other than Su Zhile, the most elegant and gentle woman who would never raise her voice in everyone's eyes.

However, she shouted at the top of her voice like a shrew in the recording. She didn't have any grace at all, which made people unable to favor her again.

It should be noted that from the past until now, Su Zhile had always claimed that she was the most distinguished daughter of the Su family. However, no one expected that Su Zhile was so different from the image she built in front of others! She was not valued by her family as she had said!

From what they had heard on the phone just now, it was obvious that Su Zhile had been locked up by Mr. Su because she had done something wrong.

At the same time, everyone looked at each other and remembered a piece of gossip that had been faintly rumored for the past two days...
