

Chapter 47

Chu Lun said what everyone wanted to say in their hearts.

For a moment, everyone in the class couldn't help looking at Chu Lun who spoke and laughed as they agreed.

Hearing this voice, Su Yan knew who it was without even turning her head.

However, the reason she applied to Liss University was not because of the desire to fight Su Zhige as how people said.

She smiled and calmly played with the pen with her slender fingers. She slowly said, "It's too early to say whether I'm copying her or not. You're so loyal to her to deny me in a hurry. I'm afraid that even a dog raised by its master since young is not as protective of its master as you, Chu Lun!"

This was something that many people in this circle knew.

Chu Lun, the most famous and handsome boy in their school, was a loyal admirer of Su Zhile. Before Su Zhile entered the entertainment circle, he had always regarded the beautiful and gentle Su Zhile as his goddess. Later, after Su Zhile became an actor, he also followed her all the way and never gave up.

There were even rumors that he had privately spent a lot of money to give Su Zhile substantial help.

Everyone had a tacit understanding of this matter and would never say it out loud. However, they did not expect that someone would speak so bluntly today. Furthermore, it was Su Yan...

Such an exciting scene!

Everyone knew that Su Yan from the Su family and Chu Lun from the Chu family had an engagement about ten years ago!

However, Su Yan was timid in the past. She knew that Chu Lun did not like her, and she was clear about the rumors about her sister and her

fiance. She had always been enduring and would never reveal her emotions in public.

Therefore, everyone only regarded their engagement as a joke.

However, they did not expect Su Yan to be so bold!

Her words indicated that Chu Lun was a dog!

Some of the boys who didn't like to see Chu Lun in the limelight couldn't help laughing wildly. A lot of girls wanted to protect the prince charming in their hearts, but they didn't dare to speak for a while after they had seen Su Yan hit Wang Yuyan before.

Chu Lun's face darkened as he said angrily, "Are you aware of what are you saying?"

Su Yan nodded her head seriously. "Of course, Mr. Chu, do you have bad hearing? You are still young, please remember to cure your illness as soon as possible."

"You!"

Chu Lun opened his eyes wide in anger. For the first time, he found that the girl he had always looked down upon was a little different from what he had imagined.

Mr. Liu couldn't stand it anymore.

With a headache, he quickly stood up and said, "All right, you are classmates. It's just the beginning of school. Don't fight."

He looked at Su Yan and said, "Su Yan, you are ambitious and it's a good thing. That's why you have to take the exam more seriously later."

"Thank you, Mr. Liu. I will."

"That's good. Who else didn't answer yet? Come on, let's finish this. There's still a test for you later!"

Mr. Liu tried to smooth things over. Under his urging, the student sitting behind Su Yan also hurriedly stood up and answered.

As a result, a battle that had not yet begun was over.

Three minutes later, after everyone finished answering, Mr. Liu

distributed the test papers and ordered everyone to take the exam seriously.

Su Yan focused all of her attention on the questions. She no longer paid attention to the gaze of Chu Lun who was gnashing his teeth.

It was just that...

Chu Lun did not intend to let her go so easily.

In the blink of an eye, the day had passed. When it was finally time for school to end in the evening, Su Yan packed her things and was about to leave. However, she was directly blocked by a fierce figure in the corridor.

It was obvious that he had planned this a long time ago.

Holding his schoolbag, Chu Lun leaned against the pillar of the school pavilion and looked at her coldly.

With a slight raise of her eyebrows, Su Yan's footsteps also paused slightly. However, her pause only lasted for a second. In the next moment, she continued to walk forward with an indifferent expression as she ignored Chu Lun.

Chu Lun couldn't take it anymore.

He chased after her and blocked her way. "Hey!"

Su Yan directly said, "A good dog does not block the way."

Chu Lun was speechless.

This was the second time that he had been called a dog by Su Yan!

Chu Lun had never been wronged like this. His face became red as he asked angrily, "I'm waiting for you here because I have something to tell you!"

"It's because of Su Zhile, isn't it?" Su Yan slowly replied. At this moment, she did as Chu Lun wished. She stopped and calmly looked at the person in front of her.

Chu Lun was stunned. "How do you know?"

"Is it so hard to guess?"

After all, Chu Lun was deeply in love with Su Zhile. This was something that Su Yan had known in both her past and current life.

In her past life, even if Chu Lun had an engagement with her, he had never cared about her. In his heart, he only cared about Su Zhile and felt that she was the most gentle and beautiful girl in the world.

At that time, Su Yan had also been heartbroken because of this.

After all, Chu Lun was handsome. He was also her fiance since she was young. As such, Su Yan humbly and secretly fell in love with Chu Lun for a long time. Even though she knew that he liked her older sister, she did not want to give up. She tried her best to let Chu Lun see her advantages.

However, after she was insulted by five men, and her reputation was ruined in her previous life, Chu Lun came to her.

Originally, she thought he was here to comfort her. However, she didn't expect Chu Lun to say such cold words in front of her who was already hurt, "You are so disgusting."

At that time, all of Su Yan's fantasies disappeared. She almost committed suicide because of his words.

Fortunately, the current Su Yan was completely different from before.

Looking at the handsome boy standing in front of her, she said sarcastically, "Tell me why do you come to me for Su Zhile? Is it because she complained to you that I bullied her? Did she want you to help her vent her anger?"

"Don't talk nonsense!"

Chu Lun was angered by Su Yan's sarcastic words. He was also a little depressed. "Zhile is not the kind of girl who likes to complain. Only when I chatted with her two days ago did I realize that you have done such things to her! Not only did you chase your mother out of the Su family, but you also made Mr. Su lock her up in the basement."

"For two whole days, you have made the Su family restless. You are indeed the most vicious woman I have ever seen!" Chu Lun scolded her sternly.
