

## Chapter 5

Su Yan did not intend to let Su Zhile leave the room safe and sound from the start.

The next moment, her expression immediately became cold at the moment Su Zhile finished speaking. Then, before Su Zhile could even react, a loud and clear sound rang out. The dress on Su Zhile's body had already been directly sliced open by a fruit knife!

The beautiful and sexy dress suddenly became two pieces of scrap cloth and fell to the ground!

As for Su Zhile, her mature, beautiful, and graceful figure was all shown in front of the five old men in an instant!

Obviously, she didn't expect such a turn of events...

Su Zhile's expression changed drastically as she hurriedly squatted down. She screamed as she used her hand to cover her important parts. The eyes of the five old men present also lit up in an instant. There were also some people who greedily dripped out saliva.

Su Zhile roared, "Su Yan, are you crazy? Do you know what you're doing?"

"Of course, I know, but didn't I just say that I think you should stay and entertain these five guests in person?"

"What are you trying to do?" Su Zhile seemed to have realized something and asked with a deathly pale face.

However, Su Yan no longer looked at her. Instead, she looked at the disgusting yellow-toothed man beside her and asked with a faint smile, "You were brought here today because you must have taken a lot of money from Su Zhile to deal with me, right? However, I am the most doted daughter in the Su family. Not only Su Zhile can give you money, but I also can."

"Then, do you mean..." The man with yellow teeth rubbed his hands and smiled obscenely.

All in all, the current situation was very obvious.

Although they were accomplices that Su Zhile had hired, just as Su Yan had said, she was the daughter that President Su doted on the most in the Su family. If they provoked her, they might not be able to bear the consequences in the future.

As for Su Zhile, even though her appearance and figure were much weaker than Su Yan's, compared to the women they usually interacted with, she was already the cream of the crop!

What was more, Su Zhile was also a very popular star! They could already brag about it for a long time!

Su Yan held the knife and coldly smiled. "Am I not obvious enough? I've already helped you take off my sister's clothes."

"Help me serve my sister well later and make her feel comfortable. I will come to check in an hour. If I am satisfied with the result, I can double the reward."

"No! You can't do this to me! I am the eldest daughter of the Su family. If you b\*stards dare to bully me, I will let my mother kill you!" Su Zhile screamed crazily.

Her clothes weren't even enough to cover her body. Originally, she didn't dare to go out and humiliate herself. However, now that Su Yan had said those words, she immediately prepared to rush out of the room.

But the five men in the room couldn't stand it anymore. How could they let this beautiful girl go?

The next second, before Su Zhile could run out, several old men rushed over and threw Su Zhile directly to the ground. They all approached her with hideous smiles!

As for Su Zhile, even though she was constantly struggling, the difference in physical strength between men and women was huge.

The five people held on to her tightly. Two people had been holding her hands so that she could not move. Therefore, in a short while, her white skin was full of ambiguous traces.

Su Zhile's shrill and pained screams continuously rang out...

This scene had happened to Su Yan in her past life, leaving her with an unforgettable haze for the rest of her life.

Now that she had turned the situation and looked at Su Zhile's current state, she thought back to how arrogant Su Zhile was before her death. A happy smile appeared on her face. However, the next moment, Su Yan directly left this private room and locked the door.

All in all, it was just the beginning, and the real show had not yet begun...
