

## Chapter 8

"Is there such a thing?" Mrs. Zhao was stunned. The next moment, several noble ladies who heard Wang Suping's complaint turned to look at Mrs. Chu at the same time...

This was because if the marriage was completed smoothly, Mrs. Chu would become Su Yan's future mother-in-law. In the past, everyone in the circle already knew about the marriage between the outstanding son of the Chu family and the ordinary third daughter of the Su family. However, would Mrs. Chu from a wealthy family want her son to marry a woman who had no outstanding aspects except for a beautiful face? Wasn't that the same as marrying a vixen?

Not to mention from Wang Suping's words, the third daughter of the Su family was not as obedient and sensible at home as the outside world thought. She even often went against her mother.

If such a person was married into the Chu family, would they still have a peaceful life in the future?

For a moment, everyone secretly looked at Mrs. Chu, who was standing aside and heard Wang Suping's words. Mrs. Chu's expression was not good.

However, Wang Suping acted as if she had just seen Mrs. Chu at this time.

She pretended to be flustered and quickly said apologetically, "Oh, I was just talking nonsense. Our Su Yan is an obedient girl. She is not frivolous at all. Mrs. Chu, please don't take what I said before to heart!"

"...Hehe." Mrs. Chu forced a smile.

Wang Suping's words not only failed to comfort her but also made her mood worse. It made her even more dissatisfied with this engagement that her husband agreed.

If it wasn't for the fact that she was at the birthday party now and couldn't leave directly, Mrs. Chu wanted to go home immediately and let her husband cancel the engagement!

Standing aside, Wang Suping still acted as if she had done something wrong, but no one saw that there was a slight smile on her face.

.....

In the room, Su Yan was lazily leaning against the door. As the main character of the gossip outside, a smile appeared on her face at this moment.

Because of her experience in her last life, she was not surprised at Wang Suping's slander at all. After all, she had always wanted to fight for the marriage of the Chu family to her daughter, Su Zhile.

That was why Wang Suping and Su Zhile had planned together to let Su Yan be insulted by five men today.

At that time, according to Mrs. Chu's strict character, she would definitely let her son and Su Yan break off the engagement on the spot and draw a clear line. In this way, Wang Suping could take advantage of this opportunity to fight for Su Zhile's marriage.

After all, with Su Zhile's outstanding identity, she could completely match the son of the Chu family.

Under such circumstances, even her father, who had always favored her, could say nothing more.

As expected, just as Su Yan was thinking about this, her father's confused voice came through the door.

"Why is this room locked? I knocked on the door just now and no one responded. Are you sure Su Yan is inside?" Mr. Su looked at Shanshan's late wife and asked.

"Of course. Su Yan pestered me before to book this private room for her to entertain her guests!"

Wang Suping deliberately said loudly, "But as a matter of fact, I don't know why she needed to hide the mysterious guests so that I won't know in advance! I think Su Yan didn't hear you knock just now so she didn't respond. But I have the key. I can open the door!"

With the sound of opening the door, an ambiguous female's voice which would make people's hair stand on end was heard...
