

Chapter 45

A short-haired girl took the lead in gossiping. "Have you heard? Su Zhile was in a private room with five men on the day of her father's birthday and was caught!"

"I've heard it from my brother too. It's said that the five men were found by Su Zhile's mother and she seemed to have spent a lot of money on them!"

"Oh my god, is it true? I don't know about this. Is your news accurate? Besides, I have seen Su Zhile. She has a beautiful look. Why does she have to spend money to find men? There should be a lot of men who are willing to sleep with her!"

"What do you know? Rich ladies like her must have strange aesthetic standards. She mustn't like ordinary men."

"Oh, what kind of men does she like then?"

"It seems that she likes old and ugly ones! My brother told me that the five men were already in their 80s. What's more, just looking at their figures and appearances made people want to vomit!"

"Oh my god! Does Su Zhile have such a weird taste? I'm so shocked!"

.....

The crowd began to talk about it. Since it was a matter of a star in the entertainment circle, the more they talked, the more excited they became. In the end, they couldn't even control their voices.

After all, although Mr. Su had already used his power and money to suppress the news, the news would eventually spread.

Although the video of Su Zhile and the five men had not been leaked out yet, the rumors could not be completely controlled. Moreover, in the recording, Su Zhile had been begging for mercy from Mr. Su and said that she had done something wrong. Thinking about what had happened recently, it just so happened that everything could be connected!

Thus, everyone thought that they had already discovered the truth of the matter for a moment. Su Yan also stopped the recording at perfect

timing.

Looking at Wang Yuyan who had fallen to the ground and lost her wits, Su Yan played with her fingers and asked with a smile, "Are you still going to say that I am slandering your favorite Su Zhile?"

"I don't know what you're talking about! I'll ask her about the details myself!"

If the recording was true, Su Zhile must have lied to her!

During her three years of high school, she always followed Su Zhile's lead. If this was Su Zhile's true colors, she would never be able to have the support of the Su family!

Wang Yuyan thought in a cold sweat. At this time, her expression was extremely ugly.

Su Yan did not care much about her words. She casually shrugged her shoulders and said indifferently, "You can go and ask her if you want to. After all, I also like to see people being stubborn and end up in a miserable state."

"You!"

"Shut up. Give me some respect."

Su Yan sneered as her face darkened. She raised her eyebrows as she looked at the messy table in the corridor and said, "That's your doing, right? You have ten minutes to clean it up and move it back to its original position before I give you another beating!"

"You're too unscrupulous!" Wang Yuyan was so angry that she was about to cry. "This is the school!"

Su Yan pretended to understand. "Is this a school? You have always been bullying me during my years of high school. I almost thought that this was the back garden of your family."

Wang Yuyan said, "I..."

Su Yan said, "Alright, stop wasting my time." She played with her hair and leaned against the railing. Her gaze was cold as she said, "You still have nine minutes left. Don't blame me for not reminding you."

.....

Wang Yuyan was completely speechless.

.....

At the same time, a tall figure slowly leaned against the wall with a gentle and doting smile on his face in a corner in the distance.

An Jiu wiped his sweat and exclaimed, "Mr. Qi, Miss Su seemed to be delicate and gentle last time we saw her at the hotel. I didn't expect her to be so scary!"

Originally, An Jiu was worried when he saw a large group of people bully Su Yan and mess with her table especially when they were going to throw her rubbish. However...

Never in his wildest dreams would he have imagined that the petite and beautiful Su Yan would slap the person in the face in the next instant!

She even started to scold Wang Yuyan until she was unable to speak a word!

This scene was even more exciting than a drama!

As he watched everything unfold, Qi Jingxuan smiled, "She's always been very powerful."

"That's right. You were worried that Miss Su would be bullied when she started coming to school. Now, you can finally rest assured."

Qi Jingxuan raised his head and glanced at him slowly. "Shut up."

"Hehe, It's just rare for me to see you in such a good mood."

After all, An Jiu had grown up in the Qi family with Qi Jingxuan.

No one could be more clear about Qi Jingxuan's cold and arrogant character than An Jiu. After so many years, it was the first time he had seen his master care about a girl!

Hearing An Jiu's words, Qi Jingxuan also raised his eyebrows as he realized that his feelings were exposed.

So, he stopped smiling and said lightly, "Alright. How was your investigation yesterday?"

"I found out that President Wang was killed."

To protect himself due to Su Yan's words, when President Wang first arrived at the police station, he immediately blamed Qi Wanzhou of the Qi family for everything. He claimed that Qi Wanzhou hid all of the drugs in the room.

After all, this was the truth anyway.

It was Qi Wanzhou who ordered him to drug Qi Jingxuan today. Now that President Wang had pushed all the blame on him, the police would soon be able to find clues and prove his innocence.

However, to everyone's surprise...

Qi Wanzhou was not stupid and had prepared a backup plan.

Therefore, not long after President Wang entered the detention center, he died. He seemed to die because of a heart attack, but it was obvious who killed him.

Qi Jingxuan had also guessed that such a thing would happen.

He narrowed his eyes. The next moment, he sneered and said, "Since my brother is smart enough to kill people, as an elder brother, I can't be a good person anymore."

"Got it. I'll order someone to give him a good punishment!"

How dare Qi Wanzhou set up a trap for his master? An Jiu longed to punish him! It was the right time to do it now!

Qi Jingyuan nodded with satisfaction. The next moment, he looked at Su Yan in the distance and found that there was no problem there. He also turned around and said, "Let's go. Don't spread about what happened between me and Su Yan. Otherwise, she will be targeted by those bastards of the Qi family."

"Yes, I understand! Furthermore, it won't be so easy for Miss Su to be targeted by the Qi family." An Jiu said without noticing, "After all, Miss Su still has a fiance!"

.....

Qi Jingxuan suddenly stopped in his tracks.
